With reference to a/h letter, in order to reach a practical timely solution of the problem relative to the accommodation of troops, which will be Allied troops in the area of the eastern frontier, it is suggested that your Ministry immediately contacts the Allied authorities concerned in order that, as already took place in similar cases, at the time of transfer they avoid derequisitioning those buildings which, according to the attached lists of your letter, are indispensable for the organisation of Italian units.

We would assure you that in the meantime this Presidency will directly approach the Allied CM to further the reaching agreements as stated.

Subject : Ugovinza - damage to military buildings.

The Italian Military Territorial Command, after having informed 5 km of the theft of tiles from the roof of the HQ's billet at Ugovinza, has received, from the Allied authorities, the reply herewith attached in copy.

From enquiries carried out, it has resulted that the American troops who occupied the nearby GAF barracks, have stolen approximately 15 square metres of "Maurigliese" tiles, taking them from the vicinity of the dormers, possibly for the purpose of using them for covering small huts built in the yard of the barracks.

We should be grateful if your Sub Section will issue the necessary instructions, in order that the buildings be saved from further damage and that they be better maintained by the Allied troops who occupy them.

SUBJECT: REPORT OF INVESTIGATION UNDER CIR 175, MTOUSA, 1946.

TO: COMMANDING OFFICER, 350TH INFANTRY REGIMENT, APO 88,
US ARMY

1. DIRECTIVE.

PURSUANT TO 2ND INDORSEMENT, THIS HEADQUARTERS, DATED 19 APRIL 1947, RE UGOVIZZA-BARRACKS DAMAGE, I HAVE INVESTIGATED THE INCIDENT IN WHICH IT HAS BEEN ALLEGED THAT A SPECIFIED AMOUNT OF MATERIAL HAS BEEN STOLEN FROM THE ITALIAN GOVERNMENT BY AMERICAN TROOPS.

2. FACTS.

A. THE ITALIAN MILITARY AFFAIRS SECTION TRANSMITTED A LETTER TO THE 5TH BRITISH LIAISON UNIT STATING THAT FIFTEEN (15) SQUARE METRES OF ROOF TILING WERE STOLEN FROM THE ITALIAN GOVERNMENT BY AMERICAN TROOPS.

B. THE 5TH BRITISH LIAISON UNIT TRANSMITTED A LETTER TO THE 88TH INFANTRY DIVISION REQUESTING THAT THE INCIDENT BE REVIEWED AND INFERRED AN INVESTIGATION BE MADE, AND THAT THAT HEADQUARTERS BE INFORMED IN DUE COURSE.

C. THE RESPONSIBLE OFFICER COMMANDING THE TROOPS IN THAT AREA IN WHICH THE ALLEGED INCIDENT TOOK PLACE HAS STATED THAT THE MANNER AND MOTIVE IN WHICH THE TILING WAS TAKEN BY HIS TROOPS WAS MISCONSTRUED INSOFAR AS THE MATERIAL IN QUESTION WAS NOT STOLEN BUT CONVERTED TO A DIFFERENT USE FROM THAT WHICH IT WAS ORIGINALLY INTENDED.

D. THE ROOF TILING, ALLEGEDLY STOLEN FROM THE ITALIAN GOVERNMENT BY AMERICAN TROOPS, IS STILL UNDER DIRECT CONTROL, AND IN POSSESSION OF THE ITALIAN GOVERNMENT.

3. DISCUSSION.

A. ALTHOUGH THE ITALIAN MILITARY AFFAIRS SECTION DOES STATE SPECIFICALLY THAT AN ACT OF THEFT HAS BEEN COMMITTED, IT FURTHER STATES THAT THE MATERIAL ALLEGED TO HAVE BEEN STOLEN MAY HAVE BEEN USED TO "COVER SMALL HUTS BUILT IN THE YARDS OF THE BARRACKS" THEREBY CONTRADICTING THE ALLEGED CHARGE OF THEFT, INASMUCH AS THEFT, OR LARCENY, IS DEFINED UNDER THE 93RD A.W. AS BEING COMMITTED WITH THE INTENT TO PERMANENTLY DEPRIVE THE OWNER OF HIS PROPERTY.

B. THE RESPONSIBLE OFFICER OF THE TROOPS IN QUESTION HAS EXPLAINED THE USE TO WHICH THE ALLEGEDLY STOLEN MATERIAL WAS

REPORT OF INVESTIGATION UNDER CIR 175, MTOUS/ 1946, DTD 22 APRIL 1947.
DIVERTED.

C. THE FINAL DISPOSITION OF THE MATERIAL IS SUBSTANTIATED BY THE STATEMENTS OF THAT OFFICER AND THIS INVESTIGATING OFFICER IN THAT SAID MATERIAL IS STILL IN THE POSSESSION OF THE RIGHTFUL OWNER(S).

4. FINDINGS.

NO PERSON OR PERSONS IN THE MILITARY SERVICE OF THE UNITED STATES ARE RESPONSIBLE FOR ANY DAMAGE OR LOSSES INCURRED IN THE OCCUPATION OF THE UGOVIZZA ITALIAN MILITARY BARRACKS BY AMERICAN TROOPS INSOFAR AS PERTAINS TO THE LOSS OR THEFT OF FIFTEEN (15) SQUARE METRES OF ROOF TILING, AS CLAIMED BY THE ITALIAN MILITARY AFFAIRS SECTION.

THE UDINE MILITARY TERRITORIAL COMMAND, AFTER HAVING INFORMED 5 BLU OF THE THEFT OF TILES FROM THE ROOF OF THE HQS BILLET AT UGOVIZZA, HAS RECEIVED, FROM THE ALLIED AUTHORITIES, THE REPLY HEREWITH ATTACHED IN COPY.

FROM ENQUIRIES CARRIED OUT, IT HAS RESULTED THAT THE AMERICAN TROOPS WHO OCCUPIED THE NEARBY GAF BARRACKS, HAVE STOLEN APPROXIMATELY 15 SQUARE METRES OF "MARSIGLIESE" TILES, TAKING THEM FROM THE VICINITY OF THE DORMERS, POSSIBLY FOR THE PURPOSE OF USING THEM FOR COVERING SMALL HUTS BUILT IN THE YARD OF THE BARRACKS.

WE SHOULD BE GRATEFUL IF YOUR SUB SECTION WILL ISSUE THE NECESSARY INSTRUCTIONS, IN ORDER THAT THE BUILDINGS BE SAVED FROM FURTHER DAMAGE AND THAT THEY BE BETTER MAINTAINED BY THE ALLIED TROOPS WHO OCCUPY THEM.

THE COMPANY UTILIZED VARIOUS MATERIALS IN THIS WORK, INCLUDING ROOF TILING FROM AN ADJACENT, UNSERVICEABLE BUILDING. THIS TILING WAS USED TO COVER AND REPAIR VARIOUS STRUCTURES IN THE COMPANY AREA, I.E., BILLETTS, GARAGE, MESS HALL, ETC., WHICH STRUCTURES WERE BADLY IN NEED OF ROOFING MATERIAL.

THIS ROOF TILING WAS USED FOR THE BENEFIT OF THE GOVERNMENT IN DIRECT RELATION TO THE HEALTH AND WELFARE OF AMERICAN TROOPS.

Allo stato attuale delle cose, l'Ufficio di Udine non può telefonare nè comunque sollecitare Roma, non essendo questo di sua competenza.=

Pertanto, prescindendo dal comportamento del Cap. Caffè Contarena. =

Ho esaminato la pratica relativa al pagamento dell'indennità in oggetto. =

L'Ufficio Requisizioni per gli AA. di Udine ha fatto quanto doveva, espletando il suo compito secondo il regolamento. =

L'Ufficio suddetto interessò a suo tempo anche l'Ufficio Centrale di Padova, affinché fosse sollecitata la Centrale di Roma. =

Allo stato attuale delle cose, l'Ufficio di Udine non può telefonare né comunque sollecitare Roma, non essendo questo di sua competenza. =

Pertanto, prescindendo dal comportamento del Cap. Dellani nei confronti della S.V., comportamento per il quale ho richiesto il Capitano Delleani, ho deciso di inviare un promemoria espresso al Capo dell'Ufficio Controllo di Roma, dal quale dipende l'emissione dell'ordine di pagamento della suddetta indennità, rappresentando la necessità e l'opportunità di provvedere al più presto. =

Non ritengo peraltro che una risposta a tale promemoria possa pervenirmi in tempo per dare, come V.S. ha stabilito, una utile informazione al rappresentante del Proprietario del Contarena entro Martedì p.v. =

Ad ogni modo sarà mia premura, appena mi sia giunta una risposta da Roma, informarne V.S. con la massima urgenza. =

Report as per H.Q. 13 Corps Troops R.E. letter CTE/S/1/984 dated 15.4.47.

Subject:- Electricity supply installation.

The original lighting supply for the Depot Workshops came from a transformer cabin adjacent to VILLA VICENTINA Station and was supported for a distance of approx. 500 yds by insulators attached to intermediate buildings.

These buildings suffered quite extensively from bombing including considerable damage to a/m insulators.

Subsequent to these buildings being taken over for W.D. use, a new line was erected using approx. 7/029 insulated copper wire but taking a different route from the original.

*See* 351.

.... / 2

- 2 -

Parts of the original wiring and insulators are still in position but there is no evidence that it has been complete at any time during W.D. occupation.

It is pointed out that the present wiring is carrying out the identical function to the original installation.

Ref. your AQ/53/325 of 27 Feb. 47 and AQ/53/331 of 12 Mar. and our 1348/Tav/V of 27 Feb. 47.-

1. "Monte Grappa" Barracks are almost completely occupied by British troops and German P.O.W.s, there are no civilians refugees, only a part clearly closed is occupied by the military prison of Italian Army.-

2. The surveillance service is made:

- for the military prison by sentries' detachment of 8 Alpini Reg. who has a precise duty in respect of military personnel in the prison.-

- for the other part of the barracks by Italian civilian guards who are on duty during the day hrs (from 0500 to 2100 hrs.) and are encharged to look after the buildings maintenance only.-

3. Removals, complained by this Command with his letters 1049 of 15 Feb. and 1347 of 27 Feb. 47, have been made to the premises by British troops and German P.O.W.s.

*14 Apr 47*

- 2 -

In order to complete the previous remarks we communicate the results of further enquiries:

a) abatement and removal of scaffolding of a big hut of the barracks:

24 Jan. 47, 1000 hrs removed by lorry WD No. L 5650039 - 3260 Ger.-

12 Feb. 47, ~~1000~~ <sup>1005</sup> hrs.

c) Removal of 70 cuirasses complained by the B.L.U. (ref. Q/121/1 of 24 Feb. 47 of HQ. 86 ). The material is not part of premises of the barracks and therefore is not subject to the surveillance of the guards who have to look after the buildings only.-

b) abatement and removal of wooden scaffolding of a shed.-

11 Jan. 47, 1000 hrs.-

4. Nothing is to remark on the prison's sentries behaviour as they do their duty in the enclosure ( wall and wire fence ) which separates the prison from the barracks.-

The same has been ascertained for the other guards which have accomplished their duty and intervened against civilians who removed material. Said guards were not able to accomplish their duty in respect of Allied personnel and German POWs.

The above quoted informations are reported to this BLU in order to state the responsibility and also to take the opportune action at the Allied Military Authorities in Padua.-

Il materiale non fa parte degli immobili della caserma e pertanto non è oggetto della vigilanza del personale di guardia proposto, cui è affidate soltanto la tutela del fabbricato.

4°) - Nulla si può osservare sul comportamento delle sentinelle del carcere, le quali svolgono la loro funzione nell'interno del recinto (muro e reticolista) che separa il carcere dal resto della caserma.

Altrettanto si è accertato anche per le guardie ciurme, che hanno assolto il loro incarico con impegno, intervenendo contro i civili italiani sopirevi ad asportare materiali. - Dette guardie non hanno però avuto modo di fare osservare la loro consegna da parte dei militari alleati e dei prigionieri tedeschi.

Questo sopra si porta a conoscenza di codesto P.L.M. non solo per definire le responsabilità, ma altresì per quell'azione che riterrà opportuna di svolgere presso la autorità militari alleate di Padova.

Subject: Ugovizza - damage to military buildings.-

The Udine Military Territorial Command, after having informed 5 BIU of the theft of tiles from the roof of the NCOs billet at Ugovizza, has received, from the Allied Authorities, the reply herewith attached in copy.

From enquiries carried out, it has resulted that the American troops who occupied the nearby GAF barracks, have stolen approximately 15 square metres of "marsigliese" tiles, taking them from the vicinity of the dormers, possibly for the purpose of using them for covering small huts built in the yard of the barracks.-

We would be grateful if your Sub Section will issue the necessary instructions, in order that the buildings be saved from further damage and that they be better maintained by the Allied troops which occupy them.

From: 351st Inf. Regt HQ - APO 88 - USA  
To : 151st Inf. Regt Commander

Date: 28/12/46

Subject: Enquiry on the removal of tiles.-

1. Results of enquiry ordered by 1st ind. 68 Inf. Div. No 600 of 11 December 1946.-
2. No tiles have been removed from the building described as "Ugovizza Villa" as mentioned in the original information.-
3. About 200 tiles have been removed from the building in the same block where the A.T.Co. 351st Infantry is billeted and were used to repair the roof of another building in same block. The building from which the tiles have been taken had everything removed prior to our occupation, except from the walls and the roof and was unusable. From the time the premises were requisitioned by us the building was never occupied by any of our troops.-
4. The Regiment occupies only two properties requisitioned in the zone of Ugovizza, one is the barracks mentioned in the original communication, the other a building in Via del Ugue. From an inspection made it results that nothing has been touched in the last named property.-
5. Therefore it can be established that no tiles, other than those reported above, have been removed.-

sgt. Charles C. Brasher  
Lt.

C O P Y.

To: General Commanding the 88 Inf. Div., Apo 38, US Army.-

1. We would call your attention to attachment 1; the enquiry refers to the original.
2. The tiles removed from the unusable building in the requisitioned area have been used to repair another building in the same block. These repairs were necessary for the welfare of the troops billeted in the repaired building.-
3. The Villa referred to in para 1 of the original is not known to us, but probably is the damaged and useless building referred to above.-
4. Apparently no building has suffered any loss as the result of these repairs, on the contrary, a building has benefited.-

Ref. conversation.

1. It seems that a British Unit ( strength : about 275 men ) will be in the next future lodged in the S. Giorgio Maggiore Island, where, as known, there is the Arty Direction of this Card, over a Unit of 150 men.
2. The arrival of this new Unit , which would rise to 800 men the personnel in the Island, will provokes a hard crisis in the services, particularly in respect of the water-supply - which is difficult also in normal times, when the people of Island is of about 250 men during the work time and 100 during the rest of the day, and electric power supply - which is now insufficient for needs.  
Moreover the work of Arty Direction would be thus much more difficult, as in this particular moment it has to provide large and urgent necessities due to the arrival of two important Units in the zone.
3. In view of the facts quoted above, this B.L.U. is kindly requested to take interest so that the British Unit can be located elsewhere.

Many thanks.

1. It seems that a British Unit ( strength : about 275 men ) will be in the next future lodged in the S.Giorgio Maggiore Island, where, as known, there is the Arty Direction of this Cmd, over a Unit of 150 men.
2. The arrival of this new Unit , which would rise to 800 men the personnel in the Island, will provokes a hard crisis in the services, particularly in respect of the water-supply - which is difficult also in normal times, when the people of Island is of about 250 men during the work time and 100 during the rest of the day, and electric power supply - which is now insufficient for needs.
- Moreover the work of Arty Direction would be thus much more difficult, as in this particular moment it has to provide large and urgent necessities due to the arrival of two important Units in the zone.

3. In view of the facts quoted above, this E.L.U. is kindly requested to take interest so that the British Unit can be located elsewhere.

Many thanks.

By order,  
Signed: A. ICAUOL, Col.  
Chief of Staff.

Seguito comunicazione verbale.

I° - Sembra che un reparto inglese - della forza di circa 275 uomini sarà prossimamente alloggiato nell'Isola di S. Giorgio Maggiore, dove come noto, è sistemata la Direzione Artiglieria di questo Comando, in aggiunta al reparto di 150 uomini che colà già risiede.

II° - L'arrivo di questo nuovo reparto, che porterebbe a circa 800 unità il personale presente nell'Isola, metterebbe in grave crisi il funzionamento dei servizi, specialmente per quanto riguarda il rifornimento dell'acqua potabile - difficile già in tempi normali quando nell'Isola sono presenti circa 250 uomini nelle ore lavorative e solo un centinaio nelle rimanenti ore - e dell'energia elettrica già adesso insufficiente ai bisogni.

Inoltre verrebbe messo in grave disagio il funzionamento della Direzione di Artiglieria proprio in questo particolare momento in cui occorre predisporre la organizzazione per far fronte alle maggiori necessità dovute all'arrivo nel territorio di due grandi unità.

III° - In considerazione di quanto sopra, pregesi codesto B. L.U. voler cortesemente interessarsi perchè il nuovo reparto venga dislocato altrove.

Si ringrazia.

2. Copy of 605 Ger GT Coy RASC letter 605/60/11 dated 19 Feb is fwded.
3. Clear orders have been issued in both English and German forbidding the removal of material from bks and these orders are strictly enforced.
4. Greater activity on the part of the Italian guards would prevent the continued removal of materials by civs.

1. Reference your 34/420 dated 5 Feb 47.
2. Though I have made very careful enquires, I could not find anything in support of the first complaint.

As for the second complaint, I have found out that two German SEP's (against whom the necessary disciplinary action has been taken), on the morning of 31 Jan 47 carried away with the aid of a vehicle of this Coy, 2 wood beams which were lying on the ground.

It appears that the night before, civilians living in the vicinity of the barracks pulled down the 2 beams (or perhaps some more) and, probably because too heavy, could not carry them away. In the morning 2 German SEP's found them, and instead of reporting the matter to this HQ, took them away.

3. In spite of the Italian guards (who were requested by me, and not at the initiative of the Italian authorities, as is stated by them), the civilians are still going on with the same practice, and it seems that the guards could not find a better way of excusing their incompetence than to accuse British and SEP soldiers under command of causing damage which is, in effect, caused by the civilians.

1 It is the intention of this HQ to derequisition the premises in MESTRE now occupied by the Italian Army DID, in order to provide work for approx 300 persons with the SAVA Aluminium factory.

2 It is requested therefore that alternative accn for this unit be found elsewhere and it is suggested that the unit may well be accommodated in the bks in MESTRE now occupied by the Italian Civil Police.

Failing this, it is understood that the management of the SAVA factory would be prepared to provide alternative accn in order to free the machinery in the bldgs now in use, but any further property occupied by this unit cannot be the subject of a requisitioning order by the Brit Mil.

3 The matter is one of urgency owing to the serious unemployment problem in this area and your early investigation and reply would be appreciated.

- 1 The bks are occupied by Allied tps and civ refugees and the damage referred to has occurred entirely in that part of the bks occupied by civ refugees.
- 2 In Dec 1946 the local civ authorities were requested to provide a guard to prevent the removal of timber and other materials. The guard was provided but has done little to prevent continued looting.
- 3 An officer of the unit in occupation states that the removal of material is conducted in an organised manner and that a look out is posted in order to give warning of the approach of Allied or SEP personnel. He considers from his own personal knowledge that the Italian Guards take no action to prevent these incidents and permit civs to enter the perimeter of the bks, through holes in the wall.
- 4 There is no evidence to support the statement in para 2 of 5 Territorial Command letter and the Allied tps and SEP in occupation are in no way implicated.
- 5 On 9 Jan 47 a British NCO observed civs entering by the holes in the wall referred to above and the lack of action on the part of the guards. 70 sheets of corrugated iron were stolen on this occasion, some of which were recovered by Brit CMP.
- 6 It would appear therefore that the responsibility rests with the Italian authorities.

1. Ref para 3 of letter dated 3 Feb 47.

There is no proof that any of the damage assessed by the Major Pirrone was occasioned by Allied Tps; it may equally well have been Germans or Partisans.

It is NOT proposed to increase the rate of work which this unit is constantly maintaining to improve the condition of the Barracks.

2. Ref para 4.

The specific use to which the Italian Command intend to put Umberto Barracks is not known; but it is pointed out that these premises have, as they now stand, been considered fit for a Regular Regiment of the Victorious British Army to live in for the past year.

Ciò premesso, si comunica quanto d'intesa con le Autorità Britanniche, la Presidenza dell'A.R.A.R. e questa Direzione Generale è stato convenuto in merito alle modalità da seguire per la presa in consegna degli impianti fissi in parola, quando questi si trovano in immobili occupati dall'A.R.A.R. per espletamento del suo servizio istituzionale (rilievo ed alienazione materiale) e per la regolamentazione delle occupazioni da parte dell'A.R.A.R. di immobili contenenti soltanto materiali residuati di guerra.

1° - Alle operazioni di presa in consegna degli impianti fissi eseguiti su immobili privati requisiti, dovrà intervenire anche il rappresentante dell'A.R.A.R. per ricevere contemporaneamente in consegna gli impianti fissi in uno con gli immobili, rilasciando al rappresentante dell'Ufficio Requisizioni A.A. ricevuta analoga a quella che da quest'ultimo viene rilasciata all'Autorità Britannica cedente.

Memorandum.

1. I would like to know how long my house and my private Hospital at Nos 1 and 3 Via Tarvisio - Udine - will be requisitioned having I to provide to their rent or sale. Such a requisition has stopped for 2 years the whole my commercial and professional activity.

2. On May 1946 a therapic apparatus (Light-Bath) has been removed by a Medical Offr belonging to the first Unit which occupied my house. F.A.F. asked me to leave the apparatus for their hospital, settled in my house. I have regularly denounced the fact to the Town Major of Udine with written witness given by a British Offr Robert Barlow, who knew the removal and could find out the apparatus at the Military Hospital at Via Pracchiuso - Udine, and later at the Military Hospital in Klagenfurt from where then it disappeared.

I have gone for 4 times to Padua in order to settle the matter (Claims and Hirings - 13 Via Dante) and three times to the same office in Trieste without joining any conclusion. The actual value of the apparatus is of about 200,000 lire. Now I do not know whom I have to apply to in order to have satisfaction. I have sent a claim to AMO at the Udine Municipio without receiving any answer.

Yours Milani Castellani.

If the Italian Command are feeling anxious as to the condition of the premises occupied by this unit, I suggest that an inspection of the barracks be arranged, by appointment.

Certain alterations have been made to enter for the welfare of the troops, but no deterioration is taking place in the barracks block.

It however be borne in mind that APV's (including a large number of Tanks) do make a lot of damage to the area in general. The damage is being kept down to the minimum.

One wall of a hanger has been removed to allow tanks to be parked inside. If this had not been done the hanger would have been useless from the point of view of accommodating APV's.

The following comments are made reference para 1 and 2 of
5 B.L.O. letter.

1. As far as is known there have never been any fixtures in the storerooms used by units i/c in Villa Vicentina. On the contrary certain fixtures have been installed notably lighting in all sheds, all tiling to inhabited halls have been repaired and roofs weatherproofed.
2. Modifications that have been made were made over a year ago and consist of fixing partitions in G.I. sheeting and plaster-board all of which are easily removable on evacuation.
3. Modifications proposed in December '46 by 250 F.D.S. were the laying of concrete in-roads and construction of ramp to two halls which has apparently been authorized by G.B.C. since G.S. Corvignone has started filling on site.
5. A number of trees were cut down when this scheme was approved to enable tanks to turn before entering sheds.
