WAGE-RATES OF ALLIED COMMISSION/ALLIED
MILITARY GOVERNMENT CIVILIAN EMPLOYEES

1. The maximum and minimum wage rates payable to civilian employees of Allied Commission/Allied Military Government, together with cost-of-living bonuses, allowances, etc., are governed by AFHQ Administrative Memorandum Number 34, dated 29 June 1945, entitled "Conditions of Employment, Wage Scales, Bonuses and Allowances for Civilians Employed by the Allied Forces in Italy, Sicily and Sardinia", and its subsequent amendments.

2. In the past, Finance Sub-Commission, through the Audit Division of the Accounting Sub-Section has made a careful check of all wages paid to civilian employees, from the Payrolls submitted by Sub-accountants with their monthly Reports of Receipts and Disbursements, and where the rates have not conformed to the authorized scale, and Observation has been sent to the Sub-accountant, calling for an explanation of the apparent error.

3. Since the implementation of AFHQ Administrative Memorandum Number 25, 1945, which authorized Labor and Wages Sub-Committees of the Allied Forces to make further upward adjustments of the Cost-of-Living bonuses locally, it has in fact been found impracticable for the Audit Division to check the rates of pay, as the local variations in authorized rates have become too complex and diverse to follow at this Headquarters. For example, the areas of jurisdiction of the Local Wages Sub-Committees do not necessarily coincide with Regional boundaries; and the directives issued by the Sub-Committees frequently authorize a flat rate of increase in the bonus without quoting a cumulative figure.

4. Nevertheless it is of the utmost importance that Sub-accountants and other Officers responsible for compiling Payrolls ensure strict adherence to the rates authorized in their area, and to give effect to this, ALL PAYROLLS WILL IN FUTURE BEAR THE FOLLOWING ADDITIONAL CERTIFICATE, SIGNED BY THE PAYING OFFICER:

"Certified that all above rates of pay are in accordance with existing AFHQ authorized scales, as modified by Local Wages Sub-Committee".

This order is to be strictly complied with.

5. Cabled instructions to this effect have already been sent to AMG Liguria, Piemonte, Lombardia, Venezia and Venezia Giulia, under reference Number 4251, dated 25 August 1945.

CONTROL OF EXPENDITURE

1. The attention of Regional Commissioners, Regional Finance Officers, and all officers of the Commission is drawn to the need for economy and constant vigilance, in the disbursement of Allied Commission/Allied Military Government funds. There have been far too many instances of unnecessary expenditure being incurred, and of officers not exercising proper care in authorizing and initiating expenditure.

2. In particular you are requested to watch carefully the following types of expenditure:

- Printing and stationery.
- M.T. repair and maintenance.
- Purchase of furniture and equipment.
- Maintenance of and repairs to Offices, Billots and Messes.
- Messing expenses.
- Civilian wages.

Where goods and services have to be purchased, such as for (a), (b) and (c) above, we wish Regional Commissioners to have proper steps taken by Purchasing Officers to obtain alternative tenders, so that a fair assessment of what is a proper price can be obtained. Cases have occurred of extensive repairs to Offices, Billots and Messes being undertaken, in premises only to be in occupation by Allied Commission/Allied Military Government for a month or two; this must not be countenanced. The largest expense of all is in respect of civilian wages, which form nearly two thirds of the total expenditure by Allied Commission/Allied Military Government. Make sure, therefore, that all your civilian employees are usefully and actively employed.

3. The responsibility for control of Allied Commission/Allied Military Government expenditure devolves upon those officers who are empowered to authorize such expenditure. It would appear that the instructions contained in Establishment Memorandum Number 5, dated 2 August 1944 (Local Purchases and Contracts), and Establishment Memorandum Number 33, dated 15 December 1944 (Allied Commission/Allied Military Government "Housekeeping" Expenditure) are not always being complied with. Regional Commissioners should, therefore, direct the attention of all officers to these Memoranda, making particular reference to paragraph 3 of Establishment Memorandum Number 33, which lays down the powers delegated to Regional Commissioners, Provincial Commissioners, and that they may

ESTABLISHMENT MEMORANDUM

NUMBER : 4)

Asst. Dir.	
Asst. Dir.	

RATIONS FOR ITALIAN MILITARY AND CIVILIAN PERSONNEL.

This Memorandum is intended to provide Regional and other officers with a quick method of reference to the existing Directives on the above matter. It supersedes Establishment Memorandum No. 13 of the 2 June 1944 as from the date hereof.

1. CIVILIAN.

- (a) (i) From British Sources. Italian civilians employed in messes, rest camps and hotels as cooks, waiters or attendants will draw the same ration as the military personnel in the establishment concerned. These rations will be paid for by the deduction from the wages paid to the Italian Employee at the rate of 30 lire per day.
- (ii) From American Sources. Provisions are set out in NATOUSA Circular No. 116 of the 18th September, 1944, Part II, para. 3.
- (b) Provisions as to supplying a mid-day meal for heavy workers and office workers are set out in AFHQ Administrative Memorandum No. 56 of the 9th December, 1944 which applies to British and American rations.
- (c) (i) From British Sources. If rations are required for any other Italian civilians, application has to be made to Area Headquarters in accordance with A.A.I. Routine Order No. 252. This order does not amount to an authority to give rations but lays down the method by which application will be judged. Such applications can be made by Regions etc direct and need not pass through this Headquarters.
- (ii) From American Sources. Except as above, no Italian civilian can be fed on American Army rations unless under authority from MTOUSA. Such authority will be requested through this Headquarters.
- (iii) The policy in this theatre of operations is to feed civilians on the civilian ration scale and not to give military rations without very good reason. In particular, it is considered important not to give an impression that the issue of rations is held out as an inducement to get civilians to work for military formations. In considering whether an application should be made Regional Commissioners should bear in mind this fact.

2. ITALIAN MILITARY PERSONNEL.

Provisions as to feeding Italian Military personnel in all areas are set out in Land Forces Sub-Commission Administrative Instruction No. 12 dated 12th October 1944, and sent to Regions with Establishment Section letter 36/36/Est.

1615

to the Italian Employee at the rate of 30 lire per day.

- (ii) From American Sources. Provisions are set out in NATOUSA Circular No. 116 of the 18th September, 1944, Part II, para. 3.
- (b) Provisions as to supplying a mid-day meal for heavy workers and office workers are set out in AFHQ Administrative Memorandum No. 56 of the 9th December, 1944 which applies to British and American rations.
- (c) (i) From British Sources. If rations are required for any other Italian civilians, application has to be made to Area Headquarters in accordance with A.A.I. Routine Order No. 252. This order does not amount to an authority to give rations but lays down the method by which application will be judged. Such applications can be made by Regions etc direct and need not pass through this Headquarters.
- (ii) From American Sources. Except as above, no Italian civilian can be fed on American Army rations unless under authority from MTOUSA. Such authority will be requested through this Headquarters.
- (iii) The policy in this theatre of operations is to feed civilians on the civilian ration scale and not to give military rations without very good reason. In particular, it is considered important not to give an impression that the issue of rations is held out as an inducement to get civilians to work for military formations. In considering whether an application should be made Regional Commissioners should bear in mind this fact.

2. ITALIAN MILITARY PERSONNEL.

Provisions as to feeding Italian military personnel in all areas are set out in Land Forces Sub-Commission Administrative Instruction No. 12 dated 12th October 1944, and sent to Regions with Establishment Section letter 36/36/Est. of 23rd January, 1945. It must be noted that security police, fire brigade and finance guards are not now considered as being military personnel.

3. PATRIOTS.

- (a) Patriots who come from enemy territory are regarded as an Allied responsibility during the period when it is necessary to hold them for screening etc. (This period will not exceed 30 days). During this period they are given Italian military rations which are issued through reception camps.
- (b) Patriot Representatives with Headquarters, 5th and 8th Armies are entitled to Allied rations under authority AAI HQ 1075/5/Q of 20th October, 1944.

CARE AND CUSTODY OF ALLIED COMMISSION RECORDS

1. The functions of the Archives Branch of the Office of the Executive Commissioner are to collect, arrange, index, safeguard and store records of Allied Commission (both Headquarters and field) so as to be readily available for reference or use.
2. All offices of Headquarters Allied Commission and of Regions and Provinces will constantly (and in any case not less frequently than once every three months) review their current files with a view to sending to archives all files that are not essential for current work. Files so transferred will be available to the office concerned for reference, or may be withdrawn.
3. All offices will keep papers relating to questions of policy on special files. Papers relating to action or routine will not be filed on policy files.
4. Action and routine files which have not been required for use for three months can normally safely be transferred to archives. It is seldom that the retention in a branch of an action file which has not been required for six months is justified. If the subject of a transferred file revives, but reference to old correspondence is not necessary, a continuation cover of the original file may be opened.
5. No correspondence or documents (other than duplicates of printed matter, copies of which are already filed on the appropriate subject file) will be destroyed. 1817
6. Reference files containing only directives, orders or similar circulars which originated in other offices will not be sent to archives. Archives will receive the record copy of such documents on the appropriate file of the originating office.
7. Files transmitted to archives will be securely tied in bundles. No bundle will exceed 15" in height. Files from different offices or branches will not be included in the same bundle. Files which have to be transported to Headquarters will be securely crated; each crate will contain a list of contents for checking.
8. A list (in quadruplicate) will be prepared showing by number and title all files transferred to archives. The heading of the list will clearly show the office or offices of origin of the files and by whom they are consigned. Two or three lines space will be left in the list to show separation of files into bundles.

One copy of the list will be enclosed in a stout envelope and placed on top of the files in the crate to which it refers. The remaining copies will be sent by the usual means to archives, and one copy will be receipted by archives and returned to the branch concerned.
9. When any branch or office is closed, any files temporarily essential for use by any other office of Allied Commission will be listed, and a copy of the list receipted by the receiving office will be sent to archives to show how such files have been disposed of. Establish Memo #3, this file, dtd 20 March 45 (Cont'd):

10. No files or individual papers will under any circumstances be transferred to any outside body. With the approval of the Executive Commissioner, any files which are temporarily essential to the efficient working of any outside body may exceptionally be loaned temporarily to such body for such time not exceeding three months as the Executive Commissioner may specify. The body borrowing the files will receipt a list of the files, which will acknowledge that it receives them on loan and that it undertakes to return them intact on or before.....and to safeguard them meanwhile. The receipt will be forwarded to the archivist who will take steps to see that the files are recovered by the stated date.

11. Where any offices are amalgamated or absorbed, or any functions are transferred to another office, police files of the absorbing office or function may be retained as long as they are required for use. Action and Routine files will be dealt with as follows:

a. If it appears probable that the matter in action will be closed within two or three weeks, that particular action will be concluded on and under the reference number of the original file, altered only by the substitution of the identifying letters of the new office.

b. Where it appears that the matter in action is not likely to be concluded within two or three weeks, either a new file will be opened, or the correspondence will be continued on an appropriate file of the new office. The old cover of the file will be conspicuously endorsed "continued on (file) --, of -- (branch)" and the new file will be marked "continued from (file) --, of -- (branch)".

As soon as the files are independent the old files will be sent to Archives. Independence may in suitable cases be hastened by taking copies of a few documents or exceptionally by lifting a number of documents from one file to another, but when this is done a full list of the documents lifted and a statement of their effect and their future location will be inserted in the old file in the place from which the documents have been taken.

It is unsound for an office to adopt and use files originally belonging to another office. Such files can obviously not be stored in both of the two appropriate places in Archives, and it causes no hardships whatever to continue where necessary the old file under a new cover and number; the connection between the two files can easily be expressed on the respective covers.

Where files of an absorbed office are temporarily retained for use by another office or function, a list of such files and their location will be sent to Archives.
