VI. REASSIGNMENT TO CLAIMS SERVICE - ETOUSA: The following is extracted fr ltr AG 210.3/956-P, Hq ETOUSA, dtd 28 Sept 45, for the information, guidance and compliance of all concerned:

"1. There is presently in this theater a shortage of officers qualified in the processing of claims which have arisen as a result of the war. Claims officers perform the primary mission of conducting investigations, processing and settlement of claims. While a knowledge of law is beneficial, it is not a mandatory requirement, and officers with no law experience can be trained in the duties of claims officers.

2. It is desired that officers of all grades who are Class A or B volunteers and those with Adjusted Service Rating Scores of 69 or less be afforded the opportunity of applying for duty as claims officers on a voluntary basis. Officers who are qualified and selected will be assigned to AFHQ for duty with the Judge Advocate General's Section, Hq ETOUSA.

a. In view of recent statements that have appeared in the press, to the effect that groups to the 'middle twenties' were to be released by the end of the year, the War Office were asked if these statements could be clarified.

The War Office have confirmed this phasing and, an article has been published in the Union Jack reporting a recent announcement made in the House of Commons by the Minister of Labour, stating that the 'early twenties' may be released by the end of the year and not the 'middle twenties' as previously forecast.

X. SECURITY CLASSIFICATIONS:

a. A considerable waste of time is being caused by the misuse of security classifications. Further, Sig Office is caused unnecessary trouble due to originators of messages failing to insert a classification.

b. There are 4 security classifications, namely TOP SECRET, SECRET, CONFIDENTIAL, and RESTRICTED. Documents and messages not coming within these categories are unclassified.

c. Now that hostilities in this theatre are over it will be exceptional for any document or message to warrant a classification higher than CONFIDENTIAL. In most cases documents and messages will be RESTRICTED or unclassified.

d. In sig messages originators will incl the appropriate security classification in capitals or the word "UNCLASSIFIED" as the first word of the text.

e. Wef 1 July 45 any messages NOT complying with para (d) above will be referred back to the originator.

f. It is emphasised that over-classification is bad security as it inevitably results in debasement of security values.

All particulars required on Part I should be completed. Applications should be completed as soon as possible after 31 Jan 45 and must be received by the Electoral Registration Officer concerned on or before 28 Feb 45.

3. If a member of the forces desires to appoint a proxy who can vote for him, e.g. if he will be unable to vote in person, he should complete Part 2 of the card. A proxy is required to vote in person.

1 DISCIPLINE - PURCHASE OF FLOWERS

1. Cases have occurred in which military personnel have placed orders with Italian florists for delivery of flowers in the United Kingdom and other parts of the world through the Florists Telegraph Delivery Association and others.
2. In many such cases personnel have been requested to leave their military addresses so that they may be notified of orders which cannot be executed and the necessary refund made.
3. The above practice, both of placing orders and of leaving military addresses, will cease. Because of Treasury regulations the transmission of funds to the United Kingdom by Italian civilian firms is prohibited, so that none of the orders have been or can be executed. Moreover, the leaving of military addresses constitutes a danger to security.
4. Troops desirous of having flowers delivered in the United Kingdom and other parts of the world should remit funds through normal APO channels direct to a florist or make use of one of the official schemes which are sponsered by EFI or Army Welfare.
