TO : All M.M.I.A. LO's.

1. There is a great shortage of mechanical specialists throughout the Italian Army, and the best possible use must be made of the small number available.
2. With this end in view the Ministry of War has circularised all Territorial H.Q.'s (ref. S.M.R.E. 23746/Mob. of 24 September) instructing them to ensure that all mechanical specialists are employed in jobs where full use will be made of their specialist qualifications; and if necessary to transfer specialists who are not suitably employed in their present units.
3. You are requested to give Territorial H.Q.'s any assistance that may be required in this task.

1. Control over all ITI-ITI Signal and Engineer property and all Signal and Engineer depots and all items therein are released to your control with effect 2400A hours, 2 October 1945 under the following conditions to which you have agreed:
 - a. That no permanent line routes will be constructed by the Italian Army without coordination with the Italian Ministry of Communication.
 - b. That no telephone or telegraph line will be constructed by the Italian Army where the facilities required can be obtained from a civilian telephone or telegraph company operating in the area. This does not apply to internal communication systems within camp, etc, which will continue to be set up as required by you.
 - c. Engineer and Signal equipment where necessary will be supplied to Italian units operating under Allied Command. (All such demands will be screened by MMIA before stores are issued.)
 - d. Information as to the state of stocks and resources of the Italian Army will be furnished MMIA on demand.
 - e. Representatives of MMIA will be permitted to visit, inventory and inspect any and all Italian depots as desired, and MMIA will be kept fully advised of the location of such depots.
2. This letter does not authorize any increase of personnel for any of the above installations, nor any additional installations.
3. It must be understood that as from the date specified, the Allied Armies will not make available any further Signal or Engineer equipment for the Italian Army, except such surpluses as may be advised from time to time, the quantity of such surpluses being considered as relatively small.
4. As from the date specified, all requisitions and releases will be handled by you.

30 Italian Engineer Coy is available to you for work.
Its location is REFUGIO C.474097. In view of the fact that it
may be moved out of the area very soon, it is not considered worth
while to move it from its present location. Will you please give an
effective date from which you can take them under command.

It appears that 30 Italian Engineer Coy has no transport of its own. My own transport is already very fully employed on works and I am unable to provide any transport either to convey personnel of the Italian Coy to and from work, or to supply them with material on the work. Consequently unless transport can be provided from another source I shall be ~~not~~ unable to use the Italian Engineer Coy.
