MONTHLY OPERATIONAL REPORT ON CATEGORY 'B'
ITALIAN WARSHIPS.

The following report on the operations of Category 'B' Italian Warships during the month of August, 1946, is submitted.

Subject

1. Repatriation of Italian Prisoners of War.

The full programme of sailings maintained throughout the month almost cleared the Middle East Command of the Italian Prisoners of War held in that area. The cruiser "MONTECUCCOLI", which had returned to Naples from Port Said on the 2nd, sailed again for Egypt on the 7th. A week later she disembarked the usual draft of eight hundred and fifty men in Taranto. Her second trip of the month brought her back to Taranto on the 27th. The cruiser "ABRUZZI" similarly sailed twice for Egypt during August, after returning to Naples from Egypt on the 3rd. She berthed in Naples on the 17th with her first draft of eight hundred and fifty Prisoners of War, and then, after a ten days' boiler clean, sailed again for the Levant on the 28th. The smaller "ATTILIO REGOLO", which lifts only about four hundred and fifty men at a time, made two round trips, returning first to Naples on the 9th and then to Taranto on the 20th. On the 26th she sailed again for Port Said vice the "SCIPIONE AFRICANO" which remained in dockyard hands in La Spezia throughout August.

8834

The transports "MIRAGLIA" and "PACINOTTI" carried out one lift each from Port Said. The former, which had been [illegible] left Naples on the 16th

The former, which had been under repair in Spezia until the 12th, left Naples on the 16th and returned to Taranto on the 23rd. The less efficient "PACINOTTI" sailed from Naples on the 11th and returned there on the 25th, having called at Tripoli (Libya) on the return journey to embark one hundred and seventy Italian Prisoners of War who were waiting in that port for repatriation.

In addition the requisitioned vessel "SESTRIERE" made two round trips between Naples and Port Said, thus lifting to Italy some three thousand two hundred men during the month.

Log No 9017

1/. In answer to your cable 34694 dated 14 Dec 45.

2/. The anxiety of the relatives of Italian PWs in India is fully understood. This office has no knowledge of suicides and cases of madness provoked by the conditions of British controlled PW Camps. On the contrary it is known that IPWs receive the same rations as British troops in that country and that their housing and living conditions are comparable to these of British Troops. If any concrete cases of suicides or madness due to treatment received in IPW camps can be produced they will be promptly investigated and reported on.

3/. Your cable states that repatriation is easily overcome by using Italian men of war! For your information no Italian naval ships now in commission have the suitable endurance to withstand this voyage. Italian PW already repatriated have been transported in Allied ships.

4/. To date some 2.500 IPW have been repatriated from India, priority is given in all cases to sick personnel or to those whose repatriation is essential on urgent compassionate grounds. Plans have now been laid for the mass repatriation of IPW in India and it is hoped that this movement will commence early in the New Year.

5/. You may rest assured that every effort is being made to secure the speedy repatriation of these individuals. For any further information on this subject will you please communicate with the Ministry of War, Autonomous Office for War Veterans and Repatriated PW.

I am to refer you to your submission No.1165 Med 46/596/17/1 of April 1946 forwarding a request, from the Italian Minister of Marine to the Naval Sub Commission of the Allied Commission, for the return of certain Italian passenger vessels to assist in the repatriation of Prisoners of War.

2. I am to state that of the vessels listed the SATURNIA and VULCANIA are as pointed out by you, in American service, and that the Ministry of Transport who have been consulted have consequently no control over their future.

3. With regard to PRINCIPESSA GIOVANNA, it is confirmed that, as already stated by the Principal Sea Transport Officer Mediterranean, this vessel is not available. She could only be released at the expense of one of the British Hospital Ships, all of which are urgently required for reconversion for essential passenger service.

4. It is, further, confirmed that the ARGENTINA cannot be released, in view of her employment as a troopship in the Mediterranean and the continued heavy pressure of British troop movement during the next few months.

5. I am to add that there has been no change in existing policy with regard to the employment of Italian warships for repatriation purposes and that Their Lordships concur in your views as to the use of the Fleet Units from the Bitter Lakes.

Forwarded for the consideration of Their Lordships. It is observed that two of the ships asked for in paragraph 4 of the Minister of Marine's letter No.4512 dated 26th February, 1946 are operating on United States Army account. The Italian Government has requested, on a previous occasion, the return of the H.S."PRINCIPESSA GIOVANNA", and the matter has been referred to higher authority by the Principal Sea Transport Officer, Mediterranean.

2. As regards the Mediterranean Station it is expected that repatriation of Italian Prisoners of War from North Africa will, if the present rate can be maintained, have been completed by the end of May. The Commander-in-Chief, Mediterranean has approved the Italian Government employing the Italian vessels, now engaged on the North Africa repatriation traffic, on the Levant repatriation when that from North Africa is completed. This should give a lift of 6000 men per month.

3. With regard to the 4250 men of the Italian Pioneer Corps in Ceylon, the latest Admiralty policy is contained in Admiralty Message 060153 March 1946

Subject: Return of passenger vessels SATURNIA, VULCANIA, PRINCIPESSA GIOVANNA, and ARGENTINA, to Italian Government for purpose of repatriation of Italian Prisoners of War.

1. A recent request has been received from the Ministry of Marine that the Allied Commission consider the possibility of giving back to the Italian government authorities the following vessels: SATURNIA, VULCANIA, PRINCIPESSA GIOVANNA, and ARGENTINA.

2. The above-named vessels are requested for the purpose of expediting the repatriation of Italian prisoners of war. At the present time this is effected by means of Italian cruisers and the SS TOSCANA, the latter being the only other vessel available for this purpose.

3. Repatriation has caused considerable disappointment to the Italian government due to the fact that repatriation is of necessity a very slow process in view of the ships available for this purpose.

4. The Navy Sub-Commission has referred this matter to the Land Forces Sub-Commission in order to coordinate the question of repatriation of Italian prisoners of war.

SHIPS FOR THE REPATRIATION OF PRISONERS OF WAR.
(Navy Sub Commission's Minute II dated 18th March, 1946 on Ministry of Marine's letter No.4512 dated 26th February, 1946).

THE COMMANDER-IN-CHIEF, MEDITERRANEAN STATION.
(Copies to:- The Principal Sea Transport Officer, Mediterranean.
The Navy Sub Commission, Allied Commission.
The Military Mission to the Italian Army, Allied Commission).

Forwarded for consideration.

The Principal Sea Transport Officer, Mediterranean has already stated in his letter No.624/3F dated 23rd February, 1946, not to all addressees, that the "PRINCIPESSA GIOVANNA" is fully employed on repatriations from the Middle East and Italy to the United Kingdom and is not available for release to the Ministry of Marine. The other vessels referred to in paragraph 4 of Minute I are understood to be operated by the United States Army and of these both "SATURNIA" and "VULCANIA" are believed to be in Indian waters.

2. The Commander in Chief, East Indies Station has already represented in his signal timed 121526A February, 1946, not to all, desirability of early repatriation of some 4,250 officers and men of the Italian Pioneer Group in Ceylon whose morale is rapidly deteriorating. The problem of repatriating Italian Prisoners from India generally has also received considerable attention from the Italian Press during the past four weeks and there is no doubt that strong pressure is being exerted on the Italian Authorities concerned. The Italian cruisers are fully employed on repatriation from French North Africa for which duties they are more economical and suitable but the Ministry is examining the possibility of using M.V. "SESTRIERE" for repatriations from India and Ceylon although in the case of this vessel there is an equally urgent need for her to assist

3. In these circumstances and despite the decision in paragraph 2 of Admiralty Message timed 131150 November, 1945, not to all, it may now be considered desirable to seek the release of one of the vessels quoted in paragraph 4 of Minute 1.

Subject: Ships for repatriation of prisoners

The Council of Ministers has instructed me to submit the following matters for the examination of the Allied Commission :

1. The repatriation of Italian P.O.W. is at present effected by means of I.R.N. cruisers and the ss. "TOSCANA" which, among the merchant vessels available for civilian use, is the only one that can be put to use for this purpose.

2. Using these craft repatriation is a very slow and uneconomical process, and it causes a justifiable disappointment among those concerned, for they see their expectation to return to their homeland unfulfilled after a long absence - of nearly six years in some cases.

3. On the other hand the return of ex-P.O.W. to Italy is a matter of outstanding social importance.

Therefore it is considered desirable to expedite the movement by sea, using suitable vessels, in order to meet the evident requirements of those concerned.

4. In consequence it is submitted that the Allied Commission consider the possibility of giving back to the Italian Government authorities, for the above transportation requirements, the following passenger vessels :

- SATURNIA - VULCANIA - PRINCIPESSA GIOVANNA - ARGENTINA or, at least, a number of them.

5. This matter is brought forward in the assurance that it may be examined in the most favourable light possible, and it is requested that we may be informed of the decisions reached as soon as possible.

1. The following information was secured from the Italian Ministry of War, Autonomous Office for War Veterans and Repatriated PW, and it seems to be as accurate as can be had at this time.

a) Total number of prisoners in Russia

According to calculations made by this Ministry the number of Italians that belonged to the ARMIR, and were taken prisoners in Russia amounts to about 80.000 individuals.

This number was confirmed by the Russian newspaper "Alba" who on the 10th of Feb 1943, page 2, stated that: "from the 16th to the 30th of December the Italian Divisions - Ravenna, Cosseria, Pasubio, Torino, Sforzesca, 1st Celere, were defeated together with certain battalions of the [illegible] on the middle Don and more than 50.000 officers and men were taken prisoners. In the following January the Divisions of Alpina Julia, Tridentina, Cuneense and the 156th Infantry Division were defeated at Voronez and another 33.000 Italian officers and men were taken prisoners". The newspaper added on the 20th Feb 1943, page 2:-

The Italian Losses

About 50.000 Italian have died in Russia. Nearly 80.000 are prisoners of the URSS.

According to a note from the Soviet Embassy to our Ministry of Foreign Affairs in August 1945 the number of IPW in Russia amounted to 19.640.

According to an official statement from the Soviet Embassy to the Italian newspaper in May 1946 the number of prisoners amounted to 21.193.

b) Number released to Italy

The Italian military personnel that formed part of the ARMIR repatriated up to 31st Oct 1946, is 12.505 individuals.

c) Number of prisoners remaining in Russia

8783

c) Number of prisoners remaining in Russia

According to statements from the returned veterans, the number of prisoners that remain in Russia is as follows:

3 generals
5 superior officers
17 subalterns amongst which are two chaplains
1 Non-Comm
10 soldiers

Total 34 individuals belonging to military personnel.

Declassified and E.O. 13065 Section 3-402/NNDC No. 165020

Unconfirmed news have been received of a greater number of prisoners held as workmen in far away territories in Russia. However all the information that we have been able to obtain from officers and official sources are in contrast to what is written above, as for example:-

- official statements from the Soviets through the Press and the Radio confirm that all the Italian prisoners have been repatriated and do not mention the 34 above.

- according to reports from the veterans, the 90 or 92% of the prisoners of the ARMIR died right after capture during their transfer on foot and by railway (a month trip with very little food) and due to the terrible epidemic of Typhus that killed all the organically weak in the first concentration camps.

On the other hand on the basis of the information received while the probabilities are few that there are still prisoners in Russia of the ARMIR, it can not be excluded that Italian military personnel who were in Germany as PW, has been transferred to Russia or taken from Yugoslavia.

d) Number unaccounted for

- In comparison with the initial number of 80.000 prisoners, the number of prisoners still missing should be about 67.500.
- In comparison to the 19.640 reported by the Soviet Embassy to our Ministry of Foreign Affairs in August 1945, there still remain 7.135.
- In comparison with the number 21.193 furnished by the Soviet Embassy to the Italian Press in May 1946, the missing number amounts to 8.688.

e) WHERE HELD

Of the 34 definitely held in Russian custody.

Generals Battisti and Pascolini:- Unknown camp
General Ricagno:- Camp 160 (Suzdal)
The 3 Superior officers and the four subalterns:- Camp 171 (Odessa)
3 subalterns and one soldier:- Camp 36.15 (Odessa)
Capt. Jovino (Carabiniere):- Camp 27 (Mosca)
Lt. Alagichi (Chaplain):- Camp 27 (Alabuka)

The rest in unknown camps.

Regarding the internment of the presumed numerous prisoners still held in Russia, rumors have it that they are in Siberia.

f) Type of work employed at

The repatriated stated that they were made to do hard labour in the mines and factories of Kolkos.
During the first period the officers were worked in the same manner.
Rumours are that those who are supposed to still be there, work in the mines

In a memorandum No. AC/14132/L of 28th January, Legal Sub-Commission sent me copies of correspondence about a request by the Yugoslav Deputy Representative on the Advisory Council for Italy, for the release of five persons serving sentences of ten years' for mutiny in the Italian Navy. The Yugoslav note described them as "Yugoslav nationals born in ~~Istria~~". The matter was referred by the Allied Commission to the Ministry of Grace and Justice who replied that the persons involved are Italian subjects and consequently could not be handed over to the Yugoslav authorities as requested. They added that they could however take steps to expedite the examination of the possible grant of pardon.

2. As the persons involved were born in Istria and if they were never naturalised in Yugoslavia they are certainly Italian subjects as claimed by the Italian Government. Even if, under Yugoslav law, they also possessed Yugoslav nationality, the principle of master nationality would apply if they are on Italian soil; they were in fact serving in Italian Navy at the time. Moreover, when the mutiny took place the Italians were already co-belligerents and the Italian Navy was operating under the orders of C-in-C Mediterranean. It is probable that there were Allied liaison officers on board at the time and that the decision to arrest the men was taken with their knowledge and authority. In the circumstances I do not think that we have any case for pressing the Italian Government to release the men. If they wish to do so, of their own free will, in order to secure better treatment for Italians in Yugoslavia, that is a different matter. In any case, the sentence presumably expires in three months' time. My own

Subject: Request of Yugoslav Delegation to ACI for return of certain alleged Yugoslav nationals

I have seen the memorandum dated January 29 prepared by Polad (B) regarding the alleged Yugoslav nationals whom the Yugoslav Delegation to ACI is seeking to have returned, and can only repeat that since all the persons involved were born in Istria and there is no indication that they were ever naturalized in Yugoslavia, it is assumed they must be Italian citizens. I also agree with Polad (B)'s statements regarding the fact that since their mutiny took place after the Italian navy was serving under the Allies, there is a certain Allied responsibility in the matter.

I believe that, inasmuch as these men have only three months more to serve, merely conveying a copy of the Ministry of Justice's note to Dr. Smodlaka should be sufficient.

1.- Reference: further to memorandum N/1570/1570, dated September 28th.1945.

2.- As stated in memorandum n° 8/3113 of August 31st, 1945, the Italian and French Governments have agreed to the repatriation of 1.500(fifteen hundred) former Italian Prisoners of War, freed by the North Africa French authorities.

P.O.W. ZIGRINO Domenico.

Our workman ZIGRINO Domenico, who was sent as a special fitter in France at an Atlantic Submarine base, became a prisoner of war of the Allied Forces and is at present in Depot de P.G.182 - Camp de Germagnan par St-Medard-En-Jalles (Gironde).

As you know, this shipyard is at present engaged in carrying out important repair and construction works for the Anglo-American and Italian Navies, and as ZIGRINO is a fitter particularly skilled in naval motors, his presence here would be of a great help for the completion of the works we have in hand.

Will you please see to the possibility of our having back the man whose address is:

ZIGRINO Domenico,

We deeply thank you and remain,

Yours truly,

Subject: Captain CELENTANO Vittorio POW 209 Camp.

The undersigned beg to inform the A. F. H. Q. what follows: The Captain of Bersaglieri CELENTANO Vittorio born at Gloverswille N.Y.(U.S.A.) now a POW, was in the civilian life an employee with the Firm Thomas Cook & Son-Naples. He is married, with two little daughters, supporting his family through his work, being not a man of affluence.

On Sptember I942, he was called to join the colours, and sent to North Africa, from where he came back ill; for that reason he was sent home on a sick leave (after 40 days'stay in the hospital ex 23 Marzo . As his leave expired Captain Celentano reported to Padua Military Commend (9/6/43), who had him to proceed on to Verzuolo Cuneo (where his wife and daughters were already, Naples evacuees) waiting for further orders.

In Verzuolo Capt. Celentano kept hidden for several months in spite of the compulsory proclamations. As his family had necessity of earning its own bread and butter, Cpt. Celentano gave English Lessons on the quiet, at the same time through Ads on the Turin News paper, he landed on a job as Teacher of English Language with the Italian Linguistic Institute.

The Colonel COSMACINI Giuseppe of the War Office, Rome, then Commander of the Castiglione delle Stiviere Military Base(Mantua) had him reaserched, inviting him in a friendly way first, then through the Carabinieri of Verzuolo(as attached certificate states).

As in that period, and more precisely on Dec. 1st 1943, the Germans carried out deportations and any kind of extortion in the persons of the relatives of all who failed to report for military duty, and his family had already been warned that they would have been harassed by the Germans, Capt. Celentano was compelled to report.

Such statement(and the relevant documents) have been delivered for safekeeping in the hands of the local Committee of National Liberation whose chief was the Archpriest don Vignola from Castiglione. 8747

Capt.Celentano,in public,declared to Chief Partisan sig.Mario FORCELLA all his hatred and anger towards the Germans,at the risk of being deported to Germany and shot to death. He was not entered into the Partito Fascista Repubblicano.

On May 6th,1945 he was taken prisoner by the Allies. As a matter of fact,his group,after contacting the local C.L.N.,had been waiting for

./.

the Allies to come,delivering to them material and things.

Both Vittorio and Salvatore Celentano (the latter still active with the R N Dockyard) are the only supports of a numerous family. They are all depending on his brother Salvatore now,who struggles to maintain seven persons by his salary.

Salvatore Celentano,sea-going master (former officer of the Italian R N) escaped the watchfulness of the Germans,and,after being captured o/b his ship (Aquileja) at La Spezia,succeeded in reaching Naples,in the course of two months' flight through the Abruzzi mountains,and got a position with the Allies,where he has been employed for nearly two years(see enclosed certificate). He took part in the Italian Patriotic Movement,as from card n° 3476.

The painful plight the family Celentano are in,living from hand to mouth to the serious disadvantage of the two daughters' health,has moved the undersigned,who feel to be their duty to point it out to you.
They are aware that Mr. Celentano was obliged to serve in the Republican Army solely to avoid the horrors of the German concentration camp to his wife and little daughters.

They request,to no prejudice whatever of the final decisions of Allied Governments,that the possibility of granting the freedom on parole to Capt.Celentano may be kindly examined,with his brother Salvatore standing a personal surety.

Subject: Return to Italy of disbanded Italian Military Personnel and ex P.O.W.

As you know, Allied Authorities provide for the reception of the above-mentioned personnel from the Balkans disembarked in various ports of Puglie and then the Italian Army Headquarters. Naval personnel are then sent to various Naval Barracks.

It frequently happens that these personnel arrive in Italy without the Italian Army and Naval Authorities being informed. On account of this, it is very difficult to make necessary arrangements for their reception in barracks. This, sometimes, causes disorganisation.

It is therefore requested that the Allied Authorities concerned give the maximum notice of impending arrival, to Italian Commander-in-Chief, TARANTO.

ARGOMENTO Piertro in Italia di militari sbandati e ex prigionieri di guerra italiani.-

Come vi è noto, alla sistemazione iniziale di questi militari sbarcati nei porti delle Puglie e provenienti dalla Balcania provvedono gli Alleati e successivamente i Comandi di Presidi del Rº Esercito. I militari appartenenti alla Rª Marina vengono quindi inoltrati alle Caserme dei vari Comandi Marina.

Succede di frequente che questo personale giunge in Italia all'improvviso, senza che le Autorità della Rª Marina e del Rº Esercito ne siano preventivamente informate. In tal modo è assai difficile che nelle Caserme dei Presidi e dei Comandi Marina tutto sia in maniera adeguata predisposto per ricevere i militari stessi. Quanto sopra crea qualche volta gravi disservizi.

Si prega quindi voler interessare le competenti Autorità Alleate perchè, nei limiti del possibile, sia sempre dato il maggiore preavviso dell'arrivo di questi militari al C.C. del Dipartimento di Taranto.-

We take the liberty of informing your office of our lack of personnel, apt for the many salvage commissions, that we are presently undertaking on behalf of the Royal Navy Fleet Salvage,

Among our personnel we have listed Mr. Mario MURATORIO, assistant technician, who, at the beginning of hostilities, was in Asmara. He was recalled in service as a Major of the Italian Royal Air Force and, later, was taken prisoner. The aforesaid person is, at the present moment, in Bombay, Camp. 28, N°81066.

We would be grateful to your office if you could see that Mr. Muratorio returns to Italy, where he could look after many delicate matters in our work.

We care to remind you that Mr. Muratorio was never listed in the Fascist Party, nor was ever interested in politics.

Thanking you for your help,

yours truly
