2. ACCOUNTING FOR FDO/AMG FUNDS

a. General

Many cases have occurred in the past where funds held by FDO/AMG officers, transferred from a Region to another Region or other theatre of war, have not been properly accounted for. To obviate this danger Executive Memorandum No. 4 was issued on 21 March 1944 and corresponding instructions have also been covered in various instructions to Sub-Accountants. In spite of this officers are still occasionally posted without rendering any account whatsoever, of the final disposition of the funds in their hands, which they may have paid over to another Sub-Accountant, or even in extreme cases, have left in the form of a bank account, without any orders for disposal. The result of this neglect has been to cause a great deal of unnecessary correspondence between the Finance Sub-Commission and the Region concerned before the matter had been finally cleared up; sometimes it has been necessary to enter into correspondence with another theatre of operations, when the Officer concerned has left this theatre. Regional Commissioners are therefore directed that the following duties and responsibilities be brought to the notice of the Officers concerned, in their Regions, in order to avoid a repetition of the mistakes detailed above.

2. ACCOUNTING FOR ACC/AMG FUNDS

a. General

Many cases have occurred in the past where funds held by ACC/AMG officers, transferred from a Region to another Region or other theatre of war, have not been properly accounted for. To obviate this danger Executive Memorandum No. 47 was issued on 11 March 1944 and corresponding instructions have also been covered in various Instructions to Sub-Accountants. In spite of this officers are still occasionally posted, without rendering any account whatsoever, of the final disposition of the funds in their hands, which they may have paid over to another Sub-Accountant, or even in extreme cases, have left in the form of a bank account, without any orders for disposal. The result of this neglect has been to cause a great deal of unnecessary correspondence between the Finance Sub-Commission and the Region concerned before the matter has been finally cleared up; sometimes it has been necessary to enter into correspondence with another theatre of operations, when the Officer concerned has left this theatre. Regional Commissioners are therefore requested that the following duties and responsibilities be brought to the notice of the Officers commanded, in their Regions, in order to avoid a repetition of the omissions detailed above.

b. Sub-accountable Duties

Nothing in the preceding paragraphs is intended in any way to reduce the responsibility of an Officer in possession of ACC/AMG funds to account properly for these funds, in accordance with the various instructions and memoranda detailed in para. 1 above. In particular, it will still be his duty, when he is posted away from his Sub-station or region, to see that the funds in his possession are properly handed over, and accounted for. The procedure for handing over is fully set out in paras. 71 to 75 of Sub-Accountants Instructions No. 1.

c. No Sub-accountant, Imprest Holder or Collector of Revenue may be 947
appointed without the prior written approval of the Regional Finance Officer.

7. ASSIGNMENT TO AN ARM OR SERVICE:

The following extract of PBS Ltr, file: AG 210.6 BPAGO, dtd 30 Sept'44, is quoted for the information of all officers (US):

"2. In accordance with AR 605-145, assignments to an Arm or Service are accomplished by initial commission in (or for officers commissioned in the Army of the United States, initial assignment to) an Arm or Service. Such Arm or Service will be considered the basic branch of an officer. This basic Arm or Service will be used by the officer regardless of the Arm or Service of the unit to which he may be later assigned. For example, an officer is commissioned in the Infantry and later is transferred to a Quartermaster unit. This officer will remain an Infantry Officer and will continue to use that Arm and wear the Infantry insignia; regardless of subsequent transfers."

5. ELECTRIC POWER, CONSERVING OF:

The need for conserving electric power in Rome area is of the utmost importance. The co-operation of all officers, EM/CRs in this HQ in this respect is absolutely necessary at all times. Electric lights have been observed burning in offices where they were unnecessary. Occupants of offices will ensure that lights are not switched on until they are absolutely required, and that they are switched off again when offices are vacated.

Failure on the part of anyone to conserve electricity may result in more drastic action being taken.

Divisions, Sections, etc. should refrain from requesting additional lighting, unless the existing system is considered inadequate to work with. (DB No 242 ACC Hq 24 Sept 1944)

6. AIR TRAVEL - ORDERS

a. Effective immediately, all requests for orders specifying air travel will contain full and complete information as to the mission to be performed and the urgency of the travel in question.

"5. Air Travel must not be considered as a normal means of movement and must only be used for the movement from point to point of personnel and cargo which have proved to be urgent. All other means of transportation, rail, road and sea, are to be used whenever possible, and screening agencies are responsible for insuring that only those applications which cannot be moved by surface transportation are passed to the Air Priorities Board.

"6. Cases have occurred from time to time of applications being passed to the Air Priorities Board wherein false statements have been made by applicants in order to obtain air priority. Hereafter known cases of this nature will be referred to AFHQ recommending disciplinary action."

3. ISSUANCE OF TRAVEL PERMITS:

The following notice on the issuance of travel permits appeared in the Italian Press on 1 September 1944 and is submitted for information and guidance of all concerned:

"Colonel Pollock, Chief of the Police Section, AMG, Region IV, has announced that the Chiefs of the Italian Police in the provinces of Rome, Frosinone, Littoria, Rieti, Viterbo and Terni are now authorized to issue travel permits to civilians going to places south of the rear line of military control.

Applications for permits to travel north of such line of control must be addressed to the Chiefs of Police, but final decision rests in each case with the Provincial Commissioner of AMG and ACC.

The control line runs now from Orbetello station to Albinia, Latera, Orvieto, Narni, Terni, Scheggino, Visso and Tolentino as far as Civitanova.

No permit is necessary to travel within each province, except when, as in the case of Viterbo and Terni, the provinces are crossed by the military line of control.

No permit is necessary to travel between the City and the Province of Rome.

A permit is necessary to travel from one province to another and the issuance of such permits must be restricted to cases of absolute necessity.

The Questori are authorized to issue travel permits for any province south of the military line of control, including Sicily and Sardinia."

2. DETAIL OF DUTY OFFICER:

a. Will report for duty to the Adjutant at 1800 hours in Room #8. b. Will be relieved by the Adjutant the following morning at 0800 hours. c. If desired, may have supper at 1700 hours and breakfast at 0815 hours at Hotel Moderno Mess, Via Marco Minghetti. (Adj)

3. DISPATCH OF INTEROFFICE CORRESPONDENCE:

It has been noted that various divisions in this HQ are not equipped with "In" and "Out" baskets. To expedite dispatch and increase the efficiency of the messenger service it is requested that "In" and "Out" trays plainly marked be placed in convenient spots for the pickup by HQ messengers. For divisions lacking trays a distribution will be made. For the benefit of all divisions "In" and "Out" signs are being printed for attachment to the proper trays. All correspondence placed in "Out" trays will be plainly marked with the complete name and address of the addressee. Incorrectly addressed mail will be returned to the division from which it emanated for correction and redispatch. (Adj)

4. ENTRANCE OF CIVILIANS INTO HEADQUARTERS BUILDING:

All personnel are again reminded that no civilian will be admitted into the Headquarters Building without an official pass issued by the Reception Bureau at Via Lucullo #3 or by the interested Division. The Police sentries at the front entrance have been instructed to strictly enforce the rule. Officers will appreciate that the rule is made for their own protection. Between 300 and 500 members of the general public seek to gain admittance to the Headquarters Building each day and a failure to adhere to the pass system by making special exceptions for individuals leads to confusion on the part of the Police and a general breakdown in the system itself through which all officers working in the Headquarters are made to suffer. When an officer, over telephone [illegible] outside the headquarters, requests a civilian

All personnel are again reminded that no civilian will be admitted into the Headquarters Building without an official pass issued by the Reception Bureau at Via Lucullo #2 or by the interested Division. The Police sentries at the front entrance have been instructed to strictly enforce the rule. Officers will appreciate that the rule is made for their own protection. Between 300 and 500 members of the general public seek to gain admittance to the Headquarters Building each day and a failure to adhere to the pass system by making special exceptions for individuals leads to confusion on the part of the Police and a general breakdown in the system itself through which all officers working in the Headquarters are made to suffer. When an officer, over telephone or by personal contact outside the headquarters, requests a civilian to come to his office on business and wishes to save the civilian the inconvenienceof passing through the Reception Bureau at Via Lucullo 2, it will be the responsibility of the officer to prepare an official pass to have it delivered to the Receptionist in Room No. 1 on ground-floor of Headquarters Building. When such a civilian presents himself at the front entrance giving his name to the sentry, he will be readily admitted to see the officer concerned. It is N O T the responsibility of the Receptionist in Room No. 1 to make out such passes. They must be made out by the Division concerned and delivered to the Receptionist. (Adj)
