Memo:- Lt.-Colonel [illegible], 5 British Liaison Unit, BG/A/76/212/47, 6 Oct 47.

Dear:

I am sorry to be troubling you again, but I would like to clear up the question regarding certain signal equipment which was loaned, on loan, to [illegible] in Nov '45.

This equipt was loaned to enable the Fn to carry out its duties on the V.G. Partern Bty. It consists of:-

(i)	Wireless Sets No 19 Mk III	Quantity	Six
(ii)	Telephone Sets F	"	Twelve
(iii)	Switchboards U.C. 10 Line	"	Three
(iv)	Charging Sets	"	Three

The Italians would very much like to hold on to these items, preferably as a gift or if this is not possible, they are prepared to purchase in the normal way. At the moment, all the stuff is in use by Carabinieri, Firenze Questa etc., awaiting the Provisional Boundary.

As regards the various vans held by the Fn (3 w/o's, one 3 ton and five 15cwt's) it appears that the Italian Government have already purchased these. A copy of an AMGA letter, which refers, is attached.

Yours

1. REF. PARA 3 OF THE A/Q LETTER WHICH HAS BEEN FORWARDED TO THE ITALIAN MISSION UNDER MY CONTROL IN GRAZ BY 5 TERRITORIAL COMMAND. PLEASE NOTE THAT IT IS IMPRACTICABLE TO ASK AN ITALIAN UNIT TO COLLECT FROM GRAZ SINCE.

(A) IN ALL PROBILITY THE SIGNATURE OF THE ITALIAN WHO WILL TRY TO TAKE OVER THE STORES WILL NOT BE ONE OF THOSE ON THE ITALIAN DEFENCE MINISTRY LIST OF OFFICERS AUTHORISED TO SIGN FOR STORES ON THEIR BEHALF EX AUSTRIA AND

(B) IT IS MOST UNLIKELY THAT THE AUSTRIAN AND BRITISH BORDER CONTROLS WILL LET REPRESENTATIVES OF AN UNAUTHORISED ITALIAN UNIT ENTER THE BRITISH ZONE WITHOUT A LONG WINDED FORMAL CORRESPONDENCE AND PASSES SIGNED BY G.S.(1).,B.T.A., AND ENTRY AND EXIT BRANCH, A.C.A., VIENNA.

2. IF STORES ARE REQUIRED URGENTLY IT WILL BE MUCH SIMPLER AND QUICKER IF 5 B. L. U. COLLECT AND HAND OVER THE STORES TO THEIR CONSIGNEES. AFTER HANDING OVER, THE I.L.F.B. SHOULD BE INFORMED IN ORDER THAT THE SHIPPING TICKETS CAN BE MADE OUT FOR MINISTRY OF DEFENCE SIGNATURE.

3. IN THIS CASE (54 BATTERIES MK 11) I HAVE ARRANGED FOR THESE STORES TO BE SENT BY ROAD TO UDINE (5 TERR COMMD.) AND HAVE ARRANGED FOR AN ITALIAN OFFICER QUALIFIED TO SIGN AS UNDER PARA 1 (A) ABOVE .

SUBJECT:- Allied Radio-sets used by TOLMEZZO Bn on duty at the Frontier.

TO :- 5 BLU UDINE.

This HQ has asked intervention of this BLU in order to obtain that the 6 Allied Radio-sets type 19, which have been given to the Alpini Bn for their duties at the Frontier, are given to the Italian Army.

As the taking over of the new Frontier is now imminent, we ask again that this BLU take kind interest on this subject.

We point out that owing to the deficiency of radio sets, this HQ would receive a great help if the a/q sets could be handed over to us for the duties at the frontier. This HQ will be compelled to overcome serious difficulties in the case that those radio-sets are not given.

Nº 3334/O.A. di prot. Udine, lì // settembre 1947

OGGETTO: Stazioni radio alleate impiegate dal Btg. "Tolmezzo" per il servizio lungo la Security Control Line.-

AL 5° B. L. U. S E D E

.....

Già altre volte questo Comando ha interessato codesto B.L.U. per ottenere che le 6 stazioni alleate tipo 19 concesse dagli alleati in temporaneo uso al Btg. "Tolmezzo" per le necessità del servizio lungo la Security Control Line vengano cedute all'Esercito Italiano.-

Nell'imminenza ora dell'assunzione delle responsabilità della frontiera da parte di questo Comiliter, si rappresenta nuovamente la questione a codesto B.L.U. affinchè, voglia interporre i suoi buoni uffizi in merito.-

Si significa che in conseguenza della deficienza di stazioni radio in cui trovasi questo Comando, per i compiti che è chiamato ad assolvere, la disponibilità delle 6 stazioni in parola costituirebbero valido aiuto, senza il quale questo Comando si trova in difficoltà insormontabili per realizzare la rete radio indispensabile per il servizio di sorveglianza alla frontiera orientale.-

TOLMEZZO Bn HQ.

No 6622/Mat 31 Aug 47.

SUBJECT:- Vehicle.

TO :- 5 BLU UDINE.

Copy to:- 8 Alpini Regt HQ TOLMEZZO.

In order to contact the personnel under my command, and to grant the regular service at the Road Posts with frequent inspections from Passo Predil RP to Grado, and to inspect also the Unit in training during the next exercises, I need a light and fast car.

The only Jeep at our disposition is unserviceable and the engine must be changed. Such change has already been requested.

As I suppose that repairs will require a long time, I ask that in the meantime a car or Jeep is temporarily given to this Comd by Allied or Italian Authorities.

Allo scopo di riprendere alla mano il parcello e, con lezioni frequenti, garantire il servizio di Posti Blocco dai Fradil a Grado e nel contempo visitare il reparto di addestramento nelle prossime escursioni, si è assolutamente necessario e del tutto urgente poter disporre di un autocarro leggero e veloce.

L'unico Jeep in carico al Reparto - poco prima del suo rientro al Battaglione, trasferito perché indispensabile di scorta per cui sono in corso pratiche.

Poiché occorre che la esercitazione riprenda qualche tempo, chiedo che mi sia concesso o dal Comando Militare, dal quale il Battaglione dipende per l'impiego, o dal Comando Stesso, in temporanea una o due vetture o una Jeep.-

1. It is pointed out that :-

(a) this matter was dealt with through the Cond'te Genio Militare, 5 Terr Cond
and (b) the TOLMEZZO Bn on the Frontier is under direct command (HQ) through 5 British Liaison Unit.

2. It is realised, of course, that under no circumstances whatever would such affairs be dealt with direct with an ordinary Italian unit but it would seem that, in this case, the procedure adopted was absolutely correct.

(a) questa questione fu trattata col Comandante del Genio Militare del 5 Comando Territoriale.

(b) il Battaglione TOLMEZZO alla frontiera e' sotto il comando diretto del CRL attraverso il 5 British Liaison Unit.

2. Si capisce naturalmente che per nessun motivo tali questioni dovrebbero essere trattate direttamente con un ordinario Ente Italiano, ma sembrerebbe che in questo caso la procedura adottata sia stata perfettamente corretta.

Reference your AQ 76/172 dated 1 Aug 47.

1. It should be realised that the acute shortage of cigarettes for the British Nation as a whole is in no wise alleviated and the fact that the British Forces have now been given the privilege of increased supplies should stress the necessity for continued economy; the recent statement by the Prime Minister in the House of Commons should have adequately stressed the need for saving on dollar expenditure.

2. The issue of cigarettes to Italians is not considered a justifiable call on Britain's dwindling dollar resources and your suggestion that this is increasing our export trade would appear frivolous.

"The driver - Alpino DREUSSI Icillio, at about 1430 hrs eluding the surveillance of the O/C the Road Posts Group, went out with two other soldiers: Alpini GREGORIS Ermanno and BORGNA Marcello with the 15 CWT in order to go to the house of one of them. In the neighbourhood of the Cividale Cemetery an Allied car whose number was not seen collided with the 15 CWT which came off the road and after many skids, crashed into a tree.- Alpini GREGORIS Ermanno and BORGNA Marcello has light injuries and the driver light contusions.-

The American lorry continued its way to Cividale without helping the Alpini who were taken to the Udine Military Hospital by a civilian car.-

The Special Police Section of Cividale has been informed about the accident, and enquiries to find out the American lorry have already started.-

I have personally made enquiries on the reasons of the accident to state the responsibility.-

The 15 CWT had the u/m damages:-

- the hood is broken
- the body is broken
- the chassis is damaged
- the brakes are damaged
- the stearing wheel is broken

The lorry cannot be towed. The 'break down truck' is necessary.

I have provided:

1) To retire the driving licence from the driver.

2) To propose to the 8 Alpini Regt. to denounce the driver at the Military Court Martial for the u/m offenses:-

- Destruction and damages of military property (Art. 169 of the Penal Military Code.- Peace - time.)
- Theft of use (Art. 233 of the Penal Mil. Code)

./.

Declassified E.O. 12356 Section 3.3/NND No. 785020

3) Maximum of punishment to the Alpini who have persuaded the driver to go out with the car.

4) Proposal of punishment for the OC the Road Posts Group for ~~the~~ little surveillance of the lorry.-

Documents for the denounce will be sent soon to 8 Alpini Regt. Command. A British form regarding the accident compiled by the Unit Commander is herewith appended.-

Il giorno 6 Maggio alle ore 3 sulla strada Cividale Udine nei pressi della curva del Cimitero di Cividale, un autocarro americano 3 assi, di cui non si é riuscito a prendere la targa, urtava il Ford I5 CWT targa 5346I66 in consegna al Gruppo Posti Blocco di Prepotto, l'automezzo sbandava e finiva contro un albero riportando gravi danni.-

L'incidente si é svolto nelle seguenti circostanze:

""Il conduttore, alpino DREUSSI Icillio, verso le ore 9, eludendo la sorveglianza dell'Ufficiale Comandante il Gruppo Posti Blocco, usciva insieme con due compagni, alpini GREGORIS Ermanno e BORGNA Marcello, con la macchina, per recarsi in casa di uno di essi. Giunto all'altezza della curva nei pressi del Cimitero di Cividale una macchina alleata del tipo 3 assi, di cui non si é riuscito a prendere il numero di targa, urtava il Ford, che sbandava e dopo aver effettuato diversi slittamenti, finiva contro un albero.

Dei tre uomini a bordo dell'automezzo, due di essi alpino Gregoris Ermanno e alpino Borgna Marcello riportavano ferite leggere, il conduttore leggere contusioni.

L'automezzo americano proseguiva la corsa in direzione di Cividale senza fermarsi a soccorrere i feriti, che, venivano trasportati dopo pochi minuti all'Ospedale Militare di Udine, da una macchina civile di passaggio.""

Dell'incidente é stato informato il reparto "Special Police" di Cividale, che ha già iniziato le indagini per la ricerca della macchina americana.

Ho condotto personalmente le indagini sulle cause dell'incidente e sulla responsabilità relativa.

L'automezzo ha riportato i seguenti danni:

- Schiacciamento del cofano;
- Rottura della carrozzeria;
- Piegamento dei longheroni del telaio;
- Piegamento degli assali;
- Bloccaggio dei freni;
- Sterzo guasto.

Non é possibile il rimorchio - occorre il carro grù.

Ho disposto:

SUBJECT: - Vehicle Requirements.

DAA & QMG

It was decided at a meeting held on 30 Oct 47 that the vehicle requirements of the British Liaison Unit in Germany (now 10% of the establishment laid down by our referee).

On 4 Nov, we called Unit 10 mech. Sqn.R.A.S.C. stated this vehicle already transferred to our Unit. Immediately C.O. 5 B.L.U. telephoned C.O. Unit Office (Capt.Lee) who said matter could be clarified in 2 or 3 days. Since then nothing further has been heard.

As the operational efficiency of our "Volunteer" Bn. depend on similar measures, it is important for this to move in advance the situation about re-Lacrosse. It is also necessary to make accurate forecasts to do.

Will you please therefore keep this HQ informed as to progress.

8 Alpini Regt.
TOLMEZZO Bn.- 3rd Coy

SUBJECT: - Accident Report.

TO : - H.Q. "Tolmezzo" Alpini Bn. - UDINE

At about 1800 hrs on 15 Apr.47 I arrived at CHIOPRIS accompanied by the commander of Groups detached at TARCIANO, 2 Lt.SARACCO, in order to make an inspection to the detachment and the road posts,, taking in the meantime the rations for the detachment.

Being the Commander of the detachment, Serg.Maj, PERILLI Camillo, absent I sent for him and went by foot, with Lt.SARACCO, and inspected the road posts and the huts set up by Genio Militare.

Nearly 100 meters from the Road Post North, I saw the lorry of the Coy coming, driven by Seg.Maj. PERILLI, who stopped near us. I had the impression that he were an experienced driver.

I ordered him to drive the lorry back to the Command. At that moment I hadn't the idea to send him and call the driver. After a few steps I heard a strong stroke and I saw the lorry against the wall of the nearest house in Via Oberdan. We went on the place and found that the Sgt.Maj. had already come down from the lorry and suffering for a hit on his right knee. The lorry was seriously damaged in the forward parts.

I left a guard of Alpini who came while the NO was accompanied to the huts, where the MEDICA doctor visited him little later. He stated that the injury was curable in 10 days, owing to an bad contusion on his right knee.

In the same afternoon the lorry was taken to PALMANOVA and the NO recovered in the Hospital at PALMANOVA.

The serious accident confirms the judice I had about Sgt.Maj.PERILLI in this first month he served under my command, in fact he is not a serious person and without sense of responsibility.

I propose for Sgt.Maj.Perilli the maximum of punishment.

He is in possession of military driving licence.

At about 1800 hrs on 15 Apr.47 I arrived at CHIORIS accompanied by the commander of Groups detached at TARCIANO, 2 Lt.SARACCO, in order to make an inspection to the detachment and the road posts,, taking in the meantime the rations for the detachment.

Being the Commander of the detachment, Serg.Maj, PERILLI Camillo, absent I sent for him and went by foot, with Lt.SARACCO, and inspected the road posts and the huts set up by Genio Militare.

Nearly 100 meters from the Road Post North, I saw the lorry of the Coy coming, driven by Seg.Maj. PERILLI, who stopped near us. I had the impression that he were an experienced driver.

I ordered him to drive the lorry back to the Command. At that moment I hadn't the ides to send him and call the driver. After a few steps I heard a strong stroke and I saw the lorry against the wall of the nearest house in Via Oberdan. We went on the place and found that the Sgt.Maj. had already come down from the lorry and suffering for a hit on his right knee. The lorry was seriously damaged in the forwarded parts.

I left a guard of Alpini who came while the WO was accompanied to the huts, where the MEDRA doctor visited him little later. He stated that the injury was curable in 10 days, owing to an bad contusion on his right knee.

In the same afternoon the lorry was taken to PALMANOVA and the WO recovered in the Hospital at PALMANOVA.

The serious accident confirms the judice I had about Sgt.Maj.PERILLI in this first month he served under my Command, in fact he is not a serious person and without sense of responsibility.

I propose for Sgt.Maj.Perulli the maximum of punishment.

He is in possession of military driving licence.

As results from the appended testimony any fault of Al Ino DI GIUSTO is to be excluded, as he had not the time to avoid that the WO started with his lorry.

SUBJECT: - Statement.

I, Lt.SARAGO Francesco, son of the late Antonio, born in 192? - UDINE, Commander of Group Detachments at TARCENTO, state: -

On 15 Apr.47 at about 1800 hrs, I arrived with the Coy Commander at CHIOPRIS with the lorry which was taking rations to the Detachment.

While the Alpini were unloading the lorry, after a short inspection I went by foot with the Coy Commander toward the Road Posts to inspect them and to find out Sgt.Maj.PERULLI, who commands the Detachment. We were near the Northern Road Post, when we heard the noise of the lorry approaching. We were surprised to see that Sgt. Maj. Perulli drove it. He, having seen us, stopped. Lt.SARAGO told then him the following words:" Who gave you authority to drive the lorry? Go immediately back to the huts and after we see you again. ...."

The NCO gave no answer and started again to take back the vehicle. He made just few steps when we heard a violent stroke, we saw that the vehicle had collided with the wall of a house. We run on the place and found the N.C.O. who suffered for a hit had on his knee. Here too, Lt.SARAGO reproved him and he answered: "I am perfectly conscious about what I did. You can punish me, you can do what you wish. I am the only responsible. I drove the lorry without any authority." We could not do anything, but see the damages of the vehicle.

TARCENTO 16 Apr.47.

Having known that the Coy Commander, Lt.ZERNE, had come to CHIOPRIS, and he went to make an inspection at the Road Posts: With the purpose of joining him as soon as possible, I went up the lorry . As I started, the Alpino driver DI GIUSTO Carmelo, who helped the soldiers in the operations of unloading the supplies he brought from Palmanova, run toward me and shouted: " Sgt.Maj. leave me the car." I answered with my hand and said: " Don't worry." and while he went back to the hut I left.

I met Lt.ZERNE and ZLt.SARACC on the road to the Northern Road Post. I stopped the car and before I could say anything Lt.Zerne said to me: "Where are you going? Who gave you authority to move the lorry? Go back immediately and then I see you....." I obeyed. -

I stopped at about 50 meters from a bend on the road to the cantonment, so since I started again I had just changed into the 3rd gear when at a low speed I was near the bend and when I turned the steering wheel it did not operate, so I braked immediately. Although the action had been immediate, I could not avoid the hit. I switched off the engine, changed into the neuter and came down from the lorry. I saw the officers coming. The Coy Commander said: "You are a wanting. I'll denounce you. You will pay the car. Look what a damage you made to the State."

On 15 Apr., at about 1830, the British Dodge 3 Ton. No. 5316785 of the 3rd Coy of Palmanova, driven by DI GIUSTO Carmelo was going to Chiopris Detachment for the fortnightly supply.-

During the unloading works done by the driver and another Alpino, Sgt. Maj. PERULLI Camillo, commanding the detachment, unauthorized went on the vehicle and, as the driver was in that moment in the magazine, started, but owing to his inexperience and the high speed dashed into a house causing the following damages to the lorry:-

1) Lorry
- bumper broken
- damage to the bonnet
- damage to the radiator and helix
- damage to the front suspension
- damage to the mudguard and front light
- damage to the body
- damage to the stearing wheel.-

2) House
- damage to the plastering (it will be repaired by the 3rd Coy)

The lorry has been taken to R.E.M.E. - Udine on 17 Apr. 47.-

The responsability of the driver is definitely to be excluded (Alpino DI GIUSTO Carmelo). When he saw the lorry leaving run from the magazine and attempted to reach the lorry, in vain.-

We consider that the only responsible is Sgt. Maj. PERULLI Camillo.

I therefore have punished Sgt. Maj. PERULLI of 15 days of prison for this reason:-

" Unauthorized he drove a vehicle provoking several damages to it."

The WO has an injury on his leg recoverable in 10 days,-

1. The attached copy of a letter received from Air (Land Forces Branch) is passed to you. I would be grateful if you can give an answer to para 3.

2. The same situation arises regarding the vehicles of "AUTOCARRI"Bn, which were issued to them in the first place nearly two years ago to enable them to carry out their duties as a "Guard Bn" and retained by them when they manned their present duties on the Western Edy of VENEZIA GIULIA. These vehicles are all verging on a state of B.E.R. as presumably are the vehicles of the Carabinieri also.

2. The resources of this legion will shortly be strained to the utmost by:

(a) Major responsibility for frontier duties;

My Dear Walter

Very many thanks for your letter. I think the easiest way of arranging purchases through the EFI Sports shop would be for one of your British staff to accompany Mme. Luccardi of 22 Via Stupparitch, TRIESTE, to make the purchases.

She has collected the money and is responsible for accounting for it. Her telephone number is TRIESTE 93590.

If I could have details of the intended purchases I will instruct EFI to release.

Yours

Dear

With reference to your query as regards to how the Tolsenso Bn would like the remainder of the Welfare money expended.

Col SOSIKI suggests the following in order of priority so far as the money will allow - Footballs - Woolen Socks - Gillette Razors.

Actually they should be alright for socks as Welfare (British) gave them quite a useful consignment not so long ago.

Many thanks for the interest that you have taken and the help that you have given to the Battalion.

This Bn has received from the F.P. 6800 liters of petrol for the month of February.

The petrol has been given to the 2nd and 3rd Coys and to the Road Posts.

The Bn has now 30 liters of petrol for its necessities.

The HQ Coy which supplies the Road Posts has no petrol.

I shall therefore withdraw 1000 liters from C.I.F. which are the supply of Febr ary for the Italian vehs.

In the next future I shall be compelled to apply to this BLU again in respect of this matter.

1. A full investigation is being held into the reasons for the poor maintaince of the vehicles, and action will be taken.

2. It is pointed out however that there is another side to the question, although there may be negligence. This Battalion transport is enormously under strength for the milage it has to do, and much of it is over very rough mountain country.

3. It has taken weeks to get GHQ authority to increase the strength, and consequently the vehicles are grossly over worked, and have little time for maintaince.

4. The unit itself has constantly reported that unless they can put vehicles on the road for maintaince, that they will get into this condition, but this they could not afford to do unless the strength was increased.

5. Being detached from their Regt. under GHQ orders they have no Italian L.A.D. facilities.

Ref your 2536/2/Q dated 10 Dec 46.

1. O.C. [redacted] Bn has stated that he considers that the GHQ allowance of 1350 gallons a month is not sufficient to enable him to carry out his role on the W.D. Eastern Boundary.

2. Attached is a statement from the O.C. showing that the patrol would be continual. An entirely separate survey was made by this H.Q. and it was thought that 1750 gallons per month would be required. It would be noted that the O.C. is asking for approx 2400 gallons, it is not considered that this figure gives a sufficient margin of safety.

3. As regards the O.C.'s statement, it could be argued that the daily service (Serial 7) is unnecessary and that these trips could up to a point be combined with Serial 4 and 5. This might result in a saving of say 200 gallons a month. On the other hand I consider that Coy Cmds (Serial 5) should visit their posts more frequently. Even assuming that advantage is taken as often as possible of obtaining lifts in Serial 1 and 4. It is not thought that the amount of petrol allowed for this task is sufficient to enable the Coy Cmds to adequately supervise their posts. The 200 galls saved on Serial 1 would thus be offset by this addition. As regards Serial 7, I consider that the Bn Cmd has made a conservative estimate. There are numerous occasions when unexpected trips have to be made, eg, visit to post by an officer to investigate incidents, and reporting sick, prisoners or witnesses at C.Ms untimely hours, C.O. etc visiting H.Q., drawing Red stores from British or Italian Depots, transporting approved personnel from post to nearest guardroom. In fact it is thought that the correct ration under this heading would be more in the region of 700 rather than 500 gallons.

4. I will not deny the possibility of small quantities of petrol finding their way on to "the black market". However I do not think that the risk is any greater with the [redacted] Bn than with any British Unit. The Bn Command is a capable administrator, keen on his job and very much all there.

5. The petrol allowance from the War Diary (4 galls per Italian van per day, is entirely excluded servicing the two Coys at Asmara (3½ miles from [redacted] visiting Regt HQ at Keren (60 miles from Coy area) and other purely Eritrean military business.

On the 9 Jun 46 the Public Safety Division AMG Udine Province, encharged this Command of the payment of rent for premises used by the detachment of this Bn. (ex 517 Guards Bn) in service of vigilance at the Jails in Spalato St. - Udine.

Ministry of War Direzione Generale del Genio - to whom this Command applied in order to authorise occupation of flats and payment of rents, let us know that it was not Military Admin. competence to provide premises for troops on service of vigilance at the Jails, and for this reason, denied his authority to pay the rents.

Riferimento foglio n.311/8 di codesto Comando in data 13 corr.mese.

Il 9 gennaio 1946 la Pubblic Safety Division dell'A.M.G. della provincia di Udine incaricava questo Comando al pagamento dei canoni relativi all'occupazione dei locali in uso al distaccamento di codesto Battaglione(a suo tempo 517°Btg.Guardie)in servizio di vigilanza alle carceri giudiziarie di via Spalato Udine.

Il Ministero della Guerra - Direzione Generale del Genio - a cui questo Comando,tramite la diperdente Direzione Lavori Genio, richiese la sanzione alle occupazioni in atto e l'autorizzazione al pagamento dei canoni,fece conoscere che non rientrava nelle competenze dell'Amministrazione Militare il provvedere all'acquartieramento di militari addetti al servizio vigilanza di carceri giudiziarie - e per tale motivo negò l'autorizzazione al pagamento dei canoni.

A seguito interessamento di questo Comando,La Direzione delle Carceri di Udine assunse l'onere di tale pagamento in data 21 settembre 1946.

Pertanto,ne consegue che anche ai lavori richiesti da codesto Battaglione tramite il 5° B.L.U.,dovrà provvedere la predetta Direzione che già è stata interessata al riguardo con foglio n.155 Tav/V.del 9 corr.mese.

Sarà però opportuno,in considerazione dell'indispensabilità e dell'urgenza dei lavori richiesti,che un incaricato di codesto Comando prenda contatti con la Direzione del Carcere per ottenere quanto sopra e prospetti poi le difficoltà che potessero sorgere a questo Comando.

Riferimento foglio n.311/8 di codesto Comando in data 13 corr.mese.

Il 9 gennaio 1946 la Pubblic Safety Division dell'A.M.G. della provincia di Udine incaricava questo Comando al pagamento dei canoni relativi all'occupazione dei locali in uso al distaccamento di codesto Battaglione(a suo tempo 517°Btg.Guardie)in servizio di vigilanza alle carceri giudiziarie di via Spalato Udine.

Il Ministero della Guerra - Direzione Generale del Genio - a cui questo Comando,tramite la dipendente Direzione Lavori Genio, richiese la senzione alle occupazioni in atto e l'autorizzazione al pagamento dei canoni,fece conoscere che non rientrava nelle competenze dell'Amministrazione Militare il provvedere all'acquartieramento di militari addetti al servizio vigilanza di carceri giudiziarie - e per tale motivo negò l'autorizzazione al pagamento dei canoni.

A seguito interessamento di questo Comando,La Direzione delle Carceri di Udine assunse l'onere di tale pagamento in data 21 settembre 1946.

Pertanto,ne consegue che anche ai lavori richiesti da codesto Battaglione tramite il 5° B.L.U.,dovrà provvedere la predetta Direzione che già è stata interessata al riguardo con foglio n.155 Tav/V.del 9 corr.mese.

Sarà però opportuno,in considerazione dell'indispensabilità e dell'urgenza dei lavori richiesti,che un incaricato di codesto Comando prenda contatti con la Direzione del Carcere per ottenere quanto sopra e prospettare poi le difficoltà che potessero sorgere a questo Comando. ~~che vogliano provvedere direttamente~~.-

Dear Col Watkin,

I have already seen one of your officers and have promised to help this Italian Bn.

My difficulty has been in getting up stores from NAPLES. These have now arrived and I can meet your requirements for Woollens, Indoor Games and sports gear. I can also supply Wireless sets which are not in first class condition.

Can you send a vehicle to my HQ, for, as usual, I command no transport. If so, will you be good enough to let me know when it will arrive, so that we can be ready for you.

To make it 'legal' I will make the issue to 5 B.L.U.

My very best wishes to you and Mrs WATHEN for this year.

Yours sincerely

Sarebbe urgente e necessario che le radio distribuite (n.6) fossero provviste di due generatori ciascuna.

Dear

I want to enlist your sympathy over the provision of Welfare Stores for the TOLMEZZO Bn. which is working for the Allies on the Y.G. Western Sdy. The majority of their posts are situated in very isolated and bleak surroundings in the mountains.

As you will know GHQ have approved that an issue of Welfare Comforts can be made. 1 AGRA were helpful but their resources were limited and they were only able to give us 3 gramophones and a mixed assortment (mostly gloves and scarves) of 150 woollen articles. The number of men directly employed for the Allies is now just over 300.

I think that the following would be most appreciated, Gramophones, if Wireless Sets are not available - Woollens, preferably pullovers and socks, indoor games and the odd football or two.

I called in to see you when I was down at ABANO before Xmas but unfortunately found that you were out.

All the best for 1947.

Yours,

Lt. Col.

At a conference at 5 B.L.U. between Major Jack Fwd Ops Sec - 5 B.L.U. and the C.O. Tolmezzo Bn, it emerged that Tolmezzo Bn is being very seriously hampered in its work by its serious Transport situation.

This has arisen due to the following points:

1. The Transport held, both British & Italian, has been used for months over rough country and due to wear and tear is in poor condition. 5 Trucks are off the road and beyond the repair of the Italian Local resources.
They have no L.A.D. in an independent Unit.

2. Subsequent to conversations 5 B.L.U. with GHQ it was agreed to try and obtain the release for 4 3 x tonners and 1 Jeep to the Battalion, on the understanding that it was clearly understood that this was a temporary measure till the deficiencies could be made good from Italian sources.
A Release Note DOSTR/4432 of 1 Nov 46 arrived for 4 3 tonners, but before this came the Italian Army released 4 light trucks and 1 Jeep. Consequently, in view ofthe agreement above this HQ cancelled the Release Notes for vehicles (5 BLU AJ/76/29 of 27 Nov).

3. A further burden on the Transport is the erection of Nissen Huts at some of the posts where there is no accommodation. This was arranged in conjunction with Fwd Ops GHQ. The Italian Engineers undertook the responsibility of erecting these, but the Italian Petrol resources are so meagre that the Transport for fetching and carrying the materials for these huts has devolved on the Battalion.

4. The general situation is therefore that they are faced with the job of maintaining a long frontier, much of it in exceptionally rough country, with old and worn out Trans ort, which would be considered inadequate for the smallest British Unit. In addition they are constantly urged by us, quite rightly, to visit the outlying posts more often - a thing at the moment not possible.

This HQ are arranging with [illegible] to examine and assess the state of the vehicles off the road. Meanwhile may the subject of the release of the 4 x 3 tonners referred to be resurrected as a matter of urgency. 12 sets are

Ref your 5732/G dated 27 Nov 46.

1. It is noted that the latest inspection date is 16 Nov since that date, a great many improvements have taken place.

2. In general it is thought that the US recommendations are on rather a lavish scale eg:

(i) Stoves, one small per Sentry box, one large per occupied room in the guardhouse. I consider that one large stove per guardhouse is sufficient particularly as all posts have a covered cook house where in a fire is burning most of the day. What are G (Ops) views regarding stoves in sentry boxes? It will certainly ensure that the sentry is in his box and therefore on his beat, whereas if there was no fire he would probably be encouraged to seek warmth in the nearest house. There is no difficulty over the provision of fuel.

(ii) Lanterns, this appears to be based on one per room, which is probably fair enough, the difficulty however is the provision of kerosene.

3. The chief deficiencies are roofing felt and glass. It is thought that the quantity of glass recommended by the US might be slightly reduced by the substitution where suitable of 3 ply wood.

4. It is not thought that barbed wire will really serve any useful purpose. All posts are located on a road and it is hardly practicable to surround completely a post with barbed wire.

5. The barricade at the VILLANOVA post has been repaired and that at VISINALE will be completed in a day or two.
Tele Army wire has been issued to the posts at VILLANOVA - SAN GIOVANNI and SAN SILVESTRO.

6. Regarding the recommendation to increase the strength of the PLANISCHIS post. I consider that all four "mountain posts" should be increased by 2 men, making a total of 1 NCO and 10. The Bn Comd agrees and states that he has sufficient men to do so. Bn Comd pressed for an early decision on this matter. I ordered him to increase the strengths as soon as possible.

7. D.D.P. for VILLANOVA Post. D.D.P. is not a normal Italian Army issue.

8. The Bn Comd in particular and also the officers concerned at Bn Comd are anxious to do their best to improve the living conditions of

4. It is noted that the future inspection date is to be after which date, a great many improvements have taken place.

2. In general it is thought that the UE recommendations are on rather a lavish scale eg:

I consider that one large stove per guardhouse is sufficient particularly as all posts have a covered cook house where a fire is burning most of the day. 5. The barricade at the VILLANOVA post has been repaired and that at VILLASLA will be completed in a day or two.

Telephone wire has been issued to the posts at VILLANOVA - SAN GIUSEPPI and SAN ERNST.

6. Regarding the recommendation to increase the strength of the MARTINUS post. I consider that all four "mountain posts" should be increased by 2 men, making a total of 1 BCO and 10. The Bn Comd agrees and states that he has sufficient men to do so. Bn Comd pressed for an early decision on this matter. I ordered him to increase the strength as soon as possible.

7. D.D.T. for VILLANOVA Post. D.D.T. is not a normal Italian Army issue.

8. The Bn Comd in particular and also the officers concerned at 5 Terr Comd are anxious to do their best to improve the living conditions of the Bn. The Director of Engineer Services states that it would be possible to produce all the glass, roofing felt, timber etc as recommended by GS Div. But as he has not sufficient in his own dump it will be necessary to buy on the Civilian Market. Prices are very high at present and he feels that if the full demands for the [illegible] Bn are met, he will have little money left to expend on the other Italian Units in the Command. Terr Comd are not pressing for a free issue, but ask if it is possible for them to purchase from GS Stocks as they assume that the prices would be considerably cheaper than in the ordinary Civilian Market.

9. There is a feeling in other units in the Command that they are starved over the provision of equipt, petrol, engineer stores etc. owing to the requirements of the TOLMEZZO Bn. I am unable to discover whether there is in fact any truth in this, although the following figures taken at random are significant.

	FELTRE BN	L'AQUILA BN	TOLMEZZO BN

Sig Equipt	NIL	NIL	12 tele 6 R.T.
Petrol Alloc per month in litres	4000	4000	15000

10. As regards the provision of British Equipt, the items mentioned in your GSO Branch Signals G 3/0128 d 16 Nov added to WTA were received (less btys for Wireless sets) on 1 Dec having been collected by this unit.

11. I have an assurance from the Bn Comd that in spite of anticipated difficulties during the depths of winter, his arrangements for the maintenance of the posts will not break down. He points out that the men are ALPINI !!

8 ª REPTO REGIMENT

No. 12568/7.a. 2 Dec 46

Subject:- Alpini Tolmezzo Bn Equipment.

5 B. L. U. Caine

I have noted what is stated in letter AQ/76/34 dated 28 Nov 46.

It is not correct that I never have made a request for coats of the type required; with letter 11835/Mot dated 8 Nov 46 directed to Territorial Command -Ufficio Servizi- I specified the request for "fur lined coats".

The same question was verbally specified to the Chief of "Ufficio Servizi" (Lt Col.Montegnano) who replied that no coats were available.

Dear Walther,

I have taken up the points in connection with the TOLMEZZO ALPINI Bn which you raised when I visited you at UDINE on 5 Nov.

The matters rest as follows:-

(a) Wearing of 13 Corps sign - turned down by GOC.
(b) Attendance at demonstrations by 5 BLU officers - most desirable, and you will be kept advised of any.

(c) Attendance at demonstrations by ITALIAN officers - agreed in principle, separate letter from G(Trg) being sent to you on this subject.
(d) Purchase of cigarette ration - taken up with 'Q' again. You will be told the decision when theatre stocks position etc has been investigated. I am not too hopeful of a favourable answer, though.
(e) Ordnance release notes for vehicles and stores - I have asked 'Q' that they be sent direct to 5 BLU, for the TOLMEZZO ALPINI Bn, instead of going via MMLA, ROME.

Yours sincerely,

T. de F. Jago
