2. CIVILIAN TRAVEL PASSES: Instances are still being reported of civilians being in possession of slips of paper signed by officers of ACC HQ, purporting to authorize travel in Army Areas and AMG territory. Such slips of paper are not valid. Unless civilians can produce standard yellow passes (which must be approved and endorsed by AMG Fifth or Eight Army for travel in Army Areas) they are subject to arrest and prosecution. Allied and Italian Police have been instructed accordingly. The procedure regarding Italian Government officials is laid down in Memorandum 316/192/CA of 21st July 1944. Other civilians must apply for passes to their local ACC/AMG officials. (In Rome, the offices are at the Questura, Via Genova). (ACC DB #194- 4/3/44)

5. ROAD BLOCKS: The following is reproduced from Headquarters, Allied Air Force Area Command, Area Bulletin No.17, dated 31 July 1944, for the information, guidance and protection of all concerned:

"A British MP was killed and another seriously wounded a few nights ago while stopping trucks at a road block. When these soldiers approached the car it started to move and the people within the truck shot at these MP's without warning. The truck in this instance was recognized as an army truck but the people within the truck were recognized as civilians in either US or English uniforms.

Military police and Carabinieri, on duty at road blocks, have been instructed to approach vehicles with guns drawn, and to shoot if the driver deliberately evades the block. Road blocks are maintained to apprehend black market operators; vehicle and other thieves; deserters, and escaped prisoners. The deliberate disregard of a stop signal at a road block or the attempted escape from a Military Police road patrol may have serious results to the driver and/or passengers." (ACC DB#190 - 3/8/44)
