1. May some wooden racks be made for this Unit, please.
Quantity required is 12, and a similar pattern to those racks
for 'X' Ord Stores would be most acceptable.

2. In view of the fact that an A.D.O.S. Dump is due to open in this
Area by the 1 Jan 47, it would be appreciated if the manufacture be
authorized.

Subject :- ADOS Dump - URGENT.

Ref your ORD/1/19 of 25 Oct 46.

The four huts at Woodward Camp are considered suitable for the project in question. However if the opportunity of obtaining suitable storage accommodation nearer your HQ presents itself, it should be taken.

The question of staff is under consideration.

Instructions to BLUs on demand procedure etc will be sent out in a day or two. It is proposed that the Dump opens for issue W.E.F. 1 Jan 47 which will give you time to obtain an opening stock.

Ref your G/102/47 of 24 Oct 46. It is agreed that a quicker service will be effected in the initial stages by passing demands through DADOS 86 Area. You can then collect all your stores from MESTRE until such time as we get over our "teething troubles" and the future L's of C are established.

1. Siting

In company with the DAA-MG, a visit was paid to Woodward Camp - approx two miles north of Udine. Four Nissen Huts have been allocated to this B.L.U. and it is possible for further accommodation to become available. It will be necessary however, to put in an early bid, if this is considered necessary. Not knowing quantity of stores involved, I would appreciate advice on the subject at an early date.

2. Use of Huts

It is proposed to use these huts as under:

Hut 54	-	Clothing & Necessaries - Personal Equipt.
" 55	-	M.T. Spares (P.M.T.O.), Paints, Oils etc.
" 56	-	Accommodation, General Stores.
" 57	-	Issues & Sleep Staff.

3. Staff

In order to operate the dump it is considered the following staff would be required:

1 Bdr or Cpl		
2 Storemen		

4. Administration

A Field Coy RE will be occupying part of the camp, who can arrange for the feeding and general welfare of my staff. Guards will also be provided in conjunction with the REs.

5. Handstanding

Sufficient hand standing can be made to accommodate transport.
