Headquarters, Southern Region was informed of this matter by Commission's memorandum No. 220-SWE dated 30 December 1944, in case the shipment arrived in Naples, and it would be appreciated were G-5 Section to intervene with the appropriate Allied Authorities with a view to obtaining protection and onward shipment of these goods from any Italian port wherein they might arrive.

LÉGATION DE SUÈDE

The Royal Swedish Legation presents its compliments to the Political Section of the Allied Commission and has the honour to ask for the Allied Authorities' benevolent assistance in the following question.

On the 28th of November last the Legation received a cable from the Ministry for Foreign Affairs in Stockholm stating that four tons of foodstuffs for the members of the Swedish Legation and the Swedish colony in Italy had been sent by a Swedish safe-conduct ship to Lisbon. According to a telegram despatched on the 21st of December by the Swedish Legation in Lisbon the goods had been forwarded on December 19th from Lisbon to Gibraltar, from which port the British Authorities, as stated in a later message, would arrange the shipment to Italy and communicate to this Legation information about the port of destination, date of forwarding from Gibraltar etc.

As, until now, no further communication has been received in the matter, this Legation would highly appreciate if, through the kind intervention of the competent Allied Authorities, it could be possible to obtain information, whether the foodstuffs have arrived at Gibraltar, when they are to be expected in Italy, on board of which ship they are to be transported and for which Italian port this ship is bound. The risk of robbery in Italian ports being considerable, it is of greatest importance for this Legation to get the above mentioned information in time to be able to take the necessary steps for the protection of the goods as soon as they have been unloaded.

Furthermore the Legation has the honour to ask that a permit be granted for a lorry to be sent from Rome to the port of destination for the transport of the goods to Rome.

Rome, January 4th 1944.

of the Allied Commission,

SUBJECT: Food Shipment for Swedish
Legation in Rome.

TO : HQ. Southern Region.

1. The Charge d'Affaires ad interim of the Swedish Legation in Rome has informed Political Section of the imminent arrival of 4 tons of foodstuffs consigned to the Legation from the Swedish Government which were forwarded to Gibraltar on December 19 whence British Authorities had arranged their onward shipment to Rome. The British Authorities also have advised the Charge d'Affaires that they will inform him of the date of the departure of the goods from Gibraltar and of the port of destination.

2. The Charge d'Affaires has manifested some apprehension that these goods may be stolen in transit and, in consequence, it would be appreciated were you to approach the competent transportation and security authorities with a view to protecting these goods upon their arrival, presuming that they will arrive in the Port of Naples, and in their transit to Rome.

Dear Colleague:

Referring to our conversation this morning concerning a disagreeable experience had by you at the Military Control Post near Ascoli, in the course of which 350 kilograms of potatoes contained in seven bags (two of which were diplomatic bags) were taken from you, I have investigated this matter and find that, while control posts in the vicinity of Rome have been abolished, certain of them still are retained in the Provinces. In this particular instance, the control is for the movement of potatoes which are badly needed in Rome and for which transport and supply restrictions must be maintained.

I find that you, as a diplomatic officer, have not been discriminated against inasmuch as one of the senior ranking officers of this Commission recently was relieved of food supplies which he had attempted to bring into Rome under similar circumstances as had you.

I have communicated with the appropriate authorities of Region 5 (Abruzzi-Marche) who have assured me that your bags will be returned to Rome and delivered to you within the next two or three days.

Should you desire to obtain further food supplies from the Provinces, I suggest that you inform me of the fact in order that I may arrange for the procurement of a permit for its importation.

I enclose herewith a slip left by you with me as a receipt for the confiscation of the potatoes.

From: Assistant Minister's Office.

Mr. Dawson asked us to find out whether A.S.F. would have any objection to Mr. J. de Lagerberg, Swedish Minister, in Rome, travelling to London in order to return to Stockholm, arriving in London during the last week in August. A.S.F. have agreed to the Minister making this journey, but it has been suggested that a means be found of delaying his departure until September.

* 2. In the meantime Mr. de Lagerberg should obtain authority for the journey from the ~~Minister~~ ~~Minister~~ (the Allied Control Commission) and this having been done will forward the necessary documents to you in order that you may pass them to the Minister. The Minister will then be able to fly from Rome direct to North Africa (probably Casablanca) and thence to England. I would propose, in view of the conditions made by A.S.F., to ask for an air passage in the first week of September. Please let me know as soon as possible whether this would be agreeable to the Minister.

3. You will no doubt ask the High Commissioner's Office to be kept in London about the Minister's journey in order that he may be provided with an onward passage to Stockholm.

Lagerberg - Swedish - is in a steam because of length of time of receipt of his messages. S.R. wrote about this and we are waiting an answer from AFHQ.

Meantime, Lagerberg did get an answer to two cables but took a month, hence asks can he ask one of the Ministers to the Holy See to transmit an occasional personal message for him because "we are so slow". He is trying to get away to Sweden and can't get answer from his Office as to whether his trip is okay or not.

2. Would like some sort of letter of confirmation from you that it is okay for him to go through London on way to Stockholm (reference your previous conversation with him in oral agreement to this.)

LEGATION DE SUÈDE

Rome, July 10th 1944.

HC

14 JUL 1944

Dear Mr. Caccia,

Referring to our conversation regarding the possibilities for me to go to Stockholm on leave I need not repeat that I would be most grateful to you for any steps you may think proper to take in order to obtain the necessary permits.

I have had no leave of absence since April 1942. In consequence I have not been able to visit my country for more than two years and I have not seen my wife and children since June 1943, when they went home for the summer and were afterwards compelled by the circumstances to stay in Sweden. This is my third summer in a trying climate (1942 Madrid, 1943, 44 Rome).

I need not tell you how much I would appreciate it, if the British Authorities could see their way clear to grant me a permit to travel Alger or Marrakesch - London (or by any other route available), to land in England during the last week of August (or at any other moment in August) and proceed without unnecessary delay to Stockholm by airplane. Even if no regular aerservice be established in the latter part of August I venture to hope that I may be authorized to travel by one of those special planes which undoubtedly keep up the communications between London and Stockholm. Needless to say that my luggage would be limited to the maximum (25 kg.?) stipulated.

Thanking you in advance,

I remain

Sincerely yours

SUBJECT: transmission of messages from Swedish
Government.

With reference to Mr. Reber's memorandum of July 23, 1944, addressed to G-5 AFHQ, this Office now has confirmation that the telegrams from the Swedish Legation in Rome to the Swedish Foreign Office, about which inquiry was made, have gone forward to Stockholm some time ago.

It is anticipated that the arrangement for these telegrams to be forwarded from the Allied Control Commission through the United States Representative on the Advisory Council for Italy in Rome will make possible speedier transmission of such messages in the future.

My dear Mr. Minister:

I received your communication of July 22, concerning the difficulties you have experienced in communicating with your Government. I have requested that an investigation be made concerning the method of despatch of your telegrams, and whether they are in fact being forwarded to your Government as they deal with non-political matters.

Sincerely yours,

MEMORANDUM TO: G-5, Allied Force Headquarters.

The Minister of Sweden has addressed a communication to the Political Section, Allied Control Commission, in regard to communications between the Legation and his Government in Stockholm. He makes the formal request that he be permitted to communicate directly with his Government. It has, however, been explained to him that the present situation does not permit the authorization of this facility.

He then points out that whereas the telegrams in clear are received and despatched promptly from Rome through Allied channels, and the telegrams sent from Stockholm seem to arrive, the latter bear no relation to his telegraphic requests for instructions. This leads him to the conclusion that none of the telegrams which he has sent have reached their destination. He encloses a list of telegrams, the first of which was sent June 22. Up to the present, no reply to any of these has been received.

Would it be possible to ascertain whether the Minister's telegrams have in fact been permitted to go forward to the Foreign Office?

LÉGATION DE SUÈDE

Rome, le 22 juillet 1944.

1 ann.

Cher Monsieur,

Permettez-moi de Vous exprimer à Vous-même et à M. Caccia mes remerciements les plus sincères pour la compréhension et la courtoisie que Vous avez toujours, dès votre arrivée à Rome, voulu témoigner à l'égard des démarches faites par la Légation de Suède auprès de la Section politique de la Commission Alliée de Contrôle. Un grand merci également pour la très aimable et prompte manière avec laquelle Vous êtes allés au devant des désirs exprimés par nous, tout particulièrement pour les mesures prises pour rendre la visite de mes collaborateurs à Naples on ne peut plus agréable.

Puisque cette bienveillance de la part de représentants de la Commission Alliée de Contrôle m'a fait croire que les Autorités Alliées ne sont pas insensibles aux efforts de cette Légation de s'acquitter de la tâche comme puissance protectrice, depuis le début de l'entrée en guerre de l'Italie jusqu'à la fin du régime allemand, des intérêts dans ce pays de plusieurs nations alliées, je ne saurais m'expliquer pourquoi, lorsqu'il s'agit d'un "sine qua non" de l'existence d'une mission étrangère, soit le moyen de communiquer télégraphiquement avec son Gouvernement, des facilités me sont refusées dont jouissent, à ce qu'il paraît, même des missions diplomatiques près la Saint Siège de puissances ennemies des Alliés.

Je sais bien - et j'en suis très reconnaissant - que les télégrammes en clair destinés au Ministère Royal des Affaires Etrangères à Stockholm dont je me suis permis de vous soumettre le

texte, ont été, sans délai, expédiés par Vous. Or, tandis que des télégrammes expédiés de Stockholm me sont parvenus sans retard notable, traitant des questions qui n'ont pas été préalablement soumises à l'examen du Gouvernement Royal, aucune réponse ne m'est, jusqu'à présent, arrivée aux télégrammes en clair destinés au Ministère Royal dont les premiers ont été, par Votre aimable intermédiaire, expédiés de Rome dès le 22 juin. Ceci, il me semble, démontre clairement que ces télégrammes ont été et sont toujours arrêtés en route par quelque autorité alliée.

Je me permets de joindre à ces lignes une liste des télégrammes dont il s'agit. Ainsi que Vous voudrez bien le constater, les questions dont il s'agit sont d'aucune façon offensives, ni de contenu politique. J'ose espérer que les autorités officielles de pays où règne le beau principe qu'une personne est sensée d'être "sans reproche" jusqu'à ce que le contraire ait été démontrée, pourra être appliqué également à un pauvre neutre. ./1

Veillez agréer, cher Monsieur, les assurances de ma considération très distinguée et de mes sentiments sincèrement dévoués.

Dear Mr. Reber,

With a view of taking contact with the Swedish Consulate at Naples and arranging for the future safeguarding of the Finnish, Hungarian and Roumanian interests in the southern part of Italy I intend to send next week two members of my staff, Mr. Hammarström, counsellor of the Royal Legation and Mr. Landenius, Chief of the Section B, to Naples.

It would be highly desirable also, that Messrs. Hammarström and Landenius were authorized to visit Capri to look after the villa of H.M. the King of Sweden and San Michele, belonging to Dr. Munthe.

I should be most grateful if through your kind intermediary the necessary permission were granted the two gentlemen, including a permit to drive in the car of Mr. Landenius - number CD Roma 0694 - and also, if possible, a letter of recommendation to the Military Authorities in order that Messrs. Hammarström and Landenius may be allowed to go to Capri by steamer either from Naples or from Sorrento.

Yours sincerely

The following is a paraphrase of a message received from General Johnson in Rome, addressed to "A.C.C. Main for Kirk and Charles":

"The Minister of Sweden has asked that efforts be made to ascertain the whereabouts of Count Levehaupt, Legation Attache, who on May 29 departed from Rome en route to Bern as a diplomatic courier. He planned to return via Milan, arriving there about the third of June. Although the Army Command has been advised that he may be on his way, the Swedish Minister would be grateful if enquiries could be made through the Allied Missions at Stockholm"
