From : MINISTRY OF MARINE (Maristat)
To : F.C.L.I. - Rome
Date : 19th September 1946
Ref. : 45626 - Encl.No.1

Subject : Motor Vehicles employed in the salvage service of the Navy.

With reference to your letter FOLI/454/148(a), dated 16th April 1946.

1. Following an accurate census, to be considered definitive, it appears that the final number of the Allied motor vehicles ceded by the British Naval Salvage Officer to the Naval Salvage Division of the Ministry of Marine, is that entered in the enclosed acceptance report, which is the object of the above-mentioned letter.

2. As will be seen by comparison with the list sent by F.C.L.I., the vehicles listed is the enclosed report are more that the number previously reported, and not all correspond to the original W.D. types and numbers. The difference in numbers, according to verbal information of the Principal Salvage Officer, Mediterranean, is owing to the fact that FOLI, although being in possession of the complete numbers, considered it opportune, at least for the moment, to limit the vehicles concerned only to those of British origin.

3. The greater clarification of the information listed in the enclosed report :-

a) the Bedford 15 cwt., N.C.N.K. truck included in the list sent by F.C.L.I. was removed from Naples on 23rd March 1946 by the R.N.F.S. and sent to Malta.

b) a third lorry, a 3 ton Chevrolet, No.5608243, is now at Genoa in the possession of the SCRIMA Co. which had once received it on loan from the R.N.F.S., which has lately asked the Naval Salvage Division of the Ministry of Marine to take it over; we will inform you when this does take place.

c) The following have been excluded from the enclosed report :
- Jeep No.51930 which is being handed back to the British Naval Authorities in Naples, as requested by the Principal Salvage Officer, Mediterranean.
- Motor Crane, type Lorain (No.1088) which came from Marseilles in an completely inefficient state and has been temporarily left to the Genoa Shipping Salvage Officer by the R.N.F.S. This vehicle, being of no use for salvage, is ready for return.

Declassified E.O. 12065 Section 3-402/NNNX NO. 785020

object of the above-mentioned letter.

2. As will be seen by comparison with the list sent by F.O.L.I., the vehicles listed is the enclosed report are more that the number previously reported, and not all correspond to the original W.D. types and numbers. The difference in numbers, according to verbal information of the Principal Salavage Officer, Mediterranean, is owing to the fact that FOLI, although being in possession of the complete numbers, considered it opportune, at least for the moment, to limit the vehicles concerned only to those of British origin.

3. The greater clarification of the information listed in the enclosed report :-

a) the Bedford 15 cwt., N.C.N.K. truck included in the list sent by F.O.L.I. was removed from Naples on 23rd March 1946 by the R.N.F.S. and sent to Malta.

b) a third lorry, a 3 ton Chevrolet, No.5608243, is now at Genoa in the possession of the SCRIMA Co. which had once received it on loan from the R.N.F.S., which has lately asked the Naval Salvage Division of the Ministry of Marine to take it over; we will inform you when this does take place.

c) The following have been excluded from the enclosed report :
- Jeep No.51930 which is being handed back to the British Naval Authorities in Naples, as requested by the Principal Salvage Officer, Mediterranean.
- Motor Crane, type Lorain (No.1088) which came from Marseilles in an completely inefficient state and has been temporarily left to the Genoa Shipping Salvage Officer by the R.N.F.S. This vehicle, being of no use for salvage, is ready for return.

4. Finally, except for the addition of the vehicle mentioned in section b) of paragraph (3), the Ministry of Marine has taken over, up to 10th August 1946, 18 Allied vehicles, from which all British Naval markings have been removed.

for CHIEF OF NAVAL STAFF.

HEADQUARTERS ALLIED COMMISSION
Navy Sub Commission AFO 394

N30/436.
28th February, 1946.

From : Navy Sub Commission, Hq., Allied Commission.
To : Ministry of Marine, Rome.

Subject : Transfer of motor transport to Italian Royal Navy.

Reference (a) : Ministry of Marine's letter SM/22309 dated 12th October, 1945.
Reference (b) : Ministry of Marine's letter SM/1666 dated 11th January, 1946.
Reference (c) : Ministry of Marine's letter SM/3016 dated 23rd January, 1946.
Reference (d) : Navy Sub Commission's letter N30/4303 dated 21st December, 1945.
Reference (e) : Navy Sub Commission's letter N30/4399 dated 9th January, 1946.

Further to reference (e) and contrary to reference (d) the Commander-in-Chief, Mediterranean Station on reconsideration of the matter, has given approval for all motor transport already issued at 30th January, 1946, on loan to the Italian Royal Navy for permanent services such as the Italian Navy Control Service and the Italian Lighthouse Service, to be retained by the Italian Royal Navy and debited to the Italian Government.

2. Reference (d) and (e) are now therefore rescinded and the transport listed in reference (a) may be retained by the Italian Royal Navy. Similarly, the motor transport turned over to the Italian Naval Control Service Officers at Genoa, Ancona and Bari may also be retained by the Italian Royal Navy and no further action need be taken in order to provide replacements.

3. In addition, approval has also been given for the retention by the Italian Royal Navy of motor transport listed in reference (b) and (c) and the British Naval Authorities concerned have been instructed accordingly.

G. F. MENTZ,
CAPTAIN, U. S. NAVY,

Subject: Request for transport for Naples Port Area.

1. As a result of the expected transfer of all port services at Naples from the Royal Navy to the I.R.N. it becomes essential also to arrange for the transfer to the I.R.N. of the necessary Mptor transport to ensure the operation of these services.

2. This Naval Staff has made application to the Ministry of Transport to obtain the allocation of these vehicles but in order that the Naples port services shall not be interrupted the Navy Sub Commission is requested in the meantime to authorise N.O.I.C. Naples to leave the vehicles hitherto employed by the Royal Navy on these duties for the use of the I.R.N.

3. Maridipart Naples would arrange for the return of these vehicles to the Royal Navy as soon as it received those allocated by the Ministry of Transport. The vehicles requested are as follows:-

- 1 No. car for the Mooring Service (ex A.C.D.)
- 1 No. car and 1 P.U. for the Sea Traffic Control (ex N.C.S.O.)
- 2 No. P.U. for the Fuel Office.
- 2 No. trucks (15 cwt) for the Fuel Office.
- 3 No. trucks (3 tons) " " " "
- 1 No. car for British Ship Repair Section (I.N.R.O.)
- 1 No. car for Liaison Office (I.N.L.O.)

3. You are informed that at the moment of writing this letter this Naval Staff is approaching the Ministry of Industry and Commerce in order to ensure that the I.R.N. obtains monthly the quantities of fuels and lubricants requisite for the running of the above motor vehicles.

Subject: M.T. at Taranto

1. The Command of the Taranto Maritime Dept. has notified us that in view of the imminent departure of the British Naval Authorities from that base, the British motorvehicles hitherto operating the undermentioned services should be withdrawn :

- Fuelling Office
- Naval Control Service Office
- Port Office.

2. To avoid interruptions in the operation of these services the Navy Sub Commission is requested to take action with the British Authorities in Taranto in order that the above motor-vehicles may be left at the disposal of Marina (I.R.N. Command) Taranto for their substitution with Italian vehicles recently recovered from the North.

Subject : Supply of Motor Transport to the Italian Navy Lighthouse Service.

With reference to the Commander-in-Chief, Mediterranean Station's letter No. Med.45/955/16/31 dated 29th November, 1945, information has now been received from the Ministry of Marine, to the effect that the Italian Ministry of Transport have, up to 31st December, 1945, been unable to supply the Ministry of Marine with vehicles to replace those loaned to the Italian Navy Lighthouse Service from Allied sources.

2. It is anticipated however, that the Ministry of Marine will eventually prove successful in their endeavour to obtain replacements for these vehicles, and they have been accordingly requested to inform the Navy Sub Commission as soon as replacements have been obtained, in order that the withdrawal of the Allied vehicles at present on loan may be effected.

Ref.: SM/174

Subject: Allied Motor-vehicles for the area commands of the Lighthouse service.

Reply is made to letter NSC/4303 of 21st December 1945.

1. In conformance with the new procedure for supply of transport the Ministry of Marine contacted the Ministry of Transport some time ago in order to obtain supply of Motor-Vehicles to replace those which the Allies had loaned temporarily to the I.R.N. to ensure the lighthouse service.

2. In reply to your request you are informed that to 31st December 1945 the Ministry of Transport had not been able to effect supply of vehicles, and therefore it is requested that it may be represented to the Commander-in-Chief, Mediterranean, that it is desirable that the withdrawal of the Motor transport in question should be postponed for as long as the I.R.N. is unable to arrange for their replacement.

From : Director of Works (Scotland)
To : H.M.C.S. - Ness
Date : 11th October, 1965.
Ref. : WS.2238.

Subject : Allied Merchant Vessels for the use of the Vessels of the Lighthouse Service.

1. The position of Allied Merchant ends available for the Lighthouse Service is as follows :-

- Merchant Nimbus	One 3-ton motor-lorry
- Merchant Ia Belgique	One 3-ton motor-lorry
- Merchant Helen	One 3-ton motor-lorry
- Merchant Palermo	One 3-ton motor-lorry
- Merchant Verona	One 3-ton motor-lorry
- Merchant Venice	One 3-ton motor-lorry
- Merchantman La Spezia	One 1-ton motor-lorry

Requests being made :

- One "Boy" for Merchantman La Spezia.

2. While the Vessels at Malin and Belmullet are maintained and refuelled by the Allied Merchantmen and based on Oban (Kerrera) each day, those in the other ports have been turned over to the Area Lighthouse Commissioners which arrange themselves for their victualling and refuelling. However, most of these Vessels have been definitely ended to the L.H.B.

3. It is understood that information may be given whether the above Vessels will be withdrawn by the Allies in the near future or whether they will be definitely handed over to the British Navy, since in the first event the Lighthouse Service would seem entirely to depend on to the very possibility of arranging for daily maintenance to the various Lights.

Subject: Transfer of Austin P.U. No. R.N. 36095 to C.I.P.

With reference to your memo No.23 dated 12th February, 1946, it is regretted that it no longer lies within the power of the Navy Sub Commission, to allocate P.U. R.N. 36095 to Comitato Italiano Petroli, Taranto, since this vehicle has now been transferred to the Italian Royal Navy and whose allocation therefore, comes under the jurisdiction of the Italian Ministry of Marine.

2. It is suggested therefore that the Ministry of Marine be approached with a view to Comitato Italiano Petroli obtaining the use of this vehicle.

G. F. MENTZ,
CAPTAIN, U. S. NAVY,
FOR REAR ADMIRAL,
CHIEF, NAVY SUB COMMISSION.

Memorandum No. 23.

Subject: Transfer of Fueling Office to CIP. Motorcar P.U. No R.N. 36095 Austin.

To : HQ. A.C. NAVAL SUB=COMMISSION.

1. Following transfer of Taranto Fueling Office to local CIP, the latter was temporarily allotted a P.U. No R.N. 36095 Austin motor car by the Allied authorities.

2. This facilitates CIP Taranto in its frequent contacts with the various offices concerned, also this type of vehicle is suitable for local road conditions. In addition our above office had only one Fiat 514 motor car at disposal which proved insufficient for the various needs.

3. In view of the foregoing, will this Sub-Commission please arrange that the vehicle in question be definitely allocated to CIP Taranto.

4. We are attaching copy of letter of R.N. Base Taranto dated 19 January 1946 relative to the consignment.

Dear Sir,-

P.U. No R.N. 35095 AUSTIN

The above mentioned vehicle will be loaned to you for a short period in order that your duties may be carried out.

2. You should endeavour to obtain your own transport from your administrative authority as soon as possible.

3. I shall be glad if you will acknowledge receipt of this letter.

Subject: Transport for the supply of provisions to the various Italian Naval Bases from the British depots at Bari and Naples.

1. Arrangements have been made for the Italian Naval Authorities to obtain monthly their victualling requirements from the British Depots at Bari and Naples.

2. It is essential that arrangements be made for allocating rail transport for the distribution to various Naval Bases, as it is reported that recently trucks allocated to the Italian Royal Navy for this purpose have been diverted for Allied use.

3. Your assurance that adequate provision will be made for the Italian Royal Navy needs will be appreciated.

From: MINISTRY OF MARINE (Maristat)
To : N.S.C. - A.C. - Rome
Date: 18th January 1946
Ref.: SM/2680

Subject: Transport for the supply of provisions to the various bases from the British depots at Bari and Naples.

In order to effect the immense transportations requisitefor the timely supply of food each month to the various mainland and island bases of the I.R.N., withdrawing the food-stuffs from the only British depots, which are at Bari and Naples, as has been instructed, it is necessary to be assured of rail transport as well as Naval transport, which is available on the most limited scale only - particularly considering that small craft, such as motor-landing-craft, are not easily employed in the present season owing to bad weather.

However, notice is given at times that rail trucks allocated to the I.R.N. for this transport, even when already loaded or in course of loading, are to be unloaded owing to the need for them to be used by the Allies.

The Navy Sub Commission is requested, therefore, to take action with the other Authorities concerned in order that the difficulty in question may be avoided if possible, thus hastening also the withdrawal of the abovementioned food items from the British Depots.

Prot. N. 2680 Allegati

Al LA NAVY SUB COMMISSION
A.C. - ROMA

ARGOMENTO: Mezzi di trasporto per il rifornimento viveri delle varie sedi dai depositi inglesi di Bari e Napoli.

Per effettuare gli ingenti trasporti necessari al tempestivo vettovagliamento mensile delle varie sedi peninsulari ed insulari della R.Marina, prelevando i viveri dai soli depositi inglesi di Bari e di Napoli, come è stato disposto, è necessario poter fare affidamento sui mezzi ferroviari oltre che su quelli navali la cui disponibilità è limitatissima specie se si tiene conto che le piccole unità, come le motozattere, non sono agevolmente impiegabili in questa stagione a causa del tempo cattivo.

Viene però segnalato che i carri ferroviari assegnati alla R. Marina per tali trasporti, anche se già caricati od in corso di caricamento, debbono essere talvolta scaricati per necessità di utilizzazione da parte Alleata.

Si pregherebbe quindi codesta S.Commissione Navale di voler intervenire presso le altre competenti Autorità Alleate per ottenere che l'inconveniente prospettato sia possibilmente evitato il che renderebbe anche più sollecito il prelevamento dei generi dai suddetti depositi inglesi.-

SUBJECT : Transport for the supply of provisions to the various Italian Naval Bases from tha British depots at Bari and Naples.

TO :Navy Sub-Commission

1. Reference your NSC/4487 dated 24 January '46, received in this Office on 7 February '46.

2. It is understood that the Italian Royal Navy places its bids for rail transportation through the War Ministry.

3. First priority is given to the movement of Allied and Italian Military traffic by the Italian State Railway.

4. It would therefore appear that in the instances referred to, the ISR failed to meet the Allied Military demand causing them to intervene at the expense of the Italian Royal Navy.

5. The War Ministry should follow up this question of wagon allocation with the Ministry of Transport ensuring that their demands are met before consideration is given to the requirements of ordinary civilian traffic.

6. A copy of your letter is being forwarded to Q(Movements) GHQ CMF.

Transfer of Equipment to Italian Naval
Control Service Officer; Genoa

With reference to the Flag Officer, Italy and Liaison's signal timed 271705A/December 1945, items of office equipment have been transferred to the Italian Naval Control Service Officer, Genoa. A copy of the supply and receipt memorandum is forwarded. The items have been taken off the charge of the Resident Naval Officer, Genoa by the Base Supply Officer, Leghorn.

2. The two Willys Jeeps have been transferred on loan to the Italian officer who has already applied to the Italian authorities for replacements. He has been informed that he is responsible to the Base Supply Officer Leghorn for the vehicles. Copies of the Supply and Receipt Memorandum are enclosed. In view of the closing down of the Leghorn base in the near future, the Base Supply Officer, Leghorn is taking action to have the Jeeps transferred to the charge of the Fleet Motor Transport Officer, c/o CinC Mediterranean's Reserve Transport pool, Naples.

TRANSFER OF NAVAL CONTROL SERVICE DUTIES TO ROYAL ITALIAN NAVY.

FROM... THE NAVAL CONTROL SERVICE OFFICER, BARI.

DATE... 1st January 1946.

TO..... THE FLAG OFFICER, ITALY AND LIAISON, ROME.
Copies to:- Navy Sub Commission, Allied Commission, Rome.
Captain-in-Charge, Taranto.
The Naval Control Service Officer,
Mediterranean.

The instructions contained in Commander-in-Chief, Mediterranean's signal timed 190904A/December 1945, are now complete. Italian officers have been performing Naval Control Service duties with effect from date of receipt of this signal.

2. As quoted in my letter addressed to Comando Marina, Bari, dated 28th December 1945, HILMAN P.U. No. M. 5101159, has been left to fulfil the immediate requirements until a replacement is received from the Italian Ministry of Matine. Remaining transport, namely, MORRIS P.U. No. 477982, FORDSON 15 cwt Truck No. 520229, and B.S.A. Motor-cycle No. C. 4638084, have been returned to the Motor Transport Officer, Taranto.

3. Since no items of office machinery were held on requisition, British Service equipment has been transferred under the provisions of A.F.O. 1047/44.

4. Only records essential for the continuance of duties have been retained. All surplus correspondence with Naval Control Service Officer, Mediterranean has been destroyed, since records exist in that office. A few items of an administrative nature, which may not be dead, are being forwarded under separate cover for retention in your office. All redundant matter, including A.F.O's, has been destroyed. Confidential Books and Signal Publication surplus to requirements have been returned to Distributing Authority, Malta, or destroyed by fire if ordered.

5. De-requisitioning of premises has been effected and all stores held on permanent loan, in connection with the Wardroom Mess, have been transferred to the charge of Superintending Sea Transport Officer, Bari, who has undertaken

Subject: Motor Transport Suitable for Removal of Mines.

With reference to the enclosed letter from the Comando Militare Marittimo Autonomo dell'Alto Adriatico to the Resident Naval Officer Venice, it is regretted that transport for this purpose cannot be made available from Allied sources.

2. It is suggested, however, that the Allied 3 ton lorry allocated to the Italian Rendering Mines Safe party based at Venice who took over from the British 2nd Mine and Bomb Disposal Unit be used, or otherwise that the mines be destroyed and used as scrap iron, or abandoned.

RESIDENT NAVAL OFFICER

SEDE
======

et per conoscenza:
MARIDIFE= SEDE.

SUBJECT:- Withdrawal of torpedoes.

On the beach, between the mouth of Po and Grado, are lying no. 40 mines, rendered safe, of various types. The weight of each weapon is about one Ton.

In order to carry out this salvage some appropriate means of transportation is needed - more exactly a lorry furnished with a crane necessary for the lifting of the weapons.

You are kindly requested to consider the possibility of granting the local Command of Difesa M.M. this lorry for temporary use, during the course of above mentioned work.

The lorry could be equipped with Itulian personnel. The salvage of the mentioned weapons is expected to require two months work.

MARIDIFE = SEDE

ARGOMENTO: Torpedini da ritirare.=

Sulla spiaggia tra le foci del Po e Grado giacciono, disattivate, No. 40 mine di vario tipo. Il peso de ogni arma e' di circa una tonnellata.

Per effettuare il ricupero occorrerebbe un mezzo idoneo e precisamente un camion dotato di bigo necessario per il sollevamento delle armi.

Pregasi esaminare la possibilita' di concedere tale mezzo in temporaneo uso, al locale Comando della Difesa M.M. per lo svolgimento di tale lavoro.

L'autocarro potrebbe essere equipaggiato con personale italiano.

Il ricupero delle armi richiederebbe all'incirca due mesi di lavoro.

To : N.S.C. - Rome
Date: 11th January 1946
Ref.: SM/1666

Subject: Request for transport for Naples Port Area.

1. As a result of the expected transfer of all port services at Naples from the Royal Navy to the I.R.N. it becomes essential also to arrange for the transfer to the I.R.N. of the necessary Motor transport to ensure the operation of these services.

2. This Naval Staff has made application to the Ministry of Transport to obtain the allocation of these vehicles but in order that the Naples port services shall not be interrupted the Navy Sub Commission is requested in the meantime to authorise N.O.I.C. Naples to leave the vehicles hitherto employed by the Royal Navy on these duties for the use of the I.R.N.

3. Maridipart Naples would arrange for the return of these vehicles to the Royal Navy as soon as it received those allocated by the Ministry of Transport. The vehicles requested are as follows :

- 1 No. car for the Mooring Service (ex A.C.D.)
- 1 No. car and 1 P.U. for the Sea Traffic Control (ex N.C.S.C.)
- 2 No. P.U. for the Fuel Office
- 2 No. trucks (15 cwt) for Fuel Office
- 3 No. trucks (3 tons) " " "
- 1 No. car for British Ship Repair Section (I.N.R.O.)
- 1 No. car for Liaison Office (I.N.L.O.)

3. You are informed that at the moment of writing this letter this Naval Staff is approaching the Ministry of Industry and Commerce in order to ensure that the I.R.N. obtains monthly the quantities of fuels and lubricants requisite for the running of the above motor vehicles.

24 August 1945

To: Maripers - Div. Fari, Roma.

Subject: Cession of Auto Vehicles and carbide by the American Naval Command.

1. As it was previously communicated, the American Naval Command places at disposition of this office, daily, the 5 ton FORD truck, No. 27. In view of eventual reductions or transferring of auto vehicles to other sections, Commodore B. V. McCandlish, to whom I have recently illustrated the exigencies of the signal service, is also of the opinion that the aforesaid truck should be assigned definitely to the Royal Navy for the needs of this Marifari. The cession should be done through the F.O.L.I. Rome.

2. While the truck should be used for supplies and heavy freight, the same American Command advices that we request the cession of a jeep which is particularly indicated, besides transportation of material, for visits and inspections to light houses located in isolate sections on the coast and impossible to be reached by rail or by sea for lack of means. Even this cession should be done through the F.O.L.I., Rome.

3. I have made a request to the American Naval Command for a supply of Calcium Carbide which is necessary for acetylene lighting (direct production). The American Naval Command would fill the request if authorized by the same F.O.L.I.

4. By request of the American Commodore, a copy of this letter is remitted to the aforesaid Command.

Captain S. PESCE
Lighthouse Zone Commandant

To: Commandant U. S. Naval Operating Base

ARGOMENTO: Cessione di automezzi e carburante da parte del Comando Navale Americano .-

1 - Come a suo tempo comunicato,il Comando Navale Americano (N.C.B.) mette giornalmente a disposizione l'autocarro marca Ford,targa T.27 della portata di circa Tonn.3,5 .- Lo stesso Comando Americano attualmente Commodoro B.V. MAC CLANDISH,al quale lo scrivente ha recentemente illustrato alcune esigenze del servizio dei segnalamenti,in previsione di eventuali riduzioni ed invio in altre sedi degli automezzi di cui dispone, riterrebbe opportuno che l'autocarro in questione fosse ceduto definitivamente alla Regia Marina per i bisogni di questa Marifari . La cessione dovrebbe avvenire tramite il F.C.L.I. Roma

2 - Mentre l'autocarro dovrebbe essere adoperato per i rifornimenti dei segnalamenti e trasporti pesanti per i bisogni giornalieri di piccoli trasporti e spedizioni ferroviarie,lo stesso Comando Americano consiglia di domandare la cessione di una camionetta (Jeep) che è particolarmente indicata oltre che per i predetti trasporti anche per effettuare sopraluoghi ed ispezione ai segnalamenti lungo le coste in località isolate alle quali non è possibile accedere per ferrovia nè raggiungere via mare per mancanza di mezzi . INDIRIZZO TELEGRAFICO: Marifari-Palermo

Prot. N.° 166 A/S/2 Allegati

ARGOMENTO: Cessione di automezzi e carburante da parte del Comando Navale Americano .-

1 - Come a suo tempo comunicato,il Comando Navale Americano (N.O.B.) mette giornalmente a disposizione l'autocarro marca Ford,targa T.27 della portata di circa Tonn.3,5 .- Lo stesso Comando Americano attualmente Commodoro B.V. MAC CLANDISH,al quale lo scrivente ha recentemente illustrato alcune esigenze del servizio dei segnalamenti,in previsione di eventuali riduzioni ed invio in altre sedi degli automezzi di cui dispone, riterrebbe opportuno che l'autocarro in questione fosse ceduto definitivamente alla Regia Marina per i bisogni di questa Marifari . La cessione dovrebbe avvenire tramite il F.O.L.I. Roma

2 - Mentre l'autocarro dovrebbe essere adoperato per i rifornimenti dei segnalamenti e trasporti pesanti per i bisogni giornalieri di piccoli trasporti e spedizioni ferroviarie,lo stesso Comando Americano consiglia di domandare la cessione di una camionetta (Jeep) che è particolarmente indicata oltre che per i predetti trasporti anche per effettuare sopraluoghi ed ispezione ai segnalamenti lungo le coste in località isolate alle quali non è possibile accedere per ferrovia nè raggiungere via mare per mancanza di mezzi . Anche questa cessione dovrebbe avvenire in seguito a trattative da fare col F.O.L.I. Roma .-

3 - Ho chiesto al Comando Navale Americano la cessione di carburo di calcio necessario per i segnalamenti ad acetilene produzione diretta . Il Comando Navale Ame

./.

ARGOMENTO: Autovettura Fiat 1100 targata 27717 della Ditta Romeo Canovai.

1°) - La Ditta Romeo Canovai ha messo a disposizione del Ministero Marina i propri Stabilimenti di Prato, Vaiano e Colle Val D'Elsa, per l'urgente lavorazione di panni, coperte ecc.-

2°) - Poichè l'autovettura della predetta Ditta era stata requisita dalla R^ Prefettura di Firenze che l'aveva assegnata ai CC.RR. di quella città, questo Ministero ha inviato l'allegato foglio alla Prefettura di Firenze dopo che vi era stata apposta approvazione dalla A.M.G. di Firenze.

La Prefettura di Firenze non ha però dato corso alla derequisizione in quanto la richiesta doveva essere approvata dalla Allied Commission di Roma.

3°) - Per quanto sopra si trasmette la richiesta di derequisizione, per la necessaria approvazione da parte della competente Autorità dell'A.C.=

Nel mese di agosto 1944, il Capitano Inglese Arthur G.MACK, destinato a Livorno quale C.A.P.O. (Chief Allied Police Office) dell'A.M.G. al seguito della 5° Armata, prendeva possesso nel Garage CASTELLI, in Via Pastrengo n°8 - Ardenza - di una macchina di mia proprietà Bianchi S.9 targata 42293 Roma, N° di motore 50422, che trovavasi colà custodita fin dal giugno 1940. Il predetto ufficiale non rilasciava al proprietario del garage nessuna ricevuta o foglio regolare di requisizione.

Ai primi di Aprile del corrente anno mi sono recata a Lucca dove trovavasi il Capitano MACK ed ho avuto con lui un colloquio in seguito al quale egli mi ha rilasciato una ricevuta provvisoria di cui allego copia fotografica.

Un precedente reclamo scritto, da me presentato al Claims Office Americano di Livorno, e da questo regolarmente inoltrato, non ha avuto ancora nessun esito.

Mi permetto di chiedere l'intervento di codesto Ufficio Gabinetto affinchè voglia portare quanto sopra esposto a conoscenza del competente Ufficio della Commissione Alleata e provocarne l'interessamento affinchè, qualora non sia per me possibile ottenere la restituzione della macchina, sia almeno salvaguardato il mio diritto di proprietà mediante una regolare requisizione.

Il libretto di circolazione dell'automobile è intestato a mia madre SIRLETTI Carlotta Amalia ved. ROZZI - abitante in Via Salaria N°195 - ROMA.

From: MINISTRY OF MARINE (Maristat)
To : F.O.L.I. - Rome
Date: 12 June '45
Ref.: SM.11697

Subject: M/T. for Communications Service.

1. As you are aware, F.O.T.A.L.I. and F.O.N.A.M. arranged for some M/T. to be made available to Communications Service for repairs to telegraph lines and to ensure supplies to Semaphore and coastal W/T. Stations.

2. Considering that :-

a) - Some of these services were of operational interest to Allied Commands;

b) - That the obligation to carry sufficient fuel for the duration of the work caused excessive wear and tear to the M/T. and prevented rational use of same, F.O.N.A.M. issued (when necessary and for limited period) permits to obtain petrol from Allied depôts in the area where operating.

3. Naples having become of less operational interest and above all to changes in the running of coastal Commands, these supply facilities are no longer available.

4. However, as you are aware, the work to be carried out by I.R.N. Communications Service is on the increase as recently liberated areas have to be linked up (Spezia and Venice, for example) and much remains to be done, apart from maintenance to some lines which are also of interest to Allied Authorities to a certain extent.

5. It is therefore suggested that F.O.L.I. continues to allow facilities (by means of coupons or permits) from time to time for this Maristat, which controls all the organizations in being, to obtain fuel from Allied depôts for the rational and economical execution of repairs and maintenance.

Rep M.D.S. *Uff* Telecom.

INDIRIZZO TELEGRAFICO: MARISTAT - ROMA

Prot. N.° SM/11697 *Allegati*

ARGOMENTO: Automezzi servizio Telecomunicazioni.-

1. - Come è noto furono a suo tempo ceduti, per interessamento di POTALI e del FONAM, al servizio Telecomunicazioni alcuni automezzi per ricostruire e mantenere in efficienza le linee telegrafoniche e per assicurare la vita alle stazioni semaforiche ed r.t. costiere.

2. - In considerazione che :
   a) - alcuni di detti servizi interessavano operativamente i Comandi alleati;
   b) - che l'obbligo di portare con sè il carburante necessario a tutta la durata dei lavori causava notevole logorio degli automezzi ed un loro non razionale impiego il FONAM rilasciava, quando necessario e con limitata validità, alcune autorizzazioni a prelevare il carburante necessario presso i depositi alleati della zona in cui si svolgevano i lavori od erano necessari i rifornimenti e le riparazioni.

3. - Con la diminuzione delle necessità operative nella zona di Napoli e sopratutto in seguito alle modifiche apportate all'ordinamento dei Comandi costieri, tale facilitazione di rifornimento non è più possibile.

4. - Tuttavia, come è noto, i compiti affidati al servizio Telecomunicazioni della R.Marina, non sono diminuiti, anzi si presenta la necessità di collegare altre zone di recente liberate (tra cui importantissime Spezia e Venezia) con un programma di lavoro di notevole entità. E' inoltre necessario mantenere in efficienza tutta la rete radiotelegrafonica già costruita la quale, sotto alcuni aspetti, presta servizio anche per le autorità alleate (come ad esempio i NCIC retti

   b) - che l'obbligo di portare con sè il carburante necessario a tutta la durata dei lavori causava notevole logorio degli automezzi ed un loro non razionale impiego il FONAM rilasciava, quando necessario e con limitata validità, alcune autorizzazioni a prelevare il carburante necessario presso i depositi alleati della zona in cui si svolgevano i lavori od erano necessari i rifornimenti e le riparazioni.

3. - Con la diminuzione delle necessità operative nella zona di Napoli e sopratutto in seguito alle modifiche apportate all'ordinamento dei Comandi costieri, tale facilitazione di rifornimento non è più possibile.

4. - Tuttavia, come è noto, i compiti affidati al servizio Telecomunicazioni della R.Marina, non sono diminuiti, anzi si presenta la necessità di collegare altre zone di recente liberate (tra cui importantissime Spezia e Venezia) con un programma di lavoro di notevole entità. E' inoltre necessario mantenere in efficienza tutta la rete radiotelegrafonica già costruita la quale, sotto alcuni aspetti, presta servizio anche per le autorità alleate (come ad esempio i NOIC retti da ufficiali della R.Marina, le situazioni porti comandate nel Campbell Connittee, ecc.).

5. - Si prospetta pertanto l'opportunità che le facilitazioni di prelevare carburante presso i depositi alleati sia mantenuto e regolato da codesto FOLI con buoni o permessi da concedere di volta in volta con questo S.M., che presiede a tutte le organizzazioni in atto, e che provvederà a regolare i lavori e le manutenzioni nel modo più razionale ed economico.=

Subject: Lorry for Upper Tyrrhenian Lighthouse Area.

The "Bedford" truck N°L.4668350 which Allied Authorities made available for above area is in bad condition due to over-long running.

It can still be used locally but is definitely not in condition to undertake long or arduous trips such as are required for Lighthouse servicing.

Therefore shall be glad if N.S.C. could have this lorry replaced to carry out servicing and renewals as insistently requested by N.Os.I.C. at Genoa and Leghorn.

Argomento: Autocarro per zona fari Alto Tirreno.=

L'autocarro Bedford n.L.4668350 messo a disposizione dalle Autorità Alleate per il servizio fari dell'Alto Tirreno é in condizioni precarie di funzionamento per eccessiva usura delle varie parti meccaniche.

Esso può fare servizio locale ma non é assolutamente in condizioni di affrontare viaggi lontani dalla Sede od in località di difficile accesso, quali sono richiesti per il servizio fari.

Si sarebbe perciò grati a codesta Navy Sub-Commission se detto autocarro potesse essere sostituito con altro di maggiore efficienza, data la necessità impellente di provvedere alla riattivazione ed esercizio dei segnalamenti dell'Alto Tirreno, più volte sollecitati dai N.O.I.C. di Genova e Livorno.=

To : F.O.L.I. - Roma.
Date : 12 June, 1945.
Ref. : SM.11697.

Subject : M/T for Communications Service.

1. As you are aware, F.O.T.A.L.I. and F.O.M.A.M. arranged for some M/T. to be made available to Communications Service for repairs to telegraph lines and to ensure supplies to Semaphore and coastal W/T Stations.

2. Considering that :-
a) - Some of these services were of operational interest to Allied Commands;

b) - That the obligation to carry sufficient fuel for the duration of the work caused excessive wear and tear to the M/T and prevented rational use of same, F.O.M.A.M. issued (when necessary and for limited period) permits to obtain petrol from Allied depots in the area where operating.

3. Naples having become of less operational interest and above all to changes in the running of coastal Commands, these supply facilities are no longer available.

4. However, as you are aware, the work to be carried out by I.R.N. Communications Service is on the increase as recently liberated areas have to be linked up (Spezia and Venice, for example) and much remains to be done, apart from maintenance to some lines which are also of interest to Allied Authorities to a certain extent.

5. It is therefore suggested that F.O.L.I. continues to allow facilities (by means of coupons or permits) from time to time for this Maristat, which controls all the organizations in being, to obtain fuel from Allied depots for the rational and economical execution of repairs and maintenance.

ALLIED COMMISSION

INTER OFFICE MEMO

From..Liaison.Officer.to.Chief Commissioner

SUBJECT: FIAT 1500 N. NA 26178 (now at the disposal of Naval Lt APOSTOLI, LO Allied Commission)
TO: Land Forces S/C AC (MMIA)- (Atten. to Maj. Miles)

Following to conversation of undersigned with Maj Miles and your letter ST/1108 dated 19 July 1945, received through Naval S/C AC.

1. Follow ng points are made clear:
a)- Car FIAT 1500 N. NA 26178 since it was requisitioned on April 1944 is at the disposal of Lt Comdr P. APOSTOLO, LO to Chief Commissioner, AC HQ, who is doing liaison work for the Chief Commissioner with Italian Authorities in general, and consequently belongs to the Staff of the Chief Commissioner.
b)- Lt Comdr P. APOSTOLO, is an Iti Navy Officer, but, being detached under the direct orders of Chief Commissioner AC, aside of being admin.ly in force at the Navy Dept, officially has nothing else to do with the Italian Navy, and, consequently, with the Naval S/C AC, unless same wants expressly to or ~~xxxxx~~ directed by the C.C.'s office.

2. The above mentioned vehicle was requisitioned at Sal erno on the 7 April 1944 with a " verbale di requisizione" signed Lt Ventriglia and countersigned P. Apostolo, following a special authority given by Guerramotori with message N. 7059/21 dated 6 April 1944 to ACC for the requisition of car NA 26178 to be used by L.O. to ACC.

Lt Ventriglia at that time was authorised to requisition a given number of vehicles (20) for the ACC, but only in the Puglia Region. Consequently special authority had to be requested for the requisition of abovementioned car.

3. The car was registered at the ACC motor Pool with a 3 figure number, and later on the registration number was changed into a 4 figure one. A few months ago? on the assumption that the car was used by an Italian Officer, G-4 American requested that the responsibility of the car be taken by an Italian Unit. Considering

/.

SW-1

Declassified E.O. 12065 Section 3-402/NNDC NO. 785020

that I was formerly attached to Comando Supremo (now SMG),and simply, because SMG offices were more at hand, I requested to them to take in force, only for responsibility in case of accident, the car I was using. Which they obligingly did. The AU registration of the car was mantained.

4. Now G-4 American, recognizing that the car in question is used by an officer working entirely for AU, has taken back the full responsibility for same car.

5. As SMG has not yet been officially notified of the above (N. 4), Land Forces S/C is requested to inform this office of the decisions they will take on this matter, viz:

a)- if they want to drop this matter and have the undersigned notify the SMG,

b)- or, if they want notify their decisions directly to SMG. It is believed that this may be preferred as the SMG have already been interested on the subject by your office.

P. APOSTOLO,
Lt Comdr, RINR,
L.O. to CC

FILE

From : Navy Sub Comission, Hq., Allied Commission.
To : Ministry of Marine, Rome.
(Directorate of the Mercantile Marine).

Subject : Motor-Transport to carry goods from Venice Harbour.

With reference to your letter No.2785-P dated 2nd August, 1945, you are informed that the supply of motor-vehicles for the transport of goods at ports, and the allocation of fuel and lubricants for their operation, is not a commitment of the Navy Sub Comission. Applications of this nature should be made to the Transportation Sub Comission of the Allied Comission.

2. With regard to the captured lorries alleged to be held by the San Marco Regiment it is suggested that the matter be taken up direct with the Italian Royal Navy authorities observing that the San Marco Regiment is shortly being reduced, and that the Ministry of Marine is authorised to dispose of any captured motor-transport formerly belonging to the Italian Republican and German Navies.

Ref.: 2875 - P
1785

Subject: Motor-transport to carry goods from Venice Harbour.

1. In view of the unserviceable state of the railway in the Venetial area generally and especially in the Railway yard at Venice the Supply Authority ("Provveditorato") requests the allocation of 100 motor-trucks, with trailers, if possible. They draw attention to the fact that in the Bolzano area of the Upper Adige there exist large numbers of captured lorries which are at present in the custody of the San Marco Regt. and not used.

2. The "Provveditorato" also asks that an adequate allocation of fuel and lubricants may be granted for the running of these vehicles, and that the Captain of the Port at Venice may be authorised to arrange and control their organisation in co-operation with the "Provveditorato".

3. The above request has been forwarded after the agreement of N.O.I.C. Venice.

4. I beg to forward this request for your most favourable consideration.

ALLA COMMISSIONE ALLEATA
R O M A

ALLIED MILITARY GOVERNMENT
T O R I N O

Questo Ente a cui sono stati affidati come è noto importanti compiti strettamente connessi con la ricostruzione nazionale, non disponendo di alcun automezzo, ha concordato con la Soc. FIAT di Torino - con riserva del consenso delle Autorità Alleate - l'acquisto di una macchina tipo 1100 lunga per il personale ed una tipo 1100 normale per il Commissario Governativo, Presidente.

L'assoluta necessità di poter disporre di tali autovetture, è resa evidente dal fatto che:

- l'ufficio amministrativo dell'Ente è situato al centro della città (Corso Rinascimento n°36);
- la Vasca propriamente detta, le sale da disegno, l'ufficio tecnico e le officine, con operai specializzati ed impiegati, sono fuori Porta S. Paolo, a circa un chilometro dalla Basilica;

./.

Declassified E.O. 12065 Section 3-402/NNBD NO. 785020

- le sistemazioni per le prove con modelli autopropellenti sono presso Sabaudia, a 100 Km. a sud di Roma.

Si prega codesta Autorità Alleata di concedere il nulla osta affinchè la Società FIAT di Torino possa sbloccare all'Ente "Vasca Nazionale" una autovettuta 1100 lunga ed al Commissario Governativo, Generale Ispettore del Genio Navale Ing. Umberto Pugliese, una autovettura 1100 tipo normale: entrambe possibilmente gommate.

Subject : Motor Transport for the Italian Navy.

A close scrutiny of demands received for Motor Transport for the Italian Navy indicate that the best use is not being made of existing facilities.

2. It is considered that this is mainly attributable to the fact that no pooling system has yet been imposed by you upon respective naval establishments under your command.

3. You are accordingly advised that this system is to be introduced with as little delay as possible and any difficulties encountered in so doing reported to the Naval Sub Commission.

4. It is suggested that all Italian Navy vehicles should have standardised identification markings and the words "ITALIAN NAVY" in bold letters on the front and back of each vehicle.

5. Demands received from Italian Naval Authorities for other than load carrying vehicles cannot be entertained.

Subject: Vehicles for the Italian Navy

G-4(A) thro' G-4(B).
Commodore Administration,
Office of C-in-C., Med.,
Royal Navy, AFHQ.

1. Demands for vehicles, stores, spares and services are being received by this Staff Section in respect of the Italian Navy.

2. In order to clarify the position and to establish a policy for supply, it is desired to separate these demands under the following headings:-

(a) Italian Naval Units working for the clearance of civilian supplies (Commerce Not Ammunition) No RN Units

and

(b) Units working within the establishment of the British Royal Navy. FOTHL 5487

If this distinction can be arranged, the responsibility for 2(a) will become a civil affairs one, for AC to meet, and for 2(b), a British Naval responsibility.

3. If any of the demands falling to AC under the terms of 2(a) are laid off on AFHQ, it is thought they should become a joint British/American commitment and should be met on a fifty-fifty quantity basis.

4. It is for consideration that when demands are received from AC by this Staff Section, they should be submitted to G-5 and the Royal Navy for initial screening. We then, in conjunction with G-4(A) and Ord(B) (in respect of "B" Vehicle Ancilliaries), will say which part of such demands can be met from existing resources.

MOTOR TRANSPORT FOR ITALIAN NAVY

With reference to your letter of 1st March, 1945, AFHQ/8200/6/3/Q(AE), the following arrangements are proposed in respect of supply of Service Motor Transport for use of the Italian Navy -

(a) Demands for vehicles to be forwarded through the Flag Officer, Taranto, Adriatic and Liaison, Italy, to the Commander-in-Chief, Mediterranean, with recommendations, and after approval to be passed to Q (AF) for allocation.

(b) Demands for spares, tyres, etc., to be forwarded to and screened by the Flag Officer, Taranto, Adriatic and Liaison, Italy, who will arrange supply from local Royal Naval stock if available, or demand on 357 BOD in usual manner.

A survey has recently been carried out in respect of the Motor Transport requirements for the Italian Navy, and it is considered that provision of about thirty three-ton lorries will be necessary within the next two to three months. As a first action, therefore, it is suggested that ten serviceable vehicles be made available as soon as possible, and Release Note for these is requested.

Sd. L. H. PHILLIPS 1486

COMMODORE ADMINISTRATION

MOTOR TRANSPORT FOR ITALIAN NAVY.
(F.O.T.A.L.I. Rome's letter no.L.101/9 of 30.1.45.)

III.

No.T.A. 45/142.

COMMANDER-IN-CHIEF, MEDITERRANEAN STATION.
(Copy to: F.O.T.A.L.I. Rome).

Forwarded for consideration.

2. In Taranto, lorries have been allocated to Italian Dockyard Departments from time to time from the Royal Naval Dockyard Transport Pool to carry out specified jobs, e.g. two lorries have been engaged for some weeks on clearing ashes from the Electric Generating Station, four are used morning and evening for the conveyance of workpeople, and one is used every morning for collection of milk from Mottola. Other vehicles from the Navy House Motor Transport Pool are also loaned to the Italian Navy, Taranto, for urgent operational work.

3. While there has never been any real evidence that the Italian or Allied war effort has suffered from the lack of transport to the Italian Navy, I consider that certain worn out Italian vehicles require replacement.

4. It has also been observed that the Italian Naval Authorities at Taranto, have made little or no effort to alleviate this deficiency by a pooling system, especially in the Dockyard. The Minister of Marine's attention has already been called to the benefits of a Motor Transport pooling system and to the occurrences of abuses which, if suppressed would materially assist in overcoming the alleged shortage.

5. I have on several occasions offered the services of a Staff Motor Transport Officer to assist the Italian Authorities at Taranto in organising a Motor Transport Pool, but so far no effort has been made to take advantage of my offer.

Ref. : Ss/11239.

Subject : Car Service for Lighthouse Technicians.

1. The Officers of the Technical Direction of the Lighthouse Service are often called to various localities for inspection of signaling apparatus and for surveying works of reparation and reconstruction.

2. These Officers often have to reach places far from main roads, and accessible only by various and difficult tracks. The 15 cwt Ford Truck put at our disposal by the Allied Authorities, does good work but cannot be used in certain cases owing to its size and weight. Many times therefore, notable distances have to be covered on foot and materials transported by hand, thus losing a considerable amount of time.

3. As it is the intention of this Ministry to speed up to the maximum, work for the full resumption of Marine Signals, in the international interests, it is requested that consideration may be given to the cadence of 15 cwt Truck, 4 x 4 GR" (Jeep) preferably with towing facilities, to the Lighthouse Service Office.

4. The cadence of this vehicle would enable a considerable speed up of work to be made, thus improving this important Service.

Argomento: Automezzo Servizio Tecnico Fari.=

1. - Gli ufficiali della Direzione Tecnica del Servizio Fari sono correntemente chiamati a recarsi nelle località più diverse per ispezionare i segnalamenti e sorvegliare i lavori di riparazione e ricostruzione.

2. - Tale compito li obbliga spesso a raggiungere luoghi lontani dalle vie maestre e accessibili soltanto per mezzo di strade strette e difficili. L'autocarro Ford da 15 cwt., messo a suo tempo a disposizione dalle Autorità Alleate, fa ottimo servizio, ma non può essere utilizzato in parecchi casi a causa della sua larghezza e del suo peso. Molte volte quindi notevoli distanze debbono essere superate a piedi e trasportando materiali a spalla, con notevole perdita di tempo.

3. - Poichè è nelle intenzioni di questo Ministero di accelerare al massimo i lavori per la piena ripresa dei Segnalamenti Marittimi, di interesse internazionale, si prega di voler esaminare l'opportunità di cedere all'Ufficio Tecnico dei Fari un "Truck" one-quarter ton, four by four, C-R" (Jeep) possibilmente con rimorchio.

6480

4. - La cessione di tale autoveicolo consentirebbe un notevole accele-

1. - Gli ufficiali della Direzione Tecnica del Servizio Fari sono correntemente chiamati a recarsi nelle località più diverse per ispezionare i segnalamenti e sorvegliare i lavori di riparazione e ricostruzione.

2. - Tale compito li obbliga spesso a raggiungere luoghi lontani dalle vie maestre e accessibili soltanto per mezzo di strade strette e difficili. L'autocarro Ford da 15 cwt. messo a suo tempo a disposizione dalle Autorità Alleate, fa ottimo servizio, ma non può essere utilizzato in parecchi casi a causa della sua larghezza e del suo peso. Molte volte quindi notevoli distanze debbono essere superate a piedi e trasportando materiali a spalla, con notevole perdita di tempo.

3. - Poichè è nelle intenzioni di questo Ministero di accelerare al massimo i lavori per la piena ripresa dei Segnalamenti Marittimi, di interesse internazionale, si prega di voler esaminare l'opportunità di cedere all'Ufficio Tecnico dei Fari un "Truck" one-quarter ton, four by four, G-R" (Jeep) possibilmente con rimorchio.

4. - La cessione di tale autoveicolo consentirebbe un notevole acceleramento dei lavori atti a migliorare quell'importante servizio.=

To : N.S.C. - Rome
Date: 26 May '45
Ref.: 477/CO

Subject: I.R.N. Personnel on Leave or Discharged to recently liberated Areas.

1. Further to message N°465/ of yesterday.

2. Within the next few days I.R.N. personnel from Southern Italy who are on leave or discharged to Northern Italy will arrive at Ancona. Some 3000 of them will be transferred in I.R.N. Corvettes and on arrival at Ancona they will proceed in parties in accordance with availability of transport, etc.

3. Ancona Naval Command will draft them North as soon as the three railway coaches on demand are provided. As already notified drafting could be carried out in about 10 days if coaches are available for that time and Ancona Naval Command will forward requests for same from time to time to local Allied Authorities.

ARGOMENTO: Militari della R.Marina che si recano in licenza o congedo nelle Zone dell'Italia recentemente liberate.

1. Prosecuzione messaggio a mano No.465 di ieri.

2. Sono in arrivo nei prossimi giorni ad Ancona dei militari della R.Marina provenienti dalle sedi dell'Italia Meridionale che si recano in licenza o congedo nelle zone dell'Italia recentemente liberate. Detti militari in numero di circa 3000 saranno trasportati con corvette della R.Marina ed il loro arrivo ad Ancona avverrà a scaglioni in relazione alle disponibilità dei mezzi ed alle condizioni del tempo.

3. Il Comando Marina di Ancona, non appena ricevuta l'autorizzazione di usufruire dei tre carri ferroviari richiesti, provvederà all'inoltro del personale al Nord. Come già comunicato, si prevede che l'inoltro del personale possa essere espletato in una diecina di giornate di effettivo uso dei carri, ed il Comando Marina di Ancona provvederà a richiederli alla Autorità Alleata locale di volta in volta.
