"Investigating Committee ascertained several cases when Italians were compelled by Romanian police or Fascist employers to obtain Fascist visa on passport. In this case, as in others, when Fascist visa was required only for proved unavoidable trips to Northern ITALY, Italians have already been restored some position other loyal subjects.

"Remains large group mostly working people who on account residence mentally unpreparedness or particular occupations applied to Fascist Consulates for ordinary assistance and had no other contact Neo Fascist movement. According to Committee such persons cannot be considered as Neo Fascist. Owing to growing pressure brought by political situation against Fascists it is urgent to distinguish those Italians from others who were active and really responsible.

16 December 1943

His Excellency Don Renato Prunas
 Secretary General, Royal Italian Ministry of Foreign Affairs

The following message to Royal Italian Government has been
 received from Magistrati from Bern:

"Order 2045 dated December 8: Our Legation in Budapest
 maintains normal activity and apparently no attitude against it
 has been adopted by Hungarian Government according to information
 now received from there.

"Our Minister's situation in Bucharest still favorable and
 Swiss have been confidentially notified by Rumanian authorities
 that they would not oppose safeguard of our interest by the Swiss
 if situation deteriorates. In Bulgaria conditions not so good
 for reason that the Fascist Republican Government apparently
 has been recognized by the Bulgarian Government but it is reported
 that at Sofia welfare of loyal staff is satisfactory."

Telegram number 28 of December 10th from the Italian Ambassador at Ankara is to the Italian Ministry of Foreign Affairs.

1. Reference your telegram number 103. I await the Turkish Government's reply to my formal request regarding the protection of Italian interests in Bulgaria and Roumania. Cairo meeting and Minister of Foreign Affairs absence have evidently held the matter up.

Italian Ambassador at Madrid wishes following message number 1027 dated 6 November, be sent to Marshal Badoglio:

I hasten to report that Italians in Spain have been much alarmed by recent broadcasts about the possibility of the kings abdicating in favour of his grandson and of your resignation. Many Italians both Military and civilian have as a result gone over to the Republicans. I have redoubled my efforts to ensure their loyalty but I trust that I may receive reassuring news with the least possible delay. Most Italians here are united in their belief that our country's best interests can only be served by the kings wisdom and your own. They consider that regency would undermine stability of our fundamental institutions and might even result in domestic disorder. My own actions have up to now been motivated by precisely those sentiments. I suspect that this discouraging news may well be the explanation of the stiffening attitude of the Spanish authorities in various matters which are at present under negotiation (please see my telegram number 226). This news, coming at the same time as the publication of the decisions of

the Moscow Conference, as interpreted by the Spaniards, may prejudice the establishment of good political and economic relations which were in process of formation as result of your actions and the turn of events in the war against Germany.

King's abdication would seriously affect position of the Royal Representatives in neutral countries, some of which (almost certainly including Spain) might refuse to accept new credentials and would thereby afford excellent opportunity to German agents of so-called Republican Government to seize Italian interests.

FATIMA FOR JOYCE FROM G 2 FREEDOM SIGNED CINC CITE FHGBI. I am informed by Director-General of Political Affairs in the Spanish Ministry of Foreign Affairs that his government have been asked to recognize Count Ruggeri Di Villanova as Minister Plenipotentiary of the Republican Government. I have conveyed orally and in writing protest of Royal Government against recognition of any agent of Mussolini's Government and have requested U S and British Ambassadors to support me in this demarche.
