1. With reference to the attached correspondence and identity card issued to ARENA Guglielmo.

2. The card is not known to the Italian Ministry of War, however, it seems likely that it was issued under the authority of No.1 Special Force which had a number of Missions operating with the partisans prior to the liberation. This organisation has now been disbanded and it has not been possible to trace its records.

ALLIED COMMISSION - Patriots Branch

SUBJECT : Assistance queries.II. WOUNDED

The problem of sick and wounded patriots remains. Civilian hospitals and homes cannot take in patriots if they don't know personally and exactly who is going to pay the expenses for the period they are being hospitalized. The Communes cannot give such assurance as they all are in debt. The local ANPI Although responsible for it has not yet begun to function and I have been told by ANPI officials that probably they would not have sufficient funds.

This office on the other hand has already paid many expenses on the same subject but the funds placed at our disposal by the Prefect are quickly becoming exhausted.

III. DECEASED

It is requested that precise rules should be issued concerning who should afford the expenses concerning funerals, transportation of bodies etc. of patriots who died during the partisan war.

Also in this branch and within the possibilities of its budget approved by ANG this office has endeavoured to meet the wishes and requirements of the next of kin of deceased.

- 2 - Such queries are general ones and their solution is of interest to all other IMPRs of Reg. XII.
- 3 - We therefore wish that your Ministry would kindly inform this HQs on its decisions on the matter.

S. 5/7/1945

Subject: Proposal of reward to be given to six partisans
for the capture of two Germans escaped from a
concentration-camp.

TO THE ALLIED REGIONAL COMMAND

OF FLORENCE

In the month of May 1945, this office sent a letter to the local FSS H.Q., through which it was asked that a reward could be granted to six Partisans of Radicofani, who had captured two German prisoners escaped from a concentration-camp.

The abovementioned Command, now, has informed this office that only H.Q. Florence Command can deal with the matter.

We are therefore ^{FORWARDING} ~~sending~~ the hereby enclosed statement, ~~by~~ ~~the~~ ~~Commander~~ ~~the~~ ~~Royal~~ ~~Carabinieri~~ ~~Station~~ ~~of~~ ~~Radicofani~~, asking also in the meantime ~~by~~ ~~the~~ ~~H.Q.~~ ~~Florence~~ ~~Command~~ to kindly inform us about the decisions which will be judged convenient for this proposal of reward.

The undersigned MASSAINI Foresto, son of Giulio, born at Radicofani, driver, wishes to notify as follows about the capture of the two German prisoners:

I went to Casselgio with a Bianchi Miles lorry in order to effect the transport of bricks. Having loaded at Casselgio, I was going back when, arrived near Radicofani, more exactly to a place

4134

called "Novella", where the uphill of Radicofani begins, I met two soldiers whom I immediately ~~thought belonging~~ judged of German nationality. They asked me to give them a lift, but they said they did not want to pass through inhabited places. After such request I was even more convinced that they were Germans.

While I was unloading some materials from my truck in order to travel with more speed on the uphill, they went to the nearest house without showing any more interest at me. When I was ready to start I called them and they mounted on the lorry. When we arrived to the cross-way which leads to the small town, they began to shout and they wanted me to stop the car. My nephew, who was sitting in the back with them, had the buttons of his coat torn by them because he refused to advise me.

Although hearing them calling me, I continued my way towards the town and when I arrived there I put them down before the house Luchini. They asked me ~~where~~ for the road to Florence, I only answered a few words and ran to call the Guards and the Partisans.

So the two Germans were captured and brought to the ~~local~~ local Carabinieri Station, who transferred them to the competent Command of Siena.

The capture happened on the 26th of April 1945, and the prisoners were transferred to Siena with my lorry.

I state that this is the truth

Oggetto: Sold. Furno Lamberto.

Con riferimento al foglio n. 392 in data 9 giugno u.s. si trasmette l'allegato dichiarazione del Comando Brigata Garibaldi "U. Muccini" attestante che il soldato FURNO LAMBERTO ha effettivamente, subito dopo l'8 settembre, data tutta la sua attività al movimento partigiano, assumendosi a quei rischi che tale attività importava e che ebbe, come conseguenza, il suo arresto da parte della X Flott. Mas. - Però, né il suo arresto né la richiesta di arruolamento nell'esercito repubblicano, cui ricorse il soldato Furno allo scopo di evitare la deportazione, diminuivano in lui il senso del dovere e dell'onore.

Lasciato il 7° corpo di Sanità a Firenze, al quale era stato aggregato quale studente di medicina, ritornava in Sarzana nei primi di maggio 1944, mettendosi subito a contatto con la formazione della suddetta Brigata, per rientrare e farne parte effettiva fino al rastrellamento del 30 novembre 1944, dalla quale data il Furno passò la linea del fronte.

L'attestazione del Comando Brigata è confermata anche da partigiani di altri gruppi.

TO THE ALLIED COMMAND

FLORENCE

The undersigned Tanas Giuseppina, born at Ustica (Palermo) on the 8/10/1918 and resident at Ustica, via Torre S.Maria, 13, wishes to notify as follows :

She is married to the NCO of Public Security Luigi Spina, son of Procolo, born in Pozzuoli (Napoli) on 1/1/1911, who was on active service in Florence before the liberation of the city, that is up to the 18th of August 1944.

On the day of the liberation the abm. Spina went out on duty and he did not come back. And till now he has not given any news of himself to anybody. The wife and a little daughter, a few months old, after having uselessly waited for long time, have gone back to Ustica, where they still live, in the house of the father, who is pensioned, because their wealth-conditions are not good at all.

The undersigned Tanas Giuseppina with the little daughter, 15 months old, is thus living with her father, who, being only a modest pensioned man, cannot afford all the expenses which are necessary for the actual living.

These being the conditions of life, she asks if it is possible to obtain a subsidy which would enable her to live a little ~~more~~ easier with her little child.

She wishes also to notify that she possesses a certificate, No. 50128, signed by General Alexander, which notifies that her husband has been a partisan and has fought for the honour and freedom of Italy. She possesses also a certificate No. 0019 released by the Tuscan Committee for National Liberation, Control Commission for the Police Agents, which certifies that her husband, during the period preceeding the entrance of the Allied troops in Florence, has taken part to the active fight against the Germans and the Fascists.

Thanking in advance

Tanas Giuseppina, married Spina

2. Signor S. Murri, the bearer of this note, has been recommended to me as Commandant of the Patriot Band "Monte Cairo" recognised by the I.N.C. Before the Allies took Rome, Signor Murri's band captured four tanks of German gasoline and hid them at Arce in Grosinone Province.
3. Signor Murri has obtained permission from the Under Secretary, Palermo, to take two Italian Army trucks to the town of Piedmonte St. Germino to carry 100 quintals of potatoes from Celano to the population in that place. The population is said to be in a bad way there for want of food. A few days ago I understand a British C.M.P. in Arce blocked the gasoline which Signor Murri had hidden and he would be very grateful if orders could be given for its release.

Il sopradetto Militare parti da Roma il 25 Febbraio 1944, insieme con altri soldati, per raggiungere Milano, da qui, a scopo di istruzioni, per Guastalla dove rimase fino ai primi di luglio.

Da Guastalla fu poi inviato ad Arsiero, dove è rimasto fino al 15 luglio, e da qui sembrerebbe nuovamente ritornato a Milano.

Da notizie riportate da uno che si sarebbe trovato con questo gruppo di soldati, pare che il Cap. comandante della Compagnia, avesse invitato e persuaso questi soldati (circa 60) ad abbandonare il reparto.

Il 19 Settembre questo gruppo di soldati, insieme con elementi della Brigata Garibaldi, avrebbero raggiunto la località di Acquasanta (Bologna).

Individuati da reparti Germanici, sarebbero stati raggiunti, circondati e assaliti con bombe a mano.

I feriti sarebbero stati ricoverati in un ospedale di Bologna.

On 10 June 1944, when the Provincial Commissioner arrived in Viterbo, he found the local Patriot leader, Colonnello NICOLA TAIBELL, already taking steps to restart the life on the Province although the enemy had only been driven out on the previous day.

The obvious readiness of the Colonel to co-operate caused the Provincial Commissioner to have no hesitation in appointing him Prefetto Reggente although, as such "career" officials as had not fled were suspended, it became necessary to have a Prefect with detailed knowledge of Italian Administration. On this account it was understood that the Colonel's appointment would not be permanent.

At the conclusion of this work, Colonel TAIBELL took over the many problems connected with Patriots, and also Italian military material.

Efforts to obtain official recognition of his work and position failed. Finally other arrangements were made by the Italian Ministry.

No detail is known of his activities prior to the Allied arrival. In the Province it is said that Colonel TAIBELL was largely responsible for very active opposition to the Germans, which caused the publication of a special order regarding the movement of German troops in Viterbo.

ITALIAN COMMUNIST PARTY,
ROME.

21 October 1944.

To: A.C.C.,
Rome.

I submit for examination of A.C.C. the case of the patriot RUCCI Edoardo of the 5th Garibaldi Brigade, who was a brave fighter against the German forces of occupation and their Fascist allies.

When the 5th Garibaldi Brigade was dissolved by order of the Allied Command, RUCCI tried to approach his home country, with a regular Allied permit. On 20 July he was stopped near VENE (Venezia) by the British Military Police, and arrested because he declared himself to be a member of the Communist Party. Later he was transferred to prison camps together with German and Fascist prisoners, at Salsano, Chiavari, and from there to the internment camps of Afragola (Naples), and later to the prison of Uggio Leone at Naples.

After he had been held 15 days in this prison he was transferred and confined in the country of Bellonguardo (Salerno).

This is the "Odyssey" of a brave fighter for the liberation of our country. But all this becomes much graver when we consider that this is not a single case but is applicable to many patriots who are all brave fighters of the patriot bands, and who, after the dissolution of their formations, are arrested by order of the Allied Authorities while trying through their own means to reach their countries of origin to rejoin their relatives and resume, if possible, the fight against the enemy forces of liberty and progress for which the United Nations are fighting.

In our opinion, intervention by the competent Allied authorities is necessary to put an end to such a state of affairs, which is not favourable to the development among the people of our country of a feeling of friendship and collaboration, both of which are more than necessary at this time.

Yours respectfully,

(Signed) PALMIRO TOLLATI.

To the A.C.C. ROME -

I submit to the examination of the A.C.C. the case of the partisan RICCI Edmondo of the 5th Garibaldi Brigade - who was a brave fighter against the German forces of occupation and their fascist allies.

When the 5th Garibaldi Brigade was dissolved by orders of the Allied Command, RICCI tried to approach, with a regular allied permit, to Riccione his residence country - On the 20th of July he was stopped, near Fano (Pesaro) by the British Military Police, and there arrested because he declared to be a member of the Communist Party. He has been transferred later on in prisoner camps together with German and fascist prisoners, at Saltana, Chieravalle, Assisi and from here to the Internment Camps of Afragola (Naples) and from there to the prison of Poggio Reale at Naples.

After he had been held 15 days in this prison he was transferred, as a bounded in the country of Bellosguardo (Salerno).

This is the "Odyssey" - of a brave fighter for the liberation of our country. - But all this grows much graver when we consider that this case is not single but it reproduces for many patriots, which are all brave fighters of the partisan bands - and who after the dissolving of their formations, are arrested by orders of the Allied Authority, while they are trying with there own means to reach their origin countries, where their relations are living and where there is possibility for them to retake a place in the fight against enemy forces of liberty and progress for which the United Nations are fighting.

In our opinion, an intervention of the competent Allied Authorities would be necessary to put an end to such - facts which of course are not favourable for the development of the sentiment of friendship and contribution which is now more necessary than ever in our country.

Yours respectfully

R O M A

Sottopongo all'esame della Commissione Alleata il caso del partigiano RICCI EDMONDO della Va Brigata Garibaldi, valoroso combattente contro le forze di occupazione tedesche ed i loro alleati fascisti.

Sciolta la 5a Brigata Garibaldi per disposizione del Comando Alleato, il Ricci, con regolare permesso delle Autorità Alleate si mise in viaggio per avvicinarsi a Riccione suo paese di domicilio. Il 20 luglio u.s., nei pressi di Fano (Pesaro) egli fu arrestato dalla Polizia inglese, e trattenuto in arresto in conseguenza della sua dichiarazione di essere membro del Partito comunista. Sempre in stato di arresto fu successivamente portato nei campi di concentramento, assieme a prigionieri tedeschi e fascisti, di Saltana, Chiaravalle, Aesisi, e da qui nel Campo di concentramento di Afragola (Napoli), da dove fu trasferito nel carcere di Foggia Reale a Napoli. Dopo 15 giorni di detenzione in detto carcere fu trasferito, quale confinato nel paese di Bellosguardo (Salerno).

Tale l'odissea di un valoroso combattente per la libertà del nostro Paese. La cosa diventa ancora più grave se si considera che tale caso non è isolato ma si riproduce per decine e decine di patrioti, tutti valorosi combattenti nelle Brigate partigiane, e che dopo lo scioglimento delle loro formazioni, per ordine delle Autorità Alleate, vengono arrestati mentre con i loro mezzi cercano di raggiungere i paesi di origine dove vivono i loro familiari e dove esistono le possibilità per essi di riprendere un posto di lotta contro le forze nemiche della libertà e del progresso per i quali obbiettivi combattono le Nazioni Unite.

A nostro avviso urge un intervento delle Autorità Alleate competenti per porre fine ad un tale stato di cose.
