UNITED STATES REPRESENTATIVE
ADVISORY COUNCIL FOR ITALY

Rome, Italy, October 25, 1944.

To: Political Section, A.C.C.

SUBJECT: Anglo-American Nursing Home.

Dr. Sommerugs of the Foreign Interests Section of the Swiss Legation has requested that the British and American diplomatic representations in Italy now resume responsibility for the operation of the Anglo-American Nursing Home which has been under Swiss protection since 1941. Prior to the war this institution was run by a board of directors selected from the Anglo-American colony in Rome and the British and American Ambassadors were honorary presidents of the home. However, since 1941 various somewhat complicated legal situations have arisen including the leasing of the property in question at 265 Via Nomentana to an Italian lady who has been subsequently arrested for fascist activity. At the present time the home is under the protection of an administrator appointed by the Italian Government.

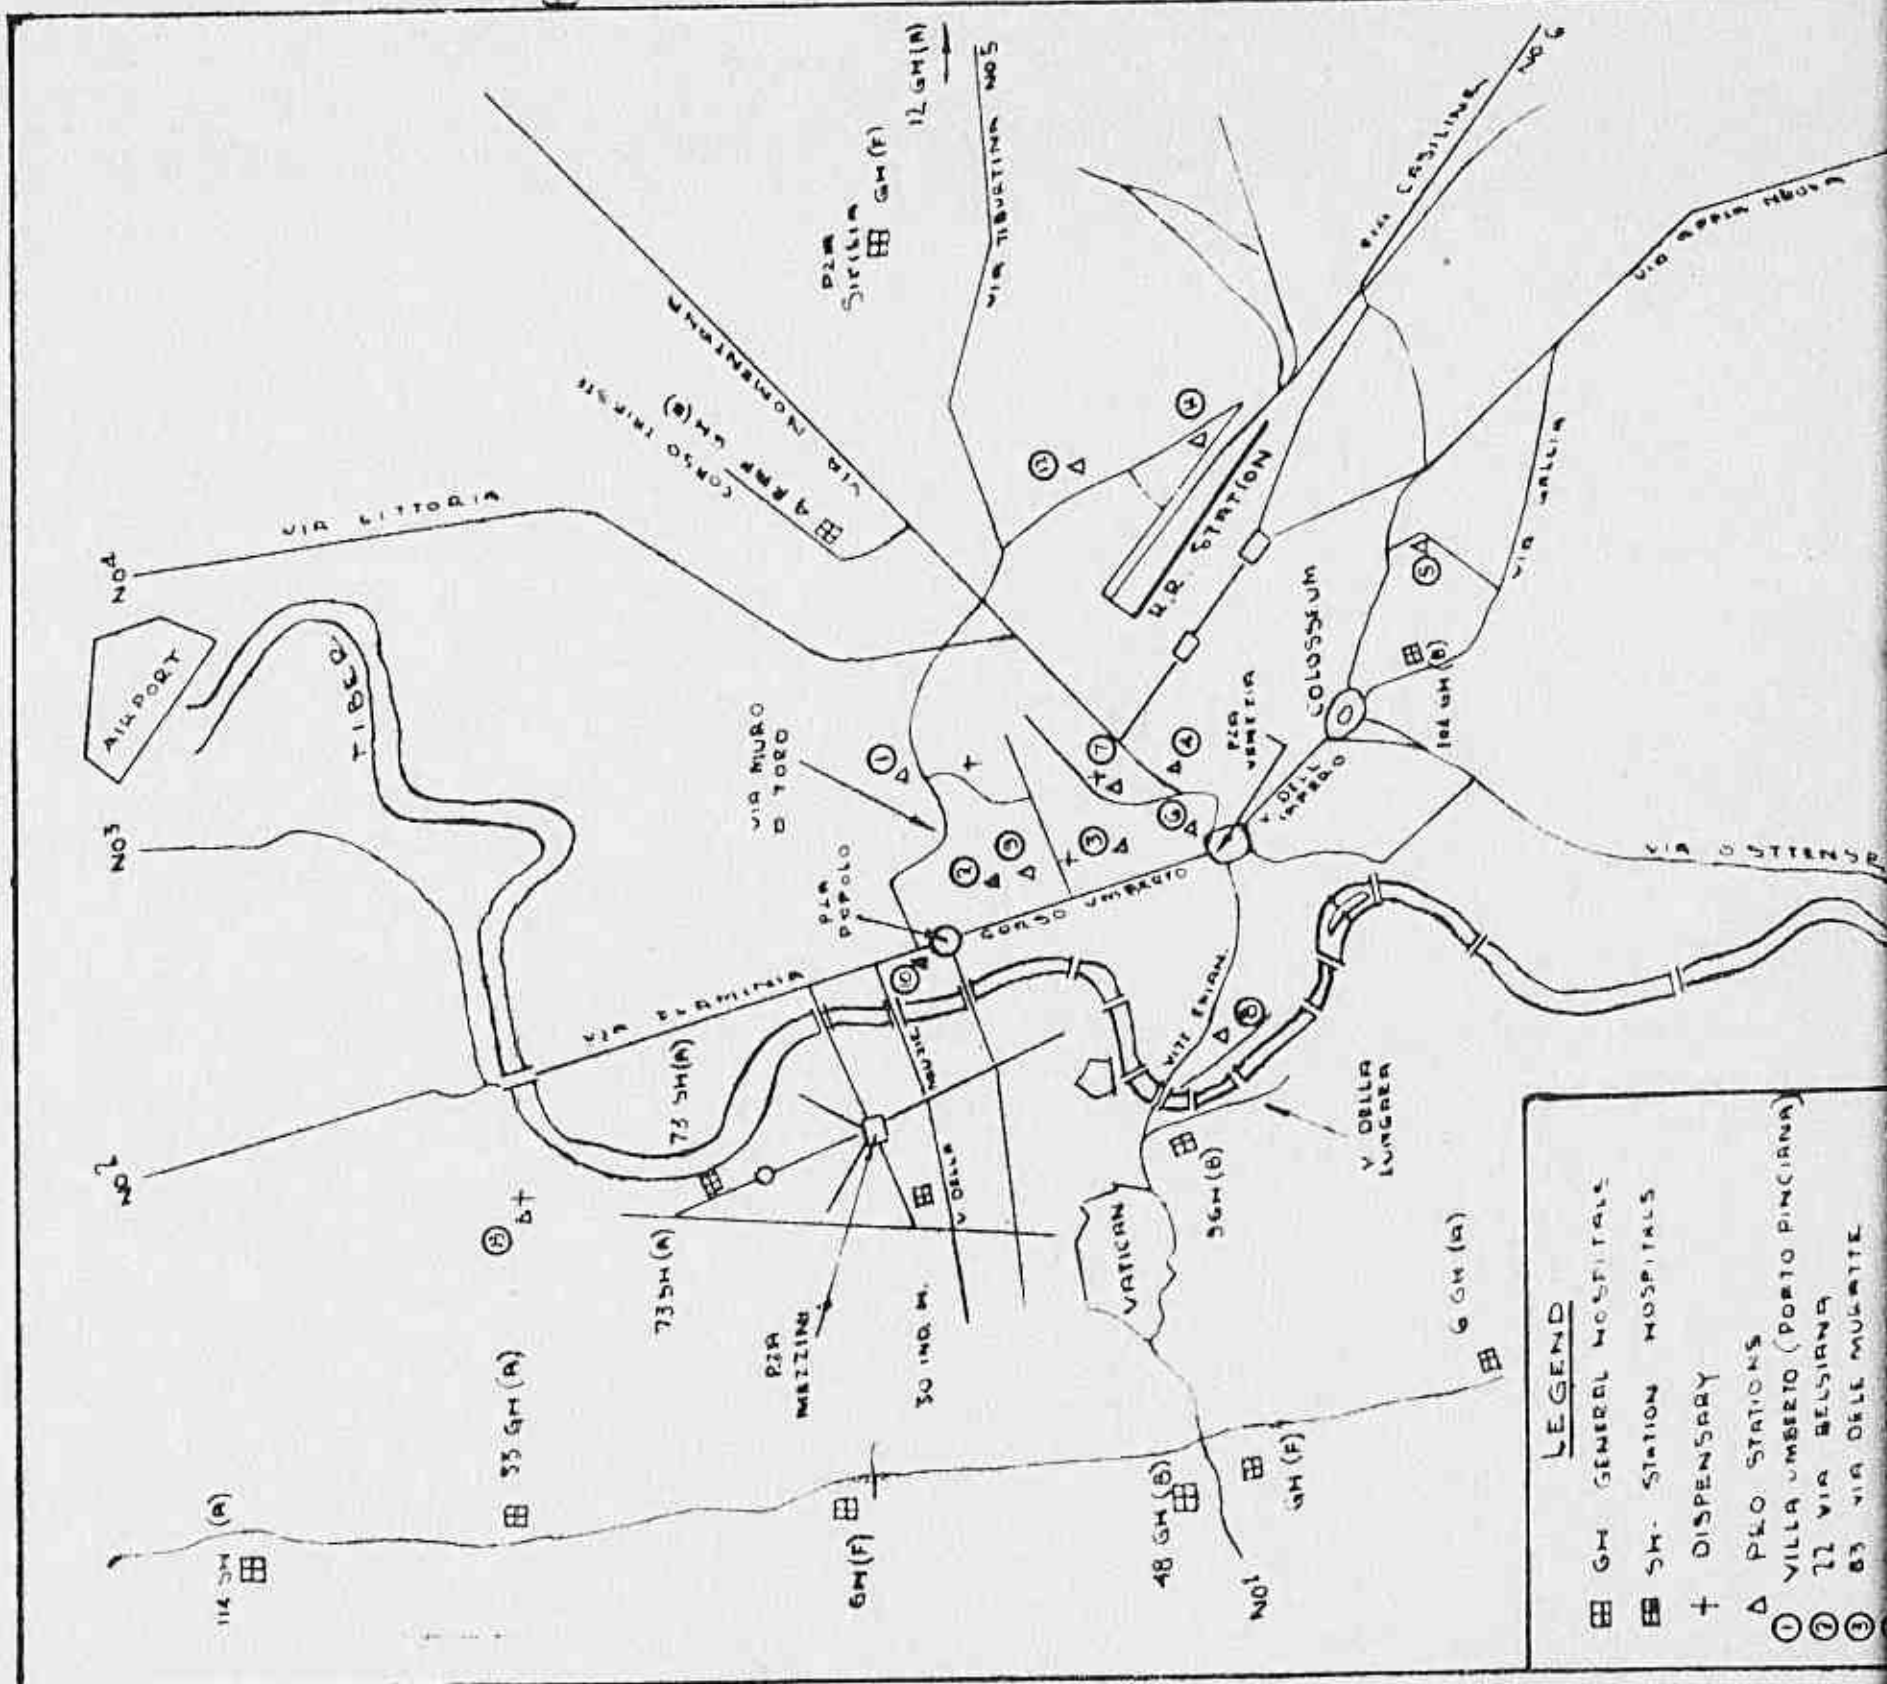

In as much as it is desired to resume normal operations in the home as soon as possible and since there appear to be a number of urgent cases of destitute American citizens and British subjects requiring its services, it is desired to ascertain the exact status of the property as soon as possible. In this regard it will be appreciated if the appropriate section of the A.C.C. might find out the significance and duties of the administrator and his relation to the Italian Government. It is also desired to know his exact functions, the length of his term, et cetera, before any further discussions are undertaken with the lawyer of the Anglo-American Nursing Home, Avvocato Serrao, before steps are taken to appoint a new committee.
