My Dear Heydeman,

1. I write to tell you of my plans for the future, re the above.

2. As in the case everywhere else, many of my officers at R.Q., M.M.I.A., are going home and I must consider the appointments of officers here in relation to those of L.O.'s outside ROME.

3. Lt. Col. HOWARD (my Senior L.O.) is going home at the end of this month. To replace him I am asking AFHQ to promote EGERTON, a substantive Regular major who has all the necessary experience and ability.

4. To replace my British "Q" major, I am asking AFHQ to promote NEWTON (L.O. Br. Incr. 5 Army, 231 Div. GARDONE), who, also as an old hand, has the necessary knowledge of our work and has earned this promotion.

5. (a) EGERTON and NEWTON will be required in ROME very shortly. So I will send Capt. FOX (now assistant L.O. H.Q. 8 Army) to replace NEWTON and leave BOURNE with you to continue as L.O. 1 District and 209 Div.

(b) V. THRUPP will remain as L.O. 230 Div. FLORENCE.

6. (a) Looking to the future, 8 Army and 5 Army will fade out, and 1 and 2 Districts will take their place.

(b) I have already established a Liaison Staff N.W. ITALY where there will be a Major BIRD as the head at MILAN and L.O.'s under him at TURIN and GENOA - all working as a team with 2 District.

(c) When 5 and 8 Army fade out and you become King of N.W. ITALY, I will similarly establish a

4. To replace my British "Q" major, I am asking AFHQ to promote NEWTON (L.O. Br. Incr. 5 Army, 231 Div. GARDONE), who, also as an old hand, has the necessary knowledge of our work and has earned this promotion.

5. (a) EGERTON and NEWTON will be required in ROME very shortly. So I will send Capt. FOX (now assistant L.O. H.Q. 8 Army) to replace NEWTON and leave BOURNE with you to continue as L.O. 1 District and 209 Div.

(b) V. THURUP will remain as L.O. 230 Div. FLORENCE.

6. (a) Looking to the future, 8 Army and 5 Army will fade out, and 1 and 2 Districts will take their place.

(b) I have already established a "Liaison Staff N.W. ITALY" where there will be a Major BIRD as the head at MILAN and L.O.'s under him at TURIN and GENOA - all working as a team with 2 District.

(c) When 5 and 8 Army fade out and you become King of N.E. ITALY, I will similarly establish a "Liaison Staff N.E. ITALY". You will then have as your head L.O. Major CAREW-HUNT (now Senior L.O. H.Q. 8 Army, UDINE) and under him

BOURNE.....for 209 Div.

HERBERT.....for 228 Div.

V. THURUP.....for 230 Div.

If Dr. Incr. 5 Army (231 Div) come to you, FOX would come with them as your L.O.; if to 2 District, FOX would go there. If part of 231 Div. come to you and part to 2 District, FOX would go where 231 Div. H.Q. goes, the remaining units of 231 presumably being tacked on to an existing Adm Div.

6. (c) This can all be sorted out when we know the state (cont'd) of affairs a little more clearly.

7. We will shortly be sending out an official instruction re the above.

This is just to put you and all the L.O's concerned into the picture as regards my future intentions as far as I can foresee at the moment.

Yours

(Sgd) L. B.

Ref your signal SD 2634 dated 26 Apr.

1. I had thought that with the crossing of 13 Corps to u/c Eighth Army, the role of 5 Army Brit Iner would have virtually ceased, and that 231 Div with all its tps come also u/c Eighth Army.
2. This is a mis-appreciation: it is apparent that 5 Army Brit Iner thrives and will continue to do so for some time. Further, although a few units of 231 Div have passed to u/c Eighth Army (and, ipso facto, to 228 Div) HQ 231 Div itself still has a large commitment with 5 Army.
3. 228 Div is quite capable of carrying on although its Adm Area is becoming alarmingly extended. I would stress that it is of some urgency that the WE as we proposed should be approved and promulgated to get it the additional personnel it needs.
4. Everyone is hopping forward so fast that the situation won't stabilise until Eighth Army has crossed into Austria, left its Italians behind and given us a breather to sort things out.
5. Meanwhile, MILA stock seems fairly high and it takes longer and longer to visit people because they're so far away and have usually moved to a new town without telling one in time.

LAND FORCES SUB COM, AC (MMIA)

16 Apr 45

TO : MMIA LO REAR EIGHTH ARMY ←

In reply your MM/110 of 8 Apr 45.

1. It is agreed that the staff you mention (incl 13 Corps) should be maintained. The five offers will be CAREW HUNT, NEWTON, THRUPE, CAZEAU and FOX. This means that EGERTON will be available to MMIA and you will be notified by us when he is to be reassigned. Will you please forward your views on HERBERT's future employment in view of his health.

2. We feel that if two Lines of Communication are maintained it will be necessary to have 228 and 231 Divs running parallel both under Eighth Army. If there is only one Line of Communication then 228 Div should handle as heretofore (perhaps with an incr to its WE) and 231 Div will be available for other employment. Will you please forward Eighth Army's views and your own comments on this matter as soon as possible.

Reference your LM/110 dated 2 Apr 45.

The matter of tool deficiencies for the a/m vehicle has been duly noted, and whenever I can assist in the future with items listed I will do so. No guarantee, however, can be given as the question of tool deficiency replacements is very acute at present. Many of the vehicles on charge to HQ Eighth Army are well below 100%, and these are only helped by odd items of tool kits which I come across in Salvage Depots, etc.

In respect of the a/m affiliated vehicle your attention is respectfully drawn to GRO No 232, sub-para 3b(iv) dated 17 Mar 44.

1. At Appx A is shown the minimum outstation staff which I consider sufficient for ensuring that the interests of MMIA and the Italian Army are properly looked after during the coming offensive.
2. 13 Corps is included as it will pass to Adm comd of Eighth Army as soon as its L of C is clear of the Appennines and maint can be carried out from normal Army RH.
3. It is presumed that 231 Div will accompany 13 Corps and continue to adm Italian tps under comd. This will mean that two Adm Divs will be under comd Eighth Army. Will they work as separate Divs or will Gen. TOMASELLI assume an overall responsibility for the two? I would like your guidance on this matter.
4. Difficulty of obtaining personnel for outstations is fully realised and the sometimes unavoidable necessity of cross-posting officers and ORs in and out of the Army Area. At the same time I request that officers posted to outstations under my comd should as far as possible not be taken away at short notice. It is essential that in small acts continuity of work and associations should be disturbed as little as possible by changes of personnel.

1. Permission is requested for this Branch to obtain the components of a 15-cwt caravan trailer to be held surplus to W.B.
2. It is intended that the trailer should be used as a static office when this HQ is under canvas and will only move during forward bounds.
3. Reasons for this request are :-
 - (a) that during moves, a Branch of five all ranks wastes much time in pitching tents.
 - (b) that efficiency is considerably increased when an office can be packed on a standard system and re-opened within a short time of reaching its destination.
 - (c) that a caravan trailer can easily be towed behind the 15-cwt truck now held on W.B.

INSPECTED

DATE OF INSPECTION: 24 Feb 45.

REFERENCE TO PREVIOUS INSPECTION REPORT:

by Capt.

1. STANDARD OF VEHICLE MAINTENANCE:

UNSATISFACTORY.

The daily task system of maintenance was in use, but this was not rigidly carried out or supervised by any officer or NCO. Drivers have ample time daily in which to carry this out. The documentation of ABs 412 was very unsatisfactory as obviously these books were not being periodically checked. AB 406 inspections were at present being carried out by RASC workshops personnel, but no signature or comments of unit personnel are recorded.

2. M.A. ORGANISATION AND DISCIPLINE:

At present the unit is understaffed and no officer or NCO supervises the daily maintenance being carried out. Drivers have plenty of time daily to carry out maintenance, but this is not specified or supervised. During the inspection both drivers were present and they appeared keen, but their knowledge of the maintenance tasks and their vehicles was not satisfactory.

3. DOCUMENTATION:

(a) AB 412:

In one instance an old type AB 412 had been issued as a new book. Page 2 was incomplete: no type serial numbers were recorded. Test system inserts were not re-dated or initialled by driver. The driver of the vehicle had not signed for it in the appropriate column. On the other vehicle a current AB 412 had been issued, but was completely blank. Page 2 of the old AB 412 was missing; no type serial numbers recorded; daily task insert was not being initialled by the driver. No entries of petrol consumption or mileage run has been recorded since 27 Dec 44 when the present driver took over the vehicle.

(b) AB 406:

AB 406 inspection books are held to scale. In one instance inspections have been carried out monthly, but in the other case no inspections had been carried out since Aug 44 until Feb 45. At present inspections carried out by RASC workshops platoon are thorough and action report sheets signed by workshops personnel, but not by OC the unit.

(c) Defect Book: Not in operation.

(d) Tools & Equipment: Tool lists were recorded in old ABs 412 and in 412.

(c) Defect Book:

Not in operation.

(d) Tools & Equipment:

Tool lists were recorded in old ABs 442 and in ⁷⁵⁸ instance checked for January and February 45. In the other instance no check had been made since July 44 until Feb 45. One vehicle was complete in tool kit, but only a skeleton kit was held for the other vehicle.

4. ENGINE:

(a) Engine: Engines in general require much more attention by drivers. On one vehicle the pump studs, engine tie rod bolts and starter motor support bolts were either loose or required tightening. On the other vehicle the exhaust manifold bolts and one radiator mounting bolt required tightening. Some oil levels were correct and some of grade lubricant in use. The cleanliness of the engines was poor.

(b) Oil filters: Oil filters were clean and elements in good condition.

-2-

5. AIR AND FUEL FILTERS:

Rear filter were clean and in good condition. The air filter felt element of one filter required greasing as it was dirty. The oil bath on the other vehicle was clean, properly topped-up and correct grade lubricant in use.

6. STEERING:

The knuckle joints and drag links were all properly adjusted and correct grade lubricant in use for chassis lubrication. Both steering boxes required greasing-up, one being almost empty. On one vehicle one steering stop was found to be missing.

7. TRANSMISSION:

On both transmissions universal joint bolts were tight and the correct grade lubricant in use. The gear box and differential of one vehicle required greasing-up and the lubricant was not required tightening. On the other vehicle the gear box was overfilled, one right rear half shaft nut was stripped and the differential casing bolts required tightening.

8. EXHAUST:

On one vehicle the front spring holding down 'U' bolts and all spring clips required tightening. The rear shock absorbers of both vehicles required greasing-up, on one vehicle these were very low. On the second vehicle the rear spring clips required tightening. All spring shackles were well lubricated with 3000.

9. PAINT BOLTED PARTS:

The cab, body and minor body bolts on one vehicle were tight and in good condition, but the front and rear midguard securing bolts and minor body bolts of the other vehicle all required tightening.

10. WHEELS:

The batteries on both vehicles were old and on one vehicle both had been replaced by re-planting on top. The tops of these batteries were set and one terminal corroded. All cells were well topped-up. On the other vehicle one battery was cracked and leaking. One battery lead was frayed and not covered by insulating tape. Cells required topping-up.

11. TIRES:

Tread wear was normal and pressures correct and in accordance with GAO 516/34. Correct tyre pressures were painted on the wings on one vehicle and had been on the other until the vehicle body was recently repainted. Seven tyre valve caps were deficient.

12. OUTFITTING:

None held.

13. PAINT TS:

7. TRANSMISSION:

On both transmissions universal joint bolts were tight and the correct grease lubricant in use. The gear bar and differential of one vehicle required reworking and the hubbrake mechanism required tightening. On the other vehicle the gear box was overhauled, one right rear ball shaft nut was stripped and the differential casing bolts required tightening.

8. SPRINGS:

On one vehicle the drive spring holding down U-bolts and all spring clips required tightening. The rear shock absorbers of both vehicles required reworking-up, on one vehicle these were very low. On the second vehicle the rear spring clips required tightening. All spring shackles were well lubricated with C 600.

9. FRONT BODY BOLT:

The cab, body and minor body bolts on one vehicle were tight and in good condition, but the front and rear safeguard mounting bolts and minor body bolts of the other vehicle all required tightening.

10. BATTERIES:

The batteries on both vehicles were old and on one vehicle both had been replaced by re-visit thing on top. The tops of these batteries were wet and one terminal corroded. All cells were well topped-up. On the other vehicle one battery was cracked and leaking. One battery lead was frayed and not covered by insulating tape. Cells required topping-up.

11. TIRES:

Front rear are normal and pressures correct and in accordance with GAO 516/44. Correct tyre pressures were painted on the wings on one vehicle and had been on the other until the vehicle body was recently repainted. Seven tyre valve caps were deficient.

12. Oil Storage:

None held.

13. Paint:

(a) No. of Defects Reported to Unit For Action by Defect Report: Nil,

(b) The reported Defects Noted:

V 716914 2nd 15-out 4 x 2 : Left half with all seal coating.

14. RECOMMENDATIONS BY UNIT:

Nil.

15. RECOMMENDATIONS:

1. (Refer pages 1 & 2) That the daily task be carried out in accordance with the under supervision of an officer at 100.

RECOMMENDATIONS:

2. (Refer para 1a). That the L12 be more frequently checked to ensure these are up to date and contain all essential data. Page 2 must be completed with essential data. Wash System inspection must be initiated by the driver on completion of his daily task and periodically by supervising AGO. Tyre condition must be recorded according to GPO 526/44. Petrol and oil consumption together with daily mileage must be recorded. All oil changes must be clearly recorded. Then GPO 44/45 is carried out this should be clearly recorded.
3. (Refer para 10). All AGO inspections should be carried out in accordance with GPO 526/44 and action sheets signed by AGO Unit.
4. (Refer para 10). A defect book should be taken into operation to assist drivers in reporting and having rectified minor defects as they occur.
5. (Refer para 3d). These should be checked frequently and dates of checks along with deficiencies clearly recorded.
6. (Refer paras 1, 7, 8 & 9). A more frequent check of vehicles should be made to ensure that all nuts, bolts and studs are kept properly tight, especially after a vehicle has done long time over road etc.
7. (Refer paras 7 & 8). More attention must be paid to gear boxes, steering boxes, differential and shock absorbers to ensure they are kept properly topped-up with correct lubricants. Leaks should be immediately reported and kept under observation.
8. (Refer para 10). Battery cells must be kept properly topped-up and terminals free from corrosion.
9. (Refer para 11). GPO 526/44 should be completed with in all details.

16. REMARKS:

It was evident that to prevent the drivers are alerted with daily to do maintenance, but this is not supervised, with the result that in general the oil levels, tightness of nuts and bolts and studs etc were very unsatisfactory. It was also noted that many defects which as mentioned above were being found by AGO were not on present AGO 44/45 inspections. While the above recommendations taken into use the maintenance would be daily at a specified time under supervision a much higher standard of maintenance should be reached.

4. (Refer para 30) A defect book should be taken into operation to assist drivers in reporting and having rectified minor defects as they occur.

5. (Refer para 32) These should be checked frequently and dates of checks along with deficiencies clearly recorded.

6. (Refer para 4, 7, 8 & 9) A more frequent check of vehicles should be made to ensure that all nuts, bolts and studs are kept properly tight, especially after a vehicle has done long time error and so on, etc.

7. (Refer para 7 & 8) Care attention must be paid to gear boxes, steering boxes, differentials and shock absorbers to ensure they are kept properly topped-up with correct lubricants. Leaks should be immediately reported and kept under observation.

8. (Refer para 10) Battery cells must be kept properly topped-up and terminals free from corrosion.

9. (Refer para 11) GPO 546/44 should be complied with in all details.

16. REMARKS:

It was evident that to prevent the drivers are allowed time daily to do maintenance, but still in not encouraged, with the result that in general the oil levels, tightness of nuts and bolts and gears etc were very unsatisfactory. It was also noted that many defects such as mentioned above were being found by RASC workshops to prevent 12, 10% inspection. While the above recommendations taken into use on maintenance carried out daily at a specified time under supervision of such higher standard of maintenance should be reached.

ARMY COUNCIL INSTRUCTION

No. 981 of 1944

Circulated down to Companies, Batteries and Equivalent Units

THE WAR OFFICE,

15th July, 1944

981. Allowances.—Family Lodging Allowance—Increase in Rates—Factors to be taken into Consideration by Officers Commissioned before 1st January, 1942, before Exercising the New Option allowed from 1st May, 1944, as promulgated in Army Order 134 of 1944.

Notes.—

(1) District commanders at home, and the appropriate commanders abroad, will obtain a certificate in writing from the O.C. every unit, detachment and establishment in their administrative area (including any establishment, etc., not under their control for other purposes), that the contents of this A.C.I. have been brought personally to the notice of every officer, whether married or unmarried, commissioned before 1st January, 1942, on the strength of or attached to the unit, etc.

(2) The certificate will be accompanied by a nominal roll of the officers concerned, and a copy of the certificate and nominal roll will be despatched by the unit, if serving at home, to the O. i/c Army Pay Office (Officers' Accounts), Manchester, or if serving abroad to the command paymaster concerned.

(3) A notice in unit, etc., orders calling attention to this A.C.I. is not sufficient notification. The O.C. unit, etc., is responsible for ensuring that every officer is given the opportunity to read the A.C.I.

(4) It is particularly emphasized that the information in this A.C.I. is of importance to all officers commissioned before 1st January, 1942, who are at present unmarried, and that such officers must complete a form of election within the same time limit as married officers even if they have no intention at present of marrying.

I. INTRODUCTORY

1. Intention.

(a) The intention of this A.C.I. is to make quite clear to officers their position regarding married allowances, and thus enable them to decide before making elections which category is the more advantageous for them.

(b) To achieve this end it is necessary to deal with "home stations" and stations abroad separately. The term "home stations" covers all stations not dealt with in Section III of this A.C.I.

2. Categories for Married Allowances.

There are three categories for married allowances:—

Category A.—Consists of married officers over 30 years of age, commissioned before 1st January, 1942, who did not elect to transfer to Category C under the conditions of Army Order 195 of 1941 and A.C.I. 2503 of 1941 or Army Order 215 of 1942 and A.C.I. 2082 of 1942.

Category B.—Married officers under 30 years of age, commissioned before 1st January, 1942, who did not elect to transfer to Category C under the provisions of the Army Orders and A.C.I.s referred to above are in this category.

Category C.—This consists of all married officers commissioned on or after 1st January, 1942, and those married officers commissioned before that date who elected to transfer to it under the provisions of the Army Orders and A.C.I.s referred to above.

3. *Option to be exercised by Officers in Categories A and B.*

(a) As a consequence of certain increases in the rates of family lodging allowance issuable to officers in Category C, and the introduction of pre-natal allowance, officers who are in Categories A and B will now be given a further opportunity of electing to transfer to Category C from 1st May, 1944, the date from which these increases are effective.

(b) (i) Such officers, whether married or unmarried, serving at one of the home stations, and desirous of taking advantage of this opportunity, will complete the form of election shown in Army Order 134 of 1944 (obtainable from the unit orderly room) by 15th October, 1944, at the latest.

(ii) In the case of stations abroad, the C-in-C., G.O.C.-in-C., G.O.C. or O.C. troops concerned will fix the date by which the forms of election, obtainable from the unit orderly room as at home stations, will be completed. Such date will be not less than four months after that on which Army Order 134 of 1944 is received in the command, etc., and will be such that individual officers will have a period of at least three months in which to make their decision.

(c) Any officer not completing a form of election will be assumed to be desirous of remaining in his present category.

4. *Officers in Category C.*

Officers at present in Category C, whether by virtue of their having been commissioned on or after 1st January, 1942, or owing to their having elected to transfer to that category under the provisions of Army Order 195 of 1941 and A.C.I. 2503 of 1941 or Army Order 215 of 1942 and A.C.I. 2682 of 1942, will not be permitted to change their category.

5. *Motherless children.*

In all categories the rate issuable, when there is a child or children but no wife, is the same as if there were a wife.

II. HOME STATIONS

Description of the various circumstances in which married officers may be placed, and factors affecting their allowances.

A.—Officers 30 years of age or over

6. *Those on the lodging list and residing with their families.*

(a) An officer in Category A (see para. 2 above) receives the following daily allowances in lieu of accommodation, furniture, fuel and light for himself and his family:—

	s.	d.
Colonel	12	10
Lieutenant-colonel	10	6
Major	10	5
Captain	10	3
Subaltern	7	8

(These rates may vary very slightly in the future owing to the annual revision of fuel and light allowances).

(b) An officer in Category C (see para. 2 above) will, with effect from 1st May, 1944, receive the following daily allowances in lieu of accommodation, furniture, fuel and light for himself and his family:—

	Wife only		Wife and 1 child		Wife and 2 children		Each additional child	
	s.	d.	s.	d.	s.	d.	s.	d.
Major and above.. ..	5	0	7	0	9	0	2	0
Captain	5	0	8	6	10	6	2	0
Subaltern.. ..	5	0	9	6	11	6	2	0

- (c) It will be seen, therefore, that the officers who gain by being in Category C when they are on the lodging list and residing with their families are:—
 Colonels with 4 or more children.
 Lieutenant-colonels with 3 or more children.
 Majors with 3 or more children.
 Captains with 2 or more children.
 Subalterns with 1 or more children.

7. *Those separated from their families, the families not being accommodated at the public expense.*

In such cases, the officer receives family lodging allowance in lieu of accommodation, furniture, fuel and light for his family. The daily rates are as follows:—

(a) *Category A.*

	s.	d.
Colonel	9	6
Lieutenant-colonel	8	6
Major	7	6
Captain		
Subaltern		

(b) *Category C (from 1st May, 1944).*

	Wife only		Wife and 1 child		Wife and 2 children		Each additional child	
	s.	d.	s.	d.	s.	d.	s.	d.
Major and above	4	0	6	0	8	0	2	0
Captain	4	0	7	6	9	6	2	0
Subaltern	4	0	8	6	10	6	2	0

- (c) From the above it will be seen that the officers, separated from their families, who gain by being in Category C from 1st May, 1944, are:—
 Colonels
 Lieutenant-colonels } with 3 or more children.
 Majors
 Captains with 2 or more children.
 Subalterns with 1 or more children.

8. *Pre-Natal Allowance.*

This is *not* issuable to officers in Category A.

It is issuable to officers in Category C, or who now transfer to that category, in respect of children born on or after 1st May, 1944, at the following rates:—

	First child for whom family lodging allowance admissible			Each subsequent child		
	£	s.	d.	£	s.	d.
Major and above	9	2	0	9	2	0
Captain	15	18	6	9	2	0
Subaltern	20	9	6	9	2	0

The conditions of issue are laid down in Army Order 134 of 1944.

9. *Courses now open to Officers in Category A on 1st May, 1944.*

Such officers must now decide:—

- (a) to elect to transfer to Category C from 1st May, 1944, or
 (b) to remain in their present category.

10. *Factors to be taken into consideration.*

An officer in Category A should be able to decide from the information given above whether or not it is to his advantage to elect to change from his present category, but before making a final decision, he should take into consideration the following factors:—

- (a) All these rates of allowances are war measures only, and an election for Category C rates now will have no effect on his entitlement when normal conditions again prevail.
- (b) The decision, once taken, cannot be revoked so long as the present system is in force.
- (c) The possible effect in the future of any promotion, or relinquishment of temporary or paid acting rank, *e.g.*, a subaltern in Category C with one child receives family lodging allowance at 8s. 6d. a day, whereas a captain and major similarly situated receive 7s. 6d. and 6s. 0d. a day, respectively.
- (d) The effect on his allowances of any increases or decreases in the size of his family, *e.g.*, issue of pre-natal allowance if in Category C, but no such allowance if in Category A, a son or a daughter attaining the age of 18 years, etc.
- (e) The probable duration of his service, and the ages of his children.

B.—Officers under 30 years of age

11. *Those for whom no accommodation is available with their units and who are residing with their families by permission.*

- (a) These are divisible into two classes:—
 - (i) those who decided to remain in Category B (*see* para. 2 above) until they attained the age of 30 years, and
 - (ii) those who decided to transfer to Category C.
- (b) The officers referred to in sub-para. (a) (i) will, with effect from 1st May, 1944, be entitled to the following daily allowances in lieu of lodging, furniture, fuel and light for themselves and their families:—

	Wife only		Wife and 1 child		Wife and 2 or more children	
	s.	d.	s.	d.	s.	d.
Colonel	12	2	12	10	12	10
Lieutenant-colonel	10	6	10	6	10	6
Major	8	10	10	4	10	5
Captain	6	6	8	0	9	0
Subaltern	6	6	7	8	7	8

The above rates may vary very slightly in the future owing to the annual revision of fuel and light allowances.

From the date they attain the age of 30 years they will be entitled to receive allowances as shown in para. 6 (a) of this A.C.I. if they are still residing with their families.

- (c) Officers referred to in sub-para. (a) (ii) will, with effect from 1st May, 1944, be entitled to the following daily allowances in lieu of lodging, furniture, fuel and light for themselves and their families:—

	Wife only		Wife and 1 child		Wife and 2 children		Each additional child	
	s.	d.	s.	d.	s.	d.	s.	d.
Major and above	5	0	7	0	9	0	2	0
Captain	5	0	8	6	10	6	2	0
Subaltern	5	0	9	6	11	6	2	0

(d) It will be seen from the above that officers in this class, so long as they are situated as above, who gain by being in Category C are:—

Colonels with 4 or more children.
 Lieutenant-colonels } with 3 or more children.
 Majors }
 Captains } with 1 or more children.
 Subalterns }

12. Those for whom accommodation is available with their units but who are residing with their families.

(a) Officers referred to in para. 11 (a) (i) will be entitled to the following daily allowances in lieu of accommodation, furniture, fuel and light for their families. As accommodation is available for the officers with their units, no allowances are issuable in respect of their own accommodation, etc., even if they are in fact residing with their families.

	Wife only		Wife and 1 child		Wife and 2 or more children	
	s.	d.	s.	d.	s.	d.
All ranks	3	0	4	6	5	6

From the date they attain the age of 30 years they will be entitled to receive allowances as shown in para. 6 (a) of this A.C.I. if they are still residing with their families.

(b) Officers referred to in para. 11 (a) (ii) will, with effect from 1st May, 1944, be entitled to the following daily allowances in respect of accommodation, furniture, fuel and light for themselves and their families:—

	Wife only		Wife and 1 child		Wife and 2 children		Each additional child	
	s.	d.	s.	d.	s.	d.	s.	d.
Major and above	5	0	7	0	9	0	2	0
Captain	5	0	8	6	10	6	2	0
Subaltern	5	0	9	6	11	6	2	0

(c) It will be seen from the above that all officers in this class, so long as they are situated as above, gain by being in Category C.

13. Those separated from their families.

(a) Officers referred to in para. 11 (a) (i) are entitled to the following daily allowance in lieu of accommodation, furniture, fuel and light for their families:—

	Wife only		Wife and 1 child		Wife and 2 or more children	
	s.	d.	s.	d.	s.	d.
All ranks	3	0	4	6	5	6

From the date they attain the age of 30 years they will be entitled to the allowances shown in para. 7 (a) of this A.C.I. if they are still separated from their families.

(*Officer*) officers referred to in para. 11 (a) (ii) will, with effect from 1st May, 1944, be entitled to the following daily allowances:—

	Wife only		Wife and 1 child		Wife and 2 children		Each additional child	
	s.	d.	s.	d.	s.	d.	s.	d.
Major and above	4	0	6	0	8	0	2	0
Captain	4	0	7	6	9	6	2	0
Subaltern	4	0	8	6	10	6	2	0

(c) It will be seen, therefore, that all officers in this class, so long as they are situated as above, gain by being in Category C.

14. Pre-Natal allowance.

This allowance is issuable to all officers in Categories B and C in respect of children born on or after 1st May, 1944, at the following rates:—

	First child for whom family lodging allowance admissible			Each subsequent child		
	£	s.	d.	£	s.	d.
<i>Category B</i>						
All ranks	9	2	0	9	2	0
<i>Category C</i>						
Major and above	9	2	0	9	2	0
Captain	15	18	6	9	2	0
Subaltern	20	9	6	9	2	0

The conditions governing the issue of this allowance are laid down in Army Order 134 of 1944.

15. Courses now open to officers in Category B.

Such officers must now decide:—

- to elect to transfer to Category C from 1st May, 1944, or
- to remain in their present category, in which case they will be transferred to Category A, and receive the allowances appropriate to that category, on attaining the age of 30 years.

16. Factors to be taken into consideration.

An officer in Category B should be able to decide from the above whether or not it is to his advantage to elect to change from his present category. Before making a final decision he should, however, take into consideration the factors shown in para. 10 above, and in addition should consider whether or not it is to his ultimate advantage to remain in Category B until he attains the age of 30 years.

III. STATIONS ABROAD

(Aden, Bermuda, Ceylon, East Africa, Egypt, Palestine, Cyprus, Sudan, Gibraltar, Jamaica, Mauritius, South Africa).

17. Officers serving at one of the above-mentioned stations, whose families are resident at one of the home stations.

Such officers will receive the home rates of family lodging allowance, and should study Section II of this A.C.I. They will be permitted to exercise the options referred to in that section.

18. *Officers separated from their families which are resident at one of the above-mentioned stations.*

(a) *Officers 30 years of age or over.*—The special rates of family lodging allowance issuable, when admissible under the rules governing their issue, from 1st May, 1944, in respect of families situated as above, are shown in Appendix A. Officers in Category A now have the option of transferring to Category C from 1st May, 1944. Officers already in Category C must remain in that category.

(b) *Officers under 30 years of age.*

(i) Officers in Category B are entitled only to the rates shown in Section II, para. 13 (a) above. They now have the option of electing, with effect from 1st May, 1944, to transfer to Category C, in which case they would be eligible, subject to the conditions governing their issue, to receive the special rates for that category shown in Appendix A.

If they do not so elect, they will remain in their present category until they attain the age of 30 years when they will be transferred to Category A and be entitled to the rates appropriate to that category, whichever may be applicable at the time.

(ii) Officers will be able to judge from the above whether or not it is to their advantage to change from their present category. Before making a final decision, they should take into consideration the factors shown in para. 10 above, and, in addition, the effect on their allowances of any change in the circumstances of their families.

19. *Officers residing by permission with their families at one of the above-mentioned stations.*

(a) These officers may be in Categories A, B or C.

(b) Officers in Category A will be in receipt of local married rates of allowances. As these vary considerably at stations abroad, it is not possible to set them out in detail in this A.C.I.

(c) Officers in Category B will be in receipt of home rates of family lodging allowance plus local single rates of lodging and fuel and light allowances if accommodation is not available for them with their units. The maximum amount so issuable is that which would be issuable if the officers concerned were in Category A. If accommodation is available for the officers with their units, the local single rates of allowances are not admissible. These single rates also vary according to the station, and cannot be set out in detail in this A.C.I.

(d) Officers in Category C will, from 1st May, 1944, receive the special rates shown in Appendix A.

(e) *The following courses are open to these officers:—*

(i) Those in Category A may elect to transfer to Category C from 1st May, 1944; if they so elect they will receive the special rates shown in Appendix A from the date of transfer; if they do not so elect they will remain in their present category.

(ii) Those in Category B may also elect to transfer to Category C with effect from 1st May, 1944; if they so elect they will be entitled to the special rates shown in Appendix A from the date of transfer; if they do not so elect they will remain in their present category until they attain the age of 30 years, when they will be transferred to Category A and be entitled to the rates appropriate to that category.

(iii) An officer in Category C must remain in his present category.

20. *Pre-Natal Allowance.*

This allowance is admissible in respect of all children born on or after 1st May, 1944, to wives of officers who are now in Category B or Category C, or who transfer to Category C under the option now given. The rates issuable are shown in Appendix B.

21. *Factors to be taken into consideration.*

Before making a final decision, officers referred to in para. 19 above are advised to ascertain from the paying authority the daily rates at present in issue and the rates which would be issued if they exercised one of the options open to them. They must also take into consideration the factors shown in para. 10 above, and in addition the effect on their allowances of any change in the circumstances of their families.

22. A.C.I. 2682 of 1942 is hereby cancelled.
