That is of great confort for me because your adhesion shows that the task which we have undertaken finds a universal correspondence among those who, even having proved the cruelties of war, have found again the joy to give help with a friendly hand to the many people who are suffering in this very unhappy country.
I delivered the above mentioned sum to the "Corriere d'Informazione" for the usual publication."

Priority 2 - In extreme compassionate cases when the husband is a chronic invalid confirmed by a Medical Board and likely to remain in present location for at least 12 months and the wife's presence would be of material assistance to well being or recovery.

2. INTEREST IN COMMISSION IN THE REGULAR ARMY. (G-1 A)

a. The War Department desires to ascertain what percentage of officers now holding commissions desire appointment in the Regular Army. Until appropriate legislation is enacted, the War Department cannot announce the conditions which will govern selection of these officers or the number required. However, it is desired that officers who have served in the emergency, whether or not they are still on active duty, be given the opportunity of indicating their interest in obtaining a Regular Army commission. An officer making such a statement of interest may go off active duty or remain in the service without prejudice to his chance of being tendered a commission when legislation is enacted.

b. Letter of Interest forms which must be filled out by each officer interested in a Regular Army Commission, can be secured on request from S-1 American.

3. HOW TO APPLY FOR HOUSING ACCOMMODATIONS. (G.S.O.)

3. DISCIPLINE - DRESS AND SALUTING. (Adm 9.1)

a. There is a marked falling off in standards of dress, in the Area, particularly officers' dress, and in saluting.

b. There can be no excuse for the wearing, mainly by officers, of unofficial types of clothing in place of uniform, including unauthorised personal adornments such as coloured scarves, etc.

c. The same comment applies to saluting. It is natural that troops should follow the lead of their officers; the perfunctory or careless return of salutes by officers engenders a similar carelessness in the soldier, just as laxity in dress and turn out will communicate itself to subordinate ranks.

d. The Supreme Allied Commander wishes all British troops under command to remember that the victorious end of the war in EUROPE has left the British Army with a reputation higher than ever before. He is anxious that this reputation should not be damaged in the eyes of Allied nations or of foreign observers by carelessness and inattention to such matters as dress and saluting.

e. THE AREA COMMANDER DIRECTS THAT OFFICERS THEMSELVES WILL SET A GOOD EXAMPLE AND WILL UNHESITATINGLY CHECK ANY OR WHO DELIBERATELY FAILS TO SALUTE OR WHOSE STANDARD OF DRESS OR SALUTING IS LOW.

4. OPENINGS IN GRAVES REGISTRATION SERVICE - US PERSONNEL. (S-1 A)

b. All Provinces will receive 500 copies. Milano City will receive 1000 copies.

3. ASSIGNED VEHICLES (Exec.O.)

Due to the limited number of requisitioned vehicles at the disposal of Region XI, Division Chiefs must share the vehicle assigned to them with other officers in their division. When out-of-town trips are necessary, and no transport is available from the Motor Pool, Division Chiefs should place their cars at disposal of officer needing to make out-of-town trip and use taxi service for period involved. The principle followed by this HQ. is that vehicle is assigned to a Division and not to a person.

The above papers are now available for sale only the free issue having been cancelled.

It is regretted, however, that the shortage situation has far from improved.

This H.Q. applied for a minimum of 100 copies but have only been granted 46. Three copies are being sent to each of the Provinces (making a total of 33) ten to the Officers' Mess and six to the OR's and Sgts' Messes.

It will be appreciated that these copies must be passed round so that all individuals may read the news.

Officers and ORs will not be charged for papers as payment is being made from A.A.A.F.I. profits.

Previous requests to Officers to abstain from holding on to papers have met with no response. Officers are particularly requested not to take papers away from the Mess. They should be left in the lounge to enable the max. number of Officers to read this, the only British Newspaper available.

c. Duty Clerk will report to the Sergeant Major in Room 28, first floor, Montecatini Building, at 1630 hours for instructions.

2. TIME CARDS. (Ex. O.)

a. A survey of the time cards for the second half of June reveals countless discrepancies between them and the timesheets submitted by the Divisions for this period. These differences in most instances can be traced to a lack of cooperation on the part of some Division Chiefs or their assistants, which defeats the purpose of the timecard. There have been instances of one Division employee arriving on time and punching all cards for later arrivals. There has also been an instance of a Division Chief punching a card for an employee taking the afternoon off. The Executive Officer therefore washes his hands of further responsibility for efficiency and honesty in this aspect of Office Management.

b. Effective 1 July 1945, therefore, civilian employees of this HQ will no longer punch cards, but will be responsible directly to their Division Chief for promptness and regular hours of work. The Division Chiefs in turn will be responsible to the Regional Commissioner.

3. NOTICE. (Ex. O.)

a. Division Chiefs are to inform all members of their Italian Staff that one of their fellow employees has confessed to receiving 5000 lire from an applicant requesting a legitimate service at this headquarters. He was taken into custody by the Questura.

b. The reason why all Civilian Employees should be informed of the arrest is obvious. It is hoped that this instance will serve as a lesson to all.

6. PROPER USE OF CLASSIFICATION AND PRECEDENCE IN SIGNAL MESSAGES. (Asst.Adj.)
The following letter, AFHQ, reference, AG 311.5/199 SIG-O, subject: "Proper Use of Classification and Precedence in Signal Messages", dated 11 June 1945, is quoted for the information, guidance and compliance of all concerned:

"1. The volume of messages originated in this theater has decreased slightly since the cessation of hostilities, but difficulties are being experienced in many instances in the expeditious handling of those messages by electrical means. These difficulties may be expected to increase with the early redeployment of many of the Signal troops and cipher personnel. Under current regulations, only message classified as "CONFIDENTIAL" or lower may be transmitted by certain land lines in the clear; all other classified messages require encipherment. The temporary inadequacy of land encipherment of all classified messages, has increased the already heavy load on cipher offices. With the cessation of hostilities the urgency requiring rapid transmission of many of the messages appears to be reduced. This should permit greater use of letters in lieu of messages with increased use of the various messenger services, especially in those areas where a shortage of electrical facilities exists.

2. It is hoped shortly to relax regulations regarding classification of messages, thus permitting the transmission of more signal traffic in the clear. Pending the issuance of such relaxations, all originators are cautioned to avoid overclassification. Overclassification debases the value of the higher security classifications and tends to add to delay owing to the special handling required. At the present time, therefore, it is more than ever essential that current rules regarding the classification and precedence of messages be scrupulously observed in the interests of all concerned.

3. Originators are furthermore cautioned against the abuse of precedence. Where the volume of "Priority" and "Operational Priority" traffic becomes disproportionately heavy, these precedences necessarily lose their value.

4. Care must be taken in the drafting of messages to reduce their length by employing concise language without sacrificing clarity".

7. REGIONAL ORDERS. (Prov.C.)

a. Fifty copies of Regional Order No. 11, dealing with the Price of Cereals of the 1945 Harvest, will be sent to Provincial Commissioners via Courier on Thursday, 28 June 1945. Distribution is to the Prefect for his transmittal to Italian Agricultural Officials. This order will be brought to the attention of the public through newspaper and radio publicity in all Provinces.

b. Publicity for Regional Order No. 10, concerning the sale of cattle and milk, recently distributed to the Provinces, will also be attained through the newspapers and radio.

All concerned are notified that there are no accommodations or other facilities for Italian Civilian drivers at Venezie Region.

7. PRINTED LETTERHEADS. (Exec.O.)

a. Letterheads will not be printed in this HQ. either for individual division or for the HQ at large for the following reasons:

(2) Local purchase in view of the above would be an unnecessary expenditure even if the cost were reasonable, but because of the serious paper shortage the cost of the paper and printing is absolutely prohibitive.

Ever since the landings in Sicily, nearly two years ago, I have seen and admired your work. During recent months I have been more intimately associated with you. Many conflicting duties have hampered my capacity to do more than try to help my friends and your chief, Admiral Stone, to the best of my ability.
