Re: transference of party quarters for the
Action Party and Socialist Party

Sir:

According to the informations we gathered today the floor which is free in the building of Via Flavia (formerly a branch of the War Office) consists in 47 rooms plus one large meeting room. Consequently there is sufficient room to locate two party quarters.

The only difficulty at present is that the apartment, which is supposed to contain important documents, is closed and at the disposal of the Allied Intelligence. The British senior officer who was there today stated that the intelligence does not claim the apartment but only wishes to examine the documents therein.

Both the Action Party and the Socialist Party are ready to transference their headquarters from Via Lucullo 6 to the newly selected place at any time, as long as the Allied Intelligence permits the entrance into the place.

With kindest regards

As it has been decided not to provide any accommodation in Int. Buildings, I suggest you should write to the C.I.N. still them that we are unable to approve the use of the building in Via Flavia but that if or when they find alternative accommodation in private offices we will protect them against requisitioning.

MEMORANDUM

Naples, March 3, 1944

On the precise instructions of the Allied Supreme Command, and prompted by the desire of upholding the war effort of the United Nations, the Action, Socialist and Communist Parties, despite their absolute disapproval of the policy being pursued in Italy, have decided while awaiting the answer of the Allied governments to the concrete proposals put forward by the Executive Giunta for the solution of the Italian crisis, to suspend the demonstrations organized for Saturday, March 4 for a ten-minute suspension of work.

The three parties desire in this way to provide yet another proof of their complete support of the measures necessitated by the war, which is being fought against the common enemy.

In place of the suspension of work, the three parties are organizing a mass meeting which will take place in a large city square on Sunday, March 12. At the same time all necessary measures will be taken from March 13 to initiate a popular petition taken by signature.

This decision has been endorsed by the representatives of the workers' trade unions belonging to the General Confederation of Labor.

ITALIANI! LAVORATORI!

Churchill ha recentemente dichiarato che l'attuale governo Badoglio ha più autorità nel paese di quanta potrebbe averne un altro governo, affermando - sulla base di questo suo apprezzamento - che l'Italia continuerebbe a rimanere senza governo fino alla liberazione di Roma. E a Roma, sempre secondo Churchill, l'Italia non avrà un governo su basi nuove, ma semplicemente su basi più larghe.

LAVORATORI!

Questo falso apprezzamento rischia di fare al nostro paese un male incalcolabile. E quindi necessario dimostrare, subito, a Churchill e agli alleati che fissero altrettanto male informati, che il popolo italiano vuole:

- Mettere ai margini della vita nazionale, fino alla fine della guerra, la monarchia di Savoia, corresponsabile e complice del fascismo; - Costituire un governo anti-fascista, veramente democratico, che possa fare la guerra sul serio contro il Nazismo, epurare la vita del paese, dare inizio di soluzione alla disoccupazione e all'angosciata situazione alimentare, rappresentare fra gli alleati gli interessi del popolo italiano e non quelli dei suoi nemici.

Per dare questa dimostrazione, domandiamo a tutti gli operai, gli impiegati, i commercianti, i professionisti,

DI SOSPENDERE IL LAVORO PER DIECI MINUTI DALLE UNDICI ALLE 5354
UNDICI E DIECI DEL MATTINO, IL GIORNO DI SABATO 4 MARZO.

E per dimostrare a tutti che non si tratta di uno sciopero

o di un boicottaggio della produzione, ma soltanto di una manifestazione patriottica e anti-Fascista,

PROLUNGARE IL LAVORO PER UN QUARTO D'ORA DA MEZZOGIORNO A MEZZOGIORNO E UN QUARTO DELLA STESSA GIORNATA.

Paralizzando per dieci minuti la vita economica e amministrativa della città, i napoletani diranno a Churchill quello che vuole il nostro paese.

TRANSLATION

ITALIANS! WORK!

Churchill recently stated that the present Fascist Government has been subverted in the country then any other Government could have, affirming - on the basis of this affirmation - that Italy will continue to remain without a Government until Rome has been liberated. And at Rome, according to Churchill, Italy will not have a Government on a new basis but simply on a broadened basis.

WORKMEN!

This false affirmation runs the risk of doing our country irreparable harm. Hence it is necessary to show it once to Churchill and to the Allies that they may have been badly informed as to what the Italian people wants:

- Until the end of the war is placed to the side of the national life the Royal House of Savoy which was responsible for and an accomplice of Fascism: - To form an anti-Fascist and truly democratic Government which can prosecute the war in a serious manner against Hitler, purge the life of the country, undertake initial steps to solve the problems of unemployment and the various food situation, represent to the Allies the interests of the Italian people and not those of their allies.

In order to prove this we ask all workmen, employees, businessmen and professional men

TO SUSPEND WORK FOR TEN MINUTES FROM ELEVEN TO ELEVEN TEN A.M.
