1. *Chlorophyll a* (Chl a) and *Chlorophyll b* (Chl b) are the primary photosynthetic pigments in green plants. They are responsible for capturing light energy and converting it into chemical energy through the process of photosynthesis. Chl a is the most abundant pigment, while Chl b is present in smaller amounts. Both pigments are found in the chloroplasts of green plants.

SUBJECT : Planning for Austria

TO : Distribution below

1. Attached herewith is a nominal roll of officers who have been provisionally earmarked for military government in AUSTRIA. The nominal roll is divided into five parts as follows:-

G-5 Staff AUSTRIA
AGC Accounting & Currency Section
GAU VIENNA (Pr element)
GAU SUTTERMAN
GAU KARNTH

2. It is proposed that G-5 AF HQ shall periodically (not more frequently than once a month) issue a new nominal roll to bring the previous one up to date in the light of possible amendments.

3. Arrangements are well advanced for officer replacements where considered necessary with priority to the Regions of PIRENNE, LIGURIA, LOBANDIA, VENEZIA and ABRUZZI-MARCHE.

4. Except for a small number of officers who will be required for planning it is not anticipated that there will be any movement of officers on a permanent basis until officer replacements are either in position, or have been nominated.

5. Many of the officers nominated for AUSTRIA will be called upon to attend a Course of Instruction on AUSTRIA. The Course will be of approximately 14 days' duration, after which they will return to their duty stations.

6. Nothing in this letter or the attached nominal rolls will be taken as meaning that an officer will finally be selected for the appointment for which he has been provisionally earmarked. The fact that an officer's name appears against an appointment of a higher grade than his present rank, does not mean that the officer has been, or ever will be, recommended for such promotion.

7. There has been some misunderstanding regarding Military Government teams for AUSTRIA. It is desired to make it clear to all concerned that they are part of an operational organization, and the question of whether an officer desires to remain in the service at the end of hostilities does not arise.

all British, for the Austria Military Government set up, some for Planning and some for Field Work.

2. Appendix "A" shows requirements for the Planning (G-5) Staff. Those shown in Column 2 are required immediately. Those shown in Column 3 will be held ready to join at 7 days notice. The majority of these officers have been selected and names are given.

3. Appendix "B" shows requirements for Field Work. Column 2 shows those who will be required to form the nucleus of GAV teams and who will have to join as soon as the occupation of Austria becomes imminent. Column 3 shows the remainder of the GAV teams who will be required in time to get the teams organized to take up their work. Column 4 shows those who may be required for the British element of the Vienna GAV.

4. Officers shown in Appendix "B" will be earmarked now by name so that arrangements to replace them can be put in hand. It is hoped that some literature will be available to assist them to study in detail the GAVs to which they will be assigned.

It is probable that Officers for Column 3 will be drawn mostly from AMG 8 Army (Plan B as agreed by SCAC, AF, 8 Army).

5. Will addresses please submit names of Officers desirous and recommended for employment in this Austria set up. A thorough knowledge of German is desirable but not absolutely essential.

6. This gives all requirements for Austria as far as they are at present known and is an amplification of letters which have already been issued.
