An application has been submitted to War Ministry - SME and General Directorate of Artillery and Motorisation, by folio 11713/3/9/9 dated 13 Sep 46, to complete the deficiency of British Weapons assigned to 8 Alpini Regt.

This application is also including the present deficiency of the "L'AGUILA" Battalion, showing the necessity of an urgent issue.

This Command will again interest the Ministry of War to complete 8 Alpini Regt. to its full entitlement of arms.

Regarding the ammunition for the same Bn. the War Ministry has already ordered the despatching of the deficient quantities to be used for training purposes and as 1st line allocation.

Hq 5 Territorial Command.

1. The question of an increase in the Ration Scale and an issue of Special Equipment for Mountain Warfare, i.e. Rock-climbing equipment and Special clothing, for Alpini Regts, has been discussed with you verbally on previous occasions.
2. During his recent visit Lt-Col GIBBS of R.M.P.A. mentioned these same subjects and asked if any decision has yet been given.
3. In order that this HQ shall be conversant with the present position it is requested that copies of any letters addressed to the Ministry of War on this subject be applied to us together with copies of any replies received by you.

Ref your letter 3469/O.A. dated 7 Sept 46.

1.
  - a) It is noticed from the statement attached to the above mentioned letter that L'AGUILA Bn of 8 Alpini Regt is holding considerable quantities of British Weapons, but nevertheless is deficient as compared with the new WE for an Inf Bn.
  - b) As will be remembered L'AGUILA Bn was transferred to 8 Alpini Regt from REGIMEN Inf Div complete with the British Weapons but organised on the old WE for an Inf Bn of a Gruppo di Combattimento.
2. It is also noticed that in SMI letter 4/1/1702 of 20 Jul 46, which gives the degree of priority and locality for the assignment of British Weapons to Regts not included in an Inf Div or Internal Security Div, 8 Alpini Regt was given fourth priority for the assignment of weapons but only FUSILI and TORNANTE Bns were included in the Regt. This was presumably for the reason as stated in paragraph (b) of this letter.
3. It is requested that you inform this HLU of the arrangements that have been made with the Ministry of War for an allocation of weapons to complete L'AGUILA Bn to its full entitlement of arms.

1. As soon as the Ministry of War issues orders for the disbandment of both 1922 and 1923 classes, the "TOLMEZZO" Bn will be reduced to a number of senior servicemen not sufficient at all to ensure the actual duties entrusted to that Bn through the safety line.

The Alpine recruits will join the Bn at the end of the advanced training period, they will not be employed to carry on the Bn's duties until they have completed their training work in the units that they have been assigned to; therefore this H<sub>a</sub> has ordered the transfer of senior Ors. not belonging to 1922 and 1923 classes, from "FELTRE" Bn to "TOLMEZZO" Bn, so that the latter might be able to carry out its actual duties.

The recruits going to be assigned into 2 Companies, whilst the senior servicemen necessary to carry on the duties across the safety line will be taken into strength by the remaining two Coys of the a/m Bn.

This H<sub>a</sub> has thought to transfer and billet the two recruit's Coys into the available barracks of PONTEBBA, in order to complete their training in a fit ground, under an easier control and direction of their Bn. H<sub>a</sub>.

COMAND. MILITARE TERRITORIALE DI UDINE (V)  
S.M. - Ufficio Op. Add. Ord. Mob. II. Sezione

N. 1118 /O.M. di prot.

Udine, li 20 giugno 1946

OGGETTO: Reparti Alpini.-

AL S. B. L. U.

S E D E

- 1.- Allorché il M.G. disporrà il congedamento delle classi 1922 e 1923, il Battaglione "Tolmezzo" rimarrà con un numero di anziani insufficiente per assicurare gli attuali servizi affidati al battaglione lungo la linea di sicurezza.-

Poiché le reclute Alpine che giungeranno al battaglione alla fine del periodo di addestramento avanzato non saranno impiegabili per i servizi affidati al battaglione in quanto dovranno prima completare l'addestramento presso i reparti, questo Comando ha disposto, mediante trasferimento di soldati anziani non delle classi del 1922 e 1923 dal battaglione "Feltre" al "Tolmezzo", che quest'ultimo battaglione sia messo in grado di assolvere i compiti attualmente affidatigli.-

Le reclute che saranno assegnate al battaglione "Tolmezzo" saranno inquadrare in due compagnie, mentre i militari anziani necessari per i servizi lungo la linea di sicurezza saranno inquadrare nelle rimanenti due compagnie del btg.-

Per dar modo alle due compagnie reclute di completare l'addestramento in terreno adatto e in modo da poter essere facilmente sorvegliate e indirizzate dal Comando del btg.- questo Comando intenderebbe dislocarle a Pontebba ~~o~~ ~~Carvisio~~ nelle caserme ivi disponibili.-

- 2.- Poiché in conseguenza del passaggio al battaglione "Tolmezzo" di una parte dei militari anziani del battaglione "Feltre", quest'ultimo battaglione resterà con un numero di anziani insufficiente per assicurare i servizi di guardia a tutti i depositi munizioni, si rende necessario adibire a tali servizi anche una compagnia del btg "Aquila".-

Tale compagnia dovrebbe fornire le guardie ai depositi munizioni di Valbruna e Rio del Lago e pertanto dovrebbe dislocarsi a Carvisio.-

- 2 -

3.- In relazione a quanto sopra si prega voler interessare il 13 Corps perché dia il cortese urgente benestare per lo spostamento di una compagnia dell'Aquila a Tarvisio e per dislocare le due compagnie reclute destinate albtg. Tolmezzo, a Pontebba, ~~a Tarvisio~~..

1. On Tuesday, G (SD) rang us to inform us that HQ 5  
Alpini Regt. due to arrive approx 18 Apr. cannot be  
allowed in Padua. Accordingly, it is now submitted  
that they be allowed to establish in BELLUNO, and together  
with 1'AQUILA Bn from Legnano (due to arrive also about  
that time, 18 Apr 46). If there is no objection to this  
they will be housed in Fantuzzi and Salsa Barracks there.  
These are Italian Barracks and not occupied by Allied troops.

2. Belluno is an excellent place for Alpini training and  
would be an ideal site.

Reference was made to the 100th Airborne Division 31 Dec 45.

1. Your recommendation that the 100th Airborne Division be converted from 100th to 101st Airborne has been carefully considered by this HQ.

2. It is suggested, however, that it is not considered that sufficient justification exists to make the conversion of your Division to 101st Airborne. A primary reason for this decision is as follows:-

(a) The general policy in this Division is that the number of 101st units should be restricted to a minimum, and this policy has been given in the target data by which it is anticipated that all units will have been removed from the Italian Government.

(b) It is considered that the process of conversion, the implications of which are very large, will take far longer than 25 to 30 days to complete.

3. Steps are, however, being taken with a view to making available more satisfactory supply of boots and medical supplies for this Division, and it is hoped that these steps will be taken to ease the present difficult situation.

1. The GOC intends to take up with AFHQ the question of Guards still being found for Allied use by ITALIAN Tps (exclusive of BR-ITA and US-ITA).

2. A report is required as soon as possible giving details of any such guards in your Territorial Region, showing whether the guards are of a permanent or merely a temporary nature.

Herewith new and final organisation for an  
Infantry Div.

This is the result, as you probably know, of  
many recommendations and discussions on the part of  
Combat Div Comds, BLUs and M.M.I.A.

The basic organisation of the late Combat  
Group remains the same. It will be seen that

1. The organisation has been simplified from a  
Command point of view.
2. Certain arms have been increased without endangering  
1 above. ( i.e. Arty has been stepped up to 48 guns.)
3. A Mobile Div Recce Bn has been added.
4. Engineers have been divorced from Sigs.
5. Inf Bns now to have an MMG PL.

As all these changes are the direct result of  
the battle experience of the Combat Groups in the line, the  
new organisation should be a very good one.

Ref your Order of 07.11.45. C.M.F. 1 Sec of 1429/C.A.  
of 13 Jan 46. Copy to this B.L.U. for information.

During the week - ending 7 March 46, the both occurs.

- 1). The substitution of Guards duties, 513 Gd Bn and 516 Bn.
- 2). The change over of names.
- 3). The change over of Barracks.

Will the above under orders 5 Comilliter.

But it is noticed that 516 Gd Bn will be "at disposition of"  
LEGHANO Div with effect from the 1st of March. Is this correct please?  
Should it not read 8 March? or with effect from date of arrival at  
ESTER of 516 Gd Bn, (516 Bn will be at "disposition of" LEGHANO Div?)

It seems that otherwise there may be some complicating  
orders from 2 different H.Q.s. received by 516 Gd Bn during a rather  
busy week i.e. 1st - 7th March.
