R O M E

Sir,

I have the honour to submit that since taking up my appointment as N.C.S.O. Maddalena (Memorandum FONAM 698-25/8) ten weeks ago, no Merchant ships have visited the port and I have, therefore, had nothing to do.

From my knowledge of Maddalena, I believe that it is unlikely that any appreciable amount of traffic will use this port.

Owing to the special condition that I have no notices of my relatives living in Pola since September 1943, I respectfully request to withdraw my appointment as N.C.S.O. in Maddalena, in order to be able to obtain my discharge from the italian R.M.

I have the honour to be,

Sir,

Your most obedient servant,

The Base at Civitavecchia has now fully set up a Port Captaincy in accordance with orders in force. As you are aware, Lt.Cdr. ALLEMANDI has been appointed as "Naval Control" Officer there.

As a first step in the reorganization of port services to meet present requirements, this Maristat proposes to replace the Naval Command at Civitavecchia by an I.R.R. Detachment, which in conjunction with Port Captaincy could ensure all services in the Base and also permit a reduction in number of Officers and personnel.

Shall be glad to know if above meets with your approval and especially if Cdr. VOCATURO, at present in charge, could be transferred to another appointment. Lt.Cdr. ALLEMANDI could act as both N.O.I.C. and N.C.S.O. at Civitavecchia.

Nella sede di Civitavecchia ha ormai ripreso pieno funzionamento, secondo le attribuzioni previste dall'ordinamento in vigore, la R. Capitaneria di porto. Nella sede stessa, come è noto a codesta N.S.C., è destinato il Cap. di Corvetta ALLEMANDI per lo svolgimento dei compiti di "controllo navale".

E' intenzione di questo Stato Maggiore, come primo passo verso una riorganizzazione dei servizi portuali più rispondente alle esigenze attuali, di sostituire l'attuale Comando Marina di Civitavecchia con un Distaccamento R.Marina che in accordo con la Capitaneria del porto assicurerebbe tutti i servizi di quella sede, pur consentendo una riduzione di ufficiali e di personale.

Si prega comunicare se vi è nulla in contrario da parte di codesta N.S.C. per l'attuazione di quanto sopra ed in particolare se può essere prelevato per altra destinazione il Capitano di Fregata VUCATURO attualmente titolare di quel Comando Marina. L'incarico di F.C.I.C. a Civitavecchia potrebbe essere affidato al C.C. ALLEMANDI che contemporaneamente 7433 peraltro a svolgere anche i compiti di F.C.D.C.-

With further reference to your letter No. 2/2 of 11th April (my letter No. NAS/183/45 of 12th April to N.C.S.O. Med. and Naples only refers). Information has been received verbally that Lieutenants OLIVERI and CALVELLO are refusing to take up their appointments in the ports for which they are designated.

2. It is understood from conversations with the Italian Naval Liaison Officer that OLIVERI will take up his appointment in the normal way. Concerning CALVELLO, F.O.N.A.M. has received a letter from the Italian Chief of Staff requesting that he be retained in Naples.
A translation is attached.

3. It is considered that Italian Officers undergoing training should have been aware that they were liable to be sent to any Italian port. Without their co-operation, the scheme is useless.
It is not proposed to consider any appointments for these officers, other than those given by the Naval Control Service Officer, Mediterranean.

4. The Staff Officer Liaison (Italian) on F.O.N.A.M's staff is in agreement with the statement in paragraph 3 and is taking up CALVELLO's case with the Italian authorities.

VERSETE DI VASCELLO CALVELLO GIUSEPPE.

Having been acquainted of his approaching transfer to LA MADDALENA, on Naval Control Service, the Officer in question has informed these H.Q., that on proved family grounds, his leaving Naples would be very prejudicial to him and that he would be obliged to request the Ministry of Marine to be dismissed.

As it is believed that the Officer has proved especially competent in his present appointment and that his services might still be useful at Naples, please consider the possibility to retain him here, seconding some other Officer to LA MADDALENA.

Reference is to signal T.C.O. 211730 September, 1945.

The orders given the officers required at Leghorn are summarised as follows :
- Lieut. DUTTO, mentioned in our letter 18621 of 9th September, 1945, has been relieved by Lieut. BONETTI Carlo as notified in letter 7230 of 15th September, 1945. According to information obtained by telephone from I.R.N. Centre, Leghorn, BONETTI has already arrived at the base.
-Lieut. MORELLI, is already there.

-Lieut. FIASCHI, whose transfer was ordered on 12th September, 1955, has been in transit for several days according to information received by telephone from the I.R.N. Ship"CESARE".
-Midshipman STECHER, is on sick leave in Rome. Having been declared fi after a medical examination on 30th August, 1945, he was told to proceed to Leghorn. It appears, however that he left for Taranto, probably in order to collect personal effects. A signal has been senr t Taranto ordering that this officer be sent immediately to Leghorn. Upon his arrival at base adequate disciplinary measures will be taken i respect of him having acted upon his own initiative.
-S/Lt. FIOCCHI, the movement ordered on 9th September, 1945 has been effected. According to a telephone message from Leghorn he is already there.
-Lieut.(E) LO GIUDICE, his transfer was ordered on 30th August, 1955 to take place after relief. On 13th September, 1945 the order was changed to the effect that he should leave without awaiting relief. On 24th September, 1945 a signal was sent ordering that he immediately depart by train.

THE FLAG OFFICER, ITALY AND LIAISON, RCNE.

HANDING OVER OF PORT OF LEGHORN TO ITALIAN PORT AUTHORITIES.

The following proposals to implement the policy set forth in the Commander in Chief, Mediterranean's 45/596/6/20 dated 2nd August, 1945, is submitted in accordance with the Flag Officer, Italy and Liaison's 07163/38/ August.

2. It is proposed that:-

(a) 1 Italian Naval Staff Officer Operations and 3 Italian Naval Duty Staff Officers be appointed to Leghorn forthwith to understudy the present British Staff. When trained it will be possible to release 1 British Duty Officer and to combine the duties of the present Chief Staff Officer and Staff Officer Operations thereby releasing one of these latter Officers. Ultimately as a trained unit to take over the operational control of the ships entering and leaving the port when the British Port Party withdraws.

(b) Two Italian Naval Officers with Merchant Service experience be sent to Leghorn forthwith to undertake Admiralty Berthing Officer duties, thereby releasing one British Admiralty Berthing Officer. My letter No. 35/126 dated 4th July, 1945 to the Flag Officer, Taranto, Adriatic and Liaison Italy refers.

(c) One Italian Naval Officer with suitable qualifications be appointed to Leghorn to understudy the Admiralty Fuelling Officer. Whether it will be practicable to release the British Admiralty Fuelling Officer before the withdrawal of the British Port Party cannot as yet be decided.

(d) One Italian Naval Signal Officer be sent to Leghorn to understudy the Port Communications Officer.

3. It will not be practicable to effect any reductions in the Technical Officers and their much depleted staffs until the firm of Odero - Terni - Orlando revert to open contract and the scale of maintenance of H.M. Ships is reduced.

4. Similarly no further reductions are considered possible in the Royal Naval Barracks and Base Supply staffs until the final withdrawal of the Port Party and the removal of stores and equipment has been effected.

1. Lieutenant Commander FLORES, Cagliari, is experiencing difficulty in communicating and keeping in touch with the Italian Naval Control Service Officer in Sant'Antioco. It is understood that there exists a military telephone line which, it is suggested, should be put in working order or authority given for the use of civilian lines.

2. It is considered that English speaking typists are essential to enable Italian Naval Control Service Officers to carry out their duties in a satisfactory manner and it is requested that authority be given that if suitable ratings are not available, civilians may be employed.

3. It is further requested that adequate provision be made for the supply of stationery.

TO ... THE NAVAL CONTROL SERVICE OFFICER, MEDITERRANEAN,

Following deficiencies need to be taken in consideration for a better going of the N.C.S.O. duties in Cagliari:-

Personnel

A rating has been appointed to my office in substitution of another one, released a month ago, who had a good knowledge of English language and was a good typist too. The new one does not know a word of English and has no training as typist (no better personnel is available). I have asked for a civilian typist (there are a lot of civilians employed over here) who could have a little knowledge of English, but the local It. C.N.O. is not entitled to hire civilian personnel for the N.C.S.O., whose work is based mostly on typing and stencilling all navigational aids in English language for the ships.

Stationary

Since my arrival in Cagliari, 7 months ago, I have never been supplied with stationary, or better I got a little supply of writing paper and Naval Message's Forms from N.C.S.O. Naples as a favour. The Local It. C.N.O. says to have had any instructions to supply my office and to have not sufficient funds. At present I am about to finish all supply.

Transportation.

The Hillman P.U. M. 5100888 Reg. No. 26 left to me by the British N.C.S.O. is still under supervision in Elmas (since June '45) R.A.F. (motor transportation Officer) but if a day I shall have the car running, the local It. Navy will not be able to furnish the needed petrol, because there is no authorisation to issue petrol to me. At present I can get occasional transportation, when available, to go to Elmas (R.A.F.) for the mail, but I am always in trouble to be in liaison with my assistant detached in Sant Antioco (40 miles away) because the telephone line is about permanently out of commission, the telegraph line does not exist and going over there and to get back by railways takes 24 hours, if there is no strikes going on as happened few days ago.

It is thereafter kindly requested:-

7384

A) To have the Italian Navy Headquarters in Rome forwarding definite instructions to the local "Comando Marina" (C.N.O) on the assistance to be given to the It. N.C.S.O., authorising to have an English speaking typist (civilian or not), the needed petrol, a congruous fund for stationary, to take all provisions necessary to have the telephone communication with Sant'Antioco working (is a military line) or to be in liaison through the civilian telephone line, paying all fees due.

B) To have the R.A.F. Motor Transportation Officer in Elmas speeding the repairs of the Hillman P.U., if possible to have it repaired, or to have the car withdrawn and substituted according the possibilities.

A rating has been appointed to my office in substitution of another one, released a month ago, who had a good knowledge of English language and was a good typist too. The new one does not know a word of English and has no training as typist (no better personnel is available). I have asked for a civilian typist (there are a lot of civilians employed over here) who could have a little knowledge of English, but the local It. C.N.O. is not entitled to hire civilian personnel for the N.C.S.O., whose work is based mostly on typing and stenciling all navigational aids in English language for the ships.

Stationary

Since my arrival in Cagliari, 7 months ago, I have never been supplied with stationary, or better I got a little supply of writing paper and Naval Message's Forms from N.C.S.O. Naples as a favour. The Local It. C.N.O. says to have had any instructions to supply my office and to have not sufficient funds. At present I am about to finish all supply.

Transportation.

The Hillman P.U. M. 5100888 Reg. No. 26 left to me by the British N.C.S.O. is still under supervision in Elmas (since June '45) R.A.F. (motor Transportation Officer) but if a day I shall have the car running, the local It. Navy will not be able to furnish the needed petrol, because there is no authorisation to issue petrol to me. At present I can get occasional transportation, when available, to go to Elmas (R.A.F.) for the mail, but I am always in trouble to be in liaison with my assistant detached in Sant Antioco (40 miles away) because the telephone line is about permanently out of commission, the telegraph line does not exist and going over there and to get back by railways takes 24 hours, if there is no strikes going on as happened few days ago.

7384

It is thereafter kindly requested:-

A) To have the Italian Navy Headquarters in Rome forwarding definite instructions to the local "Comando Marina" (S.M.O) on the assistance to be given to the It. N.C.S.O., authorising to have an English speaking typist (civilian or not), the needed petrol, a congruous fund for stationary, to take all provisions necessary to have the telephone communication with Sant'Antioco working (is a military line) or to be in liaison through the civilian telephone line, paying all fees due.

B) To have the R.A.F. Motor Transportation Officer in Elmas speeding the repairs of the Hillman P.U., if possible to have it repaired, or to have the car withdrawn and substituted according the possibilities.

C) To have a temporary supply of stationary perding the decisions about what authority has to take provisions on the matter.

1. As is known, the above officers were trained in their duties by the British Athorities at Taranto and Naples, and have been allocated subsequently to a limited number of Italian ports as indicated by the Commander-in-Chief, Mediterranean.

2. In accordance with para. (6) of letter Med. 45/621/2/7 of 19th November 1945 from the Commander-in-Chief, Mediterranean, and upon the closing of all British offices in Italian ports - now taking place - N.C.S.Os. will come under the operational control of the Chief of Naval Control Services, Mediterranean, in the office of the Commander-in-Chief, Mediterranean, while for all other purposes they are dependant upon the Italian Naval Command controlling the port to which they are appointed.

It is requested that clarification may be given as to the line of communication by which the N.C.S.Os. are to report to the Head of the service, abovementioned.

3. It is to be expected that it will become necessary as a temporary measure upon occasion to relieve certain of the officers assigned to Naval Control Service duties for leave or short illnesses, as well as permanently in cases of discharge or for reasons of health, and so on.

It is requested whether decisions for these reliefs can be made by the appropriate Italian Authorities, the Italian Navy guaranteeing the smooth running of the service.

Subject: N.S.C.O.

1. Several external Commands within the jurisdication of whom there are Officers of the Naval Control Service have notified us of difficulties in organisation which this Ministry wishes to eliminate at the earliest possible insofar as it concerns the competence of the Italian Authorities.

2. In order to effect this it would be advantageous to know :

(a) - What, in brief, are the duties of the N.C.S.O. who is directly under command of the Allies.

(b) - To which Allied Authority is each N.C.S.O. subordinate in his duties, and is there a central Allied authority to which the N.C.S.O.'s are responsible.

3. These explanations are requested since they would appear desirable in order to regularise the administrative arrangements for which the Italian Authorities are responsible, as this has gained a notable importance with the progressive turn-over of ports to the Italian authorities and the establishment of ever larger N.C.S.O. offices.

4. For this purpose it is the intention of this Naval Staff to institute a central liaison office to ensure uniformity in the service carried out by N.C.S.O.'s and to enable the latter to deal with a single Authority for requirements connected with their duties.

1. - Da alcuni Comandi periferici, nella cui giurisdizione si trovano Ufficiali del N.C.S. vengono segnalati alcuni inconvenienti di carattere organizzativo che per quanto riguarda la competenza delle Autorità Italiane, questo Ministero vorrebbe eliminare al più presto.

2. - Per poter procedere in tal senso sarebbe opportuno conoscere:

a) - per sommi capi quali sono i compiti d'impiego dei N.C.S.O. alla diretta dipendenza degli Alleati;

b) - qual'è l'Autorità Alleata da cui dipende per l'impiego ciascun N.C.S.O. e se vi è una Autorità centrale alleata a cui i N.C.S.O. debbano far capo.

3. - Tali chiarificazione vengono richieste perchè sembrano opportune per poter disciplinare anche tutte le questioni amministrative di competenza delle Autorità Italiane, che con la progressiva cessione dei porti alle Autorità Italiane e con l'istituzione di sempre maggiori Uffici di N.C.S.O. hanno acquistato una notevole importanza.

4. - A questo scopo questo Stato Maggiore avrebbe intenzione di istituire un ufficio centrale di collegamento per assicurare omogeneità nel servizio dei N.C.S.O. e dare a questi la possibilità di rivolgersi ad un unico ente per le necessità del loro servizio.-

Reference your 2741, dated 7th. Aug. 1945, Lieut. NICOLO R.N. has completed three weeks' training at my office on N.C.S.O duties.

2. During that time he has proved himself very adaptable and has been ready and willing to carry out any orders given him. He now possesses a good knowledge of the Three Letter Organisation, and is an accurate plotter. In addition he has been initiated into the Vessa system. He shows initiative and has been a keen and conscientious worker, during his three weeks. His knowledge of English is not extensive, but will doubtless improve in the course of time.

3. This officer is desirous of being appointed to Genoa, or failing that a nearby port. With more experience he should prove useful as a Boarding Officer.

TRAINING OF ITALIAN NAVAL CONTROL SERVICE OFFICERS

With reference to Mediterranean letter No. Med.45/621/2/7 dated 2nd September, 1945 and paragraph 2 of the Commander-in-Chief Mediterranean's signal timed 211258 September, 1945 it is requested that replacements for these officers be sent to Naples or Taranto for training, as soon as possible.

2. It is requested that four Italian officers, in addition to the two asked for above, be appointed for training; three officers should be sent to Taranto and three to Naples.

3. It would seem that not all Italian officers who are sent to undergo training are aware that they must be prepared to serve in any Italian port. Also, for them to expect leave as soon as their training is completed is not acceptable. Copies of two reports received from the Naval Control Service Officer, Taranto are attached for information.

STAFF - ITALIAN

Lieutenant Girola now tells me that he is attempting to get a sea-going appointment and I therefore regret that at the moment I cannot say when Lieutenant White can be relieved. I have not yet seen a signal actually appointing Girola to Taranto. Could this now be made in order to short circuit his attempts? In the main all Italian Officers who have been trained here are unhappy if they are appointed any distance away from their homes but I have little sympathy with them in this respect. Girola's attitude has certainly changed since he heard he was remaining here and I know that he has his difficulties but he is not alone in that respect.

2. I am afraid that most of these Active Service officers whom we are now training are only using the Naval Control Service as a means to an end in the hope of receiving an appointment in the North of Italy. If they are unsuccessful they, unlike the Reserve officers, have more friends at court whom they can contact unofficially, with a view to being relieved of any appointment in a place which does not suit them.

3. It is disappointing after training these officers to see them take this attitude as we have little work here now and we could easily turn over to the Italians in the near future.

ITALIAN OFFICERS FOR TRAINING - PROGRESS REPORT

LIEUTENANT COMMANDER FERRARI, Manfredo, R.M. (Active Service).

SENIORITY: March, 1942.

COMMENCED TRAINING: 10th September, 1945.

A sharp contrast to any other Italian Officer whom we have yet trained in Taranto. Like the others he is Active Service and served in a cruiser as Gunnery Officer. His shis was sunk in 1941 and he then spent four years as P.O.W. in India and on his release was given command of a corvette and latterly a Fleet destroyer.

2. Obviously a man of good education, he is very smart in appearance and, for an Italian, speaks exceptionally good colloquial English and it is surprising to hear some of the expressions he has picked up. He is extremely self-confident and seems convinced that he is ultimately designated for either Venice or Genoa. In fact he now asks if he can proceed on leave to his home near Lake Garda and there await the necessary appointment thus saving the long journey back to Taranto.

3. He fully understands the little we can teach him nowadays, and he is obviously bored with the repetition of our instructions as now that few ships visit the port we can give him little practical experience.

4. It is difficult to write a report on Ferrari. He is energetic, and if his wishes are fulfilled and he goes to Northern Italy, he might make an extremely good N.C.S.O. or Routeing Officer and give every satisfaction. If he remains in the South I am afraid he will be a liability.

(Under training in N.C.S. duties at Naples)

I regret to report that this officer is not considered suitable for Naval Control Service duties.

Since his arrival nine days ago he has shown little interest in the work and appears unwilling to make any effort to learn. Apart from this he is also handicapped by his age which would seem to make it harder for him to adapt himself to any new routine, and also he has such a poor knowledge of English that he would not be able to deal with English speaking Masters with much satisfaction.

It is understood that he has already applied for a release from the Navy and has requested a transfer to Genoa near his home and under the circumstances it is felt that this officer should not be retained for further training.

APPOINTMENT OF ITALIAN OFFICERS AS M.C.S.O. BRINDISI.

1. I am anxious to turn over the whole Naval Control Service to the Italians at Brindisi in the near future, and would like your views on the possibility of doing this.

2. I understand that Lieut. Leonard is very reliable and would be competent to perform the duties of M.C.S.O.

3. Italian Officers cannot be left in charge of British personnel, so the Secretary S/Lieut. Thomas would have to be withdrawn.

4. Do you think Lieut. Leonard could manage without S/Lieut. Thomas provided an Italian civilian typist was employed instead? What is the maximum number of Officers required to carry on ? An additional Italian Officer could be appointed to Brindisi later if required as soon as another one becomes available.

5. It would be necessary to withdraw all Confidential Books, Codes, etc., but the Italians would only require to retain such publications and information as affects the routeing and reporting, such as Ledgers, "Q" messages, etc.

6. In any case I propose to consider S/Lieut.Long as available for disposal right away, and either yourself or Lieut.Hills as available for disposal as from 31st August.

TRAINING OF ITALIAN NAVAL CONTROL SERVICE OFFICERS.

Two Italian Officers are being appointed to you for preliminary training in Naval Control Service Duties, and will be arriving very shortly.

2. It is intended after about three weeks preliminary training to appoint these Officers to a Port where they will complete their training and take over the actual duties from a British Officer who would then become available for release. It is therefore advisable that the preliminary training be made as practical as possible, and that every opportunity should be given to the Italian Officers concerned to actually carry out the various duties required of a Naval Control Service Officer.

3. At the end of three weeks training, a detailed report on each individual Officer should be forwarded to me with specific recommendations as to which category namely routeing or boarding each Officer is considered most suitable to be employed.

4. The rate at which British Naval Control Service Officers can be withdrawn from Italy is dependent on the speed with which Italian Officers can be trained to replace British Officers, therefore you are requested to make every effort to qualify these Italian Officers as rapidly as possible.

Sir,

I have the honour to submit that since taking up my appointment as N.C.S.O. Maddalena (Memorandum F.O.N.A.M. 698-25/8) ten weeks ago, no Merchant ships have visited the port and I have, therefore, had nothing to do.

From my knowledge of Maddalena, I believe that it is unlikely that any appreciable amount of traffic will use this port.

Owing to the special condition that I have no notices of my relatives living in Pola since September 1943, I respectfully request to withdraw my appointment as N.C.S.O. in Maddalena, in order to be able to obtain my discharge from the Italian R.M.

On August 20th 1945, in accordance with instructions received from Commander-in-Chief, Mediterranean Station, you were requested to withdraw Lieutenant Vio from La Maddalena and re-appoint him for duty with Naval Control Service Officer, Ancona. It is reported that he has not yet taken up his appointment at Ancona and it is requested that his arrival there be expedited.

2. There seems to be considerable delay between the time that appointments are requested and the actual taking up of appointments by the officers concerned. It is requested that this delay may be reduced.

3. Some difficulty is being caused by the fact that most of the officers sent for training are Northerners who have been away from home for some years, and dislike taking up appointments in Southern ports where they are most needed. Should further Italian officers be required, it is considered that it would be more suitable if a percentage of the officers were Southern born.

ITALIAN NAVAL CONTROL SERVICE OFFICERS

It has been reported that Italian Lieutenant VIO has not yet taken up his appointment at Ancona, in accordance with the Commander-in-Chief, Mediterranean's signal timed 271453 August. It is requested that his arrival there be expedited.

2. There seems to be considerable delay between the time that appointments of Italian Officers are requested by the Commander-in-Chief, Mediterranean, and the actual receipt of the instructions to take up these appointments by the officers concerned. It is requested that, if possible, this delay may be reduced.

3. Difficulty is being caused by the fact that most of the Italian Officers sent for training are Northerners, who have been away from home for four or five years, who dislike Southerners and will do everything they can to get out of taking up appointments in Southern ports, where they are most needed. Should further Italian Officers be required, it is considered that it would be more suitable if a percentage of the Officers were Southern-born.

TRAINING OF ITALIAN OFFICERS IN NAVAL CONTROL SERVICE DUTIES

A further ten English-speaking Italian Officers in addition to the six referred to in my Med.45/621/2/7 of 30th June 1945 are required for training in Naval Control Service duties, with a view to subsequently replacing British Naval Control Service staffs in Italian ports.

2. The ten Italian officers will be acceptable for training in early September, at Naples, Taranto and Bari, or any other port designated by Naval Control Service Officer, Mediterranean.

3. It is requested that the necessary action be taken with the appropriate Italian authorities to implement the above.

I have been approached by Lieutenant Enerico Carnieri R.M.I. who asks if he can be appointed to the Naval Control Service.

2. Lieutenant Carnieri, who is well known to me, served as Liaison Officer in Taranto on the Staff of F.O.T.A.L.I. for twenty two months, in which capacity he was always regarded as a cheerful, hard working and exceptionally efficient Officer. In all he has had four years service in this Port.

3. A short while ago he obtained release from the Italian Navy in order to return to his home in Trieste, but finding conditions of civilian life there difficult, he asked to be recalled and was again appointed to Taranto, this time as Liaison Officer with the King's Harbour Master. It is generally agreed that in this appointment his capabilities are completely wasted.

4. This Officer, who before the war was a Chief Officer in the "Adriatica" Line, speaks fluent English and is thoroughly conversant with British service procedure. He would prefer to serve in a Northern Italian port. It is considered that he is eminently suitable for Naval Control duties.

5. Lieut.Commander Hetherington,R.N.V.R., S.O.L.I. on the staff of F.O.I.L., will, I am sure give an independent reference and would, at your request, arrange with the Italian Authorities for his re-appointment.

6. I would be happy to ~~xxx~~ train this Officer and from my knowledge of him am confident that he would prove satisfactory in all respects.
