His Excellency Don Renato Brusca
Secretary General, Royal Italian Ministry of Foreign Affairs

Following is the text of a communication dated 22 October and received from the United States Embassy at La Paz, concerning the request of an Italian national, Dr. Giorgio Levi de Arden, for permission to return to Italy, accompanied by her husband. The Commission is prepared to transmit the reply of the Italian Government to this request.

"Dr. Levi de Arden (a woman doctor of philosophy in social sciences) has called at the Embassy and inquired whether it would be possible for her husband and herself to give their services in the Italian forces which are now cooperating with the United States, British and Canadian forces. Dr. Levi de Arden's husband is a German Jew who is a qualified medical doctor, and Dr. Levi de Arden states that she believes she should be a qualified candidate for a nursing job because she has assisted her husband in surgical operations and in many other ways during the past six years. Both are willing to perform any other kind of work (they both speak Spanish, Italian, French and German and the husband speaks English) but they wish to go to the war theater together. They are prepared to arrange and pay for their own travel to the point in the Mediterranean war theater where they might enter into service, if the Theater commander will give them permission to travel into the area and if there is a reasonable possibility that their services would be accepted."

FOR ALLIED COUNCIL ON MEDICAL PERSONNEL

With reference to the telegram of the American Embassy in Rome dated 21st October, kindly communicated by the Allied Control Commission (Political Section) with their memorandum n. 991112, the Italian Ministry for Foreign Affairs has the honour to inform that the Italian Government have no objection to Dr. Giorgia Levi de Arlan and her husband coming to Italy provided naturally that there are no doubts as to their anti-German sentiments.

It is suggested that Dr. Giorgia Levi de Arlan could be employed as red cross nurse in service in military hospitals.

The husband, being a civilian, can not be appointed to a military establishment; he could however be utilized in the Sanitary Units of the Italian Red Cross and in Civil Hospitals in general.

EMBASSY OF THE
UNITED STATES OF AMERICA

La Paz, Bolivia, December 22, 1943

No. 2405

Subject: Inquiry from Italian National, Dr. Giordina Levi
de Arien, concerning possibility of Personal
Participation in Italian War effort.

The Honorable
The Secretary of State,
Washington, D. C.

Sir:

I have the honor to refer to this embassy's despatch
no. 2247 of September 16, 1943 and the Department's air
mail instruction no. 1000 of October 11, 1943, in reply,
concerning the desire of an Italian national, Dr. Giordina
Levi de Arien, now resident in Bolivia, to return to Italy.

The information in the Department's instruction no.
1000 of October 11, 1943 was communicated to Dr. Levi de
Arien (a woman doctor of philosophy in social sciences).
Dr. Levi de Arien has now called at the embassy and in-
quired whether it would be possible for her husband and
herself to give their services in the Italian forces which
are now cooperating with the United States, British and
Canadian forces. Dr. Levi de Arien's husband is a German
Jew who is a qualified medical doctor, and Dr. Levi de
Arien states that she believes she should be a qualified
candidate for a nursing job because she has assisted her
husband in surgical operations and in many other ways
during the past six years. Both are willing to perform
any other kind of work (they both speak Spanish, Italian,
French and German and the husband speaks English) but they
wish to go to the war theater together. They are prepared
to arrange and pay for their own travel to the point in
the Mediterranean war theater where they might enter into
service, if the theater commander will give them permis-
sion to travel into the area and if there is a reasonable
possibility that their services would be accepted. X

1991

If the Department has information concerning the
procedure by which the Levi de Arien might apply for
permission to enter the war theater and, at the same time
but possibly separately, for entry into the forces of
Italy, this information would of course be appreciated.

The Honorable
the Secretary of State,
Washington, D. C.

Sir:

I have the honor to refer to this Embassy's despatch no. 2227 of September 16, 1943 and the Department's air mail instruction no. 1000 of October 11, 1943, in reply, concerning the desire of an Italian national, Dr. Lidwina Levi de Arlen, now resident in Bolivia, to return to Italy.

The information in the Department's instruction no. 1000 of October 11, 1943 was communicated to Dr. Levi de Arlen (a woman doctor of "ill repute in social sciences"). Dr. Levi de Arlen has now called at the Embassy and inquired whether it would be possible for her husband and herself to give daily services in the Italian forces which are now cooperating with the United States, British and German forces. Dr. Levi de Arlen's husband is a German Jew who is a medical medical doctor, and Dr. Levi de Arlen states that she believes she should be a qualified candidate for a nursing job because she has assisted her husband in surgical operations and in many other ways during the past six years. Both are willing to perform any other kind of work (they both speak German, Italian, French and German and the husband speaks English) but they wish to go to the war theater together. They are anxious to arrange and pay for their own travel to the point in the Mediterranean war theater where they might enter into service, if the theater commander will give them permission to travel into the area and if there is a reasonable possibility that their services would be accepted. X

If the Department has information concerning the procedure by which the Levi de Arlen might apply for permission to enter the war theater and, at the same time but possibly separately, for entry into the forces of Italy, this information would of course be appreciated.

Respectfully yours,

For the Ambassador:

I, Enzo Arian, herewith apply for being admitted to the ranks of the military forces of the United States of America, willing to serve them according to the orders of their commanders and to my abilities and capacities.

I was born on June 17, 1912, in Berlin (Germany). Lost German citizenship on November 25, 1941. Jew. Married; no children.

Excluded from the University of Berlin, in 1933 I emigrated to Italy, where I finished my studies in Turin. Graduated as a M.D. in 1937. Expulsed from fascist Italy as a foreign Jew, I emigrated to Bolivia in July 1939.

As a physician I specialized in Internal Medicine and Neuro-Psychiatry, and in Hygiene. From 1934 to 1938 I worked as assistant to several clinical institutes in different places of Italy: essentially in the internistic and neuro-psychiatric branches, but also in hospitals for children's, lung, skin and venereal diseases. In Bolivia, from 1939 to the present date, I worked as Sanitary Director of the Sudanez Province (Chuquisaca), as assistant to the State's Hospital for Mental Diseases in Sucre, as Director of the Hygienic-Prophylactic Office of the Department of Oruro, and as Director of the Medical Department of the "Mining Development and Investment Company of Bolivia" in the mines of Vila Apacheta and Amayapampa (Bustillos, Potosi).

1. The re-assignment request of Tec 5 Donald M. Such a replacement should understudy Tec 5 Becker for a minimum period of five weeks. In this connection it should be pointed out that stenographic ability is not essential to the job which consists primarily of chief clerk activities; as such, a knowledge of stenography is by no means essential.

2. Tec 4 Charles A. Dacco, ASN 32981393, not assigned to Lombardia Region, may shortly become available for re-assignment. If it is at all possible to have Tec 4 Dacco made available to the Political Section, Tec 5 Becker's release can be assured. MEMORANDUM TO: American Political Advisor, Allied

Reference is made to your Memorandum of May 8, 1944, concerning Marcello Del Drago. It is requested that the Department of State be informed that the Del Drago mentioned in Magistrati's telegram of April 13 as being in Switzerland is the same individual who was previously reported as having been interned. It will be recalled that certain of the Italian diplomats who were interned in Germany were moved to Northern Italy and it appears that Del Drago was able to escape to Switzerland.

There is no objection to informing his father of the foregoing. It may be added that the Italian Government is endeavoring to make arrangements to provide financial assistance to its diplomatic officers who are refugees in Switzerland.

MEMORANDUM FOR THE POLITICAL SECTION, A.C.C.

Reference is made to the letter of Minister Prunas to Mr. Caccia, N.2899, dated May 12th, in which it was asked whether the Allied Authorities could grant the necessary facilities for the former deputy Ruggero Grieco and the journalist Edoardo d'Onofrio, to return from Moscow to Italy, via Turkey.

On June 19th, the Political Section of the A.C.C., in Salerno answered this Ministry that General MacFarlane had informed directly H.E. Togliatti that instructions had been given by the A.C.C., in order to facilitate the journey in question.

On July 17th, the Political Section of the A.C.C., confirmed that the British Missions in Moscow, Ankara and Cairo had received instructions with a view to facilitating the return to Italy of Signor Grieco and Signor d'Onofrio.

The Ministry for Foreign Affairs would, therefore, be grateful if the A.C.C., could furnish, with as little delay as possible, any information on the matter. *coll*

From: Sir A. Rambold.

In paragraph 9 of your memorandum No. 20 of May 13th you said that the Ministry of Foreign Affairs had asked what was happening about Signora Togliatti when they want to have repatriated from Moscow. We repeated the telegram about her to the High Commissioner's Office. In case you have not seen them, the position is that we have recommended to London, with the concurrence of A.S.H.A. and of Civil Affairs, that the British authorities in the Middle East should give such facilities for her repatriation as lie within their power and our recommendation has been accepted and the necessary instructions sent to our Missions in Moscow, Cairo and Ankara. It is however for the Soviet authorities to let her out of Russia.

The Marchese's own villa in Naples has already been requisitioned.

MEMORANDUM FOR THE POLITICAL SECTION A.C.

Marchese Pasquale DIANA, Chief of Cabinet of the Ministry for Foreign Affairs, has frequently to reach Naples, his home-town, and spend there a few days.

The villa of Marchese Diana in that city, having been recently requisitioned as well as the apartments of his two sisters, all members of the Diana family (including the Marchese's brother, whose apartment was lately demolished by the police), when in Naples, can only be lodged in the apartment of signor Genaro Davide Minotolo, Via Vittorio Imbriani 48, a brother-in-law of Marchese Diana.

It seems now that this apartment might be requisitioned by the Allied Authorities, namely by the R.A.F. Police, which has already shown a certain interest in it.

The Ministry for Foreign Affairs would be very grateful if the competent Allied Authorities of Naples could be approached in order that the above circumstances be taken in due consideration to the effect of withholding any eventual measure with regard to the use of said apartment.

It may be useful to add that the premises of Via Vittorio Imbriani 48 are not suitable for offices or to billet troops.

Dear Ned:

From your old days in Rome you may remember Nina Di Casaro who, even in the old days, was anti-Fascist. Both of her children have been in jail and the fiance of one had an enjoyable sojourn in Via Tasso. He was among those whose life was saved by the arrival of our troops on that memorable Sunday.

Nina has asked me whether it would be possible for her to obtain permission to go to Capri where she has a house. As I understand it, permits to go to Capri are issued by some office in Naples and that Mr. Schott is attached to the staff of General Wilson as his civilian contact. Possibly you could ask him to obtain permission for these people to spend the summer on Capri. It is a worthy cause and as they will be occupying a house which is not requisitioned by us, there should be no difficulties. Nina would like permission for herself, the Duchess Colonna di Casaro, her daughter, Mita, Uberto, Corti and the cook, Alice Bertasi.

It now looks as if I should return to Naples next Tuesday at the earliest. Couldn't you find an excuse to come to Rome in the meanwhile?

Sir:

On May 23, 1944, I wrote you concerning Marina Lombardo di Gumia and her grandmother, the Duchess Lombardo di Gumia, Via Houel, Palermo. I had already written to Mr. Samuel Reber on March 24, 1944, but, as no reply had come, thought my letter must have miscarried and so made no reference to it in my letter to you.

A reply came from Mr. Reber just the other day. Fortunately I did not have to break the news to the child's mother and maternal grandmother, Madame de Sandfort. They had just received a letter from Monsieur Panafieu at Naples through M. Massigli at Algiers, which gave the substance of Mr. Reber's letter and added that a grant of 3000 lire had been made to the Duchess to meet her most pressing needs. It is, I am afraid, a very small sum indeed.

As you may well imagine, the two ladies are greatly upset. They want to do everything possible to help the child and her grandmother. They would like to send money, food, and clothing, and are getting in touch with the French authorities here and the International Red Cross. It may be possible to work out some arrangement, but seems unlikely. If you are able to make any suggestions as to how the people here can do anything effective to assist their relatives there, your advice would be most greatly appreciated.

In the meanwhile I have offered to send you my personal check for \$100, and to request you to use the proceeds to the best interests of the child and her grandmother. The American Red Cross may have representatives in Palermo, one of whom may be good enough to help out.

Please be assured that anything you may do and any news you may give will be much appreciated by all concerned.

Dear Sir:

Referring to your letter of April 6 concerning the welfare of Marino Lombardo di Camia and the Duchess of Lombardo di Camia, I am afraid that the picture is rather sad.

It appears that the child lost her eyesight two years ago and has suffered from a severe attack of jaundice and typhus. She is now convalescing but still is quite ill.

The Duchess is also in failing health and in dire need of financial assistance, as her only income is a monthly allowance of \$13.00 from the Italian Government.

The family is naturally in need of everything. I do not know what arrangements can be made to send food and clothing from Beirut, but should imagine that with the right connections packages could be placed on a plane at Cairo and sent here in care of the International Red Cross.

The question of financial assistance may prove rather difficult. The Allied Control Commission informs me that the only method by which Madame Risk, as a French national, could send funds would be

Dear Gwynn:

I am sorry that I have been so long in answering your letter of March 24, 1944, with regard to the welfare of Marina Lombardo di Cumia and her grandmother, the Duchess of Lombardo di Cumia. I have had inquiries made in Sicily and I am afraid that the result of them is rather sad.

The daughter's name is Marina Lombardo di Cumia, a child of nine years, who is or was living with her grandmother, the Duchess of Lombardo di Cumia, at via Houbl in Palermo. The grandmother is a very old lady of seventy-five or eighty. Mme. Rizk has had no news of her daughter for the last two years. In addition to the usual news she would like to know particularly what the financial condition of the grandmother and of her daughter is and whether it is possible in any way to come to their help by sending packages of food or clothes or money.

Any information you can obtain will be most welcome indeed and I thank you in advance.

With every good wish and the hope of seeing you again soon,

Very truly yours,

Roberti came in this morning asking for the balance of papers taken from Luigi Di Giovanni, an Italian Vice-Consul from Barcelona, as he passed through Algiers on May 3. It is alleged that his pouch was taken from him at P.O. 203 (which, I gather, is an interrogation camp) and only part of the papers were returned: the balance, it was said, would be forwarded to the Italian Government through the Political Section.

Roberti says these papers have not yet come to hand and he would be grateful if inquiries could be made concerning them.

SUBJECT : Dr. Eugenio Dugoni, Representative of National Committee
for Piedmont, to Establish Liaison with FFI and Allied
Headquarters in France.

The Italian Minister in Switzerland reports that he has been informed by the National Committee for Piedmont of its decision to send Dr. Eugenio Dugoni as its representative to France to establish liaison with the FFI and with Allied Headquarters near the border of Piedmont. In this connection, the Italian Minister reports that he has been endeavoring to assist the representatives in Switzerland of the Turin Committee of Liberation who likewise have been in communication with co-belligerent authorities.

The Italian Minister in Bern recently officially requested the Swiss Government to hinder in every possible way the rice traffic to Germany from Northern Italy resulting from the situation caused by German attempts to loot the North Italian rice crop. He has been informed by the Swiss Government that it has taken new restrictive measures in this connection.

According to the Italian Legation in Bern, general freight traffic during the last ten days of October averaged in both directions about 1,000 tons daily, i.e. 100 cars.

This is a brief line to thank you very much indeed for having us to stay last weekend. It was the best way of combining business with pleasure, the pleasure side of the balance heavily outweighing the other!

On returning I discussed your memorandum with Morris Lush and Ellery Stone and they thought it best to wait for your promised revision of Pages 2 and 3 before returning to the charge with AFAC. Meanwhile, Ellery will today warn AFAC that they should expect something further from us and ask them in the meantime to hold their fire; that is, supposing it is necessary to ask them to do that!

On returning I found the enclosed in the Roman Press. From this and other evidences of broadcasts from London and Moscow we seem to be banking on the carrot and stick technique to get us somewhere with the Austrians. The carrot is your problem and if there is any response from the Austrians, your guess about the way things should go may no doubt be right.

Again many thanks for your hospitality. I hope that you will pay us a return visit soon.

Dear Selden:

With reference to my letter of July 1 concerning the Marchesa Dusmet, she has today sent me a letter for Admiral McVay with the request that it be sent on to him through our channels. Would you be good enough to forward this.

I hear you had a brief trip to Washington with His Majesty but between you you seemed to have managed to settle the French problem at least for the time being. Well done.

All best wishes to Mary.

As ever,

Selden Chapin Esquire,
Counselor of Embassy,
Office of the Representative of the
United States of America.

Dear Selden:

On December 21, 1943, you wrote me that you had received a letter from Admiral McVey requesting information about the whereabouts of a cousin of his, Edith Aliner Dusmet. I asked someone to look up Marchesa Dusmet who came in to see me this morning.

Judging from the lady's disposition she seems to be all right. She is apparently interested in nothing except to keep Allied officers out of her house. You need not pass that on to the Admiral, but I think you can safely tell him that she is apparently not in need of funds, is well, and living in her own house in Rome surrounded by grandchildren.

You may recall that the lady in question was always rather pro-fascist in her ideas, but she tells me now she had "a dreadful time."

My very best to Mary.

Yours as ever,

Selden Chapin Esquire,
Counselor of Embassy,
Office of the Representative of
the United States of America.

Dear Sam:

Some time ago, I received a letter from Admiral Charles B. McVay, Jr. requesting me to look into the whereabouts of a cousin of his, Edith Aliner, who married Count Dusmet. You undoubtedly remember the family, most of which I seem to recall centered in Naples. Just before Nester left, I gave him a memorandum of this, but he writes that he is unable to locate her, and since he is going into the hospital, I am forwarding the information on to you in the hopes that you may be able to obtain some information.

Countess Dusmet is about 60 years old and has a daughter married to Major Francisco Campello, said to be on the Crown Prince's staff. Countess Dusmet regained her American citizenship, but returned to Italy just at the outbreak of the war. She owns a home in Rome - if it is still standing - in the via Abruzzi, and an estate at Frascati just outside of Rome, and some farms in southern Italy. Admiral McVey is anxious to get in touch with her and will render financial assistance if needed, as the Countess is very wealthy, with a large Pittsburgh bank account, but her funds are frozen. He asks that we communicate by radio if any possible information obtainable proves important.

Hope that you are not too uncomfortable and that you managed to get a little Christmas cheer. Bob got off as scheduled and seemed in fine spirits. With luck, he'll be home Christmas Eve. He will be away probably for five or six weeks.

Everybody here seems reasonably well, but we hope you'll pay us a visit soon.

With all best wishes for a happier New Year,

Sincerely,

1857
