1. The first duty of Allied Commission liaison officers will be to keep themselves, at all times, informed of the situation in the areas with which they are concerned. This will involve the use of all available means of information, press, intelligence summaries, PWB reports, etc. They will inform HQ AC direct of any circumstances arising which may in their opinion adversely affect the Allied war effort or influence the general policy of the Commission. They will submit a monthly report to HQ which will include comment on the political situation.

2. Liaison officers will, by study of previous Regional monthly reports and other records, inform themselves of the present position of various Commission functions now being handed over to Italian agencies. They will specially watch those cases where previous difficulties have been encountered.

3. Liaison officers will keep close touch with the senior military formation, American and British in their areas. They will endeavour at all times to assist military formations in their relations with Italian Government departments and agencies. They must, however, remember that they are liaison officers and not executive officers and will not be able to carry out many of the functions of Provincial Commissioners.

Points which may require special attention are:

- a. Law cases affecting Allied personnel or property.
- b. Epidemics endangering Allied personnel.
- c. Requisitioning and derequisitioning.

4. Liaison officers will, in the absence of specialist AC officers, assist the Allied Forces Local Resources Board, or Allied Procuring Agencies, as may be necessary, in their relations with the Italian authorities.

5. Liaison officers will be stationed at centres of importance to Allied interests. They will assist, as necessary, relations between the Allied Services and the local Italian officials.

2.

In addition they will have a general duty as defined in para. 1 over wide areas as under:

	L.O. Bari	- Provinces of Foggia, Bari, Brindisi, Lecce, Taranto, Matera, Potenza.

Liaison officers will normally confine their activities to the neighbourhood of the HQ in which they are located, but, in cases of necessity, they will of course deal with all matters arising from civil affairs affecting Allied interests within the Provinces as listed above.

6. They will at all times avoid being involved in questions of Italian local government, and, even if asked, they will not give official advice, on behalf of AC, to Prefects or other State employees. They will, in all cases, refer the Italian local official to his Ministry in Rome.
