AL 5° BRITISH LIAISON UNIT SEDE

Da alcuni giorni è entrato in funzione a Lignano un campeggio balneare per le famiglie del personale dell'Amministrazione Militare.

Una tenda di 4 posti (n. 11) è stata riservata per gli Ufficiali di codesto E.L.U. qualora desiderino visitare o trattenersi al campeggio.

Con l'occasione si sarebbe grati se codesto E.L.U. vedesse di mettere a disposizione della Direzione di Sanità qualche decina di Kg. di insetticida D.D.T. per la disinfestazione della zona della tendopoli dato che la Direzione di Sanità ne è sprovvista.

Si ringrazia. -

SUBJECT: - Organization of a convalescent-house at the LIDO (Venetia).

I have gone on 18 and 19 June to CAR Sacile in order to contact the O.C. Maj. BORTOLAZZI and his Adjutant.

This is the situation.

"Pepe" Bks at S. Nicolo' - Lido is partially occupied by CAR Sacile who is arranging turns for Officers and W.O.S., their families, and soldiers.

It is thought that on the 1st July soldiers of the CAR Sacile recovered at present at the Military Hospital of UDINE, will be sent there with the following procedure. The soldiers is sent to his Unit with a note suggesting that he has to be recovered at the LIDO Camp for No. X days. I suggest to this No. to put the remaining part of "Pepe" Bks at the disposition of S. Ter. Comd so that they can use it as convalescent-house. The Bks is empty, it is therefore necessary to contact Capt. CAMPORANCO of Comando Presidio of VENEZIA to ask him the list of material necessary to settle said convalescent-house. I think that said material could be obtained from Commissariato - UDINE and received on loan by Comando Presidio - VENEZIA. An Administrator, a Cafina and personnel for services are necessary.

I suggest that when the turns will start a sister is sent to that house for assistance to military personnel.

The initiative has urgent character in view of the numerous requests done by doctors to send the soldiers to the sea for completing the cure.

The undersigned is prepared to temporarily leave her service at the Mil. Hospital of UDINE to go to the Lido and prepare the convalescent-house. Capt. di Donato, who has organized Isolo Camp, is prepared to give me assistance in respect of this initiative.

HQ LAWTOVA DIV5 Terr Command

1. As a result of the conversation between Gen MONTEZEMELO and Lt Col WATSON regarding the possibility of obtaining some tables and chairs for Canteens and Clubs, this HQ wrote to the E.F.I. (RAFI) Branch of G.H.Q. I am afraid that their reply is not very satisfactory.
2. E.F.I. say that owing to the protracted delay in the closing down of the theatre all furniture is becoming very dilapidated and the small quantity which has any further life is being transferred to AMERICA. The balance is being disposed of as salvage, and when it becomes available, some of this is fit for further use after repair and renovation.
3. If you are interested in this type of furniture, it is suggested that you contact the Officer i/c Salvage HQ E.F.I. A.P.O. 3 445 G.H.Q., who will be able to advise when quantities are available for disposal and will also let you view the items in question.

In reply to your AQ/51 of the 6th inst. I have to inform you that NAAFI/EPI have no surplus furnishings and equipment for disposal to the Italian Army.

Due to the protracted delay in the rundown of establishments in this theatre, all furniture is becoming very dilapidated and the small quantity which has any further life is being transferred for use in our establishments in Austria.

The Italian Army, which is in the process of moving two divisions into E.S. Italy, find themselves extremely short of furniture for Messes, Clubs, etc. The principal item which they are lacking are Chairs (straight - backed) and small tables. They have asked this Unit if we can help.

With the run down of C.M.F., it is thought that you will be wanting to dispose of some of your club furniture. The Italian Army will be quite willing to purchase.

I am very anxious to do what I can to help the Italian Army. They are encountering a great many difficulties, and anything that we can do to assist them, will be very much appreciated.

SUBJECT: CHIACIO Christina,
S. Leonardo Province of Udine

I, the undersigned, Civil Affairs Officer and of Cividale, have investigated the case of Christina Chiacio whose husband died 19 Oct 1945 as a result of head wounds received at the hands of an unknown American soldier on 14 Oct 1945 and find the following facts.

1. Chiacio Antonio, son of Giuseppe, aged 17 years, resident of S. Leonardo, was a soldier in the 8th Alpine Regt (Italian). He was on leave at his home and was visiting friends in a nearby small town on 14 Oct 1945. Upon returning to his home at 2100 hours accompanied by an American soldier from a Unit believed to be Co A 150 Inf and stationed in S. Leonardo, Chiacio was set upon by the soldier and beaten on the head until unconscious with a club which the soldier was carrying. The motive of the beating is alleged to be robbery. In any event Chiacio was robbed of his papers, wrist watch valued at 10,000 lire and some money - amount unknown.
2. Later Chiacio was found beside the road unconscious and was taken to the Civilian Hospital Cividale where he remained until his death on 19 Oct 1945. (see Navy report attached as Ex B).
3. Although an affirmed diagnosis of pericent meningitis was made by the civilian hospital authorities, it is believed the man died as a direct result of the wounds he received at the hands of the soldier. (See attached letter from three disinterested medical officers marked Ex C and statements of his health prior to accident from fellow townsmen attached as Ex "D", "E", "F" and "G").
4. Two days after Chiacio was admitted to the hospital a soldier was brought into his presence by Military Police and Chiacio positively identified the soldier as his assailant. Chiacio's widow was present at this identification.
5. In order to pay the costs of burial of her husband, it was necessary for Chiacio's widow to sell a cow for 17,000 lire. Funeral expenses amounted to about 20,000 lire.

The hospital bill of 3750 lire and a floral wreath (value unknown) were paid for by some American soldiers - the widow thinks

1. Chiscig Antonio, son of Giuseppe, aged 17 years, resident of S. Leonardo, was a soldier in the 8th Alpine Regt (Italian). He was on leave at his home and was visiting friends in a nearby small town on 14 Oct 1945. Upon returning to his home at 2100 hours accompanied by an American soldier from a Unit believed to be Co A 1st Inf and stationed in S. Leonardo, Chiscig was met upon by the soldier and beaten on the head until unconscious with a club which the soldier was carrying. The motive of the beating is alleged to be robbery. In any event Chiscig was robbed of his papers, wrist watch valued at 10,000 lire and some money - amount unknown.
 2. Later Chiscig was found beside the road unconscious and was taken to the Civilian Hospital Civile where he remained until his death on 19 Oct 1945. (see Map report attached as Ex D).
 3. Although an affidavit of parents of parent witnesses was made by the civilian hospital authorities, it is believed the man died as a direct result of the wounds he received at the hands of the soldier. (See attached letter from three disinterested medical officers marked Ex E and statements of his health prior to accident from fellow soldier witnesses attached as Ex F and "G").
 4. Two days after Chiscig was admitted to the hospital a soldier was brought into his presence by Military Police and Chiscig positively identified the soldier as his assailant. Chiscig's widow was present at this identification.
 5. In order to pay the costs of burial of her husband, it was necessary for Chiscig's widow to sell a cow for 37,000 lire. Funeral expenses amounted to about 20,000 lire.
- The hospital bill of 2780 lire and a floral wreath (value unknown) were paid for by some American soldiers - the widow thinks by friends of her husband's assailant.
6. Chiscig's widow, Christina Chiscig, has as dependents her mother aged 72, and four children aged 12, 9, 7, and 3 years. She herself is 31 years old. She has about 3 hectares of land on which to raise their livelihood. One child, a girl, aged 9 has been placed in a convent by the Italian Assistance Society to help the widow. I have personally visited the family and find them living in complete poverty, requiring public assistance.

Ex A-1

.....

.....

7. The widow has made no specific claim - merely asking for assistance. It is this officer's belief that the widow should be reimbursed for:

1. Crist watch valued at	10,000 lire
2. Funeral expenses totalling	20,000 lire
3. Other personal possessions of her husband stolen by the American soldier and estimated at possibly a value of	10,000 lire
Total cash	40,000 lire

and further, a settlement to her for the death of her husband. Since he was not injured or killed while in the Italian Army, the widow is unable to obtain assistance as the widow of a war veteran. I am unable to estimate how much this payment should be.

(The purpose was for robbery). Chiacig was found a while afterwards on the edge of the road. OFFICIAL REPORT OF TESTIFIED DEPOSITION

This day 18 Oct 1945 at San Leonardo in the City Hall Office, before the undersigned Mayor, appeared the young Chiacig Alessandro son of Giuseppe, 22 years old living at Altana No 19, who spontaneously asked that they take in consideration his following declarations regarding the misfortune occurred to Chiacig Antonio of Giuseppe 37 years of age, living at San Leonardo; last Sunday 14 October, I was at Tassinich where a fencing party was held. At about 1100 hours I was going to the buffet when I was rejoined by an American soldier who asked me to have a walk with him. So I started walking together the soldier for about 20 steps. I immediately perceived that the soldier was a little drunk, even I thought that he wasn't feeling to good and for that reason I followed him. Meanwhile the soldier asked me what the time was.

I was going back when it happened that the named Chiacig Antonio of Giuseppe came nearby asking me to go ahead returning home.

I followed him. We arrived near the soldier who asked again what was the time to Chiacig. Chiacig looked immediately the watch he had on his wrist, while the soldier was making light with a cigarette-lighter.

The one Chiacig answered that it was 11 o'clock. We then departed (all three) towards Altana. While we were walking, I saw that the soldier was carrying a club, which I had already seen when I met him. While walking the stick fell several times on the ground and he picked it up every time it fell down.

When we arrived at Altana I advised that I was arrived home, and before to leave them I offered them a drink, they didn't accept and the soldier said to me "Buona sera" and then they kept going on towards San Leonardo.

The day after I knew what had happened, I was out and have seen that some men of this town were passing each other a bloody club from hand to hand. I then recognized the stick, it was the same one that that soldier had last evening with whom I returned from Tassinich with Chiacig Antonio.

Respectfully,

regarding the misfortune occurred to Chiscio Antonio or Giuseppe 37 years of age, living at San Leonardo; last Sunday 14 October. I was at Eatinich where a dancing party was held. TO : Maj. A. GRAY - 5 B.I.U. - UDINE

We have been informed that a R.A.F. Cmd is dismantling the huts at the Caspofornido Airfield.

We beg you to allot to the Pontificia Commissione di Assistenza said huts to be used for the Colonia Montana (Settlers for physical and moral education of youth) at PLANA DI LUZZA (Commune of PORRI AVULTRI), property of this Commissione.

Said huts would be used for the services and to increase the capability of the Colonia.

We inform also that the Colonia has lodged during the Summer over 1500 indigent children of the Province, who needed cure.

This Commissione, which pursues only assistance and humanitarian purposes in aid of the youth of Friuli, hopes that said huts are given gratuitously or, at least, at the most convenient price.

We thank you very much for everything you will be able to do in aid of the youth. Yours sincerely

AL COMANDO DEL 5° REG
per il Signor MRS. GRAY

Esistono state portate a conoscenza di questa Pontificia Commissione Assistenza che la R.A.F. sta sventando le baracche piazzate presso il Campo di aviazione di Caspofornias, si permette di chiedere la assegnazione di tale materiale che verrebbe ad noi impiegate presso la Colonia Mentana di Piani di Luzzi (Comune di Perna Avoltri) di proprietà di questa Commissione.

Tali baracche sarebbero indispensabili per la sistemazione dei servizi e per aumentare la capienza della colonia stessa.

Facciamo presente che la colonia di Piani di Luzzi durante l'estate passata ha accolto oltre 1500 bambini poveri della Provincia bisognosi di cura.

Questa Commissione, proseguendo fini solamente assistenziali ed altamente umanitari a vantaggio dell'infanzia bisognosa del Friuli, si augura che tutti relitti vengano aiutati gratuitamente e almeno a un prezzo il più conveniente possibile.

Mentre ringraziamo, esprimiamo la nostra riconoscenza per quanto verrà fatto per i fanciulli poveri della nostra regione e stesso di questa Pontificia Commissione Assistenza.

THE COMMANDER

Dear Col. Wathen,

The Chief of Staff has informed me that this morning Maj. GRAY has given Lt. Col. PIACENTINI a further contribution of 9.000 lire, thus totalling the sum of 67.000 lire for people recovered in the Military Hospital "S. Maria della Misericordia" .

This sum has been given this morning to the Medical Officers Capt. ROSSI and Lt. FABIANI, who \_ as agreed \_ will provide the purchase necessary to dispose a club for recreation of personnel recovered.

I am sure to interpretate the feelings of Gen. ARMEL-LINI, at present absent, expressing to you, dear Col. WATHEN , my gratitude and joy for this proof of friendship between the Officers of B. L. U. and 5 Territorial Command.

I would be very grateful to you if you are so kind as to warmly thank also Maj. GRAY .

Best regards,

Yours for ever

ZAULI Adolfo -Gen.

IL COMANDANTE

Udine, li 7 febbraio 1947.-

Caro Colonnello Wathen,

Il Capo di S.M. mi ha informato che stamane il Magg. GRAY ha consegnato al Ten. Col. FIACCHINI un nuovo contributo di L. 9.000, portando così a 37.000 la somma raccolta a beneficio dei ricoverati nell'Ospedale Militare di S. Maria della Misericordia.

Tale somma complessiva è stata consegnata stamane nelle mani del Capitano Medico Dott. ROSSET e Tenente Dott. FABIANI i quali - come già d'accordo - provvederanno agli acquisti necessari per l'attrezzatura di una sala di ritrovo e svago per uso esclusivo dei soldati degenti.

Sicuro anche di interpretare i sentimenti del Generale ARMILLINI, assente, mi è grato, caro Colonnello WATHEN, esprimere la mia gratitudine ed il mio compiacimento per questa nuova prova di cameratismo che lega gli ufficiali del 5° S.M.U. a quelli del 5° Comando Territoriale.

Io sarò grato se vorrà rinnovare i miei più sentiti ringraziamenti al Magg. GRAY.

*Distinti saluti.*

*con affetto  
gen. Adolfo Pauli*

SUBJECT: Military Wash-house of MELEGNANO Street.

To: 5 B.L.U. H.Q.  
-----

Herewith attached copy of letter UD/NO/360/11 forwarded to this HQ by AMG - Welfare Office.

As notified by our 3274/S/9/7 of 21 Mar 46  
88 American Div requisitioned the military wash-house in Melegnano Street on 18 Jan 46 and had the old installation withdrawn and replaced by a new one. Its parts are now unguarded and liable to pilferage.

This HQ asked by 3274/S/9/7 of 21 Mar 46 authority for recovery of said materials (for their own necessities).

The War Ministry granted it to the "Mad-house" of Saint Osvaldo, provided that assurance was given that the Military Administration might get the new plant as soon as the Allied Military Authorities did not need it any longer.

On the contrary the Ministry of War asks not to disperse or sell the engines of the old plant, so that they may be recovered for Italian Army requirements.

Your answer will oblige us and information will be forwarded to the Ministry of War.
