1. Refer 52 A. My information is that this proposal has already been cleared locally. The object of min 20 was to ascertain if you had any objection based on facts which could not be known locally. If you have none, cannot Region be informed that this HQ has no objection to the proposal use provided RHO agrees.

2. Patriots who have been longer in hospital than 60 days are not permitted to be kept any longer in Italian Military Hospitals and are being transferred to civil cases even though there is no suitable place for reception.

It is alleged for example that in Turin all civil hospitals are full and that to receive these cases houses have to be requisitioned and wards extemporised with insufficient equipment

Application has been made to Local Forces who seem little disposed to relax the 60 day rule. The objection is on two grounds - the mixing of civil + military and - rations. Nor do they favour a separately accounted wing in one a military hospital.

It is afraid that Hospital accommodation can be surrendered as there is now a surplus of beds. But from a perusal of 53 A and B it will be seen that with the exception of 100 beds in Turin Military Hospital and possibly 400 beds in Parazia not beds are suitably located.

At 53 C are Par Hospitals some of which might be suitable if released to civil use.

Have you any suggestions please.

Have you statistics as to the beds available in workers only and the normal vacant at this time.

21 AUG. 1945

Declassified E.O. 12356 Section 3.3/NND No. 785010

Hospitalisation of Patriots.

I have seen Col.Pidsley. His first reaction was that patriots could not be kept beyond 60 days and that in any event there were practically no wounded patriots. Even soldiers were not kept beyon d 60 days.

After discussing the possibilities it appears that there are proposals at present under discussion to reduce military beds in north Italy from 15.000 or thereabouts to about 5.000. It might be possible to vacate some of these (pending release they might be lent to civil organisations for the reception of patriots) and in due course release the hospitals entirely. The process of release has already commenced and he will supply lists of hospitals already released and proposed to be released. The rate of released is held up because the Army is prepared to release them faster than they can be taken over. He was not prepared to discuss the retention of patriots in hospitals still under military management nor to take any special action with regard to Turin. He pointed out that in cases of special urgency where removal would endanger life soldiers could be retained beyond the 60 days and that this would apply equally to patriots. In such cases special reports had to be made and special approval to the retention granted.

He was prepared to grant approval for the retention of patriots under similar conditions but he did not think it likely many (if any) cases would fall within these conditions.

PH. SC.

In Trento province there are a number of patriots who require after treatment (e.g. provision of limbs) or care. A request has been made for the use of part of an isolation hospital - the Convalescenziario Mario Pasq - formerly the Grand Albergo Lavacampe. - which is situated at Lavarone A 8708 west of Rovereto. - for this purpose

It is stated that the local medical authority has no objection but they would not of course be aware if this hospital was connected for whom or prisoners of war.

31 Mar 45 C.A. Section.

Draft letter at folio 27 (95/1/PAT of 29 Mar) is agreed provided that the following is inserted at XX at the end of para 3 as amended by the words quote "by the Allied Commission (NOT MMIA)" unquote inserted after "Civilian hospitals".

Quote "MMIA state that

(1) No Italian Army hospitals can be established for the primary purpose of handling Patriots for the simple reason that neither personnel nor equipment is available surplus to that required for Italian Army Hospitals necessary for the Italian Army,

(2) the Italian Army Hospitals will be available for Patriots only to the extent that the accomodation available is surplus to the requirement for army personnel,

(3) that Patriots who are placed in Italian Army Hospitals should be removed therefrom by the Allied Commission to civilian hospitals as soon as possible and

(4) that it is not practicable to issue either medical supplies or army rations to civilian hospitals for patriots.

Major General
M. M. I. A.

(13)

2 April 45

Acting Executive Commissioner:

Please see Folio 27 and Minute 12, on the basis of which Folio 29 has been written and is submitted for your approval and signature.

You will note that there is a sharp difference of opinion over the interpretation of AFHQ's instruction regarding Patriot hospitalisation and it is urgently required that a decision be made in order that planning may proceed.

Risposta al Foglio N.° Lig/Pat/660 del 28/9 u.s.

OGGETTO Convalescenziario Regionale per i Partigiani della Liguria.

Con riferimento alla lettera sopracitata relativa all'oggetto si invita codesto Ufficio a rivolgersi, per il ricovero dei partigiani dimessi dagli Ospedali e ancora bisognevoli di cure per postumi d'infermità contratte in servizio, al Consorzio Antitubercolare=Alto Commissariato Sanità pubblica, che, avrebbe vari posti a disposizione, o all'Istituto di Previdenza Sociale.

Nel caso di esito negativo s'invita codesto Ufficio a comunicarlo a questo Ministero che penserà a provvedere in merito.

IL MINISTRO

Reference your AC/95/1/PAT dated 21 August 1945.

1. The attached letter is being transmitted with the information requested by you in the above mentioned communication. This communication was requested from Dr. Dolo who is in charge of medical services for the Patriots.

2. Hospitalization of Patriots has been provided in the civil hospitals of this Region since the early days of occupation. The relatively small numbers who were in Military Hospitals were soon collected into civilian hospitals where they were cared for by a patriot staff of doctors and attendants.

3. The San Martino Hospital now has about 180 partisans but they are housed in a building which will soon be required by the surgical staff of the Medical School for teaching purposes. Plans should be made for a convalescent campin some other location.

ASSOCIAZIONE NAZIONALE PARTIGIANI D'ITALIA
ANP
della Liguria
GENOVA
Tel. 51-161

1°) Il numero dei feriti tuttora è di 180, di questi coloro che abbisognano di cure oltre i 60 gg. sono 13. Essi si trovano ricoverati al Pad. XIII dell'ospedale di S. Martino a Genova.-

2°) Si presentano talvolta partigiani che sono stati feriti in combattimenti di montagna e che sono stati ricoverati e curati in cese di campagna. Questi patrioti chiedono di essere trattati per quanto riguarda l'indennità di degenza ed il premio di ferita, come i partigiani ricoverati negli ospedali.

L'Ospedale di S. Martino si rivolge al Comando VI^ Zona Operativa per il pagamento delle rette ospedaliere. Sarebbe opportuno scrivere alla direzione dell'ospedale precisando che le rette devono essere pagate dalla prefettura del fondo destinato per i patrioti. Lo stesso dicansi per lo Ospedale di S. Corona in Pitra Ligure. Questo ospedale deve ospitare 25 partigiani che abbisognano di apparecchi ortopedici ed arti artificiali, ma chiede una lettera di garanzia per il pagamento, anche in questo caso dovrebbe provvedere la prefettura.-

La circolare Alleata stabilisce che il premio di lire 10.000 deve essere dato solo ai feriti. Si fa presente che molti malati affetti da bronco-palmoniti, pleurite, artrite, ecc che hanno contrato la malattia a causa dei rigori della montagna e quindi per causa di servizio, vengano in tal modo esclusi dal beneficio e ne rimangono male impressionati.

Altri feriti hanno bisogno, dopo essere già stati dimessi di rientrare all'ospedale per ulteriori interventi chirurgici connessi con la ferita primitiva (estrazione di schegge, eliminazione sequestri ossei, ecc.) dato che si tratta di casi rari sarebbe opportuno togliere per questi casi il divieto di ricovero.-

3°) Negli Ospedali Militari della Liguria non si trovano più partigiani degenti.

Dott. DOLO)

URGENT

HOSPITALISATION OF PARTISANS = TRENTO

30 August 1945

= MEMO =

for COLONEL CRIPPS

A.C. R O M E

The Ministry of Post War Aid on or about August the 13 allocated the sum of Lire 1.000.000. to the Province of Trento to be used for Partisans who need treatment in T.B. Hospitals or orthopedic Institutes.

The A.C. Patriots Branch was contemporarily informed of this and was asked to give instruction to this purpose to the Prefect and the I.M.P.R. of Trento.

Before doing so, the A.C. Patriots Branch asked to be informed about the name and place of the lazarett where Trento is planing to send its T.B. Partisans, on the assumption that a branch of one of the existing T.B. Hospitals would be organized and reserved for Partisans.

In this case also the total number of places available in the hospital and the number of them reserved for the Partisans was required.

1724

All this was asked in order to ascertain by the

Declassified E.O. 12356 Section 3.3/NND No. 785016

= MEMO =

for COLONEL CRIPPS

A.C. R O M E

The Ministry of Post War Aid on or about August the I3 allocated the sum of Lire I.000.000. to the Province of Trento to be used for Partisans who need treatment in T.B. Hospitals or orthopedic Institutes.

The A.C. Patriots Branch was contemporarily informed of this and was asked to give instruction to this purpose to the Prefect and the I.M.P.R. of Trento.

Before doing so, the A.C. Patriots Branch asked to be informed about the name and place of the lazarett where Trento is planing to send its T.B. Partisans, on the assumption that a branch of one of the existing T.B. Hospitals would be organized and reserved for Partisans.

In this case also the total number of places available in the hospital and the number of them reserved for the Partisans was required.

1724

All this was asked in order to ascertain by the "Direzione Generale Sanità Pubblica" that the said lazarett was not reserved for isolation or other puposes in connection with the emergencies arising from the Italians being repatriated from Central Europe.

Declassified E.O. 12356 Section 3.3/NND No. 785010

The Under-Secretary for Post War Aid, Dr Berardinoni, was in Trento yesterday and he got from Lt.Col. Gallina, I.M.P.R. at Trento, the following information:

I) About forty per cent of the sum (i.e. 400.000. Lire) will be used to meet the expenses of the Orthopedic Institutes where several Partisans have already been sent.

2) Another forty per cent will be needed to contribute to the general expenses of a Lazarett where places for T.B. Partisans will be reserved.

3) The remaining twenty per cent will be spent on special medical or surgical treatment (operations of high surgery and the like).

As for the Orthopedic assistance, the Patriots Office of Trento has already made arrangements with Instituto Putti of Bologna and Istituto Codevilla of Cortina d'Ampezzo. Here, however, the Partisans are taken care of as normal patients and the only provision agreed upon previously with the Institutes concerns the precedence and the scaling down of the rates for Partisans.

For the T.B. sick a branch of a Lazarett at Arco is going to be reserved for the Partisans. There are two solutions in prospect, one with the Provincial Lazarett, the other with the Lazarett of the "Istituto di Previdenza Sociale" the so-called "Quisisana". In a few days a written agreement will be signed with either one or the other. The places reserved for the Partisans will between 30 and 40 out of a total of 200 in the first Institute and out of 150 in the second. The choice will depend on the more favourable rates and accomodations.

1723

No reservation has been made by any authority in either

Declassified E.O. 12356 Section 3.3/NND No. 785016

Partisan expenses of a Lazarett where places for T.B. Partisans will be reserved.

3) The remaining twenty per cent will be spent on special medical or surgical treatment (operations of high surgery and the like).

As for the Orthopedic assistance, the Patriots Office of Trent to has already made arrangements with Intituto Putti of Bologna and Istituto Codevilla of Cortina d'Ampezzo. Here, however, the Partisans are taken care of as normal patients and the only provision agreed upon previously with the Institutes concerns the precedence and the scaling down of the rates for Partisans.

For the T.B. sick a branch of a Lazarett at Arco is going to be reserved for the Partisans. There are two solutions in prospect, one with the Provincial Lazarett, the other with the Lazarett of the "Istituto di Previdenza Sociale" the so-called "Quisisana". In a few days a written agreement will be signed with either one or the other. The places reserved for the Partisans will between 30 and 4o out of a total of 200 in the first Institute and out of I50 in the second. The choice will depend on the more favourable rates and accomodations.

1723

No reservation has been made by any authority in either of the above mentioned houses for deportees being repatriated from Central Europe. Confirmation of this appears on the attached statement by the Medico Provinciale of Trento.

For special medical and surgical cases the Patriot Office of Trento has established contact with the Clinics in Padua and Venice.

Declassified E.O. 12356 Section 3.3/NND No. 785016

The budget of I.000.000. Lire is considered sufficient from now to October 31,including expenses already met.

What is really urgent now is to have ~~xxx~~ the money right away,because the number of Partisans in need of proper and special hospital treatment,particularly for T.B. now that winter in ~~xxxxx~~ approaching,is rapidly increasing.

Reference your AC/95/1/pat. of 21.8.1945, we beg to report as follows:-

1. According to existing regulations there are no patriots in this Military Hospital

2. We are not in a position to answer your question No.2 in as much as Patriots are admitted in Hospitals under civilian rationing in Lombardy, and the desired information should therefore be requested of the Direction of Health (Military), which is the relevant authority.

3. Also as regards your question No.3 it is suggested that the information be obtained from the Direction of Health of the 3rd Territorial Military Command.

Attached herewith a list of Patriots admitted to this Hospital as from 25.4.45 to May 1945. This in answer to the verbal request made on your behalf by the Military Chaplain who brought your letter.

CIVIL AFFAIRS SECTION

INTER-OFFICE MEMO

31 Aug 45

To: Director, Local Government Sub-Commission

Reference attached notes of meeting and in particular to the last para.

1 I think I remember receiving a letter as R.C. that the Italian Army had no responsibility for wounded or sick Patriots. Patriots have now ceased to exist. We had difficulties in this matter at GENOA, where a considerable number of possibly wounded and sick Patriots were in a civilian hospital. One of the difficulties was that in many cases their illness had nothing to do with their being ex-Patriots and they were merely remaining on in hospital as long as possible because they got food and accommodation.

2 The policy we proposed to get over the difficulty was that all those who could not prove they were genuine Patriots wounded or ill for operational reasons were to be removed from this hospital and get their treatment as normal civilians.

3 To deal with the remainder, the Prefect was to requisition the necessary amount of accommodation in the hospital and allot the necessary funds for the upkeep of the patients. Thus, the care of genuine ex-Patriots would become a charge upon the public.

4 I do not know whether this policy was ever put through because it was only being explored when I left Liguria Region.

30 AGO

Notes of a Meeting
between
COL CRIPPS AND SIG MOSCONI
24 Aug 45

Col CRIPPS discussing the arrangements for the handover said that it might not be possible to close Regional HQ simultaneously with the handover as there might be some ends to tie up. Sig MOSCONI asked that Regional HQs should be maintained for the time being because the MFWA proposed to create a regional organisation. As soon as these offices are set up DICRs will become Regional officers of the MFWA. This proposal has however not yet been approved. If the proposal goes through the MFWA will have its own organisation and will not work through Prefects but have their own staff. However this is all still in the air.

Col CRIPPS said that a clear decision was necessary if officers were to be kept on, steps would also have to be taken to get or retain offices. Quarters would have to be arranged for officers and their families. Rations or messing would also have to be arranged. In reply to the enquiry whether instructions had not already been issued Col CRIPPS said only as regards Provincial offices. Sig MOSCONI said that Prefects of the Provinces in which Regional HQs were situated to provide such accommodation as would be necessary.

Sig MOSCONI said that he would speak to the Minister that day on the matter. He enquired whether AC thought that CHLABOF could be made responsible for planning and setting up the new organisation and making the necessary arrangements. In answer to Col CRIPPS enquiry Sig MOSCONI said that he did not think that a cancellation of ACs instruction to disperse the Regional staff need go out immediately and that it was not necessary to make a decision at once.

At this point Col CRIPPS left the conference to keep another appointment and Lt Col WHITE continued.

Lt Col WHITE referred to the arrangements for hospitalising patriots. He said that he had discussed with Land Forces the possibility of releasing hospitals. The Italian Army had had 15,000 beds that had now been reduced to 10,000 and proposals were on foot to reduce it further to 5,000. The 5,000 beds would be required for the use of the Italian Army and was mainly composed of one four hundred bed hospital in each of the 11 Military districts. The army would not be able to accommodate patriots in these hospitals nor in fact with one or two exceptions were they located where they could be of any use to patriots. A list of hospitals was produced and examined. To enable the problem to be examined it was necessary to have facts. Could the MFWA say where men requiring hospital treatment were located and how many of them there were in each place. AC was making enquiries but would be glad of any information that the MFWA had on this subject.

21 August 1945

SUBJECT: - Hospitalization of Patriots.

TO : - HQ, Lombardia Region, Att: RPHO.
" Liguria " " "
" Piemonte " " "
" Venezia " " "

1. Please report the approximate numbers and locations of seriously wounded Patriots who are receiving or are likely to require medical attention beyond 60 days.

2. Please report whether you are of opinion that the arrangements made are satisfactory or in what respects they are deficient.

3. Patriots in Italian Military Hospitals must be removed at the end of 60 days. Please report whether there are any such now in military hospitals who are likely to require further attention and whether satisfactory arrangements have been made for their reception.

FOR THE DIRECTOR:

C. H. FITZELLE, Colonel,
Chief, Public Health Branch.

Copy to: HCAO, Venezia Giulia, Att: PHO (For information).

457

Subject: Hospital Accommodation - Italian Army

Land Forces Sub Comm.
A.C. (MMIA)
ROME
M/17/2941 16 Aug 45

Patriots Branch, A.C.
attn. Lt-Col. White

It is proposed to reduce the Italian Army hospital bed state in the near future.

Territorial Cmd.	Beds to be Reduced
Turin	100
Udine & Bolzano	500
Bologna	300
Florence	600
Rome	1400
Bari	800
Naples	100
Sicily	200

It has not been decided yet, how or where these beds will be reduced. In some cases there will be a reduction of beds in a hospital, in other cases military hospitals will be closed and handed over to "over 60-day patients" or civilians.

In no case can civilians be admitted to military hospitals, even though accommodation may be temporarily available. Civilians include patriots who have not been entitled to military rations since 10 June 45.

K.E. Holman
Lieut-Col.
A.D.M.S.
Land Forces Sub Comm. AC. (MMIA)

SUBJECT: - Use of Convalescent home, Trento.

TO : - HQ, Venezia Region,
attn: R.P.H.O.

1. The Local Government Sub-Commission is anxious to obtain a convalescent home for the care and after-treatment of patriots and has specifically mentioned the Convalescenziario Mario Fasq, formerly the Grande Albergo Lavacompe at Lavarone in Trento province.

2. Can you please say if this convalescent home is earmarked for any purpose, i.e. refugees, prisoners of war, or if it can be made available for the above purpose.

For the DIRECTOR:

G. M. PRIZELLE,
Colonel,
Chief, Public Health Branch.

Patriots Hospital
Anna Maria Enriquez
Pescia

6 August 1945

To: A.C. Patriots Branch Rome.

The Pescia hospital instituted and sponsored by IV Corps is completing its closing down.

The wounded and sick have nearly all been repatriated to their respective provinces or transferred to other hospitals either civil or military.

The hospital has endeavoured to satisfy the wishes of the patriots sending them to the places and institutions they preferred.

Only one case proved unsolvable because of the distance of his residence which is Palermo.

It is the partisan GALIFI William formerly a member of the "Fulgor" formation and wounded at Carrara on 21 April 1945.

GALIFI has been seriously wounded and it will be a long time before he is better - the mother and the brother have come from Sicily to comfort the patient. The relatives who were from their home for more than two months have spent all their earnings and are in a very bad financial state.

The wounded patriot and his relatives wish to return to Palermo where the invalid could be accepted in one of the local hospitals. To this there are no difficulties, but transportation is lacking.

It would be greatly appreciated if the Patriots Branch could obtain air transport for the wounded from Florence to Palermo.

For the time being I have obtained permission for GALIFI to be accepted by the Military hospital of S. Gallo in Florence pending a decision on the present matter.

I do not want to insist in this matter because knowing the offices of Patriots Branch I am quite certain that everything will be done in order to grant our request.

Dott. Rodolfo Pertusi

Note: If possible it will be warmly recommended

HEADQUARTERS ALLIED COMMISSION
APO 394
LOCAL GOVERNMENT SUB COMMISSION

Ref : 95/1/PAT 26th April, 1945.

To: Patriots Branch

Subject: Hospitalisation for Patriots
(Record of Telephone Conversation)

Lt. Col. Jackman, G.5 AFHQ calling Colonel Cripps.

1. Lt. Col. Jackman stated that the proposals of G5 Section with regard to the hospitalisation of Patriots were as follows:

(i) That previous instructions regarding Patriot hospitalisation will be cancelled.
(ii) That fresh instructions on the undermentioned lines will be given.
(a) Patriots will receive emergency treatment in any available organisation to include Allied and Italian Military Units.
(b) Patriots after emergency treatment will be sent to civilian hospitals specially organised by AMG.
(c) Such hospitals to be either complete hospitals or wards in existing Italian civilian hospitals. Rations will be drawn from Military sources. Details will be contained in the instructions to be issued.
(d) Medical supplies and equipment will be found from the following sources in order of priority set out:

C.C.M.D.
Italian Military Sources
Allied Military Sources.

See 40

2. It was agreed by Col. Cripps that some centralisation of Patriot casualties was necessary, and that the above proposals were practicable provided it was understood that complete centralisation was impossible and that, if a ward or wing of a hospital, was set aside for Patriots, control of the ration problem would be possible. It was further pointed out that to concentrate all patriots in one or two large hospitals would not be practicable owing to the anticipated transportation problem.

See 40.

R.R. CRIPPS, Colonel,
Director,
LOCAL GOVERNMENT SUB COMMISSION.

Translated by J.D.R.

FROM : M.O.I.
TO : AG. Patriots Branch
DATE : 13 April 1945
REF : 724/M.1
SUBJECT : Hospitals.

33

Referring to your letter ref. 95/1/PAT dated 6 April 1945 we wish to inform you that the Ministry of Interior (General Directorate of Public Health) who are the authority concerned have agreed to the suggestion, and have stated that they will, where possible, place some civil hospital wards at the disposal of Patriots in the Northern provinces on liberation.

In order to be able to issue necessary instructions to Provincial Health Offices, the Ministry of Interior has requested to be informed, of the provinces in which it is believed that hospital accommodation for patriots may be required, and how many places it is thought would be required. It is suggested that it might be better to concentrate the Patriots in a few better equipped hospitals in order to interfer as little as possible with the limited facilities at the disposal of the civil population.

We therefore await further correspondence on the matter.

Al la DIREZIONE DEL "Patriots Branch" Commissione Alleata
Via Veneto
ROMA

Con riferimento alla lettera del 6 aprile c.m. n.95/I/PAT di codesta Direzione si informa che il Ministero dell'Interno (Direzione Generale della Sanità Pubblica), all'uopo opportunamente interessato, ha accolto la proposta fatta dichiarandosi disposto a mettere a disposizione dei patrioti bisognosi di cure alcune corsie degli Ospedali civili delle Provincie del Nord che saranno liberate e che ne offrano la disponibilità.

Al fine di poter impartire le opportune disposizioni ai dipendenti uffici Sanitari Provinciali, il Ministero dell'Interno ha qui chiesto di conoscere in quali provincie si riterrebbe necessario fossero riservati posti letto per i Patrioti, ed in quale misura, facendo presente che sarebbe forse più opportuno accentrare in alcuni ospedali più dotati il ricovero dei Patrioti stessi, per non incidere sfavorevolmente sulla scarsa disponibilità assistenziale della popolazione civile.

Si resta in attesa di ulteriori comunicazioni sull'argomento.

Translated by J.D.R.

FROM : M.C.O.I.
TO : AC. Patriots Branch
DATE : 14 April 1945
REF : E/81.
SUBJECT: I.R.C. hospital equipment for Patriots.

The Italian Red Cross, in agreement with the Ministry, had requested the Directorate of Health of 5 Army to put at the disposal of wounded and sick patriots the hospital equipment belonging to the Italian Red Cross. This Hospital comprises about 120 bed and equipment, it was in functioning for a few months in Prato, and then afterwards was transferred to Florence, where it is stored at present on the premises of the "E. De Amicis" school.

The Directorate of Health of 5 Army has not granted the request having meanwhile decided to use the above hospital equipment to a hospital for women affected by V.D.

As this Ministry considers the hospital would very useful and entirely satisfactory for the patriots (as was pointed out during a conference between S.E. Scoccimarro and Col. Craig) it urgently requests that A.C. should take up the matter with 5 Army in order that the above equipment may be returned to Italian Red Cross, and then assigned to the patriots.

by orders of the Minister

(signed) R. Curcio.

OGGETTO Attrezzatura ospedaliera C.R.I. per patrioti

La Croce Rossa Italiana, d'accordo con questo Ministero, aveva fatto richiesta alla Direzione di Sanità della V° Armata di mettere a disposizione dei patrioti feriti od ammalati l'attrezzatura ospedaliera appartenente alla C.R.I. stessa, consistente di circa 120 posti-letti e del relativo materiale, che era stata in funzione per alcuni mesi a Prato, ed era poi stata trasferita a Firenze ove attualmente trovasi nei locali della Scuola "E.De Amicis".

La Direzione di Sanità della V° Armata non ha ritenuto di aderire alla richiesta avendo frattanto stabilito di destinare detta attrezzatura ospedaliera ad un ospedale per donne affette da malattie veneree.

Questo Ministero, considerando la richiesta avanzata dalla C.R.I. come molto utile e veramente rispondente alle necessità dei patrioti (come fu pure rilevato in un colloquio S.E.Scoccimarro ed il Col. Craig), rivolge viva preghiera a codesta Commissione Alleata di voler insistere presso la V^a Armata onde ottenere la riconsegna alla Croce Rossa del suddetto materiale e la sua destinazione allo scopo indicato.

K.E. Donaldson was informed that the Panama hospital was believed to be unsuitable ~~as a consultant bed for Patrick~~ because too small and as yet entirely full. He was also told that when he could be going in that area either Col. Cripps or Lt.Col. Craig would be there and study the possibility of finding larger premises for the purpose.

SUMMARY OF THE INTERVIEW ON 27 MARCH

BETWEEN Lt. Col. CRAIG and S.E. SCOCCIMARRO

---

1. Lt.Col. Craig informs S.E. Scoccimarro that Marchese Theodoli had graciously offered the Italian Red Cross Hospital in PRATO for the use of Patriots as a Convelescent Home.

S.E. Scoccimarro acknowledged this suggested gift with thanks and said he would contact Marquis Theodoli the next day.

2. It appears to Col. Craig that Italian Military Hospital may not be able to hospitalise all the Patriots coming through the lines, in which case he suggests that a ward in each Civilian Hospital be earmarked or reserved for Patriots.

Dr. Fertusi acting for S.E. Medici replied that Italian Military Hospitals have been instructed to hospitalise Patriots. Col. Craig pointed out that Italian Army casualties had first priority in their own Hospitals in which case it was possible that there might not be enough accommodation for Patriot casualties.

In view of this he suggested that a ward in each Civil Hospital be reserved for Patriots.

S.E. Scoccimarro takes a note of it.

3. Lt.Col. Craig asks if the Ministry of Occupied Italy can press the Presidency of the Council for the re-embursement of 3 million lire which was advanced by Finance Sub Commission for payment of Patriot Centres.

S.E. Scoccimarro assures him that he will bring the matter up with the President to-morrow morning, meanwhile he is ready to refund this money.

4. Lt.Col. Craig asks what the functions of the suggested "Provincial Commission" in Florence would be, and who the members would be. Dr. Fertusi explains that these Provincial Commissions will operate in liberated Provinces, the members will comprise ; a representative of the Ministry of Occupied Italy, a representative of the local C.L.N. and

Declassified E.O. 12356 Section 3.3/NND No. 785016

with thanks and said he would contact Marquis Theodoli the next day.

2. It appears to Col. Craig that Italian Military Hospital may not be able to hospitalise all the Patriots coming through the lines, in which case he suggests that a ward in each Civilian Hospital be earmarked or reserved for Patriots.

Dr. Pertusi acting for S.E. Medici replied that Italian Military Hospitals have been instructed to hospitalise Patriots. Col. Craig pointed out that Italian Army casualties had first priority in their own Hospitals in which case it was possible that there might not be enough accommodation for Patriot casualties.

In view of this he suggested that a ward in each Civil Hospital be reserved for Patriots.

S.E. Scoccimarro takes a note of it.

3. Lt.Col. Craig asks if the Ministry of Occupied Italy can press the Presidency of the Council for the re-embursement of 3 million lire which was advanced by Finance Sub Commission for payment of Patriot Centres.

S.E. Scoccimarro assures him that he will bring the matter up with the President to-morrow morning, meanwhile he is ready to refund this money.

4. Lt.Col. Craig asks what the functions of the suggested "Provincial Commission" in Florence would be, and who the members would be. Dr. Pertusi explains that these Provincial Commissions will operate in liberated Provinces, the members will comprise : a representative of the Ministry of Occupied Italy, a representative of the local C.L.N. and a representative from the local Prefettura. 1673

5. It has come to Col. Craig's notice that a Home for Partisan women has been established in Florence. What is the object of creating this institution ?

It was explained that this was done to avoid promiscuity and that the Home receives all Patriot women of which there are very few.

./.

Declassified E.O. 12356 Section 3.3/NND No. 785016

3/1A

6. Col. Craig asked S.E. to define the position of the "Comando Superiore Partigiano". S.E. Scoccimarro stated that it is not a recognised body and will be eliminated by the Police.

7. Col. Craig asks for an explanation concerning Dr. Pertusi's statement on the economic treatment of Patriots.
S.E. Scoccimarro made it clear that the Government wishes to grant to Patriots in the line, the same treatment as is granted to members of the Regular Armed Forces - about 50 lire daily - and he also adds that a few days ago he brought the matter up to the Ministry of War who will have to establish which of the two Central bodies will have this responsibility. He will go to Florence on the 11th April with a representative of the Ministry of War to study and settle the matter.

8. Col. Craig wished to know what would happen to the Pescia Hospital in the event of the Armies moving forward. Who would see to medical supplies.

It was explained that an agreement had been made with IV Corps of 15 Army Gr up that O.S.S. would supply medicine. The administration of the Hospital would remain the responsibility of the Ministry of Occupied Italy. The mobile part of the Hospital would move forward. The stationary part would be transformed into a convalescent Home for Patriots.

9. Col. Craig wished to know when the names of the Italian Military Patriot Representatives would be approved.

S.E. Scoccimarro answers that the problem would have been solved if it had not been for the Commissariat for Epuration who carried him that some of names selected were being investigated. However, the next few days the Ministry of Occupied Italy will send in the final approved list.

10. Col. Craig asks if the institution of training and qualifying courses for Band Leaders who may wish to have an Army rank is foreseen.

S.E. Scoccimarro explained that a Commission instituted by the Ministry of War, with representatives of the Ministry of Occupied Italy will examine the applications and decide on their merits for the grant of Army ranks.

1672

11. Col. Craig asks if consideration had been given to the question of local transportation for Hospitals and in reply Dr. Pertusi said he had obtained 5 Ambulances with American drivers. These Ambulances were put at their disposal

Declassified E.O. 12356 Section 3.3/NND No. 785016

of the Ministry of War to study and settle the matter.

8. Col. Craig wished to know what would happen to the Pescia Hospital in the event of the Armies moving forward. Who would see to medical supplies.

It was explained that an agreement had been made with IV Corps of 15 Army Group that O.S.S. would supply medicine. The administration of the Hospital would remain the responsibility of the Ministry of Occupied Italy. The mobile part of the Hospital would move forward. The stationary part would be transformed into a convalescent Home for Patriots.

9. Col. Craig wished to know when the names of the Italian Military Patriot Representatives would be approved.

S.E. Scoccimarro answers that the problem would have been solved if it had not been for the Commissariat for Epuration who warned him that some of names selected were being investigated. However, the next few days the Ministry of Occupied Italy will send in the final approved list.

10. Col. Craig asks if the institution of training and qualifying courses for Band leaders who may wish to have an Army rank is foreseen.

S.E. Scoccimarro explained that a Commission instituted by the Ministry of War, with representatives of the Ministry of Occupied Italy will examine the applications and decide on their merits for the grant of Army ranks.

1672

11. Col. Craig asks if consideration had been given to the question of local transportation for Hospitals and in reply Dr. Pertusi said he had obtained 5 Ambulances with American drivers. These Ambulances were not at their disposal permanently. They carried out their normal military tasks with the U.S. Army.

NOTES OF MEETING HELD ON 28 MARCH, 1945
IN VICE PRESIDENT'S OFFICE
ON HOSPITAL ACCOMMODATION IN NORTHWEST ITALY

Present: Brigadier Upjohn, Vice President, Civil Affairs Section (Chairman)
Brigadier G.P.Kidd, DDMS No.2 District
Lt. Col. Salmon, ADMS No.2 District
The Marquis Theodoli
Col. R.R.Cripps, Civil Affairs Section
Lt. Col. F. Craig, Patriots Branch
Lt. Col. G.M.Prizelle, Public Health Sub-Commission
Major W.A.Heggie, Land Forces Sub-Commission (M.M.I.A.)

ACTION

1. THE CHAIRMAN stated that he had called this meeting to discuss hospital accommodation in NW ITALY, with particular regard to:

a) the use of Italian Red Cross property;
b) accommodation and handling of Patriots in hospitals.

Some general discussion took place and the following decisions and points were made :

2. BRIGADIER KIDD stated that it was unlikely that No.2 District would requisition Italian Red Cross accommodation and that they would avoid requisitioning Italian Red Cross equipment. Brig. Kidd estimated that his total requirements in beds would not exceed ~~600~~ 200. He understood that IV CORPS would require 400 beds, possibly in the vicinity of PIACENZA. In requisitioning accommodation No.2 District's order of priority is :

acc 42

1. Hospitals at present occupied by German troops;
2. Italian Military Hospitals.

3. THE MARQUIS THEODOLI produced a location list of Italian Red Cross Hospitals in Northern ITALY.

IT WAS DECIDED THAT Public Health Sub-Commission should distribute this list to all concerned. — PUBLIC HEALTH

4. IT WAS DECIDED THAT the representative of Civil Affairs Section now proceeding to Switzerland would endeavour to obtain information as to the present location of the books, papers, title deeds, etc., belonging to the Italian Red Cross; this information to be passed to the Italian Red Cross when received. — COL. CRIPPS

The representative was also to endeavour to obtain any information as to those hospitals which are at present occupied by the German military. Information to be passed to No.2 District. — COL. CRIPPS

5. A DISCUSSION ensued over the problem of Italian Red Cross

Declassified E.O. 12356 Section 3.3/NND No. 785016

ACTION

6. HOSPITALISATION OF PATRIOTS:

THE CHAIRMAN outlined the position with regard to Patriots and their hospitalisation. He pointed out that under the present directive the treatment of Patriots was the responsibility of the Italian Military and that this treatment was limited generally only to that which would suffice to get the patients clear of the hospitals; the problem then arose over post-emergency treatment and convalescence.

7. MAJOR HEGGIE expressed the following views :

a) that the Italian Army was responsible only for emergency hospitalisation and that wounded Patriots should be removed to civilian hospitals by the Allied Commission (not (MMIA) as soon as possible. (Reference was made to AFHQ letter AG 400/033 GEG-O dated 13 January 1945).

b) that no Italian Army hospitals could be established for the primary purpose of handling Patriots for the simple reason that neither personnel nor equipment was available above that which was required for Italian Army Hospitals necessary for the Italian Army;

c) that the Italian Army Hospitals would be available for Patriots only to the extent that the accommodation available was surplus to the requirement for Army personnel; and

d) that it was not practicable to issue either medical supplies or army rations to civilian hospitals for Patriots.

MAJOR HEGGIE further stated that the Italian Army's present arrangements for the North were such that it was unlikely that any large numbers of Patriots could be treated by the Italian Military organisations and that there were to be only 800 beds behind each 5th and 8th Armies and that they would not necessarily be in those localities where Patriots might be encountered.

8. THE CHAIRMAN disagreed in some measure with the views of MMIA in the interpretation of AFHQ's signal F.27859.

9. IT WAS AGREED THAT it was essential that clarification be obtained from AFHQ with a view to ascertaining exactly the responsibilities of MMIA and that if the suggestion which had been put forward that convalescent wards should be organised in civilian hospitals, authority be given for the issue of army medical supplies and rations to the hospitals concerned.

Declassified E.O. 12356 Section 3.3/NND No. 785016

emergency hospitalisation and that wounded Patriots should be removed to civilian hospitals by the Allied Commission (not (MMIA) as soon as possible. (Reference was made to AFHQ letter AG 400/033 GEC-O dated 13 January 1945).

b) that no Italian Army hospitals could be established for the primary purpose of handling Patriots for the simple reason that neither personnel nor equipment was available above that which was required for Italian Army Hospitals necessary for the Italian Army;

c) that the Italian Army Hospitals would be available for Patriots only to the extent that the accommodation available was surplus to the requirement for Army personnel; and

d) that it was not practicable to issue either medical supplies or army rations to civilian hospitals for Patriots.

MAJOR HEGGIE further stated that the Italian Army's present arrangements for the North were such that it was unlikely that any large numbers of Patriots could be treated by the Italian Military organisations and that there were to be only 800 beds behind each 5th and 8th Armies and that they would not necessarily be in those localities where Patriots might be encountered.

8. THE CHAIRMAN disagreed in some measure with the views of MMIA in the interpretation of AFHQ's signal F.27859.

9. IT WAS AGREED THAT it was essential that clarification be obtained from AFHQ with a view to ascertaining exactly the responsibilities of MMIA and that if the suggestion which had been put forward that convalescent wards should be organised in civilian hospitals, authority be given for the issue of army medical supplies and rations to the hospitals concerned.

1670

9. The discussion then turned to the transportation of wounded Patriots. Clarification was needed for the responsibility for such transport from the Casualty Clearing Stations to Field Hospitals and from Field Hospitals to Civilian Hospitals and/or Convalescent Hospitals. In this connection Brigadier Kidd pointed out that there was available in No12 Dist only one motor ambulance convoy and that he would be v give assistance in this matter.

10. IT WAS AGREED THAT Civil Affairs Section put the pos AFHQ and request clarification of the points regar hospitalisation of Patriots.

2 April 1945

SUBJECT: Hospitalization of Patriots

TO: G-5 Section, Allied Force Headquarters

1. A conference was held on 28 March 1945 at this Headquarters to consider responsibility for the hospitalization of Patriots. There were present PWB, No.2 District and representatives of Civil Affairs Section and Land Forces Sub-Commission (MMIA).

2. During the course of the conference it became apparent that there was a difference of opinion as to the precise responsibility of No.2 District, MMIA and the Allied Commission.

3. While everyone agreed that emergency treatment would be given in whatever hospital was available, whether Allied or Italian, civil or military, it was not clear as to who was responsible for post-emergency treatment. It was the view of the Allied Commission that, having regard to AFHQ signal F.27059 dated 16 February 1945 paragraph 5, the Italian Army, and therefore MMIA, would be responsible for the hospitalization of Patriots and that this would include hospitalization with Army rations until a cure was effected.

4. MMIA, however, expressed the following views :

a) that the Italian Army was responsible only for emergency hospitalization and that wounded Patriots should be removed to civilian hospitals by the Allied Commission (not MMIA) as soon as possible, and reference was made to AFHQ letter AG 400/033 GAM-O dated 13 January 1945.

b) that no Italian Army hospitals could be established for the primary purpose of handling Patriots for the single reason that neither personnel nor equipment was available above that which was required for Italian Army Hospitals necessary for the Italian Army;

c) that the Italian Army Hospitals would be available for Patriots only to the extent that the accommodation available was surplus to the requirement for Army personnel; and,

d) that it was not practicable to issue either medical supplies or army rations to civilian hospitals for Patriots.

1668

4. This Commission requests that the position may be clarified urgently as it is impossible to proceed with the necessary planning until responsibility has been determined.

/5. This Commission....

Declassified E.O. 12356 Section 3.3/NND No. 785016

5. This Commission is strongly of opinion that the governing document is the signal above referred to of 16 February 1945 superseding the letter of 13 January 1945 which dealt only with a particular operation concerning the reception of 2,000 Patriots then shortly expected to arrive through the lines.

6. A further point arose and was discussed, namely, assuming the responsibility of the Italian Army to provide hospitalisation, it was recognised nevertheless that there would be substantial areas in which Italian combat forces would not be present and where therefore Italian Military hospitals would not be set up.

In these circumstances it is recommended that, within their existing resources, the Italian Army be instructed to provide hospitals for Patriots in areas where Patriots may be expected and, to the extent to which this is not possible, that civilian hospitals be authorised to draw military medical supplies and military scale of rations for Patriots in their hospitals.

NOTES OF MEETING HELD ON 26 MAR 45 AT 1500 HOURS
IN VICE PRESIDENTS OFFICE
ON ITALIAN RED CROSS IN NORTHERN ITALY.

Present: Brigadier Upjohn, Vice President, Civil Affairs Section
Brigadier Perkinson, Public Health Sub-Commission
Colonel Doherty, Public Safety Sub-Commission
Major Petrie, Displaced Persons and Repat. Sub-Commission
Colonel Craig, Patriots Branch
Major Gibson, No.1 Special Force
Mr. Jefferson, American Red Cross
The Marquis Theodoli, Italian Red Cross
General Cesare Badoni, Italian Red Cross

The following decisions were taken :

ACTION.

1. THE VICE PRESIDENT would write to 15 Army Group and ask them to issue orders preventing the requisition of any Italian Red Cross property, hospitals, office accommodation, office furniture, medical supplies, etc., by the Allied authorities, unless urgently required for medical purposes. — BRIG. UPJOHN

PUBLIC HEALTH SUB-COMMISSION to draft a letter as above, attaching a list of Italian Red Cross properties in the North. — PUBLIC HEALTH SUB/Cm.

PUBLIC SAFETY SUB-COMMISSION to write to Public Safety Officers 5th and 8th Armies asking them to issue instructions to the CC.RR to protect Italian Red Cross property and to prevent any requisition so far as possible. — PUBLIC SAFETY SUB/Cm.

PUBLIC HEALTH SUB-COMMISSION to issue similar instructions to Public Health Officers. — PUBLIC HEALTH S/C.

IT WAS AGREED that it was unnecessary to take specific action in regard to Italian Red Cross ambulances as these were not now requisitioned by the Allied Forces.

1664

2. A MEETING WOULD BE HELD with the RRMS, No.2 District, at which the Marquis Theodoli would be present, when detailed arrangements would be discussed for the preservation of Italian Red Cross property in NW Italy. — BRIG. UPJOHN; THE MARQUIS THEODOLI

Declassified E.O. 12356 Section 3.3/NND No. 785016

Mr. Jefferson, American Red Cross
The Marquis Theodoli, Italian Red Cross
General Cesare Badoni, Italian Red Cross

The following decisions were taken :

ACTION.

1. THE VICE PRESIDENT would write to 15 Army Group and ask them to issue orders preventing the requisition of any Italian Red Cross property, hospitals, office accommodation, office furniture, medical supplies, etc., by the Allied authorities, unless urgently required for medical purposes. — REQC. UNJOHN

PUBLIC HEALTH SUB-COMMISSION to draft a letter as above, attaching a list of Italian Red Cross properties in the North. — PUBLIC HEALTH SUB/Cm.

PUBLIC SAFETY SUB-COMMISSION to write to Public Safety Officers 5th and 8th Armies asking them to issue instructions to the CC.RR to protect Italian Red Cross property and to prevent any requisition so far as possible. — PUBLIC SAFETY SUB/Cm.

PUBLIC HEALTH SUB-COMMISSION to issue similar instructions to Public Health Officers. — PUBLIC HEALTH S/C.

IT WAS AGREED that it was unnecessary to take specific action in regard to Italian Red Cross ambulances as these were not now requisitioned by the Allied Forces.

1664

2. A MEETING WOULD BE HELD with the DDMS, No.2 District, at which the Marquis Theodoli would be present, when detailed arrangements would be discussed for the preservation of Italian Red Cross property in NW Italy. — REQC. UNJOHN, THE MARQUIS THEODOLI

NOTE: The meeting with DDMS, No.2 District, is now provisionally fixed for 1500 hours on Thursday, 29 March 1945. The Marquis Theodoli has been informed. It is requested that representatives of Public Health Sub-Commission, Patriots Branch and Land Forces Sub-Commission attend. — PATRIOTS BRANCH, PUBLIC HEALTH S/C, LAND FORCES S/C.

3. THE MARQUIS THEODOLI to see Colonel Craig and Major Gibson and frame suitable questions to be put to No.1 Special Force — THE MARQUIS THEODOLI

/ MAJOR PETRIE.....

Declassified E.O. 12356 Section 3.3/NND No. 785016

ACTION:

4. MAJOR PEPPE to check up with the Marquis Theodoli as to his requirements for staffing of displaced persons camps in the North. — DISPLACED PERSONS S/C.

5. PATRIOT CONVALESCENT HOMES. Colonel Craig to see Sig. Soccimaro and when he had worked out plans and obtained a grant 20km the Italian Government for setting up such homes he would see the Marquis Theodoli with regard to his staffing requirements. — PATRIOTS BRANCH

2. The following points are given in amplification of paras 6 and 7 of Notes on Conference on Hospitalisation of Patriots held at this HQ on 27 Feb 45.

(a) Ref para. 6. It was assumed that :

(i) Hospitals may be badly damaged
(ii) Many - if not most, of the staff of the Hospitals would be absent
(iii) Medical supplies would be inadequate
(iv) Possibly rations would be insufficient.

In these circumstances Brig.Cameron agreed that 2 District would help out to meet emergencies.

(b) Ref para. 7.

Again Brig. Cameron did not consider 1 Coy (M.A.C.) sufficient to meet all his commitments and said he would apply to AFHQ for more transport.

Ref 15 Army Gp letter, AG-091.711 of 2 Mar no copy to this HQ.

1. The proposed plan for dealing with Partisans in North ITALY is agreed except that it is considered para 4 b (5) of the Appx. should read as under:

" (5) Hospitalisation

It will be the responsibility of HQ LV Corps to evacuate sick or wounded partisans to Italian Military Hospitals if available space therein is surplus to the needs of the Italian Army, otherwise to civilian hospitals established by the Allied Commission. Allied Commission is responsible for evacuation from Italian Army Hospitals to civilian hospitals as soon as possible, in order that the facilities of Italian Army Hospitals will be available to the Italian Army. In Italian Army Hospitals they will be accorded the same treatment as that given to Italian Military."

2. It is considered that the whole plan of hospitalisation must depend on the buildings and equipment being made available vide MMIA letter G/12 of 10 Mar to AFHQ copy att.

3 Mar 1945

To: Patriots Branch, A.C. 18

Reference your Memo of 1/3/45 with attached minutes of Conference held on 28/2/45 of "Hospitalisation of Patriots". 19

The following comments are given:-

1. (a) Paras 1 and 2 of your minutes are agreed.

(b) Para 3 is not agreed and consider it should be amended to read:- "MMIA are then primarily responsible for hospitalisation in Italian Military hospitals up to a maximum period of 30 days insofar as existing facilities permit but casualties will be evacuated to civil hospitals as soon as possible".

(c) Ref para 4. MMIA have not been instructed to open hospitals for the primary purpose of hospitalisation of patriots. Future planning covers only Italian Army needs.

(d) Para 5 agreed.

(e) Para 6. Allied armies are at all times responsible for the rationing of all troops under their command. MMIA make available in rear areas the Italian portion which is then transported forward through American or British channels.

(f) Para 7 agreed.

(g) A further para 8 should be added. "It was agreed that no final directive could be issued until a reply was received to Freedom signal of 16 Feb to C.C.O.S." 17

2. It is clearly the intention of AFHQ directive AG/400/033 GEG-O that the final destination of the wounded patriot is the civil hospital as soon as possible and wherever civil facilities exist, these should be used in order that a minimum demand on military supplies and operations is made. Italian Army medical services will assist willingly to the extent that accommodation, surplus to military requirements permits.

NOTES OF A MEETING
ON
HOSPITALISATION OF PATRIOTS
Held at AC HQ on
27 Feb 45

Present were:

D.D.M.S. 2 District	- Brig. CAMERON
VP CA Section Ac.	- Brig. UPJOHN
Director, Public Health Sub-Commission, A.C.	- Brig. PARKINSON
Chief Public Health Branch, P.H. Sub-Comm.	- Lt.Col. FITZGILL
Director, Patriots Branch, A.C.	- Lt.Col. CRAIG
Land Forces Sub-Commission	- Maj. HEGGIE

The conference was called to discuss the problem of hospitalisation of patriots in N.W. Italy in the light of AFHQ directives AC 400/053/CEG-30 dated 13 Jan 45 and G5 370.64/3 dated 18 Feb. 45.

Maj. HEGGIE drew attention to the differentiation between "patriots" and "partisans" given in 8 Army Administration Instruction 37 but Brig. UPJOHN pointed out there was no real distinction. The problem was to consider the hospitalisation of genuine fighting patriots (whether they had fought as auxiliary troops by the side of the Allied Armies or on the other side of the line) who would normally be members of bands and vouched for by their responsible leaders and frequently also by the S.L.O. Others claiming to be patriots would be a civilian responsibility.

After some discussion the following points were agreed in principle:

1. The identification of genuine fighting patriots entitled to treatment could be undertaken by Patriot Officers and the Italian military representatives in conjunction with the Patriot Band leader.

2. Patriots would obviously in the first place be treated in whatever first aid C.C.S. or other medical station, whether military or civilian was available.

3. MMIA were then primarily responsible for hospitalisation in Italian military hosps up to 30 days but Allied hospitals would assist so far as capacity permitted.

16/6

4. It was unlikely that, in the initial stages, any Allied military hospital would be available and MMIA would use every endeavour by using existing staffs in military hospitals in the North to meet the demand for hospitalisation.

5. 2 District would in principle, not requisition any military hospitals. In any event their demand was only for a total of 4,400 beds and subject to demolitions, existing military hospital accommodation in N.W. Italy was 50,000 beds.

6. —

Declassified E.O. 12356 Section 3.3/NND No. 785016

6. It was felt that in all probability existing accommodation would be ample and the problem would be staffing and medical supplies and rations. This was primarily an Army responsibility, but 2 District would help out with supplies and rations.

7. Lt.Col. CRAIG said he had NO repeat NO transport to deal with evacuation of patriots and Brig. CAMERON agreed to see if AFHQ would let Brig. Cameron have more transport to cope. At present he had asked for one M.A.C. (93 cars).

Subject: Rations, Clothing, Hospitalisation and Transportation for Patriots.

To: Commanding General, Fifth Army APO 464
Commander, Eighth Army
President Allied Commission

For: Land Forces Sub-Commission (MMIA)

1. Patriots who come from enemy territory will be regarded as an Allied responsibility for the whole of the period during which it is necessary to hold them for screening, determination as to their future status or other purposes. This period will not exceed thirty (30) days.

2. The agency through which the above-mentioned Allied responsibility will be carried out is the MMIA, which will make available to the appropriate organisation of the Allied Commission the necessary clothing, supplies (paras. 3 and 4) and hospitalisation facilities (para. 7b). (This does not relieve AG/AMG of the normal responsibilities with regard to organisation, screening, etc., as outlined in para. 7b.)

3. Authority is granted for the issue by MMIA of up to two thousand (2,000) sets of reconditioned clothing on the following scale.)

1 pair boots
2 pair socks
1 pair trousers, wool
1 shirt, wool.
1 jersey, pullover or equivalent
1 gas cape or raincoat or equivalent
1 mess tin or equivalent.

The addition of a blanket to this scale is authorised within the limits of availability. No issue in excess of this ceiling will be made without authority of this HQ. Wool outer garments will be dyed either black or rust brown prior to issue.

4. Up to one thousand (1,000) sets of British clothing and one thousand (1,000) sets of United States clothing will be made available in due course to replace the reconditioned Italian clothing issued in accordance with para. 3. above.

If no Italian rations or Army Rations
Norway then
Ration to go down

1663

Declassified E.O. 12356 Section 3.3/NND No. 785016

19A

5. The Allied Commission will take all possible steps to ensure that reconditioning of Italian Army and salvage clothing and boots is carried out with the greatest possible speed, in order that it may assume this commitment in full as soon as possible.

6. Authority is granted for issue of Italian military rations. These rations will be drawn through the agency of MMIA. They will count against the totals authorised for US-ITI and BR-ITI ceilings, and will be accounted for on an equal basis.

7. Responsibility.

(a) Armies will collect, disarm and transport Italian patriots to reception camps. They will issue Italian military rations, furnish emergency hospitalisation during the period of army control and provide facilities for disinfestation and sterilisation out of normal resources as far as operational commitments allow.

(b) Allied Commission will maintain suitable reception camps, arrange for Italian Army Hospitalisation of sick or wounded to the extent that operations permit, evacuate such casualties as soon as possible to Italian civilian hospitals, issued Italian military rations, provide clothing subject to availability (para.5.) disperse patriots as rapidly as possible and ensure that calls on military supplies are kept to the minimum.

By command of Field Marshal ALEXANDER.

(Sgd.) C.W. CHRISTENBERRY

Colonel AGD.
Acting Adjutant General.

SECRET

Subject: Policy for Employment of Partisans.

Adv Headquarters,
Allied Armies in Italy.
16/G(Ops)
9 Dec '44.

Fifth Army
Eighth Army.

1. In view of the fact that increasing numbers of Patriots are now being met with, the question regarding their treatment in the battle zone has been raised by Commander Eighth Army, and the whole matter needs review.

2. Hitherto the policy of the Commander-in-Chief has been to render all possible assistence to Patriots fighting in territory occupied by the enemy. As soon as Patriots come within our zone they are however deemed to become citizens of liberated territory, and are required by immediate proclamation posted by AMG in newly liberated territory to surrender their arms.

3. It is recognised that the enforcement of the surrender of arms and the rehabilitation of Patriots presents a big problem for AMG, and that for physical reasons alone the handing in of arms takes time.

4. In the battle zone experience has shown that Patriots can be of use to armies and moreover in most cases patriots in the battle zone ignore the proclamation to hand in their arms.

5. It is therefore desired to clarify the position and to regularise the employment of a limited number of patriots by Allied formations at the discretion of Army Commanders in useful work such as the gaining of information, leading patrols and operating in areas inaccessible to regular troops.

6. It is suggested that a Patriot battle zone should be recognised, limited either by rear divisional boundaries or rear Corps boundaries behind which the handing in of arms should take effect. Forward of this line no action would be taken to disarm patriots, but behind this line disarmament would be strictly enforced. In this connection it must be clearly understood that it is the duty of all military

Declassified E.O. 12356 Section 3.3/NND No. 785016

commanders to assist AMG as required in the important task of disarming the civil population in liberated territory, as the retention of arms is a potential cause of civil disturbance which might entail the diversion of Allied troops from the battle.

7. Within the battle zone it is proposed that British formations should be empowered to employ up to 1,200 patriots who volunteer their service with a monthly turnover of up to 600, at present in the proportion 1,000 on EIGHTH Army front and 200 on the front of 13 Corps.

8. As patriots are found to be badly clothed and unable to support themselves in the battle zone, it is proposed that the issue of rations up to 1,000 patriots per day and 50 cigarettes per week should now be sanctioned from EIGHTH Army British stocks.

The following items should also be issued at the discretion of the Army Commander:

1 Pr boots
2 Prs socks
1 Jersey pullover
1 Gascape
1 Mess tin

for each patriot drawing rations, with a monthly turnover of 500.

9. British Increment FIFTH Army should now be authorised to issue rations for up to 200 patriots per day and 50 cigarettes per week for each patriot and equipment on the above scale should be issued at the discretion of Cond 13 Corps with a monthly turnover of up to 100. The above issues will not be exceeded without reference to this HQ.

10. It is not considered desirable to arm patriots in the battle zone who volunteer their services unarmed, but it may well be desirable in order that they may be of use in the roles envisaged, to issue ammunition (including German and Italian) for arms in their possessions, or to exchange arms in their possession for arms of a better type. For this purpose it is proposed that EIGHTH Army should now be authorised to hold a stock of:

Unclassified E.O. 12356 Section 3.3/NND No. 785016

200 TSMGs
20 LMGs
and 20 PIATs

and to make good issues from that stock up to a monthly of 50 TSMGs, 5 LMGs and 5 PIATs.

11. For the same purpose it is proposed that 13 Corps should now be authorised to hold a stock of

40 TSMGs
3 LMGs
nndd 3 PIATs

and that British Increment FIFTH Army should make good issues from that stock up to a monthly limit of 10 TSMGs, 1 LMG and 1 PIAT.

12. The issue of battle dress to improve the standard of clothing of partisans in the battle zone cannot be undertaken. Special circumstances, however, may require the issue of battle dress to partisans for particular missions. It is proposed therefore that should Commander EIGHTH Army or Commander 13 Corps consider the issue of battle dress essential to the task they should be empowered to issue a small number on their own authority. For this purpose a pool of 100 battle dress should be authorised for EIGHTH Army and 20 for 13 Corps.

13. It is considered that all patriots to whom rations are issued should be given an identity card in the form suggested at Appx 'A'. For psychological reasons this pass should bear the holder's thumb print.

14. It is recommended that if patriots bearing such a pass become sick or casualties they should be evacuated through normal channels and be treated in Italian Military Hospitals, and not in civil hospitals.

It is understood that genuine patriots becoming casualties in action against the enemy in occupied territory and who pass into liberated territory have been evacuated through Army channel to Italian civilian hospitals where the treatment is inferior to that provided in Italian military hospitals. It is therefore suggested that unit commanders be empowered to issue a similar pass to that referred to in para 13 to such people, if it can be established that they were injured in action against the enemy and that in case of doubt this added benefit should be extended to a wounded Italian. The Medical Service, when evacuating wounded Italians through military channels, should clearly indicate that they are holders of the patriot pass entitling them to be treated in Italian Military hospitals. 1944

15. If the suggestions outlined above meet with general agreement

Declassified E.O. 12356 Section 3.3/NND No. 785016

and are put into effect, the question of the position of the patriots employed by us in the battle zone, in relation to the Geneva Convention, in the event of their capture, must be considered. The question whether we should press for German recognition of the Italian patriots under the Geneva Convention has been frequently considered. Quite apart from the real difficulty of providing and distributing some uniform insignia which would meet the requirements of the Convention, the matter, up till now, has not been pressed because it was thought that if we did so it would give the enemy a lever to press for our recognition of similar German activity on the entry of the Allies into Germany.

It has been reported that in the HOUSE of COMMONS on 31 Oct. the Secretary of State for Foreign Affairs stated that it was the policy to recognise the "Volksturm" as combatants provided they obeyed the rules of warfare. One of the disadvantages to out pressing for the recognition of Italian patriots as combatants has therefore been removed. On the other hand it seems incongruous and injust to press for the recognition of a very small proportion of patriots fighting on our side of the line when their risk of capture is reduced and to leave the remainder without the protection of the Convention. It is therefore suggested that no immediate steps be taken to provide uniform insignia for patriots in the battle zone and to press for German recognition. The whole matter is, however, still under review and your comments are requested.

16. It is understood that arrangements have already been made by Commanding General, MTOUSA to provide U.S. equipment and supplies for patriots on FIFTH Army (U.S.) front. As it is desirable to have a uniform patriot supply policy throughout the Italian front it is requested that Commanding General, FIFTH Army, in consultation with Commanding General, MTOUSA, establish supply scales and arrangements on FIFTH Army (U.S.) front similar to those proposed for FIFTH Army (Br) and EIGHTH Army fronts.

17. As it is desirable to have a uniform policy throughout the front, please say if you agree to the above proposals in general, and if so how do you suggest that the Patriot Battle Zone referred to in para 6 should be defined.

18. A copy of this letter has been sent to the Allied Commission for their comments.

SUBJECT: Wounded Patriots.

TO : Headquarters, Allied Armies in Italy.

1. The Allied Commission has under consideration the handling of wounded Italian Patriots. The following points and recommendations are submitted for your comments.

2. Since Patriot activities in enemy territory are conducted under the direction of AAI, it is hardly necessary to restate the valuable services which they have performed for the Allied Armies in Italy.

3. For humane as well as military reasons this Headquarters requests that the whole question of reception and hospitalization of wounded patriots be reviewed by your HQ. At present there is no well defined policy for this important problem.

4. It appears that in the Fifth Army area, wounded patriots in many cases are passed through military channels to the Italian Army hospital depot attached to Fifth Army, but the practice is not uniform, and in other cases they are passed to civilian hospitals. In Eighth Army area also the practice is not uniform, and most of the Patriots, after being passed through Army channels finally arrive in a civilian hospital.

5. This treatment offers little encouragement to patriots, for although the technical treatment to be found in Italian civilian hospitals may be as good as in the military hospitals, there are three disadvantages:

a) Immediately after an area is liberated the civilian hospitals may be exceedingly short of essential medical supplies just at the moment when they are most required.

b) Civilian hospitals only receive civilian hospital rations which are on a much lower scale than Italian Army rations.

c) Cigarettes and other small personal items which may be available in military hospitals are never available in civilian hospitals.

6. It seems essential in the interests, not only of justice and gratitude, but also in the maintenance of Patriot morale and effectiveness, that Patriots should receive proper hospital treatment when wounded in fighting on the side of the Allies. This question may become even more serious when larger bands are not with in the North.

1625

Declassified E.O. 12356 Section 3.3/NND No. 785016

7. It is felt that if Patriots cannot be dealt with in Italian military hospitals this fact may well become known to Patriots in the North and that they may be less willing to undertake the valuable services which they are at present rendering to the Allies.

8. Accordingly it is requested that authority be given for the treatment in Italian Military hospitals, when available, of all Patriots wounded in operation on the side of the Allies. It is further requested that, in cases where no Italian military hospital is readily available, authority may be given for wounded Italian Patriots to be received in Allied hospitals, as is the case at present when soldiers of other belligerent nations - e.g. Greeks, Poles, Brazilians - are wounded.

9. As you are aware, although there are now only about 800 wounded Patriots, considerably larger numbers may be expected with operations in Northern Regions, when a definite policy on this question may be an operational necessity as well as a humane gesture.

Copy to: Public Health Sub Commission.

7A

In reply to your letter of 25 October (Prot.35/A-1), it is pointed out that Senior Civil Affairs Officers of V and VIII Armies were asked by the Public Health Sub Commission of this H.Q. on 19 October last to prepare a statement for this H.Q. on the methods by which wounded patriots received medical attention in military or civil hospitals. They were also instructed to report on the adequacy of the rations issued to wounded patriots.

In these circumstances, it is suggested that it would be preferable if Naval Capt. COMEL di SOCIERAN were to postpone his visit until a reply has been received from the Armies. A reply should be received within a few days.

1. The object of this letter is to bring to your attention the treatment of transient and wounded Patriots in Allied areas. By transient is meant those, on this side of the line, waiting to return to their homes on the other side of the line, or those returning to their homes in Allied territory.

2. At the moment all possible is done to make them comfortable externally. Attempts are made to provide billets, baths bedding and the like. The crowded conditions of near-front towns do not make this too easy and generally speaking the patriots is just considered a nuisance to all who are requested to assist.

3. Much worse, however, is the position regarding food. No substantial rations are available for them and there are no cigarettes. Civilian supplies, even stretched, are regarded as completely inadequate. These remarks apply equally to the wounded.

4. The reward for services rendered intimated in 2 and 3 above, is of great disappointment and discouragement to the patriots, especially in the light of Allied propaganda and it is considered that news of this treatment seeping through the lines does not encourage the patriots still fighting.

5. I consider that the minimum that should be done to fulfill our own promises to patriots and compensate those who have actively assisted in the Allied cause is: -

(a) to provide the wounded with Allied Army rations and cigarettes, Italian scale, for a period related to the extent of the injuries;

(b) to provide patriots coming out of the line with similar rations, to cover the period necessary for them to return to their homes.

The details as to who is and who is not entitled to such treatment could readily be decided by the officer representative of patriots in each Province. Even if some undeserving did receive this treatment, the overall effect would more than compensate for such waste.

In case the above has not conveyed the right impression, it is my duty to inform you that the ex-patriot is a very dissatisfied man, and this is not assisting the Allied cause. This state of affairs could easily be remedied if something on the line I have mentioned were done for him.

26 October 1944.

Ref: 95/1/PAT

Subject: Medical attention for Patriots.

To: Capt. di ROBILANT.

Reference translation of letter No.1165 from Comando Superiore Partigiano dated 18 October 1944.

Before I reply to Civil Affairs Section, and certainly before taking action in the sense suggested in their Minute of 24 October 44, I shall be glad if you will be good enough to sound I.S.S.S. as to how this proposition will be viewed by them.

P.M.

Sir P.M. MACMIN,
Major,
Patriots Branch.

COMANDO SUPERIORE PARTIGIANO
Rome - Via Sistina, 48

n. 1185

Rome, 18 october 1944

23 OCT Recd

To General Mac Farlane
Allied Control Command
Property Control Office
Rome - Piazza Venezia, 11

The Comando Superiore Partigiano knows that there is an equipped dispensary in Via Sistina n. 42. It depended from the Patronato Nazionale, and is now at the disposal of this Allied Command.

This Comand wants to be allowed to use the dispensary for first aid to the numerous partisans who come to Rome and need to be cured.

If this Command has nothing against it, we should be most glad to be able to use this dispensary, on the conditions which will be made to us.

Thanking you, we remain,

Simcerely yours,

/s/ Comando Superiore Partigiano
il Direttore Amministretivo
E. Vitali

ROMA - VIA SISTINA N. 48
TELEF.: 60352 - 60353 - 60354 - 60355

Roma, 18 ottobre 1944

Prot.n. 1185

Al Signor T.Generale MAC FARLANE MASON
Comando Alleato di Controllo
Ufficio Controllo Beni
R O M A
P.zza Venezia,11

A questo Comando Superiore Partigiano risulta che in via Sistina n.42 esiste un ambulatorio attrezzato, già di spettanza del Patronato Nazionale, attualmente non gestito e che trovasi a disposizione di codesto Comando Alleato.

Sarebbe assai gradito a questo Comando poter avere la disponibilità di tale ambulatorio, per il servizio di prima assistenza ai numerosi partigiani, di passaggio a Roma, bisognosi di cure .

Qualora nulla osti a codesto Comando, si sarebbe molto grati di averne la possibilità di uso, con la concessione a favore di questo Comando richiedente, alle condizioni che verranno indicate.

Ringraziando sentitamente

SUBJECT: - Partisians.

TO : - SCAO, AMG 5th Army - Att: Lt. Colonel Parr, NAMC.
SCAO, AMG 8th Army - Att: Colonel Farinacci, M.C.

1. For your information, herewith copy of letter concerning Partisians addressed to SCAO AMG 5th Army by the Provincial Commissioner, Florence Province.

2. Paras 1, 2 and 3 are the only paragraphs of interest to the Medical Services.

3. In view of these paragraphs, it is requested that you prepare a statement on the methods by which wounded patriots receive medical attention in military or civil hospitals and the adequacy of their rations.

For Brigadier G. S. PARKINSON:

G. M. FRIZELLE, Lt. Colonel
Chief, Public Health Branch.

Incl:
Copy of letter PG/73 dated 12 October 1944.

Copy to: Colonel C.D. McCarthy, Patriots Branch, HQ ACC.
(Incl: Correspondence on a/m subject).

1627

Declassified E.O. 12356 Section 3.3/NND No. 785016

1) The INPC are having a stormy meeting today to settle the welfare problem (I hope) & give Gen Odriare power to spend money.

2) Otherwise neither food wounded nor clothing can be properly catered for since the Patriots do not come into the Brit, american or Italian mil organisation.

3A

To the attention to Col. Mc CAFFEE.

in Florence

During my staying on about Sept. 15, I have been told that some wounded patriots have been left without assistance.

To check these declarations I got in tuch with an Italian Medical Doctor of the "Divisione Arno" who told me that in fact during the first days those wounded patriots did'nt receive immediate assistance, but after a few days it has been possible to recover them in S. Calligano Hospital, where they have been cured and fed.

The total of patriots entered in the Hospital and belonging to the Divisione Arno, summed on about 30 men.

All hearty?

I think not going back on our general principle, I certainly think wounded patriots deserve better treatment.

Will you consider this & we will talk it over.

[illegible]

4 pm. Meeting.

HEADQUARTERS
ALLIED MILITARY GOVERNMENT
FLORENCE PROVINCE

Ref.No.:- FG/73 12th October 1944
Subject:- Partisans.
To :- S.C.A.O., A.M.G. 5 ARMY, A.P.O. 464
Copy to:- Patriots Branch, Adv. Det., A.C.C.

1. The object of this letter is to bring to your attention the treatment of transient and wounded Patriots in Allied areas. By transient is meant those, on this side of the line, waiting to return to their homes on the other side of the line, or those returning to their homes in Allied territory.

2. At the moment all possible is done to make them comfortable externally. Attempts are made to provide billets, ~~better~~ lack bedding and the like. The crowded conditions of near-front towns do not make this too easy and generally speaking the patriot is just considered a nuisance to all who are requested to assist.

3. Much worse, however, is the position regarding food. No substantial rations are available for them and there are no cigarettes. Civilian supplies, even stretched, are regarded as completely inadequate. These remarks apply equally to the wounded.

4. The reward for services rendered intimated in 2 and 3 above, is of great disappointment and discouragement to the patriots, especially in the light of Allied Propaganda and it is considered that news of this treatment seeping through the lines, does not encourage the patriots still fighting. 1624

5. I consider that the minimum that should be done to fulfill our own promises to patriots and compensate those who have actively assisted in the Allied cause is:-

(a) to provide the wounded with Allied Army rations and cigarettes, Italian scale, for a period related to the extent of the injuries;

Declassified E.O. 12356 Section 3.3/NND No. 785016

your attention the treatment of transient and wounded Patriots in Allied areas. By transient is meant those, on this side of the line, waiting to return to their homes on the other side of the line, or those returning to their homes in Allied territory.

2. At the moment all possible is done to make them comfortable externally. Attempts are made to provide billets, ~~shelter~~ bedding and the like. The crowded conditions of near-front towns do not make this too easy and generally speaking the patriot is just considered a nuisance to all who are requested to assist.

3. Much worse, however, is the position regarding food. No substantial rations are available for them and there are no cigarettes. Civilian supplies, even stretched, are regarded as completely inadequate. These remarks apply equally to the wounded.

4. The reward for services rendered intimated in 2 and 3 above, is of great disappointment and discouragement to the patriots, especially in the light of Allied Propagende and it is considered that news of this treatment seeping through the lines, does not encourage the patriots still fighting. 1624

5. I consider that the minimum that should be done to fulfill our own promises to patriots and compensate those who have actively assisted in the Allied cause is:-

(a) to provide the wounded with Allied Army rations and cigarettes, Italian scale, for a period related to the extent of the injuries;

(b) to provide patriots coming out of the line with similar rations, to cover the period necessary for them to return to their homes.

Turned down by AA! except in special cases & then unofficially

The details as to who is and who is not entitled to such treatment could readily be decided by the officer representative of patriots in each Province. Even

./.

2589

Declassified E.O. 12356 Section 3.3/NND No. 785016

if some undeserving did receive this treatment, the overall effect would more than compensate for such waste.

In case the above has not conveyed the right impression, it is my duty to inform you that the ex-patriot is a very dissatisfied man, and this is not assisting the Allied cause. This state of affairs could easily be remedied if something on the line I have mentioned were done for him.
