ADDRESS OFFICIAL COMMUNICATIONS TO  
THE SECRETARY OF STATE  
WASHINGTON, D. C.

DEPARTMENT OF STATE  
WASHINGTON

August 18, 1944

AIR MAIL

Dear Bill:

Vanni Montana, a recently naturalized American citizen of Sicilian origin, is leaving for Italy in a few days traveling as an employee of the O.S.S. He will probably not be in the theater more than three months and his visit will coincide with that of Luigi Antonini, the American Federation of Labor representative who is visiting Italy this month with the representatives of the British trade unions.

For your confidential information, Montana has been Antonini's assistant in this country. He has been the Secretary of the Italian Socialist Party and a member of the Board of Directors of the Mazzini Society, a Free Italian organization in this country. His affiliations have been with that wing of the Italian Socialist Party which refuses collaboration with Communists. Montana is bitterly anti-Communist to the extent of being almost fanatical on the subject. This is, of course, well known to Italian Communists and Socialists and may very well affect his usefulness as an observer and reporter on the British-American labor representatives' visits to Italy and on Italian labor conditions in general.

He has been helpful to us here and has, we believe, the true interests of this country at heart. Keeping in mind his prejudices, his reports should be of interest and possible use to you. He has your name and will come to call on you after his arrival in Rome. It is the understanding, I believe, that he will be able to furnish Kirk's staff with copies of the reports he makes to the O.S.S.

Montana may be useful to some of our people in the Labor Sub-commission. I suggest that you might put him in touch with the ranking American in the Labor Sub-commission if he has not already met him when he calls on you. I understand that he has a letter of introduction to General O'Dwyer.

Sincerely yours,

SUBJECT: Administration of the Property of  
the Late Prince de Montebello of San  
Michelo in Teverino.

TO : Italian Ministry of Foreign Affairs

1. At the time of the establishment of Allied Military Government in the Province of Viterbo Allied property was taken in control by Allied Military Government. This included the property of Prince de Montebello, a French Citizen of San Michelo, which is located in Teverino. Subsequently on November 14th, 1944 the Prince died but at that time no Administrator was appointed by the Allied Authorities. It was the intention, however, in accordance with the terms of the Prince's Will, to request the French Consul General in Rome to act as Administrator inasmuch as the property was French and the Consul General would be the best to make a report thereon to his Government.

2. This matter was held in abeyance until the present time when it is desired to undertake an administration of the property.

3. To avoid any difficulty or misunderstanding, now that the Province of Viterbo has reverted to Italian Administration, it would be appreciated by the Allied Commission were the competent Italian Authority to be notified that the French Consul General of Rome, M. P. F. March, has been named as Administrator of the above-mentioned Estate and should be afforded all facilities for carrying out this Mission.

THE NOTIFICATION

FRANCE CONSUL IN ROME

No 7/5/15

FRANCE AS, UMILO

Rome, 20 February 1945

Dear Colonel,

I have the honour to inform you of the following and to request your kind help in a question of French succession concerning subjects which are at present absent.

On the 14th of November 1944, Prince de MONTELOMON, French citizen, died in his property of San Michele in Leverine. His will was delivered to me for the opening. The deceased has left all his possessions (which in Italy consist of a large estate) to his daughter who at the present time is in France in a part occupied by the enemy.

For the safeguarding of the latter's rights and to defend the property from foreign ~~encroachment~~ <sup>involvement</sup> which the deceased pointed out in his will, might occur. I would be particularly grateful to you if you would take control of the subject property.

The Prince of Montelomon clearly specified on the envelope containing his will that he wished the French Consul in Rome to administer his succession; this could easily be done by virtue of consular conventions existing between France and Italy (convention of 1882).

~~However~~ <sup>Nevertheless</sup> in view of the present relations between France and Italy, the Italian authorities, without considering that the subject convention will fall due, decided that until normal relations between the two countries are re-established the terms of the said convention are temporarily suspended. This is the reason, my dear Colonel, for my requesting by virtue of the Inter-Allied proclamation which puts under your control the properties of Allied subjects that you take the necessary steps to respect the wish of the deceased and to appoint this Consulate to administer the succession.

I beg you to accept my best wishes

MEMORANDUM FOR THE POLITICAL SECTION A.C.

Signor Umberto MONTI, an Italian citizen, head of an exports firm in Tangier, has proposed to supply Italy with food and particularly dry fish, adding that he could also take care of its transportation, if need be, through a 300-ton fishing motorboat.

Signor Monti would be willing to accept the countervalue in goods and has shown interest in receiving citric acid, the production of which is now being resumed in Sicily.

The Ministry of Industry and Commerce has requested the revision of the Allied Authorities in order to examine said offer.

The amount of the transaction will not be beyond 300 tons.

Owing to the difficult food situation in Italy it would be desirable if Signor Monti's offer could be taken into benevolent consideration and the Ministry for Foreign Affairs thank the A.C. for the steps they will see fit to take in the matter. (Ins. EAS).

SUBJECT: Return of Mr. A. H. Morgan to Italy.

TO : C-5 Section, Allied Force Headquarters.

1. Public Health Sub-Commission and Commerce Sub-Commission, A. C., have recommended the return to Italy from the United States of Mr. Alfred Houlston Morgan, a British Citizen who has dedicated his active life to the pharmaceutical industry, especially in Italy where he is said to have created one of the most important firms in this industry - "Italo Britannica Menotti Roberts". This firm has close links with a number of Anglo-American pharmaceutical firms, some of which have given it exclusive agency for Italy and the manufacture of their well-known patent medicines.

2. The two sub-commissions consider that Mr. Morgan could contribute greatly to the war effort in his own particular sphere and, in consequence, Economic Section, A.C., recommends his return to Italy.

3. Political Section would appreciate being informed whether or not the entry into Italy of Mr. Morgan would be approved and, if so, it will attempt to arrange for his journey from the United States to Italy through the American Embassy.

from America I have received news of  
the BB's which I want to communicate  
you, although there is every chance that  
you have them already. Both my kind  
correspondents — Mr. Watfield and

news had spread of Mary B's death, for-

Aldrich adds that Mary is safely at her

"poor BB confined elsewhere". Do you

this time unexpected but very good, news  
is given by Miss Aldrich: that Marguerite

If you had any further news of  
the B.B., could you very kindly send  
them to me?

Believe me, please,

SUBJECT: Sig. Morra di Lavriano, Secretary General, Ministry of

TO : Mr. E. A. Casella, Political Section, Hq. ACC, Naples.

1. Mr. Morra di Lavriano came to see me this afternoon as he  
promised several days ago. Perhaps you would like to hear my im-  
pressions of our conversation.

2. He told me that Tarchiani had been the leader of the Justice  
and Liberty Movement which is still flourishing in Paris and Egypt  
(he said you showed him papers and books published by their newspaper  
in Cairo). We discussed this and that and he told me that the local  
Communism is anti-Fascist rather than a positive belief in a political  
economic doctrine and that, so far as he knew, was unaffected by direct  
Russian influence. He thought with me that the Third International  
was not dead, but sleeping, but he instanced the case of Arcoli/Togliat-  
ti as anti-rightist rather than inspired by a desire to flood Italy  
with Russian-made Communism. He told me (as you perhaps know) that  
his attitude at cabinet meetings has been most conciliatory as if he  
were feeling his way towards a compromise between his Russian taught  
ideas and their modification for local use. Mr. Morra had no idea  
of the strength of Communism in Northern Italy, but thought it had  
been exaggerated except in certain industrial centers such as Milan.  
Asked how deeply Italian youth had been impregnated with Fascist ideas,  
he told me that the rising generation (13 to 23 years) was curiously  
unaffected by it, though the older men who had felt the full force  
of the Fascist regime were either strongly in favour or as violently  
against it, but he did not believe (as I did) that the children had  
been hopelessly infected by the virus.

3. Mr. Morra is a cripple without any of the cripple mentality  
which I always associate with the disfigured. He speaks good English, b 4  
and has a pleasant manner, and superficially at least is anxious to  
help his country through its present bad moments. He is generous  
enough to admit that the present situation is Italy's own fault and  
hopes that, though his Latin compatriots are notorious talkers, they  
will not fall into the error of the Russian revolutionists of doing  
nothing else. He realizes that Italy is a poor country with few  
fertile areas and grave economic disadvantages; and I am glad to find  
that he is prepared to start, so to speak, from scratch. I think he  
is the kind of man it might be useful to cultivate if only for his  
cogent appreciation of the Italian leaders.
