1. The Allied authorities have for some time had under consideration the question of the demobilisation of the older age groups of the Italian Army.

2. It has now been decided that in view of the reductions in the numbers of service troops now taking place and likely to continue, this demobilisation may be gradually effected, under the following conditions which apply to the whole Italian Army.

3. The Ministry of War will be responsible :-

- (a) That all Italian Units for which disbandment instructions have not been issued will be kept up to authorised working strength at all times.
- (b) That replacements for all demobilised personnel are delivered to the unit before such personnel are demobilised.
- (c) That replacements are fully trained to perform the duties called for by War Establishment and to the satisfaction of the employing Allied Commander.
- (d) That personnel in any particular age group will NOT be demobilised until approval for the demobilisation of that age group has been given by MMIA.

4. Under the above conditions you are authorised already to demobilise the 1914 and 1915 and older classes, and are hereby authorised to effect the demobilisation of the 1916 class between 15 Sept and 15 October.

5. The future demobilisation of groups 1917 et. seq., will be considered by MMIA on your advice and in the light of the speed with which units are to be disbanded, and the progress of demobilisation already authorised.

2. Meanwhile you are authorized to demobilize the 1915 class immediately subject to the same conditions as for the 1914 and older classes.
3. It is considered, however, that in view of the large number of units now being disbanded there should be no difficulty in providing re-placements for men due to be demobilized, and that therefore there should be no appreciable delay in getting men discharged.

D'AMATO ALDO.

The above named was employed by this workshop as an engineer from 6 Jun 45 until his recall to the Italian Army on 15 Jul 45. His services in this technical capacity were extremely valuable to this workshop.

Prior to his employment he was engaged by Eighth Army as interpreter, also by 699 and 701 Vehicle Assembly Workshops, REME as production engineer,

He is now serving with 516 Italian Guards Group as 2nd Lieutenant.

It would be appreciated if action could be initiated to obtain his release from the Army as his services would be of considerable assistance in the operation of this workshop.
