SUBJECT : Intelligence Publications, GERMANY and AUSTRIA.
TO : A.C. Public Relations Branch, Information Division, APO 394, U.S.A.

Reference your 3109/INFO dated 10 November 1944.

1. It is regretted that the ISTD Reports on AUSTRIA which you requested in your original letter dated 5 September 1944 have not yet been received in final form. They will be sent to you as soon as available.

2. We are sending under separate cover 3 copies of the ISTD publications covering the Mid-Danube Area (Vienna-Budapest-Fiume-Tarvisio-Vienna) as these include the eastern part of Austria.

3. If you will consult our "Guide to Intelligence Publications No.5" and "Index to Miscellaneous Reports" and inform us of your requirements we will send you whatever reports are available but we cannot undertake to make the selection for you and supply "5 copies of all other publications on Austria".

4. As to the Civil Affairs Handbooks, please note that we do not distribute these. A copy of your request is, however, being passed to G-5 Section, with whom, also, we are taking up the question of the supply of the German Basic Handbook, as the number of copies earmarked for G-5 and Subordinate Organisations does not permit of our sending 10 copies to you.

2. It is pointed out that this Sub Commission has insufficient clerical staff of any kind to undertake such a task, as to prepare extra copies. The work is always undertaken each month by the Air Vice Marshal's confidential clerk who is the only person allowed to perform this task and this clerk certainly has no time in which to prepare copies of back numbers.
 3. If the Public Relations Branch could loan the Air Forces Sub Commission a confidential clerk typist to work in these Offices, the originals would readily be made available for copying.

Oggetto: Historical and organic hints about the
"OGIA GUARDIA DI FINANZA".-

The connected pamphlet has the end to describe the military character that this organization always has had until from his ancient origins, and to make mention of the fulgid traditions of patriotism and of values explained his components with much affection for their corps until the insurrectional movements of the last century.

To the English translation it follows the displacement of the agents of "OGIA GUARDIA DI FINANZA", as present living in the territories delivered, and the dislocation pre-existent at 8 September 1943 for the territories yet to be delivered.-
