1. Herewith a copy of a letter received from HQ 228 Div together with Court of Inquiry proceedings regarding deficiencies noted upon receipt of the last consignment of clothing from BARI.
2. Your attention is directed to paras 6, 7 and 8 of 228 Div basic letter. Some form of check is clearly necessary and it is considered that a small escort provided either from BARI or by 228 Div themselves would help to reduce pilferage of stocks.

Bids may be submitted by signal but will be confirmed in writing in accordance with Specimen proforma attached at Appendix 'A'. Priority cargo will be indicated if necessary. Requirements of Frozen Meat and Live Animals will be notified through Service channels and thereafter shipping will be set up to meet these requirements after the weekly meat meeting held at AFHQ. Programme will be notified through Movement channels.

- (c) Eighth Army will at the same time pass a copy of Army bids to XIII Corps for information purposes.
- (d) At Appendix 'B' is a date chart setting out the dates on which bids are due at AFHQ with regard to the relevant maintenance period.
- (e) At the same time as bulk demands by commodities are submitted in (b) above, through 'Q' Channels, departmental breakdowns will be submitted to Services AFHQ through Service channels. It is essential that these breakdowns arrive simultaneously with bulk demands if delay in setting up shipping is to be avoided. In the case of Civilian Supplies the breakdown will be submitted to HQ Allied Commission.
- (f) Under no circumstances will amendments to these bids be notified other than through 'Q' channels. Any amendments then submitted must at the same time be accompanied by departmental breakdowns through Service channels.
- (g) Amendments should not be made later than 20 days prior to the commencement of each maintenance period and then only if of an urgent nature.
- (h) After screening of the bids by AFHQ, the tonnages by Users/ commodities to be set up for shipment will be published by AFHQ to all concerned, and this set up becomes the tonnage maintenance programme for the period in question.  
  
In the case of bulk POL and Coal, demands will be met so far as possible through VENICE and TRIESTE for both Eighth Army and XIII Corps by the diversion of ocean going vessels under separate programmes.
- (i) If AFHQ is desirous of setting up tonnages greatly in excess of those bid, due to any special circumstances which may arise, then Q(Maint) AFHQ will seek acceptance of this additional tonnage through 'Q' XIII Corps.
- (k) Bids by XIII Corps should include any requirements of M. BELGRADE which need not be shown separately.
- (l) Stores set up for shipment to TRIESTE will be separately consigned, and marked for either Eighth Army or XIII Corps as the case may be. Separate instructions will be issued by G-4 (Mov & Tr) AFHQ regarding marking and consigning.

- (e) at the same time as bulk demands by commodities are submitted in (b) above, through 'Q' Channels, departmental breakdowns will be submitted to Services AFHQ through Service channels. - In the case of bulk POL and Coal, demands will be met so far as possible through VENICE and TRIESTE for both Eighth Army and XIII Corps by the diversion of ocean going vessels under separate programmes.
- (j) If AFHQ is desirous of setting up tonnages greatly in excess of those bid, due to any special circumstances which may arise, then Q(Main) AFHQ will seek acceptance of this additional tonnage through 'Q' XIII Corps.
- (k) Bids by XIII Corps should include any requirements of MA BELGRADE which need not be shown separately.
- (l) Stores set up for shipment to TRIESTE will be separately consigned, and marked for either Eighth Army or XIII Corps as the case may be. Separate instructions will be issued by G-4 (Mov & Tn) AFHQ regarding marking and consigning.
- (m) 1500 tons per day through the Port of TRIESTE is at present allowed for UNRRA cargoes for YUGOSLAVIA and this tonnage should not be shown on XIII Corps bid to AFHQ. This tonnage will be increased commensurate with any increase in clearance facilities made available for such UNRRA cargoes.

### 3. Port Capacity

XIII Corps are responsible for the control of the Ports of VENICE and TRIESTE. If on a perusal of the bids made by Eighth Army and XIII Corps, and allowing/....

1941

allowing for 1500 tons per day UNRRA cargo to TRIESTE, it appears that the port capacity of TRIESTE for the relevant period is overbid, XIII Corps will signal AFHQ stating overall tonnage overbid. AFHQ will then impose cuts as required notifying all concerned. This procedure should rarely, if ever, be necessary. If such a case does arise it should be possible for XIII Corps to accept excess tonnages on their account by diversion to the port of VENICE.

4. Coal

A separate instruction on the allocation of coal will be issued by AFHQ in due course. Tonnages bid through the ports of VENICE and TRIESTE may have to be adjusted as between those ports depending on the arrival of ocean going colliers.

5. Effective Date

The foregoing instruction will come into operation with effect from receipt of AFHQ signal as detailed in para 1 (c) above.

1. It is agreed that, as shipping bids must be made a month in advance, and, as the breakdown must be given at the same time as or soon after the bid, it is not possible for your demands to be met in less than 6 weeks.
2. The only solution under present conditions is, for sufficient stocks to be held to cover the interim period.
3. Authority is therefore given for 228 Div to hold stocks of clothing and personal equipment to cover 2 months estimated wastage.
4. Your demands on fortnightly stock states should therefore be made to bring potential stocks up to a holding to cover 2 months estimated wastage.

This office is informed from HQ MMIA Rome that you are now authorized to indent for a reserve of 2 months clothing and eqpt to cover wastage. Please include the extra amounts required on your next demand.

The wastage period of items of clothing and eqpt varies considerably, especially for clothing which is part worn. Your records over past issues should give you the life of such items, and if in doubt, suggest you contact DADOS, 210 Sub Area for help as no scale is held by this office.

This extra amount should see you through the period which elapses from time of indenting and arrival in the Depot.
