DISTINGUISHED CONDUCT

T/133732 C.S.M. BOWNE GW RASC

On 28 Jun 44 NOLA Town Police received information that some deserters and armed civilians were running contraband in the vicinity of MUGNANO.

They approached the 422 Coy RASC for transport and assistance.

The only person available was CSM BOWNE and he volunteered to accompany them, knowing that on a previous occasion when an attempt had been made to apprehend these men, the police had been fired upon from close range.

They proceeded to MUGNANO and eventually found a camouflaged WD vehicle. CSM BOWNE agreed to hide in the vicinity of the vehicle while the police made further search in houses which had been indicated to them. At approx 2000 hrs a civilian approached the vehicle and was duly apprehended by CSM BOWNE. About 2100 hrs two more civilians approached the vehicle making calling sounds. CSM BOWNE apprehended these two civilians also. At approx 2130 hrs a further civilian approached the vehicle and CSM BOWNE after a chase of some considerable distance eventually apprehended this man also.

The arrest of these four men and the information they have supplied has resulted in the recovery of considerable quantity of WD material and has been instrumental in breaking up a considerable Black Market in this Area.

The Area Commander directs that an entry be made on the conduct sheet of this Warrant Officer in accordance with paras 1715 and 1718(b) (XVII) KR 1940.

802. DESPATCH OF OFFICIAL MAIL

It has been noticed that units when re-using old envelopes for the despatch of correspondence through Signal and APO channels do not in every case obliterate the former address, with the result that Signals and APO are unable to decide for whom the package is in fact intended.

Units will in future ensure that this does not occur.

AUTHY: MODERN Signals 86288 G4 of 22 Mar 44 and 84516 AG4 of 5 Apr 44
DEFENCE INDIA signal 3937/AG 10 8 of 6 Apr 44.

War Office has approved the grant of 61 days leave to EOs and EORs, Indian Army and Indian Unattached List to UK and India. This leave is granted under the same conditions which render personnel of the British Service eligible for repatriation under the PYTHON scheme.

While it is desired that all qualified personnel should eventually obtain leave under this scheme, at the same time, it is pointed out that leave is a privilege, and therefore cannot be allowed to interfere with duty, in any way.

Conditions for grant of this leave are as follows:

(a) Length of continuous service ex UK (or usual country of domicile or residence) must, for the present be the primary condition.

(b) The above does not, however, affect the grant of 28 days leave on compassionate grounds, which will be considered separately and granted under the same conditions as heretofore. Grants of compassionate leave will not count against the leave quotas detailed below.

(c) Consequent on para (a) and excluding grants of leave under para (b):
  (i) No one with less than five years ex UK or country of domicile or residence will be considered, even where there exist attendant compassionate grounds.
  (ii) When the five year condition is fulfilled, actual length of time away remains the deciding factor; for example the individual with six years absence and no compassionate grounds has priority over the one with five years and compassionate grounds.

680. **RETURNABLE 4-GALLON CONTAINERS.**

Reference AFOs 693 and 767/44.

(a) With the present extended L of C it is more than ever essential that every serviceable container is made available for refilling and re-issue to forward units.

(b) The following factors are still hindering the circulation of containers:-

(i) The holding by units of private reserves of petrol which are never used.

(ii) Individual vehicles are carrying spare containers against emergencies which never arise.

(iii) Containers are still being misappropriated and even given to civilians.

(c) Every effort will be made to return all possible containers to NAFTA Installation NAPLES (MR252495). (0595)

855. CENSORSHIP OF AIR LETTERS

(a) Air Letters of other ranks (Army Form W3077) formerly known as Air Mail Letter Cards are NOT subject to unit censorship except as stated below at para (c).

(b) Air letters of other ranks not subject to unit censorship will carry the same certificate on the backs as "Green Envelopes" signed by the writer with his name only

"I certify on my honour that the contents of this envelope refer to nothing but private and family matters".

(c) The above certificate may be printed on the back of air letters under formation or unit arrangements, or may be written on by the sender.

(d) Officers will continue to frank their own air letters under present regulations.

(e) Under authority 3 District Routine Order 235/44, to enable writers of air letters to include matters not relating to private and family affairs and to use air letters for relating personal experiences in battle within the limits laid down from time to time in HQ AAI Routine Orders, air letters may be used to relate authorised personal battle experiences provided they are submitted for unit censorship. In such cases the "declaration" on the back of the air letter will be struck out by the sender and the air letter left unsealed. It will then be unit censored in accordance with normal censorship regulations.

865. BREAD STORAGE.

(a) Existing bread storage arrangements within Units in many cases are below the standard required to keep bread in good condition.

(b) In view of the prevailing warm weather and the extremely perishable nature of bread, the utmost care should be taken with storage arrangements.

(c) The following instructions will be complied with by all units:-

(i) The bread store will be dry, cool and well ventilated.

(ii) Bread will not be kept in sacks, tea chests or boxes. If any of these containers are used for the collection of bread, the loaves will be transferred immediately on arrival at Unit Ration Store on to racks which should be constructed to allow adequate circulation of air. Fly proofing will be carried out by draping muslin or mosquito netting over the racks.

(iii) Bread racks will be thoroughly scrubbed before stacking with fresh supplies, and each issue of bread will be stacked separately from previous issues so that a systematic turnover is effected.

(iv) Bread will not be stacked more than three loaves high on each shelf to avoid loaves being crushed.

BRANCH OF THE QUARTERMASTER GENERAL

865. BREAD STORAGE.

(a) Existing bread storage arrangements within Units in many cases are below the standard required to keep bread in good condition.
(b) In view of the prevailing warm weather and the extremely perishable nature of bread, the utmost care should be taken with storage arrangements.
(c) The following instructions will be complied with by all Units:-
(i) The bread store will be dry, cool and well ventilated.
(ii) Bread will not be kept in sacks, tea chests or boxes. If any of these containers are used for the collection of bread, the loaves will be transferred immediately on arrival at Unit Ration Store on to racks which should be constructed to allow adequate circulation of air. Fly proofing will be carried out by draping muslin or mosquito netting over the racks.
(iii) Bread racks will be thoroughly scrubbed before stocking with fresh supplies, and each issue of bread will be stocked separately from previous issues so that a systematic turnover is effected.
(iv) Bread will not be stacked more than three loaves high on each shelf to avoid loaves being crushed.

(Q.504)

866. WIRELESS SETS - REPAIR AND SUPPLY.

(a) AFO 703/44 is cancelled.
(b) Attention is drawn to GRO 326 of 1944.
(c) Sets for repair will NOT be handed in direct to REME workshops. AF G1045 completed in accordance with AFO 703/44 will be submitted in the first place to AEME 57 Area, who will notify units when and where to hand in sets for repair.

(Q.503/1)

867. CONSERVATION OF BEER BOTTLES AND CASES.

(a) It is essential that the maximum number of beer bottles and cases are returned to NISs.
(b) The number to be returned when drawing further supplies of beer is that obtained on the previous all ration, irrespective of whether this is greater or not than the number being drawn.
(c) Invoices will be produced to confirm quantities previously drawn.
(d) Up to 3% breakages will be allowed.

852. E.P.I. SUPPLIES

(a) To economise in transport and time, units will draw EPI supplies from DISs at stipulated times.
(b) The time at which a unit is to draw is now exhibited at each DIS, and units will be informed by DISs when these times of drawing come into force.
(c) In view of the frequent changes involved it is impossible to publish these times in AROs. The times communicated to units by EPI however, have the force of an order from 57 Area and will be complied with.

(Q 516)

853. SPARKING PLUGS

(a) Units when indenting for Sparking Plugs for 'A' and 'B' vehicles will always demand the correct type as shown in the makers Parts List or Instruction Book.
(b) An alternative type which can be used in lieu will also be stated on the indent in case the correct plug is not available.
(c) Units will NOT indent for an alternative instead of the correct type of plug.

651. REQUISITIONED VEHICLES.

Reference (Q 506/5).

(a) Units holding requisitioned vehicles authorised by 57 Area in excess of W.E., will in no circumstances take such vehicles away from the Area when moving unless prior authority is obtained. This authority will only be given in exceptional circumstances. Applications will be submitted to "Q" Branch 57 Area stating reasons for the necessity to take the vehicle.
(b) Requisitioned vehicles will NOT be handed back to civilian owners without reference to this HQ.

(Q 506/5)

652. E.F.I. SUPPLIES.

(a) To co-ordinate in transport and thus, units will draw EFI supplies from EISs at stipulated times.
(b) The time at which a unit is to draw is now exhibited at each EIS, and units will be informed by EISs when these times of drawing come into force.
(c) In view of the frequent changes involved it is impossible to publish these times in AFOs. The times communicated to units by EFI however, have the force of an order from 57 Area and will be complied with.

(c) Units will NOT indent for an alternative instead of the correct type of plug.

(Q 507/1)

654. SCALES OF CLOTHING.

294

(a) Many units are holding clothing in excess of the scale laid down in GRO 370/44. This is due in some cases to a mistaken impression that scales applicable in other theatres of war, from which units have come, apply in Italy.

(b)/.....

Declassified E.O. 12356 Section 3.3/NND No. 785016

(h) Some units are holding 10% reserve clothing instead of the authorised reserve of one month's supply, based on the average of the previous six months consumption. (War Clothing Reg 1943 para 11).
(c) It is emphasised that with the supply position becoming more difficult the scales allowed by the above orders and regulations must not be exceeded. All surplus stores will be returned to ASD 557 AOD as soon as possible.

DISTINGUISHED CONDUCT

T/167599 Dvr CADDICK J - RASC

On 8 Jul 44 whilst delivering a load of petrol the vehicle driven by the above named driver caught fire. The flames spread to two celluloid side curtains lodged between the cab and the spare wheel, which burned fiercely the flames licking up and around the tins of petrol that formed the load.

At great personal risk Dvr Caddick fought the flames with extinguishers and by throwing earth on them until finally the fire was extinguished. Twice, with complete disregard for his own safety, he crawled under the vehicle in an attempt to extract the burning curtains. By his efforts he undoubtedly saved his vehicle and load.

The Area Commander directs that an entry be made on the conduct sheet of this man in accordance with paras 1713 and 1718(b)(XVII) KR 1940.

829. BLACKOUT PERIODS

Blackout period for British buildings and installations for fortnight commencing 1 Aug 44 will be from 2045 - 0530 hrs.

British vehicles will carry lights as authorised during the period of blackout, and British buildings and installations will be blacked out in accordance with ARO 818/44.

(G156)

830. EMPLOYMENT OF CIVILIANS - "VETTING"

ARO 11/43 is cancelled.

(a.) The following particulars of civilians whom it is desired to employ will be submitted to G Branch HQ 57 Area in triplicate:-

(i) Surname

  (viii) Date of Birth
  (iix) Capacity in which employed.

(b) Only personnel such as clerks, interpreters etc., who will have access to office information need be "vetted". Labourers, drivers and similar workmen cannot be "vetted" owing to the large numbers employed. Units in doubt regarding the need for "vetting" in any particular case will submit particulars as above.

(c) It is pointed out that "vetting" is not an absolute guarantee of a person's integrity and it is the employing unit's responsibility to ensure that the civilian has access to the bare minimum of information necessary for his or her work.

(d) In no circumstances will a unit deal direct with a Field Security Section regarding "vetting" nor will the person concerned be sent to G Branch with the request that he or she be "vetted".

834. COURTS OF INQUIRY

Few Courts of Inquiry submitted recently to HQ 57 Area have complied in all respects with the provisions of Appendix 'B' to DRO 19/44. This has involved much waste of time and correspondence in returning proceedings to units for correction.

This has been particularly noticeable in the case of losses by theft. Part III of Appendix 'B' para 5 which refers is accordingly re-published below for future compliance.

Part III Para 5 of Appendix 'B' to DRO 19/44.

5. In all cases of suspected theft, the following procedure will be adopted for reporting the matter:-

(a) CO's will report the loss to the nearest DAPM informing him whether or not the Civil Police is being informed direct.
(b) The DAPM will be responsible for conveying the information to the SIB.
(c) A witness from CMP or SIB will give evidence at the Court of Inquiry or a report from CMP or SIB will be attached to the proceedings. (A24)

838. REFUSE DUMPS

(a) Difficulty is being encountered at several of the Military refuse dumps in the Metropolitan Area of NAPLES due to the practice of drivers of military vehicles picking up civilian salvagers at points near the refuse dumps, carrying them into the dumps to unload their vehicles and permitting them to salvage the contents of the vehicle.

(b) This practice will cease. All drivers of military vehicles carrying refuse to dumps will furnish their own unloading parties from unit personnel or from civilians actually employed by the unit. No other persons will be permitted on the vehicles and no salvaging of the contents will be permitted by any civilians. Under no circumstances will drivers allow materials to be thrown off their vehicles to civilians loitering in the vicinity of the refuse dumps.

ROUTINE ORDERS

Serial No 66 Brigadier ~~J.C. Bruxner-Randall~~

Commander 57 Area.

DISTINGUISHED CONDUCT

17C124 Cfn SMITH A - RME
6214874 Cfn PEARSON J - RME

On or about 16 May 44 Cfn SMITH and Cfn PEARSON were approached by Italian civilians who offered them a large sum of money if they would assist the Italians by providing transport for Black Market activities. Without hesitation the two soldiers reported the incident to their Commanding Officer. In co-operation with Allied Control Commission a trap was laid as a result of which six Italians were arrested and charged with serious Black Market offences concerning the sale of large quantities of grain. All the Italians were convicted and received terms of imprisonment of from 9 to 18 months, in two cases with a fine of 50,000 lire.

The arrests were made possible by the initiative and unstinting assistance given by Cfn SMITH and Cfn PEARSON who took substantial risks in working with the Italians until the case was complete. Their work, the whole of which was done at night, included two trips between NAPLES and FOGGIA for the purpose of carting illicit grain to the NAPLES Black Market.

The Area Commander directs that an entry be made on the conduct sheets of these two men in accordance with paras 1713 and 1718 (b) (XVII) K.R. 1940.

301. COMMUNICATIONS - DAMAGE BY CARRIER PIGEONS.

(a) There have been a great many cases recently of interruption to long distance telephone and telegraph communications due to telegraph poles being knocked down by vehicles.

(b) Long distance communications can only be provided in the first instance by means of copper wire built on pole routes of either heavy or light construction.

(c) The knocking down of one pole usually causes several more to collapse, and not only is considerable expenditure of time and labour necessary to restore the route, but further delay is caused by the electrical realignment of the carrier equipment which provides the long distance telephone facilities.

(d) The act of one careless driver in colliding with a pole or stay (guy) wire can cause interruption for several hours to important channels of communication. It is the duty therefore of all drivers to exercise the utmost care to avoid damage to telegraph poles and other line communication equipment.

(e) Drivers of vehicles causing such damage will report details and exact location thereof to their unit, who will report the matter forthwith to 57 Area Signal Office, Tel 22.

(f) The Commander in Chief has directed that all commanders ensure the most strict compliance with the above orders.

803. FLY CONTROL AND PREVENTION OF DYSENTERY.

(a) Notes for fly control and the prevention of fly borne disease are attached as Appendix 'B' to these orders.

(b) Recent inspections have shown that with the fly breeding season now well advanced the standard of anti-fly measures adopted by many units is not sufficiently high. Whilst it is appreciated that shortage of labour and materials has hindered this work, much can be done by units through improvisation, using materials readily available. It is essential that improved anti fly precautions are

(b) Unit Commanders will therefore examine their holdings and return any surplus to ADOS Dump.

(c) In considering the matter it should be borne in mind that many units are occupying premises where requisitioned and improvised equipment renders WD Stores surplus to essential requirements.

AMO 803 dated 14 Jul 44.

Notes for fly control and the prevention of fly borne disease

COOKHOUSES AND DINING HALLS

(a) Preparation rooms, food stores, and if possible dining halls and cookhouses must be made fly proof. A great deal can be done without the use of wire gauze, for example, unserviceable mosquito nets or hessian or washed sacking can be used in lieu particularly for doors where hessian or sacking can be used to replace wooden panels to increase ventilation. Doors can easily be made self closing by the use of a strip from the wall of a car tyre nailed on at the hinge end to force the door closed. Where a door cannot be made, the hanging at the entrance of a salvaged mosquito net or a wide meshed net such as unserviceable camouflage netting is most effective.

(b) Dining halls and preparation rooms should always be kept darkened during the day as flies will shun a darkened room.

(c) Flitting, morning and evening or oftener if necessary should be carried out. Care must be taken to protect food and utensils from the falling spray.

(d) Full use must be made of Flypapers and Fly swats. Swatting and flitting before a meal followed by the scrubbing of table tops with 1% creosoli, and the darkening of the room is often most effective.

(e) Cooks must be supplied with clean clothing, and facilities for scrubbing the hands on each occasion that the cooks enter the cookhouse area must be provided.

(f) The area round the cookhouse and particularly in the area of the swill bins which must be provided with a closely fitting lid must be kept scrupulously clean; no refuse of any sort must be left uncovered near the cookhouse.

(g) Fly traps should be widely used. They may be obtained either from Ordnance or through Ed Hyg or D'd San Secs.

DISPOSAL OF REFUSE

(h) Every scrap refuse, swill, and all tins must be incinerated. Wet refuse and swill can very often be burned after the supernatant fluid has been drained off into a soakage pit, provided that it is mixed with dry combustible refuse. Refuse should be incinerated as quickly as possible and must not be allowed to accumulate.

LATRINES

(j) All latrines must be flyproofed. Attention to detail is of paramount importance. Lids should be made self closing using two strips of rubber from the walls of car tyres in place of hinges or in addition to. All cracks resulting from the warping of the timber must be covered over. Strips of tin made from opened out tin cans nailed over the cracks are all that is required for this. Fly traps should be incorporated in all latrines. A drip can containing 1% Creosoli solution three table spoon fulls to the gallon of water should be hung in the latrine. Three drops of this solution rubbed well into the hands will sterilize the hands after defaecation.

STERILIZATION OF MESS MESSING UTENSILS.

(k) Sterilisation of mess tins must be carried out before and after meals. Sterilization after meals can either be done by the 3 container method using soapy water and boiling water or by the two container method, the second container holding a strong solution of WSP one teaspoonful to 3 galls water. Sterilization before meals is carried out by each man dipping his mess tin into container of boiling water. Advice on matters of fly proofing and or improvisation can be obtained from either GC 62 Fd Hyg Sec in NAPLES or GC 15 Fd San Sec, The Monastry, Centivano near Caserta.

781. MEDICAL SUPPLIES.

All demands for medical supplies from units without a Medical Officer on establishment will be submitted to ADMS 57 Area for approval.

Units are reminded that insofar as treatment for civilian employees is concerned the Army's responsibility is restricted to immediate first aid for injuries received during the course of the individual's employment, and to such measures as are necessary from a humanitarian point of view in respect of road accidents, etc. Treatment other than that outlined above is not an Army responsibility.

(A41)

782. REINFORCEMENTS.

Cases are repeatedly occurring of units failing to collect personnel from Reinforcement Depots, Transit Camps and the Reinforcement Re-allocation and Training Centre, when instructed to do so by Reinforcements CMF. Units will ensure that orders for collection of such personnel are carried out at the time and date stated in instructions issued by Reinforcements CMF. If units are unable to carry out any particular movement instruction, they should immediately notify Reinforcements CMF (Staff Capt Movements) when other arrangements will be made.

767. POL RETURNABLE CONTAINERS - CONSERVATION OF.

GRO 417/44 is republished hereunder :-

The "flimsy" or 4 gallon non-returnable tin is now virtually non-existent in this theatre. Fuels and most lubricants are now packed in barrels or smaller heavy gauge returnable containers.

These containers are not only of considerable intrinsic value, but the raw materials required in their manufacture are critically needed for other items of munitions. Wastage must be avoided.

To ensure adequate stocks for future operations, it is essential that such containers are not mis-handled or misused.

The following rules will therefore be enforced :-

(a) RETURN THOSE EMPTIES

Barrels, Jerricans, Amerricans and all other types of small POL containers fitted with 2 inch bungs must, when empty, be returned for refilling.

(b) HANDLE THOUGHTFULLY

(i) Cans must not be thrown about, nor will barrels be dropped fro

GRO 417/44 is republished hereunder :-

The "flimsy" or 4 gallon non-returnable tin is now virtually non-existent in this theatre. Fuels and most lubricants are now packed in barrels or smaller heavy gauge returnable containers.

These containers are not only of considerable intrinsic value, but the raw materials required in their manufacture are critically needed for other items of munitions. Wastage must be avoided.

To ensure adequate stocks for future operations, it is essential that such containers are not mis-handled or misused.

The following rules will therefore be enforced :-

(a) RETURN THOSE EMPTIES

Barrels, Jerricans, Amerricans and all other types of small POL containers fitted with 2 inch bungs must, when empty, be returned for refilling.

(b) HANDLE THOUGHTFULLY

(i) Cans must not be thrown about, nor will barrels be dropped from vehicles. If skids for barrels are not available or cannot be improvised with lengths of timber or light railway track, resort will be had to one of the following alternatives :-

(1) Lower and secure the tail board at an angle of about 135 degrees and lower the barrel down. .70

(2) Back the vehicle up to and unload on to an earthen bank.

(3) Lower the barrel on to a cushion consisting of a bundle of sacking or sack of straw or earth, or a patch of soil loosened with a shovel.

(ii) Containers will be opened by unloing the closure; holes will not be punctured.

Declassified E.O. 12356 Section 3.3/NND No. 785016

(iii) Bungs and caps will, when the container is not in use, invariably be replaced and firmly closed ; chains and cross bars will not be detached from containers except by RASC repair units.

(c) AVOID CONTAMINATION

To avoid ingress of water, all barrels and smaller containers with bungs situated in a recessed head will be belly stacked, i.e. on their sides, with bungs top dead centre.

(d) USE POL CONTAINERS FOR POL ONLY

(i) Certain small containers are treated internally with a petrol resisting lacquer which is disolved by water; moreover, WD petrol contains tetra ethyl lead which is highly poisonous. POL containers, therefore, will NOT be used for water.

(ii) Jerricans type water cans notified in GRO 290/44 and other 2 gallon water cans will NOT be used for petrol. The Jerrican type is treated internally with a rust preventative which is not impervious to petrol.

(iii) Returnable containers must not be used for the variety of purposes permissible in the case of non-returnable tins, such as seats, supports for tables and beds, earthworks, etc., only containers beyond repair and supplied by Salvage may be used for such purposes.

(e) DON'T CARRY MORE SPARE CANS THAN ESSENTIAL.

The number of Petrol Points established throughout the theatre should normally obviate the necessity for carrying spare petrol.

(i) All fuel containers in excess of authorised vehicle equipment will be returned to the nearest RASC Petrol Unit.

(ii) Outside of Army areas, the authorised scale of spare containers will not be carried filled, except where specially authorised by an Officer as necessary for the journey.

(iii) The carriage of filled containers in excess of the authorised scale for a specific journey requires the authority of the Army or District Commander, which authority may be delegated to Divisional or Area Commander.

(iv) Officers and NCOs i/c Petrol Points located outside of Army areas will not fill containers, except on production by the driver of written authority to carry spare petrol for the current journey as shown on his work ticket.

This order supersedes GROs 109, 243, 280, 426, 660 and 665 of 1943, which are hereby cancelled.

To be repeated in Formation and Unit Orders.

(A.507/10)

737. NAAFI - BEER ISSUES.

(a) Since at present there is no prospect of any immediate improvement in beer supplies, the following explanation of the situation has been given by NAAFI.

(b) About six weeks ago a letter was received from NAAFI HQ, London, stating that owing to difficulties in obtaining bottles, beer shipments from Canada were falling off by over 100,000 cases per week, and that beer must be expected to be in very short supply for a period of at least three months. A further communication has been received from NAAFHQ to the effect that there is still no improvement in sight.

Declassified E.O. 12356 Section 3.3/NND No. 785016

(c) For the past five weeks all beer has been sent to the troops forward of Army and Corps boundaries, with the exception of the British share of the local beer from the BARI brewery, which is unsuitable for travelling. This has been issued to BARI Rest Camp and Operational Air crews in the FOGGIA Area, and the small remainder locally in the BARI Area. Otherwise L of C Troops have had no beer for five weeks.

(d) Dues in for June are equivalent to 1 bottle per head, and these supplies will be issued on a general basis to all British Troops.

(e) There is a possibility of a further supply coming from the TUNIS Brewery which may make possible a restricted issue later in the month.

(f) Local production of beer is hampered by lack of certain essential commodities, which cannot be obtained locally. The position has been represented to AFHQ and HQ NAAFI London are endeavouring to make good this position. It is in addition hoped that the supply of imported beer will improve.

(Q.516)

738. ANTI-MALARIAL SUPPLIES.

(a) An early issue of Insect Repellant Individual Containers on a scale of one per man will be made from DIDs.

(b) These containers are NOT expendable and must be refilled when empty under unit arrangements. In the case of the bottle type containers the refilling process is slow, but in no circumstances should more than the initial issue of one container per man be made.

(c) Replenishment of Insect Repellant in bulk will be made from DIDs on a scale of 25 gallons per 1,000 men per month.

693. PETROL CONTAINERS (4 gallon types)

Ref AFRO 611/44.

153

(a) The need to conserve 'Jerricans' and American 4 gallon returnable containers for issue to forward troops is still not fully appreciated by units.

(b) Large numbers of these cans are still held by Base and L of C Units for carriage of petrol, kerosene, Derv and water.

Declassified E.O. 12356 Section 3.3/NND No. 785016

(c) There are large stocks of 'Pelican' type of returnable containers available which, although unsuitable for issue to forward units, are satisfactory containers

(d) All American and 'Jerrican' types of 4 gallon returnable containers will be handed in immediately to M/FTA Bulk Petroleum Installation, NAPLES (MR 254495 Naples Town Plan) complete with closures and washers.

(e) Base and L of C Units who require returnable containers will obtain Pelicans from 128 Petrol Depot, NAPLES (MR 256496 Naples Town Plan)

694. AIR RECOGNITION SIGNALS - SILKS, YELLOW

(a) It has been decided that Silks, Yellow, are no longer required.

(b) Units will therefore withdraw these forthwith and return them to RSD.

(Q 552)

695. LOCAL PURCHASE POWERS OF UNIT COMMANDERS

AFO 140/43 is repeated for compliance.

(a) The terms of ACI 1365 of 1940 will not be made applicable to the mainland of Italy. This decision has been dictated by the following considerations :-

(i) The necessity for price control, which can only be ensured by centralised purchasing.
(ii) The necessity for ensuring that essential civilian requirements are not prejudiced by Military purchases.

(b) Hence, in general, powers of local purchase will be restricted to delegated Service representatives.

(c) This ruling does not affect the right of a Commander to make local purchase of commodities which are a vital operational necessity and which, at the time, are not available from normal military sources. In such cases a certificate as to the "operational necessity" must accompany the account.

664. PETROL CONTAINERS (4 Gallon Types)

AAI Routine Order 75 dated 21 Apr 44 is repeated below for compliance:-

(a) To ensure that the petrol supply of forward troops in this theatre can be maintained with Jerricans, Americans and other types of small returnable fuel containers, it is essential that these containers:-

(i) when empty are returned promptly to BASC filling points, complete with bung and with closure shut;

(ii) are used solely for carriage of petrol and DERV and are not misappropriated for domestic purposes;

(iii) are handled carefully at all times so that they do not suffer damage, particularly when being loaded or opened.

(b) The Middle East manufactured 2 and 4 Gallon, an unpainted welded can with fluent cap, has proved unsatisfactory for the carriage of petrol and DERV for use in vehicles, and these cans are obtainable from salvage depots for domestic use in lieu of the better type of can so frequently misappropriated.

(c) It is the responsibility of COs to ensure that there is no misuse of petrol containers and that any surplus to requirements are returned in accordance with para a(i) above.

(ii) are used solely for carriage of petrol and DERV and are not misappropriated for domestic purposes;

(iii) are handled carefully at all times so that they do not suffer damage, particularly when being loaded or opened.

(b) The Middle East manufactured 2 and 4 Gallon, un-painted welded can with faucet cap, has proved unsatisfactory for the carriage of petrol and DERV for use in vehicles, and these cans are obtainable from salvage depots for domestic use in lieu of the better type of can so frequently misappropriated.

(c) It is the responsibility of COs to ensure that there is no misuse of petrol containers and that any surplus to requirements are returned in accordance with para a(i) above.

636. MARRIAGES

Reference GHQ 162/44 and AROs 524/44 and 582/44.

In all cases where units forward Form B to HQ 57 Area for completion by the Area Commander, the following information will be given :-

(i) date when application was made for authority to marry.

(ii) length of time during which parties have been acquainted.

(iii) proposed date for marriage.

(A.33/9)

637. EATING OF SHELLFISH

ARO 250/44 is republished for strict compliance.

"Because of the discharge of sewage into the sea in coastal areas, all ranks are prohibited from eating shellfish (e.g. Crabs, Mussels, Whelks etc.) of any kind."

(A.41.)

638. 57 AREA ANTI-MALARIAL INSTRUCTIONS

The following instructions are issued in amplification of HRO 126/44.

(a) Personal Protection.

(i) Mosquito nets are a personal issue to all ranks. On being taken into use they will be hung in position one hour before sunset and taken down at reveille. During the day they will be rolled.

(ii) Sentries and night guards will wear veils and gauntlets while on duty at night.

(iii) Mepacrine will not be taken as a routine in 57 Area. In the case of units stationed in highly malarious areas as defined

Declassified E.O. 12356 Section 3.3/NND No. 785046

in para 3 of ERO 126/44 and extended by para (c) below, one tablet will be taken daily by all ranks wef 7 May 44. Further orders will be issued shortly as regards operational troops in transit etc.

(b) Anti-Malarial precautions in tents and buildings.

After spraying, tents, buildings etc will be kept closed for 10 minutes.

(c) Control of Mosquito Breeding.

Every Monday will be a "dry day". All receptacles which can hold water will be emptied and inverted for one hour. Static tanks for fire fighting will be treated with Paris Green.

CsC units will be responsible for the supervision of unit billetting areas and, subject to co-ordination by Health Committees constituted in accordance with 57 Area A41/1 dated 14 Mar 44, for an area of two kilometres radius around their billet, except in the Metropolitan Area of NAPLES where supervision is the responsibility of AMG. Within these areas unit anti-malarial squads working under unit anti-malarial officers will work out a definite "round" for the area and will oil, petrolise or spray with Paris Green all static water wells ditches etc once weekly.

In control work the normal methods of oiling or Paris Green will be employed except in the following cases :-

(i) Flax-Retting Pools

These are common in the northern part of 57 Area and are generally marked by a boundary of white stones. Before flax-retting begins or on pools which will definitely not be used for this purpose, Malarial may be used. Pools which are in use continuously or spasmodically will be treated by Paris Green. It is most unlikely that pools actually in use will breed Anopheline mosquitoes.

(ii) Wells - (a) Deep wells are not likely to breed malaria carrying mosquitoes but should be observed carefully for signs of breeding and if breeding begins they should be treated.

(b) Shallow wells are always suspicious and should be regarded as potential breeding grounds.

Irrigation wells should be treated with malarial, drinking wells with lead free petrol.

(d) Equipment.

(e) Equipment.

All anti-malarial equipment and stores are in short supply. Commanding Officers will ensure that equipment is properly looked after, and that flysol, malariol and Paris Green are used in the most economical way.

(c) The following area which is outside No.3 District boundary is highly malarious :-

135

NORTH , River VOLTURNO and Northwards.

EAST, line POZZUOLI N1046 - TRENTOLA N1463 - FERTILLA - rd CAPUA - FERTILLA all exclusive. SOUTH and WEST, the sea.

ALLIED TRACK AND FIELD MEETING 1944

(a) Details of the above meeting are published in NOTICES to DROs Serials 6 & 8.

(b) 57 Area Eliminations will be held at the CAMPO SPORTIVO DEL LITTORIO, NAPLES on the following dates.

Eliminating heats.	12 June to 17 June 44, both dates inclusive.
Finals	Sunday 18 Jun 44.

(c) Entries from units for 57 Area Eliminations will be limited for each event as follows :-

Units of strength below 250	-	Two entries
Units of strength of 250 and below 750	-	Three entries
Units of strength of over 750	-	Two additional entries for every additional 250.

(d) Entries giving No, Rank, Name, Initials and Unit of entrant and event for which entered will be addressed to :-
Chairman Executive Committee 57 Area Athletics,
c/o AAG 57 Area.
and will be forwarded to reach HQ 57 Area by 1200 hrs 29 May 44.

CHEERFUL CLUBS COMPETITION.

1. A great need exists for the brightening of Service Clubs by the provision of some form of decorative art.

2. The actual printing of murals is a costly business, and it is felt that if a "panel poster" can be produced, it will have the additional advantage of portability when required.

3. Such panel posters could well be painted on heavy brown paper, and surrounded, if necessary, by a cardboard or wooden frame.

4. In order to produce suitable designs and give Service personnel an opportunity of self-expression in this matter, it has been decided to run a "CHEERFUL CLUBS COMPETITION" in 3 District, and the sum of TEN POUNDS (£10) has been set aside for the provision of prizes.

GENERAL STAFF

603. SIGNAL COMMUNICATIONS - REPORTING OF FAULTS

Area Routine Order No.260 is cancelled.

(a) All faults in telephone systems (automatic or otherwise) will be reported by the quickest possible means to :-

57 AREA FAULT CONTROL

Tel 57 Area Exchange Ext 25 or

Dial 16631.

(b) Faults will not be reported to the switchboard operator.

(c) Area standing order No.22 is temporarily in abeyance.

(G.102)

604. A.E.C GRAMOPHONE RECORD LIBRARY AND FILM EXCHANGE

The A.E.C. Gramophone Record Library and Film Exchange are now removed to "The Three Arts Club", 402 Via Roma (one floor immediately below the WOs and Sgts Club) and are open every weekday from 0930 to 1100 hrs and from 1400 to 1800 hrs.

Units may borrow, on an officer's signature, complete programmes selected from lists displayed on the premises of (a) records of the best classical and modern works, and (b) Italian documentary films (35 mm) with specially written English commentaries.

It is essential, for efficient running, that records and films be returned before midday on the day on which they are returnable. Any unit failing to observe this rule will of necessity be refused further loans.

605. BATHING

131

57 Area Standing Order No.76 is repeated for attention and strict compliance.

A list of known and suitable bathing places will be notified in APOs from time to time. Pending their publication, bathing will only take place at points that are approved by a Medical Officer.

Standing Order No.76

(a) Bathing will only take place at such points as are known to OC Unit to be safe.

Declassified E.O. 12356 Section 3.3/NND No. 785016

(b) There will be no bathing in rough weather.

(c) Bathing will only take place in parties organised by the OC unit in which will always be included one or two strong swimmers as life guards.
All life guards will be equipped with whistle to draw attention to their orders. They will also be provided with life buoys or other life saving gear (where possible) and with a rope for a life line.

(d) Fatal accidents occur only when bathing orders are not enforced or unit discipline is lax. OsC units will therefore be responsible for ensuring that the above orders are enforced on all occasions when bathing takes place.

(A.33/17.)

606. VENEREAL DISEASE

(a) KR 555 of 1940, which provides for the issuing of a Unit Order directing immediate reporting in every case of contraction of Venereal Disease, uses the word "soldier". This KR does not therefore refer to offrs.

(b) Any offr who has reason to believe that he is suffering from venereal disease will report himself sick to his unit MO without delay.

(c) Concealment of venereal disease by an offr will in future be dealt with by court martial under Sec 11 of the Army Act.

To be repeated monthly in Unit Orders.

(A35/2)

607. SMALLPOX

In view of the occurrence of fresh cases of smallpox in Italy, vaccination states will be brought up to 100% promoted by 1st May 44. An explanation will be called for from all units not complying with this order.
Lymph for vaccination may be obtained from 2 or 92 General Hospitals.
An advanced order on this subject was sent out under reference 57 Area A&Q dated 20 Apr 44.

(A.41)

608. CONSUMPTION OF ICE

Ice now being issued to Hospitals or being supplied to civilian establishments is made from the impure local water supply which has not been chlorinated. Ice from Italian sources will, therefore, NOT be used in drinks to chill them. Ice may however be used to pack

(b) After 1900 hours daily -

(i) When on duty KD trousers, KD trousers or denims, boots and anklets web, long bush shirt.

Declassified E.O. 12356 Section 3.3/NND No. 785016

(ii) When walking out - as above but anklets web need not be worn and shoes may be worn in place of boots provided that in each case trousers are properly creased.

(c) On parade and when walking out web belts will be worn.

(d) Topees will NOT be worn. Caps SD will only be worn by troops authorised and entitled to wear them.

(A 46)

610. TRAFFIC ACCIDENT

(a) An accident occurred at 0615 hrs 21 Mar 44 between a US Army Truck and WD vehicle No 4956177.

(b) As a result of the accident it is understood a British soldier was admitted to hospital.

(c) Unit holding the a/m WD vehicle will communicate with this HQ immediately.

(A 47)

611. PURCHASES BY ALLIED TROOPS

(a) Indiscriminate purchasing by officers and other ranks in Italy has resulted in inferior goods and higher prices.

(b) To overcome this situation machinery has been set up whereby shops reported profiteering are placed "Out of Bounds" and Civil action against profiteers is taken.

(c) All troops must co-operate if success and price control is to be maintained.

(d) It is within everyone's interest to take action. If any officer or other rank suspects that he is being overcharged he should demand a receipt so that the matter may be taken up by his unit with ACC/AMG.

(A 67)

612. EMPLOYMENT OF CIVILIANS

(a) Attention is directed to the pamphlet "Instructions for the employment of Civilian Labour" notified in AAI Routine Order No.39/44.

(b) Existing authorities to employ personnel referred to in para 5(g) of the pamphlet who are held surplus to WE are cancelled except in those cases where application for a revision of WE has been made.

(c) Units requiring to retain personnel referred to in para (b) above will submit application for a new or revised WE through

Commander 57 Area

Serial No. 52 — 14 Aug 1944.

GENERAL STAFF

597. TELEPHONE PROCEDURE

The number of cases are increasing in which subscribers instruct their own exchange operators to bring officers on other exchanges to the telephone before they themselves are ready to speak. Apart from being bad manners this procedure often causes considerable delay owing to the originator of the call leaving his office without notifying the exchange operator. The originator of the call will always be on his telephone ready to speak when the required extension is rung

(G.101)

598. MAIL CENSORSHIP RELEASE

Troops may say that they have witnessed the eruption of Vesuvius in their letters home, provided that no dates are mentioned, and that the writers' unit or HQ are not linked in any way with their personal accounts, other than by correct use of proper return address. For example it is forbidden for a writer to state that his unit or HQ was either far from or near to the eruption.

(G.311)

599. POSTER ART COMPETITION - PERSONAL HEALTH CARE

(a) In May 1944 there will be a poster art exhibition and prize competition. The subject will be "Personal Health Care" with special reference to malaria and dysentery.

(b) All entries will be addressed to:-

Secretary,
AEC Theco Arts Club,
402 Via Roma,
NAPLES.

These will be forwarded by unit commanders to arrive between 1 and 7 May.

(c) There will be six prizes which will be awarded as follows. A prize of £5, £3 and 10/- will be given in each of the following classes, for

(i) Best ideas and propaganda value.
(ii) Artistic execution.

(d) Where practicable units should organise similar exhibitions during this month submitting their best entries to the NAPLES exhibition.

571. DISTRIBUTION OF ORDERS

(a) The following are the sources of supply of Routine Orders.

(i) General Routine Orders, AAI Routine Orders — distributed to all units by 10 Publications Depot CMF

(ii) District Routine Orders, Area Routine Orders — distributed to comds and Heads of Services by Area HQ

(b) Requests for current or back numbers under (a) (i) will be forwarded to 10 Publications Depot and not to District or Area HQ.

(c) Requests for current or back numbers under (a) (ii) will be made to Area HQ through Heads of Services and Comds.

(A9)

572. DISCIPLINE

The unit holding on charge WD vehicle L 4713625 will report the fact to this HQ forthwith.

(A 15/1)

573. ECONOMY IN THE USE OF TRANSPORT

It is notified for information that Traffic Control police have been instructed to carry out checks as notified in 3 District RO 59/44 and to forward reports to this HQ of all vehicles found proceeding on the roads unladen.

The need for the utmost economy in the use of WD transport cannot be overstressed. COs units will take all practicable steps to keep expenditure of petrol and tyres within reasonable bounds and to reduce congestion on the roads. In particular, steps will be taken to prevent the use of WD transport for private purposes other than in accordance with GRO 718/43. Details of recreational journeys allowed under the terms of GRO 718/43 will invariably be underlined in red ink on the work ticket.

573. ECONOMY IN THE USE OF TRANSPORT

It is notified for information that Traffic Control police have been instructed to carry out checks as notified in 3 District RO 59/44 and to forward reports to this HQ of all vehicles found proceeding on the roads unladen.

The need for the utmost economy in the use of WD transport cannot be overstressed. OCs units will take all practicable steps to keep expenditure of petrol and tyres within reasonable bounds and to reduce congestion on the roads. In particular, steps will be taken to prevent the use of WD transport for private purposes other than in accordance with GRO 718/43. Details of recreational journeys allowed under the terms of GRO 718/43 will invariably be underlined in red ink on the work ticket.

(A 16/2)

574. SPEED LIMITS

Owing to the presence of dust accumulations on the POMPEI - SALERNO road visibility is restricted.
Vehicles will NOT exceed 25 mph when travelling on this road.

576. ANTI-FLY MEASURES

(a) Units who have not already done so will indent forthwith on ADOS 57 Area for anti-malarial and anti-fly stores listed in GRO 219/43 para 2.

(b) Every effort will be made to fly-proof cookhouses, preparation rooms, and, in particular, foodstores, both by using available RE stores such as wire gauze, and by improvisation with salvaged materials, Hessian, canvas, sack-cloth etc.

(c) Specimen fly-traps and foodsafes can be seen at 41 Field Hygiene Section, Villa Theresa, TORRE DEL GRECO, and at 62 Field Hygiene Section NAPLES. Units will wherever possible construct their own fly-traps and foodsafes.

(d) Particular attention will be paid to the fly-proofing of latrines and swill-bins, while all refuse, tins etc., will be incinerated. The prevention of fly-breeding in and around the billetting area is of the greatest importance. In this connection the attention of Commanding Officers is drawn to HQ 57 Area letter A41/1 of 11 Feb 44. (A 41/2)

565. V.D. DISCIPLINE

GRO 161/44 is repeated hereunder for the attention of all ranks.

"(a) Concealment.

By King's Regulations, para 555, a soldier suffering from VD must report himself sick without delay. Concealment of the disease delays treatment and causes a loss of manpower to the Army.

Concealment is a serious crime and will henceforth be dealt with by a court martial in all cases, charges being preferred under Sec 11 of the Army Act.

(b) Financial Penalties

Owing to the prevalence of VD in this theatre it is of the utmost importance that all ranks should be acquainted with the

116

Declassified E.O. 12356 Section 3.3/NND No. 785016

possible financial consequences of contracting the disease due to their own fault. The following will be read on parade at the earliest possible opportunity and thereafter quarterly:-

(i) Hospital Charges

A soldier admitted to hospital on account of VD or its effects due to his own fault is required to pay hospital charges of 1/6d a day (vide Allowance Regulations, para 63 (D) - extract below).

(ii) Loss of Pay - (Non-Tradesmen)

Where a soldier is suffering from VD or its effects due to his own fault and is unable to carry out his normal duties he will be re-classified as laid down in para 16(h) Army Order 14/43 (extracts below).
This means in effect that he loses what was known formerly as war time and special proficiency pay. In addition a soldier suffering as above is not entitled to the initial grant of any increase of pay for length of service (vide para 8 of Army Order 14/43 - extract below). Full particulars are given in GRO 617/43.

(iii) Loss of Pay (Tradesmen)

When a tradesman is suffering from VD or its effects due to his own fault and is unable to follow his trade he may be disrated to a lower class or removed from the tradesmen's groups altogether (vide RW Act 840).

(iv) Loss of Paid Acting Rank

Paid acting rank is relinquished from the date of admission to hospital (GRO 101/43). Soldiers who revert to private or equivalent suffering from VD as above are not given an unpaid lance corporal stripe on such relinquishment as in other cases (GRO 707/43).

(v) Results of Decrease of Pay.

A decrease in pay results in an automatic decrease in the amount of the qualifying allotment payable to a wife.

(c) Authority

The following extracts from regulations are the authority for the above financial penalties :-

(i) Hospital Charges. - Allowance Regs, para 63.

"When patients are admitted to military hospitals the daily rate of charge will be as follows :-
(d) Soldiers (including reservists called out for duty or training)
(i) Normally - Nil
(ii) If suffering from sickness due to their own fault - 1/6(men)"

for alcoholism, or for venereal disease should specialist opinion not be available at the time), provided that the commanding officer is then satisfied that the soldier is in all respects again qualified for his former classification; otherwise it will be restored when the commanding officer is so satisfied. A soldier of the rank of private or the equivalent paid under scale A will be dealt with similarly except that he will not be reduced below Class(i)".

(b) Army Order 14/43 para 8.

"The initial grant of any increase of pay for length of service shall not be made if, at the date the increase becomes due, the soldier is suffering from venereal disease or its effects, due to his own fault, or from the effects of alcoholism, as certified by the medical officer any increase withheld for these reasons shall be allowed only from the date on which the soldier is certified physically fit to carry out his full duties by a specialist in venereal disease (if the increase is withheld for that reason) or the medical officer of his own unit (if the increase is withheld for alcoholism or for venereal disease should the specialist's opinion not be available at the time)".

(c) (iii) Loss of Pay (Tradesmen)

Royal Warrant for Pay 1940, Art 840.

"Should a soldier after having been placed in a class subsequently fall below the standard prescribed for that class or fail to show diligence to his duties, he shall be disrated to a lower class or he may be removed from the tradesmen's groups altogether".

549. NO.20 COURT MARTIAL AND HOLDING CENTRE

AMG 357/44 is cancelled.

(a) No.20 Court Martial and Holding Centre is located in NAPLES in the Civil Prison, Strada Nuovo Poggioreale (IR 235508).
All cases for trial by Court Martial arising in 57 Area will be tried at the Court Martial and Holding Centre.

(b) A holding enclosure has been established adjacent to the Court Martial Centre, in which personnel may be lodged after trial and until disposal.

(c) The JAG's Branch will be represented at the Court Martial and Holding Centre, but all requests for legal advice before trial should be addressed as formerly to Major Legal Staff, c/o HQ 57 Area direct, through the employing service.

(d) Instructions will be issued by HQ 57 Area from time to time for the detailing of two officers, not above the rank of Major, as members of the Court. They will report daily at the Court Martial and Holding Centre at 0830 hrs, taking with them haversack rations. Officers may also be attached for instruction on prior application to HQ 57 Area.

(e) PROCEDURE. In every case where an offence is committed by a soldier which in the opinion of the OC, warrants trial by court martial, or if the soldier himself elects trial, the following procedure will be carried out :-

(i) A summary of evidence will be taken within 24 hours and a copy of the summary handed to the accused forthwith.
(ii) Through its employing service, the unit will despatch the original summary and three copies and certified copy AFF 122 direct to Legal Staff Officer, HQ 57 Area, for advice before trial. A statement to the effect that the accused elects trial and asks for services of a defending officer will be forwarded when applicable.
(iii) If all documents are in order the LSO will forward them direct to 'A' Branch, HQ 57 Area with a minute of his advice, a copy of which will be forwarded to the employing service of the unit.
(iv) If documents are not in order the LSO will communicate with the employing service of the unit and obtain such further documents or evidence as he may require before taking action under sub-para (iii). All correspondence from him will be copied to 'A' Branch HQ 57 Area.
(v) On receipt of documents and minute of advice under sub-para (iii), 'A' Branch HQ 57 Area will prepare the convening order and charge sheets and issue instructions to 20 Court Martial and Holding Centre and to the employing

(vi) On being notified by 20 Court Martial and Holding Centre of the date fixed for trial the unit will despatch the accused under escort to the Centre on such day, at the time instructed. He will be accompanied by the following:-

(a) The defending officer.

(b) The prosecuting officer, when provided by the unit on instructions from HQ 57 Area.

(c) Witnesses for the prosecution whose presence will be procured by the unit. If possible they will act as escort.

112

Declassified E.O. 12356 Section 3.3/NND No. 785016

(d) Witnesses for the defence (if a witness testifies to the character only, and it is not practicable due to operational reasons for the witness to be released, a carefully written statement as to character will be obtained from the witness signed by him and handed to the defending officer or accused for use at the trial in his discretion).
(e) Full scale kit.
(f) One days rations.

In no circumstances will an accused be received at 20 Court Martial and Holding Centre unless accompanied as above.

(f) PROCEDURE AFTER TRIAL

(i) On an acquittal the accused will be returned forthwith to his unit.
(ii) On a conviction the accused will be retained by 20 Court Martial and Holding Centre pending promulgation.
(iii) After confirmation and promulgation by the OC 20 Court Martial and Holding Centre, in the event of a sentence of penal servitude, imprisonment, detention, or field punishment, the accused will forthwith be despatched under escort to the place where he will serve his sentence. Whenever possible, escorts for this purpose will be provided from personnel in the vicinity of the Court Martial and Holding Centre. In the event of non-confirmation of a sentence or of a sentence not involving loss of liberty he will be returned to his unit forthwith.
(iv) The defending officer, witnesses and escort, will be returned to the unit forthwith.
(v) AFB.3011 and AFB.2069 and committal warrants will be completed and despatched direct to No.1 Advanced G2E by OC 20 Court Martial and Holding Centre.
(vi) The unit concerned will be informed by letter of the result of the trial and in the event of a conviction will be supplied with particulars of the charge in order that the original AFB.122 may be completed.

(g) The OC of 20 Court Martial and Holding Centre will be the CO for the time being of any ORs held in arrest there. His powers as OC will be limited in accordance with para. 587 of KR 1940.

555. ELECTRICITY SUPPLY

(a) Economy in the use of electricity.

(i) The supply of electricity in Italy is very limited. It is essential that the very best use for the war effort is made of this small supply. As increased numbers of damaged factories, plants etc., are being repaired and brought into production, so necessarily is the quantity of electricity available for domestic uses being curtailed. Stringent measures are being taken to curtail the civilian domestic consumption.

(ii) Considerable economies must be made by military users of electric supply. COs will issue orders that electric lights are switched off when not required and that only the minimum number of lights are used at any time. Consumption of Electric Power for domestic purposes such as hot water systems must be most stringently controlled.

(iii) All ranks must be made "economy-minded" over electricity so that they automatically switch off the current whenever they leave the room.

(b) Misuse of Electrical systems.

(i) Serious misuse of electrical systems has been reported and in future the alteration of or addition to electrical installations is forbidden unless authority has been obtained and the work carried out by RE Works services.

(ii) Misuses reported include :-

The use of high power bulbs thus overloading the circuit.
Heating apparatus used on lighting circuits.
The use of fuses above the correct size.
Tampering with and by-passing meters.
Extensions of the wiring system.
Connecting to 150 volt systems installations which are unsuitably equipped.
Military DC generating plant used through AC meters with resultant damage to the meter.

557. LAUNDRY SERVICES

(a) It is apparent that in certain units the provisions of GRO No.477 of 1945 are not being complied with. Particular attention is drawn to the correct method to be followed when arrangements for washing are not made by Ordnance.

(b) Under these circumstances two courses are open to Unit Commanders:-

(i) Arrange for the hiring of washerwomen for the washing to be done under unit arrangement, or

(ii) Where (i) is impossible, arrange for washing to be carried out by suitable local inhabitants (who are willing to do so) at the most economical rate.

(c) If course (ii) is adopted, Unit Commanders should pay the actual cost of the laundry out of Company etc., Imprest Accounts. No payment should be made by the men themselves for washing authorised to be carried out at the public expense.

509. ANTI-GAS PRECAUTIONS

(a) To meet possible enemy gas attacks units and formations will arrange for improvised Gas Defence/Cleansing Centres. Where no special building has been constructed as a Gas Defence Centre existing accommodation will be adapted for this purpose and the following will suffice :-

(i) Store for equipment
(ii) Dressing room where Decontamination Squads change clothing
(iii) Cleansing Room including bathing facilities.
Existing nearby shower baths will be used: alternatively tubs or buckets of water will be provided for bathing. Towels, soap, eyeshields, cotton waste and anti-gas ointment will be stored handy for the Cleansing Room.

Buildings thus adapted will be clearly marked, i.e. "A/Gas Equipment Store, Dressing Room and Cleansing Room." These buildings will carry out their normal functions when not required for anti-gas purposes. It is essential that an entrance and exit door be provided to the Cleansing Room to prevent contaminated and cleansed personnel coming into contact with one another.

(b) CONTAMINATED CLOTHING will be discarded before entering the Cleansing Room, and will be left in a clearly defined area outside.

(c) DECONTAMINATION SQUADS of one NCO and five men will be detailed, the number of squads depending on the size and nature of the affected area.
GAS CLEANSING SQUADS will consist of one NCO and three men.

(d) BLEACH is held as a reserve by Town Majors and will only be issued to units upon instructions from 57 Area.

(e) Attention of all units and formations is drawn to pamphlet Gas Training 1942.

464. SEALING OF RAILWAY WAGONS.

(a) The responsibility for sealing loaded railway wagons before departure rests with the loading service except in the case of traffic originating in a port under US control, when the Port Detachment of the Service concerned is responsible. In Ports under British Control, the loading service is the Docks Service.

(b) Various types of seals and wire are at present being used, the majority of which are not proof even against casual pilferage.

(c) Wire of not less than 5cm. diameter is being made available, together with tommy bars for twisting, and crimpers for cutting the wire. Each seal should be about 16" long. After passing the seal through the "eye" of the wagon lock, the ends are then drawn together and tightly twisted 3 or 4 times with the tommy bar. To prevent their being untwisted, the ends of the wire will then be cut short.

Serial No.33

GENERAL ORDER

395 TIME LIMIT ON TELEPHONE CALLS ON TRUNK LINES
2 District Routine Order No 31/44 is repeated for compliance.

(a) There is serious congestion on all Army telephone exchanges, due to the limited availability of trunk lines and the large number of subscribers now provided with telephone facilities. This adverse condition is apparent to subscribers, in the slow speed of answer from the exchange, delays on trunk calls, and inadequate supervision of calls.

(b) The following factors, which affect this state, cannot be overcome to any appreciable extent:-
(i) Increase in number of trunk lines unlikely, owing to shortage of material and labour.
(ii) Impossibility of increase in number of exchange operators.

(c) It has become necessary, therefore, strictly to limit the length of all calls.

(d) The time limit to be imposed forthwith for any one call will be six minutes. After five minutes conversation, telephone exchange operators will challenge all trunk calls with the announcement "five minutes". This will mean that after the next minute's conversation the call will be disconnected, unless there are no waiting calls on hand.

(e) Callers so interrupted may then re-ring the exchange and book a further call, but they will be placed at the bottom of the waiting list.

(f) The caller will NOT then book a priority call to enable him to complete his conversation.

(g) Only subscribers entitled to "clear the line" calls will not be affected by the above rule, although exchange operators will warn them after every five minutes the length of time they have occupied the line.

(h) Subscribers normally authorised to book priority calls who wish to re-book a priority call on being disconnected after their six minutes conversation, will only be allowed to book an ordinary call to complete their conversation.

(j) This should not be detrimental in any way to an important call, as subscribers will always note down what they have to talk about before originating calls, and place their subjects in order of importance, so as to deal with the most urgent matters first.

(k) The time period of six minutes will commence at the moment when an answer is received from the called subscriber's telephone. Any time lost due to difficult line conditions, or waiting for a particular individual to come to the telephone, will be counted as effective time.
Further, trunk lines will not be held up awaiting the termination of calls [illegible] exchange will

Further, trunk lines will not be held up awaiting the termination of calls already in progress. In such cases, the originating subscriber's exchange will retain the call at the top of the waiting list, and will endeavour to establish the connection whenever an opportunity occurs, without causing undue delay to other booked calls.

(m) This rule will be enforced on all trunk exchanges in 2 District according to details laid down by the C.S.O.

81

(n) H.Q. A.C.S.S. and Eighth Army have already arranged to put similar restrictions on their trunk lines.

(o) If the time allowed of six minutes does not improve matters, this limit may have to be reduced to three minutes.

400 DESPATCH LETTER SERVICE

(a) Despatch Letter Services are provided for urgent and/or secret packets only. They are not intended to be used for the despatch of ordinary non-secret official mail which should be despatched via the A.F.O.

(b) Despatch Letter Offices are being flooded with large amounts of non-urgent and non-secret mails resulting in delays to urgent and secret operational packets.

(c) All Formations and Units will in future only send by D.L.S. those packets which by reason of their urgency and/or security classification it is essential should be under escort throughout despatch. Similarly, only packets for which a receipt is required, will be sent as "Registered Packets".

(d) Originators are responsible for endorsing registered packets with the following, in addition to the address:-
(i) A coloured pencil cross made over the entire face of the packet.
(ii) A reference (file) number.
(iii) The signature and unit of an officer. "Non-registered" packets will bear an address only.

(e) Unauthorised abbreviations will not be used; originators should, wherever possible, avoid the use of abbreviations in addresses. Hundreds of packets are delayed daily because they are insufficiently addressed.
Examples of incorrect use of abbreviations which are often met are:-
FB - for Fire Brigade, Field Bakery and Field Butchery.
W/T or
WT - for Wireless, Water Tank and Weapon Training.

403 INVESTIGATION OF CLAIMS

(a) The attention of all units is drawn to the fact that a duty is imposed on the Army to investigate and assess claims by civilians for death or injury or damage to property caused by negligent or wrongful acts by members of H.M. Forces. This duty is discharged by Claims Branch.

(b) It has been found that letters from Claims Branch asking for information are frequently not answered by units even after reminders have been sent. It is essential that units co-op rate with Claims Branch in their difficult task by prompt investigation and reply.

406 ISSUES OF ADDITIONAL RATIONS.

Reference AFO 374 the following Instructions are intended to clarify the situation regarding the issue of additional rations.

(a) In planning imports of supplies into this country, only a small percentage margin for additional issues over and above normal scales is allowed and any wholesale extra issues are bound to unbalance stocks.

(b) Powers of authorisation under paras 34 and 35 of Allowance Regulations have been delegated to the area Commander.

(c) "UK, Ration and Fuel Scales" are the only scales operative in this theatre. Except as stated in the above paras, no authority exists for modifying or supplementing the Field Service Rations scale given therein, which is applicable to all British Troops.

(d) AFSDs are not applicable to any troops in this theatre and Army Routine Orders only to Eighth Army troops.

(e) Issues under AFO 374 must be supported by Medical recommendation countersigned by AMMS 57 Area that the issue is necessary for the safeguarding of troops' health. Night work in itself does not constitute legitimate request for additional rations, except when an extra tour of duty is involved.

(f) The percentage entitlement for small units, operative in UK on Home Service Ration Scale, is not authorised in this country.

398 OFFICERS AND ORs TRAVELLING BY AIR

Application is frequently made to HQ 57 Area by officers and ORs travelling by air for transport to and from airfields. There is no transport specially allotted for this purpose, and these requests must usually be refused, though assistance is sometimes given in urgent cases.

It is emphasised that HQs, Formations and Units receiving or despatching personnel by air are responsible for providing transport to and from the airfields, or for arranging for the MATS bus service to be used. (See Appx "A" for timings.)

In future applications made to HQ 57 Area will not be considered except in very special circumstances.

M.O. 57 (GHQ)

CATERING CIRCULAR NO. 5. 50/Cm/321.

1. Oil and Water Firing.

On account of the acute shortage of wood and coal fuel, oil will be in issue from D.I.Ds for the purpose of heating field cooking apparatus. The scale of issue will be 2/7 pint per man per day.

2. Adaptation of apparatus should be carried out on the following lines.

(a) Trench fire, improvised oven with trench, Triplex No. 3 Oven.

Cut a 5-gallon oil drum in scoop fashion as indicated in sketch below. Insert angle iron bar through square hole cut in end of oil drum. Insert delivery pipe through side of trench, in order to keep top frying plate completely clear. When all is assembled Front Plate should be hung over front of trench to preclude too much air entering. Frying plate of trench should not be perforated.

To light, insert piece of oil-soaked cotton waste through square hole in end of oil drum, allow bar to get thoroughly heated, then turn on drip feed and regulate accordingly.

(b) Soyer Stove.

A very effective "splash base" may be formed in the fire box of the Soyer Stove by filling it to a depth of about ½" with small pieces of scrap metal such as old nails and screws etc., a feed is then led through the fire door of the stove to drip on to the pieces of metal. To light, place piece of cotton waste underneath the fire box, allow thoroughly to heat the scrap metal, then start drip feed.

Note:- A thin piece of metal should similarly cover the entrance to the fire box through which the delivery pipe or channel should be led.

3. It is important in all cases of oil and water firing that the front of the fire box should be covered, to prevent the entry of too much air.

Insert angle iron bar through square hole cut in end of oil drum. Insert delivery pipe through side of trench, in order to keep top frying plate completely clear. When all is assembled front plate should be bent over front of trench to preclude too much air entering. Frying plate of trench should not be perforated.

To light, insert piece of oil-soaked cotton waste through square hole in end of oil drum, allow bar to get thoroughly heated, then turn on drip feed and regulate accordingly.

(b) Soyer stove.

A very effective "splash back" may be formed in the fire box of the Soyer Stove by filling it to a depth of about 4" with small pieces of scrap metal such as old nails and screws etc., a feed is then led through the fire door of the stove to drip on to the pieces of metal. To light, place piece of cotton waste underneath the fire box, allow thoroughly to heat the scrap metal, then start drip feed.

352. "A" FIELD COOKERY TRAINING CENTRE, ACC, C.M.F.

(a) Basic Cooks courses of eight weeks duration are now in progress at the "A" FCTC, attached to HQ, ACC, L.of C. AMRI. Course Serial No. B.C.6 will commence on 16 Feb 44.

(b) The courses are for unclassified personnel desirous of learning cooking, or cooks who have not attended a School of Cookery on a previous occasion.

(c) Units requiring vacancies on this or any subsequent course in the series should make application to HQ 57 Area before 29 Jan 44.

(d) At the conclusion of the course, students will, if successful, be classified or mustered as hereunder according to their degree of proficiency.
(i) Class III Group "B" Tradesmen cooks.
(ii) Class III Group "B" Tradesmen cooks.
(iii) Class II Non-Tradesmen cooks.
Those qualifying as in sub-paras (i) and (ii) will be transferred to the Army Catering Corps.
Those qualifying as in sub-para (iii) will be employed as regimental cooks, and remain in the arm of the service to which they already belong.

(e) Successful personnel attending courses who are on the strength of units (i.e., not from Base Depots), and who are transferred to the ACC, will be available for return to their parent units, to fill any vacancy on the WE of that unit.

(g) PROCEDURE ON ARRIVAL OF ACCUSED AT COURT MARTIAL CENTRE

(i) On arrival at the Court Martial Centre the escort will report to the OC and will hand him all relevant documents.

(ii) The accused will be lodged in the holding enclosure, where he will be given every opportunity for consulting his defending officer.

(iii) When necessary the defending officer, escort and witnesses may be accommodated at the court martial centre or under arrangements made by the centre.

(v) The summary of evidence and proposed charge will be submitted to one of the legal staff, who will check the charge making such alterations as may be necessary and advise on the evidence.

(vi) A copy of any additional evidence or amended charge will be handed to the accused as soon as possible.

(vii) A copy of the summary, charge and additional evidence will be handed to the legal staff who will arrange for an officer to conduct the prosecution.

(viii) The officer i/c Court Martial Centre will make application to HQ 57 Area for the convening of a field general court martial.

(h) PROCEDURE AT TRIAL.

(i) The accused will be brought to trial as soon as possible after his arrival in the holding centre.

(ii) A Judge Advocate will be available to assist the court in more difficult cases.

(j) PROCEDURE AFTER TRIAL

(i) After confirmation and promulgation by the OC Court Martial Centre, in the event of a sentence of penal servitude, imprisonment, detention, or field punishment, the accused will forthwith be despatched under escort to the place where he will serve his sentence. In the event of acquittal or a sentence not involving loss of liberty he will be returned to his unit forthwith.

(ii) The defending officer, witnesses and escort, will be returned to the unit forthwith with the exception of those whom it may be essential to retain for the purpose of acting as escort to the accused on his despatch to the place of confinement. Whenever possible escorts for this purpose will be provided from personnel in the vicinity of the court martial centre.

(iii) AF B301 and AF B2069 and committal warrants will be completed and despatched direct to No. 7 Advanced ORS by OC Court Martial Centre.

(iv) The unit concerned will be informed by letter of the result of the trial and in the event of a conviction will be supplied with particulars of the charge in order that the original AF B122 may be completed.

/ 297. TRAFFIC ACCIDENTS

Declassified E.O. 12356 Section 3.3/NND No. 785016

CONTENTS

92 is repeated for information.

O.C. Units will impress on all drivers that every accident helps the enemy, either by putting a soldier or vehicle out of action, or by killing or injuring a civilian and thus impeding good relations with the inhabitants. Motor transport in a theatre of operations is even more vital than at Home, and severe disciplinary measures will be taken against anyone guilty of careless or dangerous driving.

(b) The steps prescribed hereunder will be taken after every traffic accident, irrespective of whether a civilian or the property of a civilian is involved.

Action by Driver

(c) Every driver will carry on his vehicle a print of :-

(i) Standing Orders for Drivers of Mechanical Vehicles (Wheeled) and Motor-Cyclists.

(ii) Traffic Accident Slip - A.F. A.3681, which set out the steps to be taken by him following an accident.

(d) If the accident occurs at a distance from the driver's unit headquarters and he will not be returning there within 48 hours, he will report the occurrence immediately on arrival to the Commandant of the next Transit or Staging Camp, or to the O.C. unit to which he may be attached during the journey. This officer will comply with paras (e) and (f) hereunder sending a copy of A.F. A.3676 and accompanying statements to the O.C. the driver's unit.

O.C. units will ensure that every driver is fully aware of the action he must take.

Interrogation of Driver, and Service Witnesses

(e) The driver will be interviewed at the earliest possible moment by an Officer who will, after interrogating him, and examining A.F. A.3681, complete a Traffic Accident Report Form (A.F. A.3676).

(f) The Officer will, in addition, obtain from the driver and from every available Service witness an independent signed statement containing sufficient particulars to enable a decision to be arrived at as to responsibility for the accident. It is not essential it should be the same officer who obtains all the statements.

Despatch of Report

(g) (i) The Traffic Accident Report (A.F. A.3676), after having been completed as far as Section U and, if possible, Section W, and signed by the driver and O.C. Unit, will be despatched with the originals of the driver's and witnesses' statements direct to H.Q. 4 Claims Commission C.M.F. at the earliest possible moment. In most cases this should be within 24 hours of the accident and should never be delayed to obtain additional particulars as if these are required the Claims Commission will obtain them. The reports should be serially numbered as a check against loss in transmission. No covering letter is necessary.

(ii) The original A.F. A.3676 [illegible]

The reports should be serially numbered as a check against loss in transmission. No covering letter is necessary.

(ii) The original A.F. A.3681 and copies of the statements will be kept by the unit for future reference.

Police Reports and Civilian Witnesses

(h) If it is known that a Police Report exists and this or the statement or evidence of the civilian involved or of a civilian witness is essential for the purpose of disciplinary action or a Court of Inquiry, the O.C. Unit will apply to the Claims Commission, who will make the necessary arrangements.

/ Courts of Inquiry

Declassified E.O. 12356 Section 3.3/NND No. 785016

Courts of Inquiry

(i) Where no service personnel have been injured, a Court of Inquiry need be held only when the O.C. Units is satisfied that it is the sole means of ascertaining the true facts, or when it is ordered by higher authority or requested by the Claims Commission.

(j) Where injuries or death have been suffered by Service personnel a Court of Inquiry will be held in the circumstances prescribed in K.Rs. 1940 para 773 (c), and "Unit Guide to Documentation, Section 7, para 2 (c)

(k) The proceedings of the Court of Inquiry (if held) and A.F. B.117 in the case of injuries sustained in a traffic accident will be forwarded (after confirmation where necessary by the Brigade Commander) to the Claims Commission, who will transmit them to G.H.Q. 2nd Echelon for disposal.

(l) Only one Court Of Inquiry be held in respect of an accident. Where two or more Service drivers, belonging to different units, are involved, the Court Of Inquiry will be held under arrangements to be made jointly between the appropriate commanding officers.

299. CENSORSHIP DISCIPLINE

D.A.G. 109 is reported for information.

(a) Base censorship in 2 District has disclosed recently that many writers are violating existing Censorship Regulations when corresponding with their relatives in the forces in the C.M.F.

(b) Apparently writers are anxious to give their correspondents the actual location of their units so that they can meet each other. To avoid breaking censorship regulations, and in particular infringing the privilege of the Green Envelope, the correct course is for the soldier to advise his location through his Commanding Officer by an official letter.

343. VEHICLE DEFECT IN CHEVROLET 3 TON 4 x 4.

(a) Information.
Failures have been experienced through the twisting and subsequent fracturing of the Pitman Sector Shaft on the Chevrolet 3 Ton 4 x 4, GS.
(b) Instructions.
(i) All vehicles will be examined for twisted serrations on the outward tapered end of the Pitman Sector Shaft. This part of the Sector Shaft can be seen between the steering box and the boss of the steering drop-arm. Any vehicles found having this defect will be taken off the road and a new sector shaft fitted where possible by workshops.
(ii) It has been found that these shafts invariably twist before fracturing. In order that drivers may have fair warning of the advent of this trouble, it is recommended that the following procedure be adopted :-
(a) Set the front road wheels in a straight-ahead position.
(b) Mark the steering wheel with white paint at the top
(c) of the rim.
(c) Instruct drivers to report immediately any variation in the position of the white mark on the steering wheel, when the road wheels are in a straight ahead position.
(d) When variation does occur and upon examination it is

(b) When authority is obtained by units from ADOS, 57 Area, for the requisition of furniture or any other Ordnance Stores, the unit will hand the owner a temporary receipt written on a plain sheet of paper, stating all relevant details. Rank of officer and/or unit will NOT be shown. A copy of this receipt will be forwarded to ADOS Office forthwith, and this will show rank and unit.
(c) The owner will be instructed by unit representative to apply to ADOS 57 Area, for official requisition receipt note, bringing with him his copy of temporary receipt.

(Q.501)

214. FROST PRECAUTIONS

The following instructions will apply in areas where severe winter weather is likely to prevail.

(a) The provision and maintenance of precautions against frost damage in such areas, is the responsibility of the unit in occupation, with such advice as may be necessary from the RE. Town Majors will ascertain whether any part of their area is subject to severe frost and be prepared to advise units.

(b) Precautions to be taken are as follows :-

(i) Lagging of all external water pipes and tanks. Improvised lagging must be used. RE will supply wire for binding.
(ii) All stop cocks on incoming mains to be located and marked.
(iii) Where no water tanks or boilers are installed, the incoming main will be shut off each night and all service pipes emptied.
(iv) Particular care will be taken when tanks and boilers are liable to freezing since the supply may not allow for the continuous running of taps.

The alternatives to high quality lagging are local heating or complete draining.

/ (c) Where premises

Declassified E.O. 12356 Section 3.3/NND No. 785016

(c) Where premises are to be temporarily vacated the outgoing unit will ensure that :-
  (i) All fires are put out.
  (ii) Stop cocks on incoming mains are shut down and the system completely drained, including domestic hot and cold water cisterns.

(Q.502)

215. SUPPLY OF PETROL AT PETROL POINTS

Reference A.R.Os. Nos 198/43 and 65/43.

All W.D. vehicles (including requisitioned vehicles) will in future carry a work ticket. Petrol will NOT be supplied at Petrol Points unless the driver produces a work ticket.

(Q.504)

216. ANTI-FROST PRECAUTIONS

(a) Anti-frost precautions as notified in A.R.O. 123/43 should now be in force.
(b) It is imperative that all ranks realise that:
  (i) Frost damage can only be caused by neglect.
  (ii) There should and must not be such a thing as an unfamiliar vehicle or equipment.
  (iii) Severe disciplinary action will be taken against offenders.
(c) Units will exhibit clear and concise orders on the subject and ensure that they are carried out.
(d) If frost damage occurs units will take disciplinary action at once and NOT wait for the result of a Court of Inquiry.

(Q.505/8)

217. "B" VEHICLE CLASSIFICATION

The classification of "B" vehicles to be adopted in this theatre is that laid down in ACI 2164/42, with the exception that the mileage required from Class II vehicles has been reduced to 2,000 miles.

(Q.506)

218. VEHICLE MAINTENANCE

Many vehicles are requiring attention to the petrol system. This may be caused by water in the petrol which can be avoided by care of containers and in the filling of tanks. Another cause is the presence of dirt and grit in petrol which can be removed from the petrol by the use, when filling vehicle tanks, of close mesh filters.
Particular attention will be paid to Task No. 4 C II as laid down in

219. ADOS 57 AREA CIRCULAR NO. 3

Attention is drawn to the above circular, which introduces a revised system of indenting for and collecting Ordnance stores, and indicates where the Area Ordnance Warrant Officer for each unit is to be found.

Units who have not received a copy will apply to ADOS 57 Area, stating their location.

(Q.507)

220. RETURN OF MINOR M.T. ASSEMBLIES

The attention of Os C units is drawn to the vital necessity for returning unserviceable minor M.T. assemblies, such as starters, generators, batteries and diesel injectors, to Ordnance for reconditioning. No minor assemblies should be scrapped. They must be segregated into makes and sent to R.A.D., 511 A.O.D.

NOTICES

Hospitals recently arrived in this country have not got large Comfort Funds and it will be difficult for them to provide Christmas fare for all patients.

Units from whom any appreciable numbers of other ranks have been hospitalised since arrival in 57 Area are invited to contribute from PRI to the Hospital's Comfort Funds to assist in making Christmas cheerful for those who may then be patients.

35. Disposal of Personnel Ex Hospital

1. All personnel who are detained in a Medical Unit for a period of LESS THAN 21 DAYS will be be returned direct to their Unit, with the following exception, namely: personnel admitted to Medical Units in NORTH AFRICA from Units in ITALY and SICILY will on discharge be despatched to the Training Depot of their Arm as shown in Para 2 below.

2. Personnel detained in a Medical Unit for a period of 21 DAYS OR MORE will, on discharge, be despatched as follows:—

(a) EX MEDICAL UNITS IN NORTH AFRICA

(i) All RAC to RACTD at EL GUERRAH.

(ii) RA (Other than AA & CD)
If in Medical Units in the ALGIERS area to No 2 Bn AA Depot Regt, ALGIERS, for onward despatch to RATD, CHATEAUDUN.
If in Medical Units not in the ALGIERS area then direct to RATD, CHATEAUDUN.

(iii) RA (AA & CD) to No 2 Bn, AA Depot Regt, ALGIERS.

(iv) All Infantry, Recce, AAC and Commandos to No 3 Bn IRTD, ALGIERS.

(v) All other Arms to No 5 Bn GRTD, ALGIERS.

(vi) All escaped British ex-Prisoners of War to No 3 Prisoner of War Transit Camp, ALGIERS.

(b) EX MEDICAL UNITS IN ITALY

(i) All RAC personnel to the nearest detachment of the Tank Replacement Regt.

(ii) All RA (Fd, Med and A/Tk) personnel from RA Units under command Eighth Army to No 2 CRU.

(iii) All Infantry, Recce, AAC and Commandos to No 1 IRTD at MONTESHARCHIO, near NAPLES.

(iv) All other personnel to No 1 GRTD, NOLA, near NAPLES.

(c) EX MEDICAL UNITS IN SICILY

(i) In the case of Units located in SICILY, will return to their own Units.

(ii) In the case of Units in ITALY as in (b) above.

3. Personnel who are discharged from Medical Units in any area as Category «C», personnel who have been medically down-graded so that they are disqualified by their new Medical Category from serving with their late Unit, and personnel classified by a Psychiatrist as psycho-neurotics will be despatched to No 3 Bn IRTD, or No 5 GRTD, ALGIERS.

4. NURSING OFFICERS

(a) Nursing Officers detained under treatment in a Medical Unit for a period of LESS THAN 21 DAYS will be returned to their Unit on discharge, provided neither rail nor sea travel is entailed thereby.

(b) Nursing Officers detained for a period of LESS THAN 21 DAYS whose return to their Unit would entail rail and/or sea travel, and those detained for a period of 21 DAYS OR MORE, will be discharged and taken on the attached strength of the Unit in which they were detained, to await posting orders.

This applies equally to Nursing Officers detained for more than 21 days in their own Unit, whether or not a replacement for them has been demanded.

(c) It will be observed from 4 (b) above that in all cases Nursing Officers detained more than 21 days will be struck off the strength of their Units. Return to their Units will always require, therefore, fresh postings, whether the return is in response to a demand for their return, or is to fill a vacancy within WE without a specific demand.

37. Casualties—Reporting Of

The following instructions regarding the reporting of casualties are issued in amplification and modification of «Unit Guide to Documentation in a Theatre of War», Section 8:—

Casualties, according to their nature, will be reported to GHQ, 2nd Echelon, on one of the following series of forms:—

(a) Routine Casualties (*i.e.* other than (b), (c) and (d) below) on AFsW 3010A, 3011A or 3012A.

(b) FGCM results, Regimental entries and awards involving forfeiture of pay, on AFB 122 for officers or on B 252 for ORs.

(c) Casualties due to accident or sickness or self-inflicted injury on AFsW 3010B, 3011B or 3012B.

(d) Battle Casualties on AFsW 3010C, 3011C or 3012C.

In order to prevent undetected loss in transit each series of Forms, *i.e.* AFW 3010A, 3010B, 3010C, 3011A, 3011B, 3011C, 3012A, 3012B, and 3012C will be separately serially numbered.

It is important that the correct series of forms is used for reporting casualties as the action taken on each series at GHQ, 2nd Echelon, differs, and delays occur if casualties are reported on the wrong series of forms.

I. *ROUTINE CASUALTIES*

1. These are all casualties other than battle casualties and those due to accident, sickness or self-inflicted injury. Examples are postings, promotions, pay, classification and mustering of tradesmen.

2. All reports of postings IN and OUT on AFW 3010A and 3011A should state the authority for such movements in the Remarks column.

3. Reports of «Absence» and «Re-joining from absence» must be made as soon as such casualties occur. It is not sufficient in the latter case to regard the subsequent report of «charge and punishment», awarded on AFB 252, as a casualty return which reports «re-joining».

4. Mustering or re-mustering of tradesmen will not be reported without prior authority of GHQ, 2nd, Echelon. Again, this authority will be quoted in the Remarks column of AFW 3011A.

Passing of trade-tests should be reported as they occur. This does not necessarily imply that the soldier will be mustered, which is dependent upon vacancies existing in the Corps or Regimental Establishment.

II. *FGCM RESULTS, REGIMENTAL ENTRIES AND PUNISHMENTS INVOLVING FORFEITURE OF PAY*

1. Reports will be made in the case of Other Ranks on AFB 252, not on AFB 2069 or AFW 3011.

2. AFsB 252 will be submitted weekly in batches, securely fastened together. Each form will be numbered serially within the batch and a covering slip will be attached to each batch stating:—

(a) The designation of the unit.
(b) The number of forms in the batch.
(c) Serial number of the batch.

On each AFB 252 will be inserted the serial number of the batch followed by that of the form within the batch (*e.g.* 5/1 will be inserted on the first form in the fifth batch submitted).

3. The following information will be given where applicable:—

(a) In the «Punishment awarded» space:—
  (i) In all cases where the conviction or award involves a forfeiture of pay, the serial number of the entry in AB 64 Part II.
  (ii) In all cases of «Absence Without Leave», the number of the days pay forfeited by Royal Warrant.

(b) On the reverse side of the form:—
  (i) In FGCM cases the name and designation of the Confirming Officer, the date of the confirmation and promulgation of sentence and the period in arrest awaiting trial, stating whether «close» or «open».
  (ii) In cases of summary awards where detention or Field Punishment is awarded on a charge of «Absence Without Leave», the period in arrest awaiting trial stating whether «close» or «open».

4. Where an individual has been previously reported as absent and is subsequently found Not Guilty of «Absence Without Leave,» the dismissal of the case will be reported on AFB 252 in order that the necessary credit of pay may be made for the period of alleged absence. With this exception, no report will be made of charges on which an individual is found «Not Guilty».

5. Disposal of charges against Officers whether by FGCM or summary award under Army Act, Section 47, will be reported on AFB 122. Three copies will be submitted, each being certified as a True Copy of the entry on the original AFB 122.

III. *CASUALTIES DUE TO ACCIDENT OR SICKNESS.*

1. Casualties due to accident or sickness fall into one of three classes:—

(a) Battle Accidents.
(b) Accidents other than Battle Accidents.
(c) Casualties due to Sickness.

Reports of these casualties will be made on AFsW 3010B, 3011B or 3012B, and will invariably specify the nature of the casualty. Examples:—

Admitted 2 Gen Hosp—Sick.
Admitted 40 CCS—Accidently injured.
Admitted 1 Fd Amb—Accidently GSW.
Admitted 15 (Mob) CCS—Battle Accident.
Missing believed drowned—Bathing fatality. Body not recovered.
Accidently killed—Traffic Accident.

2. *Battle Accidents*

(a) Battle Accidents are defined as:—
  (i) Accidental injuries sustained in forward areas but not occurring during action or in close proximity to the enemy.
  (ii) Accidental injuries sustained in action or in close proximity to the enemy but caused by or contributed to the culpable negligence or misconduct of the injured person. ITALY will be deemed to be a forward area for the time being. Subsequent modifications will be notified from time to time in GROs as necessary.

1126

Declassified E.O. 12356 Section 3.3/NND No. 785016

(b) In all cases where the injury was caused by or contributed to the culpable negligence or misconduct of the injured person, AFB 117 will be rendered. In cases where the injury so caused proves fatal, a Court of Inquiry will be held and will take the place of AFB 117.

(c) An injury may be reported as a Battle Accident whether the injured person was or was not on duty at the material time and whether the injury is fatal or not.

(d) Except as provided in sub-para (b) above, AFB 117 will not be rendered and a Court of Inquiry will not be held, in respect of a Battle Accident.

3. *Accidents other than Battle Accidents*

These are defined as all accidental injuries not included under para 2 above. Injuries will not be reported as self-inflicted unless the circumstances disclose a probable offence under the Army Act committed by the injured person.

Attention is drawn to GRO 40/44 regarding the submission of AFB 117 and Court of Inquiry Proceedings in cases of accidental injuries.

4. *Casualties due to Sickness*

(a) An officer or man will only be reported «SICK» when he has been actually admitted to and detained for more than 24 hours by a Medical Unit.

If he is discharged to his unit from hospital, care will be taken to report the fact that he has again been taken on the strength of his unit.

(b) For guidance in cases of doubt, the following will be regarded as casualties due to sickness :—

Exhaustion due to other causes than those classified as Battle Casualties, *e.g.* exhaustion due to disease or injury.

Anxiety neurosis.

Hysteria.

Shell Shock (this term is strictly incorrect, but when used it will be regarded as indicating sickness and not a Battle Casualty).

IV. *BATTLE CASUALTIES*

1. Battle Casualties are defined as :—

(i) all wounds or injuries caused directly by hostile enemy action.

(ii) all wounds or injuries which occur in action or in close proximity to the enemy provided they are not caused or contributed to by the culpable negligence or misconduct of the injured person.

2. Battle Casualties will be reported on AFsW 3010C, 3011C or 3012C. They will be clearly defined in all returns and reports by the addition of the letters «BC». For guidance in cases of doubt, the following casualties will be regarded as Battle Casualties :—

Physical exhaustion which necessitates admission to hospital when it is not due to disease or accidental injury, and when it is brought about by prolonged exertion, or by lack of food, drink, or sleep, occurring on a field of battle.

Blast.

Blast injury.

Concussion due to blast.

Injuries due to treading on enemy grenades, mines or explosives, or to enemy booby traps in the forward area during the course of operations.

3. Battle Casualties will be reported as appropriate under one of the following headings :—

1. Killed in Action.
2. Died of Wounds.
3. Died from injuries (where injuries are classed as BC).
4. Wounded (nature of wounds to be stated if possible).
5. Wounded remaining at duty.
6. Injured (where injury classed as BC).
7. Suffering from exhaustion (BC).
8. Missing (believed killed, believed drowned, believed PW or believed wounded as the case may be).
9. Wounded and Missing.

4. The use of the term «Wounded» is taken to mean «Wounded and evacuated». If a wounded man is not traced by GHQ 2nd Echelon in a Medical unit, enquiries are instituted to ensure that the man has not become missing. Care will therefore be taken to report any man who has been wounded but NOT evacuated to a medical unit, as WOUNDED REMAINING AT DUTY or WOUNDED AND MISSING as the case may be.

The medical unit to which a wounded man has been evacuated will be stated on the report, if known.

5. When a wounded soldier *dies* after leaving his unit but before reaching an ADS, MDS or Field Ambulance, it is the duty of any other officers or men that may be accompanying him to report the incident to the *medical unit* to which he was proceeding. The medical unit will notify the death to GHQ 2nd Echelon.

6. *NO REPORT OF DEATH WILL EVER BE MADE UNLESS THE DEAD BODY OF THE OFFICER OR MAN CONCERNED HAS BEEN SEEN AND IDENTIFIED.* In all other cases the correct report is «missing» or «missing believed killed». No officer or man will be reported «Drowned» without the additional phrase «Body Recovered and Buried».

7. A report of missing will not be made until 72 hours after the casualty has occurred. This allows time for the officer or man missing to rejoin his unit.

8. A report of «missing» will be accompanied or followed by a short signed statement in duplicate from any available witness setting out the last which is known of the person concerned together with an opinion of his chances of survival. If no further information is obained, death may be presumed by the War Office in due course on the strength of such a statement when the circumstances and evidence justify this presumption.

9. If a unit sends to GHQ 2nd Echelon, the AB 64 of a man who is missing, a letter of explanation will also be sent giving the circumstances in which the book was found and the reason why it was not on his person at the time of a casualty. The finding of an AB 64 has often provided valuable evidence as to the fate of a missing man.

Declassified E.O. 12356 Section 3.3/NND No. 785016

10. When an officer or man is reported as «not now missing» or «returned from missing» the information will always be given whether he has been recaptured from enemy hands or escaped from enemy hands, or has returned to his unit from some other place.

11. When a report of «missing» is changed to «killed», the evidence on which this change of report was made will be stated, *e.g.* «body seen and identified» or «grave found and identified». GHQ 2nd Echelon will not publish an unexplained change of report.

12. No officer or man will communicate to a civilian (whether the next-of-kin or not) any information which is at variance with the official casualty report. Any available information from any source regarding the fate of a missing man should be sent to GHQ 2nd Echelon by whom it will be fully investigated. Unofficial reports sent to civilians in the UK frequently prove on investigation to be without good foundation, and any information received by the next-of-kin inconsistent with the official report inevitably causes distress and uncertainty for a substantial time until it can be officially confirmed or denied.

13. GROs 146, 168 and 210 of 1943 are hereby cancelled.

G.1(B)1201/A.1

38. Postal Addresses—Correspondence with RP, MEF

1. A considerable volume of correspondence and vouchers is received from units in Commands outside the Middle East by RP, ME, Jerusalem.

2. Unless the postal address of the unit, i.e. «BNAF,» «CMF,» «MALTA FORCE,» etc., is shewn thereon, considerable delay is caused owing to the necessity for tracing the command in which the unit is serving before a reply can be despatched.

Particular care should therefore be taken by units to ensure that their location as described in para. 2 above is included in the memorandum or voucher prior to despatch to RP, ME.

(To be repeated in Unit Orders.)

G1/B/3025/A3

39. Insurance—National Health and Pensions

1. ACI 1632/1943 publishes details of the regulations now made by the Ministry of Health whereby nursing officers of the QAIMNS (R), the TANS and its Reserve, other ranks of the Army, ATS and members of the VAD, who enlist or enrol, or have enlisted or enrolled, outside the British Islands on or after 3rd September, 1939, are excluded from insurance under the National Health Insurance and Contributory Pensions Acts during their war service. (The term «British Islands» means Great Britain, Northern Ireland, the Isle of Man and the Channel Islands.)

2. All personnel affected by the above-mentioned regulations will cease to be compulsorily insured with effect from the date of enlistment or enrolment and will be eligible to claim a refund of the amount of the contributions already deducted from their Army Pay in respect of pensions insurance since that date. For the purpose of stopping future deductions it is essential for the personnel concerned to submit a claim for refund.

3. Applications for refunds should be made to Os.C. Units, who will prepare and despatch lists of the personnel who claim to have been enrolled or enlisted abroad, showing date and place of enlistment, to GHQ 2nd Echelon, who will forward the lists to:—

(i) the Officer i/c Records in the case of soldiers and auxiliaries,

(ii) the Secretary, Voluntary Aid Detachments Council, 3 Belgrave Square, London, S.W.1, in the case of VAD Members, and

(iii) the War Office (AMD4) in the case of Nursing Officers.

Refunds will be adjusted eventually by the appropriate Paymasters in the United Kingdom.

4. The attention of all personnel affected by the regulations should be drawn to the full instructions in ACI 1632/43, when available.

G1/B/3374/A3

40. Accidental Injuries and Deaths—Injury Reports (AF B117) and Courts of Inquiry

1. Considerable difficulty is being experienced by GHQ 2nd Echelon and by the authorities in the UK owing to incorrect and incomplete reporting of accidental injuries and deaths. The following instructions are therefore issued for compliance by all concerned. They apply to all accidental injuries and deaths other than:—

(a) Those defined as Battle Casualties, see GRO 37/44, section IV, para. 1.

(b) Those defined as Battle Accidents (see GRO 37/44, section III, para. 2), unless the injury or death was caused by the culpable negligence or misconduct of the injured person.

2. *Injuries.*

(a) Whenever an officer or soldier is injured in an accident to which these instructions apply, the Commanding Officer will have the matter investigated immediately, and AF B117 (Parts 1-4) will be prepared in accordance with the printed instructions on the form.

(b) The greatest care will be taken in expressing an opinion on Part 4, which must be based on all evidence available to the Commanding Officer. It will be appreciated that the ultimate grant of a pension may depend upon the opinion expressed on AF B117.

(c) The particulars given in Part 2 must be confined to the nature, site and severity of the injury. *No statements will be made as to whether or not the injury is likely to interfere with future efficiency.*

(d) A Court of Inquiry will be convened to investigate the circumstances of the injury in the following cases as prescribed by King's Regulations, 1940, para. 773 (c), and «Unit Guide to Documentation,» section 7, para. 2 (c).

(i) If the injury is fatal or certified by the Medical Officer to be of a serious nature.

Declassified E.O. 12356 Section 3.3/NND No. 785016

(ii) If, in the opinion of the Commanding Officer, doubt exists as to the cause of the injury.

(iii) If, in the opinion of the Commanding Officer, doubt exists whether the injured person was on or off duty at the time he or she received the injury.

(iv) If, for any reason, it is desirable thoroughly to investigate the causes of the injury.

(v) If the injury was caused through the fault of some other person.

The Court will NOT record an opinion, but the Commanding Officer will state whether he considers, on the evidence, that the injured person was on duty and whether he was to blame.

(c) Where, however, in any of the above cases, the Commanding Officer considers that it is impracticable to hold a Court of Inquiry, or that no further evidence would be elicited by so doing, he will record his opinion to this effect in Part 4 (f) of AF B117.

3. *Disposal of AF B117 and proceedings of Court of Inquiry (AF A2).*

Documents will be forwarded to the Brigade Commander for confirmation in the following cases only:—

(a) Where a Court of Inquiry has been held.

(b) Where a Court of Inquiry might have been held, but has been dispensed with under para. 2 (c) above. In such cases, the Brigade Commander may, if he thinks fit, direct the Commanding Officer to convene a Court of Inquiry.

(c) Where the injury is, or is suspected to be self-inflicted.

The Brigade Commander will record his opinion both in Part 5 of AF B117 and on AF A2 if any. Where the injuries are, or are suspected of being self-inflicted, Parts 6 and 7 of AF B117 must also be completed and for this purpose the document, together with AF A2 (if any) will be forwarded to the authorities therein set out. In other cases, the Brigade Commander will return the documents to the Commanding Officer with his directions regarding any disciplinary action he may consider necessary. Attention is drawn to KR's 1940, para. 20 (b) (iii) which designates those officers entitled to exercise the powers of Brigade Commanders.

4. When AF B117 and the proceedings of the Court of Inquiry (if any) have been returned to the unit after confirmation by the Brigade Commander, or where confirmation of the Brigade Commander on AF B117 is not required under para. 3 above, the documents will be forwarded to GHQ 2nd Echelon for disposal.

Where it is stated on AF B117 that disciplinary action is being taken, the nature of the action taken will be recorded by the Commanding Officer on the reverse of AF B117 before it is despatched to GHQ 2nd Echelon.

5. *Accidental Deaths.*

(a) Where death results from an accident to which these instructions apply, a Court of Inquiry will invariably be held, and AF B117 will not be submitted. The proceedings will be disposed of in the same manner as laid down in the case of accidental injuries.

(b) Immediately after the Court of Inquiry has been held, the following information will be signalled to GHQ 2nd Echelon:—

(i) The cause of death.

(ii) The nature of the accident and whether the deceased was to blame.

(iii) Whether the officer or soldier was on duty at the time of the accident. If not, the nature of his occupation at the time.

This information is required urgently in order that the Ministry of Pensions may make a provisional allotment to dependants.

It will, therefore, not be delayed until after the proceedings have been confirmed.

(c) The provisions of this paragraph are in addition to those of Section 10 (1) of «Unit Guide to Documentation in a Theatre of War (Overseas)» whereby deaths will be immediately reported to GHQ 2nd Echelon.

6. Where injuries or death were sustained in a traffic accident, AF B117 and AF A2 will be forwarded first to Claims Commission, who will forward them to GHQ 2nd Echelon.

NOTE: A Court of Inquiry will be held on a traffic accident NOT involving injury, only where the Officer Commanding unit considers it necessary in order to ascertain the facts or where it is ordered by higher authority or requested by the Claims Commission.

8. Instructions regarding Courts of Inquiry on Fires are contained in GRO 199/43, and on Explosive Accidents and Injuries in GRO 618/43.

41. Wireless Batteries HT—Purchase of Through EFI (NAAFI)

1. A number of HT Batteries for unit wireless broadcast receivers have been distributed to BIS. Formations and units requiring these batteries should apply to their nearest BIS.

2. To ensure an even supply of batteries from UK it is necessary to know monthly requirements for wireless sets now in use in this theatre.

3. A return will be rendered as soon as possible by units in possession of battery sets direct to the Welfare Officer at HQ Eighth Army, HQ 10 Corps, or District HQ as may be applicable giving the following information:—

Formation or Unit.....

No. of sets held on charge.....

Type of set with manufacturer's serial number of each set.....

No. of HT Dry Batteries required per month

.....

4. The above-mentioned Welfare Officers will forward a consolidated return to Director of Welfare (W-3), AFHQ.

42. Increase of AF G1098/708—An Infantry Battalion

1. Pending receipt of War Office amendment to AF G1098/708 (an Infantry Battalion), all infantry battalions in this theatre are authorized to draw and hold in excess of their existing entitlement, the following:—

(a) Ropes 6ft. 6ins. with toggle.. Qty. 30
(b) Containers, water, 2-gallon (for Battalion HQ for use with RAP trucks)..... „ 4
(c) Lamps, electric, No. 1 (for Rifle Section Commanders).. „ 36

2. Indents will be submitted to Ordnance in the usual manner, quoting this GRO as authority.

9099/Q(AE).

43. Electrical and Mechanical Engineering Regulations

1. At Appendix B is published a schedule of Allied Force Local and War Office EME Regulations published by DME, AFHQ, during the month of December, 1943.

Units will check this list on receipt, and demand any regulations required and not received by them from the senior EME of their formation.

6005/Q(AE).

44. Travelling Allowances

The following instructions regarding the issue of travelling allowances are published for information.

Personnel Travelling Within This Theatre.

1. The general conditions of Section 6 III Allowance Regulations preclude the issue of travelling allowances on Active Service and such allowances will NOT therefore normally be admissible to personnel travelling or absent from their stations on temporary duty within this theatre: Such personnel will wherever possible be accommodated in WD accommodation or billets and rationed in kind.

2. Where no accommodation is available in premises occupied by the Allied Forces, personnel should be billeted at the recognised rates as follows:

NORTH AFRICA CORSICA	As laid down on Billeting Certificate (Allied Forces form No. 24).
ITALY and SICILY	No payment will be made for billets.

Billets should be obtained by application to Town Major or OC Troops or to the Maire where no troops are in the district.

3. In exceptional circumstances where personnel are put to additional expense in the course of their duties, a claim for actual « out of pocket » expenses together with an explanation of the circumstances should be submitted on AF 01771, as follows:—

(a) Personnel serving in NORTH AFRICA, CORSICA and SARDINIA to Command Paymaster No. 2, Command Pay Office.
(b) Personnel serving in ITALY or SICILY to Command Paymaster, No. 8 Command Pay Office.

4. It is emphasized that billets and rations are the rule in this theatre and only in exceptional circumstances will a claim for travelling allowances be allowed.

Officers Visiting United Kingdom.

5. Instructions for obtaining accommodation and details of allowances admissible to officers visiting the United Kingdom on temporary duty are published as an Appendix to this order.

Movement orders for officers visiting UK will in future direct attention to this Appendix.

Officers Visiting Middle East.

6. Officers visiting Middle East will be entitled to claim the Detention and Travelling Allowances applicable to that theatre, and particulars should be obtained on arrival.

7. GROs 136/43 and 552/43 are hereby cancelled.

APPENDIX A

Details of Allowances Admissible to Officers Visiting UK on Temporary Duty

1. Officers visiting the United Kingdom on temporary duty who are not provided with accommodation at the public expense during the course of their stay are governed by the terms of ACI 705/40 insofar as entitlement to travelling allowances is concerned. Their position in regard to these allowances is briefly as follows:—

If stay is for either one or two nights	Rate 1 Allowance Regulations, para. 354
If visit may involve a stay exceeding two nights, but not expected to exceed eight nights in one place	Billeted and entitled to travelling allowance of 8/6d. a night.
If detention will exceed eight nights	Billeted and entitled to ration allowance only.

2. Officers of the rank of major and above whose stay exceeds two nights may be placed on the lodging list at single rates instead of being billeted, and would then be entitled to Lodging, Fuel and Light, and Servant Allowances for the period of the stay.

3. An officer making use of the accommodation in which his family is living may draw an allowance at the rate of 8/6d. a night if the period is not expected to exceed eight nights. If the period is expected to exceed eight nights, the officer will be regarded as having rejoined his family, and allowances will be adjusted accordingly.

4. Officers visiting the War Office on temporary duty should report on arrival to the Camp Commandant, the War Office, and request him to arrange accommodation. Nightly rates of detention allowance are not admissible except when:—

1130

Declassified E.O. 12356 Section 3.3/NND No. 785016

(1) The stay is expected to exceed two nights, and the officer arrives too late to be furnished with a billet and has necessarily to make arrangements at his own expense for hotel accommodation for the first night.

(2) It is *certain* that the stay will not exceed two nights.

45. Unit POL Accounting

1. All Units in NORTH AFRICA District and No. 1 District holding stocks of Lubricants, Petrol and Derv Fuel for direct issue to vehicles will implement forthwith the instructions contained in Appendix « A » to this Order.

Other Districts and Formations will implement such portions of these instructions as it is considered practicable without undue interference with the operational functions of units.

2. The purpose of this instruction is to ensure economy in the use of petrol, and is based on War Office Pamphlet « Mechanical Transport—Vehicle Records and Procedure for Accounting and Control of Petrol, Oil and Lubricants, 1942 ».

3. GRO 252 of 1943 is hereby cancelled.

APPENDIX « A »

UNIT POL ACCOUNTING (« B » VEHICLES)

1. The following Army Forms will be used :—

AFG 3518—Transport Work Ticket.
AFG 828—General Service Requisition (or equivalent).
AFG 3512—POL Account. (Pump or Store).
AFG 825—Daily Record of Issues.
AB 108—Bulk Issue Receipt.

2. *Procedure for obtaining and accounting for stocks.*

(a) Indents for supplies will be made as follows :—

(i) *Where the Supplying Installation or Depot is under Military operation or resident Military supervision.*

Bulk Deliveries :

On receipt of notification by letter or telephone or requirements the issuing Unit will prepare AB 108s in triplicate. The third copy, which will be retained by the issuing Unit, will be receipted by the driver of the tank lorry effecting the delivery. The first and second copy will be conveyed to the receiving Unit by the lorry driver, the original being retained by the receiving Unit and the second copy being receipted by an officer or an NCO not below the rank of Serjeant, stamped with the Unit stamp, and returned to the issuing unit by the lorry driver.

Packed Supplies :

Unit requiring supplies will prepare AFG 828 in triplicate. The first and third copy will be stamped with the Unit stamp. All three copies will be conveyed to the issuing unit by the driver detailed to collect requirements. The issuing Unit will stamp and sign the second copy signifying that the requisition has been met, and return it to the receiving Unit by the driver in exchange for the first and third copies which will be receipted by the driver and retained by the Issuing Unit to support the POL Account.

(ii) *Where the Supplying Installation or Depot is civilian operated.*

Indents for supplies will be made on ADST Sub-District or OC, RASC Garrison on AFG 828 (or equivalent) in duplicate and will be signed by an Officer.

ADST Sub-District or OC, RASC Garrison will stamp the duplicate thus signifying approval of issue and will designate the Depot to effect the supply.

The original AFG 828 will be retained by the ADST/OC, RASC, the duplicate being handed to and retained by the issuing Depot.

The Depot designated to effect supply will prepare AB 108 in quadruplicate, the fourth copy being receipted by the vehicle driver. The original and two copies will be transmitted by the vehicle Driver to the receiving Unit, who will retain the original and return the duplicate and triplicate copies duly receipted by an Officer or a NCO, not below the rank of Serjeant to ADST/OC, RASC in support of POL Accounts.

(b) Units will bring stock on charge on AFG 3512 immediately on receipt. Every entry will be supported by the duplicate copy of AFG 828.

(c) A separate AFG 3512 will be kept for each pump or store, to enable a stock check to be carried out at any time.

3. *Authority for issue by Units to own or casual vehicles.*

Fuel will NOT be issued to vehicles unless the following conditions are fulfilled :—

§ *British Army Vehicles :* Driver must produce Work Ticket AFG 3518.

§ *RAF Vehicles :* Driver must produce either RAF Form 656 or 658.

§ *RN Vehicles :* Driver must produce a written authority for the journey.

§ US Vehicles : Driver must normally produce WD QMC FM 237 Form (Trip Ticket), or a written order authorizing the journey. In cases of special urgency, however, the driver may only have verbal orders. On such occasions, the driver's name and Unit will be recorded for future verification.

§ Including requisitioned and captured vehicles.

French Army Vehicles : No issues will be made without authority of DST, AFHQ.

Civil Vehicles Hired by the WD :

(a) *In North Africa District.*

(i) No civilian vehicles will be supplied except as provided under (ii).

(ii) Where WD petrol is provided under the terms of existing contract, driver must produce a log book properly stamped and endorsed by ADST Sub-District or OC, RASC Garrison.

(b) *In No 1 District.*

No civilian vehicles will be supplied.

1131

Declassified E.O. 12356 Section 3.3/NND No. 785016

4. The system of issuing fuel to own unit or casual vehicles will be as follows :—

(a) Driver produces authority for using vehicle as specified in para 3 above, and states quantity required.

(b) Issuer places fuel *into vehicle tank.*

(c) If vehicle is on charge to a British Army Unit, issuer records quantity issued in Coln 11 of AFG 3518, and initials Coln 7.

(d) Issuer enters details on AFG 825 *in original only.*

(e) Driver signs AFG 825 (In cases of convoys refuelling a bulk receipt will be accepted from O i/c Convoy).

(f) Issuer passes AFG 825 to his Unit HQ at the end of each day's work, for entering in AFG 3512 daily. Separate AFG 825 will be maintained for each category of consumer other than British Units, *i.e.* to Dominions, US Forces, Allied Armies, Civil Authorities, non-entitled users (*e.g.*, EFI), etc.

Debit vouchers in respect of repayment issues will be raised by the Issuing Officer in accordance with ACI 1132/1941, as amended by ACI 1604/1942.

5. *Units POL Account.*

Units holding POL Stocks will close and balance AFG 3512 at the end of each month in respect of each Pump or Store. Vouchers will be checked and the following certificate completed :—

« I CERTIFY :

(a) That this account consists of sheets.

(b) That the supplies shewn as expended by my Unit, were actually and necessarily used in the Public Service.

(c) That the remains have been verified in each fuel tank and store, and found to agree with stocks actually in possession of this Unit.»

The Account will be retained and be available for inspection for six months and then destroyed.

6. *Work Tickets.*

All Units having « B » vehicles on charge will use Work Tickets (AFG 3518). OC Units will ensure that Work Tickets are checked *weekly* as follows :—

(a) Withdraw all work tickets.

(b) Check totals of Colns 11, 13, 17 and 18.

(c) Check that the difference in opening and closing speedometer readings equals the miles run.

(d) Verify that fuel used equals the difference between the opening stock of fuel plus fuel drawn less closing stock.

(e) Calculate weekly mpg on AFG 3518.

(f) Enter weekly total in AB 412, and compare actual mpg with target mpg.

UNIT POL ACCOUNTING (« A » VEHICLES)

7. *Modification for « A » Vehicles.*

The whole of the above instruction will apply, except the following :—

(a) Transport Work Tickets (AF G3518) will NOT be used.

(b) AB 413 will be substituted for AB 412.

(c) Petrol, Oil and Lubricants issued against signature on an AF G825 will be recorded in AB 413 by the issuer.

8. Nothing in this order is to be taken as absolving RASC Depots, DID's, etc., from full accounting for POL, under instructions of DST.

9. Units will indent upon the appropriate Stationery Depots for the supply of necessary forms.

46. Unit Canteens

1. In view of the unavoidable insufficiency of canteen facilities provided by EFI and philanthropic bodies, and the impracticability of substantially increasing them, authority is given, subject to the provisions set out below, for issues to be made through EFI of certain items of RASC supply on repayment to units in approved cases, to enable them to establish unit canteens.

2. Authority to approve such issues is delegated to Army and District Commanders and Commander of a Corps not forming part of a British Army.

3. Authorities empowered to grant facilities will take into account the conditions in which the unit is operating, whether the unit has recently arrived from a battle zone, and the particular circumstances affecting each application.

Approval will NOT be given where personnel of a unit have reasonable opportunities for making use of a NAAFI, RAF, CWW, or similar canteens; taking into account transport facilities or distance to be walked.

4. The following maximum scales of issue will be permissible in approved cases:—

Quantities per 1,000 *men per day.*

4 lbs. Tea or 6 lbs. Cocoa.
20 lbs. Milk, tinned.
27 lbs. Sugar.
60 lbs. Flour.
15 lbs. Cookery Fat or Margarine.
1/4 lb. Baking Powder.
5 lbs. Jam or Marmalade.
7 lbs. Fruit, fresh, or 1 lb. Fruit, dried.
6 lbs. Cheese.
31 lbs. Fish or Meat Paste.

Bread, Salt, Pepper and Mustard must be saved in sufficient quantities from normal rations.

5. Approved units will draw the above-mentioned items from EFI at the same time as their normal canteen supplies in unit transport.

6. Payment will be made to EFI by units in the normal manner at the time of drawing. Indents, quoting Army, District or Corps authority for issue, together with details of numbers of ORs, will be submitted to EFI Bulk Issue Store 72 hours in advance.

7. It is emphasized that the above-mentioned concession will involve large additional imports. It should be clearly understood that the scales in para. 4 above are maximum scales and are permissive; therefore, units authorized to establish unit canteens will exercise due economy and only draw items which are absolutely necessary.

2580/Q(Maint).

47. Troops, Mail—Correspondence with Local Inhabitants on Mainland of Italy

Allied troops in this theatre will not correspond with local inhabitants on the Italian Mainland.
