APPENDIX C 5

10 November 1943

INDUSTRIAL PLANNINGFunctions of Industrial Planning Staff

1. The objectives towards which the Allied Control Commission is to work are given in Appx. D. In considering how these objectives are to be attained, the following factors have to be borne in mind:

- (a) Economy in man power, particularly United Nations' manpower.
- (b) Economy in shipping and imports.
- (c) Italy will remain an active theatre of operations for some time.
- (d) It will be a long time before material and shipping can be made available beyond the re-communications and industry, beyond the restoration required for immediate allied military operations.
- (e) The slower the restoration of at least minimum standards of employment and living, the more chance there will be of civil disturbances and other embarrassments to the war effort of the United Nations.

It follows that there must be coordinated planning both long term to ensure economy of effort in attaining objectives ultimately desired; and short term for the immediate furtherance of the United Nations' war against Germany and Japan.

2. The Industrial Planning Staff will carry out the necessary planning on broad lines covering the whole of economic, industrial and commercial activities. Specifically it will:

- (a) rely on Sections and subcommittees for carrying out detailed planning in their own spheres subject to the general policy formulated by the Industrial Planning Staff.
- (b) deal with problems with which Sections cannot deal themselves and which they submit for its advice and assistance.
- (c) coordinate the planning work of Sections in so far as it affects subjects with which the industrial planning staff is concerned, particularly when more than one section is concerned.
- (d) obtain information on which to work, whether from the ACC Intelligence Committee or from Sections or Subcommittees.
- (e) plan for projects which concern more than one section.

4. The Industrial Planning Staff will consist of a chief and a number of regularly assigned planning staff officers. Under instructions from the Deputy Chief of Staff (Operations and Security Intelligence) it may obtain additional planners from sections or decentralise certain work to sections concerned.

5. The Industrial Planning Staff will report through the Deputy Chief of Staff (Operations and Security Intelligence) to the Deputy President, who will arrange, as may be required:

6. Responsibilities of Sections.

Sections will, (a) carry out work for the Industrial Planning Staff, in accordance with the orders of the Deputy Chief of Staff.

ALLIED CONTROL COMMISSIONDIRECTIVE NO. 1.ORGANIZATION

1. The attached chart (Annex A) shows the initial organization of H.Q., Allied Control Commission. It will not be possible to set this complete organization up immediately, but it is intended to build it up as rapidly as possible in order to enable it to function when required (See para. 11).
2. It will be seen that operations and intelligence on the one hand, and internal administration of the Commission on the other hand are under separate Deputy Chiefs of Staff. It will however be necessary for these two main divisions of Headquarters to work in close cooperation in order that the Administrative Division may efficiently perform its function of assigning personnel, equipment, office space and the handling of correspondence.

4. "Operations" means the work of the Vice Presidents' sections and connected staffs in carrying out the basic functions of the Commission. "Intelligence" other than "Security" will follow channels closely conforming to operations channels. This intelligence will consist mainly of industrial, technical and other information on which the operational work of the Commission will be based.
5. Further details of the organization and division of duties are given in Appendices B and C1 to C11.
6. Most of the senior appointments will be double handed, American and British, one officer acting as the deputy to the other.
7. Regions will organize their staffs to suit local conditions, but their organization should parallel, as far as possible, the local Italian organization, in so far as this exists and the organization of H.Q. Allied Control Commission.

1. Accurate and timely information is required for two main purposes:
 - (a) to provide a sound basis for plans and operations of the Commission.
 - (b) to provide the United Nations with intelligence about Germany, Japan and enemy occupied territory which will assist the United Nations' effort. It should be possible to obtain such information about the enemy outside this theatre of operations, which will be of great value to our forces in other theatres, e.g. as regards selection of bombing objectives.

3. Wherever military intelligence has normally to be obtained from observation of an enemy, in the case of the ACC, intelligence will be obtained from a co-belligerent and possibly co-operative nation.
4. Most of this intelligence will be obtained by the subcommittees in the ordinary course of their work and it will not be necessary to provide special intelligence staffs except for the purpose of collecting, assessing and distributing information about enemy and enemy occupied territories, the value of which may not be apparent in the work of assisting and supervising the Italian Government.
5. The ACC Intelligence Committee will be composed of the Chief Intelligence Officers of Sections and the Principal Security Officer, presided over by the Deputy Chief of Staff (Operations and Security Intelligence) or one of his staff officers, and will have a secretary and assistants. APPENDIX D

10 November 1943

ALLIED CONTROL COMMISSIONTERMS OF THE ARMISTICE WITH ITALY

1. The Italian Government has been bound by the conditions of an armistice which stipulates generally (Article X) that "The Commander in Chief of the Allied Forces reserved to himself the right to take any measure which in his opinion may be necessary for the protection of the interests of the Allied Forces for the prosecution of the war, and the Italian Government binds itself to take such administrative or other action as the Commander in Chief may require...." The terms of the armistice and supplements to it are such that the United Nations are in a position if they enforce the full measure of the rights for which they have stipulated, completely to control Italian administration and economy.
2. The Italian Government has now declared war upon Germany. Accordingly it has been granted a qualified acceptance as a co-belligerent. In a Tripartite Statement of 13 October 1943, it was declared that: "The relationship of co-belligerency between the Government of Italy and the United Nations' Governments cannot of itself affect the terms recently signed, which remain their full force and can only be adjusted by agreement between the Allied Governments in the light of the assistance which the Italian Government may be able to afford to the United Nations' cause." The United Nations desire to convert Italy into an effective instrument against Germany. They look to the Italian Government to produce tangible results. By rallying the entire people, armed forces and civilians alike to a vigorous resistance to the Germans, the Government may hasten the redemption of Italy and prove its value to the United Nations. Concessions must wait upon performance. The Italian Government has been advised that our terms may be modified, from time to time, if military necessity or the cooperation of the Italian Government makes such a concession desirable. These conditions, therefore, represent the requirements with which the Italian Government can be expected to comply so far as it may be in a position to do so, subject to such modifications and adjustments as may be authorized by the British and American Governments.
3. The status of co-belligerency does not mean that Italy is henceforth to be reckoned as one of the United Nations or is to be admitted by the British and American Governments to their councils as an ally. It means that the Italian Government will be fighting the same enemy, and that the United Nations support it for that immediate and limited purpose only. The relationship is not in any way to prejudice the untrammelled right of the people of Italy at the proper time to decide in a form of Government of their own choosing.

PURPOSE OF THE ALLIED CONTROL COMMISSION

4. The Allied Control Commission is being established to give instructions and guidance to the Italian Government on military, political, economic and administrative matters and to enforce and execute the terms of the armistice and supplements to it.

MILITARY MISSION TO THE ITALIAN GOVERNMENT

5. Upon the granting of the Italian armistice the Allied Commander in Chief appointed a military mission to the Italian Government. That mission, under Lieutenant General F. N. Mason, has been operating at the temporary seat of the Italian Government, at Brindisi. The scope of the mission corresponds to portions of the duties which are assigned to the Military and Political Sections of the Commission, and to that extent the activities which it has been carrying on will serve as preliminary to the functions which these Sections will now assume. When the Allied Control Commission has been organized and comes into contact with the Italian Government the mission will be terminated.

MILITARY SECTION OF THE COMMISSION

6. This Section will be formed initially on the nucleus of officers now at BRINDISI and TARANTO. These officers are at present handling matters pertaining to the Italian fleet and mercantile marine, and the Italian ground and air forces.

POLITICAL SECTION

7. There is a small political group at BRINDISI which will similarly form the nucleus for expansion into the Political Section.

ADVISORY COUNCIL

8. It is contemplated that an advisory council will be created. Its membership will be composed of representatives of those of the United Nations whose interests are involved in the operations of the Allied Control Commission.

OPERATION OF THE ALLIED CONTROL COMMISSION

9. Measures are now being taken to bring the Allied Control Commission into operation at the seat of the Italian Government, and to develop the Italian Government to the point where territory at present under Allied Military Government may be placed under its administration. This will involve the following steps:

- a. A small party, composed of officers from certain of the Subcommittees has been dispatched to Brindisi. This group joining with the members of the Military Mission will be organized into the advance command post of the Allied Control Commission. Through these representatives the Commission will establish contact with the Italian Government and begin the preliminary examination of immediately pressing questions. One task will be to commence planning for the transfer of territory to Italian administration, which will, however, be subject to the guidance and supervision of the Allied Control Commission.
- b. Headquarters Allied Military Government at Palermo, now under command of AFHQ, will be transferred to the Command of the Deputy President Allied Control Commission.
- c. The Italian Government will continue broadening its political composition and strengthening its administrative structure.
- d. When it is determined that the Italian governmental system is in condition, politically and administratively, to be entrusted with the responsibility the transfer of areas will be undertaken, on orders from AFHQ.

10. Four provinces adjacent to Brindisi have already been removed from the Allied Military Government of Region II and restored to Italian administration. This arrangement operates in a

ment to the point where territory at present under Allied Military Government is placed under its administration. This will involve the following steps:

a. A small party, composed of officers from certain of the Subcommissions, has been dispatched to Brindisi. This group joining with the members of the Military Mission will be organized into the advance command post of the Allied Control Commission. Through these representatives the Commission will establish contact with the Italian Government and begin the preliminary examination of immediately pressing questions. 10. Four provinces adjacent to Brindisi have already been removed from the Allied Military Government of Region II and restored to Italian administration. The Allied Control Commission will ensure that this arrangement operates in a matter satisfactory to the Allied Forces.

REGION 6 (SARDINIA)

11. The situation in Region 6 (Sardinia) differs from that of an area under Allied Military Government. It is being administered by a High Commissioner appointed by the Badoglio Government, subject to the control of a Regional Allied Commissioner from AFHQ. This mission has been entrusted to Brigadier P.A. Boulton, who has established headquarters at Sassari. The Allied interest in Sardinia is chiefly the efficient utilization of the coal mines, and other than that to see that it is governed in a way acceptable to the United Nations. Region 6 will be brought under command of the Allied Control Commission at a date to be notified later.

RELATION WITH PSYCHOLOGICAL WARFARE BRANCH

12. The relations established between the Allied Military Government and the Psychological Warfare Branch will, in general, be perpetuated when the Allied Control Commission succeeds to the former. These relations are summarized as follows:

(a) PWB is recognized by the Allied Control Commission as the agency

- (b) PWB retains control of its personnel and equipment in territories under ACC jurisdiction.
- (c) PWB will appoint a representative to the ACC Planning staff.
- (d) PWB propaganda initiated in and directed to the territories under ACC jurisdiction will be under the general direction, and in the service of ACC. It is understood that propaganda asked for by ACC should not conflict with the joint central directives which PWB receives from London and Washington as modified and approved by AFHQ.
- (e) In the event of a conflict between ACC and PWB which cannot be settled on the spot, the problem is to be referred to AFHQ for decision.

CONDUCT OF ALLIED CONTROL COMMISSION

13. Care must be taken to ensure that no precedent may be created prejudicial to the United Nations or the ACC. Long range commitments will be avoided, except under orders of the Deputy President. The Commission will act through and upon the Italian Government and will not itself assume the government of the liberated territory. Allied officers should not allow themselves to be drawn into any discussions as to whether the Italian Government is legally competent to do what is required of it. It is a domestic question, in which, in general, the United Nations are not interested, by what particular measures the Italian authorities give effect to our demands. It is for the Italians to decide upon an appropriate form of internal action and to prepare draft documents. Major documents should be submitted to the Commission in order that errors and implications prejudicial to the United Nations may be detected. In proper cases, reference must be made to AFHQ through the Italian authorities aside and frame their measures for them, but should have control over important acts before they are taken.

JURISDICTION OF ITALIAN COURTS OVER MEMBERS OF THE ALLIED FORCES

14. The operations of the Allied Nations throughout Italian territory must be free from restraint, regulation, taxation, public charge or other impediment. No Italian Court will be allowed, without the consent of the Allied Commander in Chief, to exercise jurisdiction over any member of the Allied Forces or person accompanying such forces, or any officials of one of the Allied Nations.

No Italian Court will be allowed, without the consent of the Allied Commander in Chief, to exercise jurisdiction over any member of the Allied Forces or person accompanying such forces, or any officials of one of the Allied Nations. If complaint is made of the conduct of any member of the Allied Forces, the complaint must be called upon to substantiate the charge with a statement of particulars, in order that any disciplinary action found necessary may be taken.

ATTITUDE OF MEMBERS OF THE COMMISSION TO THE ITALIAN GOVERNMENT

15. The members of the Commission, whether acting officially or otherwise, should maintain a correct attitude toward members of Italian Government, neither autocratic on the one hand nor familiar on the other. They should bear in mind that the provisional arrangements between the Allied Governments and the Italian People are dictated by war needs and are not to stand in the way of the Italian People, after the elimination of Fascism and the eviction of the German Forces, having a Government of their free democratic choice. In the meantime, it is important that there be built up an anti-Fascist Government on the broadest basis possible. It is desirable that all healthy elements which can deliver some good be rallied to the common effort. The success of the plan to entrust the Italian authorities with the administration of Italian territory under supervision of the Allied Commission is dependent upon the development of an Italian Government on whose intentions and ability the Allied Governments can rely.

DIRECTIVE NO. 2*Headquarters*

December 2, 1943.

1. General.

Reference is made to ACC General Orders No. 1 dated 10 November 1943, and to Directive No. 1 of same date.

2. Organization

a. When the headquarters of the Commission is fully set up, the provisional organization will be as shown in the attached chart, Appendix 'A' hereto. This will be substituted for Appendix 'A' to Directive No. 1 above referred to. All copies (other than AF file, record and war diary copies of the latter chart) will be destroyed.

b. It will be seen that it is contemplated that the Headquarters of the Commission will be split into a Main Headquarters and a Rear Headquarters. This is, for the present, dictated by accommodation considerations.

c. Apart from the alterations due to the split Headquarters, the principal changes are as follows:

- (i) The Deputy Chief of Staff (Admin) disappears, and a Vice Chief of Staff is introduced.
- (ii) A Liaison Section under the Deputy President is introduced.
- (iii) The Headquarters of the 207th (American) Regiment and British Administrative Headquarters appear (for Administrative purposes) under the Executive Officers.
- (iv) The number of Sub-Commissions under the Administrative and Economic Directors is reduced, the remainder coming directly under the Vice-President (and his Deputy) Economic and Administrative Section.

3. Operation of new organization.

The new organization will be put into operation forthwith to the extent possible, and progressively as and when future developments permit. Heads of Staff branches, Sections, Directorates, and Sub-Commissions will reorganize their personnel accordingly. Steps are being taken to fill existing vacancies on the basis of the original (not the revised) Appendix 2 to Planning Directive No. 12

4. Consequential Amendments to Directive No. 1.

It is not proposed at this stage to issue detailed amendments to Directive No. 1. The amendments required to some of its Appendices are sufficiently obvious from the chart Appendix 'A' hereto, which will prevail where there is any conflict between its provisions and those of the new chart.

5. Organization - Split Headquarters.

Instructions regarding Office organization and procedure and other matters connected with the above will be issued shortly.
