1. Ref. HQ MMIA letter A 393 dated 14 March 46 and No. 5 B.L.U. letter A/33/21 dated 24 March 46.
2. In view of No. 5 B.L.U. having been one of the original B.L.U.s i.e. 52 B.L.U. it is thought that a larger number of Officers addresses could be obtained from the records held by 5 B.L.U. than has been produced in the above 5 B.L.U. letter.
3. This HQ will be grateful if as many addresses of Officers who have at ~~the~~ some time served with No. 5 or No. 52 B.L.U. since the B.L.U. was originated, could be obtained. Any Officer since posted to another B.L.U. or HQ MMIA and still serving with the Mission need not be included.

1. The recent increase in the number of offences involving fraud and dishonesty by officers is causing serious concern. Many officers now-a-days are faced with considerable temptation owing to the opportunities which exist for making large sums of money by dishonest means. Owing to the dislocation in administration caused by release it is sometimes difficult for an adequate degree of supervision to be exercised. Also many cases of carelessly kept or deliberately falsified accounts are now coming to light for the first time when the officers responsible for them are landing over preparatory to going on release.

2. It cannot be too strongly emphasised that an officer in the Army is in a position of trust, and an officer who is guilty of an offence involving fraud or dishonesty deserves a heavier punishment than a soldier convicted of a similar offence, since he has abused in a greater degree the particular trust placed upon him and has also in many cases discredited the Service in the eyes of the civil population. These offences are criminal, and courts-martial will bear in mind when considering sentence that a purely military punishment such as cashiering or dismissal may be quite inadequate to meet the case. An officer who is tempted to commit a fraud such as selling or illegally disposing of Government property, or falsifying accounts, should realise that he is making himself liable to a long term of Penal Servitude or Imprisonment, which may wreck the whole of his future life.

3. Commanding Officers will bear in mind the increased opportunities for fraud which now exist and insist on a tighter supervision of Government property and accounts. Before signing a clearance certificate for an officer going on release they will carry out adequate investigations and if any illegal transactions are brought to light they will hold the officer concerned for enquiry and apply immediately for his deferment on disciplinary grounds.

4. The Commander-in-Chief directs that this letter be brought to the notice of all officers under your command.
