ORDNANCE.

Summary for Weekending 18 January 1947.

1. Removal of Stores for Italian Army from PRAMPERO Barracks.

- (a) Italians may not use front entrance owing to proximity of British hospital (8 CCS)
- (b) They have no MT available.
- (c) Rear entrance is not tractable by ox-carts.

CONCLUSION

As a/m stores are still not Italian property it should be possible to provide British Transport. Italians (Direzione Commissariato) state they have the necessary labour available immediately transport is forthcoming. Capt CARY is attempting provision of GT.

2. Skid Chains (Tolmezzo Alpini Bn.)

Were collected last week but owing to staff shortage at DADOS Dump wrong sizes were issued. Alpini Bn arranged to return these to the Dump on four different occasions but so far have not shown up.

3. W/T Batteries were involved in accident on way down from GRAZ. 13 arrived in chargeable condition but as the acid for REME was also lost in this accident, it is not possible to commence initial charging. DADOS Dump are very anxious to be rid of them and REME have no available storage space. They assure us that on receipt of fresh stocks of acid we shall be informed.

Telephone batteries have not arrived to date. There is some 32 miles of Tele wire in DADOS for the Tolmezzo Alpini Bn. (4 miles were lost in accident).

4. Batteries (LAMA)

10 car batteries have been received and are awaiting fulfillment of remainder of indent from 500 ACD.

5. Battledress (ref AGRO 684/46)

Issue approved but no stocks available.

6. Transfer of Predictors.

Still no confirmation of War Ministry's instructions to Comiliter.
