Ref this HQ No AG/56/145 dated 1 July 47 and previous correspondence in respect of the u/m lathes. (C.E.M).

Lathe (SKODA) 1. Lathes (BOEHRINGER) 2.

1. It is pointed out that this matter is of long standing and A.M.G's repeated request for release order has still not been obeyed.

2. The lathes in question are C.E.M. and are listed as such in the 13 Corps schedule of C.E.M. which was handed over to A.M.G for sale in order to assist civilian re-habilitation.

3. You are now requested to treat the matter as extremely urgent and issue the necessary formal release order.

4. It is genuinely felt that any further delay will undoubtedly create unpleasant relations with Provincial Commission A.M.G. who is desirous of clearing up all matters in connection with C.E.M. at once.

Ref your telephone message of this morning respecting alleged illegal requisitioning of two rooms at the a/m address.

1. So far as is known no authority has been given by anyone at this HQ for the requisitioning of this property.

2. Neither has the necessity for such requisition ever arisen.

3. It is suggested that the civilian complainant should be required to supply in writing the names and units of the Officers alleged to be illegally occupying his rooms and also the copy of the "requisition" order which civilians know they normally receive when their property is taken over by a Military Authority.

Dear

There appears to have been a "jam-up" over collection of the tyres you kindly agreed I could have when I saw you.

S/Sjt BARRETT made out the indents and promised to pass them on to a responsible N.C.O., if he went on leave, but apparently failed to do so.

My bloke brought back the 600 x 16's (less tubes - inner) but said the 925 x 16 - quantity 5 were N/A. Sjt BARRETT actually got them ready for me while I was there, also the following:-

Covers outer	325 x 16	Quantity 1
Tubes Inner	" "	" 1
Covers outer	900 x 16	" 1
Tubes Inner	" "	" 1

I would be most grateful if you would permit Sjt HEAD (bearer of this Screed) to collect the above today, many thanks.

Yours

Italian Army have approached this Unit pointing out that in the LA COMINA Camp there are a number of Italian Army property Stores, mostly permanent fixtures. They fear that when you have finished there, you will hand the whole Camp to A.R.A.R. who will promptly snap up and sell these stores.

I am therefore writing to tell you that an Italian Officer will visit you in the near future. I will be grateful if you will allow him to recognize and point out to you the Italian Army Stores there in order that, when you leave, these stores are handed back to the Italian Army - NOT to A.R.A.R. please.

Minutes of Talk to Soldiers
given by G II.

5 Jul 47

1. Orders.

Relevant GAOs and ACRA orders were read out.

2. Points Raised by ORs

Rations. The BLU billet is becoming a sort of Transit Camp for drivers, British, German and Italian. Rations will not allow for this as there is only just enough for BLU personnel themselves on the present scale. G II ruled that:-

(a) The two Rhinemaidens reporting on Monday will not be fed at any time by the BLU.

(b) No casual meals will be served to any personnel other than British personnel of the BLU resident in the BLU billet. The only exception to this will be one civilian Brenkdo n lorry driver.

(c) Italian drivers of visiting officers etc will be accommodated and fed by the Italian Quartier Generale dept of 5 Territorial Command, and not under any circumstances by the BLU. (a), (b) and (c) above are orders. - All Officers to note.

3. Duty NCO and Duty Clerk

Sjt [illegible] pointed out the hardship of this due to shortage of NCOs and shortage of Clerks.

G II ruled that Camp will investigate the following suggestion and report.

(a) Duty NCO be abolished. In place of this, a duty Billet orderly roster be run.

(b) Ord Stores in the BLU billet. MMIA Stores, 12 B.L.U. Stores etc to be moved over to another Unit e.g. X Ord Stores on signature for guarding if possible.

(c) Ord Stores of the BLU itself to be transferred to this office and locked up.

(d) The duties of the Billet orderly be clearly laid down.

(e) Duty Clerk must continue as before.

4. Church Parade.

G II will get Camp Comd to issue written orders today. G II pointed out the rarity of Church Parades and indeed any parade in this Unit compared with others in UDINE, and therefore little cause for moans.

Declassified E.O. 12065 Section 3-402/NNDC NO. 785020

this as there is only just enough for BLU personnel themselves on the present scale. G II ruled that:-

(a) The two washermen reporting on Monday will not be fed at any time by the BLU.

(b) No casual meals will be served to any personnel other than British personnel of the BLU resident in the BLU billet. The only exception to this will be one civilian Brendo a lorry driver.

(c) Italian drivers of visiting officers etc will be accommodated and fed by the Italian Quartier Generale dept of 5 Territorial Command, and not under any circumstances by the BLU. (a), (b) and (c) above are orders. - All Officers to note.

3. Duty NCO and Duty Clerk

Sjt WHELAN pointed out the hardship of this due to shortage of NCOs and shortage of Clerks.

G II ruled that Comp will investigate the following suggestion and report.

(a) Duty NCO be abolished. In place of this, a duty Billet orderly roster be run.

1. On E Day, and for three or four days immediately preceding E Day, there may be some refugees from Zone "A" territory which is to be ceded to JUGOSLAVIA who will try to enter ZONE across the present Western Boundary of VENEZIA GIULIA without the proper papers. These refugees if turned back would probably not have time to obtain the necessary documents to cross the Western boundary.

SUBJECT:- Report

To 5 B.L.U. - UDINE

Hereunder a report sent by Carabinieri Legion Command - Padua:

" On the 28 June 1947 at 0230 hrs, three men armed with pistols and probably a machine-gun, penetrated into the British Command rooms for the purpose of pillage. Cpl.QUILLICK and Sjt.DAVIS were surprised there in bed. The malefactors fired several shots against the a/n Military personnel, killing Cpl QUILLICK and wounding Sjt DAVIS, so that they could take possession of a big sum in Italian currency, which was kept in two brief cases in the office. One of the aggressors who is a baker CORSO Carmelo of Pietro, 22 years old, from TRIBANO (Padua) was affronted whilst attempting to escape on a bicycle by the vigile notturno FRANCO Bruno, who ran up after hearing the shots. He disarmed and arrested the baker, whilst the other two men were able to escape by bicycle and are still at large. The two escaped men were identified as CATTARIN Bruno of Mansueto, 25 years old, from FANNARA (Padua) and AGOSTINI Walter of Vittorio, 19 years of age from CAMINO (Padua), both already wanted. The arrested man, CORSO, and the wounded N.C.O. were both transported to ALLIED MILITARY HOSPITAL - MESTRE by the Allied Police.

Inquiries begun.

Ref. your AG/56/145 of 1 Jul 47 & AMG S/7M/6045 of 23 Apr 47
(the last one was received by me only on 2 Jul 47)

It is material (cartridge cases) sent to MARGHERA Depot - ref my letter 2A/2142 of 23 Apr 47.

We have no objection that said material is transferred to a Depot of this Section's jurisdiction.

As FORNACE, through Ing.Laparja with their letter dated 28 Apr 47, authorized this Section to hold the material as a guarantee for the failed payment of the sum of 676.872 Lire which is the credit of the Military Administration in regard to the a/c firm, we beg this HQ to authorize this Section to leave the material in MARGHERA Depot until the a/c payment is effected by FORNACE firm.

It is moreover pointed out that, about the promise of FORNACE to leave at disposition of the Mil. Admin. the a/c material, I had the chance to inform the Liaison Officer - Capt. Savona) (ref. tel conversation dated 28 Jun 47) that we agreed with the FORNACE representative that he would have come to this Section in order to settle the matter. The representative has not come.

Ref. 2/1883 of 21 Apr 47 of this Sect.

Societa' FORSARA was represented in UDINE by Dott. ARONADI - Via G. da Udine N. 8. The Office has been closed when doct. Aronadi has been transferred to MILAN. The matter has then been passed to me.

The FORSARA then has changed his name into Societa' Ital.-Britannica and has still the same name for the telegrams address : FORSARA MILANO. This Society is regularly recorded in Italy and England.

One of the authority to withdraw the material has been issued under the name of Lapenja and addressed to Via Missionari 2, near ARAR as in that period I lived in GORIZIA. The matter has therefore nothing to do with ARAR but regards only Laganja and this Section can have proves of this applying to 5 B.L.U. and Industry Office - AMG Udine.

As already informed with previous letters, the file has not been closed as the price fixed for the cartridges, which are mixed with other material, is really exaggerated and absolutely unacceptable and if FORSARA knew at the moment of withdrawal the price, they would have not withdrawn it.

For the s/q reasons I am now compelled to apply to the War Ministry for their decisions and to definitely settle the matter.

On 3 inst. I will go to Milan to partecipate to the General Assembly of the Society and then go to Rome in order to contact directly the competent Office in regard to the price of material.

It is moreover pointed out that FORSARA has recently bought 43.000 kgs of C.S. cases which this Section has transferred from UDINE to FORTE MARGHERA. Said material remains at the disposition of this Section as a guarantee, until the matter in question is completely dealt with.

Best regards.

Relevant G.AOs and AG/A orders were read out.

2. Points Raised by OAs

Rations. The DLU billet is becoming a sort of Transit Camp for drivers, British, German and Italian. Rations will not allow for this as there is only just enough for DLU personnel themselves on the present scale. G II ruled that:-

(a) The two Sudanese reporting on Monday will not be fed at any time by the DLU.

(b) No casual meals will be served to any personnel other than British personnel of the DLU resident in the DLU billet. The only exception to this will be one civilian Brocade n lorry driver.

(c) Italian drivers of visiting officers etc will be accommodated and fed by the Italian Quartier Generale dept of 5 Territorial Command, and not under any circumstances by the DLU. (a), (b) and (c) above are orders. - All Officers to note.

3. Duty NCO and Duty Clerk

Sjt [illegible] pointed out the hardship of this due to shortage of NCOs and shortage of Clerks.

G II ruled that Camp will investigate the following suggestion and report.

(a) Duty NCO be abolished. In place of this, a duty Billet orderly roster be run.

(b) Ord Stores in the DLU billet. MTA Stores, 12 D.L.U. Stores etc to be handed over to another Unit e.g. X Ord Stores on signature for guarding if possible.

(c) Ord Stores of the DLU itself to be transferred to this office and locked up.

(d) The duties of the Billet orderly be clearly laid down.

(e) Duty Clerk must continue as before.

4. Church Parade.

G II will get Camp Comd to issue written orders today. G II pointed out the rarity of Church Parades and indeed any parade in this Unit compared with others in BAOR, and therefore little cause for moans.

Declassified E.O. 12065 Section 3-402/NNDC NO. 785020

Nations. The BLU billet is becoming a sort of transit camp for drivers, British, German and Italian. Rations will not allow for this as there is only just enough for BLU personnel themselves on the present scale. G II ruled that:-

(a) The two Americans reporting on Monday will not be fed at any time by the BLU.

(b) No casual meals will be served to any personnel other than British personnel of the BLU resident in the BLU billet. The only exception to this will be one civilian Brodolo n lorry driver.

(c) Italian drivers of visiting officers etc will be accommodated and fed by the Italian Quartier Generale dept of 5 Territorial Command, and not under any circumstances by the BLU. (a), (b) and (c) above are orders. - All Officers to note.

3. Duty NCO and Duty Clerk

Sjt WHELAN pointed out the hardship of this due to shortage of NCOs and shortage of Clerks.

G II ruled that Camp will investigate the following suggestion and report.

(a) Duty NCO be abolished. In place of this, a duty Billet orderly roster be run.

(b) Ord Stores in the BLU billet. MMA Stores, 12 B.L.U. Stores etc to be handed over to another Unit e.g. X Ord Stores on signature for guarding if possible.

(c) Ord Stores of the BLU itself to be transferred to this office and locked up.

(d) The duties of the Billet orderly be clearly laid down.

(e) Duty Clerk must continue as before.

4. Church Parade.

G II will get Camp Comd to issue written orders today. G II pointed out the rarity of Church Parades and indeed any parade in this Unit compared with others in MMA, and therefore little cause for moans.

AMG UDINE report that they have complied with the GHQ instruction that no more bunkers on the GRADO Coast will be destroyed. They point out however that unauthorised civilians will very quickly complete the destruction of these bunkers unless they are properly guarded.

It is suggested that you provide guards to safeguard them. Moreover if any organised body of workers still attempts to destroy or remove material, names and particulars can be taken by your guard and AMG will deal with the offenders accordingly.

Ref 12 F.S.S. G/7 dated 23 June 47.

1. It is agreed that the tele communications between TRIESTE and PALMANOVA are erratic as they are also in some other places.

In this particular case the line is partly Italian Military (as far as ARIIO) and partly Civil. The former line is frequently cut.

It is thought that the most reliable means of communication at distances over short will be by cycle orderly from the posts to the nearest Civil phone. Territorial Command have been approached with a view to providing cycles, but state that they have none in their depots and that a request will have to be made to the War Ministry. This will take some considerable time.

To overcome this difficulty, can G.H.Q. release 6 bicycles (pedal) to TOLMEZZO Bn on temporary loan?

2. It is also reported that some of the Italian Wireless Sets are not proving very satisfactory. Territorial Command have the matter in hand and an improvement is expected.

SUBJECT:- Stores for Italian Army

5 British Liaison Unit
Tel: UDINE 1553
AG/79/181
26 Jun 47

'Q' Branch
GHQ CMF

1. This HQ is not entirely familiar with the policy regarding the disposals of surplus stores, equipment etc. The Italian Army are vitally interested in this question and frequently ask us for information, which we are not always able to give them.

2. The following examples illustrate our difficulties.

(i) It is known that the Italian Army is obtaining a very large amount of Stores (incl vehicles) from B.T.A. The Stores are usually consigned to the O.C. this Unit and on arrival by rail at UDINE are disposed of by my O.C. in accordance with information received from the Italian Territorial Command. The Stores are presumeably on repayment.

(ii) Periodically information is received from I.L.F.B. A.F.H.Q. to the effect that certain items (usually Artillery Equipment) has been released to the Italian Army from 'X' Ord Stores. We arrange collection and disposal.
These Stores are again presumeably paid for by the Italians.

(iii) From time to time information is received from various sources, that items of equipment, Stores or machinery of Italian origin are available for the Italian Army. There are in some cases normal C.E.M. and in others property which has at one time been requisitioned by the Allies.

(iv) The Italian Army frequently quote cases of Italian property being located in various British dumps and have hinted that this is being disposed of to ARAR (?) etc, which in fact is the Status of Stores etc which have been requisitioned by the Allies. It is obvious that expendable stores, eg cement cannot be returned, but what is the form on, say, machinery etc? Presumeably it should be returned to the rightful owners :- who decides who are the rightful owners ? - disputes sometimes arise as to whether the are the Italian Army, Air Force or even a Civilian Firm.

(v) It is known that B.L.R.d vehs go to ARAR. Is there any chance of the Italian Army acquiring any of these vehicles if they want to prior to disposal to ARAR.

(vi) What other types of stores, equipt etc go to ARAR? How does the Ministry of Supply come into it ?

3. No doubt clear cut directives have been issued from time to time by your HQ, but the only policy letter that this unit has on the subject is that relating to the disposal of C.E.M. (AFHQ Instruction AG 386.3 Q (AE) - 0 dated 2 Oct 45. Would be glad therefore if you can forward us copies of any other relevant letters.

In the meantime this Command ensures that dispositions in force in respect to crossing of the frontier line, have been emphasized so that the complained irregularities are not repeated.

It is known that from the a/q material Depot a private firm is taking away various materials with the authority of the British Officer consigned.

Apart the fact that those materials should be handed over to the Italian Military Administration, in accordance with previous agreements, it is also pointed out that in said depots there are large quantities of material belonging to the ex-Deposito Genio Ferroviere.

The a/m are materials belonging to the Italian Army and they could be taken away even unwillingly by the a/m firm.

This B.L.U. is therefore kindly requested to please intervene so that the a/q materials are not taken away but kept in the depot and then at the due moment handed over to the Genio Authorities.

Thank you.

2. Capt. SEWELL has been posted to UK. for course (letter ref A 9) which starts 22 July.

3. He is anxious that his family should arrive in England by 13 July and therefore asks that they may be repatriated on first Military families train in July, as he will then be on leave in UK and able to meet train at Victoria if notified of time and date of arrival, thus avoiding the necessity for hostel accommodation in MILAN, and transit from there to ENGLAND.

4. It is pointed out that original application for repatriation was submitted about Aug. 46, and a further application was submitted, together with other families of 3 A.G.R.A. MILAN. A signal was sent from this stating that the family of Capt. SEWELL, amongst others, could remain in their husbands station provided that accommodation was available.

5. Particulars of family are as follows :

Wife : Renata Dolores Maria

Daughter: Marjorie Louisa Angela - age 11, months

Present address : Villa Rigria - FAGAGNA (Udine)
Address in UK: 26 Chalfont Road - OXFORD

Wife speaks English very well.

Dear ,

I am sorry to be troubling you again, but I would like to clear up the question regarding certain signal equipment which was issued, on loan, to TOLMEZZO Bn in Nov '46.

This equipt was issued to enable the Bn to carry out its duties on the V.G. Western Bdy. It consists of:-

(i)	Wireless Sets No 19	Mk III	Quantity Six
(ii)	Telephone Sets F	Mk II	" Twelve
(iii)	Switchboards U.C. 10 Line		" Three
(iv)	Charging Sets		" Three

The Italians would very much like to hold on to these items, preferably as a gift or if this is not possible, they are prepared to purchase in the normal way. At the moment, all the stuff is in use by Carabinieri, Finance Guards etc., manning the Provisional Boundary.

As regards the various vehs held by the Bn (3 m/c's, one 3 ton and five 15cwt's) it appears that the Italian Government has already purchased these. A copy of an MMIA letter, which refers, is attached.

Dear

I would like to thank you for all the trouble you took over the hand over of your barracks to the Italian Army. I understand that everything was made as easy as possible for the Italians, who were delighted.

I am told by the Italian officer that it was by far and away the best "take over" that he had done.

I hope you had a reasonably good trip home.

The attached copy of a report received from the 2nd i/c of the 1st Bn K.R.R.C. until recently stationed at UMBERTO Bks, GRADISCA, is forwarded for what action you consider necessary.

It is most unfortunate that this incident should have occurred as it is not at all in keeping with the normal good behaviour of the soldiers of the MANTOVA Div.

In a conversation that I had with Major TROTTER, who submitted this report, it appears that there were a good many civilians present at the time; these civilians were employed by the British with a view to having the Bks cleaned up prior to handover. The civilians had been employed for sometime and as a reward for their work, were told that they could take away surplus firewood; they were specifically warned that nothing else was to be removed from the Bks.

UMBERTO Bks.,
GRADISCA.

In order to safeguard property and the barracks it had been arranged that an Italian Army guard should mount on the main gate at 06.00 hrs 30 Sep: this it did. The Bn having left and only a small rear party remaining.

On my return from UDINE, after seeing the Battalion off, I found a very unsatisfactory state of affairs. A large number of Italian soldiers presumably that portion of the guard not on duty going through the barrack buildings and offices taking what they fancied and cutting open pillows and mattresses. My own office had been turned upside down, drawers opened and papers scattered about. Several of the Riflemen of the Rear Party had clothing stolen before they could get it all under lock and key. In addition a party went through the Officers Mess removing a watch, pyjamas and toilet soap out of my room; also some food.

Whilst all this was going on there were at least three Italian Officers in Barracks who were not in the least interested and it was not until they were told several times to get their men out of the barrack rooms etc., that order was restored.

The whole episode is the more regrettable since every facility has been given to Italian Officers to visit and inspect the barracks and many of them have been entertained by the Regiment.

Dear Sir,

All Ranks of this unit, hear, with regret that the last Italian edition of the "AGIARISTI" has been published.

We wish to congratulate you on and to thank you for your excellent magazine. It is in our opinion the best of this type of publication, for apart from being informative, interesting and amusing, it has done much to cement an Ares spirit.

We wish you the best of luck and many future editions elsewhere.

Yours faithfully

MILITARTY POLICE REPORT

T o :- The Officer Commanding,
112 Provost Company
Corps of Royal Military Police.

PRO 112/38/

Subject :- Traffic Accident

Date 19.9.47

Sir,

I have to report that at Udine on the 19.9.47 about 1500 hrs. I proceeded to the viale Stazione where an accident had occured involving the u/m British and Italian military vehicles.

(a) 3 Ton DODGE No.L 5317148 driven by,
14161336 Dvr. MATHEWS R.
27 Coy.R.A.S.C.

(b) 3 Ton DODGE No.E.1 416706 driven by,
ARTI CURBATTI LIVIO
4th REGT. ARTIGLIERIA C.A.
2nd. GRUPPO 4th.BATTERIA - CERVIGNANO.

(c) 3 Ton DODGE No.E.1 416729, driven by,
PERNIGO GUIDO
4th. REGT. ARTIGLIERIA C.A.
2nd. Gruppo 4th Batteria - CERVIGNANO.

It appears that the vehicles (b) and (c) were parked at the right hand side of Viale Stazione facing the direction of the station and that the vehicle (a) was proceeding along the e/m Viale in th direction of the station when, as the driver was about to overtake the parked vehicles, a civilian pedal cyclist suddenly emerged from in front of the vehicles (b) and (c).

Dvr. MATHEWS in an attempt to avoid hitting this pedal cyclist swerved to his right and in doing so struck the offside of the vehicle (b) pushing it forward on to vehicle (c).

Although there were many people in the vicinity at the time of the accident, including Italian troops who were standing nearby, the only eye witness I could obtain was;

14957050 Sgt. HARTFIELD K.
Intelligence Corps
12 FSS - Udine.

(c) 3 Ton DODGE No.E.1 416709, driven by,
PERNIGO GUIDO
4th. REGT. ARTIGLIERIA C.A.
2nd. Gruppo 4th.Batteria - CERVIGNANO.

It appears that the vehicles (b) and (c) were parked at the right hand side of Viale Stazione facing the direction of the station and that the vehicle (a) was proceeding along the u/m Viale in th direction of the station when, as the driver was about to overtake the parked vehicles, a civilian pedal cyclist suddenly emerged from in front of the vehicles (b) and (c).

Dvr.MATTHEWS in an attempt to avoid hitting this pedal cyclist swerved to his right and in doing so struck the offside of the vehicle (b) pushing it forward on to vehicle (c).

Although there were many people in the vicinity at the time of the accident, including Italian troops who were standing nearby, the only eye witness I could obtain was;

14957050 Sgt.HARTFIELD K.
Intelligence Corps
12 FSS - Udine.

who was standing outside the station when the accident occurred.

The pedal cyclist had ridden off and could not be found.

Two Italians soldiers:-

POGGI PELLEGRINO and
COLOMBO VINCENZO

both of the a/m Italian Regt. received slight cuts to the knees and face, but did not require medical attention.

STATEMENT MADE BY:-

14957050 Sjt, HARFIELD KEITH
A/SC 66 Intelligence Corps 12 F.S.S. UDINE

Who states,

On the 19,9,47 about 1455 hrs. I was stand ng outside the railway station Udine when I heard the screeching of brakes and looking across into the Viale Della Stazione I saw a British 3 Ton DODGE swerving to its right in order to avoid hitting a pedal cyclist.

As I turned the British DODGE struck the offside of another 3 Ton DODGE which was parked at the side of the road and pushed it forward on to another 3 Ton DODGE.

Before I had a chance to cross the road and stop him, the pedal cyclist had disappeared in the direction of Porta Aquileia.

When I arrived on the scene I immediately tried to find eye witnesses but in spite of asking every one in the vicinity I could find no one who actually seen the accident.

I saw that two Italian Soldiers had slight cuts to their knees and face and I asked them if they had seen the accident, they replied negatively.

Shortly afterwards the R.M.P. arrived and after giving them my particulars and a verbal statement as to what I'd seen and action taken, they took charge of the incident.

The two 3 Ton DODGE vehicles, property of the Italian Military, were parked in a dangerous position in that they were only about 20-35 feet from the junction of Via Roma and Viale Della Stazione completely backing the view of traffic coming from Porta Aquileia in the direction of the Station. This may account for the pedal cyclist's actions.

HARFIELD KEITH

I have read over the above statement, it is correct and true.

ROYAL ARMY SERVICE CORPS

Who states,

On the 19.9.47 about 1450 hrs. I was driving W.D. 3 ton DODGE L 531743 along the Viale Della Stazione travelling in the direction of the station at an approx. speed of 25 m.p.h. Parked at the right hand side of the road were two Italian Military 3 ton DODGES.

I pulled out to overtake them when a civilian pedal cyclist came from a side road or from in front of the two stationery vehicles, on the right hand side of the s/a Viale on the wrong side of the road, thus placing him in the direct path of my vehicle.

I swerved to the right in order to avoid hitting him at the same time applying my brakes. As I did this I saw that I was going to collide with one of the three ton Vehicles which were parked at the road side, so I attempted to swerve left again, but was unable to do so successfully.

My vehicle collided against the off side of one of the 3 Ton DODGES pushing it on to the rear of the other 3 ton DODGE.

Having seen that nobody was injured seriously I looked for the pedal cyclist in question but he had apparently rode away.

The M.P. Police were then informed.

MATTHEWS PERCY

I have read over the above statement, it is correct and true.

1. The following is a message received from the Supreme Allied Commander, Mediterranean Forces:-

"Now that the deposit of the ratifications of the Italian Peace Treaty by Great Britain France USSR and the United States will permit the disbandment of Allied Force Headquarters after its five years of distinguished service I wish to express to all officers and men who have served under the Supreme Allied Commander my happiness that need for this Headquarters in the Mediterranean no longer exists but at the same time my sorrow that this means the end of the official partnership among all services of both our countries in this theatre (.) I appreciate how necessary it is that in peace we must work together as we have done in war and continue our close comradeship if another and more intense conflict is to be avoided (.) Camp Instruction Number Fifteen

1. CARE AND MAINTENANCE OF VEHICLE BATTERIES.

a) The situation in regard to vehicle batteries in CAF is now critical; units and individuals must make the necessary efforts to economise.

b) Every driver will start his engine first thing in the morning by hand.

c) It is the duty of the driver to ensure at all times that :

(i) The battery top is clean

(ii) The terminals are securely fastened

(iii) The terminals are smeared with lanoline or mineral jelly if available, otherwise they should be kept dry.

(iv) The electrolite is maintained at its correct level. During hot weather frequent "topping up" with distilled water is necessary.

(v) The battery carrier is firm.

d) When not in use, charged batteries will be stored in a clean dry place. Before storage, batteries will be cleaned and terminals cleaned and smeared with lanoline or mineral jelly. Stored batteries will be given a monthly "gassing" charge to maintain the SG of the electrolite at the "fully charged" reading. (CRO 416/47)
