Date: 18th June 1947
Ref.: 10222/2

Subject: Naval-Air cooperation training data

1. To enable a more close cooperation between the Navy and the Air Force, a Lieutenant observer has recently been appointed to each Air Group Command (corresponding to our Naval Division Command). These officers have been detailed by their respective commands to carry out a lecture programme for the officers and men of the Air Force, on the Navy, ships, naval formations, manoeuvring and fighting instructions, and on naval-air cooperation in general.

An important part of these lectures must also be the recognition of ships and formations from the air. To make this instruction - to which both the Naval and Air Staffs attach particular importance - profitable, it would be a great help if use could be made of all the available material (manuals, albums, photographs, magazines and films) which the Allies made use of during the recent war for the training of their personnel.

2. It would be appreciated if the Italian Naval Branch could approach the competent authorities for the above materials.

By direction
Captain G. MARINI.

ARGOMENTO: Materiale illustrativo per conferenze sulla cooperazione aeronavale.

1. Nello spirito di una più stretta cooperazione tra Marina ed Aeronautica, è stato recentemente destinato un Tenente di Vascello Osservatore presso ogni Comando di Raggruppamento Aereo (corrispondente ad un nostro Comando di Divisione). Gli Ufficiali di cui sopra sono stati incaricati dai rispettivi Comandi di svolgere un ciclo di conferenze illustrative agli Ufficiali ed al personale dell'Aeronautica sulla Marina, le navi, le formazioni navali, i criteri di manovra e di combattimento e, in generale, sulla cooperazione aeronavale.

Argomento importante di tali conferenze deve essere pure il riconoscimento delle formazioni e delle navi da bordo di aerei. Per rendere proficue tali istruzioni - cui i due Stati Maggiori particolarmente tengono - sarebbe di grande giovamento poter disporre di tutto il materiale reperibile (manuali, albums, fotografie, riviste e films) di cui gli Alleati hanno largamente fatto uso nella recente guerra per lo addestramento del loro personale.

2. Sarei grato se codesto I.M.B. potesse interessare le Autorità competenti allo scopo di ottenere il materiale sopra descritto.

TYPE AND RETURN TO ACTION OFFICER:

Secy. Suggest we minute this to the Air Force Branch for their remarks asking whether they can provide the data required or inform us of the Air Force authority who could.

Would C in C Med be the Naval authority who could provide these books or is it J.A. Hall or some other authority in Admiralty?

J.A. Hall.

This is the sort of thing a Naval Mission would deal with! Yes, I think A.F. Branch's remarks would be helpful. J.A. Hall 23/6.
