Subject: Amendments to Administrative Memorandum No. 10
dated 20 February 1945.
Conditions under which Italians will be exempted
from Military Service.

1. The Ministry of Marine state that frequently personnel of the Royal Italian Navy on short leave, obtain employment with Allied Units, obtain an exemption certificate which is afterwards endorsed by Army Territorial Hq., who have no information as to the military status. Such personnel are consequently declared deserters by Naval Authorities which complicates procedure as the personnel involved are in fact in possession of a normal exemption certificate in accordance with the above Administrative Memorandum No. 10.

2. To alleviate misunderstandings, it is suggested that paragraph 4(b) should be amended to read:

b) Where exemption is granted the Exempting Authority will complete a Certificate of exemption (Appendix "B") and will forward it together with one copy of the application form to the appropriate Italian Authority as set out below;

Naval Personnel	Ministry of Marine (Marinequip), Rome.
Army Personnel	Territorial Hq., Naples, Bari, Palermo, etc.
Air Force Personnel	Air Ministry, Rome.

3. It is also suggested that paragraph 3(5) Flag Officer, Northern Area, Mediterranean and (6) Flag Officer, Taranto, Adriatic and Liaison Italy be deleted, and in substitution insert Flag Officer Italy and Liaison.

Subject : Exemption from military service of
Italian personnel at the service of the Allies

By letter NO B 9245 Dated 2/8/45-copy attached, the Admiralty-Cabinet-with the intention of eliminating any inconveniences on the release of exemption certificates, by British or American representatives, has given us the task of informing Mil. Terr. HQ's that these certificates are to be forwarded, for the countersigning and endorsement, to the Gen. Dir. of the C.R.E.M.

Since this question concerns you as far as modifying, partly, the prescribed procedure as contained in note N/219 of 9/5/45; we refer this to you awaiting further instructions.

Ref. B. 9245 ✓

Date. 2/8/45

Subject : Exemption from Military Service

With reference to letter N B.4481 dated 11/4/45 and later letter N 627 dated 26/4/45 addressed to Terr. HQ's under our command, we point out that the Gen. Dir. of the C.R.E.M. still notices the following:

We note frequently that personnel of the R. Marine on short leave obtain employment with the allies thus obtaining an exemption certificate that they afterwards have endorsed by the Mil. Terr. HQ. who have no information as to the military position of these personnel; These are later declared deserters by their HQ's but the fact they have a normal exemption certificate rather complicates all the procedure. At the same time the ease of obtaining such exemptions encourages these cases of desertion.

Concerning the above we think it urgent to order that exemptions for personnel of the R. Marine DE endorsed by us-Gen. Dir. of the C.R.E.M. The observations of Marinequip, are attached to your letter N 627/19^x dated 27/6/45 addressed to M.M.I.A.

It appears to us that the M.M.I.A. has not replied but this inconvenience could be immediately eliminated if Army Terr. HQ's were to forward the certificates of British or American representatives to Marinequip, for the endorsement.

We ask you to kindly inform Terr. HQ's under your command of the a/m with the view, already pointed out of avoiding proceedings being taken against the said military personnel who, in good or bad faith, have obtained employment in order to obtain exemptions not granted by law.

4. Procedure By Exempting Authority

a. The exempting authority will take into consideration the certificate of the British or United States Labor representative but will not authorize exemption in any case unless satisfied that the retention in employment of the individual concerned is so essential that such individual will be of greater value to the Allied war effort by remaining in his present capacity than he would be if called into the Italian Military Service.

b. Where exemption is granted the Exempting Authority will complete a Certificate of Exemption (Appendix "B") and will forward it together with one copy of the application form to the appropriate Italian Authority as set out below:

c. The Certificate of Exemption will be sealed and countersigned on behalf of the Italian Authorities and returned to the Exempting Authority for onward transmission to the employing unit who will hand it to the person exempted.

d. Should the Italian Authorities take exception to an exemption authorized by an Allied Exempting Authority, they will return the Certificate of Exemption, with their comments but without Seal or Countersign, to the Exempting Authority, through IMIA, for review. Final determination in each case will rest with the Exempting Authority, but full consideration will be given to the views of the Italian Authorities and IMIA.

5. Channels of Application - All applications forwarded by the local British or United States Labor Representative to an Exempting Authority will be submitted through the normal channels of command.

6. Duration of Exemption - Exemptions granted under the provisions hereof will be valid only for a period of six months with effect from date of exemption. Applications for further exemption will be submitted in the same manner except that the form will be marked (RENEWAL) and previous authority quoted.

7. Notification

a. Employing Units will notify the Exempting Authority of any person to whom exemption has been granted who is subsequently released from employment, and will instruct the released employee to report to the nearest Reali Carabinieri Headquarters for direction to the nearest Italian Military District.

b. Exempting Authorities will supply full particulars of all personnel whose exemption is cancelled or expires to the appropriate Italian Authority as set out in paragraph 4 b above.

8. Civilian Firms - Applications for exemption will be made by the authority concerned in similar form and on similar grounds as set forth above in respect of personnel employed by civilian firms doing work of operational importance for the Allied Forces.

9. Refusal of Exemption - Where an application for permission to retain personnel in employment is refused, the employing unit may continue to employ such personnel until called up by the Italian authorities.

10. Applicability

a. This instruction is applicable to Italian Civilian personnel employed by both British and United States Forces and by civilian firms doing work of operational importance for the Allied Forces.

b. Nothing in this instruction shall in any way affect Italian prisoners of war (including cooperators) employed by the Allied Forces.

c. Nothing in this instruction shall be construed as providing exemption for deserters from the Italian Armed Forces. In all cases deserters will be turned over to the nearest Italian Military Authority for return to their units for disciplinary action.

Subject: Recall of Petty Officers of the Italian Navy

1. I understand that by the end of November, 5,000 Petty Officers of the Italian Navy, on the reserve, on leave, or on provisional demobilisation, in the Maritime Department of the Upper Tyrrhenian, had been recalled at La Spezia.

2. These men were subsequently transferred to the various Italian ports to take part, in the first place, in exercises on board armed ships and others in course of rearmament. Apparently, only 700 men were left in the La Spezia Ratings' Manning Depot by early December.

3. One possible explanation of this large call-up of higher ratings is the desire of the Italian Naval Command to replace ships' crews with a more certain element, in view of possible scuttling of vessels which are to be handed over to the United Nations.

I am taking this opportunity of recalling your attention to the possibility of scuttling of the ships which will have to be given up, and request you to take all possible measures to guard against it.

4. It is my duty, however, to ask the Navy Sub Commission whether it can invalidate or confirm the above information, and in the latter case, whether you can inform us of the Italian Navy's explanation.

O B J E T :- Rappel à l'activité de Sous-Officiers de la
Marine Italienne.

1°- J'apprends qu'au début de Novembre 5.000 sous-officiers de la Marine Italienne, en disponibilité, en permission ou en congé provisoire et dépendant du département maritime de la Haute Tyrrhénienne auraient été rappelés à la Spezia.

2°- Ces hommes auraient été ensuite dirigés vers les différents ports italiens pour participer en principe à des exercices à bord des bâtiments armés et de certains autres en cours de réarmement. Il n'en serait resté au dépôt des Equipages de la Spezia début Décembre que 700 .

3°- Une explication possible de ce rappel massif de cadres subalternes pourrait être le dessein du Commandement Naval Italien de remplacer certains membres des Equipages embarqués par des éléments plus sûrs, en vue d'un ~~sabotage~~ ^{sabotage} éventuel des navires qui doivent être livrés aux Nations Unies .

Je saisis cette occasion pour attirer, à nouveau, votre attention sur l'éventualité d'un sabotage par la

Marine Italienne de ceux de ses bâtiments qu'elle doit livrer, et vous demande de prendre toutes mesures que vous jugerez utiles pour l'empêcher .

4°- De toutes façons j'ai l'honneur de vous demander si la Navy Sub Commission est en mesure d'infirmar ou de confirmer les renseignements donnés plus haut, et dans ce dernier cas, l'explication que peut en fournir la Marine Italienne ./.
