ORG. II.

Ref. 11A.

The R.A.F. have a large number of Yugoslavs (R.A.F.) on their hands and these Displaced Persons must be given employment to keep them out of mischief.

2. A number of them have been thrown up with the closing down of Pomigliano and it is A.H.Q. Italy's order that they move to Ciampino.

3. There is no suggestion that the Italians are being displaced because of inefficiency. That is not so; on the contrary O.C. Ciampino is very satisfied with their work, but they must go to give accommodation and a job to these displaced persons who might otherwise become a nuisance and on our responsibility.

4. The I.A.F. are short of manpower and would welcome the return of these airmen for duty with their own service.

5. I will speak to Colonel Remondino and explain the reason for this move and, if the O.C. Italian Detachment Ciampino should come in again, bring him along to see me so that I can smooth things out with him as well.

UTILISATION OF I.A.F. PERSONNEL BY ALLIES
(BRITISH)

It is requested that 3 (three) Italian Wireless Operators be sent to Elmas to cover U.C.O. Met. Broadcast Commitment.

These positions are now being held by Italians who will be withdrawn in the immediate future for Radio Counter work with no replacements available.

A previous request was made in June, with no letter references at this Sub-Commission, with an understanding that the I.A.F. wired Elmas advising them to substitute civilian operators.

Please treat as urgent.

Reference is made to your letter AFSC/360/1/ORG., Dated 26/7/46, containing a request submitted by Allied H.Q. for 50 I.A.F. personnel for guard duties at Treviso.

2. This Ministry regrets to inform you that the a/m request cannot be granted due to complete lack of personnel.

3. In fact: -

a) the personnel of the I.a.f., as far as ORs are concerned (1' Avieri, Avieri Scelti and Avieri), is at present in a very critical situation since a great number of airmen are still in the service while, being of the 1923 Class, they should have been already discharged. This is due to the fact that a 3000 recruits are still expected to be trained and assigned to the Air Force by the Army;

b) We must also take into account the many exigencies which arise from the derequisitioning of airfields or other installations which are gradually handed back to the Italian Military Air Force. For this purpose, it is necessary to garrison continuously with small units the installations which have been derequisitioned. It is therefore obvious that this Ministry with the limited number of personnel allowed, find itself in serious difficulties to face its very own exigencies.

4. In view of the present situation of the I.A.F. the A.F.S.C. will consider that no personnel can be made available, if a serious crisis in the I.A.F. is to be avoided.

5. We kindly request this Sub-Commission to inform the 1419th AAF Base Unit Rome, European Wing APO 512, U.S. Army (Ciampino) that this Ministry won't be able to make available the 16 drivers and 2 clerks asked for in the request submitted by your American Command.

OGGETTO : Situazione del personale dell'Aeronautica Italiana.=

e per conoscenza:
-ALLO STATO MAGGIORE DELL'AERONAUTICA MILITARE SEDE
-AL MINISTERO AERONAUTICA - Gabinetto del Ministro SEDE

--:--

Si fa riferimento al foglio AFSC/360/1/ORG in data 26/7/46 circa la richiesta fatta dall'Allied Headquarters per 50 militari dell'Aeronautica Italiana da assegnare per il servizio di guardia a Treviso.

2. In proposito questo Ministero è spiacente di dover far presente di non poter aderire alla richiesta di cui sopra per assoluta indisponibilità di uomini.

3. Infatti:

a)- la situazione del personale dell'Aeronautica Italiana, per quanto riguarda i militari di truppa (1°Avieri, Avieri Scelti ed Avieri),è particolarmente critica in questo momento, ove si consideri che tuttora è in servizio un forte contingente di avieri che, per appartenere alla classe 1923 avrebbe diritto già al congedo, ma che tuttavia si è costretti a trattenere in attesa del prossimo contingente di 3000 uomini che dovrebbe essere istruito e ceduto all'Aeronautica a cura dell'Esercito;

b)- se si tiene conto poi delle numerose esigenze che via via sorgono per le derequisizioni di aeroporti o altri Enti che vengono restituiti all'Autorità Militare Aeronautica Italiana, per cui occorre continuamente provvedere almeno a presidiare, con piccole forze, gli impianti di mano in mano derequisiti, è facile comprendere come questo Ministero si trovi molte volte già in serie difficoltà, con il personale di cui può disporre, a poter fronteggiare quelle che sono le proprie esigenze

4. La situazione, così come è stata esposta, serva a far considerare a codesta AFSC che in effetti, al presente, nessuna richiesta di uomini può essere presa in considerazione se si vuole evitare di porre in seria crisi l'organizzazione Aeronautica.
