1. Delicate situation has arisen regarding position of General Solodovnik and his two aides, Golubev and Belobokov. Solodovnik was apparently intended by Russians as permanent member of Commission and this is his understanding of his status. Vyshinski has raised this matter at Advisory Council and British and American Ministers here have advised their Governments and asked for instructions.

2. This Headquarters has asked to be consulted before any status is accorded to Russian Representatives.

3. Pending decision of this matter, consider inadvisable that Solodovnik and aides should be despatched to Algiers unless willing to go. They should therefore either be accommodated locally, or preferably arrangements made for further tour in occupied territory for present.

4. As regards Sudakov he should join Displaced Persons Sub-Commission earliest.

Dear General Susloparov:

During our recent conference you informed me that you planned to include in your staff eight Soviet officers as assistants in addition to your aide-de-camp. In order that I might be clear on the position of the Soviet member of the Allied Control Commission, I have reviewed the terms of reference of this appointment which were sent to the Commission on 26 January 1944 by Allied Force Headquarters.

The instructions were to the effect that the Combined Chiefs of Staff had approved the appointment of a Soviet member of the Allied Control Commission for Italy with statement of functions as follows:

"The functions of the Soviet member will be consultative. You will accord him access to information on all aspects of the Commission's work and he will have the right to make suggestions to the Deputy President of the Commission."

I referred the matter of an increase of eight additional officers in your representation to the Supreme Allied Commander Mediterranean. I have now been directed that I must await instructions before permitting any of the additional officers to take up any duties with the Allied Control Commission.

Pending a decision and clarification on this matter, it is considered that care for the additional officers should not be requisitioned. Information has also been received that the Supreme Allied Commander Mediterranean has decided that no more villas are to be requisitioned in Rome, but pending his further instructions as to the status of the four additional officers who have already arrived, we shall be glad to accommodate them in a hotel.

I will give you further information with respect to these matters upon receipt of a decision from SACMED.

Yours very truly,
