MEMORANDUM TO: Colonel Paul G. Kirk,
 Chief, Public Safety Sub-Commission, A.C.C.

Reference your ACC/14013/3/1/PS dated 31 July 1944.

It is proposed to send Professor Calante by air from Rome to Gibraltar via Algiers. At Gibraltar he can take a train to Madrid upon authority granted the authorities at Gibraltar which it is understood will be issued at A.F.H.'s request. His departure will be about August 15 - it being dependent upon receipt from A.F.H. of necessary air travel authority.

It would be appreciated if this matter could be handled as soon as possible as the case has dragged on for some time.

MEMORANDUM TO: Office of the U. S. Political Advisor. A.F.H.C.
SUBJECT: Return of Ippolito Galante to Spain.

Reference is made to your Memorandum of May 14, 1944, concerning the return of Professor Ippolito Galante to Spain. The substance of the Memorandum under reference was communicated to the Italian Foreign Office which has replied as follows:

"The Ministry for Foreign Affairs confirms that Professor Galante was the bearer of proposals from the Royal Ambassador in Madrid concerning the reduction and reorganization of Italian Cultural Institutions in Spain. On the basis of these proposals a concrete plan has been prepared, together with Professor Galante, whereby the recall to Italy of a first group of seventeen between professors and employees at present in Spain has been decided upon.

"In order to give practical application to the agreed detailed plan it is necessary that Professor Galante be enabled to return to Madrid as soon as possible.

"The Ministry of Foreign Affairs, therefore, should be grateful if the Allied Control Commission would kindly make the necessary arrangements to obtain approval for Professor Galante's return to Spain, and would much appreciate news confirming such arrangements."

Under these circumstances, it would be appreciated if arrangements can be made to obtain approval from the competent authorities at Allied Force Headquarters for the Professor's return to Madrid.

MEMORANDUM TO: Royal Italian Ministry of Foreign Affairs.

Reference is made to the Memorandum from the Royal Italian Ministry of Foreign Affairs No. 1496, dated April 23, 1944, concerning the desire of Professor Galante to return to Spain.

The Allied Control Commission has now been informed by Allied Force Headquarters that the American and British Ambassadors in Madrid are prepared to agree to Professor Galante's return to Spain provided he can produce satisfactory evidence that he is the bearer of specific instructions from the Italian Government to the Italian Ambassador concerning the setting into effect of a definite plan for running Italian cultural organizations in Spain on a self-supporting basis.

Should the Ministry inform the Allied Control Commission that this is the purpose of Professor Galante's return to Spain, arrangements will be made to obtain approval for his voyage.

May 14, 1944

TO: Samuel Reber, Esquire,
Vice President,
Allied Control Commission,
Political Section.

Reference is made to your memoranda of April 13 and April 29 concerning the return of Professor Ippolito Galante to Spain.

The question of Professor Galante's return to Spain was submitted to the American and British Embassies in Madrid who have informed this headquarters that Galante's original voyage to Italy was encouraged by the two Embassies in order that he should secure the agreement of the Italian Government to a detailed plan for putting the Italian cultural organizations in Spain on a self-supporting basis.

The two Embassies are willing that he should return to Spain provided that he can produce satisfactory evidence that he is the bearer of specific instructions from the Italian Government to the Italian Ambassador to put such an economy plan into effect.

The British Embassy at Madrid suggested that we consult with Mr. Bowker in this matter since he knows Mr. Galante and the background of the case. Mr. Bowker has now informed me that he had always assumed that Professor Galante would return to Madrid in order to put into effect his plan once it had been approved by the Italian Government. Mr. Bowker believes that there can now be no possible difficulty in Galante's producing evidence to show that he is commissioned by the Italian Government to put his plan into effect.

In view of the foregoing, please ascertain and inform this office whether Professor Galante is in fact able to meet the foregoing conditions. Should such be the case, we shall endeavor to obtain approval from the competent authorities at AFHQ for the Professor's return to Madrid.

G. Frederick Reinhardt.

MEMORANDUM FOR THE ALLIED CONTROL COMMISSION.

With reference to the Memorandum of the Royal Ministry for Foreign Affairs, n.1551, dated 27th March ult., Prof. Galante who, as the A.C.C. is aware, arrived some time ago in Salerno on a short mission from the Italian Ambassador in Madrid in order to make arrangements regarding the situation of the personnel attached to Italian Cultural Institutions in Spain, now informs that the Allied Authorities have not yet granted him permission to leave Naples, where he still is at present, to return to Spain.

The Royal Ministry for Foreign Affairs, after having addressed the Memorandum abovementioned to the A.C.C., also telegraphed to the Royal Embassy in Madrid, asking them to approach the British Embassy there with a view to obtain their kind interest with the Authorities in Algiers so that the permit requested by Prof. Galante be granted.

Given, however, that one month has passed since these steps were taken, and that no reply, either in the affirmative or in the negative, has yet been given in the matter, the Ministry for Foreign Affairs would much appreciate if the A.C.C. would kindly again approach the Authorities in Algiers with a view to obtaining a favourable decision. 2240

The Ministry for Foreign Affairs wish to express in advance the appreciation of the kind interest the A.C.C. will take in the matter and will be glad to receive a reply accordingly. *R.C.*

MEMORANDUM TO: Civil Affairs Section Allied Force Headquarters.

Reference is made to Fatima telegram No. 2797, March 30, and Freedom telegram No. 27562, April 4, concerning return of Professor Ippolito Galante to Spain. Professor Galante insists that his return to Spain was approved by Allied authorities before his departure from Madrid. He states he would not have made that journey if he had not been requested to do so both by the American and British Embassies. He requests that the American Embassy in Madrid be informed that he has been unable to obtain a return passage, and be asked to telegraph that his mission was undertaken with the prior knowledge and at the request of both Allied Missions.

Should this be the case, it is desired that Allied Force Headquarters be approached to give the necessary consent for his return.

MEMORANDUM
for the
POLITICAL SECTION (A.S.S.)

Professor Ippolito GALANTE of the "Istituto Italiano di Cultura" of Madrid has arrived here for a brief stay in order to submit to this Ministry a number of proposals for the reduction of the personnel of the Institute and the reorganization of same which fits in the general economy plan of Italian Missions and Cultural Organizations abroad.

Professor Galante's trip meets with the approval of the British Embassy in Madrid. He plans now to return to Spain (on the Royal Cruiser "Pompeo Magno" that is scheduled to sail for Gibraltar on March 30th.)

This Ministry would therefore be very grateful should the Political Section (A.S.S.) be so good as to arrange that Professor Galante should be authorized to (leave for Gibraltar and hence) proceed to Spain.

(In view of the early date of the Cruiser's departure,) this Ministry would appreciate an early reply and thanks in advance the Political Section (for its kind attention on this matter.) RP

2. Gentili is regarded as an untrustworthy person and so long as this Sub-Commission continues to be responsible for Labour Relations in Italy it is urged that all contacts with him be routed through us. Divided control in such matters can only weaken the organization.

3. It is known, for example, that he wants to go to Florence, a goal he can reach only through A.C.C. In no circumstances should he be permitted to travel on an A.C.C. "ticket", on appearance of official blessing and status which he has already exploited.

1. The Labor Sub-Commission wishes to protest vigorously against the procedure which has made it possible for a recent visit made by Dino Gentili to Sicily.
2. Mr. Gentili came to our office early last month seeking clearance and assent for a proposed visit to Sicily. He was informed that authority for such a trip was not within our province but that if it were, we were definitely and determinedly opposed to such a trip. Subsequently, it appears that he did secure permission, and according to a recent report from our Labor Officer in Sicily, did visit and conduct activities in Palermo.
3. Our protest is based on a series of actions undertaken by Mr. Gentili ever since his arrival in Naples in connection with his labor activities. He has constantly taken a leading hand in initiating labor unrest, in misrepresenting both the condition of the workers and the views and statements of the A.C.C. He has constantly and most adroitly maneuvered A.C.C. and the Labor Sub-Commission into an unfavorable light with the workers, has played one official against the other in A.C.C./A.M.C., has exerted undue pressure to force certain issues, and has utilized the Confederation of Labor paper "Taglie Sindacali" to present half-truths regarding the entire labor situation.
4. It is understood that Mr. Gentili was at one time sent away from the United States at the request of the F.B.I.; it is also reported that he has operated in Italy under the alias of Gasparini. We are further informed that the membership of his own Confederation of Labor have become resentive of his methods and of his obvious attempts to utilize the Labor Movement as a stepping-stone to his own political ambitions.
5. The knowledge which the Labor Sub-Commission has of Mr. Gentili is certainly not complete. This Sub-Commission wants to know who he really is. Why did he leave England? Under what authority did he come to Italy? What is his real purpose in being in Italy? Why is he permitted to stay? Who is backing Mr. Gentili and for what purpose? Why was he given authority to go to Sicily? Did he ever state his purpose in writing? What did he do while he was in Sicily? What is he doing now? Does he really represent organized labor? Is there any way to tighten up on the granting of authority for such persons to travel freely throughout Occupied Italy?

He has constantly taken a leading hand in initiating labor unrest, in misrepresenting both the condition of the workers and the views and statements of the A.C.C. He has constantly and most adroitly maneuvered A.C.C. and the Labor Sub-Commission into an unfavorable light with the workers, has played one official against the other in AFM/AMG, has exerted undue pressure to force certain issues, and has utilized the Confederation of Labor paper "Battaglia Sindacale" to present half-truths regarding the entire labor situation.

4. It is understood that Mr. Gentili was at one time sent away from the United States at the request of the F.B.I.; it is also reported that he has operated in Italy under the alias of Casparini. We are further informed that the membership of his own Confederation of Labor have become resentive of his methods and of his obvious attempts to utilize the Labor Movement as a stepping-stone to his own political ambitions.

5. The knowledge which the Labor Sub-Commission has of Mr. Gentili is certainly not complete. This Sub-Commission wants to know who he really is. Why did he leave England? Under what authority did he come to Italy? What is his real purpose in being in Italy? Why is he permitted to stay? Who is backing Mr. Gentili and for what purpose? Why was he given authority to go to Sicily? Did he ever state his purpose in writing? What did he do while he was in Sicily? What is he doing now? Does he really represent

organized labour? Is there any way to tighten up on the granting of authority for such persons to travel freely throughout Occupied Italy?

6. It is earnestly requested that no assistance of any kind be given this individual by any official in A.C.C. or A.H.G., and that a careful check be instituted as to his future movements.

SUBJECT: Request of Signor Gentili to visit the United States.

With reference to your memorandum of March 31, 1944, the request of Signor Gentili to visit the United States was transmitted to the Department of State along with your comments to the effect that such a visit might be undesirable until the Italian labor movement has been further consolidated.

The Department now has replied, in airgram A-43, dated April 27, 1944, that it concurs with the recommendations contained in the last paragraph of your memorandum.

The Department further states: "This visit to the United States should not be facilitated at this time. When Italian labor organizations are somewhat better organized and their leadership more clarified, the Department will be glad to give consideration to Italian labor leaders visiting the United States at that time".

MEMORANDUM TO: Acting United States Member, Advisory Council
for Italy.

SUBJECT: Request of Signor Gentili to Visit the United States.

Signor Gentili, a member of the Confederazione Generale del Lavoro, has submitted the following Memorandum in connection with a request to be permitted to visit the United States on a brief trip on behalf of the Confederation:

"Objects and points of Mr. Dino Gentili's, member of the Directive Council of the Confederazione Generale del Lavoro (General Confederation of Labor), proposed visit to England and U.S.A. in accordance with the mission conferred upon him:

"1. the mission has a non-political character, in keeping in touch with the principles of the General Confederation of Labor, which unites within it workers of all faiths and political inclinations;

"2. the terms of the mission may be stated as follows:

"a. to express to the representatives of Labor abroad the desire of the Italian people to share with the people of the democracies in the war all of the sacrifices of battlefield and workshop;

"b. to establish contacts between the Italian trade unions and those abroad and to give thereby to the Italian working people a still greater sense of security and faith which should aid in building a more living spirit, and in increasing their effectiveness in the war effort;

"c. to discuss the means by which the workers of the United Nations and the Italian workers may assist in establishing economic relations between our respective countries, especially as regards the reconstruction of Europe;

"3. it is felt that the fulfillment of the above mission

-2-

would create a more favorable situation in Italy, and thus free the Allied Government of any preoccupation with problems of civilian morale;

"4. the mission may have the most favorable results also in reassuring the working people of the democracies at war that the Italian people share with them in sacrifices and efforts."

Signor Gentili explained that he wished to get in touch with the Chairman of the Italo-American Labor Council in New York, Mr. Luigi Antonini, as soon as the two British labor delegates who are now said to be en route to Italy have concluded their visit. Signor Gentili's request to visit England had earlier been submitted to the British Government which has so far not given its consent. It is felt that until the Italian labor movement has been further consolidated, it might be undesirable to allow a member of one Confederation to proceed abroad representing Italian labor whereas the other principal labor organization, the Confederazione dei Lavoratori Italiani, would not be represented outside of Italy. Signor Gentili has asked that his request to visit the United States, which he says is supported by Lt. Colonel Poletti, be forwarded to Washington as soon as possible.

Dear Captain Stone:

I want to thank you very much for the courtesy you have shown me . Here are the objects and limits of my proposed journey to U.S.A. and U.K. :

- a) The intention is to establish contact with Labour organisations in U.S.A. and England and to obtain help and funds for the reorganisation in Italy of a Labour movement, united, democratic and independent of political parties, such movement being now embodied in the General Confederation of Labour;
- b) The Italian Labour movement intends to collaborate with similar movements abroad but should and will remain fully independent;
- c) The journey will have no political character and there will be no interference whatsoever in politics in the countries visited . There will be no public meetings.
- d) The urgency of this visit is determined by the impending struggle between the two tendencies which appear in the Labour movement here, one tendency for a free, independent, really democratic movement (represented by the General Confederation of Labour) and another tendency (represented by the General Italian Confederation of Labour) aiming at a Labour movement connected with and dependent on the political parties . In this respect I take the liberty of enclosing herewith a copy of Battaglie Sindacali publishing an article "I termini della lotta" which indicates the position.
- e) The visit will be of short duration and facilities would be appreciated for transportation, entry-permit, exit-visa etc. In connection with this I wish to inform you that I

am an Italian subject, British resident, my address in England being London N.W.8, 120 Oslo Court. As far as U.S.A. is concerned, I have been last in that country in January 1943 and I am owner of a reentry-permit which expired on December 3, 1943. Unfortunately I have not this document with me because I left it in England.

I understand that the journey, for which I put in an application a few months ago, so far has not been approved because, according to what I have been told, Labour Delegations are expected from the States and from England and it was thought convenient for me to wait for them before going. I wish to say that I consider my journey essential and urgent regardless the visit of the British and American Delegations to Italy.

When I had the pleasure of mentioning my intention to General Mac Farlane, he told me that he was in favour of the proposed scheme.

The journey is fully supported by the General Confederation of Labour and it was recommended at the Convention held in Salerno.

The following persons are in a position to give references for me:

Col. Charles Poletti
Mr. James Winifie, Liaison ACC-FWB
Mr. George W. Edman, ADPWO Italy
Mr. Alberto Tarchiani, former Minister of Public Work
Via Carducci 6, Naples.

With kindest regards and very many thanks.

Sincerely,

Dino Gentili
Dino Gentili

Signor Gentili saw me this morning.

2. His principal thesis was that although he and his party have no personal animosity against Badoglio who has, so they think, done what he can under difficult circumstances, yet they consider that the country in general, and occupied Italy in particular, would be much more encouraged and heartened by a change in Prime Minister in the process of the formation of the new Government now in progress.

3. Gentili himself thinks that the best candidate for the post is Signor Ciano. He considers that Ciano would be acceptable to all parties with the possible exception of the Communists who do not like him. Gentili considers that all parties would be glad to retain Badoglio in the Cabinet, preferably as Minister without Portfolio but not as Prime Minister.

4. Gentili said that he was hoping to obtain an audience of the King to enable him to persuade the King to ask Ciano to form a new Government if Badoglio resigned. He hoped to convince the King how much such an act would increase the influence of the House of Savoy.

5. Comment. I made no comment on Gentili's suggestions beyond stating that I thought that he knew that it was the desire of the Allied Governments to see in Italy the broadest possible government of anti-Fascist parties. That we had repeatedly said that it was for the Italians to work out their own political problems and that while taking note of Signor Gentili's remarks I had no intention whatever of interfering with Italian party politics at the present juncture. I added that as far as Badoglio was concerned, he had cooperated loyally and had carried out all his functions to the best of his

Gentili told me that he was expecting a visit in the very near future from Mr. Harrison and one other Trades Union leader from England. (I know Mr. Harrison well and have asked Gentili to ask him to come and see me as soon as possible after his arrival).

SUBJECT: Arrest of Dr. Norbert Von Becker, Counsellor

TO: 1-5 Section, Allied Forces Headquarters
Index for U. S. Political Advisor
British Resident Minister.

1. Reference is made to A. C. Telegram No. 665 dated July 18, 1944 to 1-5 Section, U. S. Political Advisor and British Resident Minister.

2. This telegram afforded some background of the current situation of the International Institute of Agriculture and contained a request of officials of the Institute that consideration be given by the Allied governments to a recognition of membership in the Institute, and that delegates of the United States, the United Kingdom, Spain, Holland and South American Countries be appointed and sent to Rome. In reply to this telegram, has been received. The status of the organization at present is somewhat obscure. Agricultural sub-committee, A. C., in a report dated 21 July 1944, stated that the Institute as is good shape physically but costly in need of a thorough overhauling from the point of view of personnel, leadership and finances. The Committee also was stressed for a thorough investigation of pro-axis activities by the Institute and by individual staff members.

3. By Law No. 1375 of June 20, 1930, which was published in "Gazzetta Ufficiale" No. 190 of August 14, 1930, the Institute was granted diplomatic privileges in respect of its Bureau and archives, and the delegates of the various nations of the Institute and its higher officials were granted diplomatic immunity, "but with respect only to such acts as they are called upon to perform for reasons of their office and within the exclusive field of their attributions."

4. In a memorandum No. 6/743/526 dated October 14, 1944, the Italian Ministry of Foreign Affairs informed Political Section that Dr. Norbert von Becker, Counsellor of the Institute, had been arrested by Allied police authorities on October 12th. They requested Political Section to approach the competent authorities with a view to obtaining the release of Dr. Von Becker. A copy of this memorandum, together with its enclosures (being communications to the Ministry from the Institute), hereto is appended.

5. There also was received from the Swiss Legation, Foreign Interests Division, a memorandum dated October 17th, informing Political Section of this arrest and, following a statement of its views concerning the diplomatic

GSCHEK

privileges accorded to the staff of the Institute, requested that the said authorities be approached with a view to reconsidering the case of Mr. Van Houten and allowing him the possibility of returning to his duties. A copy of this communication is enclosed in attached.

6. This question was referred to the Public Safety Sub-Commission, which, in turn, suggested that it be submitted to the High Council of the Republic. This was done and on December 5th, the High Council, P.S.C., in a communication to the Institute, advised as follows:-

"Mr. Van Houten was arrested not only because of his known political activities, but also because of additional security considerations. The case of Mr. Van Houten is under review by higher authorities and final consideration will be given to his application with the Institute Internationale de Agriculture. It will be informed of the decision in this case as soon as it has been determined."

7. The above information was communicated to the Italian Ministry of Foreign Affairs and to the Swiss Legation on December 7th.

8. Under date of December 11th, in a memorandum No. 6/1265/49, the Ministry presented their point of view regarding the legal aspects of this case. A copy of this memorandum is enclosed.

9. In Ministry's argument in this question parallels the view of the Legal Sub-Commission, P.S.C., that the subject person, if considered to have lost diplomatic status, and if his arrest had been such as to prohibit a continuance of his freedom of action in case, should have been apprehended and sent to the Ministry for information and awaiting orders, as were the regular Swiss officials enjoying diplomatic privileges who were apprehended in connection with the occupation by the Allies.

10. Given the above considerations, it would be appreciated were the Ministry to review this case and to afford official assistance in connection therewith which is any assistance to the Ministry.

MEMORANDUM FOR THE PRINCIPAL SECTION A.C.

The President of the "Istituto Internazionale di Agricoltura" has informed this Ministry with letter, translation of which is herewith enclosed, that Dr. von Geisler, Counsellor of the said Institute, has been arrested on the 18th inst. by Allied Police authorities.

From information received, it appears that the arrest was made by order of Colonel Snowden's office (via Smith 57); that Dr. von Geisler has been in Rome for the last 18 years and that on April last he refused to leave Rome although instruction was given to him by the German Embassy to repatriate.

The Ministry for Foreign Affairs would much appreciate if the Principal Section could kindly approach the competent authorities with a view to obtain that Dr. von Geisler be possibly released.

To the Ministry for Foreign Affairs

ITALY

I beg to call the attention of the Ministry of Foreign Affairs on the following:

This morning at 6 a.m. an Allied police patrol called at the residence of Dr. Robert von G. von, Via delle Armi 5, and arrested him.

Dr. von G. von, German by nationality, is Director of this Institute and as such is entitled to diplomatic immunities and privileges, under Law 1075 of 30th June 1938. He is in possession of Identity Card issued by the Ministry of Foreign Affairs and at the door of the residence there is a notice indicating diplomatic immunity.

Dr. von G. von pointed out the above mentioned privileges to the police but their reply was that they could not take this fact into consideration.

Dr. G. von was then taken to Regina Coeli's prison.

I should be grateful to the Ministry of Foreign Affairs if, in consideration of the above stated, they could kindly take the necessary steps with a view to obtaining Dr. G. von's release.

RESUME

The International Institute of Agriculture, which has its seat in Villa Lobato logs to make the following declaration:

Last Thursday at 6 o'clock a group of agents of the Allied Police went to the residence of Dr. Robert von Weizsäcker, in Via delle Fratte, 5, and arrested him.

Dr. von Weizsäcker, of German nationality, is a Counsellor in this Institute, and as such enjoys the diplomatic privileges and immunities acknowledged by the Law No. 1075 of June 20, 1930. He is in possession of the white identity card delivered by the Ministry of Foreign Affairs, and his residence is provided with a special card on the entrance door stating his diplomatic immunity.

Dr. von Weizsäcker explained the police agents these diplomatic immunities of his, but they declared that they could keep no account of this and drove him away, it is supposed towards the prisons of Regina Coeli.

The day after the arrival of the Allied Forces in Rome, the President and the Secretary General of the International Institute of Agriculture were received by Captain Tyler who informed them to Col. Gelli, who, in his turn, gave them the explicit assurance that the diplomatic privileges and immunities of the Institute would be fully recognized. Colonel Gelli asked that the Institute should furnish a list of the non Italian functionaries whose activities at the Institute itself and the normal development of their life was not to be disturbed in any way. In fact, by the order of Col. Gelli was withdrawn the sentence that, in a first moment, had been put at the entrance of the Institute.

After the presentation of the list, the Allied Command delivered to the non Italian agents of the Staff a statement declaring that each one of them belonged to the staff of the International Institute of Agriculture, and therefore enjoyed diplomatic privileges and immunities acknowledged by the Law No. 1075 of June 20, 1930.

At the moment of his arrestation Dr. von Weizsäcker presented both his white identity card, delivered by the Italian Ministry of Foreign Affairs to all the functionaries of I and II Category, and the statement of the Allied Command, duly signed and stamped, but the agents kept no account of either.

The Presidency of this Institute, taking the question in hand, came immediately into touch with the office of the C.I.A. in Via Mellini, 37, where it was revealed that Dr. von Weizsäcker had been arrested on the ground that he belonged to the National Socialist Party.

The Institute cannot confirm it, and meanwhile Mrs. von Weizsäcker declares that her husband never accepted the inscription card of that Party, even though on his trip to Germany in 1934 he had been compelled to make such a request.

- 2 -

For its part, the Institute is ready to affirm that during the period of German occupation Mr. von Becker had been ordered to leave for Germany, as well as the other German functionaries of the Institute; but he refused and stayed in the Department by entering a clinic under pretext of an operation and afterwards kept hiding in the building until the arrival of the allies.

Mr. von Becker's long stay in our Institute since May 1, 1943 and never gave this administration any whatsoever reason of discontent for political reasons.

Since the beginning of this war, and also during the period of German occupation, the Institute continued its work in keeping free from any political matters, being of its composition and personnel, the English subjects, etc. applied, several Russians, Belgians, Danes, Norwegians, Lithuanians, as well as functionaries of Jewish origin.

For information's sake we wish to point out that the International Institute of Agriculture was conceived by an American citizen, David Lubin, and created by an International Convention, on June 7, 1904; later, total 54 countries participated in its creation and the Institute was established in Rome, Italy. The headquarters of this organization has always been the Italian Government.

Under the pressure of all the belligerent States, the Italian Government decided to acknowledge the diplomatic privileges and immunities to the Institute and its personnel of I and II Category, by the Law No. 1075 of June 20, 1943 (Articles 1 and 2).

MEMORANDUM

The Swiss Legation, Foreign Interests Division, presents its compliments to the Political Section of the Allied Control Commission, and has the honor to draw the attention of the Allied authorities to the arrest of a German citizen Herbert Von Gumbert.

Mr. Von Gumbert is employed at the International Institute of Agriculture, (the well known international organization), the staff of which was guaranteed by the Italian Government with diplomatic privileges by special law of June 29, 1930.

The Swiss Legation, in dealing with Allied interests during the last three years, had occasion to remark, owing to the Diplomatic privileges accorded to the staff of the Institute, that two British subjects Miss Roberts and Mr. Owen, and an Egyptian national Mr. Isaac Salto, could remain in undisturbed in Rome also during the German occupation.

The Swiss Legation would be very grateful if the Allied authorities could reconsider the case of Mr. Herbert Von Gumbert, and afford him the possibility of attending his work.

The Swiss Legation takes the opportunity to renew its thanks for the courtesy.

MEMORANDUM FOR THE POLITICAL SECTION A.C.

The Ministry for Foreign Affairs thanks the A.C. for their memorandum No. 505-22 of December 7th concerning the arrest and detention of R. von Weizsäcker, and wish to acquaint the A.C. with their point of view as regards the legal aspects of the question.

1. - According to the Gene Convention of June 7th 1908, which laid the foundation of the International Institute of Agriculture, the delegates of the different States to the Institute as well as the Institute's officials cannot be arrested nor brought to trial for deeds performed in the accomplishment of their duties in accordance with a generally accepted principle of international law according to which the delegates and officials of international institutes enjoy diplomatic immunity. Among the signatories of the Gene Convention there were also Great Britain and the United States. The present state of war between the United Nations and Germany cannot exert any influence on the effectiveness of that Convention, for that which concerns the obligations of the contracting parties towards the International Institute.
2. - The Italian law n. 1075 of June 20th, 1930, in order to ensure the application in Italy of the aforesaid principle as regards the International Institute of Agriculture, has ruled that the delegates of the member States enjoy, in the accomplishment of their duties, diplomatic immunity and that this immunity is extended to the officials of the Institute restrictedly to their sphere of activity. This law is enforceable even during foreign occupation, and the Allied Authorities are held to its observance even if in the limits of superior security considerations.
3. - It is an accepted international custom that the representatives of foreign States and the officials of international institutes, should they commit acts which can be laid to their charge as crimes and that have no connection with the accomplishment of their duties, are usually, for international courtesy, recalled by the State to which they belong instead of being arrested and brought to trial.

In consideration of the above points the Ministry for Foreign Affairs suggests that:

- A) - If Rignor von Weizsäcker's arrest is due to the fact that he is an enemy subject or to deeds committed by him in the accomplishment of his duties, he should be released;
- B) - If, on the other hand, it is due to acts committed by him outside the sphere of his duties, the Allied Authorities should interest the Italian Government in obtaining Rignor von Weizsäcker's repatriation, pending which he could be subjected to those precautionary police measures which are generally applied to diplomats of enemy countries before their departure. Encl # 3

The Ministry for Foreign Affairs therefore believes that in these
limits, the Allied authorities should provide for Signor Accorci's release.

3. - It is an accepted international custom that the A.C.C. summarizes of foreign states and the officials of international institutes, should they comply with which can be laid to their charge as crimes and that have no connection with the accomplishment of their duties, are usually, for international courtesy, recalled by the state to which they belong instead of being arrested and brought to trial.

The Institute for Tropical Agriculture (IITA) is a non-profit organization established in 1967, with its headquarters in Ibadan, Nigeria. It is a member of the United Nations Educational, Scientific and Cultural Organization (UNESCO) and the International Institute of Agriculture (IIA). The Institute's primary objective is to conduct research and provide technical assistance to developing countries in the field of tropical agriculture. It has a wide range of research programs, including crop production, soil science, plant pathology, and animal husbandry. The Institute also operates a library and a documentation center, and it publishes a journal of tropical agriculture.

1. - According to the 20th Convention of June 7th 1905, which laid the foundation of the International Institute of Agriculture, the Institute is a non-profit organization established in 1905, with its headquarters in Ibadan, Nigeria. It is a member of the United Nations Educational, Scientific and Cultural Organization (UNESCO) and the International Institute of Agriculture (IIA). The Institute's primary objective is to conduct research and provide technical assistance to developing countries in the field of tropical agriculture. It has a wide range of research programs, including crop production, soil science, plant pathology, and animal husbandry. The Institute also operates a library and a documentation center, and it publishes a journal of tropical agriculture.

2. - The Italian Law No. 1075 of June 20th 1930, in order to ensure the application in Italy of the above-mentioned principles as regards the International Institute of Agriculture, has ruled that the activities of the member States enjoy, in the accomplishment of their duties, diplomatic immunity and that this immunity is extended to the officials of the Institute restrictedly to their sphere of activities. This law is enforceable even during foreign occupation, and the Italian authorities are held to its observance when it is in the limits of superior security considerations.

3. - It is an established international custom that the representatives of foreign States and the officials of international institutions, who are not subject to the jurisdiction of the host country, are exempted from the application of their laws and that they have no connection with the accomplishment of their duties, and usually, for international security, regulated by the State to which they belong, instead of being arrested and brought to trial.

In consideration of the above points the Ministry for Foreign Affairs suggests that:

p.t.o.

a) - If Major von Gersdorff's arrest is due to the fact that he is an enemy subject or to needs considered by him in the accomplishment of his duties, he should be released;

b) - If, on the other hand, it is due to acts committed by him outside the sphere of his duties, the Allied authorities should instruct the Italian government in obtaining Major Gersdorff's repatriation, pending which he could be subjected to those representative police measures which are generally applied to diplomats of enemy countries before their departure.

The Ministry for Foreign Affairs therefore believe that in these limits, the Allied authorities should provide to Major Gersdorff's release. *Carli*

MEMORANDUM FOR THE POLITICAL SECTION A.C.

Reference is made to Memorandum A.6/743/326 of October 14th, 1944, concerning the arrest of Dr. von Gescher, Counsellor of the "Istituto Internazionale di Agricoltura".

The Ministry for Foreign Affairs takes leave to draw again the kind attention of the Political Section on the case, pointing out that Dr. von Gescher, according to information furnished by the President of the Institute, has been interned for over a month in Padula (Potenza), with great prejudice to his health.

Therefore it would be much appreciated if the Political Section could cause that a reply be given by the competent Allied Authorities to the above mentioned memorandum of this Ministry.

To the Ministry for Foreign Affairs

R O M E

I beg to call the attention of the Ministry of Foreign Affairs on the following:

This morning at 8 a.m. an Allied Police Patrol called at the residence of Dr. Norbert von GESCHER, Via Paolo Frisi 5, and arrested him.

Dr. von Gescher, German by nationality, is Counsellor of this Institute and as such is entitled to diplomatic immunities and privileges, under law 1075 of 20th June 1930. He is in possession of Identity Card issued by the Ministry of Foreign Affairs and at the door of the residence there is a notice indicating diplomatic immunity.

Dr. von Gescher pointed out the above mentioned privileges to the Police but their reply was that they could not take this fact into consideration.

Dr. Gescher was then taken to Regina Coeli's prison.

I should be grateful to the Ministry of Foreign Affairs if, in consideration of the above stated, they would kindly take the necessary steps with a view to obtaining Dr. Gescher release.

MEMORANDUM

The International Institute of Agriculture, which has its seat in Villa Umberto begs to make the following declarations:

Last Thursday at 6 o'clock a squad of agents of the Allied Police went to the residence of Dr. Norbert VON GESCHER, in Via Paolo Frisi, 5, and arrested him.

Dr. von GESCHER, of German nationality, is a Counsellor in this Institute, and as such enjoys the diplomatic privileges and immunities acknowledged by the law No. 1075 of June 30, 1930. He is in possession of the White Identity Card delivered by the Ministry of Foreign Affairs, and his residence is provided with a special card on the entrance door stating his diplomatic immunity.

Dr. von GESCHER explained the Police Agents these diplomatic immunities of his, but they declared that they could keep no account of them and drove him away, it is supposed towards the prisons of Regina Coeli.

The day after the arrival of the Allied forces in Rome, the President and the Secretary General of the International Institute of Agriculture were received by Captain Byler who introduced them to Col. Rowell, who, in his turn, gave them the amplest assurance that the diplomatic privileges and immunities of the Institute would be full recognised. Col. Rowell asked that the Institute should furnish a list of the non Italian functionaries whose activities at the Institute itself and the normal development of their life were not to be disturbed in any way. In fact, by the order of Col. Rowell were withdrawn the sentries that, in a first moment, had been put at the entrance of the Institute.

After the presentation of the list, the Allied Command delivered to the non Italian members, of the Staff a statement declaring that each one of them belonged to the Staff of the International Institute of Agriculture, and therefore enjoyed diplomatic privileges and immunities acknowledged by the Law No. 1075 of June 20, 1930.

Rev. to

At the moment of his arrestation Mr. von Gescher presented both his white Identity Card, delivered by the Italian Ministry of Foreign Affairs to all the Functionaries of I and II Category, and the statement of the Allied Command, duly signed and stamped, but the agents kept no account of either.

The Presidency of this Institute, taking the question in hand, came immediately into touch with the office of the C.I.C. in Via Sicilia, 57, where it was revealed that Dr. von Gescher had been arrested on the grounds that he belonged to the National Socialist Party.

The Institute cannot confirm it, and meanwhile Mrs. von Gescher declares that her husband never accepted the inscription card of that Party, even though on his trip to Germany in 1934 he had been compelled to make such a request.

For its part, the Institute is ready to affirm that during the period of German occupation Mr. von Gescher had been ordered to leave for Germany, as well as the other German Functionaries of the Institute; but he refused and eluded the departure by entering a clinic under pretext of an operation and afterwards kept hiding as best he could until the arrival of the Allies.

Mr. von Gescher belongs to our Institute since May 1, 1928 and never gave this Administration any whatsoever reason of discontent for political causes.

Since the beginning of this war, and also during the period of German occupation, the Institute succeeded in keeping free from any political worries, owing to its immunities and privileges, two English subjects, one Egyptian, several Russians, Belgians, Dutch, Norwegians, Iranians, as well as functionaries of Jewish origin.

For information's sake we wish to point out that the International Institute of Agriculture was conceived by an American citizen, David Lubin, and created by an International Convention, on June 7, 1905; later ratified by almost the totality of Governments among which all the Allied Nations. The depositary of this Convention has always been the Italian Government.

Under the pressure of all the Member States, the Italian Government decided to acknowledge the diplomatic privileges and immunities to the Institute and its Personnel of I and II Category, by the Law No. 1075 of June 20, 1930 (Articles 1 and 5).

MEMORANDUM FOR THE POLITICAL SECTION A.C.

The President of the "Istituto Internazionale di Agricoltura" has informed this Ministry with letter, translation of which is herewith enclosed, that Dr. von Gescher, Counsellor of the said Institute, has been arrested on the 12th inst. by Allied Police Authorities.

From information received it appears that the arrest was made by order of Colonel Snowden's office (Via Sicilia 57); that Dr. von Gescher has been in Rome for the last 12 years and that on April last he refused to leave Rome although instruction was given to him by the German Embassy to repatriate.

The Ministry for Foreign Affairs would much appreciate if the Political Section could kindly approach the competent Authorities with a view to obtain that Dr. von Gescher be possibly released. *Edm*

Law No. 1075. Concessions and Privileges accorded to the International Institute of Agriculture, as well as to its officials and to the Delegates of the Member States of the Institute. — 20 June 1930. — « Gazzetta Ufficiale », n. 190 (14 August 1930).

Art. 1. — The International Institute of Agriculture is granted diplomatic privileges in respect of its bureaux and archives.

Art. 2. — The President of the International Institute of Agriculture, if expressly authorized by the Ministry of Foreign Affairs, may make use of couriers for receiving and dispatching official correspondence with the adherent States of the Institute.

Art. 3. — The International Institute of Agriculture is granted, in accordance with rules to be laid down by the Ministry of Finance, exemption from customs dues in respect of any object belonging to the Institute itself and destined exclusively for its use but with the exception of all articles of consumption and of State monopoly.

Art. 4. — The delegates of the States members of the International Institute of Agriculture both to the General Assemblies of the Institute and to the Permanent Committee, when their status as such has been notified to the Italian Government, shall when in the exercise of their functions enjoy diplomatic immunities but with due regard, in the matter of taxation, to the provisions of article 7 below.

Art. 5. — The officials of the International Institute of Agriculture of the First and Second categories, when presented as such by the President of the Institute to the Ministry of Foreign Affairs, also enjoy within the Kingdom diplomatic immunities, but with respect only to such acts as they are called upon to perform for reasons of their office and within the exclusive field of their attributions, with due regard, in the matter of taxation, to the provisions of article 7 below.

Art. 6. — There is granted, with due regard of the rules and conditions to be laid down by the Ministry of Finance, exemption from customs dues in respect of all objects destined for the delegates of foreign nationality of the States members of the Institute on the General Assemblies and on the Permanent Committee when their status as such has been notified to the Italian Government.

Art. 7. — There may be further granted to the above mentioned Institute and to its delegates and officials, particular concessions, including those relating to taxation, by means of measures of an internal and administrative character taken by the Minister of Foreign Affairs in agreement with other Ministers concerned.

MEMORANDUM.

The Swiss Legation, Foreign Interests Division, presents its compliments to the Political Section of the Allied Control Commission, and has the honour to draw the attention of the Allied authorities to the arrest of a German citizen Norbert VON GESCHER.

Mr. VON GESCHER is employed at the International Institute of Agriculture, (the well known international organization), the staff of which was guaranteed by the Italian Government with Diplomatic privileges by special law of June 20, 1930.

The Swiss Legation, in dealing with Allied Interests during the last three years, had occasion to ensure, owing to the Diplomatic privileges accorded to the staff of the Institute, that two British subjects Miss McDONALD and Mr. CROLY, and an Egyptian national Mr. Isaac Balto, could remain undisturbed in Rome also during the German occupation.

The Swiss Legation would be very grateful if the Allied authorities could reconsider the case of Mr. Norbert VON GESCHER, and afford him the possibility of attending his works.

The Swiss Legation takes the opportunity to renew its thanks for the courtesy.

The Ministry for Foreign Affairs would be grateful if the Political Section could kindly approach the competent Authorities with a view to obtaining that the Italian citizen Dino GIACOBBE be authorized to repatriate from the United States.

Signor Giacobbe has been for many years a political exile, as leader of an anti-fascist movement in Sardinia and his return would be much appreciated not only for political reasons but also in his capacity of expert in agricultural works.

His present address is 81 West Twelfth Street, New York City.

The Ministry for Foreign Affairs thank in advance the Political Section for the interest they will deem fit to take in the matter.

SUBJECT: Welfare of Dino Giacobbe.

A communication has been received from the Department of State quoting an excerpt from a memorandum recently received from the Swiss Legation at Washington concerning the welfare and whereabouts of Dino Giacobbe:

"The Legation has now succeeded in locating Mr. Dino Giacobbe, whose present address is 81 West Twelfth Street, New York City. Mr. Dino Giacobbe and Dino Giacobbe di Nuaro are apparently the one and same person, the phrase 'di Nuaro' referring to Mr. Giacobbe's birthplace, which is Nuaro."

It would be appreciated if the substance of this message might be given to the Ministry of Foreign Affairs which inquired concerning the welfare and whereabouts of Mr. Giacobbe some time ago.

The request of the Italian Foreign Ministry for information concerning the present whereabouts of Dino Giacobbe di Nuaro, contained in PBS telegram No. 7020 of February 1, 1944, was transmitted to the Department of State by agram.

The Department has replied that it is communicating the request to the Swiss Legation in Washington, in charge of Italian interests in the United States, with the following comment:

"It is assumed that such information as the Legation may obtain with respect to the whereabouts of Mr. Nuaro will be communicated to the Italian Foreign Ministry through the channels of communication usually employed in connection with the representation by Switzerland of Italian interests in the United States. However, if the Legation so desires, the Department will transmit the Legation's reply through the American Mission at Algiers."

For your information, the Department adds:

"As long as Switzerland continues to represent Italian interests in the United States, such inquiries concerning welfare and whereabouts of Italian subjects in the United States should properly be made through Swiss channels. However, until the Department receives requested information from Bern, it is still uncertain with respect to Swiss Government's representatives in liberated Italy and its channels of communication with Italian Government. Pending clarification, you may continue to transmit through the Department such Italian welfare and whereabouts inquiries. Please keep Department informed of developments."

MEMORANDUM TO: Deputy Executive Commissioner (Col. Fiske)
Education Sub-Commission

SUBJECT: Visit of M. Gide to Italy

1. M. Gide is a very old, frail and distinguished Frenchman. Both on that account and because he is an ally, the Political Section would naturally wish to see his case considered as sympathetically as possible. But if you ask me whether the reorganisation of French schools and institutes is of "sufficient value to the war effort" for us to approve a visit, I can only say that we have not yet authorized anyone to come out on behalf of the British Council, precisely for the reason that the objects of the Council are for peace and not for war.

2. I do not see that M. Gide can claim preferential treatment and should be inclined to reply to A.S.H.C. that he should not be allowed to visit Rome until permission has also been given for British Council representatives to come to Italy.

MEMORANDUM FOR THE POLITICAL SECTION, A.C.

The Italian citizen Alberto Giuliana, born in Cairo and a resident of that city (Via Madabegh 15-A), at present living in Rome (Via Francesco Crispi, 36 c/o Bigliani) with his two children, has submitted a request to return to Egypt where his father and brothers are at present and where they own with him the firm "Ditta Giuliana Mobilificio e Tappeti", Via Maleha Farida, 24 - Cairo.

Signor Giuliana lacks at present of means of livelihood and, in order to live with his children, he is selling gradually the few belongings he was able to bring with him from Egypt; he wishes therefore to be allowed to return to Cairo in order to resume his normal activities.

Signor Giuliana's request is all the more of an urgent nature on account of his poor health conditions, and also because he intends to be reunited to his wife, who is also in Egypt and from whom he is legally separated.

MEMORANDUM FOR THE POLITICAL SECTION A.S.

The former Italian V. Consul in Barcellona, si. Luigi di Giovanni di Santa Saveria, during his journey of return mission was stopped at Algiers by the Allied Authorities on April 3rd and detained for 17 days in No. 203 P.O.W. Camp.

During this period of detention at Algiers we searched for several family documents abstracted. He intervened in their recovery Comandante Giuristi, liaison officer with the A.C., first at Algiers and subsequently at Caserta who was informed by him that the documents had been forwarded on June 2nd to the A.C.C. (Caserta) - Director of Communication - Sub-Commissioner - so that they should be returned to him.

The Ministry for Foreign Affairs would be grateful if the A.C. would take up the matter with a view to expediting the said documents and giving them back to si. Luigi di Giovanni.

The Soviet press service is sending an article entitled "Gorki in Italy", Author V. Antonov. Text follows: "Today, the 18 of June, completes 8 years to the day since the death of the classic of Russian literature, Maximo Gorki. This great Russian writer passed the greater part of his creative life in Italy. After the Russian revolution of 1905, Gorki was persecuted by the Tsarist authorities and emigrated to Italy, being afflicted with Tuberculosis. In spite of Italy's beauties, Gorki loved his country and the Russian people, which he had come to know so well as a wage worker. Gorki was always interested in the heroic struggle of the Italians for their liberation from the Austrian and Bourbon oppressors. He admired the Italian people."

Gorki was a friend of the struggle of the great builders of the Socialist Society, Tired, Lenin and Stalin. In his literary works Gorki shows the spirit of individualism. Not typical perhaps for this admirable man is the foresight with which he continually prevented the conspiracy of the intellectuals against mankind through Fascism. The powerful voice of Gorki has not perhaps called Europe and America to unite their forces against the true reaction of Hitler and Mussolini. He gains the collaboration today of progressive nations--he represents the realization of the spiritual testament of the great humanist, Tired. Ends. Lifsciz

ANKARA

Dear Mr. Lomax

Certainly you know that from about 5 weeks I am in Italy, and after a 2 months sejour in Egypt and Algiers, it was not permitted to me to get Lisbon.

Perhaps, instead do you know that notwithstanding all my sprightly instances I do not succeed to have again all my personal and business cards, documents and photographs that I delivered to you the 1th May in Ankara and you despatched to me in Cairo and later Mr. Owen send bak to you or to British Embassy in Ankara.

You can easily imagine that all those documents and photographs, that for you and for Allied Authorities had not importance, are instead for me very precious and important under all point of view.

Moreover you have a copy (photo) of all documents that may interest you, that I set to you by Mr. Buhagiar.

I am very sorry to disturb you again, but so I would have my documents again and I think that you will do that for me.

I beg you respectfully to send its for me to Mr. Caccia in Rome at A.C.C. Offices.

I hope to be favoured and I thank you very much. I hope, dear Mr. Lomax, that we can see again in a better time and conditions, and I beg you to accept my cordial salutations

SUBJECT: Personal Papers of Sig. r Luigi GORLA

TO : Political Section, HQ ACC

1. With reference to your memo of 29 Sept. 44 requesting whether or not this Subcommission, after perusal of the papers of Luigi Gorla, had any objection to their being returned to him, this Subcommission is pleased to state that no such objection is entertained and that the papers in question, so far as it is concerned, may be returned.

2. Originally the interest of this Subcommission in the case of Gorla was that it may have represented a possible means of obtaining raw cotton for the purpose of supplying the Manifatture Cotoniere Meridionali with raw material. In view of the report that the alleged stocks in cotton in Spanish territory are non-existent, the interest of this Subcommission naturally ceases.

3. Your kindness in bringing this matter to the attention of this Subcommission is greatly appreciated.

4. Your file on the subject and a sack containing the papers in question are returned herewith.

Re Luigi GORLA

The Political Section have now received the papers impounded from the above.

We should be glad if you could have a look at these and inform us whether there is any objection to their being returned to GORLA.

The allied authorities in Ankara and Algiers have no further interest in them.

Miss Cameron,

I attach despatches Nos: 1480/302 and 1490/306 from the Italian Ambassador at Angora for transmission to the Italian Ministry of Foreign Affairs.

2. I am also sending you under separate cover two packages of documents about the Gorla case. Presumably the appropriate Sub-Commissions should examine these and decide whether they should be sent to the Ministry of Foreign Affairs and returned direct to Gorla who, I understand, has been bothering your Section for them. The Allied authorities in Angora and Algiers have no further use for them.

Gorla as you may know was eventually allowed to go to Cairo from Turkey and he was recently taken off a Portuguese ship at Gibraltar when on his way from Cairo to Portugal and brought back to Algiers.

2. When he was in Cairo the censorship authorities made a very careful examination of his papers and came to the conclusion that he was nothing more than an adventurer and his pretensions to a particular knowledge and authority over Italian cotton stocks in Spain and Portugal were without foundation. His papers also showed that he had been trading with the enemy since the armistice.

3. The security authorities here have no particular interest in him and according to present arrangements he is to be sent back to Italy by air on July 11th next. You may like to inform the Italian authorities.

4. His papers have all been sent to the British Embassy in Istanbul (although he himself is not aware of this) for such light as they may throw on his relations with the Italian Embassy there.

In reply to your 51794 of 15 February.

Italian authorities confirm that Gorla was a member of the Instituto Cetaniaro Italiano but they have no precise information about any goods or foreign exchange held in Spain or Portugal in the name of the Instituto. Although nothing is known personally against Gorla, it is doubtful whether his journey to Spain would be worth while from Allied points of view.

The Industry and Commerce Subcommission suggest that in any case Gorla should first indicate places where he hopes to find goods so that Allied authorities can make independent preliminary enquiry. Subcommission also suggest that enquiry should be made from British or American consular representatives in the Canary Islands, where it is understood that ships with cotton from USA for Italy put in after Italian declaration of war on the USA and later ~~EXCEED~~ left for Spanish ports.

Dear Caccia,

I shall be much obliged if you can give your special attention to the following case.

Signor Luigi Gorla, a delegate of the "Istituto Cotoniero Italiano" of Milan, who was in Turkey at the moment of the armistice with a commercial mission on behalf of his concern, should now proceed to Spain and Portugal. The reason is that the "Istituto Cotoniero Italiano" still have in Spain and Portugal stocks and credits of a certain importance; that Signor Gorla is in possession of a General Power of Attorney of the "Istituto" and is perhaps the only person available who has full knowledge of its economic situation; that Signor Gorla, consequently is the only person in a position to recuperate the assets of the "Istituto", and certainly to avoid their being secured by the fascist authorities.

No doubts are entertained as to the full loyalty of Signor Gorla, who, incidentally, was never a member of the Fascist party.

It shall be much appreciated if you can be so good as to submit the case to the British competent authorities with a view to the granting as soon as possible the necessary visa and authorization necessary for Signor Gorla to travel from Turkey to Spain.

Thank you very much for your letter. It reminded me how anxious I had been in not letting you know before about Cimbrone. But until A.C.C. left Salerno it was in the good hands of old Pearson and he always assured me that he was going to send you a full report of his stewardship. Since then Maurice Lush has sent Drage down to Ravenna to ensure that all is still well and he tells me that he has already written to you. In case his letter has not arrived he is going to write again.

When you hear from him do please let me know whether there is anything further you would like me to do. You were so very patient and long-suffering with the way we all treated you and our first arrival was, shall we say, "abrupt". Manfred's good intention was partly responsible! Latest news from him is good and I gather that his first landing was a very brief show indeed for which I believe he was recommended for an immediate decoration.

I have not met Umberto Zanotti Bianco myself yet but second-hand news of him is good. In any case things are going his way these days and he has been appointed by the Government President of the Italian Red Cross.

You must be thankful the flying boats are finished with, at least for the moment. They must have made the rigours of Italy seem quite mild! I wish there was some chance of your coming back. So does Con Benson when I stayed with last week. He is on the Adriatic again and getting ready for the drive to Austria. Let's hope it will be a quick one.

The following is an extract from the S.C.A.O. Florence City's report for week ending 28th October which it is thought may be of interest to you. It refers to a meeting with Minister Gronchi on the occasion of the latter's recent visit to Florence.

"GRONCHI called at the office and was interviewed by the S.C.A.O. and the writer. He was obviously disappointed at the cancellation of the meeting but it was explained to him that this could not have been permitted as CARANDINI has not been allowed to speak and TOGLIATTI's indiscretion. At the mention of TOGLIATTI, GRONCHI said "well what can one expect" and pointed out that it seemed rather unfair on his party that he could not have been allowed to speak. The meeting from a chilled beginning took on a warmer aspect and interesting theories were expounded by him. The mention of the Prefect caused him to say that the Prefect was serving two masters viz. The Italian Government and A.M.G. He was after all in theory an A.M.G. Prefect and could not expect complete Government backing. When GRONCHI was asked what was the Italian Government's attitude towards the C.L.N. he replied that a statement would soon be made clarifying the position of Comitatus. He was asked for a forecast of this and stated that they would be a consultive body and that Prefects would be directed to use them as such, in the same manner as A.M.G. is using them at the moment, in Florence. In fact Prefects will be advised to accept nominations submitted by C.L.Ns in future liberated territories.

It agreed that Florence was an experiment in which the C.L.N. was strong and that many things were being learned to serve further north. He stated that Prefects further north should not be careerist but political men, as the further North one went, the more delicate would the political situation become."
