TO : HQ Venetia Region (Attn: Capt Ellis)

1. In view of Captain Ellis imminent departure for release from the Army please submit a final report on Patriot activities to this HQ mentioning any outstanding or uncompleted matters.
2. It is considered that Capt Ellis duties should be taken over by another officer (Allied or Italian) until such time as the Region closes down. In this connection it is suggested that an INCO should be attached as Liaison Officer with the Region to deal with such further Patriot instructions as may be issued by this HQ. It would be his responsibility to keep contact with all Provincial INCOs and to advise them of Policy or change of Policy. As no doubt you have such an officer in view please forward his name to this HQ and mention him in your final report. He should be approved of by the Region.

ADMINISTRATIVE LIAISON COMMISSION

AF0 394

Office of the Chief Commissioner

FUNCTIONS OF ALLIED COMMISSION LIAISON OFFICERS

1. The first duty of Allied Commission Liaison Officers will be to keep themselves, at all times, informed of the situation in the areas with which they are concerned. This will involve the use of all available means of information: Press, intelligence, Summaries, etc. They will inform HQ Allied Commission direct of any circumstances arising which may in their opinion adversely affect Allied interests or influence the general policy of the Commission. They will submit a monthly report to HQ which will include comment on the political situation.

2. Liaison Officers will, by study of previous Regional monthly reports and other records, inform themselves of the present condition of various Commission areas, items now being handed over to Italian authorities. They will specially watch these areas where previous difficulties have been encountered.

Liaison Officers will bear in mind that HQ Allied Commission and AFHQ are interested in activities in all parts of the area with which Liaison Officers are concerned and not merely with the attention in the leading cities. Consequently Liaison Officers should make frequent trips to the smaller towns and country districts and acquaint themselves with the political and economic conditions in such districts. They must endeavour to be on the spot where trouble is expected and observed and will remember, however, that their role is solely that of observers and reporters and they will not interfere in any way in such incidents, nor will they give any advice to the Italian authorities in the handling thereof. Liaison Officers have no authority to pledge the HQ of Allied troops in quelling any disturbance; this is a matter for the local Allied Commander. They should, however, keep Allied Commanders informed of the course of events. In cases where they consider safety of Allied property or nationals likely to become endangered, they must inform the Allied Commanders concerned, advising HQ of such action.

3. Liaison Officers will keep close touch with the senior military formation, American and British, in their areas. They will endeavour at all times to assist military formations in their relations with Italian Government departments and agencies. They must, however, remember that they are Liaison Officers and not Executive Officers and will not be able to carry out in any sense the former functions of Provincial Commissioners.

Points which require special attention are:-

- a) Disease and unrest.
- b) Law cases affecting Allied personnel and property.
- c) Requisitioning and demobilisation.
- d) Relations between Allied forces and Italian police forces.

8/90

Liaison Officers will also keep in touch with British and U.S. Civilian Officers, as well as any U.S. Information Service and British Press Officials in their areas.

4. They will at all times avoid being involved in questions of Italian local Government and, even if asked, they will NOT give official advice, on behalf of Allied Commission, to Prefects or other State employees. They will, in all cases, refer the Italian local official to his Ministry in Rome. On the question of the preparation of electoral lists they have an important duty to perform. The Allied Governments are

2. Liaison Officers will, by study of previous regional reports, other records, inform themselves of the present position of various Commission functions now being handled only by Italian officials. They will specially watch towns and areas where previous difficulties have been encountered.

Liaison Officers will bear in mind that the Allied Commission and its staff are interested in activities in all parts of the area with which Liaison Officers are concerned and not merely with the situation in the leading cities. Consequently Liaison Officers should make frequent trips to the smaller towns and country districts and acquaint themselves with the political and economic conditions in such districts. They must understand that on the spot where trouble is expected and observe any incidents, strikes, demonstrations and the like in their areas. All Liaison Officers will remember, however, that their role is solely that of observers and reporters and they will not interfere in any way in such incidents, nor will they give any advice to the Italian authorities in the handling thereof. Liaison Officers have no authority to direct the work of Allied troops in quelling any disturbances; this is a matter for the local Allied Commander. They should, however, keep Allied Commanders informed of the course of events. In cases where they consider safety of Allied property or installations likely to be seriously endangered, they must inform the Allied Commanders concerned, advising HQ AC of such actions.

They will endeavour at all times to assist military formations in their relations with Italian Government departments and agencies. points which require special attention are:-

- a) Disease and unrest.
- b) Lay cases affecting Allied personnel and property.
- c) Requisitioning and derequisitioning.
- d) Relations between Allied forces and Italian police forces.

Liaison Officers will also keep in touch with British and U.S. Consul Officers, as well as any U.S. Information Services and British Press Officials in their areas.

4. They will at all times avoid being involved in questions of Italian local Government and, even if asked, they will not give official advice, on behalf of Allied Commission, to Prefects or other State employees. They will, in all cases, refer the Italian local official to his Ministry in Rome. On the question of the preparation of electoral lists they have an important duty to perform. The Allied Government are most anxious to promote free and secret elections and an essential preliminary is the preparation of a proper electoral list. Hence one of the main duties of Liaison Officers is to observe and report on the proper progress of the preparation of these lists in their areas. Detailed directives will be issued as to their duties in this respect.

5. The officer in charge Liaison Group will be responsible for discipline and administration of all Allied Commission officers in his area.

SUBJECT : Training - Staff Officers

TO : Distribution below

1. As most of the officers in this theatre filling the appointment of GSO III (ALO) will have been returned to the UK before the end of this year, there is an urgent and immediate need for officers to be trained as GSOs III (ALO).

2. Officers selected for training as GSO III (ALO) must have the following qualifications:

- (a) Have a sound military knowledge and sufficient operational experience to be able to advise RAF Commanders on Army matters.
- (b) Be recommended as potential candidates for the Staff College.
- (c) Be regular officers or non-regular officers in release groups 30-75 or volunteers under "Regulations for Release from the Army, 1945", para 325.

3. Applications will be submitted, in quintuplicate, on form shown overleaf by heads of Sections, Sub Commissions, etc, to reach this office not later than 15 Sep 45 for onward transmission.

4. Officers with the above qualifications are encouraged to apply for this type of employment. It is however, pointed out that GSOs III (ALO) are not posted to a specialist branch, but are an integral part of the General Staff, and also that, in common with other third grade General Staff appointments, GSO III (ALO) appointments are treated as a preliminary to a staff course and further staff employment in a higher grade.

5. Officers will be interviewed by a board at AMHQ and those selected will be given a period of training to make them familiar with Air matters. SUBJECT : Disposal of Surplus British C.A. Officers

TO : Distribution: see below

1. Extracts from War Office (CA 9) letter 124/Gen/136 of 17 Aug 45, are sent to you herewith for information and as a guide to the action called for in the paras below.

2. The information given in the above War Office letter is likely to be the most specific available at present, and it is considered that all British Officers must bear this in mind and make decisions accordingly. Every effort will be made here to assist officers to obtain suitable postings.

3. At the moment only the following officers may be considered surplus to AMG/AC requirements:-

- (a) Officers who are being released from the Army before 1 Dec 45 (A/S Group 1 - 24 inclusive) or who will proceed to UK on PYTHON before that date (4 years overseas service by the end of the year will be taken as qualifying for this).
- (b) All other officers NOT included in AMG/AC Liaison Groups, etc., or NOT remaining at this HQ after the final handing over.

4. AFHQ will be asked to furnish special instructions in regard to postings for officers in category 3(a) above. As these officers are being repatriated continuously only a small number of postings will be involved.

5. For all other surplus officers the attached specimen Form Z has been prepared and Part A will be completed by each officer concerned. Regions etc. will complete Part B and return it to this HQ. These instructions also apply to all branches of this HQ. It is anticipated that Form Z will be submitted to the War Office and it forms the basis of each officer's application for Civil Affairs Employment. This HQ possesses the greater part of the required information but it is desirable that every officer knows that the correct and latest data in his case is put forward. Part A of the Form should therefore be completed throughout by the officer personally.

6. The final decision as to whether an officer is surplus must be made by this HQ. In a number of cases officers declared surplus by Regions etc. may in fact be assigned to this HQ or to some other Liaison Group. Similarly officers recommended for Liaison Groups may not be selected by this HQ.

7. Form Z should therefore be submitted in the first place for all officers in the field (excepting those in the category described in para 3a). The forms will be checked by this HQ, and as soon as an officer is agreed to be surplus his Form will be passed to AFHQ in duplicate for transmission to the War Office.

8. In the interests of all concerned it is most important that all Forms Z are completed forthwith and despatched in triplicate to this HQ. Careful and accurate completion of the Form is strongly emphasised.

for in the paras below.

Applications by candidates referred to in paragraph 3 will continue to be dealt with as hitherto, but applications by those referred to in paragraph 1 will not be forwarded above District Headquarters pending further instructions. 16th July, 1945.

Dear Marshall,

Will you please tell the Brigadier that I have cleared the temporary employment of Wright to wind up Patriot affairs in Liguria and they will raise no objection.

Some of the other regions have introduced an arrangement with the bank whereby the Patriot Officer merely hands a bankers order and the Alexander Certificate to the Patriot and he draws his cash from the bank. Might not the introduction of a similar system facilitate matters for Wright?

Thanks for a most enjoyable time while I was with you.

Yours sincerely,

Major Marshall,
Regional Patriot Officer,
LIGURIA Region.

10. At an interview with Brig Carr relative to the early release of Major Marshall, it was agreed that no relief was necessary, Brig Carr would rearrange duties internally - he would like HQ to clear the matter with Finance Sub Com as he proposed to put the duties upon the Finance Officer (Wright) and would dislike any objection being raised subsequently by Finance.

G-5: 210.53.-1

9 June 1945

SUBJECT: Emergency OA Selection

TO : HQ Main Eighth Army
HQ Land Forces Greece
HQ Allied Commission, APO 594

1. Emergency measures have been authorized by War Office to provide replacements and to meet extra demands of officers required for Civil Affairs/Military Government.

2. Officers may therefore be directed temporarily to Civil Affairs by AMHQ and selection made from officers who have not volunteered under ACF 173/45. When such an officer is selected for an appointment, his posting instructions will state that he has been selected for an appointment as SO (CA) as a temporary measure.

3. Such officers are not required to be interviewed by the Civil Affairs Selection Board now interviewing in this theatre. Except in rare individual cases it will be necessary for an officer to be interviewed by an 'Allocation Board', to determine his function before he is posted.

4. (a) Allocation Boards will be established as follows:-

Location

CASERTA
BOLE
EIGHTH ARMY
GREECE

HQ Responsible

G-5, A.F.H.Q.
HQ Allied Commission (ITALY)
HQ EIGHTH ARMY
HQ Land Forces Greece

(b) The Board will consist of a Civil Affairs Officer not below the rank of Lt.Col., with such co-opted specialist or technical representative as required.

5. (a) Particulars on the proforma at Appendix 'A' will be completed in respect of each officer recommended by the Allocation Board for appointment under the terms of this letter, and will be forwarded to G-5 AMHQ. Only one copy of the proforma is required. AMHQ will be the final authority to decide whether or officer shall be appointed.

(b) Extracts from completed proforma will be forwarded by AMHQ to Office for clearance. If as a result, there is any objection to the 'posting temporary duty' that has already been effected, AMHQ will terminate the temporary posting.

6. The procedure outlined in para 5 above will be known as Emergency OA Selection and will be carried out without prejudice to the continuance of selection under ACF 1426/44. (For Test) and ACF 173/45 (Europe and Africa). Any officer appointed under the terms of this letter may, if he wishes, apply under the above quoted ACFs in the normal way. It is not the intention at this time to amend ACF 205/45, which will however be considered as modified where it conflicts with this letter.

1. Emergency measures have been authorized by War Office to provide replacement and to meet extra demands of officers required for Civil Air Corps/Military Government.
2. Officers may therefore be directed temporarily to Civil Air Corps by AMHQ and selection made from officers who have not volunteered under ACI 173/45. When such an officer is selected for an appointment, his posting instructions will state that he has been selected for an appointment as SO (CA) as a temporary measure.
3. Such officers are not required to be interviewed by the Civil Air Corps Selection Board nor interviewed in this theatre. Except in rare individual cases it will be necessary for an officer to be interviewed by an 'Allocation Board', to determine his function before he is posted.
4. (a) Allocation Boards will be established as follows:-

<u>Location</u> CASERNA ROME MILITARY GRAND	<u>HQ Recommendation</u> O-5, A-2, H.Q. HQ Allied Commission (AMHQ) HQ SIXTH ARMY HQ Land Forces (AFHQ)
---	---
- (b) The Board will consist of a Civil Air Corps Officer not below the rank of Lt.Col., with such co-opted specialist or technical representatives as are required.
5. (a) Particulars on the proforma at Appendix 'A' will be completed in respect of each officer recommended by the Allocation Board for appointment under the terms of this letter, and will be forwarded to O-5 AMHQ. Only one copy of the proforma is required. AMHQ will be the final authority to decide whether an officer shall be appointed.
- (b) Extracts from completed proforma will be forwarded by AMHQ to Office for clearance. If as a result, there is any objection to the 'temporary duty' there has already been effected, AMHQ will terminate the temporary posting.
6. The procedure outlined in para 3 above will be known as Emergency Selection and will be carried out without prejudice to the continuance of Allocation under ACI 142/44 (For Post) and ACI 173/45 (Europe and Africa). Any officer appointed under the terms of this letter may, if he wishes, apply under the above quoted ACIs in the normal way. It is not the intention at this time to amend ACO 208/45, which will however be considered as modified where it conflicts with this letter.
7. Any officer who has already volunteered under ACI 173/45, but who has not yet been interviewed by CASB may be posted immediately for 'temporary duty' until such time as the normal ACI procedure has been completed with.
8. Emergency CA Selection does not mean that all deficiencies and replacements of CA officers required can be provided. The present over-all shortage of officers will not permit this. It is the intention that the majority of emergency selected officers will be drawn from those officers who have volunteered under ACI 173/45, but who have not yet been interviewed by CASB. Such officers will be interviewed by Allocation Boards as directed by this Headquarters. There may, however, be a

- 2 -

few officers required as Emergency. All officers who are not volunteers under AOT 173/45. Such officers will be directed to attend Allocation Boards by ABHQ, HQ EIGHTH ARMY and HQ Land Forces Greece, as necessary.

9. Officers who are not volunteers under AOT 173/45 will not be directed to attend for interview by Allocation Boards unless they belong to an age service group that will allow a minimum of three months duty with Military Government in the field.

MEMORANDUM TO MAJOR WILDERMAN - G-1 American.Subject : Lt. HARKOW.

The last casualty that Patriots Branch has received concerning Lt. HARKOW is Special Order No. 95, Serial 45, in which he was assigned to 8th Army for Patriot duties. On 1 June G-1 American gave us to understand that he was now with Venezia Region.

Sgt. STOCKDALE of this Branch has received two letters dated 25 and 29 May from Sgt. STARKISS who states that he is working with Lt. HARKOW, running a Patriot centre. The address is given as Venezia Region and they are said to be extremely busy owing to the deaths of Major SMITH, Patriot Officer, Venezia Region, and Major GORDON, Patriot Officer AME 8th Army.

Sgt. STARKISS refers to attending a dance given by AME Austria at his station. When Col. PAVA, Italian Liaison Officer with this Branch was in Venezia Region 10 days ago he enquired for the whereabouts of Sgt. STARKISS, and an Italian officer stated that he believed STARKISS was in Udine.

THE WAR OFFICE,

12th April 1945.

C.I. 9/P.B. 1426(C.I. 9)

Sir,

1. I am directed to inform you that a number of Civil Affairs Officers at present serving under your command have applied, and that others may apply under A.C.I. 1426/1944 for service in Civil Affairs, Far East.

2. Such Officers who are selected will be required to undergo Far East training in U.K. at C.I.S.C. Whilst it is realised that it may not be possible for Officers to be released for immediate training without replacements to supply which every endeavour will be made, it is hoped that as many as possible will be made available owing to the great desirability of employing Officers in the Far East who already have C.I. experience in the field, and to the fact that many of these Officers desire to make a future career in the Colonial Service.

For the period of training, approximately 4 months, Officers will be struck off strength of units vide para 5 of A.C.I. 1426 and held on the strength of C.I. (Far East) Pool and will not return to former units on conclusion of training.

3. I am further directed to draw attention to para 10 of A.C.I. 1426 from which it will be noted that Officers who desire to be considered for future service under the Colonial Office will be interviewed by the Colonial Office whilst attending a course at C.I.S.C. and I am to state that it will not be possible for officers to be so interviewed at any time prior to attending a course, nor is it possible to accelerate their attendance at the C.I.S.C.

4. Finally I am to request that this letter, and in particular para 3 thereof, may be brought to the notice of all C.I. Officers under your command.

I am,

Sir,

Your obedient Servant.

2	Patriots Branch	G-1(A)	4 Apr.	1. Lt. Harkow has done extremely useful work as Commandant of No. 3 Patriot Centre at Ravenna, and this Branch would be glad to employ him again in that capacity. 2. As you state, there is at present no vacancy on the Branch establishment, and as he must be held surplus to establishment, it is suggested that it might be simpler to assign him to AMG 8th Army (to whom he must in any case be attached for duty at Ravenna) rather than to this Branch. 3. If, however you decide to assign him to this Branch, may he please be published as attached for duty to AMG 8th Army.

Attached is an analysis showing the intended distribution of the 1535 Officers of the Allied Commission on the liberation of all Italy.

It will be noted that :

(i) AMG Fifth and Eighth Armies are not shown. Their staff will be (a) about to enter Austria (b) absorbed into a Province of a Region.

(ii) The number of permanently assigned Officers to Umbria, Marche, Toscana and Emilia Regions is small compared with other AMG Regions. The majority of the 320 Officers earmarked for Austria will, however, be attached to those Regions until the occupation of Austria begins; by this time it is anticipated that a great part of these Regions will be under Italian jurisdiction.

In times of movement, elasticity must be maintained and while these allocations may be considered firm they are objective rather than rigid.

- 1 Following the interview of Col. Cripps with the Chief of Staff on the 27 Jan 45 at which this matter was discussed, it is confirmed that Capt. GOODLON (A), who is now attached to AFHQ, C-4 Section, is urgently required to take over the duties of Centre Commandant at the Patriot Centre at Florence. May an application for his re-assignment be made as soon as possible.
- 2 Capt. HAMMOND (B) is not required in the Local Government Sub-Commission where he was previously employed. It is, therefore, recommended that he be assigned as a CAP.
- 3 Maj. SHEP has recently been assigned to the Patriot Branch in this Headquarters and Lt. Col. Craig considers that he and this officer can manage the work of that Branch in Headquarters even if there is a large expansion of this work in Northern Italy.
- 4 The services of Capt. LIDDERDALE would be welcome in the future when the armies move forward. He is not, however, immediately required as Col. Craig considers his staff adequate for his immediate commitments. Capt. LIDDERDALE is at present assigned to Southern Region apparently on Olive Oil Amassing. It is, therefore, considered that it is more satisfactory to keep him at his present employment until such time as Patriots Branch require further officers as contemplated by our further discussion yesterday.

SUBJECT : Applications for British Officers

TO : Distribution below.

A number of applications for the assignment of British officers to A.C. have recently been submitted direct from Sub Commissions to units or formation headquarters, and in particular to A.F.H.Q. A.F.H.Q. point out that all such cases have to be referred back to H.Q. of this Commission and much unnecessary delay is thereby caused.

In future all recommendations for the appointment of British officers to the Allied Commission will be submitted through G-1(B) Branch.

12 January 1965.

Dear Trevor,

Thank you for your letter of 8 January on the subject of Major M. F. BRYNDACH.

I have discussed with the Chief of Staff the question of BRYNDACH's temporary posting to Patriots Branch as approved in their cable No. 99/1, and the position at the moment is that this particular vacancy will be filled instead by Major V. F. W. W., Provincial Officer, Victoria Region, who is expected to report to this HQ within the next few days. I cannot check this for a day or so.

I shall therefore ask you how immediately a decision has been reached as to whether it has been agreed to assign Major W. W. to Patriots Branch for temporary duty in place of Major BRYNDACH, as I fully appreciate your wish to retain at present an officer of his caliber. Meanwhile hang on to BRYNDACH.

Sorry I cannot be more definite at present.

Yours sincerely,

Major M. F. BRYNDACH,

SUBJECT: Promotion of 2d Lieutenants.

TO : Regional Commissioners & Directors, Sub-Commissions, Allied Commission, APO 394, U. S. Army.

1. At the last meeting of the Promotion Board, recommendations for the promotion of 2d Lieutenants were not considered because of limitations of T/O vacancies in the grade of 1st Lieutenant.

We are now advised by MPOUSA letter (see inclosure) that 2d Lieutenants, having 18 months in grade (computed on time and half basis for overseas service) may be promoted without regard to T/O vacancies in grade of 1st Lieutenant. In this connection, however, your attention is invited to the last sub-paragraph of paragraph 1 of the inclosed letter.

3. Accordingly, it is desired that recommendations be submitted for all 2d Lieutenants under your command worthy of advancement. It is also desired that a report be rendered on 2d Lieutenants whose efficiency ratings are below normal standards.

SUBJECT: Change in Army Regulations.

TO : All Concerned.

1. The War Department has advised that the following change has been made in AR 605-12, dated 17 August 1944, in order to permit promotion of deserving 2d Lieutenants who have been denied promotion due to lack of vacancies in the higher grade:

"Paragraph 4d (4). Any 2d Lieutenant (including Army Nurses, Dietitians, and Physical Therapists) who has completed 18 months of service in that grade, may be promoted to the grade of 1st Lieutenant without regard to Table of Organization or Allotment vacancies in the grade of 1st Lieutenant provided he is qualified for and worthy of promotion.

In determining time in grade for this purpose, service outside the continental limits of the United States or in Alaska will be counted as time and a half.

This authorization will NOT be used for the automatic promotion of all 2d Lieutenants who have served 18 months in that grade, but will be reserved for those denied merited advancement solely because they are NOT assigned to positions established for higher grades."

2. Circular Number 141, this headquarters, 1944, is being amended accordingly.

1. We faced with an acute position in V Army area. Being to certain recent circumstances there has been an unexpected influx into the Patriot Centres of officers who have crossed the line. These Centres cannot be used as "residential hotels", but can only be used as training centres pending rehabilitation.

2. One of the most valuable and effective means of observation is in forming them in units into labour units, and it has been reported to me from the most reliable sources of V Army officers that they would welcome such labour units, but consider they should have skilled officers to superintend them. In this sentiment I concur.

3. V Army G.1, report that they cannot readily supply such officers, and suggest that I should apply to you for the loan of 6 such officers for a maximum of 6 camps for a period of 4 to 6 weeks. I understand that there is a high level objection to the practice of employing such officers from the Rehabilitation Centre on temporary duty, but, in view of the extremely difficult position and the vital necessity for the absorption of these patients who cannot possibly be absorbed in any other way, and since this whole question seems now to hang on the provision of such officers as I have indicated, I should be most grateful if you would forward this application to the proper authority for favourable and early sympathetic consideration.

SUBJECT : Release of Civil Affairs Officers
TO : Distribution below.

1. Due to the fact that a large percentage of Civil Affairs Officers in this and other theatres will come within the groups liable to be affected by the recently published release scheme, it is essential that War Office know at an early date what the commitment for replacements of Civil Affairs Officers is likely to be.
2. Owing to the shortage of manpower it is of the utmost importance that as accurate a forecast as possible is made.
3. It is believed that a large number of Civil Affairs Officers will wish to continue serving after the release scheme as published has been set in motion.
4. It is therefore requested that you ascertain from all Officers at present employed in Civil Affairs whether they are prepared to stay on after they are eligible for release, should they be requested to do so.
5. To enable the War Office to compile statistics it is requested that the following particulars are forwarded, stated as briefly as possible:-
 - (a) Regimental particulars.
 - (b) AGO/Service Group. (If not in possession of a chart quote age and year of enlistment).
 - (c) Whether Officer is prepared to serve after emergency has passed.
 - (d) Qualifying remarks if answer is yes. (Such qualifying remarks to be kept to a minimum.)
6. You are to ensure all Officers that they are at liberty to alter their decision when the time arrives for the necessary certificate to be signed.
7. Please treat as a subject of the greatest urgency. Do not wait until replies from all officers have been received but forward rolls to this Branch as received.

8. This matter has no relation to the post war employment referred to in this Office No. G-12/3/A dated 18 October 1944 as it can be assumed that the latter will be of a more permanent nature.

STAFF MEMORANDUM

NUMBER 3

30 October 1944

Discipline, Supervision, and Control of All AC Commissioned Officers

1. The Chief of Staff has ruled that the Regional Commissioner will be responsible for the discipline of all AC Officers in the Region and for the general supervision and control of their work.

2. This responsibility is delegated to Zone Commissioners in respect of all AC Officers whose activities are confined more or less to the Zone concerned. Officers with other spheres of action will come under Region HQ.

3. The ruling does NOT apply, of course, to HQ AC Officers visiting the Region on duty.

4. Officers on duty in this Region, other than HQ AC Officers on official visits, will conform to the following rules:

a. They will report to the Regional Commissioner on their arrival in the Region. If, of necessity, they go direct to a distant Zone, they will report to the Zone Commissioner. Similarly they will report to the Regional or Zone Commissioner on their departure.

b. Changes of location of such officers will normally take place on Regional Movement Orders. If HQ AC Movement orders are received direct by the officer, he will, of course, carry out the order promptly, but before doing so, he must inform his Zone Commissioner, who will inform Regional Headquarters.

c. Presumably all communications to such officers on important policy matters will be routed through Regional HQ, but if the officer receives communication on such matters direct, he will supply a copy promptly to the Zone Commissioner for the transmission to this HQ.

d. The Officer will supply the Zone Commissioner with one copy of every message or letter on important policy which he dispatches, and will keep in general contact with the Zone Commissioner.

e. The Officer may sign his letters as a member of his Sub-Commission in this has been his practice. If he requires the wider authority conferred by signing for the Zone Commissioner or for the Regional Commissioner, he must consult the Commissioner concerned before doing so.

Patricia B. D.

Discipline, Supervision and Control of OfficersCommissioned Officers

1. The Chief of Staff has ruled that the Regional Commissioner will be responsible for the discipline of all AC Officers in the Region and for the general supervision and control of their work.
2. This responsibility is delegated to Zone Commissioners in respect of all AC Officers whose activities are confined more or less to the Zone concerned. Officers with wider spheres of action will come under Region HQ.

 - e. The Officer may sign his letters as a member of his Sub-Commission if this has been his practice. If he requires the wider authority conferred by signing for the Zone Commissioner or for the Regional Commissioner, he must consult the Commissioner concerned before doing so.
 - f. Zone Commissioners will be responsible for coordinating the work of such officers with the other activities of the Zone and such officers will be careful not to take any steps, technical or otherwise, which may have effects outside the sphere of his own activities without obtaining the prior approval of Zone Commissioner.

5. It is NOT desired to interfere in any way with an AC officer in carrying out his normal duties. The job is the important thing. But an AC officer working in the Region must realize that, unless the Regional Commissioner and Zone Commissioners are kept constantly and promptly advised on all important matters, they will be unable to exercise supervision and control in accordance with the Chief of Staff's instruction or, for that matter, to help the officer in his job by use of their wider authority and more ample resources.

6. In short, all AC officers working in this Region are to be built into the Regional team, with all the responsibilities and whatever advantages that may entail.

Instructions for the Compilation or Revision of A.F.'s B.199A.

(To be read in conjunction with Pamphlet A.F. B.199B/14)

TO ALL OFFICERS

ALL officers, on being commissioned complete A.F. B.199A (Officers Record of Service) in duplicate. It may not be generally known to what purpose these forms are put once they are completed. The object of these notes is to tell officers what this purpose is, and to assist them in the compilation by indicating, in a general way, what information is required.

As to the use to which these forms are put. One copy goes direct to the respective personnel branches at the War Office and, from Part II Orders issued in this Theatre of War, a complete chronological history of the officer's movements, promotions and appointments, is compiled.

Army Form B.199A was originally designed for the Regular Army and later applied to the Territorial Army in peace time. Consequently, it falls short of requirements under present conditions in some aspects, and it is for this reason that Officers are being asked to go into additional detail when compiling the form.

The completeness of the information held at this Echelon about a particular officer may materially affect (a) his future employment and promotion, (b) his suitability for special employment and (c) THE PRIORITY OF HIS RELEASE FROM SERVICE AT THE CESSATION OF HOSTILITIES. It should be remembered that an officer may become unemployable within his own arm of the service either by reason of his having been wounded and subsequently medically down-graded, or upon receiving special Confidential Report recommending a change of employment. The A.F. B.199A is frequently the only source of information upon which this H.Q. can accurately assess the officer's suitability for alternative employment. It will be clear, therefore, that it is of the utmost importance that ALL questions on the A.F. B.199A should be answered fully and with intelligence.

The following notes are intended as a guide to the officer making out his A.F. B.199A for the first time, or revising it at the request of G.H.Q. 2nd Echelon.

PARA 1. *Religious Persuasion.*—This will not merely show whether Christian or Jew, but will show exact denomination, i.e., C. of E., U.C., Methodist, Presbyterian, etc.

PARAS 1, 2 and 3. ALL names and addresses should be written in BLOCK caps. Mistakes in address due to bad or indifferent handwriting can have the most serious consequences. This may occur, for example, when this H.Q. has any communication with an officer's next of kin.

PARA 4. *Other Rank Service.*—Many officers, having filled in the original type of B.199A, will not have recorded details of Other Rank Service. The revised form provides for this and it is of the utmost importance that it should be stated fully.

PARA 5a. *Language Qualifications.*—Degree of proficiency in languages, i.e., speaking, reading and writing, and whether of interpretation standard, is of greater importance than the mere fact that an officer claims to speak a language.

PARA 5b. *Knowledge of Foreign Countries.*—It is of the primary importance that an officer should record not only the extent to which he travelled in a foreign country, but also the part of the country and the circumstances of such visit, that is to say, whether it was a business or holiday visit. If the visit was connected with business, it is of interest to know what his business interests were. What local knowledge was gained of a particular country or countries should be recorded.

PARA 6c. *Business Qualifications.*—Few officers do complete justice to themselves in answering this question. Any experience attained by an officer prior to his enlistment should be recorded in detail. For example, it is not sufficient for a professional accountant to state merely "Accountant." It is required to know the type of accountancy; whether "Chartered," "Cost" or "Municipal" Accountant, and whether he is employed or whether practising on his own account. If the latter, the number of years of such practice must be stated.

An officer may have changed his employment and yet still retain a business qualification from his former employment. The fact should certainly be recorded, and

An officer may have changed his employment and yet still retain a business qualification from his former employment. The fact should certainly be recorded, and an indication given as to the interval which has lapsed between the change of employment and the date of his joining the Army.

PARA 6f. *Special Knowledge or Experience not Included in paras. (a) to (e)*.—This is the one question which few officers answer satisfactorily. It should include any information which, although apparently irrelevant at the time, might, under certain circumstances, be of value as regards the posting or placing of an officer. No restriction is placed on the facts which may be included under this heading. An officer's interest, hobbies, pastimes, however seemingly unimportant, should be stated. The fact that he has captained his XI or XV at school or university, that he has formed a Dance Band, is a Church Organist, has interested himself in his home town Debating Society, to mention just a few interests, are of the utmost importance, because they help to give a more or less reliable pen picture of an officer.

Any knowledge of local Town, County, or Rural Governmental Organization is worth recording, as such experience might well prove of use in many employments in the Army.

Dear

With regard to staff I would just like to record the following.

JOHN RAYNE would definitely like to have Major DRACE for P.F.B., and DRACE has asked me if he can join them.

If this happens it would create a vacancy which could best be filled by a Captain or Major from No. 1 Special Force. Really to run that job we need in a critical period, such as you may be going into, a first-class Intelligence Officer with practical experience of Patriots.

I believe we may be able to get an officer of this calibre from Comdr. HOLMESWORTH since, as a result of our recent successes in the South of France, Yugoslavia and Greece, several important officers who were working as B.L.O's. in these countries are on the market.

Applications will be made on C.A. forms which will be submitted in triplicate.

Recommendations of the senior British Officer of the Region, A.M.C. Army, Branch, Section and etc are required but they will be made in the forwarding letter and NQR on the C.A. form.

A supply of C.A. forms is forwarded herewith.

Conditions of service for Post-War Administrative Appointments in other Countries, for instance, the Colonial Service, will be issued in the course of the next two or three months under an A.C.I. and applications for these appointments cannot be accepted at present.

to make up No. 1 Special Force with four surplus personnel
held available for their work with you as soon as possible.
They are however, at the present time, eight secretaries
short for their own executive purposes and until six of
these are made up, of which only three have at present
arrived, it will not be possible to find you the four you
require.

In four days time it should be possible to give you
a firm indication as to when they will.

on the understanding that when girls leave this organisation
on termination of contract and go to A.C.C., as some are
doing at the present time, it will then probably be
necessary to withdraw the FANY personnel, working between
you and No. 1 Special Force, on a one to one replacement
basis. This is however likely to be in your interests,
as the contracts of certain extremely high grade personnel
are due to expire shortly.

SUBJECT: Partisans.

TO : HQ, ACC Advanced (attn Colonel McCarthy). —

Reference our conversation at this Headquarters today in the company of Brigadier Mainwaring, a possible solution has occurred to us of the problem of finding suitable officers to handle the matter for Army AMG.

Would it not be possible to make use of carefully selected Allied officers, ex-POW who have or may in the future come through the lines in charge of Partisan bands? These officers would have the dual advantage of being acceptable to Corps and Divisional Staffs and of having expert knowledge of the methods and organisation of other bands. There would be no objection to our having guidance from the various groups responsible for organising resistance as to the whereabouts of their own units, but they would not then have to send representatives of their own to Corps areas.

It is suggested that one or two such officers per Corps would be sufficient.

It is realised that there are some difficulties of "red tape" to be overcome, but it is hoped that this suggestion will receive full consideration.
