Subject: Refrigerator-ship "IVOPEA" of 3234 tons gross.

On 8th September 1943 refrigerator vessel "IVOPEA" of 3234 tons gross was at Lero Island (Farteni bay) where it was acting as a floating depot for food supplies to the garrison.

The vessel continued these duties until 7th October 1943 on which date it was hit during a German bomber attack and sank in an approximate depth of 7 metres.

The Owner-Company "LA COSTIERA" of Genoa, has informed this Ministry that from advice received it would appear that the ship is salvageable. It requests that it may be authorised to send its representative, Captain Marcello NAZZINI, to investigate the state of the vessel personally on the spot.

It is requested that the Allied Commission may indicate what reply may be given to the Company concerned.

By direction
CHIEF OF CABINET.

1. The parents of the above-named live in Rhodes Island. He was entered in the I.R.N. Academy in August 1943 when already he had not seen his parents for a year.
2. Since he will be appointed for duty afloat once he leaves the Academy and it will be difficult for him to find an opportunity to visit Rhodes, it is requested that application may be made to the appropriate authorities for him to be authorised to avail himself of an Italian or Allied vessel visiting the island and allowing him to spend two or three days with his relatives.

1. Il sopranominato ha i genitori residenti nell'isola di Rodi. Egli è stato ammesso alla R. Accademia Navale nell'Agosto 1943 quando già da un anno non vedeva i genitori.

2. Poichè, una volta dimesso dall'Accademia e destinato a bordo, gli si presenterà difficilmente l'occasione di recarsi a Rodi, si prega di volere interessare le competenti autorità affinché gli concedano l'autorizzazione di fruire di un mezzo Italiano o Alleato che tocchi l'Isola, consentendogli una sosta anche di due o tre giorni presso i familiari.

Subject: Italian Naval Personnel, Movement of.

1. In accordance with previous information furnished by FOLI-ROME letter No. L. 381/5 of 15 August 1944, Italian naval personnel on duty in possession of proper credentials issued by competent Italian Naval authorities are authorized to travel in Italy south of the Rear Army Control Line without restrictions. At present the boundaries of the Control Line are as follows:

"PORTO CIVITANOVA S 7813 - TOLENTINO S 4203 -
VISSO S 2582 SPOLETO A 9759 - TODI A 6866 -
ORVIETO A 4659 - S. LORENZO A 2855 - thence
route 74 to sea."

For travel north of the Rear Control Line, credentials must be counter signed either by FOLI-ROME or the Navy Sub-Commission, AGC.

2. Italian Naval personnel not on duty, that is, when on leave or travelling for personal reason, are subject to the same restrictions as civilians. For such travels three (3) zones have been established; the Army Zone, the Restricted Zone and the Free Zone. The boundary between the Restricted Zone and the Free Zone is a line running along the southern portions of the boundaries of the Provinces of FOGGIA, CAMPOBASSO, FROSINONE and LITTORIA. The restrictions on travel within the three (3) zones are as follows:

(a) Army Zone.

No civilian may travel more than 10 km. or enter or leave the zone without a pass approved by A.M.G. Fifth or Eighth Army. When, however, a province within the Army Zone has been handed over to Regional Control, the competent authority to issue a pass is the Provincial Commissioner of the Province concerned, and not S.C.A.O. 6th or 8th Army.

Requests for passes to enter the Army Zone will not be considered unless the journey is in the direct interest of the war effort.

(b) Restricted Zone.

No civilian may travel from one province to another without a pass issued at the point of departure.

It will be noted that the Restricted Zone is partly

under the control of A.M.G. and partly under the control of the Italian Government. The same restrictions apply in both portions of the Zone.

(c) Free Zone. Movement is unrestricted except between the islands of Elba, Sardinia, Sicily and the mainland. Passes will be issued at the point of departure. A pass is also required to move from the Free Zone to either the Restricted or Army Zone.

3. During recent weeks numerous reports have been received from Allied authorities north of the Control Line indicating that many Italian officers and men are traveling in this area without proper authority. Many of these persons are in possession of credentials indicating that they are on duty whereas, in fact, the primary objective of the travel is for personal reason. Military leave passes to places requiring movement passes are to be issued only after the civilian movement pass has been obtained. Leave passes are not to be granted for travel within the Army Zone.

4. It is requested that strict instructions be issued by the Ministry of Marine to insure that no officers or men are granted authority to perform travel north of the Control Line for compassionate reason. Any persons apprehended in this area whether or not they are in possession of proper credentials may be subjected to military discipline, if it is determined that the travel is in fact being performed for personal reason.

Prot. N. 164/CO Allegati

ARGOMENTO: Ricognizione della R. Marina nell'Italia Settentrionale.

1°) - In attesa che venga approvato lo schema di organizzazione proposto col foglio SM.7793 del 20/4/1945, allo scopo di poter subito prendere i primi contatti con le zone litoranee dell'Italia liberata per risolvere i problemi più urgenti riguardanti i servizi ed il personale della R. Marina, si propone quanto segue:

a) Invio di un Ufficiale Superiore per una ispezione ai porti del litorale Alto Tirreno.

Questo Ministero invierebbe il Capitano di Fregata Ezio Bonfanti, già destinato al Centro Marina di Firenze. Detto Ufficiale ha acquistato una notevole pratica nella organizzazione dei servizi assistenziali, raccolta, censimento del personale della R. Marina e potrebbe assolvere efficacemente una prima ricognizione ai porti di Genova, Savona e Imperia.

b) Invio di un Ufficiale Superiore per una ispezione ai principali porti del litorale Alto Adriatico.

Data l'importanza degli interessi che la R. Marina ha, specie nel porto di Venezia, si propone che la ricognizione sia eseguita dal Vice Capo di Gabinetto, Capitano di Vascello Ernesto Pellegrini. Detto Ufficiale Superiore potrebbe, in collaborazione coi N.O.I.C. locali, proporre, con la competenza che l'attuale incarico gli conferisce, i provvedimenti più urgenti specie per quanto riguarda assistenza del personale di Marina.

2°) - In caso di approvazione da parte di V.S., si allegano i fogli di viaggio del Capitano di Vascello Ernesto Pellegrini e Capitano di Fregata Ezio Bonfanti. Il Capitano di Vascello Pellegrini si trasferirà a Venezia con l'autovettura Fiat 1100, targata R.M. 10018, accompagnato dall'autista Quattrini

The abovenamed Officer has made a request to this Ministry to proceed on leave to Tripoli.

3. For the above reasons, TERRENI wishes to go to Tripoli to see his father to settle some questions of legal and economic character which would permit him to dispose of assets in Italy which are in his name.

Naples - Sardinia (Cag.)

From: MINISTRY OF MARINE (Cabinet)
To : N.S.C.
Date: 4 August '45
Ref.: B.9288

Subject: Passage of ratings from Sardinia to the Mainland
in the vessels "Abbazia" and "Campidoglio", sailing
fortnightly.

With reference to the regulations governing the transport of civilian and military personnel on the s.s. "Abbazia" and "Campidoglio", the Sardinia Area Commander of the Italian Army, to whom 20 places had been allocated fortnightly, had made 6 of them available to the I.R.N.

Subsequently, upon the instructions of the M.M.I.A. this concession was withdrawn (see copy of extract, attached).

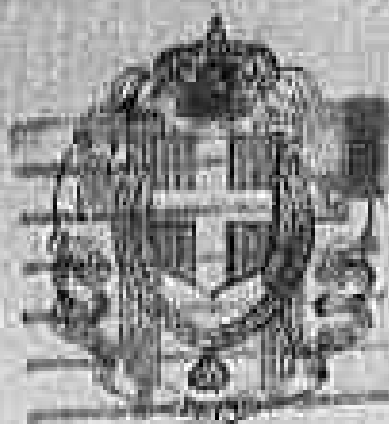

2. As long as Naval Vessels were plying between Cagliari and Naples no objection could be held to M.M.I.A.'s orders, but as the service of warships between Cagliari and Naples is now reduced to nothing, or nearly so, it is necessary for the I.R.N. to have at least 10 places available every fortnight as laid down for the Italian Air Force.

3. It would be appreciated if the N.S.C. would take this matter up with the M.M.I.A.

1.
 - a. In connection with the transportation to and from Sardinia, MMIA is concerned with only the following classes of personnel of the present Armed Forces:
 - (i) Personnel travelling on duty.
 - (ii) Personnel travelling on authorized leave, i.e., within the allotment of transport authorized.
 - (iii) Personnel of the present Army who have been demobilized in accordance with present orders and who are returning to their homes in Sardinia, such personnel being in possession of proper demobilization papers.
 - b. All other people, including ex-POW who have not been enrolled in the present Army and repatriates, are handled by the civil government and transport for them is not a concern of the War Ministry and MMIA.
2. The present arrangements provide for 400 places each month on the "Abbazia" and "Campidoglio". It is fully realized that this allotment will not satisfy the normal leave demands.
3. The following courses are open:
 - a. Retention of the allotment of 400 places each month on the ships as in Para 2 above.
 - b. Assignment of a ship of the Italian Navy to supplement the lift in Sub-para a above.
 - c. Charter or requisition, by War Ministry, of a ship or schooner now in the hands of their civilian owners to supplement a and b above (as has already been done by the Naples Territorial Command).

3. The following courses are open:

a. Retention of the allotment of 400 places each month on the ships as in Para 2 above.

b. Assignment of a ship of the Italian Navy to supplement the lift in Sub-para a above.

c. Charter or requisition, by War Ministry, of a schooner or schooners now in the hands of their civilian owners to supplement a and b above (as has already been done by the Naples Territorial Command).

7213

4. With reference to Para 3b above, the Navy Sub Commission, ALCOM advises that it will be possible to assign on a more or less permanent basis one destroyer, which can ferry 600 per month. Add this number to the 400 (Para 2) and a lift of 1,000 per month is permitted.

5. With reference to Para 3c above, it is known that a number of schooners are now in the hands of civilian owners. These schooners are not controlled by the Allies and the War Ministry can arrange with the owners for the hire of these schooners on a charter basis, or in case the owners refuse to so employ the schooners, it appears that the schooners could be requisitioned and operated by Naval crews furnished by the Italian Navy. (Schooners must be provided for transport from Palermo to Sardinia, as no other transport is available between Sicily and Sardinia.)

P1-1

6. It is not considered that the problem will be solved by the assignment of the destroyer (600 places per month), but for the time being all three courses enumerated in Para 3 above must be employed. At the same time it is necessary that only the classes of personnel shown in Para 1a above be considered by you.

7. a. MMIA will proceed with securing the assignment of the destroyer from the Naval Sub Commission, and you will be advised of the final arrangements which must be handled by MMIA with the Flag Officer, Italy, who will deal with the Ministry of Marine.

b. You should proceed to charter or requisition schooners, as necessary, as outlined in Para 5 above.

c. The allotment of spaces on the two civilian ships will continue as heretofore

8. I am directed to inform you that firm orders must be issued by you, and fully enforced, so that large numbers of men will not congregate at Naples awaiting transport to Sardinia. Only men in the classes outlined in Para 1a will be authorized to proceed to Naples and then only after proper arrangements for transport have been assured in advance. This will require a definite allotment of available space and an enforced order that men for whom transport is not available are not allowed in Naples, otherwise the use of the Naples Port may be prejudiced as large congregations of men waiting around Naples interferes with the Allied war effort.

9. It is desired that I be fully informed of the action taken by you, especially in regard to Para 7b and 8 above.

Subject: I.R.N. Property on Rhodes Island.

1. From reports compiled by officers returning from captivity in Germany, who were captured by the Germans at the fall of Rhodes Island, it appears that they left all their personal belongings in the custody of families on the island with whom they were acquainted when they were evacuated from the Island by air.
2. In order that the position may be known and to examine the possibility of recovering these valuables, it would be necessary for the Ministry of Marine to be able to send to Rhodes an Officer and a Petty Officer, chosen from among those who were on the island at the time the Armistice was declared.
3. In consequence the Navy Sub Commission is requested to make known whether it would be possible to send these ranks to Rhodes.

ARGOMENTO: Proprietà della R. Marina nell'isola di Rodi.

1. Dai rapporti compilati dagli Ufficiali che, catturati dai tedeschi alla caduta dell'isola di Rodi, rientrano dalla prigionia in Germania, risulta che quando essi furono evacuati dalla isola per via aerea, lasciarono tutte le loro proprietà personali in consegna a famiglie di conoscenti residenti nell'isola.
2. Allo scopo di poter conoscere la situazione e studiare le eventuali possibilità di recupero di questi valori, sarebbe necessario che il Ministero della Marina potesse inviare a Rodi un Ufficiale ed un Sottufficiale, scelti fra quelli che erano nell'isola all'atto della dichiarazione di Armistizio.
3. Pregherei pertanto codesta Navy Sub Commission voler fare cortesemente conoscere la possibilità di tale invio.
