Subject: Personnel from the ships stationed in the Bitter Lakes

With regard to the request of the Commander-in-Chief, Mediterranean, I propose the repatriation of 96 men (48 per vessel) from the ships stationed in the Bitter Lakes.

For the moment I would consider it desirable to restrict the reductions to that figure owing to the repercussions which they could have on the morale of the crews, as I have explained already to Admiral Willis. Indeed, it is to be observed that the present complement table did not provide for the A.A. armament to be manned by personnel borne for that purpose alone, although it was intended that the personnel borne for the maintenance of the weapons should man them in case of need.

The reduction made mainly affects the personnel in charge of the weapons and machines.

ARGOMENTO: Personale delle Navi dislocate ai Laghi Amari.

In relazione alla richiesta del Comando in Capo del Mediterraneo propongo il rimpatrio di 96 uomini (48 per unità) dalle navi dislocate ai Laghi Amari.

Per il momento riterrei opportuno limitare a tale cifra le riduzioni, per le ripercussioni che il provvedimento potrebbe avere sul morale degli equipaggi, come già verbalmente spiegato all'Ammiraglio Willis. E' infatti da tener presente che le attuali tabelle non prevedevano l'armamento delle armi contraeree con personale esclusivamente destinato a tale compito, bensì era previsto che il personale stesso destinato alla manutenzione delle armi provvedesse ad armarle in caso di bisogno.

La riduzione effettuata incide principalmente sul personale destinato ai servizi delle armi e delle macchine.

With reference to your letter NSC/4339 dated 31st December 1945, and in order to ensure the continuity of minesweeping operations to the best advantage, it is requested that you may submit for the consideration of the Commander-in-Chief Mediterranean the information in the attached memorandum with regard to the employment of Captain Franco BASLINI at the Inspectorate of Minesweeping.

THE MINISTER

MEMORANDUM

Reference is made to the Navy Sub Commission's letter No.4339 of 31st December 1945.

The Ministry of Marine proposed to appoint Capt. BASLINI to the Inspectorate of Minesweeping considering the importance of this service and the fact that Capt. FLORENTINO will have to leave the service in the course of 1946 owing to his exceeding the age limit established by definite provisions of the law.

The presence of Captains FLORENTINO and BASLINI simultaneously at the Inspectorate of Minesweeping for the long period of turning over duties would assure continuity of direction in such an important service; the present time seems most suitable for this turn over both because there is in progress the organisation of the new craft lent by the British Navy, and because - after the winter season during which activities are reduced of necessity - Captain BASLINI will find himself well versed in all details of organisation at the beginning of a period of intense activity.

It is suggested that it would be desirable to bring these considerations - and in particular the expected retirement of Captain FLORENTINO in 1946 - to the notice of the Commander-in-Chief, Mediterranean, since it is in consideration of the importance given to the M/S services at the present moment that this Ministry of Marine has essayed to ensure in good time that these shall proceed normally in future by appointing to control them a Captain who will be able to continue for a long time in those duties.

Since similar results could be obtained by appointing Captain BASLINI as Vice-Inspector of Minesweeping and prolonging so far as possible the period when Captains FLORENTINO and BASLINI would be present there together, it is suggested that it would be desirable to ask for the Commander-in-Chief, Mediterranean's agreement to the appointment of Captain BASLINI as Vice-Inspector of Minesweeping.

Con riferimento al foglio NSC/4339 in data 31 Dicembre 1945 di codesta N.S.C. e nell'intento di assicurare la continuità nel miglior andamento delle operazioni di dragaggio, prego sottoporre al Comandante in Capo del Mediterraneo le considerazioni di cui all'unito pro-memoria, relative all'impiego presso l'Ispettorato Dragaggio del Capitano di Vascello Franco BASLINI.

IL MINISTRO

6469

PRO - MEMORIA

Riferimento foglio della N.S.C. 4339 del 31 Dicembre 1945.

Il Ministero della Marina aveva proposto di destinare il Capitano di Vascello BASLINI all'Ispettorato dragaggio in vista dell'importanza di tale servizio e del fatto che il Capitano di Vascello FLORENTINO dovrà - per limiti d'età, in base a precise disposizioni di legge, lasciare il servizio nel corso dell'anno 1946.

Con la contemporanea presenza, all'Ispettorato dragaggio, dei C.V. FLORENTINO e BASLINI per il lungo periodo delle consegne, si sarebbe assicurata la continuità della direzione in un così importante servizio; l'attuale periodo è sembrato il più adatto per il passaggio di consegne, sia perchè è in corso l'organizzazione dei nuovi mezzi prestati dalla Marina Britannica, sia perchè - superata la stagione invernale durante la quale la attività è necessariamente ridotta - il C.V. BASLINI si sarebbe venuto a trovare già bene al corrente di tutti i dettagli della organizzazione all'inizio del periodo di più intensa attività.

Si prospetta l'opportunità di portare tali elementi - e particolarmente il previsto congedo del C.V. FLORENTINO nel corso dell'anno 1946 - a conoscenza del Comandante in Capo in Mediterraneo, in quanto è proprio in vista dell'importanza che nell'attuale momento si vuol dare ai servizi di dragaggio che il Ministero della Marina ha mirato ad assicurarne tempestivamente il futuro regolare andamento, destinandovi un Capitano di Vascello che possa permanere a lungo in tale destinazione.

Poichè uguali risultati potranno ottenersi destinando in un primo tempo il C.V. BASLINI quale Vice Ispettore del dragaggio, e prolungando il più a lungo possibile la contemporanea presenza del C.V. FLORENTINO e BASLINI, si prospetta l'opportunità di richiedere l'assenso del Comandante in Capo in Mediterraneo per la designazione del C.V. BASLINI a Vice-Ispettore del dragaggio.

SUBJECT: Recommendation of Capitano di Frigate Santini, Guido.

TO : Naval Sub-Commission

1. I should like to bring to your notice the very excellent work performed by Capitano di Frigate SANTINI, Guido, a Reserve Officer of the Italian Navy, in the important and onerous post of Questore of the Province of Padova.
2. Captain Santini was selected for the post in the early days of the liberation. He has carried out his work with courage, ability and devotion to duty worthy of the highest praise. He has maintained valuable cooperation at all times with the Public Safety Officers of Allied Commission and with those of the 6th. Armoured Division.
3. Captain Santini feels that, in the ordinary development of policy, it is likely that all non-career Questori, such as himself, will, in due course, be replaced by professional officials. He has consulted me on this point and I have agreed with him that such is the probable course of events.
4. He feels, therefore, that the time has come when he should seek employment, if not afloat, then at least in connection with the sea. I am very glad to support any such application by him as I feel that he has in fact served AMG and his country very well.
5. He has specially asked that his name should be considered in connection with the post of "Proveditore del Porto di Venezia", which appointment is under the control of the Minister of Marine.
6. I should appreciate any help that you can give to this good officer.

We send you attached list of Officers and personnel we wish to transfer to replace Submarine Crews in Western Atlantic.

As N.S.C. is aware, it had been agreed that every six months a third of said Crews should be relieved.

As a result of the liberation of Northern Italy it is considered advisable to effect these replacements every 4 months. W. Atlantic Submarine Command has already informed American Naval Authorities of this programme.

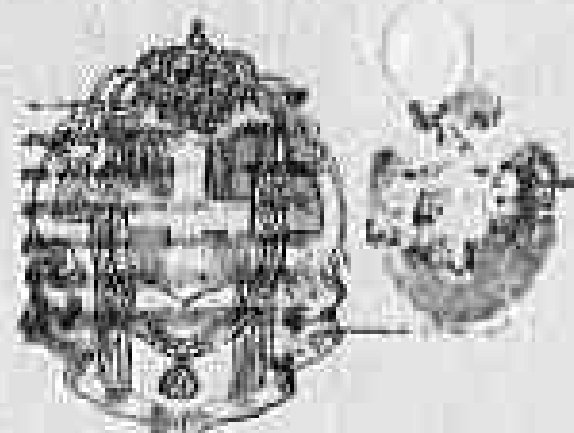

We therefore shall be glad if you will notify us when it is expected to transfer personnel as per attached lists so that we may rapidly arrange for them to be concentrated at Taranto or any Base you may indicate.

ARGOMENTO: Avvicendamento equipaggi Sommergibili Atlantico Occidentale.

Riferimento foglio n. NSC/2217 del 23 aprile u.s.

Si allega l'elenco degli Ufficiali e del personale che si desidera inviare per l'avvicendamento degli equipaggi dei sommergibili dell'Atlantico Occidentale.

Come è noto a codesta Navy Sub Commission era stato stabilito che ogni 6 mesi si desse luogo all'avvicendamento di un terzo degli equipaggi dei detti sommergibili.

In seguito alla liberazione dell'Alta Italia si ritiene opportuno che in avvenire le operazioni di avvicendamento siano effettuate ogni 4 mesi. - Risulterebbe che il Comandante dei Sommergibili in Atlantico Occidentale ha già informato le Autorità Navali Americane di questo programma.

Si prega quindi voler segnalare la data prevista per la partenza del personale indicato negli elenchi, affinché si possa provvedere al tempestivo accentramento del personale a Taranto o nella sede che vorrà precisare codesta N.S.C. -
