C) Numbers and types OF VEHICLES
OR OTHER EQUIPMENT HANDED IN

No types of vehicles or other equipment
have been delivered.

D) NUMBER OF PATRIOTS ENLISTED
INTO THE ITALIAN ARMY

No Patriot has been enlisted.

3623

./.

E) NUMBER OF PATRIOTS RETURNED
TO CIVIL EMPLOYMENT

224 Patriots have been employed in civil work.

F) NUMBER OF PATRIOTS RETURNED
TO THEIR HOMES

34 Patriots have been sent back to their homes.

G) NUMBER OF PATRIOTS ADMITTED
TO HOSPITAL

Four Patriots of the Province have been hospitalized in Pescia. The Patriots of this Province already hospitalized in hospitals of their Province, have been in a large part recovered and hospitalized in Carrara. In the civil Hospital of Carrara, there are, at present, 24 Patriots who are there attended by us.

H) NUMBER OF PATRIOTS FOR WHOM
EMPLOYMENT HAS NOT YET BEEN
FOUND

It is not yet possible to ascertain the number of not yet in civil employments engaged Patriots because we have not yet the total number of Patriots in the Province. This number changes continually because of Patriots who had crossed the front.

I) NUMBER OF ALEXANDER CERTIFI-
CATES AND BLOOKETS ISSUED,
GIVING SERIAL NUMBERS, AND THE
NAMES OF THE PATRIOTS CONCERNED

*Liguria Region
appears to have got
supplies of Identity
Booklets from 5 Army.
4000 Certs despatched*

Encl. N) 2 contains a list of names of those Patriots who have already received the Alexander certificate with number of the diplomas, close by name. Alexander Certificates are finished. We urgently need at least 4000 new ones. We never received assistance books. We urgently need at least 5000.

M) ASSISTANCE WITH SPECIAL NOTE OF ANY PAYMENTS MADE

For what is considered in this paragraph, please see letters E-F-G and for distributed prizes see letter N.

N) ACCOUNTS

See encl. N° 3 for statement about the two millions received in April 45 by M.I.O

O) ESTIMATE OF EXPENDITURE

IT is urgent to allow in surplus the three millions, recently received from the Prefecture, eight other millions to be distributed as follows:

for 250 fallen men	L. 2.500.000.=
for 400 wounded men	2.000.000.=
" 3350 patriots <i>demobilized</i>	3.350.000.=
<i>Daily pay for</i> "Patriots in hospital	150.000.=
totale	8.000.000.=

P) RECOMMENDATIONS

The same difficulties already mentioned in our last report, still exist, and moreover a more acute state. The most important of them is that the Brigade Commanders have not yet transmitted their lists of Patriots, notwithstanding our continual pressions.

The Brigade Commanders justify themselves saying that, that was a work impossible to be done till now, several Partisans having crossed the front, according to received orders, because of big German attacks in Nov. and Dec 44.

Those Patriots are gradually coming back and it is necessary to find their particulars of identity many lists of the groups having been lost during above mentioned fights. This gradual returning of Patriots causes a lack of proportion, between the number of Patriots and the quantity

./.

of surrendered arms, because the Patriots who crossed the front have been disarmed, after crossing, by Allied Sector Commands. In the next days we shall speak personally with the Patriots of LA SPEZIA and PARMA for administrative questions.

The big numbers of those who come back, especially of Prisoners who return into the Province makes the situation of Patriots still more acute. We insist upon the need to found regularly supplied messes as well as upon the necessity to give in a large measure, recreation and assistance.

This is necessary to stop ever growing insatisfaction. On that purpose we consider that a fund of twenty millions would be necessary.

4. PATRIOTS ENLISTED IN THE ITALIAN ARMY

No Patriot has been enlisted in the Apuana Province after liberation, according to our records. However, because of the compulsory passage through the front of large groups of disbanded Apuana Patriots, it is impossible to know exactly the number of Patriots in Apuana who may have enlisted in the Italian Army or who are employed by work companies.

5. REEMPLOYMENT OF PATRIOTS

No Patriots troops of Apuana Province are following the Allies, after the discharge between the 10th and 20th April 1945 by Allied Troops acting in the area of the small Patriot groups who were ready for reemployment.

6. RETURN OF PATRIOTS TO THEIR HOMES

Partisan troops of this Province are composed of local Patriots. Until now 32 Patriots have been sent back to their homes.

7. ISSUE OF CERTIFICATES OF FIELD MARSHALL ALEXANDER

At the beginning of the activity of the Office there were 701 Alexander Certificates in two series from No 116500 to No 11700 and from No 153501 to No 153700.
Distributed Alexander certificates : 562 see encl No 2
Undistributed Alexander Certificates : 138
Annulled : No 116997

8. CEREMONIES AND PARADES

22 April	Massa-Calcinaia-Soverina Massa in memory of dead Patriots.
3 May	Carrara-Partisan's home-Symphony concert and chorus for the benefit of families of Patriots' fallen.
17 May	Massa-Government Palace-Delivering of Alexander Certificates to the Group of Apuanian Patriots (see copy of the newspaper report encl. No 3)

9. NUMBER OF PATRIOTS IN HOSPITAL

Seven Patriots of this Province have been hospitalized in Lucca and two in Pescia.

10. REMARKS

The work of the Patriots' Office of Apuania Province does not proceed with the necessary speed and cannot absorb in a short time the big mass of Patriots who live in this Province.

The most serious difficulty depends on communications, especially for the mountain areas, hardly reachable because of the bad situation of ways. The Prefecture has not yet provided the Patriots Office with a vehicle.

Moreover the Offices of the discharged Patriot Units have not yet submitted to the Patriots Office the lists which have been required by our circulars since more than a month ago. Through the papers we have reminded the Patriots and their chiefs of the responsibilities which would result from more delays. Therefore it is still impossible to value exactly the number of some large maintain bands.

Another difficulty for the regular absorption and administration of Patriots consists of the existence of some big bands from Partisan M.Q. in the Spezia and Parma Provinces. It is necessary and urgent to have a personal contact with the Patriots' Offices of those Provinces.

A great deal of administrative difficulties could thus be avoided.

11. PROPOSITIONS

The destruction of industrial installations and the unemployment, put the Patriots in very hard economical conditions. Until the beginning of industrial reconstruction, we think it would be necessary to provide the Patriots Office with large funds to be distributed for assistance and recreation. Two communal messes exist which are provided with available means for Patriots travelling through this Province. The food for those messes is purchased, with a big difficulty, from local markets.

We would like to have some dispositions to the discipline and administration of them, and we will like to have at least 300 daily rations on the base of Ration "E" of the Italian Army.

tions, especially for the mountain areas, hardly reachable because of the bad situation of ways. The Prefecture has not yet provided the Patriots Office with a vehicle.

Moreover the Offices of the discharged Patriot Units have not yet submitted to the Patriots Office the lists which have been required by our circulars since more than a month ago. Through the papers we have reminded the Patriots and their chiefs of the responsibilities which would result from more delays. Therefore it is still impossible to value exactly the number of some large maintain bands.

Another difficulty for the regular absorption and administration of Patriots consists of the existence of some big bands from Partisan H.Q. in the Spezia and Parma Provinces. It is necessary and urgent to have a personal contact with the Patriots' offices of those Provinces. a great deal of administrative difficulties could thus be avoided.

II. PROPOSITIONS

the destruction of industrial installations and the unemployment, put the Patriots in very hard economical conditions. Until the beginning of industrial reconstruction, we think it would be necessary to provide the Patriots Office with large funds to be distributed for assistance and recreation. Two communal messes exist which are provided with available means for Patriots travelling through this Province. The food for those messes is purchased, with a big difficulty, from local markets.

We would like to have some dispositions to the discipline and administration of them, and we will like to have at least 300 daily rations on the base of Ration "M" of the Italian Army.

The National Association of Patriots of Italy is waiting to be acknowledged in the Apuania Province and to be permitted to display some beneficial activities.

From the Independent daily paper "Il Tirreno" of Leghorn (17/5/45)
we transcribe the article regarding distribution Alexander certificates.

.....
Alexander diploma solemnly delivered to the Patriots.
Last Tuesday in the afternoon, in the courtyard of the Prefecture Palace, among the festal songs of the Patriots, took place the announced delivery of Alexander diplomas in presence of Regional Commissioner K.L. Shirk and all Military and Civilian Authorities of the Province.
The vast courtyard of the Prefecture, was crowded, in a suggestive vision by a many-colored mass of Partisans and a big number of civilians. The balcony at the right side was adorned with a broad amaranth drapery on which one could distinctly see the glorious battle sign of the Apuanian Patriot Group. At the sides of the drapery there were the flags of the Allied Government.
A few time after 1430 P.M. arrived Allied Authorities accompanied by the Prefect, Commander Vico and other Authorities. From the balcony, where the Authorities took place, Prov. Commissioner Major Shirk introduced Reg. Comm. Col. Kirkwood, who was received by warm applause. The Commissioner applying to Partisans; after having given them the greeting of the Allied Government, thanked them for their collaboration in the war for the liberation of Italian territory from nazist yoke, praising the boldness and courage they showed and reminding that with their aid it had been possible to liberate earlier the remaining of still occupied Italy. He reminded moreover that the north Partisans were the only liberators of more than 200 of the biggest Italian towns. He praised especially our bold Partisans for the untamed courage they showed against enemy and the collaboration they kept with the Allied Troops. Expressing the feeling of the Allied Government he gave the assurance that our people should be assisted morally and materially and asked the Partisans for their wishes. A spontaneous, ardent cry: "Work and bread," sprang out of the Patriots' chests. The Commissioner's answer was the complete assurance that they should receive them. Col. Kirkwood, resuming his speech, exhorted the Partisans to conserve in peace their characteristics of good citizens, as well as they were good fighters in war. Subsequently he concluded declaring that the Allied Governments wish to see a pacified Italy united under a democratic government, true expression of the mass, in which the Party interests must not rule as in the past. It will not be possible therefore, to have a Government of boisterous or political form and this for the welfare of

For these purposes the Allied Government assures all necessary assistance. Great ovations put the end of the speech. Col. Kirkwood was succeeded by Prefect Del Giudice, who exposed, in a short but very clear way, the glorious facts accomplished by our Patriots, who moved by a great love of their country, united themselves under the sign of liberty. This movement expressed their feelings which gave always courage to these bold young partisans so that they became worthy of to-day's prize. The work they have done is the following of the millenary patriotic spirit we received from our fathers and which has found in this war the occasion of a new and more bright manifestation.

Subsequently the Prefect thanked the Allied Authorities for the assistance they gave our town, one of the most tortured towns of Italy, being certain that such a help will not miss in order that Massa and the whole Province could be able to live again to a new life on the rubble of a non-wished war, and start towards the pacifical works of a material, moral and democratic reconstruction.

The Prefect, whose speech was often interrupted by hot applause, was at the end saluted by enthusiastic acclamations. Provincial Commissioner Maj. Shirk assured Partisans and people that the Allies will go on helping the Italian people in every thing necessary to it.

Major L. E. Shirk's words suscitated a great enthusiasm. At last spoke Ist. Lt. MELOSI of the Patriot's Branch, received by many applauses. He also brought the greeting and best thanks of the whole Italian people for the work done by our Partisans in this liberation war. Besides he underlined the meaning of this symbolical delivery which represents the prize of courage and boldness shown by the Partisans and especially by the Apuanian ones who have had in G. Minuto their first glorious loss.

Afterwards, the Regional Commissioner delivered the Prefect, Commander Vico and heroic Minuto's father the Diploma of Field Marshal Alexander, while partisans and crowd applauded.

In an atmosphere of patriotism and enthusiasm finished thus the suggestive ceremony, during which the Partisans were rewarded for their boldness and sacrifice, which made them worthy of the praises of the Allied Commands and the admiration and gratefulness of the whole Italian people.
