SHIPPING TICKET'S PROCEDURE ("Q" ACCOUNTS)

Shipping Tickets are made out by this office upon receipt of Acceptance Notes from various Depots from which the Italian Government is charged for supplies that have been issued to them by either American or British Government. Upon receipt of this Acceptance Note the prices and extensions are all checked to be correct and if found not correct, they are corrected. After all this is done, the Shipping Ticket is made recording in the Register all informations on the Acceptance Notes (or Vouchers) and giving to the S/T the appropriate denomination about the nature of the items contained in the A/N, three copies of the S/T are made and all three copies are sent to the Italian Ministry of National Defence-Army by way of an Italian Officer (or Ministry's Messenger) that comes in every morning to collect the a/m Shipping Tickets signing a receipt.

At the Italian Ministry of Nat'l Def-Army these S/Ts are duly signed by the competent Italian Officer, are re-checked and all notations that the Ministry makes are all put on the third copy. When they have finished with the work that they must do the Shipping Ts are then returned at this office. Upon arrival at this office the S/Ts are stamped and are signed either by the Senior American or British Officer in ILFB. After the the S/Ticket is returned to this office a letter is made out from Q/1/16- file with a copy to Allied Supply Accounting Agency, a copy to the Italian Ministry, a copy for our files, two copies as circulator copies, and one copy for our spare file. Enclosed with the letter to the A.S.A.A. is sent the first copy of the Shipping/T., the second copy of the letter is sent to the Ministry of Defence-Army with the third copy of the S/Ticket enclosed, the third copy of the letter with the second copy of the Shipping Ticket and all Acceptance Notes (or Vouchers) are kept for our files.

OBSERVATIONS

SUMMARY

It is necessary to determine the question of the mistaken numeration that is shown in the column of the "Analysis Reports Nos.", of the American Commodities Prospect, made by the Italian Ministry.

It is necessary to amend the totals, on the basis of the corrections made by "Q" Accts to the figures of both prospects. The corrections are, mainly, made to transcription mistakes, calculation mistakes, and mistakes due to small observation, of the REMARKS contained in the Analysis Reports.

It is necessary to determine also the inclusion or not, of Analysis Reports dating back to 1945, found in Jackets containing Analysis Reports more recent (after 1945), and for that reason was possible to the Ministry, the exclusion of them.

"Q"Accts

RIASSUNTO DELLE OSSERVAZIONI

Occorre definire la questione della errata numerazione che appare con i primi Analysis Reports elencati nel Prospetto delle derrate americane non alibili ed accreditande.

Occorre rifare i totali in base alle correzioni apportate alle cifre d'ambidue i prospetti. Che sono eminentemente correzioni di errori di trascrizione, di calcolo e di mancata osservazione delle note contenute sugli Analysis Reports.

Occorre altresì determinare l'inclusione, o meno, di Analysis Reports con date che vanno fino al 1945 (compreso) che si trovano in mezzo a più recenti Analysis Reports e che per tale ragione avrebbero potuto non essere considerati nella formazione del Prospetto.

"Q"Accts

- 1 -

Gli Analysis Reports Nos: 1, 2, 3, 4, 5 & 6, non risultano dai nostri Files. Bensì risultano nell'archivio dell'ASAA, ma sotto fogli con diversa numerazione: infatti hanno tutti il Numero: C-9; ~~inoltre hanno tutti il numero 1921045~~ seguente: ~~"No credit to be given to this Government."~~

Ora, essendo anche "C-1" il numero comune a molti altri A.R.'s, si domanda la ragione per cui sono stati scelti come oggetti di credit ed abbiano avuto nel prospetto una numerazione differente da quella sotto la quale sono registrati dalla ASAA. Tanto più che il Credit che viene fuori dalla somma di questi è inferiore al Credit che verrebbe elencando i veri A.R.'s che vanno dall'1 al 9, più l'A.R. 72 che non è menzionato nel prospetto.

Il proposito dei suddetti veri A.R.'s ve' una lettera (l'ultima del 1. Jacket) Q/1/IF; una legittima il Credit al Governo Italiano sulla base di quegli A.R.'s (ovvia: 1, 2, 3, 4, 5, 6, 7A). Di più l'importo del Credit detto non corrisponde alla somma dei presunti A.R.'s: 1, 2, 3, 4, 5, 6 elencati nel prospetto.

- 2 -

Di contro però, corrisponde parzialmente tale importo con la somma degli A. Rs. che sul prospetto hanno la seguente numerazione: 8, 9, 10, 11, 12, 13, e con in più l'importo 7A non elencato nel prospetto, ma disponibile presso l'ASAA. Qui è riportato l'importo globale dei credits fatti in base ai nu. 1, 2, 3, 4, 5, 6, 7A:

Essi sono:

" " 466 (")

Ora, se il proposito è stato costruito in base alla concezione di mostrare il "Credito per inabilità", che s'è riscontrato fino a tutto il 1945, io credo che non debbano essere esclusi i sopra citati Analysis Reports.

ALLIED ORIGIN COMMODITIES
declared not-eatable and representing a Credit to the Italian Government.

Sarebbe opportuno elencare i numeri indicativi dei vari "Analysis Reports" che han prodotto Credito, per fare in modo che essi possano esser facilmente rintracciabili dalle autorità alleate preposte al controllo dell'esattezza delle cifre secondo l'elenco delle derrate non-alibili;

tale elenco delle derrate e' appunto la base degli Shipping Tickets di Credito,
e tra i remarks dovrebbero infatti essere elencati i numeri dei vari reports dai quali e' stato tratto il Credito.

* * *

It should be right to make the list of the numbers indicating the CREDITED Analysis Reports, for giving the possibility, to the Allied Authorities, to find easily them if they want to check the figures of the not-eatable commodities lists.

That because the lists of those commodities is the basis of the Credit Shipping Tickets,

and because in the "REMARKS" of these Shipping Tickets is to write the numbers of the "Analysis Reports" from where Credit has been drawn.

- 1) la quantità i coinvolte.
- 2) le lettere che li accompagnano, accompagnano altresì Analysis Reports del H6.
- 3) l'origine delle lettere i inglese.

Sarebbe opportuno, anziché di fare un solo rapporto, di compilare un elenco dei numeri indettivi dei vari rapporti, per fare in modo che essi possano essere facilmente intercettati dalle autorità alleate che dovranno controllare l'attività delle cifre secondo il nuovo elenco.

Occorre rispondere alla lettera
del Ministero includendo copie
delle liste;

domandare a Nigot in quale
formato deve essere messa la lettera
del Ministero, e quella di Nigot;
sarà necessario forse includere
documenti con tutti gli errori e nella
lettera di Nigot spiegare tutto
le correzioni e le disapprovazioni.

Devo in ogni modo possedere il
certificato di requisizione —

Se le gomme sono state requisite direttamente dalla
Commissione Alleata, allora per favore bisogna
andare all'Ex-Ministero Corporazioni, dove sono
gli uffici della ex-Commissione. Pienamente
al 3° Piano, stanza No. 16 —

Se la requisizione è avvenuta ad opera degli
alleati senza specificazioni, ossia dagli alleati,
ma non dalla Commissione Alleata, allora
bisogna rivolgersi a Sua Augusta Imperatrice, 88,
dove vi sono gli uffici che riguardano le
requisizioni compiute dagli Americani e quelle
compiute dagli Imperiali —
