T.M./45

Ref. No. 01/609

HQ "Legnano" Div.

From SO. RE. for his 8/11

APO 55 1st of March 1945 (18th)Subject: Supply of R.E. stores - Depot for these stores at HQ Div.

To S2.B.L.V.

1. It seems, that a Field Park Coy. is foreseen for the supplies of R.E. materials (of Building, explosives a.s.o.) - in the organization of Combat groups - on the Rate of 1 Field Park Coy. per every 2 groups.
2. For the group and for "FOLCORE" the 2nd Field Park Coy. was formed, which is at the present under the command of "FOLCORE".
3. The HQ is of the opinion, that, quite apart from the fact that the "LEGNANO" at the present can in no way have any use of the existing organization for reasons of distance, even when the 2 groups will be in action in close vicinity, the functioning of the Field Park Coy. will be very difficult without an intermediate circuit between the sp. Coy. and the concerned units.

Therefore it appears clearly that the institution of a special organ near HQ Div. which handles (Requisitions) and can also accumulate a provisional Depot of materials, before these reach units, is of paramount importance. The matter is indispensable the more, since these materials are heavy and require, in certain situations, such urgency, as to cause spontaneous interventions from units directly concerned in the matter.

4. The organ, whose institution this HQ advises, is a small Depot under the command of C.O. 51st Eng. Bn. with the following tasks:
 - to provide for the Requisition and Distribution of R.E. stores according to Orders from sub-units and instructions from the G.O.C.

OGGETTO: rifornimento materiali del genio - relativo deposito presso il comando gruppo di combattimento.

1°)- Sembra che ai rifornimenti dei materiali del genio (di rafforzamento, esplosivi ecc.) sia preposta - nella organizzazione dei gruppi di combattimento - la compagnia parco campagne di prevista assegnazione ogni due gruppi di combattimento.

2°)- Per questo gruppo di combattimento e per quello "Folgore" fu costituita la 2^ compagnia parco campale che attualmente agisce col gruppo "Folgore".

3°)- Questo comando ritiene che, a parte il fatto che attualmente il gruppo "Legnano" non può in alcun modo usufruire della organizzazione esistente per ragioni di distanza, per quanto i due gruppi di combattimento agiscano vicini sarà praticamente difficile il funzionamento della compagnia parco campale senza un anello intermedio tra essa ed i reparti dipendenti.

Ossia sarà sempre necessaria l'istituzione di un organo speciale, in seno al comando gruppo di combattimento, che provveda alle richieste e possa accudire ad un necessario provvisorio deposito del materiale prima che esso giunga ai reparti. La cosa è indispensabile per questi materiali che in genere sono molto pesanti e che in determinate situazioni acquistano di colpo una pressante urgenza di impiego che impone un tempestivo intervento di organi molto vicini e direttamente interessati alla questione.

4°)- L'organo che questo Comando ritiene di dover istituire è un piccolo deposito gestito dal comandante del LI btg. Questo genio con gli incarichi specifici di:

The Legnano Gruppo di Combattimento has one Bath Unit from the Gruppi attached to it at present. This Unit can supply baths for 200 men per day, which on the present strength of the Gruppo means a period of approx seven weeks for each man to have a bath. No other facilities are available. As this is obviously insufficient could arrangements please be made for 2 mobile bath units to be attached to the Gruppo while it is in its present location.

CONFIDENTIALFormation of Mobile Bath Units

Land Forces Sub Comm A.C. (LAFIA)
S/G/29/26
24 Dec 44

BRITISH MILITARY UNIT

C.M.A.F.

ATTN (3 copies)

Reference pur S/G/29/26 of 8 December and your CE/1116/C-1 (Br) (Ser. 1246) of 15 December.

1. It is not possible to form Italian Mobile Laundry and Bath Units on WE NA/612/1 as the necessary technical equipment is not at present available from Allied sources.

2. The Ministry of War has no Italian equipment which could be used for forming Laundry Units. They have, however, the following Bath equipment:-

En route from SARDELLA	4 Bath Trucks
	30 'Ranieri' Field Baths
With TRIULI and CHERMONA	2 Field Baths each
With FOLGORE	3 Field Baths
With LERMANO	1 Bath Truck

3. The STAFF (Italian General Staff) has proposed that 5 Bath Units should be formed, one for each Group. Each unit would be attached to the Group's Medical Section, and would comprise the following:

1 Bath Truck (maximum capacity: 1500 baths per day)
2 'Ranieri' Field Baths (maximum total capacity: 1000 baths per day)

The proposed establishment for this unit is attached (10 copies for AFHQ).

4. It is recommended, therefore, that the formation of Mobile Laundry and Bath Units on WE NA/612/1 should be held in abeyance until the equipment is available, and that the above scheme should be put into effect.

5. As most of the Combat Groups have already a part of the equipment required it is suggested that the units could be formed most conveniently within the Groups, under supervision of the BLU's. The Groups would request the provision of necessary personnel through SMV.

6. As the technical equipment would be all Italian it would not be necessary to issue a SETL. The Normal Equipment Lists would, however, apply.

7. It is pointed out that the use of 5 Bath Units on the attached WE will mean a very considerable saving in transport and equipment on the original proposal for 4 Laundry and Bath Units, at any rate until the Italian equipment is worn out.

8. Will you please confirm if you agree to the above proposals and if your CE/1116/C-1 (Br) (Ser. 1246) of 19 December can be amended accordingly.

S.M.V.

2. The Ministry of War has no Italian equipment which could be used for forming Laundry Units. They have, however, the following Bath equipment:-

In route from SARDINIA	4 Bath Trucks
	30 'Ranieri' Field Baths
With BRUILLI and CARMONA	2 Field Baths each
With VOLCORE	3 Field Baths
With LIGURANO	1 Bath Truck

The SIRE (Italian General Staff) has proposed that 5 Bath Units should be formed, one for each Group. Each unit would be attached to the Group's Medical Section, and would comprise the following:

- 1 Bath Truck (maximum capacity: 1500 baths per day)
- 2 'Ranieri' Field Baths (maximum total capacity: 1000 baths per day)

The proposed establishment for this unit is attached (10 copies for AHEAD).

It is recommended, therefore, that the formation of Mobile Laundry and Bath Units on WE NA/612/1 should be held in abeyance until the equipment is available, and that the above scheme should be put into effect.

4. As most of the Combat Groups have already a part of the equipment required it is suggested that the units could be formed most conveniently within the Groups, under supervision of the BLU's. The Groups would request the provision of necessary personnel through SIME.

5. As the technical equipment would be all Italian it would not be necessary to issue a SEM. The Normal Equipment Lists would, however, apply.

6. It is pointed out that the use of 5 Bath Units on the attached WE will mean a very considerable saving in transport and equipment on the original proposal for 4 Laundry and Bath Units, at any rate until the Italian equipment is worn out.

Ministry of War,
Direzione Generale di Sanita Militare

1. During a recent visit to the medical units of the Combat Groups and supporting Administrative Tail, it was noted that No. 143 Mobile Dental Unit was not functioning to full capacity.

The C.O. stated that he was unable to obtain certain dental supplies from the Italian Army Medical Depot at Naples.

As has been the custom in the past, Mobile Dental Units do not make dentures but only carry out extractions, fillings etc. It is not intended to alter the scope of these units but only that sufficient supplies to carry out normal work will be made available.

2. Please arrange for an immediate issue of dental supplies to Nos. 143 and 144 Mobile Dental Units.

3. A monthly return will in future be rendered to DAFS MIA showing in detail the amount of work carried out by 143 and 144 Mobile Dental Units.
