AIR FORCES SUB-COMMISSION, ALLIED COMMISSION,
ROME.

AFSC/22/AIR.

9th February 1945.

Further to our conversation of last night on the subject of Sardinia, I have again been rung up this morning by H.Q. M.A.A.F. Their complaint is that the Italian Air Force labour which is employed on the airfield is not co-operating fully in an effort to get the airfield ready for the very urgent operational purpose it is required for.

2. I feel that the whole thing is probably due to a misunderstanding, and I know that you will help by giving orders that everything possible is done to co-operate with us. As I explained to you, the question is an extremely urgent one of great operational importance.

The latest nation figures for the IAF reveal 1902 personnel in the Rome area.

2. It is felt there can be no justification for the employment by the IAF of such a large number of men in Rome.
3. It is requested an explanation be given as to why these men are in Rome and it is suggested that 2000 of them be immediately drafted into Units for service with the USAAF to make up the deficiency on the 8500 allocated.

With reference to letter AFSC/R/7/1/AIR of the 23rd January 1945.

2. From verbal information received from the Stato Maggiore Generale and from the Military General Attorney, it has been disclosed that this General Attorney will comply with the request to supply 80 Officers for assignment to Military Courts, which will be established in the North Provinces. These men will be directly supply by the Military Legal Corp.

3. The difficulties are referring only to the food rations which have to be supplied to the personnel assigned to the different Military Courts.

4. In order to prevent such inconvenients it has been proposed that, while the Italian Army would have continued to supply 250 rations, as previously established; the Italian Navy would have obtained an authority in order to withdraw from its availability 75 rations for the personnel of the Taranto Court and of the autonomous Sections of Lecce and Sassari and in future of Is. Spezia. The I.A.N. will supply 12 food rations for the autonomous Section of Catania.

5. This Ministry, from its part, agree with the proposal

OGGETTO: Personale per i Tribunali Militari.

- 1.- Si fa riferimento al foglio AFSC/N. 7/1/41R, del 23 gennaio u.s.-
- 2.- Da chiarimenti verbalmente avuti dallo Stato Maggiore Generale e dalla Procura Generale Militare è risultato che la Procura Generale stessa, per aderire alla richiesta di 80 ufficiali da destinare alla costituzione dei Tribunali Militari da istituire nelle Province che verranno liberate al Nord, può direttamente provvedere con elementi che tratterebbe al Corpo della Giustizia Militare.
- 3.- Le difficoltà poste dal prefetto organico, si riferiscono esclusivamente alle ragioni occorrenti per provvedere al vievaggiamento del personale assegnato ai vari Tribunali Militari.
- 4.- Per ovviare a tali inconvenienti, era stato proposto che, mentre il R.Esercito avrebbe continuato a provvedere al riguardo nel limite delle 250 ragioni, già precedentemente stabilito, la R.Marina avrebbe dovuto ottenere autorizzazione a prelevare dalle proprie disponibilità n. 76 ragioni per il personale del Tribunale di Taranto e delle Sezioni Autonome di Lecce e Sassari ed in avvenire di La Spezia e ~~la~~ la R.Aeronautica n. 13 ragioni per la Sezione Autonoma di Catania.
