2. ACI 93 - PAY, BRITISH OFFICERS - RECOVERY OF FIELD ADVANCES - NEW PROCEDURE:

Army Council Instruction No. 93, dated 27 January 1945, has just been received and is republished for information:

1. Before 1st December, 1943, it was the normal practice to recover advances of pay drawn by officers in the field from future issues of pay, although the receipt for field advances drawn (A.F.W 3241) contained an authority, addressed by the officer to his bank, authorizing them to pay the advance drawn by him out of his banking account.

2. The system of recovery from future issues of pay proved unsatisfactory, and it was decided that, with effect from 1st December, 1943, all field advances due for recovery should be recovered by the O i/c, Army Pay Office (Officers' Accounts), Stockport Road, Manchester, from officers' banking accounts, and not from pay.

3. Receipts for field advances drawn (A.F. W 3241) are equivalent to cheques drawn on an officer's banking account.

Accordingly, all officers should bear in mind that:

(a) they should not ask for an advance of pay unless they are satisfied that they have sufficient funds available in their bank account to meet the advance, and

(b) advances drawn will be presented to their bankers for recovery without further reference to them; see Field Service Regulations, Volume I, 1930, Chapter XXI, Section 194, para 6.

4. An Officer must ensure that full and exact details regarding the name, branch, and address of his bank are inserted on A.F. W 3241 in the spaces provided. Field cashiers will be responsible for seeing that this information is so inserted before making advances.

5. Correspondence in regard to the recovery of field advances will be addressed to the O i/c Army Pay Office (Officers' Accounts), Manchester, and not to the army agents, and will be accompanied by the debit notes received from the officers' bankers. 48/General/7987 (F. 2 (b)) (Hq Comdt)

2. LEAVE TO THE U.K. FOR BRITISH PERSONNEL:

1. In order that the conditions governing the allocation of vacancies for leave in addition to PYTHON (LIAP) may be better understood, the following explanation is given in order that any existing doubts may be removed:-

2. The basic allotment of vacancies to this Theatre is 3000 per month, sub-allotments being made by AFHQ to Headquarters under direct command, who in turn re-allocate such vacancies to units on a geographical basis. For this purpose, this HQ is under command of RAAC and periodical returns are rendered stating the number of eligible personnel on strength.

3. LIAP is regarded as a reward for good service abroad and in the case of non-fighting troops priority is given to personnel with the longest continuous good service overseas reckoned from the date of leaving the U.K. L of C Formations are allotted vacancies on a lower scale than fighting troops. When a vacancy is allotted to this H.., the case of each eligible individual is considered before a nomination is made.

4. Personnel who would, at the date of departing on LIAP, be within six months of being eligible for PYTHON are not sent on LIAP as it is not considered practicable for them to be returned to their units for such a short period, on their return. It will therefore be noted that all personnel of not more than 4 years overseas service are eligible, but consideration can only be given as vacancies are allotted.

5. Compassionate Grounds are not taken into consideration when assessing an individual's eligibility for LIAP. There is no compassionate leave to U.K., but machinery exists for dealing with cases where compassionate home posting is considered necessary. (Applicable to HQ personnel only). (G-1 (B))

3. TRAVEL TO INDIA:

Information received at this Headquarters from AFHQ states that personnel traveling to or from India must have been vaccinated within one (1) year from the date journey begins, and must carry appropriate medical certification to that effect.

Military personnel not complying with above will be vaccinated on arrival.

For civilian personnel this requirement is not compulsory, but compliance therewith is urged. (Est Sec)

2. LEAVE TO THE U.K. FOR BRITISH PERSONNEL:

1. In order that the conditions governing the allocation of vacancies for leave in addition to PYTHON (LIAP) may be better understood, the following explanation is given in order that any existing doubts may be removed:-

2. The basic allotment of vacancies to this Theatre is 3000 per month, sub-allotments being made by AFHQ to Headquarters under direct command, who in turn re-allocate such vacancies to units on a geographical basis. For this purpose, this HQ is under command of RAAC and periodical returns are rendered stating the number of eligible personnel on strength.

3. LIAP is regarded as a reward for good service abroad and in the case of non-fighting troops priority is given to personnel with the longest continuous good service overseas reckoned from the date of leaving the U.K. L of C Formations are allotted vacancies on a lower scale than fighting troops. When a vacancy is allotted to this H.., the case of each eligible individual is considered before a nomination is made.

4. Personnel who would, at the date of departing on LIAP, be within six months of being eligible for PYTHON are not sent on LIAP as it is not considered practicable for them to be returned to their units for such a short period, on their return. It will therefore be noted that all personnel of not more than 4 years overseas service are eligible, but consideration can only be given as vacancies are allotted.

5. Compassionate Grounds are not taken into consideration when assessing an individual's eligibility for LIAP. There is no compassionate leave to U.K., but machinery exists for dealing with cases where compassionate home posting is considered necessary. (Applicable to HQ personnel only). (G-1 (B))

3. TRAVEL TO INDIA:

Information received at this Headquarters from AFHQ states that personnel traveling to or from India must have been vaccinated within one (1) year from the date journey begins, and must carry appropriate medical certification to that effect.

Military personnel not complying with above will be vaccinated on arrival.

For civilian personnel this requirement is not compulsory, but compliance therewith is urged. (Est Sec)

4. STOLEN VEHICLES:

In the case of a US Officer of the Allied Commission who had a stolen vehicle charged to his pay by a survey, the Theatre Judge Advocate has expressed the following view:

"The fact, if such it be, that property of the United States was stolen by United States military personnel is no necessary indication that it is being devoted to the use of the United States, and, in the absence of conclusive evidence that such property is being devoted to the use of the United States, such fact is no excuse for failure to pay therefor by the person who allowed the property to be stolen by his fault or neglect." (BY COMMAND OF LIEUTENANT GENERAL MCNARNEY). (Ex O US)

1. NIGHT STAFF DUTY OFFICER: a. The Headquarters Night Staff Duty Officer will be Captain R. J. STUBBS and can be located in Room 40, 1st Floor, Ministero delle Corporazioni Building, telephone - Ext. 405.

b. The Night Staff Duty Clerk, Tec 5 Mele, will report to the Chief Clerk, Message Center, Room 26, 1st Floor, at 1600 hours, and to the Duty Officer, in Room 40, 1st Floor, at 1800 hours. (Adj)

2. SAFEGUARDING OF GOVERNMENT PROPERTY: There have been many reports turned in lately, indicating that proper precautions are not being taken by responsible officers in the safeguarding of government property being used in this Headquarters. Specifically, typewriters and adding machines are not being properly safeguarded.

It is pointed out that regardless of whether a machine has been issued from Army sources or has been requisitioned from Italian sources, it is still termed government property and an officer by signing for it assumes full responsibility for this machine. It is the responsibility, therefore, of the responsible officer to see that each of his machines is locked in a cabinet or a strong box whenever the office is to be left unattended for any length of time.

Cases of missing office equipment will be investigated thoroughly and where a "Report of Survey" indicates that the responsible officer has not taken sufficient precautions, he will be held financially responsible.

All office machinery will be requisitioned through Hq Supply only, and not through the Office Space Section or the Purchasing & Contracting officer. (Int Sec O)

3. VISITS TO EIGHTH ARMY AMG AREA: All personnel of this Headquarters planning visits to Eighth Army AMG Area will notify both Eighth Army AMG Main and Administrative Headquarters Emilia Region of any proposed trip giving: number of party, approximate time of arrival and length of stay, and nature of business to be transacted. It is particularly desirable that both headquarters be notified simultaneously. (Ex Comm)

6. PAY - CIVILIAN EMPLOYEES:

It is requested that all officers designated for the payment of civilian employees in their respective Sections and Sub-Commissions turn into G-1 Civilian Personnel, located on the Ground Floor, not later than Monday, 26 February 1945, payrolls for civilian employees for the period 16-28 February 1945.

Payment Office, Room 60, 1st Floor, will be open from 0900 to 1200 hrs only Saturday, 3 March 1945, for the purpose of issuing funds for the above. All requests for cash must enumerate the denominations into which the lire should be divided. All payrolls must be returned to the Paying Office, Room 60, 1st Floor, within 48 hours of receipt of the money. (Hq Comdt)

7. COUNTERFEIT CURRENCY:

It is incumbent upon all Paying Officers to satisfy themselves that the notes drawn from the Headquarters Paying Officer for payment of civilian employees, are not counterfeit at the time of drawing.

Under no circumstances will notes be exchanged after money has been signed for.

After money has left the office of the Headquarters Paying Officer, the action open to officers who suspect that any of the notes are counterfeit, is laid down in Finance Sub-Commission letter 13002/F, dated 20 December 1944.

It is most unlikely that any notes drawn for payrolls are counterfeit as they are drawn from the Bank of Italy; and Paying Officers would be well advised to inform civilian employees that any objection they may wish to make to any note can be made only before they sign the payroll. (Hq Comdt)

8. NEED FOR ECONOMY IN STAPLES:

There is an acute shortage of staples in this area, with no immediate prospect of additional supplies becoming available. All Sub-Commissions and Sections should, therefore, impress upon their office personnel the need for rigid economy in the use of staples. (Hq Comdt)

9. UNAUTHORIZED USE OF ELECTRICAL APPLIANCES:

Requests are continually being received by this Office for electricians to repair blown fuses.

It is the opinion of the electrical engineer that electric Kettles-Heaters, etc, are being used in offices, which overtax the fuses and cause these breakdowns.

The use of such electrical appliances will cease forthwith. (Hq Comdt)

11. ACCOMMODATION AT EXCELSIOR HOTEL - NAPLES:

It is pointed out that there is only limited space available in the above hotel for senior Allied Commission transient officers.

There have been numerous instances of officers of all grades being told by officers of this Hq that accommodation at the Excelsior Hotel may be obtained on application to Billeting Officer, Southern Region. (This often causes embarrassment due to no accommodation being available). Senior officers requiring accommodation should apply in the first instance to Hq Comdt, Hq Allied Commission, who will endeavor to reserve the necessary accommodation on their behalf.

Other officers requiring accommodation in NAPLES, irrespective of whether it is required at the Excelsior or not, should report to the Billeting Officer, Hq, Southern Region.

SUBJECT : Redemption of Counterfeit Lira Notes.

1. An AC/AMG Officer who finds that he has accepted a counterfeit AM or Metropolitan Lira Note in the normal course of his official duties under circumstances which he feels justify his action may take the following steps to seek pedemption:-

(a) He will immediately mark the notes "COUNTERFEIT" and deliver them to the nearest Public Safety Officer against a temporary detailled receipt. The latter will make the necessary investigation and return the notes promptly.

(b) The AC/AMG Officer will then address a request for redemption to Lt. Colonel James H. Penick, Chief, Allied Financial Agency, HQ., A.P.O. 394, (or in the latter's absence, to Major E.J. its, Deputy Chief of AFA), and such request will set forth the full circumstance surrounding the acquisition of the counterfeit note or notes. It must be stated, inter alia, that the notes were received in the ordinary course of business in connection with the official duties of the officer concerned, and that reasonable precautions were taken to detest fraudulent notes before acceptance.

(c) The counterfeit notes themselves will accompany the request for redemption.

2. If the request is approved, the officer who made the request will be authorized in writing by Lt. Colonel Penick, or by Major Gits, to recover from AC/AMG funds in his possession (if he is a Sub-Accountant) or from the nearest AFA Branch or Sub-Accountant.

3. If the request is not approved, the notes will be returned to the officer who sought redemption. The latter may then either (a) pay the loss from his own personal funds or (b) request through channels to the Finance Sub-Commission that a Board of Inquiry be established under the respective Army regulations to deal with the matter.

4. When counterfeit lire notes are redeemed in accordance with these regulations, the transaction will be recorded in the Head "Special Counterfeit Lire Redemption Account" on AFA's books.

5. It should be noted that these regulations refer only to

11. SAFEGUARDING OF GOVERNMENT PROPERTY: There have been many reports turned in lately, indicating that proper precautions are not being taken by responsible officers in the safeguarding of government property being used in this Headquarters. Specifically, typewriters and adding machines are not being properly safeguarded.

It is pointed out that regardless of whether a machine has been issued from Army sources or has been requisitioned from Italian sources, it is still termed government property and an officer by signing for it assumes full responsibility for this machine. It is the responsibility, therefore, of the responsible officer to see that each of his machines is locked in a cabinet or a strong box whenever the office is to be left unattended for any length of time.

Cases of missing office equipment will be investigated thoroughly and where a "Report of Survey" indicates that the responsible officer has not taken sufficient precautions, he will be held financially responsible.

All office machinery will be requisitioned through Hq Supply only, and not through the Office Space Section or the Purchasing & Contracting Officer. (Int Sec G)

12. VISITS TO EIGHTH ARMY AMG AREA: All personnel of this Headquarters planning visits to Eighth Army AMG Area will notify both Eighth Army AMG Main and Administrative Headquarters Emilia Region of any proposed trip giving: number of party, approximate time of arrival and length of stay, and nature of business to be transacted. It is particularly desirable that both headquarters be notified simultaneously. (Ex Comm)

13. COUNTERFEIT CURRENCY: It is incumbent upon all Paying Officers to satisfy themselves that the notes drawn from the Headquarters Paying Officer for payment of civilian employees, are not counterfeit at the time of drawing.

Under no circumstances will notes be exchanged after money has been signed for.

After money has left the office of the Headquarters Paying Officer, the action open to officers who suspect that any of the notes are counterfeit, is laid down in Finance Sub-Commission letter 13002/F, dated 20 December 1944.

It is [illegible] that any notes drawn for payrolls are counterfeit as they are drawn from the Bank of Italy; and Paying Officers would be well advised to inform civilian employees that any objection they may wish to make to any note can be made only before they sign the payroll. (Hq Comdt)

14. PAY - CIVILIAN EMPLOYEES: It is requested that all officers designated for the payment of civilian employees in their respective Sections and Sub-Commissions turn into G-1 Civilian Personnel, located on the Ground Floor, not later [illegible] employees for the period

13. COUNTERFEIT CURRENCY: It is incumbent upon all Paying Officers to satisfy themselves that the notes drawn from the Headquarters Paying Officer for payment of civilian employees, are not counterfeit at the time of drawing.

Under no circumstances will notes be exchanged after money has been signed for.

After money has left the office of the Headquarters Paying Officer, the action open to officers who suspect that any of the notes are counterfeit, is laid down in Finance Sub-Commission letter 13002/F, dated 20 December 1944.

It is most unlikely that any notes drawn for payrolls are counterfeit as they are drawn from the Bank of Italy; and Paying Officers would be well advised to inform civilian employees that any objection they may wish to make to any note can be made only before they sign the payroll. (Hq Comdt)

14. PAY - CIVILIAN EMPLOYEES: It is requested that all officers designated for the payment of civilian employees in their respective Sections and Sub-Commissions turn into G-1 Civilian Personnel, located on the Ground Floor, not later than Monday, 26 February 1945, payrolls for civilian employees for the period 16-28 February 1945.

Payment Office, Room 60, 1st Floor, will be open from 0900 to 1200 hours only Saturday, 3 March 1945, for the purpose of issuing funds for the above. All requests for cash must enumerate the denominations into which the lire should be divided. All payrolls must be returned to the Paying Office, Room 60, 1st Floor, within 48 hours of receipt of the money. (Hq Comdt)

15. C.A.O. 156/45 USE OF CHAINS NON-SKID: 1. In view of the present shortage of tires, all possible steps must be taken to prolong the life of serviceable tires.

2. Chains non-skid are intended for use on boggy ground, mud, snow and ice. Excessive damage to tires and rapid wear of skid chains occurs when they are used under any other conditions.

3. To conserve tires, chains will be fitted only as an emergency measure and in order to negotiate roads which would otherwise be impassable. They will be removed immediately driving conditions permit.

4. Special precautions will be taken when fitting chains to ensure correct fitment to tires in accordance with existing instructions.

5. CMF and TC units will report through normal channels all cases of neglect of these precautions, disciplinary action being taken where necessary. (Applicable to all Troops BTNA and CMF) (G-1 (E))

a. The Headquarters Night Staff Duty Officer will be Captain R. J. STUBBS and can be located in Room 40, 1st Floor, Ministero delle Corporazioni Building, telephone - Ext. 405.

b. The Night Staff Duty Clerk, Tec 5 Mele, will report to the Chief Clerk, Message Center, Room 26, 1st Floor, at 1600 hours, and to the Duty Officer, in Room 40, 1st Floor, at 1800 hours. (Adj)

2. SAFEGUARDING OF GOVERNMENT PROPERTY:

There have been many reports turned in lately, indicating that proper precautions are not being taken by responsible officers in the safeguarding of government property being used in this Headquarters. Specifically, typewriters and adding machines are not being properly safeguarded.

It is pointed out that regardless of whether a machine has been issued from Army sources or has been requisitioned from Italian sources, it is still termed government property and an officer by signing for it assumes full responsibility for this machine. It is the responsibility, therefore, of the responsible officer to see that each of his machines is locked in a cabinet or a strong box whenever the office is to be left unattended for any length of time.

Cases of missing office equipment will be investigated thoroughly and where a "Report of Survey" indicates that the responsible officer has not taken sufficient precautions, he will be held financially responsible.

All office machinery will be requisitioned through Hq Supply only, and not through the Office Space Section or the Purchasing & Contracting officer. (Int Sec G)

3. VISITS TO EIGHTH ARMY AMG AREA:

All personnel of this Headquarters planning visits to Eighth Army AMG area will notify both Eighth Army AMG Main and Administrative Headquarters Emilia Region of any proposed trip giving: number of party, approximate time of arrival and length of stay, and nature of business to be transacted. It is particularly desirable that both headquarters be notified simultaneously. (Ex Comm)

6. PAY - CIVILIAN EMPLOYEES:

It is requested that all officers designated for the payment of civilian employees in their respective Sections and Sub-Commissions turn into G-1 Civilian Personnel, located on the Ground Floor, not later than Monday, 26 February 1945, payrolls for civilian employees for the period 16-28 February 1945.

Payment Office, Room 60, 1st Floor, will be open from 0900 to 1200 hrs only Saturday, 3 March 1945, for the purpose of issuing funds for the above. All requests for cash must enumerate the denominations into which the lire should be divided. All payrolls must be returned to the Paying Office, Room 60, 1st Floor, within 48 hours of receipt of the money. (Hq Comdt)

7. COUNTERFEIT CURRENCY:

It is incumbent upon all Paying Officers to satisfy themselves that the notes drawn from the Headquarters Paying Officer for payment of civilian employees, are not counterfeit at the time of drawing.

Under no circumstances will notes be exchanged after money has been signed for.

After money has left the office of the Headquarters Paying Officer, the action open to officers who suspect that any of the notes are counterfeit, is laid down in Finance Sub-Commission letter 13002/F, dated 20 December 1944.

It is most unlikely that any notes drawn for payrolls are counterfeit as they are drawn from the Bank of Italy; and Paying Officers would be well advised to inform civilian employees that any objection they may wish to make to any note can be made only before they sign the payroll. (Hq Comdt)

8. NEED FOR ECONOMY IN STAPLES:

There is an acute shortage of staples in this area, with no immediate prospects of additional supplies becoming available. All Sub-Commissions and Sections should, therefore, impress upon their office personnel the need for rigid economy in the use of staples. (Hq Comdt)

9. UNAUTHORIZED USE OF ELECTRICAL APPLIANCES:

Requests are continually being received by this Office for electricians to repair blown fuses.

It is the opinion of the electrical engineer that electric Kettles-Heaters, etc, are being used in offices, which overtax the fuses and cause these breakdowns.

The use of such electrical appliances will cease forthwith. (Hq Comdt)

11. ACCOMMODATION AT EXCELSIOR HOTEL - NAPLES:

It is pointed out that there is only limited space available in the above hotel for senior Allied Commission transient officers.

There have been numerous instances of officers of all grades being told by officers of this Hq that accommodation at the Excelsior Hotel may be obtained on application to Billeting Officer, Southern Region. (This often causes embarrassment due to no accommodation being available). Senior officers requiring accommodation should apply in the first instance to Hq Comdt, Hq Allied Commission, who will endeavor to reserve the necessary accommodation on their behalf.

Other officers requiring accommodation in NAPLES, irrespective of whether it is required at the Excelsior or not, should report to the Billeting Officer, Hq, Southern Region. (Hq Comdt)

3. NEW ARRANGEMENTS - INSURANCE - LOSS OF KIT BY OFFICERS (BRITISH):

Army Council Instruction No. 54, dated 20 January 1945, "Insurance - Loss of Kit by Officers (including Women Officers) - New Arrangements", is now available for perusal in the Office of the Headquarters Commandant, Room 54, 1st Floor.

Compensation from army funds for the loss by officers of their uniform, equipment and personal effects is only payable in cases where the risk cannot be covered by insurance. It is the primary responsibility of the officer to insure his uniform, equipment and personal effects against the ordinary risks of civil life. This responsibility has repeatedly been brought to the notice of officers -- e.g., by A.C.I. 1708 of 1943 -- but cases are still occurring where they have failed to effect such insurance, with the result that they have suffered serious financial loss. Cases are also occurring where officers overseas are finding difficulty in effecting insurance under private arrangements.

Arrangements have accordingly been made to assist officers to obtain such private insurance, and the purpose of this A.C.I. is to bring to notice the nature and extent of these arrangements. (EXTRACT from ACI No. 54/1945).

Numerous requests are being received through this office for typewriters to be cleaned and oiled. "Sub-Commissions still continue to send to G-5, HQ 15th Army Group, requests for permission for Italian civilians to enter Army Areas. Attention is drawn to Executive Order No. 11, para III (g), which amends General Order No. 44, dated 1 October 1944". (Adj)

11. CLEANING OF TYPEWRITERS: Numerous requests are being received through this office for typewriters to be cleaned and oiled. While it is appreciated that machines should receive a periodical overhaul by a mechanic, the simple task of daily cleaning and oiling is one that can easily be carried out by the operator of the machine. Cleaning oils, etc, can be procured through Headquarters Supply Store. The typewriter mechanic is employed by this Headquarters on a contract basis, to carry out repairs to defective machines and time spent in cleaning materially affects repairs being executed promptly. 7. AN APPEAL FOR THE DEVASTATED AREAS:

The following appeal is addressed to all officers of the Allied Commission Headquarters, and civilians resident in Allied Commission Hotels. A mimeographed copy has been placed on every table in the restaurant of each Hotel.

Thousands of old men, women and children in devastated communes in the provinces of Chieti, Aquila, Pescara, Frosinone and Littoria are suffering great hardships owing to lack of clothing.

Many of these communes are still snowbound thus adding to the misery of the very poor and scantily clad inhabitants.

Old blankets, coats, trousers, shirts, socks, in fact anything you can possibly spare (including uniforms which will be dyed to make serviceable civvies) will be most gratefully received for these unfortunate people, and for other needy and deserving groups.

The cause is good and the need great! Won't you look through your belongings immediately after this meal and give what you can?

Would officers resident in private billets and who have means of transportation kindly bring their contributions to Allied Commission Headquarters Building. Inside the main entrance will be a large hamper with a lady of the Italian Red Cross in attendance to receive them.

In cases where no transportation is available if officers would kindly telephone Devastated Areas Sub-Section, Ext. 492, their private address, transport will be sent to collect contributions. (Devastated Areas)

10. AN APPEAL FOR THE DEVASTATED AREAS: The following appeal is addressed to all officers of the Allied Commission Headquarters, and civilians resident in Allied Commission Hotels. A mimeographed copy has been placed on every table in the restaurant of each Hotel.

Thousands of old men, women and children in devastated communes in the provinces of Chieti, Aquila, Pescara, Frosinone and Littoria are suffering great hardships owing to lack of clothing.

Many of these communes are still snowbound thus adding to the misery of the very poor and scantily clad inhabitants.

Old blankets, coats, trousers, shirts, socks, in fact anything you can possibly spare (including uniforms which will be dyed to make serviceable civvies) will be most gratefully received for these unfortunate people, and for other needy and deserving groups.

The cause is good and the need great! Won't you look through your belongings immediately after this meal and give what you can?

Would officers resident in private billets and who have means of transportation kindly bring their contributions to Allied Commission Headquarters Building. Inside the main entrance will be a large hamper with a lady of the Italian Red Cross in attendance to receive them.

In cases where no transportation is available if officers would kindly telephone Devastated Areas Sub-Section, Ext. 492, their private address, transport will be sent to collect contributions. (Devastated Areas)

b. The Night Staff Duty Clerk, Tec 5 Pirani will report to the Chief Clerk, Message Center, Room 20, 1st Floor, at 1600 hours, and to the Duty Officer, in Room 40, 1st Floor, at 1800 hours.

2. SECURITY PRECAUTIONS:

From "The Stars and Stripes", 3 January 1945, "Director J. Edgar Hoover of the Federal Bureau of Investigation " today warned that a new intensified effort by Germany was being made to send saboteurs to America when he revealed the arrest of two agents who landed a month ago by submarines on the coast of Maine.

It is only logical to conclude that if German saboteurs have reached such distant places as the coast of Maine, they must also be active in the Rome area. Recently, incidents of sabotage and attempted sabotage have occurred in another area and a certain amount of damage and personal injury sustained by the Allied Forces.

Incidents reported locally have included attempted arson of petrol installations, other installations and the booby trapping of vehicles. Any headquarters, depot, and administrative organization where death and destruction can delay the Allied effort is liable to attack and sabotage.

It is the responsibility of all ranks to be constantly on the alert. Report all suspicious action immediately. The effect of counter-action is greatly minimized when delays in reporting occur. Park vehicles only in protected areas or at least where they can be watched.

All ranks should familiarize themselves with "Fire Orders" posted throughout the building.

Remember, even in these last hours your enemy is to be feared more than ever. Never underestimate the enemy.
