1290. COURSES - DRIVING

It has been decided to run driving courses for ORs of this Headquarters. These will take place on Wednesday and Saturday afternoons of each week.

At the conclusion of each course the M.T.O. will issue a covering certificate in accordance with recent ACIs and GROs enabling people to obtain employment as drivers on returning to civilian life.

Any OR wishing to take advantage of these courses will hand his name in to the Det Ord Sjt by 0900 hrs Wed 5 Sep 45.

Times of lessons and duration of the courses will be notified at a later date.

1291. DISCIPLINE - DRESS

Although there is not as yet any noticeable slackness in smartness generally amongst troops in Rome, the Area Commander thinks there is and always has been room for improvement.

The fact that the war is over and that the Allies were victorious, and that many ORs leave on early release groups is no reason to become slack.

Because the Allies were victorious is all the more reason why we should be smart and proud of our Army.

It is the duty of every soldier to prove that the British Army can soldier in peace time as well as fight in war time.

1292. HYGIENE

The Hotel Genova will be disinfested by the local Hygiene Section over a period of four or five days. This will commence on Wednesday, 5 Sep 45. The Hygiene Section has decided to complete one floor per day, starting at the bottom.

All ORs sleeping in rooms on the 1st floor will move their kit, etc., to the centre of the room.

As the chemical used in the process contains oil, it is essential that all clothing be covered. A ground sheet or gas cape may be used for this purpose.

1293. MEDICAL

RAAC Routine Order No. 650 dated 10 Aug 45 is repeated hereunder for the information and compliance of all concerned:-

"Reference is made to GRO 169/45.

1. The above mentioned GRO lays down that WD and requisitioned vehicles (including motor-cycles) will never be left unattended except:
(a) When essential on operational grounds;
(b) on account of other urgent necessity;
(c) by holders of user-driver permits.

2. However, losses of vehicles owing to theft in this area continue to occur.

3. In some such cases vehicles had been immobilized, but this had proved a totally inadequate precaution to prevent determined thieves from stealing them even when the person in charge was only away for a short time.

4. The Commander British Troops Rome is of the opinion that at the present time it is absurd to invoke operational necessity in an area such as Rome, and considers that in future drivers should be accompanied by a second person, not necessarily a driver, who can assume charge of the vehicle in the absence of the driver; also that all holders of user-driver permits should be accompanied by a person who can assume responsibility for the vehicle during the absence of the driver.

1264. SPECIAL MESSAGE FROM H.M. THE KING

The following message to the Navies, Armies and Air Forces of the British Commonwealth and Empire which has been received from His Majesty the King is brought to the notice of all:-

"The surrender of JAPAN has brought to a victorious end the war which has engaged our full fighting strength all over the world. I send my heartfelt congratulations to the men and women of my navies, armies and air forces throughout the British Commonwealth and Empire.

Through the long years of the grim struggle with our enemies in the West and in the East your unflinching resolution and indomitable courage in the face of manifold adversity have earned you the eternal gratitude of your countrymen.

Many of your comrades have fallen in the fight. With you I grieve for their loss, for the sufferings of the wounded and for the sorrows of the bereaved. With you I look forward to the safe homecoming of those who have had to endure captivity.

By God's mercy the forces of evil have been overthrown but many tasks remain to be accomplished if the full blessings of peace are to be restored to a suffering world.

It is the duty of each one of us to ensure that your comrades have NOT died in vain and that your own hard-won achievements are NOT lost to the cause of freedom in which you undertook them.

On behalf of all my peoples, I thank you. God bless you all.

(i) In spite of previous orders published on this subject, it is evident that men who expose themselves to the risk of infection are too often neglecting to apply prophylaxis at the earliest possible time.

Other figures are available which show that few men who make timely use of prophylaxis do contract disease.

All ORs desirous of drawing pay on the forthcoming pay parade will hand in their AB 64 Part II to the Orderly Room (room 12) by 1800 hrs Monday, 20 Aug 45.

1214. SECURITY - DISCLOSURE OF INFORMATION CONCERNING "TOP SECRET" EQUIPMENT TO CIVILIAN FIRMS, BY MILITARY PERSONNEL.

ACI 1439/44 is repeated below for information and compliance.

1. Certain civilian firms in considering the post-war employment of such of their employees as are at present engaged on military service, have sent out a form of questionnaire in which Service personnel are requested to give details of the type of work upon which they have been engaged during their period of military service. There will probably be an increase in the number of these and similar requests and the object of this ACI is to ensure that all ranks are aware of their obligations in regard to the disclosure of military information acquired by them during their period of service.

2. All officers and other ranks, including ATS personnel, who in the course of their duties have had access to "Top Secret" or "Secret" equipment of any kind whatsoever, either during the manufacture, trial or completed stage, are reminded that they are bound by the Official Secrets Acts, 1911 to 1939, and their knowledge of secret matters must not be published or communicated, either directly or indirectly, to another person in any form except in the course of official duties. Military personnel are subject to the conditions of the Official Secrets Acts both during and after they have left the Service: serious penalties may be imposed in the event of any infringement of these Acts.

3. All ranks are therefore warned that they should exercise discretion in the filling in of any questionnaires such as are referred to in para 1 above, or any of a similar nature which they may receive. Where there is any doubt whether the information which it is desired to give is permissible or not, the advice of the unit security officer will be sought. Where the unit security officer does not feel that he is qualified to advise, he will refer the matter to the CO of the unit and the latter, in cases of exceptional difficulty, will consult the nearest I (b) staff officer or alternatively the War Office (MI 11) direct.

1215. VOLUNTARY HELP PARCEL SCHEME

1. The arrangement which had previously been in force whereby soldiers could send parcels of food to relatives and friends in U.K. through the auspices of the Victoria League of Durban (S.Africa) is no longer available in this command. In its place a similar arrangement has been made by the [illegible] and A.H. Society (London) with the Victoria League Melbourne (Australia).

1215. VOLUNTARY HELP PARCEL SCHEME

1. The arrangement which had previously been in force whereby soldiers could send parcels of food to relatives and friends in U.K. through the auspices of the Victoria League of Durban (S.Africa) is no longer available in this command. In its place a similar arrangement has been made by the I.S.S. and A.H. Society (London) with the Victoria League Melbourne (Australia). This latter scheme has been in operation for some months and has been handled by the C.V.W.W. As it is proposed considerably to extend this privilege within this theatre this scheme will in future be handled by Army Welfare Services instead of the C.V.W.W.

2. Standard parcels containing Sugar, Jam, Dried Fruits, and Tinned Meats, will be made up by the Victoria League, Melbourne, (Australia) and despatched, in bulk, monthly to the Incorporated Soldiers, Sailors, and Airman's Help Society, London, who will distribute them to the addressees. The price of each parcel will be 5/-d. which covers all costs and guarantees its delivery.

3. This Headquarters has been granted an allotment of TWENTY (20) parcels for the month of September, and remittances with particulars must be forwarded to RAAC (Welfare) before the 7 Sep 45.

5. Although parcels addressed to Eire are subject to a Customs Duty of 5/6 on entering that country, the ISS and A.H. Society have made arrangements for this duty to be paid so that the parcels are delivered to the addressees free of all charge.

6. It is stressed that NO individual may send more than one parcel in one month.

7. To avoid delay, etc., preference will be given to the first twenty applicants.

1098. SAFEGUARDING OF WD VEHICLES

RAAC Routine Order No. 650 dated 10 Aug 45 is repeated hereunder for the information and compliance of all concerned:-

"Reference is made to GRO 169/45.

1. The above mentioned GRO lays down that WD and requisitioned vehicles (including motor-cycles) will never be left unattended except:
   (a) when essential on operational grounds;
   (b) on account of other urgent necessity;
   (c) by holders of user-driver permits.
2. However, losses of vehicles owing to theft in this area continue to occur.
3. In some such cases vehicles had been immobilized, but this had proved a totally inadequate precaution to prevent determined thieves from stealing them even when the person in charge was only away for a short time.
4. The Commander British Troops Rome is of the opinion that at the present time it is absurd to invoke operational necessity in an area such as Rome, and considers that in future drivers should be accompanied by a second person, not necessarily a driver, who can assume charge of the vehicle in the absence of the driver; also that all holders of user-driver permits should be accompanied by a person who can assume responsibility for the vehicle during the absence of the driver.
5. This order will be brought to the notice of all ranks, and in future, if enquiries into the theft of WD or requisitioned vehicles disclose that the provisions of para. 4 above have not been complied with, Commanding Officers will be required to provide an explanation."

1099. MARRIAGE IN UK

RAAC Routine Order No. 648 dated 10 Aug 45 is repeated hereunder for information:-

"For those who may wish to be married with as little delay as possible on their return to the UK, the following ruling has been given:-

1. For the purposes of the Marriage Act, the home town of a person serving overseas may be regarded as a place of residence.
2. Banns may therefore be published:
   (a) at the home parish of the person overseas;
   (b) the parish of the person to whom he (or she) is to be married.

1058. LONG DISTANCE TELEPHONE SERVICE.

The following is extracted from Section VII, Daily Bulletin, No. 177, RAAC, dated 26 July 1945, for the guidance of all Allied Commission personnel using Long Distance Telephone Facilities:-

"The traffic at present being handled by Rome Long Distance Telephone Exchange is greater than at any other time since the occupation of Rome, in spite of the fact that the available operating personnel has been considerably reduced, and it has been necessary to employ Italian civilian operators on the switchboard.

In order to relieve the congestion on this switchboard, and improve the service, the following rules will be strictly observed by all subscribers:-

(a) Private calls will not be made between 0800 and 1800 hours.

(b) Conversations will be kept as brief as possible, and will deal with strictly military matters.

(d) Subscribers who experience difficulties in making calls, or who wish to make a complaint, will ask the operator for the Supervisor, or will dial the Supervisor on telephone number 478218. Under no circumstances will the operator be engaged in conversation.

Cases are still being reported of Italian civilians making long distance calls over the military network, and in some instances they have been assisted by Allied personnel.

When a civilian attempts to use military lines without authority, his telephone is disconnected by the Italian Government.

Disciplinary action will be taken against any Allied person who assists an Italian civilian in the violation of this order."

There is no prospect of improvement, and it must be realised that the shortage is likely to extend to many other items of clothing.

4 (a) Clothing will not be condemned solely on the grounds of appearance, nor will new clothing be issued for uniformity of turnout on parade. Serviceability will be the governing factor in considering the necessity for replacement. Every garment withdrawn from use will be returned to Ord for reconditioning.
(b) Henceforth platoon or equivalent commanders will be made responsible for authorizing all exchanges in their sub-units. The normal method will be that the individual who considers an article requires exchange will apply to his platoon commander; he will produce his AB 64, Part I, page 3, showing his release number. The platoon commander will examine the

If it is absolutely essential to effect an exchange, part-worn clothing will be issued. New garments will not on any account be issued to men proceeding to UK on release.

It is the duty of unit commanders to ensure this order is carried out and to take appropriate action against all personnel who fail to do so, or who are guilty of extravagance and waste of clothing by any means. Failure on the part of unit commanders to enforce this order will be specially reported by Inspectors of Army Equipment or Ordnance Officers concerned with the supply of clothing.

(i) Venereal Disease. (GRO 785)

The penicillin treatment of Venereal Disease produces in many cases such successful results that the impression has been created, and is now widespread, that these diseases are no longer of a serious nature. A review of the results of penicillin treatment shows that even with this drug, treatment must be undertaken at the earliest possible moment if cure is to be attained.

In particular is this true of syphilis, a disease with a high incidence and widespread among the civilian populations of Italy and Greece. Unless treatment is undertaken immediately symptons appear, relapse of the disease in an infectious form may occur within a few months. The late complications of syphilis when treatment is delayed are as serious as ever.

It is therefore strongly emphasized upon all troops that the successful treatment of Venereal Disease still depends upon early diagnosis and that they must report sick as soon as the first signs of the disease arise.

(ii) Captured Enemy Material. (GRO 789)

It is of particular importance that the provisions of GRO 731/45, as republished by DRO number 933 dated 7 July 45, is known by all ranks returning to the United Kingdom.

They are informed that searches are carried out on arrival in the United Kingdom and that severe disciplinary action will be taken against any individual found in possession of enemy material. Such disciplinary action may delay release and may result in forfeiture of leave.

(iii) Forgery of Bank of England Notes. (GRO 790)

A number of aliens in areas bordering SWITZERLAND and AUSTRIA have recently been found to be in possession of forged Bank of England Notes. The notes so far examined and proved to be forgeries bear the following serial numbers:-

£5	note	No A 191	61466
£5	note	No B 256	11232
£10	note	No K 179	81606

£20	note	No 46 M	70205
£50	note	No 54 N	30063
£50	note	No 50 N	11805

These forgeries are very difficult to detect. All ranks are warned of the danger of accepting Bank of England notes from civilians and are instructed that if they are offered or have already accepted such notes they will report the matter immediately to the O.C. Brit. Det. who will pass the report without delay to the nearest ADM/DADM.

981. SANDFLY FEVER.

The following extracts from RAAC Routine Orders number 616 dated 11 July 45 are quoted for information and strict compliance of all concerned:-

Sandfly Fever and other fevers of short duration are becoming increasingly prevelant in the City of Rome.

These fevers are spread by small insects, the defence against which is similar to the defence against mosquitoes.

The two most important ways of combatting these insects are by use of insect repellant and anti-mosquito spray (Flysol, Flit).

Insect repellant should be used by all personnel working or resting in places where biting insects are found. It is to be noted that most of these insects such as Sandflies, unlike mosquitoes, bite both by day and night. Insect repellant should be applied not only to exposed skin surfaces but also to socks and stockings round the ankles.

Mosquito nets give no protection against sandflies and it is not proposed at present to order the general use of sandfly nets. It may, however, be necessary to order the use of these nets in specific instances where Units are having large numbers of cases.

960. ECONOMY OF CLOTHING

The following extracts from AFHQ letter ref AFHQ/9170/Q (AE) dated 7 Jul 45 are published for the information and guidance of all concerned:-

A serious world-wide shortage of clothing has now reached such proportions that unless drastic measures are taken to reduce the quantity of clothing used by the armed forces there will be insufficient to meet normal wastage.

There is already a shortage of Battle Dress, Greatcoats and Blankets, and this is likely to extend to many other items of clothing. As there is likely to be considerable difficulty in the supply of new Battle Dress during the autumn of 1945, the majority of troops in C.M.F. will receive part worn Battle Dress.

Considerable economy can be effected by all ranks making every endeavour to have repaired small tears, holes, etc., in their clothing before it gets to the stage when it is beyond repair.

ORs of this Headquarters are in possession of winter clothing with the exception of woollen underwear, and it is their duty to periodically inspect such clothing, to brush, press, and generally maintain it in a serviceable condition.

(a) Motor Vehicle Accidents

An analysis of accidents resulting in injuries for the month of May disclosed that motor vehicle accidents accounted for over 94% of the injuries.

A further study of the reports indicated that the underlying factor of most of the accidents was "unsafe speed".

Unsafe speed is commonly defined as failure to adjust speed to prevailing roads and traffic conditions.

Typical examples of unsafe speed which contributed to motor vehicle injuries are failure to reduce speed on curves, failure to reduce speed on wet pavement and failure to reduce speed after dark.

Completed ballot papers will be placed in the ballot box provided. They will NOT be posted in the ordinary way. The Declaration of Identity will be completed before the voter comes to the polling room.

922. DISCIPLINE

(a) Dress

The practice of ORs of the British Detachment walking outside the Billet Area improperly dressed is becoming very obvious. The most noticeable offences are ORs with no head-dress and wearing gymn shoes.

While there is no objection to a man visiting such places as the NAAFI, QM Stores or Dining Hall, there will, however, be a very serious view taken of any individual improperly dressed, outside the area which w.e.f. to-day will be considered as the Billet Area, i.e. the most direct route from Hotel Genova to the following places:- ORs' Dining Hall, NAAFI, QM Stores. This privilege will only be allowed to NAAFI & QM Stores during their opening hours.

It will be appreciated that ORs may desire exercise. On such occasions they will be at liberty to go out dressed as the exercise demands.

It is the duty of the Police at the entrance to the various billets to question every OR leaving the billet improperly dressed, and if he is not satisfied with his explanation he will order him back to his quarters. The Provost Sjt will ensure that Police become more strict in their duties.

(b) Saluting

Saluting in Rome is becoming noticeably bad.

The Area Commander has remarked on this.

The AC is one of the few large military organizations stationed in the City.

It is up to all British ORs to take a pride in their victorious Army, and one of the best ways to show this is to be clean, properly dressed and salute all Allied Officers smartly.

1. In view of recent statements that have appeared in the press, to the effect that Groups up to the 'middle twenties' were to be released by the end of the year, the War Office were asked if these statements could be clarified.
2. The original phasing given for planning purposes was on the basis that Group 26 would be released at the end of 12 months from VE Day. The War Office have confirmed this phasing, and an article has been published in the Union Jack reporting a recent announcement made in the House of Commons by the Minister of Labour, stating that the 'early twenties' may be released by the end of the year, and not the 'middle twenties' as previously forecast.
3. It is estimated that by 31 Dec 45 Groups 21 and earlier may be released.
4. The phasing as published and repeated hereunder is, of course, still subject to movement and other considerations, but it can be taken as a fair estimate:-

Group 12 between 13 Aug & 26 Aug 45.

NEWSPAPERS - SUBSCRIPTION ORDERS

A limited number of new subscription orders from the Forces overseas can now be accepted by provincial and weekly newspapers in the UK. This is because the publishers concerned, realizing that the shortage of newspapers, particularly affects Forces overseas subscribers, have allotted special paper supplies to such subscriptions.

Personnel wishing to take advantage of this should either write direct to their local newspaper, enclosing a subscription, or arrange with their family to place an order for them. The paper will then be posted regularly direct to their military address by the publishers.

The usual subscription rates, postage paid, per three months, are:-

802. USE OF WD TRANSPORT - CIVILIANS

In accordance with RAAC letter ref 14A5 dated 8 Jun 45, civilian lady friends are allowed to travel in WD vehicles to organized military dances, under the following conditions:-

That the Senior WO, NCO or man travelling on the vehicle is fully responsible.

He will have in his possession a certificate signed by an officer (of the rank of Major or above) showing the type of vehicle to be used, the number of civilians to be carried and the route to be taken to and from the dance. If there is no OR on the vehicle the certificate will be in possession of the driver, and on no account will any driver carry civilians until he actually sees the above-mentioned certificate signed and completed.

Furthermore, all civilian passengers will sign an additional certificate (as shown below) to the effect that they are travelling at their own risk and that the signing of the certificate absolves the W.D. from any claim that may result if an accident does occur.

As far as the British Detachment is concerned the Provost Sjt will be responsible that

1. Civilians do actually sign a certificate.
2. That number of civilians shown is correct.
3. That the route is the shortest and best.

Certificate to be used for Civilians:-

CERTIFICATE ABSOLVING W.D.

I am travelling on this W.D. Transport at my own risk and am aware that if an accident should occur, injuring me in any way whatsoever, I have no right to claim.

In accordance with RAAC letter ref 14A3 dated 8 Jun 45, civilian lady friends are allowed to travel in WD vehicles to organized military dances, under the following conditions:-

That the Senior WO, NCO or man travelling on the vehicle is fully responsible.

803. CONSERVATION OF WATER

During the coming months, several factors point to an impending shortage of water. The main causes are as follows:-

(a) An unusually dry Spring season.
(b) There are no reservoirs in the system and therefore no reserve can be stored up.
(c) The population to be served, both military and civilian, is far in excess of the pre-war population for which the distribution system was considered barely adequate.

In view of the above, precautions will be taken by all ORs of this HQ to exercise economy in the use of water. Taps will not be left running, and the plumber will ensure that the washers on all fittings are in a serviceable condition.

As a point of interest, attention is directed to the fact that the water used in the Roman fountains, and that used for wetting down the streets of the city, is not potable, and is not connected with the drinking supply.

787. INFECTIVE HEPATITIS (JAUNDICE)

The following is published in conjunction with GRO No. 994 dated 1 Dec 44:-

1. Outbreaks of jaundice have been reported in most campaigns during the last hundred years.

Since the outbreak of the present war, the disease has become one of the major causes of loss of man-power in campaigns around the shores of the Mediterranean. An average stay of three weeks in hospital is necessary. Sharp epidemics have occurred each autumn, lasting until about mid-winter. The Germans have been similarly effected.

2. Infective Hepatitis is known to be an infectious disease, the infecting agent being a virus. At the moment, the normal method of spread of the disease is not known definitely, but it is thought to be by "droplets" from the nose and throat, conveyed by cups, glasses, etc., or by human excreta, or it may be conveyed by flies. Overcrowding, bad ventilation, chills and undue physical strain may predispose.

3.(a) Personnel employed in the handling of foodstuffs and messing utensils will keep their nails cut short and wash their hands after each visit to the latrine. The Serjeant i/c Cookhouse will ensure that the hands of all the cooks are inspected periodically.

(b) Sterilization in all messes, canteens, etc., of glasses, mugs, cups, forks and spoons and other feeding utensils both before and after use, in accordance with instructions laid down in GRO 336/44. Personnel should, where feasible, use their own feeding utensils in unit canteens, etc.

(c) Washing of hands after using the latrines.
(d) A vigorous campaign against flies.
(e) Avoidance of overcrowding in sleeping quarters.
(f) Isolation on the advice of a Medical Officer, of all cases considered to be possible jaundice cases, pending transfer to hospital when diagnosis has been established.

"To All Ranks of the Allied Commission:-

The Prime Minister has instructed me to return at once to England.

I cannot leave without sending a message of thanks and good wishes to all my friends in the Allied Commission and Allied Military Government.

Ever since the landings in Sicily, nearly two years ago, I have seen and admired your work. During recent months I have been more intimately associated with you. Many conflicting duties have hampered my capacity to do more than try to help my friends and your chief, Admiral Stone, to the best of my ability. But I shall always be proud of my association with your enterprise, and the high ideals which have inspired you all.

Good luck and God speed."

729. BEER - RETURN OF EMPTY CONTAINERS.

The following extracts from GRO No. 1059, s/n 51, dated 22 Dec 44, are published for the information and guidance of all:-

1. The issue of beer in this theatre is largely dependent on local production. The distribution of this local production is being prejudiced by the non-return of empty bottles and cases. If this state of affairs continues, the full capacity of local breweries cannot be utilized, and issues to the troops will be correspondingly reduced.
2. With effect from 1st January therefore issue of beer from EFI on a strict bottle for bottle and case for case basis will be rigidly enforced.
3. Where, owing to increases in strength, a unit's indent exceeds the number of bottles drawn at the last issue, indents will be endorsed accordingly and signed by an officer and EFI will meet the indent. In the event of a decrease in strength, units will return all bottles and cases and draw only the amount to which their strength entitles them.
4. It is recognised that there will be a wastage due to fair wear and tear. EFI will therefore make an allowance, when necessary up to 3% per issue, to cover losses due to this cause.
5. The above instruction is issued in the interests of all troops and will depend for its success on the co-operation of all concerned.

701. SPECIAL MESSAGE FROM THE SUPREME ALLIED COMMANDER TO ALL THE ALLIED ARMED FORCES IN THE MEDITERRANEAN THEATRE:

"The territory around TRIESTE and GORIZIA and east of the ISONZO river is part of ITALY known as VENEZIA GIULIA. The territory around VILLACH and KLAGENFURT is part of AUSTRIA. The above Italian and Austrian territory is now claimed by Marshal TITO who wishes to incorporate it in JUGOSLAVIA. We have no objection to claims being put forward by Marshal TITO to this territory. His claims will be examined and finally settled with fairness and impartiality at the peace conference in exactly the same manner as other disputed areas throughout Europe. Our policy, as has been publicly proclaimed, is that the territorial changes should be made only after thorough study and after full consultation and deliberation between the various governments concerned. It is, however, Marshal TITO's apparent intention to establish his claims by force of arms and military occupation. Action of this kind would be all too reminiscent of HITLER, MUSSOLINI and JAPAN. It is to prevent such actions that we have been fighting this war. We have agreed to work together to seek an orderly and just solution of territorial problems; this is one of the cardinal principles for which the peoples of the United Nations have made their tremendous sacrifices in an endeavour to obtain a just and lasting peace. It is one of the cornerstones on which our representatives, with the approbation of world public opinion, are now at work at SAN FRANCISCO to build a system of world security. We cannot throw away the vital principles for which we have all fought. Under these principles it is our duty to hold these disputed territories as trustees until their ultimate disposal is settled at the peace conference. Within these territories our duty and responsibility is to keep law and order by our military forces and to ensure a peaceful and secure life for their peoples through our Allied Military Government. We may be relied on to act impartially as we do not covet these territories ourselves. In this situation I tried my best to come to a friendly agreement with Marshal TITO, but did not succeed. The UNITED STATES and British Governments have therefore taken the matter up directly with Marshal TITO. The Soviet Government have been kept fully informed. We are now waiting to hear whether Marshal TITO is prepared to co-operate in accepting a peaceful settlement of this territorial claim, or whether he will attempt to establish them by force. It has always been my policy to keep you all, whatever your rank, fully informed about the general situation and the objects for which you have fought. I send you this message so that you may know the issues which are now at stake".

Note:- It is intended that every OR should have a copy of this message. Those not in possession of a copy will collect same from the Duty

It has come to the attention of this Headquarters that Allied troops have caused interruptions of electric power supply to industrial installations by shooting at insulators on electrical transmission lines. Recently the salt mines at Tarquinia were without power, and therefore inoperative for four days, due to this cause.

690. HEALTH WEEK

7. Maintenance of Health in the Field Wins Wars.

The fighting power of an Army depends not on its "paper" strength in man-power, or the number of Battalions and Divisions which compose it, but on the actual number of men fit to engage the enemy. The ranks of an Army may be decimated by disease before a shot is fired.

CONTINUED ON SHEET 2

Declassified E.O. 12356 Section 3.3/NND No. 785016

Sickness, has time and again proved more devastating than enemy bullets, and, not once or twice, it has sealed the fate of Armies and Empires. The history of the world is studded with examples of this. To mention only a few:-

The Gauls were forced to retreat in disorder from the Siege of Rome owing to the depletion of their ranks by Malaria.

Some centuries later, a French force retired from an attack on Naples, heavily infected by the "new disease" - Syphilis.

It was written of Napoleon's Army that it spent twenty years teaching Europe how to fight, and that it was only the thermometer and never the bayonet which could break the Grand Army down.

In the Crimean and South African wars sickness casualties and deaths were infinitely greater than those brought about by enemy action.

In Macedonia in the last War, operations were virtually suspended because a large proportion of the force was hospitalised with Malaria.

You have been told in the past week a few of the more important facts about the preservation of your health. Many of them you are doubtless well aware of already, but perhaps repetition will stimulate you to put this knowledge to the best advantage for the benefit of yourself and your comrades in arms.

By doing this wholeheartedly, you will preserve your own health, and will prevent anxiety and misery for your family. You will be contributing to no small extent to the defeat of the enemy and laying a sure foundation for the enjoyment of life both now and on your return to the domestic sphere of the post-war World.

680. HEALTH WEEK

6.(a) V.D. (Repeated)

Since the occupation of Sicily, Italy and Greece, the venereal disease rate has increased enormously. There were 27,000 cases admitted to hospital in 1944. So far, in 1945, the rate shows a steady upward trend. In Greece, for example, at one period the annual rate worked out at the almost incredible figure of 1 person out of 4 getting the disease. Half the admissions to hospital during that period were due to this cause! This is an appalling state of affairs. It is causing a drain of man power, a filling up of hospital beds required for other purposes, and the unnecessary use of expensive drugs which are urgently required throughout the world for the treatment of the sick and wounded.

Modern treatment, especially the use of penicillin, is such an advance on former methods that the successes have completely obscured the failures. Failures are by no means as rare as is generally thought: when the treatment fails these diseases still have serious and crippling late effects, and the soldier's wife and children are not immune.

Prostitutes and "easy" women in Greece and Italy are almost 100% infected. Civilian medical examination and treatment of prostitutes, has been proved to be most unsatisfactory, and is often done so cursorily as to be farcical. Instances are recorded in which prostitutes give heavy bribes in order to obtain false certificates of freedom from infection. (A number of persons charged with issuing false certificates are at present awaiting trial at an AMG Court). The risk of association with these women is consequently enormous. Most of them are also infested with lice and scabies.

The films "Subject for Discussion" and "Sex Hygiene" deal logically and clearly with the whole problem, and are no exaggeration of the true position. They have been widely shown in this theatre and have been seen by a great number of troops, yet this and much other propaganda, and the provision of welfare facilities of an order without precedent in any army hitherto, have only resulted in a rising incidence of venereal disease. There is only one conclusion, that in spite of all that has been done, the soldier has not been convinced of the true position, the risk he runs with any woman, and the failures of even the best modern treatment. It cannot be believed that he yet realises that venereal disease can and must be prevented and avoided.

(b) Prevention

Continence is no disgrace, nor is it harmful, and it provides an absolute guarantee against infection.

If a risk is run:- Use a condom and E.P. Packet. Go to a P.A. Centre within an hour. Report sick at once if you develop symptoms. Concealment is a crime, and the earliest possible treatment of syphilis is of paramount importance for cure.

Drunkenness plays a sinister part in the drama of V.D. Those who drink the potent (and often "doped") local "vino" to excess, lose their powers of reasoning, self control, and decency, and expose themselves to those hazards of infection, which normally, they would not dream of risking. The consequences are often calamitous; the slogan "Vino-Venus-V.D." is tragically descriptive!

5. Avoidable Complaints

(a) The common cold and sore throat and a form of pneumonia spread rapidly through a unit in which there is overcrowding and imperfect ventilation. If you get a cold try and prevent transmitting it to your comrades - cover your nose and mouth when you cough and sneeze. "Do not spit" - the penalty is not £5, but the infecting of a large number of other people is the probable sequel.

(b) Diptheria, Smallpox and skin diseases are extremely prevalent among civilians - be careful about your associations with them.

(c) Typhus is carried by lice and only by lice. If you are not infested you cannot get typhus.

(d) Rabies is becoming increasingly common in Italy and Greece and two soldiers who were bitten by dogs have died of hydrophobia. Hundreds of troops have had to undergo long periods of preventive treatment in hospital as a result of being licked or bitten by suspected dogs. The orders against the keeping of dogs are being largely disregarded, but, make no mistake, the danger of this fatal disease is a very real one.

(e) Other dangerous diseases are carried by rats. Protect your food supplies from contamination, and organize periodic drives to exterminate them. Bathing in rivers and streams is also liable to be dangerous, unless the place has been given medical approval.

677. REST HOME

W.e.f. 17 May 45 the Rest Home vehicle will leave the Genova Hotel punctually at 0900 hrs. It will be the responsibility of the Det Crd Sjt to draw 12 rations daily from Ration Stores at 0830 hrs and place same in charge of the senior soldier or NCO.

The Cook Sjt will underdraw 12 rations daily to counteract the above issue.

The RSM will ensure that the Det Crd Sjt, the Cook Sjt and Ration Cpl are acquainted with these instructions and that same are carried out.

4. Dysentery & Typhoid.- These are caused by food or drink contaminated by flies or dirty hands. Large numbers of Italians are carriers of both dysentery and typhoid. Untreated water and uncooked fruit and vegetables are a great source of danger. Here again, unseasoned and undisciplined troops, and reinforcements who are not camp clean, suffer most. They often learn their lesson in the bitter school of experience. The number of cases of dysentery in 1944 was relatively much less than during 1943. This was due to improved discipline and increased knowledge of the means of prevention. This figure must be reduced this year. The three maxims are:-

(a) Eliminate fly breeding-places (filth, insanitary latrines, manure, waste food dumps) and kill adult flies.
(b) Protect food from contact with flies.
(c) Do not eat or drink anything except from an authorised source. Wash your hands before eating.
(d) Keep cookhouses and food stores and their surroundings clean. Fly proof the windows and keep the doors closed. Use flit guns frequently. Messing utensils must be cleansed before and after use (CMO 63/45).

672. ARMY SERVICE RELEASE

Ref DRO No. 616 dated 2 May 45.

ORs of this Headquarters in Release Groups 4-7 inclusive desiring to apply for continued service will report to the Orderly Room before 1800 hrs 18 May 45 to complete necessary proforma.

Reference D.R.O. 629 dated 5 May 45, concerning Postal Voting.

It is obvious from the response received, that O.Rs. of this Headquarters do not fully realise the importance of the facility offerred by being able to vote by Post in any forthcoming General Election, whilst being a serving member of H.M. Forces, either abroad or at home.

It is necessary that a declaration card should have been completed to enable you to make an application for Postal Voting (A.F.B2659).

The value of making your own vote cannot be over stressed, therefore those eligible are urged to FILL IN THAT A.F.B2659 NOW, obtainable from the office of the Det. Ord. Sgt.

2. V.D.

Since the occupation of Sicily, Italy, and Greece, the venereal disease rate has increased enormously. There were 27,000 cases admitted to hospital in 1944. So far, in 1945, the rate shows a steady upward trend. In Greece, for example, at one period the annual rate worked out at the almost incredible figure of 1 person out of 4 getting the disease. Half the admissions to hospital during that period were due to this cause! This is an appalling state of affairs. It is causing a drain of man power, a filling up of hospital beds required for other purposes, and the unnecessary use of expensive drugs which are urgently required throughout the world for the treatment of the sick and wounded.

Modern treatment, especially the use of penicillin, is such an advance on former methods that the successes have completely obscured the failures. Failures are by no means as rare as is generally thought: when the treatment fails these diseases still have serious and crippling late effects, and the soldier's wife and children are not immune.

Prostitutes and "easy" women in Greece and Italy are almost 100% infected. Civilian medical examination and treatment of prostitutes, has been proved to be most unsatisfactory, and is often done so cursorily as to be farcical. Instances are recorded in which prostitutes give heavy bribes in order to obtain false certificates of freedom from infection. (A number of persons charged with issuing false certificates are at present awaiting trial at an AMG Court). The risk of association with these women is consequently enormous. Most of them are also infested with lice and scabies.

The films "Subject for Discussion" and "Sex Hygiene" deal logically and clearly with the whole problem, and are no exaggeration of the true position. They have been widely shown in this theatre and have been seen by a great number of troops, yet this and much other propaganda, and the provision of welfare facilities of an order without precedent in any army hitherto, have only

636. MESSAGE FROM HIS MAJESTY KING GEORGE VI

1. Field Marshal the Honourable SIR HAROLD R.L.G. ALEXANDER, G.C.B., C.S.I., D.S.O., M.C., A.D.C., Supreme Allied Commander, Mediterranean Theatre, desires that the following message sent him by His Majesty the King be passed on to all officers and men serving in this theatre:-

"To you and all those under your command I send my heartfelt congratulations on the overwhelming victory by which you are bringing to so triumphant an end your long and arduous campaign in Italy".

2. Field Marshal ALEXANDER has sent the following reply to His Majesty the King:-

"With my humble duty I thank your Majesty personally and on behalf of all those sailors, soldiers and airmen who I have the honour to command for your very gracious message which is deeply appreciated".

(Copy from Rome Area Allied Command APO 794, US Army, AG 201.3, dated 1 May 45).

637. MESSAGE OF PRIME MINISTER TO FIELD MARSHAL ALEXANDER

"I rejoice in the magnificently planned and executed operation of 15 Group of Armies which are resulting in the complete destruction or capture of all enemy forces south of the Alps.

That you and General MARK CLARK should have been able to accomplish these tremendous and decisive results against a superior number of enemy divisions after you have made great sacrifices of whole armies for the western front, is indeed another proof of your genius for war and of intimate brotherhood-in-arms between British Commonwealth and Imperial forces and those of the United States.

Never I suppose have so many nations advanced and manoeuvred in one line victoriously. The British, Americans, New Zealanders, South Africans, British-Indians, Poles, Jews, Brazilians and strong force of liberated Italians have all marched together in that high comradeship and unity of men fighting for freedom and for the deliverance of mankind.

This great final battle in Italy will long stand out in history as one of the most famous episodes in this second World War.

Pray give my heartfelt congratulations to all your Commanders and principal officers of all services and above all to the valiant and ardent troops whom they have led with so much skill". (Extract from RAAC Memorandum, dated 3 May 45).

629. POSTAL VOTING AT THE NEXT GENERAL ELECTION (Notice Board Information No. 127 refers)

You should have filled up and posted an AF B2626 some time prior to this date. This guaranteed your vote in the future and placed you officially on the Voting Register.

On this form you probably nominated a proxy, i.e. a person whom you authorised to vote for you in your absence overseas.

When the date of the next Election is fixed you may desire to vote on your own accord and not use the services of your proxy, consequently you may take advantage of the Postal Voting service which is now in operation. This will ensure that Ballot Papers are sent direct to you with candidates names, etc., and you can then make your vote direct from this end.

You can now obtain from the office of the Ord Sjt, Brit Det, an AF B2639 which you fill up according to instructions and post in the normal way. This form requests that Ballot Papers, etc., be sent to your present address.

It is of paramount importance that all ORs of this Hq realise that in the near future there must be a General Election and that his vote will be an important contribution to the future Democratic Governing of Great Britain.
