October 11, 1944.

The Political Section of the Allied Control Commission presents its compliments to the Legation of Sweden and refers to its request for information as to the whereabouts of Consul Protto and family.

Word has been received from the competent authorities at Florence as follows:

". . . The Swedish Consulate at Florence have no knowledge whatever about him. As he has never contacted the Consulate there, they feel confident that he can not be anywhere in the neighborhood, but say it would facilitate inquiries if they knew at what place he was acting as Consul."

Upon receipt of further information, the Political Section will transmit it in an effort to obtain the desired information.

With reference to your memorandum of September 9th asking us to enquire concerning the welfare and whereabouts of Swedish Consul Protto and family on behalf of the Swedish Minister, enquiries made in Florence have elicited the fact that the Swedish Consulate there have no knowledge whatever about him. As he has never contacted the Consulate there, they feel confident that he cannot be anywhere in the neighbourhood, but they say it would facilitate enquiries if they knew at what place he was acting as Consul. Can you obtain this information from the Swedish Minister and pass it on to us for transmission to Florence.

Attention Major Knauer.

1. The attached letter from the Swedish Consulate has been received at this office with the request that the message be transmitted by us on their behalf.

2. On the removal of HQ ACC from Naples, Region 3 was requested to handle the incoming and outgoing cables of various Italian organizations but no mention of allied or neutral consulates was made. Further, this headquarters was not provided with a list of those Italian organizations for which ACC Main had been providing this service.

3. It is therefore requested that such a list be forwarded to this office together with particulars of procedure in regard to cables emanating from various Consulates for destinations within and outside Liberated Italy.

4. It is hoped that this matter be treated with urgency for there is every likelihood of messages being held up pending a reply.
