GENERAL ORDER)
NUMBER 8)

RELATIONS WITH REGIONAL H.Q.

1. General Principle The Regional Civil Affairs Officer (RCAO) shall be responsible to the CCAO for the administration of military government in his region. Generally speaking he will have full power of command and decision on all matters relating to government, subject to the following limitations:

(a) Action taken will be within the framework of policies established by AMG HQ by proclamation, order, directive or otherwise. Interpretations issued by AMG HQ of proclamations and orders will be binding upon each region. Questions of interpretation raising any point likely to affect other regions must be resolved by AMG HQ.

(b) Certain institutions or activities which by their nature must be dealt with on a uniform basis throughout occupied territory are specifically reserved from the scope of authority of the RCAO in Appendix A attached hereto and action in such cases will be directed from AMG HQ. AMF is one activity so reserved. Other activities so reserved will be separately notified from time to time hereafter.

(c) Matters on which policy has not been established and which do not affect an activity specifically reserved to AMG HQ will nevertheless be referred to AMG HQ when:

- (i) The subject matter is likely to affect occupied territory as a whole, as opposed to the specific region (e.g. price, wage and ration scales.)
- (ii) The subject matter involves some relationship with other regions (e.g. inter-regional shipments, inter-regional supply movement, movement of refugees.)
- (iii) The subject matter raises legal, political or ecclesiastical questions of a character which may require handling by AMG HQ or higher headquarters (e.g. policy as to internees and foreign nationals, matters affecting ecclesiastical personnel, repeal or suspension of Fascist laws.)
- (iv) The subject matter involves a substantial change in Italian law or administrative procedure, other than of local application (e.g. modification of social insurance systems, agricultural control, tax structure, labor laws).
- (v) The subject matter involves policy affecting institutions organized or operating on a National basis (e.g. banks, insurance companies.)

(d) Appointments or removals of Prefects and other administrative officers of like rank will be subject to prior approval by AMG HQ. Appointments or removals of certain judicial, educational and other officials, some of whom are to be separately notified, will

responsible to the CMO for the administration of military government in the region. Generally speaking he will have full power of command and decision on all matters relating to government, subject to the following limitations:

(a) Action taken will be within the framework of policies established by AMF HQ by proclamation, order, directive or otherwise. Interpretations issued by AMF HQ of proclamations and orders will be binding upon each region. Questions of interpretation raising any point likely to affect other regions must be resolved by AMF HQ.

(b) Certain institutions or activities which by their nature must be dealt with on a uniform basis throughout occupied territory are specifically reserved from the scope of authority of the RMO in Appendix A attached hereto and action in such cases will be directed from AMF HQ. AMF is one activity so reserved. Other activities so reserved will be separately notified from time to time hereafter.

(c) Matters on which policy has not been established and which do not effect an activity specifically reserved to AMF HQ will nevertheless be referred to AMF HQ when:

- (i) The subject matter is likely to affect occupied territory as a whole, as opposed to the specific region (e.g. price, wage and ration scales.)
- (ii) The subject matter involves some relationship with other regions (e.g. inter-regional shipments, inter-regional supply movement, movement of refugees.)
- (iii) The subject matter raises legal, political or ecclesiastical questions of a character which may require handling by AMF HQ or higher headquarters (e.g. policy as to internment and foreign nationals, matters affecting ecclesiastical personnel, repeal or suspension of Fascist laws.)
- (iv) The subject matter involves a substantial change in Italian law or administrative procedure, other than of local application (e.g. modification of social insurance systems, agricultural control, tax structure, labor laws).
- (v) The subject matter involves policy affecting institutions, organized or operating on a National basis (e.g. banks, insurance companies.)

(d) Appointments or removals of Prefects and other administrative officers of like rank will be subject to prior approval by AMF HQ. Appointments or removals of certain judicial, educational and other officials, some of whom are mentioned in Appendix B hereto and others to be separately notified, will also be subject to such prior approval. Appointments or removals of all officials will be reported to AMF HQ.

2. Personnel. RMO will command all personnel assigned to their respective regions. RMO, together with the senior regional officer of the opposite nationality, will have the power to discipline personnel under their command and will make recommendations for promotions and removals to or from the Region.

In the case of many officers and some AM/ORA assigned to regions, the field of activity in which they are to be engaged will be specified. Any assignments of such specialist personnel must be observed except in cases of emergency and then only for the duration of the emergency.

- 2 -

3. Communications. Orders to personnel in the regions, including specialist personnel, will be issued only by the RCAG. Communications on technical matters from a Sub-Commission or Division Chief AG HQ to the specialist personnel in the regions must be sent through the RCAG.

Officers from AG HQ may and will make frequent inspection trips within the regions. On such occasions they will make their presence and the nature of their mission known to the RCAG, or where impracticable, to the nearest SCAG. No orders or directives will be communicated by such officers to the specialists in the field; technical observations may, however, be so communicated from HQ personnel to specialists in the Regions or vice versa. If these are in written form, copies will be furnished to the RCAG.

4. Procedure. For obvious reasons it will be desirable that procedure adopted by RCAGs, particularly in dealing with the Italian administration, shall be uniform as between the regions. In cases where uniform procedure has been or is hereafter prescribed by AG HQ, such procedure will be binding uniformly on the staffs in each Region.

5. Proclamations and Orders. Proclamations and orders of a public nature which are published by posting up or publication in a newspaper are of three types, Proclamations, General Orders and Regional Orders. (See Appendix C hereto.)

(a) Proclamations. All proclamations are signed by the Military Governor and will only be issued on the authority of AG HQ.

(b) General Orders. All General Orders are signed by the CCAG or his Deputy and will only be issued on the authority of AG HQ.

(c) Regional Orders. RCAGs may publish within their Regions orders signed by the RCAG which shall be described as "Regional Order No.".

6. General Uniformity. It is obviously impracticable to establish by specific category all of those matters which are within the authority of the RCAG and those which are reserved for AG HQ. If the subject of any proposed action is not specifically dealt with herein or in memoranda supplemental hereto, it will be referred to AG HQ when good judgement would indicate that uniformity of action is required or that a major matter of policy is involved.
