DEREQUISITIONING OF THE AERONAUTICAL COLLEGE AT FORLI'

An urgent request has been received from the Minister of Air, Italian Air Force for the dereguisitioning of the Aeronautical College at Via Emilia, FORLI'. It is understood that it is at present being used by Polish troops.

As this college is sorely needed by the I.A.F. for use as a school for the education of children of I.A.F. personnel, it is hoped these premises might be dereguisitioned in the very near future. However if this is impossible, an approximate date when this college could be handed back to the I.A.F. would be greatly appreciated.

DERequisitioning OF I.A.F. PROPERTY

A request has been received from the Italian Air Ministry regarding the future use of derequisitioned buildings of the I.A.F. held by the No. 54 M.T.C. at Caneello. These consist of sixteen (16) wooden huts, nine (9) small brick-buildings, one (1) swiming pool and relative installations.

The following information is therefore requested by this Sub-Commission: -

1) the approximate date when this property will be derequisitioned and if it can be handed back directly to the Italian Air Force.

2) if it can be handed back directly a notice four (4) days in advance would be appreciated to enable the I.A.F. to place a guard unit in the area in order to prevent any removal of equipment by civilians.

3) In case there are materials or other equipment which are not the property of the I.A.F., these may be previously transferred in agreement with an I.A.F. Representative, to the adjacent camp of A.R.A.R.

4) It would be appreciated if you would communicate these requests to the C.O. of No. 54 M.T.C.

DEREQUISITIONING OF I.A.F. PROPERTY.

It is notified that an inspection was carried out at Cancello in the vicinity of No. 54 M.T.C. This R.A.F. Unit still occupies some huts belonging to the Italian Air Force : 16 wooden huts, 9 small brick-constructions, 1 swimming pool and relative installations.

Whilst on the part of the Camp handed over to A.R.A.R. there is no property of the I.A.F., the ground, huts and buildings still occupied by the above-mentioned R.A.F. Unit belong to the Italian Air Force.

It is, therefore, requested that :- 4327

1) - When the part of the Camp in question will be left by the R.A.F. Unit, it may be handed back directly to the Italian Air Force.

2) - Should this be possible, a notice of 4 days may be given before the handing over of the Camp so that we shall be able to arrange in advance for an I.A.F. guard service in order to prevent any removal of equipment from civilians.

3) - In case there are materials or other equipment which are not the property of the Italian Air Force, these may be previously transferred - in agreement with an I.A.F. representative - to the adiacent Camp of ARAR.

4) - A request in this respect may be made by the A.F.S.C. to the Allied Command concerned as the C.O. of No. 54 M.T.C. would agree to these directions provided he receives instructions on the matter from the Town Major, Caserta.

OGGETTO: Derequisizione proprietà dell'Aeronautica Militare Italiana.=

Si comunica che da un sopraluogo effettuato presso il 54°M.T.C. in Cancello risulta che tuttora detta Unità occupa dei baraccamenti che sono di proprietà della Aeronautica Militare Italiana.

Trattasi di N.16 baracche in legno e N.4 piccole costruzioni in muratura, N.1 piscina e relativi impianti.

Tenuto la parte del Campo che è già stata ceduta alla A.M.A.M. non contiene alcuna proprietà dell'A.A., ma il terreno che i baraccamenti ed edifici tuttora occupati da Unità della R.A.F. sono di pertinenza dell'Aeronautica Militare Italiana.

Tanto quanto sopra si chiede:

1°)-Che detta parte del campo sia restituita quando l'Unità della R.A.F. la lascerà, direttamente all'Aeronautica Italiana;

2°)-Che all'Aeronautico sia dato un preavviso di 4 giorni prima della consegna onde predisporre il servizio di guardia da parte di militari dell'Aeronautica per evitare asportazioni da parte dei civili:

3°)-Nel caso che nel detto campo esistano materiali e manufatti non di proprietà dell'Aeronautica, essi di accordo con un nostro rappresentante vengano in precedenza trasferiti nello adiacente Campo A.M.A.M. ;

4°)-Il Comando del 54° M.T.C. ha comunicato che si atterrebbe alle disposizioni di cui sopra qualora gli venisse ordinato dal Town Major di Caserta o altro Comando Superiore a cui si prega cod.Commissione volersi rivolgere.=

In reply to letter no. 201609/Od. 7, dated 12 April from the Stato Maggiore and memorandum letter no. 3540, 3rd Z.A.T. Permission is granted the I.A.F. for use of the R.A. Military Barracks in the north west section of Pisa Airport (S. Giusto.)

2. It is also agreed that a barbed wire fence should be erected around this section of the field with an entrance opening into the main entrance of the airfield as per attached drawing.

3. For security, it is suggested that one Italian Air Force Military Police be stationed at the M.P. stand along with one U.S. Army Military Police. The Italians Air Force Personnel working on U.S. Army part of field will be given passes permitting them entrance.

4. The Commanding Officer of Pisa Airfield has requested, if possible, that approximately thirty, 30, Italian Air Force Personnel be assigned for duty with the Base Utilities Section of Pisa Airfield for repairs and up keep of the Base. Also two or three automobile mechanics could be used in the Base Motor Pool.

5. It is felt that minor details for the arrangement can be worked out between the Commander of the Italian Air Forces garrison to move on the field and the U.S. Army Air Force, Station Commander.

SUBJECT : PREMISES IN THE S.GIUSTO AIRFIELD

FILE : NO. 3040

MEMORANDUM FOR THE AIR FORCES
SUB-COMMISSION

We are hereby informing your Sub-Commission of the following:

In my recent visit to the Pisa Detachment - S. Giusto Airfield - I found out that the premises situated north-west of the airfield, and marked on the attached map with Nos. 32, 33, 34 and 35, are not being used by the Allied personnel of the airfield. These premises are at present abandoned and it is foreseen that they will be very shortly in a complete state of ruin and decay.

Your AFSC has been previously requested with letter No. 20161/Od. 7 dated 12th April from the Stato Maggiore to grant us authority to use the above-referred premises. Moreover, we must draw your attention to the urgent necessity of carrying out on the same various indispensable repairing works for the proper maintenance of this property to avoid its complete destruction and ruin.

The Italian Air Ministry requests the intervention of your authority to obtain the use of the premises in subject, part of which would be used for offices of the local Detachment and billets for the personnel of the R.T. Center at present giving service for the R.T.G. (Radiogoniometer) assistance and air traffic of all Allied aircraft.

Moreover, I add that, if necessary, an independent entrance could be made by erecting barbed wire around the area of the Barracks.

OGGETTO: Fabbricati Aeroporto S. Giusto.-

Porto a conoscenza di codesta AIR FORCES SUB COMMISSION quanto segue:

nella mia recente visita al Distaccamento Presidiario di Pisa - Aeroporto S. Giusto - ho constatato che i fabbricati siti nell'angolo nord-ovest del campo, contrassegnati nell'acclusa planimetria dai numeri 32, 33, 34 e 35, non sono usati dal personale Alleato di stanza sull'Aeroporto stesso, per cui trovansi in completo stato di abbandono e di deperimento che, con l'andar del tempo, tende ad aggravarsi.-

Pertanto, ai motivi che indussero a suo tempo lo Stato Maggiore dell'Aeronautica a chiedere a codesta Air Forces Sub Commission l'autorizzazione d'uso dei fabbricati succitati (vedi foglio 201619/Od.7 in data 18 aprile c.a. del predetto S.M.), si aggiunge quello non meno grave e pressante di provvedere alla loro custodia ed all'esecuzione degli indispensabili lavori di riparazione e manutenzione, onde evitare che opere demaniali tanto importanti e preziose finiscano con l'andar perdute.-

In considerazione di quanto su esposto, prego codesta Air Forces Sub Commission di volersi benevolmente interessare affinchè l'Aeronautica sia autorizzata a fare uso dei fabbricati di cui trattasi, una parte dei quali verrebbe adibita ad uffici ed alloggi del locale Distaccamento Presidiario e del personale del Centro R.T. appositamente costituito, per

"BARACCA" INSTITUTE OF LORETO.

Reference is made to the conversation between Lt. Col.Gasperi and S/Ldr. Salter.

The "T. Baracca" Assistance Institute of Loreto, owned by the ONFA (National Organization for Children of Airmen) is appropriately equipped to lodge about 500 orphan students. In August 1944 this Institute was requisitioned by the Allies and its premises were adapted to a British Hospital first and then to a Polish one.

Consequently, we had to send all the orphans to their families excepting only the most needy ones who were lodged in an old Institute ceded temporarily by the Bishop of Loreto as property of the Sacred House.

A number of above 500 orphans attending the elementary schools require a careful assistance as could be given by this Institute; however, at present it is impossible to receive in the afore said old premises of this Institute any number of children as there are not properly equipped and all hygienical installations and facilities are entirely lacking; in fact, the orphans therein lodged are at present exposed to the risk of their health.

The Public Health Section, having made an inspection to this Institute, ordered to close it down unless an immediate derequisitioning of its largest premises be obtained.

The ONFA had to send other orphans to their families during the summer holidays and keep only 50 of them. We therefore request the kind intervention of the Allied Authorities for the quick and final derequisitioning of the "Baracca" Institute.

ONFA could give assistance and lodging to hundreds of needy children and by turn send them to the shore of Porto Recanati for their summer vacations.

It was lately disclosed that the Polish Hospital will be transferred from the "Baracca" Institute to some other locality and that the Allies intend to occupy the premises for a U.S. Hospital.

If so, it would be no longer a safe and wise policy to give assistance and lodging to orphans in those premises even after they have been properly and thoroughly disinfected.

Moreover, the Bishop of Loreto has lately notified us that in view of the forthcoming school year the premises which he had previously ceded for a temporarily use of the "Baracca" Institute will be needed for teaching purposes.

We trust that the A.F.H.Q. will take into due consideration our present shortage of premises and obtain for us the derequisitioning of the "Baracca" Institute.

OGGETTO: Situazione dell'Istituto "F. BARACCA" di Loreto.

Si fa riferimento al colloquio Ten. Col. GASPERI - S/Ldr SALTER.

L'Istituto "F. BARACCA" di Loreto, di proprietà dell'ONFA completamente e razionalmente attrezzato per accogliere circa 300 allievi, é stato requisito nell'Agosto 1944 delle Autorità Militari Alleate, che lo hanno occupato prima con un ospedale inglese ed in atto con un ospedale polacco.

In seguito alla requisizione l'Opera é stata costretta a restituire in famiglia la maggior parte degli Orfani ivi assistiti, ad eccezione di un centinaio di bambini più bisognosi che in via del tutto temporanea sono stati accolti nei locali di un vecchio istituto di proprietà della S. Casa, ceduto gentilmente in uso dal Vescovo di Loreto.

Tale soluzione si é dimostrata però assolutamente inadeguata, sia alle necessità assistenziali dell'Ente, dato che gli Orfani bisognosi, che frequentano le Scuole Elementari e che dovrebbero essere accolti nell'Opera, superano il numero di 500, sia perché i locali attualmente occupati sono inadatti per ampiezza e soprattutto per l'assoluta insufficienza degli impianti igienici, che costituisce anche un pericolo per l'integrità stessa degli allievi.

La Direzione di Sanità infatti, avendo eseguito un sopraluogo in seguito a diversi casi di tifo verificatesi fra gli assistiti, constatate le condizioni antigieniche dei locali, ha espresso il parere di procedere senz'altro alla chiusura dell'unico Istituto gestito ancora dall'Ente, qualora non si riesca ad ottenere al più presto possibile la dorequisizione della sede propria di esso.

In tali condizioni la presidenza dell'ONFA ha dovuto restituire in famiglia per il periodo delle vacanze estive un'ulteriore aliquota di assistiti, riducendo il numero degli assistiti a circa 50 allievi.

In tali condizioni la presidenza dell'ONFA ha dovuto restituire in famiglia per il periodo delle vacanze estive un'ulteriore aliquota di assistiti, riducendo il numero degli assistiti a circa 50 allievi.

Si manifesta pertanto l'urgente necessità di intervenire energicamente presso le Autorità Alleate per cercare di ottenere la derequisizione della sede del "Baracca", che ove fosse resa disponibile entro breve termine, consentirebbe all'ONFA di or

gurizzare dei turni di presenza per diverse centinaia di orfani bisognosi, che in questa stagione potrebbero beneficiare delle cure marine di Porto Recanati.

Si attuerebbe così una provvidenza quanto mai necessaria alla loro salute e vivamentesollecitata dalle famiglie interessate.

A prescindere dalle dette considerazioni, giova far presente che l'accennata derequisizione si manifesta particolarmente opportuna al presente, poichè risulterebbe che l'ospedale Polacco occupante la sede dell'Istituto ottia per essere trasferito e che il Comando Alleato abbia intenzione di costituirvi un tubercolosario.

Ciò oltre a procrastinare ancora la disponibilità dell'immobile, che necessariamente subirebbe modifiche di struttura per essere adatta alla nuova destinazione, recherebbe grave pregiudizio all'ulteriore uso dello stesso, perchè nonostante ogni disinfezione e precauzione la permanenza di un tubercolosario potrebbe recare nocumento alla salute degli allievi, che successivamente vi fossero accolti.

Inoltre si fa rilevare che il Vescovo di Loreto ha già fatto sapere che col nuovo anno scolastico ha bisogno di rientrare in possesso dei locali ceduti in uso gratuito al "Baraque" da circa due anni.

Tale circostanza, peraltrando l'attuale occupazione del nostro immobile, metterebbe l'ONÀ nella dolorosa condizione di dovere negare l'ammissione di tutti gli orfani indistintamente, ed anche ai più indigenti, venendo meno l'unico Istituto rimasto ancora in funzione.

Per quanto accennato si confida nell'efficace interessamento di Codesta S.C. per ottenere la tanto invocata derequisizione, che risolverebbe molte assillanti esigenze dell'Opera, oberata dalle richieste di assistenza di oltre 1500 orfani.-

This building was requisitioned for use by Allied Forces in Aug 44.

At the moment there is a Polish Hospital in occupation but it is not yet known when this hospital is likely to move.

The patients were almost wholly evacuated a short time ago to make room for the TB patients of the Polish Corps who have now been moved in - so it is not possible yet to consider derequisitioning even a part.

However the need is understood and immediately there is any such prospect - this office will communicate with the local administration in LORETO who are well known.

REQUISITIONING OF PREMISES - IAF HEADQUARTERS MILAN

On 14th April 1946 a party of American officers from Caserta visited the I.A.F. Headquarters Building, Milan to assess its suitability for the accomodation of their H.Q. personnel.

2. In order that the consequences of such a requisition may be appreciated the present information is transmitted.

3. All accomodation in the Presidio Aeronautica is fully occupied by I.A.F. personnel and equipment. An attached list (3 pages) demonstrates the scope and size of the organisation now housed in this H.Q., which apart from every type of aeronautical service also comprises several hundred tons of stores.

4. Since this H.Q. has been available for I.A.F., the I.A.F. have centralised within it all the offices, stores, materials and hundreds of personnel previously accomodated in other premises, which have now been handed back for use by civilians, firms and industries.

5. It is estimated that several months would be needed to transfer all the materials, installations and technical machinery. This would further involve a very great expence and would be complicated by the necessity to evacuate other premises to accomodate the displaced I.A.F.

6. Such a move would disperse and disorganise all the offices, depots and units which have been built into a central organisation and nullify much of the work of the past twelve months. It would further have serious consequences for all detachments dependent upon the H.Q. for administration, including the Unita' Aeree, Flight Units, Assistenza Volo, purchasing, collecting and supplying organisations, and the administration of ex-service personnel numbering about 10,000 persons.

Reference the above-mentioned Barracks this Headquarters have been approached by the Italian Air Ministry with a view of obtaining the use of part of these premises for the use of Italian Air Force Personnel.

2. It is suggested that an independent entrance could be made by erecting barbed wire around part of the Barracks, which would be the responsibility of the Italian Air Force to guard.

3. The Italian Air Force are extremely short of accommodation, they are at present occupying property in PISA Town which they could evacuate if they were able to transfer to Pisa airport.

4. It would be appreciated if you would let us know the set up so as we can advise the Italian Air Ministry accordingly.

PISA AIRPORT BARRACKS (S. GIUSTO)

1. Owing to the shortage of premises in Pisa, the arrangements for the Offices and personnel constituting the Aeronautical Command is a problem.

2. Regarding the above mentioned, we kindly ask the Sub Commission to examine the possibilities for the R.A. Command to use a part or all, of the R.A. Military Barracks at the S. Giusto Airport.

3. With this solution we could encounterd the demands by the people of Pisa, by handing back the premises at present occupied by the R.A. Pisa Command for Administration.

4. We point out, if it is tought necessary that, the part of the premises occupied by the R.A. personnel be isolated from the the part of the premises occupied by the Allies in the Airport, by putting up some barbed wire or by having an independent entrances from the one used by the Allies.

5. Meanwhile we are awaiting to know a reply in regard to this matter by the Sub Commission.

I visited 9 CAR BARI on 21 March. I found the Italian Airforce still in full possession of CASERMA MILANO having received no orders to move. This in spite of the fact that on 25 Feb General Caforna had got the Italian Air Ministry to agree to move the troops by 1 March into tents if necessary.

The Airforce contention is that they hold valuable stores for which they have no alternative accommodation.

9 Terr Comd have offered accommodation for these stores.

The Airforce are refusing to move until they get a direct order from their Ministry to do so and that, up to date, has not been forthcoming.

I suggest that the only course now open is for you to see Air Vice Marshall Erodie and ask him to make the Italian Air Ministry give orders immediately for the Barracks to be completely vacated by 1 April.

6. A long struggle by the Ministry of War with the Air Ministry, and the personal intervention of General Cadorna, resulted in an order for the 800 Air Force personnel to move out of Caserma Milano by 1 March 46, if necessary into tents. The order was not carried out, the reason given was that the valuable Air Force Stores in Caserma Milano could only be moved into a suitable building. Suitable storage was provided by 9 Terr Comd in LECCE, and I am informed that the Air Force has begun to move today.

10. The delay

Delay

10. The delay of one month that has occurred was due to the lack of confidence of contractors in the Italian Authorities. I am informed by General Boselli that it is not by any means certain that the treasury will grant any sum further to the 11 million lire they have paid, though the War Ministry has authorised a total expenditure of 38 million.

11. The passive attitude adopted by the Italian Air Force over Caserma Milano, was only finally overcome by a visit from General di Brig. Liuzzi from Ministry of War, and has further delayed progress by a fortnight. They were first requested to move 2½ months ago."

2. It is appreciated that your Sub Commission has already been in touch with the Air Ministry on this subject. The above report is brought to your notice in order that you may represent the desirability of more effective co-operation between the services concerned.

DEREQUISITIONING OF THE "VILLA DELLA SALUTE"

This Ministry, some time ago, was under the obligation, of requisitioning at Leghorn "Villa della Salute" in order to turn into a Disposal Centre for ex. P.O.Ws (C.A.R.P.). This building was the property of the Royal Institute for deaf and mutes, the main office of which is at Siena.

2. In answer to repeated requests made by the above-mentioned Institute we have examined the possibilities of derequisitioning this Villa, but we had to look for another place as substitute.

3. The best solution found so far, would be no transfer the C.A.R.P. from Leghorn to Pisa where the barracks at the Aerodrome, at present requisitioned ~~by A.F.S.C.~~ and completely empty, would provide an ideal building for the purpose required.

4. It is therefore requested from A.F.S.C., and if convenient, that necessary steps be taken to derequisition these barracks. By means of barbed wire the building could be isolated from other Allied constructions and working plants.

5. We would also like to stress the fact that the Town Major of Leghorn, under pressure of the "Pendola" Institute is threatening to take action against us. In a recent interview with the C.O. of the Italian Air Force Garrison at Leghorn, he stated that the villa had to be handed over to its former owners by the end of the month. Should this take place our Department would be faced by serious and ~~and~~ unsourmontable difficulties.

6. We hereby request that Air Forces Sub-Commission interceed on our behalf in awaiting settlement to statement 4, and in order to suspend any action to be taken by the Town Major.

HANDING OVER OF OFFICES, HANGARS AND M.T. SHEDS ON FORLANINI AIRPORT

We shall be very grateful if you will kindly contact the Forlanini Airport authorities and obtain permission for us to use the offices indicated to us by Col. Arrigoni and this morning visited by Lt. REID.

Furthermore we would appreciate it if we could be granted the use of part of the hangars now partially occupied by a Branch of the Polish Air Force, for the use of our A/C, which will start operating in the near future.

We also require an M.T. Maintenance Shed for all vehicles which will be used by this Firm in connection with its activities.

We await your kind reply and would like to thank you very much. While we place ourselves at your complete disposal, please accept our best regards.

REPORT ON THE "MILANO" BARRACK IN BARI

The I.A.F. personnel at the moment accomodated in the "Milano" Barracks is up to now composed of 815 men (and not 300) including personnel of the Armoury School and 304th Communication Depot, Bari.

This Barrack is the only transit centre for all military personnel asked for by the various ZATs or IAF Commands and sent on to Bari for employment by the ZAT and "Unita' Aerea".

Furthermore it must also accommodate and issue food rations to personnel belonging to Companies which are at the disposal of the Allies; these companies once formed go to the Milano Barracks as the ZAT cannot offer them any accommodation.

The ZAT Command states that it is not possible to release the Barracks in question to the Army unless new buildings be allotted to the I.A.F. to accommodate the large number of personnel belonging to the Units located at Bari, and personnel which continuously arrive in transit at Bari.

Should the Allied Command release the whole of the I.A.F. Garrison Barracks at present more than half occupied by them, we will be able to accommodate only the personnel excluding the 304th Communications Depot and Armoury School.

The Depot stores mostly equipment belonging to the I.A.F. Communications Directorate.

SITUAZIONE DELLA CASERMA "MILANO" IN BARI

La forza presente nella Caserma "Milano" è, in data odierna, di 815 e non di 300 uomini, ivi compreso il personale della Scuola Armieri e del 304° Deposito Comunicazioni, che colà risiedono.

La Caserma costituisce l'unico centro d'affluenza e smistamento militari richiamati da altre Zone per Comandi di Aeronautica e inviati a Bari per le necessità dell'Aerozona e dell'Aerounità; e inoltre deve fronteggiare le esigenze per l'alloggio e il vettovagliamento del personale appartenente alle Compagnie a disposizione degli Alleati; compagnie che all'atto del loro accoglimento fluiscono alla Caserma "Milano", non avendo l'Aerozona altre possibilità di sistemazione.

A parere del Comando di Zona non è possibile restituire la Caserma al R°Esercito senza poter prima disporre di locali che consentano la sistemazione del numeroso personale appartenente agli Enti dislocati a Bari ed al personale che affluisce a Bari continuamente.

Qualora il Comando Alleato restituisca totalmente la Caserma presidiaria della R.A. da esso attualmente occupata per oltre metà, si potrà fronteggiare le esigenze del solo personale con l'esclusione però del Deposito e della Scuola Allievi.

Il Deposito immagazzina in maggior parte materiali pregiati della Direzione delle Comunicazioni della R.Aeronautica.

Caro Adrower,

Il Nucleo Comando 3^ Z.A.T. comunica che, da notizie non ufficiali, risulterebbe che l'Università degli Studi di Firenze si stia adoperando per ottenere in uso il fabbricato della Locale Scuola di Applicazione della R.A. per costituirvi la Città degli Studi.

Come tu sai, e secondo quanto ti precisai con il mio promemoria n. 34632/Od.7 in data 10 dicembre 1945, la disponibilità della Scuola di Applicazione di Firenze è per la R.A. di fondamentale importanza.

Ti pregherei di prendere ancora contatti con l'A.F.S.C. al fine di appurare la fondatezza della predetta notizia ed, eventualmente, prospettare la necessità che intervengano in nostro favore.

Ti sarò grato se vorrai considerare la questione con carattere di particolare urgenza, data l'importanza della cosa.

Cordiali saluti

Dear Adrower,

The Command of the III Z.A.T. has notified this General Staff tha it would appear that the Florence University is trying to get our building, the Scuola di Applicazione in Florence, to use as a University Center.

As I already informed you with my memorandum No. 34632/Od.7 dated the 10 of December 1945, the use of that building is of great importance for the Italian Air Force.

I beg you therefore to contact the A.F.S.C. and see whether the above information is true, and eventually stress the importance for us to ha our building back as it is Italian Air Force property.

I shall greatly appreciate it if you will consider this matter extremely urgent and important.

DEREQUISITIONING OF THE "VILLA DELLA SALUTE"

This Ministry, some time ago, was under the obligation, of requisitioning at Leghorn "Villa della salute" in order to turn into a Disposal Centre for ex. P.O.W.s (C.A.R.P.). This building was the property of the Royal Institute for deaf and mutes, the main office of which is at Siena.

2. In answer to repeated requests made by the above mentioned Institute we have examined the possibilities of derequisitioning this Villa, but we had to look for another place as substitute.

3. The best solution found so far, would be to transfer the C.A.R.P. from Leghorn to Pisa where the barracks at the Aerodrome, at present requisitioned by A.F.S.C. and completely empty, would provide an ideal building for the purpose required.

4. It is therefore requested from A.F.S.C., and if convenient, that necessary steps be taken to derequisition these barracks. By means of barbed wire the building could be isolated from other Allied constructions and working plants.

5. We would also like to stress the fact that the Town Major of Leghorn, under pressure of the "Pendola" Institute is threatening to take action against us. In a recent interview with the C.O. of the Italian Air Force garrison at Leghorn, he stated that the villa had to be handed over to its former owners by the end of the month. Should this take place our Department would be faced by serious and unsurmountable difficulties.

6. We hereby request that Air Forces Sub Commission interceed on our behalf in awaiting settlement to statement 4, and in order to

OGGETTO Derequisizione " Villa della Salute".

Questo Ministero é stato a suo tempo costretto a requisire in Livorno la cosidetta " Villa della Salute" appartenente al Regio Istituto " Pendola "per sordomuti con sede a Siena, onde sistemarvi il Centro Affluenza Reduci Prigionia.(C.A.R.P.).

2. In seguito a richieste ed insistenze del predetto Istituto, si é esaminata la possibilità di derequisire la Villa, ma perché ciò possa verificarsi é necessario trasferire altrove il C.A.R.P.-

3. Fra le varie soluzioni ricercate l'unica realizzabile è che il C.A.R.P.venga trasferito da Livorno a Pisa, ove però occorrerebbe avere a disposizione la caserma dell'Aeroporto, requisita dall'A.F.S.C. e che attualmente é vuota.

4. Si prega pertanto codesta Sottocommissione perché voglia cortesemente interessarsi per la derequisizione di tale caserma.Essa potrebbe venire cintata con filo di ferro spinato e l'accesso, attraverso un viottolo che limita l'Aeroporto, potrebbe essere completamente isolato dalle costruzioni e dagli impianti aeroportuali occupati dagli Alleati.

5. Si segnala intanto che sulla questione della derequisizione da parte di questa Amministrazione della " Villa della Salute " é intervenuto, in seguito a pressioni fatte dall'Istituto "Pendola", anche il Town Major alleato di Livorno. Egli recentemente ha diffidato il Comandante del Presidio Aeronautico a rendere libera la Villa stessa entro la fine del corrente mese, rendendo noto che dopo tale data egli l'avrebbe fatta sgombrare d'autorità per restituirla ai proprietari. Se ciò dovesse verificarsi, ne deriverebbero per questo Ministero serie e insormontabili difficoltà.

Il Nucleo "I" di Torino, il quale dal 1° Maggio 1945 ha trovato sede nei locali dell'Aeroclub di Torino, sito in Via S.Francesco d'Assisi N.4, è ora costretto ad abbandonare tale sede in seguito a requisizione della sede stessa.

Sarebbe desiderabile che il Nucleo "I" di Torino potesse sistemarsi due o tre delle numerose stanze libere nel Palazzo di Corso Dante, attualmente sede della Allied Commission di Torino.

Poichè detti locali appartengono al Pat. A.C.S.I. sarebbe cortesemente gradito sapere dal Capo della A.C. di Torino, affinchè fosse concessa al Nucleo "I" di Torino di occupare le suddette stanze.

The Personnel of the "I" Section -T.A.P. in Turin, who in May 1.st of the past year got his residence in the flat of the Circolo of Turin-Via S. Francesco d'Assisi 14- is now compelled to leave the above mentioned flat, due to its devastation.

I should like that the "I" Section's Personnel in Turin might occupy two or three of the numerous free rooms in the building of Corso Sparta, in which formerly the A. .F. and now the Allied Commission has got his residence.

It would be much appreciated if the A.C.C. would write to the Chief of the A.C.in order the "I" Section's personnel would be allowed to occupy the above told rooms.

1. It has been agreed that British interests in the OARE site at BOLOGNA will be phased out, starting from 1 Apr 46 by which date the present operational commitments of No.1 ARG will be complete and that every effort will be made to complete handover of the whole site by 1 May 46.

2. In the meantime wherever possible the Italian Army will be permitted to inspect the accommodation to assist them in planning their lay out.

3. Should it be necessary for No.1 ARG to continue in operation after 1 Apr 46, an alternative site will be required. FORLI is considered the most suitable site and a siting board should be held now to consider what work will be necessary to prepare this site for occupation by No 1 ARG. A rep of No.1 ARG will attend this siting board and the proceedings will be forwarded to this HQ for approval. DEREQUISITION VILLA SALIMBENI IN FLORENCE.

In the last few days Villa SALIMBENI in Florence has been noticed vacant, was previously occupied by the Allies.

2. It would be greatly appreciated if the Sub Commission would take it into consideration , and acconsent the derequisition of the above mentioned, as it is a wish of this Ministero to use it At the disposal of the National Releif Society for the families of the Italian airmen,who already owned in the past.

3. Taken into consideration the extensious territory that the Villa occupies, it would be suitable to allocate the high number of students,helping in such a way this organisation of numerous difficulties that during these last scolastic years met in assisting these orphans who needed most help of a great expense,by billeting them in colleges that do not belong to the same organisation.

Reference is made to your letter 214G/5203/5/Org dated 3rd January, 1946, with enclosures.

2. The position is as set out in 53 Claims and Hirings letter CH/53/H/111 dated 18th December, 1945, addressed to the Air Forces Sub Commission.

3. This property is on the "Red List", that is, it is under the protection of the Allied Military Government and cannot be requisitioned. The Air Forces Sub Commission gave special permission to No. 28 Repair Unit to occupy a portion of these premises, and this Headquarters had no knowledge or record of such occupation. It would appear that the Air Forces Sub-Commission is the only authority competent to regularise the position.

4. It is known that No. 28 Repair Unit vacated the factory on 1st December, 1945.

BILLETS OFFICERS AND N.C.Os OF THE C.A.V. AT VENICE

The 2nd A.A.T. Nucleus Command has informed this Stato Maggiore that, further to the instructions of the Allied Authorities, the Officers and N.C.Os of C.A.V. at Venice have been obliged to vacate the premises they were occupying as billets.

2. This circumstance has forced the said Command to requisition 32 rooms of an hotel in order that the personnel in question could be accommodated.

Recent Interministerial regulations have authorised the I.A.F. to make use of all barracks or buildings belonging to the ex Anti-Aircraft Corps.

This Corps occupied certain appartments in No. 4, Via Legnano, which are at present allocated to a Wireless-Telegraphic Station of the French Command in Rome.

It appears however that the French Command has already occupied the required number of appartments in the upper floors of the building.

Will you therefore kindly examine the possibility of allowing us to make use of the present vacant appartments.

We await to hear your decision on the matter.

We beg to inform you that on December 1944 the R.A.F. - 214 Group - C.M.F. - occupied more than half of our Factory, which is situated at Valco S. Paolo, with the object to verify, repair and fold their parachutes.

During the following months, we tried to get the regular requisition, but the British Authorities did not execute it, being of opinion, on account of a misunderstanding, that our Factory was already requisitioned by the Italian Air Force.

As we see that the occupation of our premises, with a large use of electric light-power, will continue for a time longer than that foreseen by us, we should be grateful if the Claims & Hirings would be so kind to regularize the requisition on of the above mentioned premises, since the date of the occupation by the R.A.F.

With letter 33757/od/7 dated 11th October 1945 we requested from the A.F.S.C. the restitution to the R.A. of the Vigne di Valle airfield and of the building of the ex Application School of Florence.

2. The said airfield was already returned, while, as for as the building is concerned, the A.F.S.C.(with letter AFSC/3 [illegible]/2/Org. 5035Coll) dated 5th November) informed us that it was requisitioned by the Americans and that our request would have been taken in consideration as soon as possible; anyway not before December the 1st.

3. We are aware of the fact that now this building, vacated by the previous occupying personnel has been occupied by a New Zealand unit (H.Q. N.Z.E.F.- R.A. - S.H.Q.) under the command of Major Gen Her Chev.

4. We ask you to contact the A.F.S.C. in order to ask their decisions on this matter. I think it very important to point out that the building in question is very useful to us, as much for the settlement of the Units as for the definitive settlement of the future I.A.F. General Services School that, temporarily will start its courses on Frosinone airfield.

Prot. 34632/od.7

Con il foglio no.33757/od.7 in data 11 ottobre 1945 avevamo chiesto all'A.F.S.C. la restituzione alla R.Aeronautica dell'aeroporto di Vigna di Valle e del fabbricato dell'ex scuola di Applicazione di Firenze.

La restituzione dell'aeroporto suddetto ormai è già una cosa in atto, mentre per il fabbricato della ex scuola l'A.F.S.C. ci ha risposto col foglio AFSC/355/2/Org. 6035 Coll. del 5 novembre u.s. facendoci sapere che esso era requisito dagli americani e che avrebbero tenuto conto della nostra domanda di derequisizione appena si fosse presentata l'occasione, comunque non prima del 1° dicembre 1945.

Risulta ora che in tale fabbricato, abbandonato dai precedenti occupanti si è installato un reparto neo-zelandese (HQ. N.Z.E.F.-D.A. - Q.M.G.) al comando del Maggiore Mac Her Char.

Si prega prendere contatti con l'A.F.S.C. al fine di far presente questa nuova occupazione del fabbricato della ex scuola di Firenze e chiedere quali sono attualmente le loro decisioni in merito. Ritengo sia importante prospettare che il fabbricato in questione ci sarebbe molto utile, oltre che per la sistemazione degli Enti già detti nel nostro foglio sopraindicato, anche per la definitiva sistemazione della costituenda scuola Servizi Generali R.A. che, provvisoriamente, inizierà i suoi corsi sull'aeroporto di Frosinone.

CASERTA - Building, installations and plants of the Aeronautical Academy.

Our Ministry has been informed by the Aeronautical Garrison of Caserta that the American Command is not interested in keeping the premises, plants and installations of the Aeronautical Academy at Caserta. A part of the building has already been vacated and is available.

2. We have also been informed that the American Command is taking steps to release some of the premises to the Monuments Superintendence, and some others to be used as schools. Furthermore the same Command is going to transfer to its new residence the plants of the printing office and of the Academy workshop.

3. It is extremely important for the Aeronautical Administration to keep the main Academy building, and the plants which are there at present, in order to avoid the remarkable expenses which are to be met in a work of provisory settlement of the Academy in buildings situated elsewhere.

4. Your Sub Commission is requested to take in consideration the requirements of this Ministry and to make steps in order to obtain the complete restitution to the I.A.F. of the Caserta building with all the plants and installations.

The Minister,

Viene segnalato a questo Ministero dal Comando Presidio Aeronautico di Caserta che il Comando Americano non ha più interesse al mantenimento in uso dei locali, impianti ed attrezzature della Sede dell'Accademia Aeronautica di Caserta, tanto che oltre la metà del fabbricato è già vuoto e disponibile.

Risulta altresì che siano in corso trattative, a cura dello stesso Comando Americano, per la cessione di alcuni locali alla Sovraintendenza ai Monumenti, e di altri in uso scuole.

Sembra infine che il Comando medesimo nel trasferirsi altrove voglia trasportare nella nuova Sede gli impianti della tipografia e della officina dell'Accademia.

L'Amministrazione Aeronautica ha grande interesse che le sia restituita la sede dell'Accademia e che non siano asportati gli impianti ivi esistenti, sia per raggiungere un conveniente definitivo assetto delle proprie scuole, sia per evitare le notevoli spese che vengono erogate in lavori di sistemazione provvisoria dell'Accademia in fabbricati siti altrove.

Si prega pertanto codesta Sub-Commission di prendere in favorevole considerazione le necessità di questo Ministero ed esplicare ogni efficace azione intesa ad ottenere la restituzione integrale all'Aeronautica Italiana del fabbricato di Caserta con tutti i suoi impianti e attrezzature.=

Your office is aware of the fact that the premises used as kitchen and mess at Palazzo Caprara are not suitable to this purpose. We should therefore appreciate if a restaurant near by Palazzo Caprara, having room for 250 places, could be requisitioned.

It has been brought to our notice that the Allies, as a great number of military personnel is leaving Rome, are going to derequisition some restaurants which are at present at their disposal.

Your office is requested to take the necessary steps in order that the Commission of Requisition of the I.A.F. be informed at once.

We would therefore avoid the requisitioning of a restaurant already working and it would help us greatly.

E' noto a codesto ufficio come i locali adiviti a cucina e Mensa di Palazzo Caprara siano assolutamente inadatti allo scopo.

Una razionale soluzione potrebbe trovarsi con la requisizione di un ristorante sito in prossimita di Palazzo Caprara e capace di 250 posti circa.

Sembra che gli Alleati, in relazione alla diminuzione delle forze militari di stanza alla Capitale, abbiano intenzione di derequisire dei ristoranti, attualmente a loro disposizione.

Si prega codesto ufficio di svolgere le necessarie pratiche affinche in tal caso la Commissione di derequisizione della R.Aeronautica ne venga tempestivamente informata.

Si eviterebbe cosi di procedere alla requisizione di un ristorante ma funzionante, il che eviterebbe dannosi malcontenti.

As you are aware the above Firm, which is specialised in matters of particular interest to the I.A.F., is at present working for the R.A. on parachute repairs and overhauls.

Part of the Works, has been for some time, occupied by the Royal Air Force 214 Group, C.M.F., which is using the installations available for its own requirements and consequently using electric and generating power.

This Firm has informed us that the expenses incurred for the supply of electricity are not being met by the R.A.F. In order to avoid a further credit balance in the Firm's books, we shall be pleased if you will kindly endeavour to arrange for the present expenses incurred to be met.

DEREQUI-ITIONING

It has come to the knowledge of this H.Q. that it is the intention of the Allied Authorities to vacate the airfield of Vigna di Valle during the current month, and the ex training school building of the I.A.F. in Florence during the month of December.

2. If the above information is correct, we would be most grateful if you could arrange that the Airfield and the building be placed at the disposal of the I.A.F.

3. The use once more of the ex-training school at Florence would be of great advantage to the I.A.F. and in fact it would enable the centralisation of:
- The Aeronautical Academy
- The various specialised courses now in progress at the R.A.
- All branches of the Regional H.Q. at Florence.

4. In this way the Aeronautical Administration could undertake the dereguisitioning of a number of buildings which could be returned to public and rpivate uses, and alleviate the grave housing condition which the country is undergoing.

AMMUNITION DEPOT FRANCAVILLA FONTANA (BRINDISI)

1. The undersigned has been informed that the R.A. Ammunition Depot, occupied by Headquarters No.11 AFOD has been evacuated by Allied Military personnel withput any prior notification to the competent Aeronautica authorities.

2. As often happens in such regrettable circumstances, the buildings were hardly vacated before they were the target for various looters, who, undisturbed, carried off, some in carts, various material belonging to the Air Force Administration.

3. The Carabinieri Reali were fortunately able to apprehend some of these people and to warn 4th Z.A.T. Headquarters, which took steps to despatch the necessary personnel to guard the Depot.

4. The above is brought to the notice of the A.F.S.C. in order that you may be good enough to remind once again the competent Allied authorities of the necessity for giving prior notification to the Aeronautica Authorities on every occasion that the Allies give up the occupation of premises belonging to the Regia Aeronautica.

OGGETTO: Deposito munizioni Francavilla Fontana (Brindisi).-

Risulta allo scrivente che il Deposito munizioni della R.Aeronautica, occupato dal Headquarters Ayr Force - Ordinance Depot n. 11 Nord-Americano, è stato abbandonato dai militari alleati senza alcun preavviso alle competenti Autorità Aeronautiche.

2.- Come spesso accade in tali deprecabili circostanze, le casermette appena lasciate libere sono state prese di mira da vari rapinatori, che, indisturbati, hanno asportato, a mezzo carretti, materiale vario di proprietà dell'Amministrazione Aeronautica.

3.- L'Arma dei CC.RR. ha, per fortuna, potuto mettere le mani su alcuni di costoro ed avvertire così il Comando della 4^ Zona Aerea Territoriale, che ha provveduto ad inviare sul posto il personale necessario per presidiare il Deposito.

4.- Quanto sopra si segnala a codesta A.F.S.C. perchè si compiaccia richiamare ancora una volta le competenti Autorità Alleate sulla necessità di preavvisare le Autorità Aeronautiche ogniqualvolta viene a cessare da parte degli Alleati l'occupazione di locali di pertinenza della R.Aeronautica.=

A request has been made by the Italian Air Ministry for the above-mentioned barracks to be handed back to them when finally vacated by the American Hospital now in occupation.

As it is understood that the hospital concerned may be moving in the near future anything which can be done to return this building to the Italian would be much appreciated.

1. The Commanding General directs that the properties as per attached list shall cease to remain under Allied Military requisition as from 1st. October 1945.

2. The units in occupation have passed to Italian Administration and therefore Allied requisition can no longer be justified. Owing to the fact that their duties should not be interrupted, we do not propose to ask them to move elsewhere, but have decided to de-requisition the properties concerned.

3. Please take the necessary action to retain these properties under requisition for the Italian Ministries concerned, and confirm to us when this has been completed, so that the Allied de-requisition notices can be served.

2. From very recent news sent by the Director of the "F. 3. We notify you of the above requesting once again your kind interest in order that the said premises so much necessary to the reinstatement of the "F. Baracca" Institute, be returned to it.

2. Da recentissime informazioni inviate dalla Direttrice dell'Istituto "F.Baracca" di Loreto, risulterebbe che il Colonnello medico Polacco, al quale sarebbe stato affidato il compito di trasferire a Loreto l'Ospedale Centrale Polacco, considererebbe - per motivi che non sono noti - inopportuno spostare l'Ospedale stesso dalla sua attuale sede in Fermo ed in tal senso non sarebbe alieno da fornire alle competenti Autorità Alleate un parere favorevole alla restituzione dei locali di Loreto all'Opera Nazionale per i figli dell'Aviatori.-

3. Quanto sopra si segnala a codesta Sottocommissione, sollecitandone ancora una volta il benevole interessamento perché i citati locali, tanto necessari per il ripristino dell'Istituto "F.Baracca", siano ad esso restituiti.=

BUILDING OF I.A.F. M.T. REPAIR WORKSHOPS IN BRUSEGANA (PADUA)

The 1st salvage section has recovered an important number of M.T. vehicles, some lisble to be repaired, others to be rebuilt and other to be used as spare parts in the 4th Z.A.T. Area.

Due to the present lack of working possibility for the local private firms employed by other Units, and to the large number of vehicles in need of repair or rebuilding, it is necessary to form as soon as possible an M.T. Repair Workshop for the 2nd Z.A.T.

This Stato Maggiore has decided to instal the a/m workshop in the premises of the Administration in Brusegana airport.

The H.Q. 2^Z.A.T. has informed us now, that the Town Major in Brusegana has requisitioned two buildings in the a/m airport to use them as billets.

If this requisition is carried out, it would prevent the instalment of the workshops which are, as explained, indispensable for the urgent work which is to be carried out. Otherwise the I.A.F. cannot find any other convenient solution.

You are therefore kindly requested to take up this matter with the Town Major of Brussegana in order to obtain the de-requisitioning of the above mentioned buildings.

OGGETTO: Costituzione Officina Riparazioni Autoveicoli R.Aeronautica in BRUSEGANA (Padova).-

Il Comando 1° Nucleo Recuperi ha effettuato il recupero di un notevole numero di automezzi, alcuni suscettibili di riparazioni, altri di ricostruzione ed altri utilizzabili per il ricavo di parti di ricambio o per permuta, nel territorio del Nucleo Comando 2^ Z.A.T.-

Date le attuali scarse possibilità di lavorazione delle Ditte private locali, impegnate da altri Enti, ed i forti quantitativi di automezzi abbisognevoli di riparazione e di ricostruzione, si è resa necessaria la costituzione, con ogni sollecitudine, di una Officina Riparazioni Auto per la 2^ Z.A.T.-

Era stato pertanto predisposto da questo Stato Maggiore che la predetta officina dovesse essere impiantata nei locali che l'Amministrazione possiede sull'Aeroporto di BRUSEGANA.-

Giunge ora notizia dal Comando Nucleo 2^ Z.A.T. che il Town Major di Brusegana ha disposto la requisizione di due fabbricati del predetto Aeroporto per adibirli ad alloggio truppa.-

Detta requisizione, qualora venisse effettuata, impedirebbe la prospettata costituzione dell'Officina di cui all'oggetto, che come già detto è invece necessarissima per l'urgente lavoro che dovrà svolgere, mentre d'altra parte non sarebbe possibile per la R.A. trovare altra soluzione conveniente.-

You are informed that, to satisfy your request, the water supply of the outlet N° 14426, in the premises of N° 1, Via Leoni, has been temporarily increased from 3/8 to 1 ounce. You are warned, however, that owing to the great number of customers and the difficulty of supply in the area, we shall have to reduce the daily supply to 3/4 ounce again, corrispondins to 15 m3 of water which are more than enough for 120 men. It would be more advantageous for a better useof the water, to increase the number of tanks which are not sufficient at present to cont in the water distributed.

If a further supply will then be required, the new pipes recently fixed might be used by connecting them to the "Azienda Comunale di Elettricita ed Acque" water works with whom you can take direct arrangements. It is pointed out that this water is not drinkable and should be used for hygiene purposes and washing of cars only.

Con riferimento alla Vostra lettera del 1° corr. Vi comunichiamo che, per soddisfare la Vostra richiesta è stata provvisoriamente aumentata da 3/8 ad 1 oncia la dotazione dello sbocco 14426 che alimenta i locali di Via Locri 1. Ma dobbiamo avvertirVi che, essendo la zona sovraccarica di utenze e di difficile alimentazione, dovremo prossimamente ridurre di nuovo la dotazione a 3/4 d'oncia, quantità questa che corrisponde a 15 metri cubi giornalieri di acqua, più che sufficienti per 120 uomini. Sarebbe invece opportuno, per la migliore utilizzazione dell'intero quantitativo di acqua, aumentare il numero dei serbatoi, che attualmente sono pochi ed insufficienti a raccogliere tutta l'acqua che viene erogata dallo sbocco.

Desiderando poi una maggiore dotazione potrebbe essere utilizzata, la nuova condottura già costruita, allacciandola alla rete dell'innaffiamento dell'Azienda Comunale di Elettricità ed Acque con la quale potreste prendere accordi direttamente; naturalmente trattandosi di acqua non potabile, dovrebbe essere usata soltanto per i servizi igienici e per il lavaggio degli automezzi.

1. In reply to your letter reference MAC/4203/V/AIS dated 30th August, 1945, S.M. Nicolo airfield is the Italian name for Venice-Lido.

2. During a recent visit by a Staff Officer from this Sub-Commission the C.A.F. (Centrale Aeroplanes del Velo), which is housed in part of the main airfield building at the Lido, was inspected.

3. It was ascertained from the Allied Authorities at the Lido that the R.A.F. and U.S. A.A.C. are withdrawing during September, and that there was no objection locally to the airfield and buildings being occupied in toto by the I.A.F. This will have the advantage of keeping the air field open for Allied purposes during the winter.

4. It is recommended that the Italian Air Force be authorised to run the airfield at least through the winter months. The question of demobilisation is open to consideration.

REQUEST FOR RESTITUTION OF I.A.F. BARRACKS AT PRESENT OCCUPIED BY THE ALLIES.

1. This Ministry has been informed that the I.A.F. barracks in Piazza Novelli in Milan, occupied by the Allies and used by the Americans as a hospital will be shortly left by them.

2. Although we know that when this hospital will be removed the premises will be occupied by another hospital already on the way, we would like to point out that the 1st ZAT HQ. in Milan badly need the above mentioned barracks. It is the only way to face the very serious situation arisen because of the lack of buildings and which become even more serious after the demand by the Guardia di Finanza to obtain the restitution by the I.A.F. of the Via Fabio Filzi barracks in Milan.

3. In consideration of the above stated we earnestly ask your S.C. to take the necessary steps for the restitution to the 1st ZAT in Milan of the Piazza Novelli Barracks after the departure of the American Hospital.

Risposta al foglio N. del

OGGETTO Caserma Romagnoli.-

Questo Ministero è a conoscenza che codesto Comando sta provvedendo alla derequisizione di alcune caserme da restituire alla loro antica funzione.

Si rivolge vivissima preghiera perchè nelle caserme da derequisire sia compresa anche la Caserma Romagnoli già facente parte del Ministero dell'Aeronautica, e necessaria all'alloggiamento della truppa della R.Aeronautica.

Qualora non fosse possibile derequisire e restituire la Caserma di cui trattasi, si prega caldamente di voler assegnare a questo Ministero qualche altra caserma in corso di derequisizione.

Nel ringraziare fin d'ora per il cortese interessamento di codesto Comando, si resta in attesa di notizie in merito.-

IL MINISTRO

DEMOLISITION OF BUILDINGS AND INSTALLATIONS

We have been notified that the Allied Authorities have the intention to leave this year, the Buildings and Installations at Torricola at present occupied by American troops.

As this Stato Maggiore, has the intention to use Torricola as an R.T. center, and Signal School, it is requested that the Sub Commission conferm wheter ,or not, the above referred departure by the Americans is taking place.

If the departure, is conferned, we will be very much obliged if The A.F.S.C. will arrange, that the Buildings and Installations be restituted to the R.A., as soon it may be possible, and please let us know the expected date.

The Central Aircraft assistance in Venice is located on the S.Nicolò Airport on the top floor of the airfield HQ. building, with its appropriate offices, Met. and Receiving Sections.

The personnel on the other hand, is billeted in a small house provided with the appropriate hygienic installations, situated approx. 200 metres away from the airfield HQ., on the Northern part of the field.

It appears that in October the American Authorities will hand over the S.Nicolò Airfield to the British and we therefore kindly ask you to ensure that the Aircraft Assistance Section, which is of an international character, is not deprived of the present premises, in order to avoid a new crisis in A.T. services in that area.

Dear

With reference to your letter 20771/402/Coll dated 17th July, 1945, I am sorry to have to inform you that the Regia Aeronautica Orphanage at LORETO is in the process of being handed over to the Polish Authorities as a General Hospital. I am informed by CAMERA that there is, therefore, no hope of it being released until the Polish Corps. is withdrawn, and the date of that is not known.

2. In view of the many changes taking place or about to take place in Allied organisation in Italy it is suggested that you contact someone in the neighbourhood of the Orphanage and ask them to inform you if and when it seems likely that the hospital will again either change hands or be vacated.

3. In any event I will be pleased to take up the matter of its release to the R.A. whenever the opportunity occurs; meanwhile CAMERA is being asked to consider the release of this building to the R.A. as soon as it is practicable, for example if and when the Polish General Hospital is withdrawn.

EX "ACCADEMIA AERONAUTICA"
QUARTERS IN THE ROYAL
PALACE AT CASERTA.

We have been informed that the Allied Command is partially moving out of the I.A.F. Royal Academy quarters in the Royal Palace at Caserta.

2. Will you kindly arrange for the quarters to be made available to the I.A.F., as and when each room becomes vacated. There is an appropriate I.A.F. Office in Caserta to which the rooms in question could be handed over to.

3. We take the liberty to inform you of the grave damages sustained on other occasions, whenever we were unable to immediately occupy buildings and materials released by Allied Units.

I.A.F. ORPHANAGE AT LORETO

After the liberation of Loreto, (Forlì) the Allied Authorities requisitioned the premises of the I.A.F. Orphanage there. During ~~March~~ April of this year this H.Q. endeavoured to retrieve this building for the orphans, but the local Town Major replied that it was to be a General Hospital.

2. A personal letter, signed by the Minister for Air, has been received, and it contains the information that the Hospital is vacating the premises, and it appears, judging by work proceeding on the Sports Ground, that it may be used as an Allied Rest Centre.

3. Your help is therefore requested in order that this building might now be de-requisitioned and handed back to the I.A.F. Orphanage Authorities.

TRANSLATION

Dear.

Immediately following the liberation of LORETO, the Allied Authorities requisitioned the Aviator's orphanage and converted it into a hospital.

The little orphans, who had already suffered due to the War, were installed in another religious institute at Loreto, where they live under unhappy and uncomfortable conditions.

In view of Allied military demands, it has not so far been possible to obtain the de-requisitioning of these premises.

According to recent information, the Allied Authorities are about to evacate the hospital, some wings of which are already empty.

It is, however, evident by work [illegible] carried out on the sports ground which

3997

Declassified E.O. 12356 Section 3.3/NND No. 785017

is now the intention to ~~turn~~ convert the Hospital into a rest camp for Allied personnel.

In view of this, I would ask you to use your influence in convincing the authorities of the humanitarian act they would be undertaking by returning the premises to their rightful use.

Gen. Mercuriali

Subito dopo la liberazione di Loreto, le Autorità Alleate hanno requisito l'Istituto per gli Orfani degli Aviatori, colà esistente, trasformandole in Ospedale.-

I piccoli orfani, che già molto avevano sofferto per la guerra, sono stati sistemati in via provvisoria in un altro istituto religioso di Loreto, dove vivono in condizioni di angustia e di disagio.-

Pienamente conto delle prevalenti esigenze belliche Alleate, nulla è stato possibile fare fino ad'ora per la derequisizione del citato istituto.-

In base a recenti informazioni, le Autorità Alleate si appresterebbero attualmente a sgomberare l'ospedale e diversi locali sarebbero già stati vuotati.-

Sembra però probabile, a giudicare da alcuni lavori di adattamento in corso nei campi sportivi, che lo immobile sia destinato al soggiorno per riposo di personale Alleato.-

In relazione a quanto sopra esposto, considerando cessati i motivi di carattere militare, La prego vivamente di volere intervenire per la restituzione dell'istituto agli orfani degli aviatori, intervenendo in tal modo a favore di un'opera a carattere altamente umanitario.-

La prego gradire i miei migliori ossequi.

DAMAGES TO PROPERTY

25B

In reply to your letter D/5613 of the 2nd June, referring to damage to property known as Tenuta VIANINI at Leverano, it is pointed out that whilst the A.F.S.C. are willing to try to put such matters as this in order, it must be realized that such a report originally made by the Carabinieri on January 14th 1944, will, by June 2nd 1945, have little chance of success.

2. Before any action can be taken, may it be confirmed that no request for assistance has been previously submitted to the A.F.S.C.?

The directors of "ISTITUTO FRANCESCO BARACCA" at Loreto (orphanage for children of Italian airmen) have informed that the sea bathing-cabin property of the above Institute and located at Porto Recanati, has been requisitioned by indian troops.

2. Evidently the A.F.S.C. is aware that following to the requisition of the above institutions building at Loreto by the Allies, this institute is temporarily residing in the building of the ILLIRYC COLLEGE at Loreto and pupils lack the possibility of being in the open air.

3. In consideration of the above and owing to the summer-season, and of the necessity of sea-bathing, the A.F.S.C. is requested to arrange so this cabin is left free for the use as above stated.

2. It is confirmed that it is the desire of this Headquarters that the Italian Air Force should remain in possession of the premises at Mungivacca, as the operational and other needs of Italian Air Force serving with the R.A.F. are supplied from this Depot.

3. Moreover, confirming telephone conversation Major Whiston - S/Ldr. Harley, the R.A.F. through Air Forces Sub-Commission have definite responsibilities in relation to the Italian Air Force; and would require to be fully consulted before any re-allocation of premises took place.

4. It is understood, however, that there is little likelihood of Adriatic Depots' request being agreed at your Headquarters; but in the event of reconsideration being given to their application it would be appreciated if this Headquarters were afforded an opportunity for stating a detailed case for the retention of the Mungivacca Depot by the Italian Air Force.

SUBJECT: Storage Space for Adriatic Base Command

TO: President, Allied Commission
FOR: Land Forces Sub Commission (AMTA)

1. The Adriatic Base Command is having to expand its covered storage facilities by 200,000 square feet of storage space beyond that which can be provided without special construction.

2. The provision of this space is an immediate necessity yet the shortage of necessary materials and troops require that every other source be exploited before undertaking such a construction program.

3. It is desired that you investigate the possibilities of the Italian Army and Air Corps having warehouses or other buildings in the Bari area that could be adapted to the needs of the above command. Express to them the urgency of the requirement as it will save critical materials and labor for other important work.

4. An early reply is desired.

AERONAUTICAL COLLEGE FORLI'

As long ago as Nov. 5th a letter was sent from this Sub Commission to HQ AAI requesting that the above named building be protected,if at all possible,from requisitioning,as these buildings house the Italian Air Force Orphanage for Children.

2. A reply was received from HQ AAI that HQ 8th Army had been requested to avoid requisitioning,subject,of course,to operational requirements.

3. It would be appreciated therefore,if information could be sent to this Sub Commission of the present position regarding this orphanage,and if there is a prospect of an early release of it, should it already have been taken over.

Further to the letter 11284 dated 1/11/1944, and to your AFSC/R/314/ORG. dated 13/11/1944.

2. It is requested that this Sub Commission takes an interest in order that the Aeronautic College at Forli should be kept at the disposal of the "Association of Sons of Aircrew (Pilots)".

3. The situation of the orphans, helped by the said Association, has already been shown to your Sub Commission, and is such that an urgent settlement of the above College is urgently requested.

4. We ask therefore that the competent Allied Authorities take an interest in the matter.

I have had a large number of reports from BARI that the U.S. Army is going to make an attempt to evict the I.A.F. from their Stores Depot at MONTIVACCA. There is no doubt that there is some move of this sort in progress.

2. As you will realise the effect of this on the I.A.F. would be quite catastrophic, and I really cannot see at this stage of the war why it should be necessary to take such a drastic step.

3. Such a step would be in complete violation of A.F.H.Q. circular No.24 dated 9th December 1944.

RADIO TELEGRAPHIC CENTRE OF CASTEL DI DECIMA

The Real Estate Section, R.A.A.C. by instructions issued on the 17th - 19th - 30th January 1945 has notified the Società Italiana Bonifiche Terriere Anonime, in the person of Mr. Romolo Vaselli, domiciled in Rome, Piazza del Parlamento, the requisitioning of a large wooded ground called "Sughereto" at Castel di Decima and about 12 kms from Rome on the Laurentina road (Porta S.Paolo - Ardea - Anzio).

This ground was occupied in May 1940 and is still legal property of the I.A.F. Administration. This Administration has had many buildings constructed for the setting up of the Radio Telegraphic Centre of the Ministry. The expropriation form for the definite purchase of the property was not completed but the I.A.F. Administration intends to settle it and to repair the buildings damaged by bombs, in order to establish a Signal Specialist School.

We have contacted the Real Estate Section, R.A.A.C. and the representative of this Unit have assured us that the requisition was made upon incorrect informations given by the "Engineers" Italian Army.

We would like you to take up the matter in order:

a) to revoke the requisition order as the ground is at present the legal property of the I.A.F. Administration and it could

355.

./.

Declassified E.O. 12356 Section 3.3/NND No. 785017

be released to the Allied Armed Forces directly through the Administration itself.

b) To leave at the disposition of the I.A.F. the buildings in order to repair them and to establish the Signal specialist school.

c) To obtain the assurance that the buildings will not be requisitioned later and that the surrounding ground will be given back to the I.A.F. Administration after being used by the Allied Armed Forces.

La Real Estate Section del R.A.A.C., con ordini emessi il I7 - I9 - 30 gennaio I945, ha notificato alla Società Italiana Bonifiche Terriere Anonime, nella persona del Sig. Romolo Vaselli domiciliato in Roma piazza del Parlamento, la requisizione di una vasta zona di terreno boscoso denominata "Sughereto" in località Castel di Decima, e circa I2 Km da Roma sulla strada Laurentina (Porta S. Paolo - Ardea - Anzio).

Detto terreno fu occupato nel maggio I940 ed é tuttora in legale possesso dell'Amministrazione Aeronautica che vi ha a suo tempo costruito numerosi fabbricati per la costituzione del Centro Radio Telegrafico del Ministero.

La pratica di esproprio per l'acquisto definitivo della proprietà non fu completata, ma é intenzione dell'Amministrazione Aeronautica di portarla a termine come pure di restaurare i fabbricati danneggiati dai bombardamenti, per impiantarvi una Scuola Specialisti delle Comunicazioni.

Passi diretti sono stati fatti verso la Real Estate Section del R.A.A.C. e il rappresentante di tale Ente avrebbe assicurato che la requisizione é avvenuta in seguito ad inesatte informazioni del Genio Militare Regio Esercito.
